Dear Ms. Jurgens:

Pursuant to CFTC regulation §40.6(a), LCH.Clearnet Limited ("LCH.Clearnet"), a derivatives clearing organization registered with the Commodity Futures Trading Commission (the "CFTC"), is submitting for self-certification changes to its rulebook to list two new trading venues as Approved Trade Source Systems for its SwapClear service. These rulebook changes will be implemented and become effective on February 28, 2014.

Please find attached as appendices the Submission Cover Sheet and the relevant changes to the LCH.Clearnet rulebook.

Part I: Explanation and Analysis

LCH.Clearnet has executed Clearing Services Agreements with SwapEx, LLC and TeraExchange, LLC, both of which are SEFs registered with the CFTC. Under these Agreements LCH.Clearnet will provide clearing services for interest rate swap trades executed on these SEFs; accordingly, LCH.Clearnet is amending its rulebook to add SwapEx, LLC and TeraExchange, LLC as Approved Trade Source Systems for SwapClear. LCH.Clearnet will issue a member circular in accordance with its rulebook obligation in due course.

Part II: Description of rule changes

The Clearing House Procedures and FCM Procedures will be amended as follows:

Section 2C.3.4.1, first paragraph, of the Clearing House Procedures will be amended to list SwapEx and TeraExchange as Approved Trade Source Systems.

Section 2A.3.4.1, first paragraph, of the FCM Procedures will be amended to list SwapEx and TeraExchange as Approved Trade Source Systems.

Tracked versions of these sections are attached as Appendices 1 and 2. No other rule changes are required.

Part III: Core Principle Compliance

LCH.Clearnet will continue to comply with all Core Principles following the connection of these new trade source venues. LCH.Clearnet has concluded that its compliance with the Core Principles would not be adversely affected by these changes. In particular, the addition of these new

platforms supports compliance with Core Principle C in promoting fair and open access for participants in the interest rate swap market.

Part IV: Public Information

LCH.Clearnet has posted a notice of pending certification with the CFTC and a copy of the submission on LCH.Clearnet's website at:

http://www.lchclearnet.com/rules_and_regulations/ltd/proposed_rules.asp.

Part V: Opposing Views

There were no opposing views expressed to LCH.Clearnet by its governing board or committee members, members of LCH.Clearnet or market participants that were not incorporated in the changes.

Certification

LCH.Clearnet Limited hereby certifies to the Commodity Futures Trading Commission, pursuant to the procedures set forth in Commission regulation §40.6, that this submission complies with the Commodity Exchange Act, as amended, and the regulations promulgated there under.

Should you have any questions regarding this submission please contact me at julian.oliver@lchclearnet.com.

Yours sincerely,

DESCRIPTION

Self-certification pursuant to §40.6(a) relating to the addition of two new Approved Trade Source Systems for SwapClear.

Appendix 1
Clearing House Procedures Changes

For the avoidance of doubt, failure to deliver MER Cover when required by the Clearing House will constitute a breach of these Procedures and the Regulations.

In relation to the registration of a SwapClear Contract on behalf of a SwapClear Clearing Client, the Clearing House shall determine if there is sufficient Collateral to enable such registration. If the SwapClear Clearing Member does not have sufficient Collateral to enable the registration of such SwapClear Contract, the Clearing House will determine whether there is any unutilised MER Cover related to SwapClear Clearing Client Business and, if so, will attribute the relevant part of such MER Cover to the relevant Individual Segregated Account or Omnibus Net Segregated Account. In this context, the attribution of the MER Cover to the relevant Individual Segregated Account or Omnibus Net Segregated Account means that it will be recorded as initial margin held in relation to such account and shall be treated as part of the Account Balance of such account.

At each end of day margin run, the Clearing House will recalculate and call, on an account by account basis, required margin in respect of the MER requirements of each SwapClear Clearing Member currently participating in the MER Arrangements.

2C.3.4 Approved Trade Source Systems and US Trading Venues

2C.3.4.1 Approved Trade Source Systems

Currently, the Approved Trade Source Systems designated by the Clearing House for SwapClear are MarkitWire, Bloomberg, [SwapEx](#), [TeraExchange](#), Tradeweb and TrueEx. Where the Clearing House approves additional Approved Trade Source Systems, it will notify SwapClear Clearing Members via a member circular.

SwapClear Transactions presented through an Approved Trade Source System must be in an acceptable message format, as prescribed by the Clearing House.

Notwithstanding the designation by the Clearing House of any system as an Approved Trade Source System, the Clearing House makes no warranty (and will accept no liability) as to the effectiveness, efficiency, performance or any other aspect of the services provided by any Approved Trade Source System or the timeliness or otherwise of the delivery of any SwapClear Transaction details by that Approved Trade Source System to the Clearing House. Such matters form part of the relationship between the SwapClear Clearing Members and that Approved Trade Source System.

The Clearing House will process any SwapClear Transaction reported to it by an Approved Trade Source System on an "as is" basis and, subject to the General Regulations and these Procedures, will register any such SwapClear Transaction on the basis of the data provided to it by the Approved Trade Source System and approved by the relevant SwapClear Clearing Member. The Clearing House has no obligation to verify that the details received properly reflect the trade entered into by the relevant Executing Parties.

The Clearing House accepts no liability for any error within or corruption of any data sent by an Approved Trade Source System to the Clearing House or to a SwapClear Clearing Member or any delay in or failure of the transmission of such data to the Clearing House. In the event that the Clearing House registers any SwapClear Contract on the basis of incorrect or corrupted data sent to it by an Approved Trade Source System and consented to (where applicable) by a SwapClear Clearing Member, the SwapClear Clearing Member concerned shall be bound by the terms of such SwapClear Contract. The Clearing House shall use its reasonable endeavours to assist the relevant SwapClear Clearing Member(s) in re-registering the trade on the correct basis but the Clearing House shall not be liable to a SwapClear Clearing Member or to any other party with regard to the registration (or lack of registration or re-registration) of any such SwapClear Contract.

Appendix 2
FCM Procedures Changes

At each End of Day margin run, the Clearing House will recalculate and call, on an account by account basis, Required Margin in respect of the MER requirements applicable to each FCM Clearing Member participating in the MER Arrangements on such day.

2A.3.4 **SwapClear FCM Approved Trade Source Systems and FCM US Trading Venues**

2A.3.4.1 **FCM Approved Trade Source Systems**

Currently the FCM Approved Trade Source Systems designated by the Clearing House for SwapClear are MarkitWire, Bloomberg, [SwapEx](#), [TeraExchange](#), Tradeweb and TrueEx. Where the Clearing House approves additional FCM Approved Trade Source Systems, it will notify FCM Clearing Members via member circular.

FCM SwapClear Transactions submitted through an FCM Approved Trade Source System must be in an acceptable message format, as prescribed by the Clearing House.

Notwithstanding the designation by the Clearing House of any system as an FCM Approved Trade Source System, the Clearing House makes no warranty (and will accept no liability) as to the effectiveness, efficiency, performance or any other aspect of the services provided by any FCM Approved Trade Source System or the timeliness or otherwise of the delivery of any FCM SwapClear Transaction details by that FCM Approved Trade Source System to the Clearing House. Such matters form part of the relationship between the FCM Clearing Members and that FCM Approved Trade Source System.

The Clearing House will process any FCM SwapClear Transaction reported to it by an FCM Approved Trade Source System on an "as is" basis, and subject to the FCM Regulations and these FCM Procedures, will register any such FCM SwapClear Transaction on the basis of the data provided to it by the FCM Approved Trade Source System and approved by the relevant FCM Clearing Member. The Clearing House has no obligation to verify that the details received, properly reflect the trade entered into by the relevant Executing Parties.

The Clearing House accepts no liability for any error within or corruption of any data sent by an FCM Approved Trade Source System to the Clearing House or to an FCM Clearing Member or any delay in or failure of the transmission of such data to the Clearing House. In the event that the Clearing House registers any FCM SwapClear Contract on the basis of incorrect or corrupted data sent to it by an FCM Approved Trade Source System and accepted by an FCM Clearing Member, the FCM Clearing Member concerned shall be bound by the terms of such FCM SwapClear Contract. The Clearing House shall use its reasonable endeavors to assist the relevant FCM Clearing Members in re-registering the trade on the correct basis but the Clearing House shall not be liable to the FCM Clearing Member or anyone else with regard to the registration (or lack of registration or re-registration) of any such FCM SwapClear Contract.

FCM Clearing Members shall ensure that transaction details accepted for registration are accepted by appropriately authorized personnel. Apart from the foregoing acceptance, the Clearing House is not able to, and will not, verify the authorization of the source of any details of any transaction reported to it for registration by any FCM Approved Trade Source System. The Clearing House
