KEY BENEFITS

ForexClear is supported by global regulatory encouragement to clear OTC FX derivatives and delivers the following benefits to participants:

Margin Reductions

01. Lower margin requirements through multilateral netting
02. No requirement to rely on uncleared margin models

Capital Optimisation

01. Reduction in RWAs resulting from lower risk weightings for CCP exposure
02. Unilateral (solo) compression reduces the number of line items and gross notional, and further reduces capital requirements
03. Improved leverage ratio impact

Operational Efficiencies

01. One margin model
02. One price, one payment
03. No disputes on initial and variation margin prices
04. Reduced operational risk

EXPONENTIAL NDF GROWTH

ForexClear has seen dramatic growth in cleared NDF volumes since the phase in of the Uncleared Margin Rules in 2016. As of June 2019, the service clears around USD 70 bn average daily volume of NDFs, clearing approximately half of all interbank NDF volumes.

Total Notional Cleared

DELIVERABLE FX CLEARING*
