Dear Mr Kirkpatrick

Pursuant to CFTC regulation §40.6(a), LCH.Clearnet Limited ("LCH.Clearnet"), a derivatives clearing organization registered with the Commodity Futures Trading Commission (the "CFTC"), is submitting for self-certification a change to its fee plan for the Individually Segregated Accounts ("ISAs") and Omnibus Segregated Accounts ("OSAs"), together client accounts, in its SwapClear service. These fees are applicable to SCM Members only.

Part I: Explanation and Analysis

The current fee structure for ISA and OSA accounts is €3,500 per account¹, payable at account creation and annually thereafter.

Following feedback from clearing members, LCH.Clearnet proposes to amend the state at which the fee becomes payable and to include a volume discount to the fee plan and amend the state at which the fee becomes payable.

This fee plan will not be payable on account opening instead it will become payable when one of the following criteria is met:

- the account is being used,
- the account has not been used but open for more than 6 months, or
- the account has been migrated from a value segregation account.

¹ For SwapClear, the first OSA of each member that is margined on a gross basis attracts no charge
The fee plan, to be introduced on 7th November, will be:

Asset managers may elect the package appropriate to them which will be applied to their client accounts irrespective of clearing member. The account fees will continue to be charged to clearing members.

LCH.Clearnet intends to backdate this new fee structure to July 1st, 2014.

Part II: Description of Rule Changes

No changes to either the LCH.Clearnet Rules & Regulations or Procedures are required to effect these changes.

Part III: Core Principle Compliance

LCH.Clearnet has concluded that compliance with the Core Principles will not be adversely affected by this change; particularly the changes will ensure continued compliance with Core Principle L (Public Information).

Part IV: Public Information
