

EquityClear

Open Access, Pan-European Clearing for Equities

LCH The Markets' Partner

EquityClear

The EquityClear service of LCH Limited (LCH) is LCH's pan-European clearing solution for equities. Collaboration with its market partners enables the service to develop innovative solutions that enhance customers' risk management and mitigate systemic risk, while continuing to deliver operational and settlement efficiencies.

As a London Stock Exchange Group (LSEG) post-trade business, EquityClear benefits from material investment in its robust technology platform and highly skilled team, allowing it to scale rapidly and efficiently. EquityClear has fully embraced LSEG's commitment to Open Access and provides members and their clients with seamless connectivity to a wide choice of trading venues.

EQUITYCLEAR AT A GLANCE

EquityClear has the capacity to clear large trading volumes, driven by the increasing activity of diverse market participants who achieve significant reductions in settlement value through cross-trade venue settlement netting.

PROVEN ROBUSTNESS

EquityClear has been tried and tested during periods of extreme volatility and stress, but thanks to our rigorous risk management and resilient technology, our customers continue to benefit from:

01.

Proven default management experience spanning more than 20 years

02.

Efficient risk management using the proprietary Equity Risk Analysis (ERA) algorithm

03.

Extensive settlement liquidity to support large-scale clearing

04.

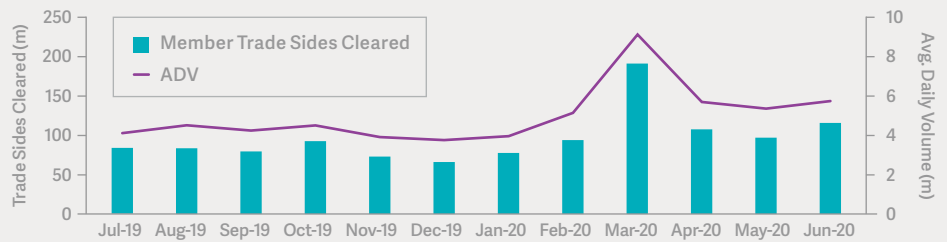

Investment in technology, such as the new MCCP clearing platform, for scale and resilience
