4. EXECUTIVE RISK COMMITTEE

- 4.2 To receive a detailed report from the ERCo which includes (i) the risk profile of the Company and the Group on a monthly basis and its evolution over time, (ii) qualitative comments from the ERCo and the Chief Risk Officer of the Company in relation to areas of potential concern, and (iii) a particular focus on concentration risk and members' margin circumstances.

5. CLARIFICATION OF THE POWERS OF THE CHIEF EXECUTIVE OFFICER OF THE COMPANY

- 5.1 The Chief Executive Officer of the Company has responsibility for all risk decisions

taken within the framework of agreed risk policies. The exercise of these powers is considered necessary to formally preserve the independence of risk management, to avoid conflicts of interest if the Board or Committee was involved in the decision taking, and to ensure a timely response to situations which may develop or deteriorate rapidly.

5.2 These powers of the Chief Executive Officer establish a boundary line between the Committee's role in respect of policy review and recommendation and executive responsibility for risk management actions within the agreed policy framework.

5.3 The Chief Executive Officer may delegate the powers necessary to achieve the performance and implementation of any and all of his or her responsibilities and decisions referred to in these Terms of Reference to the Chief Risk Officer of the Company.

6. MEMBERSHIP

6.4.1 Pursuant to paragraph 6.1 above, application by a current clearing member to extend its clearing activities *vis-a-vis* the Company may be approved by the Chief Executive Officer of the Company subject to the Committee and the Board being notified. The Chief Executive Officer of the Company may, at their discretion, refer any such applications for consideration by the Committee.

6.4.2 Pursuant to paragraph 6.3 above and without prejudice to the Committee's authority under paragraph 6.2 above, new membership applications may be approved by the Chief Executive Officer of the Company subject to the applicant meeting the criteria determined by the Committee (and endorsed by the Board) subject to the Committee being notified of any such approvals. If an applicant is rejected by the Chief Executive Officer of the Company, it may appeal to the Board. If, before coming to a decision, the Chief Executive Officer of the Company has particular concerns regarding the applicant, they may exceptionally refer such an application for consideration by the Committee.

7. NEW CLEARING ACTIVITY: NEW MARKETS AND CONTRACTS

(whether in the form of an exchange, or of a new product-specific OTC clearing service) or new class of instruments, and to recommend to the Board for approval.

7.5 To review, on an annual basis (or more frequently if deemed necessary), the policy containing the principles for managing the counterparty risk of other central counterparties with which an interoperability link has been established and, as appropriate, to recommend any changes to the Board.

7.6 Clarification of approvals of the Chief Executive Officer of the Company:

7.6.1 Pursuant to paragraph 7.2 above and without prejudice to the Committee's authority contained therein, approval for the clearing of new contracts or products which present no novel risk features and require no amendment of risk controls may be granted by the Chief Executive Officer of the Company, subject to the Committee being notified of any such approvals. The Chief Executive Officer may, at their discretion, refer any such applications for consideration by the Committee.

7.6.2 In cases where the proposal is that the Company should clear a potentially large number of new contracts or products, none of which present novel risk features, the proposal will be presented for Committee consideration because of the proposed scale of the extension of clearing. The Committee will make a recommendation to the Board for approval.

The reason for such treatment must be either that a disproportionate and unrealistic margin rate would otherwise have been established or that application of the documented policy would lower a rate or rates at a time of significant volatility and run a high risk of rapid reversal. The Chief Risk Officer of the Company will ensure that the Committee is informed of such treatment in the case of major contracts as part of standard reporting of margin adequacy.

9. **DEFAULT FUND, DEFAULT RULES AND DEFAULT PROCEDURES**

9.1 To review quarterly, and on an *ad hoc* basis, as initiated by the Chief Risk Officer of the Company, the adequacy of the default funds of the Company (the **Default Funds**) on the basis of stress testing figures, and to recommend any change in the methodologies for sizing the Default Funds to the Board for approval.
