Group Member Access connectivity Migration

Migration Deadline → 28 September 2018

Dear Member,

Following our previous “Group Member Access Connectivity Migration” communication sent on 3 November 2017, ([click here](#)), LCH SA would like to remind Clearing Members that the connectivity migration is now on its final stage, as follows:

- Migration Deadline → **28 September 2018**

As prerequisite, members should send their migrations order forms signed to LCH SA, by **Friday 13 July 2018 at the latest, and also have implemented their Last mile connections**, via their ACP (accredited connectivity partner), by **Friday 31 August 2018** at the latest,

We also remind clearing members that **all migrations have to be finished by end September 2018, as after this date the current BT Radianz connectivity will be decommissioned**, and the only connectivity available will be CMC (Customer Managed Connectivity), via the City Pops (Last Mile) chosen by each Clearing member,

Should you have any questions or require a specific support, please, do not hesitate to liaise with our LCH SA contacts listed below,

Best regards,
