SA Business Continuity: LCH SA Disaster Recovery Test on Saturday 1 December 2018.

Dear Clearing Members,

LCH SA is pleased to announce that its annual disaster recovery test will be held on **Saturday 1 December 2018.**

The objective of this test is to validate the effectiveness of LCH SA Business Continuity Management and demonstrate its ability to recover all critical clearing activities by switching over from the primary Data Center (DC) to the secondary DC with no negative effects (no data loss) within the targeted time frame of 2 hours. Completeness of this test includes involvement of Clearing members and other market participants.

Members and ISVs are strongly advised to take part in this test and are asked to register before **27 November 2018.**

Main features:

- Markets: Cash Equities & Derivatives
- Segments: all
- Environment: Production
- Scenario: LCH SA will simulate a crash on the primary Data Center after the opening of the real time session
- Business Date: cleared trades will be based on business activity from **Friday 30 November 2018**
- Communication to Members: during the test, members will be informed on the progress made on a regular basis.

Participants' role:

- Participation of member during the crash simulation from approximately **10:30AM to 2:00PM CET (Paris Time)**.
- Trade reception and positions management (before the crash and after the recovery)
- Confirm access to Production and Disaster Recovery following the DR activation.

A more detailed scenario will be provided to all registered participants in a timely manner.

Registration:

Should you confirm your interest in participating to the test or to require additional information, please email us at: SAEquityClearBusinessDev&RM@lch.com or contact your account manager.
