Section 1.3.6 Disputes

Article 1.3.6.1

Any dispute between LCH SA and a Clearing Member that may arise under the Clearing Rules shall be finally settled through the French courts or arbitration centre referred to in the Admission Agreement, subject to the complaints resolution procedure as set out in an Instruction.

Article 1.3.6.2

A Clearing Member shall, in accordance with Article 1.3.3.4 *et seq.*, notify LCH SA of any claim within twelve (12) months from the Clearing Day on which the Clearing Member becomes aware, or should have become aware of the occurrence of any event that may result in loss or damages.

CHAPTER 4 – LCH SA DEFAULT

Article 1.4.1.1

An LCH SA default shall occur if at any time:

- (i) except where such failure to pay is permitted or where LCH SA is acting in accordance with Title IV Chapter 5, LCH SA fails to make a payment due by LCH SA to a Clearing Member (other than to a Defaulting Clearing Member) under any novated Transaction, and such failure has not been cured within 30 days from the date when the obligation to pay falls due; or
- (ii) LCH SA becomes subject to LCH Insolvency Proceedings duly notified by the French prudential control authority (*Autorité de contrôle prudentiel*) pursuant to article R.613-18 of the Financial and Monetary Code.

Article 1.4.1.2

In the event of an LCH SA default occurring pursuant to Article 1.4.1.1 (i) the relevant Clearing Member may notify LCH SA in writing specifying a Termination Date, which shall be the TARGET Settlement Day following the occurrence of such an LCH Clearnet SA default, for the termination and liquidation of all Trade Legs and/or Open Positions, as relevant, registered in its Account Structure.

Article 1.4.1.3

In the event of an LCH SA default pursuant to Article 1.4.1.1 (ii), LCH SA will make available a notice on its Website specifying the Termination Date, which shall be the TARGET Settlement Day following the occurrence of such an LCH Clearnet SA default. Upon the occurrence of a Termination Date, a Clearing Member other than a Defaulting Clearing Member may exercise the right given to it under Article 1.4.1.4. *et seq.*

Where LCH SA fails to make available such notice on its Website:

- (i) by 19:00 on the Clearing Day following the Clearing Day on which LCH SA becomes subject to LCH Insolvency Proceedings pursuant to Article 1.4.1.1 (ii); or
- (ii) where LCH SA becomes subject to an LCH Insolvency Proceeding pursuant to Article 1.4.1.1 (ii) after 19:00 on a Clearing Day or on a day which is not a Clearing Day, by 19:00 on the second Clearing Day following that day,

then each individual Clearing Member shall be entitled, by notice in writing to LCH SA, to designate a Termination Date.

Article 1.4.1.4

As from the Termination Date, neither LCH SA nor any Clearing Member (other than a Defaulting Clearing Member) having exercised its rights pursuant to Articles 1.4.1.2 or 1.4.1.3 shall be obliged to make any further payment or delivery under any Trade Leg or Open Position, as the case may be, between them which would, but for this Title I Chapter 4, have fallen due for performance on or after the Termination Date.

Such obligations shall be satisfied by settlement (whether by payment, set-off or otherwise) of the Termination Amount.

Article 1.4.1.5

Following an LCH SA default pursuant to the conditions of Article 1.4.1.1, the Clearing Member other than a Defaulting Clearing Member, having exercised its rights pursuant to Article 1.4.1.2 or 1.4.1.3, determines on the Termination Date or as soon as possible after such date (discounting if appropriate):

- (i) its total loss or total gain, as the case may be, in respect of each Trade Leg or Open Position, as relevant, (in each case expressed in Euro); and
- (ii) the value of all other amounts which it owes to LCH SA and which LCH SA owes to it, in each case whether future, liquidated or unliquidated, actual or contingent.

Pursuant to Article 1.4.1.9 below, such calculation shall be undertaken separately in respect of the Trade Legs, or Open Positions as applicable, and all other amounts owed in relation to Trade Legs, or Open

Positions registered in (i) the House Account Structure or (ii) an Individual Segregated Account Structure or (iii) an Omnibus Segregated Account Structure of the Clearing Member.

Article 1.4.1.6

For the purposes of Article 1.4.1.5 (i), the Clearing Member calculates (in a commercially reasonable manner) its total loss or its total gain, as the case may be, in respect of each Trade Leg or Open Position, as relevant, as a result of the termination of each payment or delivery which would otherwise have been required to be made under the relevant Trade Leg or Open Position, as relevant and including, if appropriate, any loss of bargain, any cost of funding, and/or without duplication, any loss or, as the case may be, gain as a result of the termination, liquidation, obtaining, performing or re-establishing of any hedge or related trading position.

Article 1.4.1.7

For the purpose of the calculation to be made pursuant to Article 1.4.1.5 (ii), the Clearing Member will determine the value of all Collateral that, as of the Termination Date, LCH SA is due to return to it in accordance with the Clearing Rules without applying any haircuts to such valuation. In making such determination, the Clearing Member will not separately value and will not take into account, as an amount due to it, any Collateral:

- (i) in respect of which the value has been accounted for in determining of any profit or loss on any Trade Leg or Open Position, as-applicable;
- (ii) which the Clearing Member has transferred to LCH SA other than on a full title transfer basis and which the Clearing Member will receive back in accordance with the Clearing Rules; or
- (iii) which, if the Clearing Member is a Defaulting Clearing Member, has been deposited by a Defaulting Clearing Member to meet (a) its Margin requirement (other than Variation Margin) calculated in respect of its House Margin Account(s) or as a contribution to the Default Fund(s) and which LCH SA has applied or will be required to apply in order to reduce its loss in accordance with Article 4.5.2.7 or (b) its Margin requirement (other than Variation Margin) calculated in respect of its Client Margin Account(s) which will be transferred to a new Clearing Member as provided in an Instruction, or, in case of liquidation, returned to the Client or Indirect Client, when applicable, as provided in an Instruction.

Article 1.4.1.8

Pursuant to the determination made under Article 1.4.1.5:

- (i) each gain by the Clearing Member and each amount which LCH SA owes to it, shall be treated as a positive amount; and
- (ii) each loss suffered by the Clearing Member and amounts which it owes to LCH SA shall be treated as a negative amount.

Article 1.4.1.9

The Clearing Member shall :

- (i) aggregate all positive and negative amounts-related to House Trade Legs or House Open Positions to produce one net termination amount (the "**House Termination Amount**"), and
- (ii) aggregate: (a) all positive and negative amounts related to Client Trade Legs or Client Open Position registered in an Individual Segregated Account Structure to produce one net termination amount for such Individual Segregated Account Structure; and (b) all positive and negative amounts related to Client Trade Legs or Client Open Positions registered in an Omnibus Segregated Account Structure to produce one net termination amount for such Omnibus Segregated Account Structure (each a "**Client Termination Amount**").

To the extent a Clearing Member is also a member of the CDSClear service(s) provided by LCH SA, such Clearing Member shall aggregate the House Termination Amount and the house termination amount calculated in respect of a house account structure held in connection with such CDSClear service(s) where LCH SA is subject to a default in accordance with the Clearing Rules and the rules applicable to CDSClear, in order to produce one net termination amount owed in relation to the Clearing Service and such CDSClear service(s) provided by LCH SA (the "**Global House Termination Amount**").

The Clearing Member shall notify LCH SA of the House Termination Amount and the Client Termination Amount(s), by which party each such amount is payable, and showing in reasonable detail how they have been calculated, immediately after the calculation thereof. The Global House Termination Amount shall be notified in accordance with the clearing rules governing the service(s) provided by LCH SA in respect of CDSClear.

If any of the House Termination Amount or Global House Termination Amount if applicable, or the Client Termination Amount(s) calculated pursuant to this Chapter 4 is a positive amount, LCH SA shall pay it to the Clearing Member and, if any of the House Termination Amount or Global House Termination Amount if applicable, or the Client Termination Amount(s) is a negative amount, the Clearing Member shall pay it to LCH SA, in accordance with Article 1.4.1.10 below.

Article 1.4.1.10

The House Termination Amount (to the extent not aggregated into the Global House Termination Amount) or Client Termination Amount(s) in respect of each Clearing Member shall be paid by either LCH SA or the Clearing Member, as the case may be, in Euro by 17:00 on the Clearing Day following notification pursuant to Article 1.4.1.9 above (converted as required by Applicable Law into any other currency, any costs of such conversion to be borne by, and (if applicable) deducted from any payment to, LCH SA). Neither LCH SA nor a Clearing Member, as the case may be, shall be permitted to effect payment netting between the House Termination Amount or Global House Termination Amount if applicable, on the one hand and the Client Termination Amounts on the other hand.

The Global House Termination Amount shall be paid in accordance with the clearing rules governing the service(s) provided by LCH SA in respect of CDSClear.

Article 1.4.1.11

For the purposes of any calculation required to be made under this Chapter 4, the Clearing Member may convert amounts denominated in any other currency into Euro at such rate prevailing at the time of the calculation as it shall reasonably select.

Article 1.4.1.12

The Clearing Member's rights under this Chapter 4 shall be in addition to, and not in limitation or exclusion of, any other rights which the Clearing Member may have.

Article 1.4.1.13

This Chapter 4 shall be without prejudice to the rights that LCH SA may have pursuant to the Clearing Rules against any Clearing Member prior to the occurrence of the LCH SA default.

CHAPTER 5 – WINDING DOWN

Article 1.5.1.1

LCH SA shall be entitled to cease all its activities with immediate effect, following the occurrence of:

For Transactions carried out on Trading & Matching Platforms or MTS Italy, payment and delivery thereof are made pursuant to an Instruction.

Article 3.4.2.2

As far as Transactions executed on and reported on Trading & Matching Platforms or on MTS Italy are concerned, and without prejudice to provisions regarding calculation of Margin, LCH SA sends on the Clearing Day before the intended Settlement Date of the relevant Transaction, settlement instructions, on the basis of Open Positions as described in Article 3.2.3.5 or Trade Legs as described in Article 3.2.3.6, registered in each Delivery Account to the relevant central Securities depository or Securities settlement system.

Article 3.4.2.3

For Transactions in debt Securities listed in a Notice, settlement instructions are divided in regular parcels equal to a pre-defined amount (i.e. shape size), in order to reduce the size of each instruction pursuant to the conditions specified in a Notice. The residual balance will constitute an additional instruction.

Notwithstanding the above, if instructions remain unsettled and are lower than the regular parcels referred to above, LCH SA may request the buying Clearing Member to accept the partial delivery of Securities under the conditions set out in an Instruction. If the latter refuses to do so, LCH SA may charge the buyer for the cost of capital of cash employed as a result of its refusal to do so.

Article 3.4.2.4

Each Delivery Account is linked to one Settlement Address.

The organisation of the Delivery Accounts reflects the Clearing Member's use of the Settlement Agent(s)/Payment Agent(s) facility. A Clearing Member can use the services of one or several Payment Agent(s) per central bank and per Credit Institution, accepted by LCH SA, and/or one or several Settlement Agent(s) per Securities settlement system and/or per central Securities depository.

Section 3.4.3 Settlement Failure

A. Net Fails

Article 3.4.3.1

Net Fails may at any time be subject, to repurchase or resale at the initiative of LCH SA, . Such repurchase or resale is to be made in accordance with buy in or sell out procedures specified in an Instruction, at the risk and expense of the defaulting Clearing Member.

Article 3.4.3.2

Net Fails are subject to an indemnity for late delivery or payment, charged to the defaulting Clearing Member by LCH SA pursuant to the fee grid.

Article 3.4.3.3

In case of Net Fails corresponding to Transactions registered in the Cash and Derivatives Clearing System, LCH SA continues to call Variation Margin for the failed Open Positions. No additional Initial Margin is required for such Open Positions.

In case of Net Fails corresponding to Transactions registered in the Fixed Income Clearing System, LCH SA will call dedicated Margin (negotiation risks on Net-Fails) as stated in an Instruction.

B. Management of Settlement Failure for Futures Contracts on Commodities

Article 3.4.3.4

Settlement failures in respect of commodities futures contracts are subject to an indemnity for late delivery or late payment, charged to the defaulting Clearing Member by LCH SA, pursuant to an Instruction.

Article 3.4.3.5

No additional Initial Margin is required for these Open Positions.

Article 3.4.3.6

The delivery failure procedure is defined in an Instruction.

CHAPTER 5 - REGISTRATION IN A TRADE REPOSITORY

Article 3.5.1

LCH SA shall report for itself, and on behalf of Clearing Members, the details of each Trade Leg resulting from Transactions in Derivatives Markets and any modification or termination of such Trade Leg to a Trade Repository no later than the working day following the conclusion, modification or termination of such Trade Leg, in accordance with the requirements of EMIR.

For the avoidance of doubt, LCH SA does not report to the Trade Repository any Transaction entered into between a Clearing Member and/or any of its Clients.

The reporting service to a Trade Repository will be implemented by LCH SA at a date to be specified in a Notice.

TITLE IV – RISK MANAGEMENT

CHAPTER 1 - GENERAL PROVISIONS

Article 4.1.0.1

The risk calculations described in this Title are based on the Open Positions registered in the Clearing Members' Margin Accounts as described in Section 3.2.2.

Article 4.1.0.2

At LCH SA's request, Clearing Members shall communicate to LCH SA all information concerning the identity, the Positions, and the solvency of their Clients.

They will only decline to provide the required information where they are prevented from doing so by a mandatory provision of law or national regulation.

Article 4.1.0.3

LCH SA can request information daily from the Clearing Member in order to continuously monitor the risk management as performed by the Clearing Member.

Article 4.1.0.4

LCH SA requires Clearing Members to open Position Accounts, in order to record separately the Positions of the Clearing Member's Clients under the conditions set out in an Instruction.

Article 4.1.0.5

LCH SA may define Open Position limits and limits on risk exposure applicable to Clearing Members. Such limits are set out in an Instruction.

Article 4.1.0.6

When these limits are reached, LCH SA can increase the Margin requirements in respect of a Clearing Member's Open Positions after having informed the operators of the relevant market or Trading & Matching Platforms.

Article 4.1.0.7

In addition, LCH SA may order a Clearing Member to reduce its Open Positions within a stipulated time limit. If the size of the Open Positions is not reduced within the time limit, LCH SA can automatically liquidate the Open Positions that exceed the authorised limits. Moreover, LCH SA can also establish a market position limit and may require that, from a specified date onwards, only closing orders will be accepted.

CHAPTER 2 - MARGIN REQUIREMENTS

Article 4.2.0.1

Variation Margin and Initial Margin are debited or credited by LCH SA on a daily basis.

Article 4.2.0.2

Intra-day Margin is called and debited in case of exceptional circumstances pursuant to the terms and conditions described in an Instruction and in a Notice.

Article 4.2.0.3

In addition to Margin LCH SA shall, in its sole discretion, at all times and at any time during the day, be entitled to impose upon a Clearing Member additional margin requirements as it reasonably deems useful or necessary.

This can be done either on an individual basis or based on the nature of the Financial Instruments to which the relevant Open Positions relate. Any decision made on the basis of these provisions will be duly notified to the Clearing Members.

Article 4.2.0.4

Unless otherwise indicated by LCH SA, the Clearing Member(s) in question shall be obliged to ensure that the amount of Collateral corresponding to the additional margin requirement is transferred or, as the case may be, guaranteed, at the latest within one hour of it having been informed thereof.

Article 4.2.0.5

LCH SA shall publish in an Instruction:

- (i) the method used to calculate Margin requirements;
- (ii) the type of Securities, assets or bank guarantees to be accepted as Collateral to meet Margin calls by LCH SA and by Clearing Members; or
- (iii) Margin requirements.

LCH SA shall publish in a Notice:

- (i) parameters used to calculate Initial Margin;
- (ii) any discount ("haircut") to be applied to the market value of Collateral, depending on its nature and maturity;
- (iii) price fluctuation limits; and
- (iv) Intra-day Margin detailed terms and conditions and notably thresholds and frequency.

Article 4.2.0.6

Clearing Members shall call initial margin and variation margin from their Clients having Positions in Securities or Derivatives traded on Market Undertakings in an amount based on the same parameters and methodology as the LCH SA Initial Margin and Variation Margin requirements.

LCH SA may authorise the use of other methods and parameters after having checked that they are adequate and that they offer the same level of security in relation to the risks it assumes. To this end, the Clearing Member must submit the details of the method it proposes to LCH SA for prior approval. Submitted methods will be assessed by LCH SA on a case by case basis.

As far as Intra-day Margin is concerned, the Clearing Members have no obligation to call for Intra-day Margins from their Clients having Positions in Derivatives traded on Market Undertakings in an amount based on the same parameters and methodology as the LCH SA Intra-day Margin.

Article 4.2.0.7

Clearing Members clearing Securities shall ensure that their Clients provide them with such collateral as the Clearing member considers from time to time necessary for the proper completion of the Client's Positions.

Article 4.2.0.8

No Margin will have to be charged if the settlement obligation of the Client is covered by the cash equivalent in case of purchase, or the Securities equivalent in case of a sale. The amount in cash or the number of Securities is blocked by the Clearing Member from the execution up until the Transaction is settled.

Article 4.2.0.9

Once the Settlement Price has been communicated, the Variation Margin and Initial Margin amounts become immediately payable without further notice. An Instruction specifies the maximum time limit for payment of the Variation Margin and Initial Margin amount.

Article 4.2.0.10

LCH SA shall calculate and call Margin on Transactions executed on Trading & Matching Platforms, as specified in an Instruction.

CHAPTER 3 - DEFAULT FUND

Article 4.3.0.1

Three separate Default Funds are established by LCH SA pursuant to this Clearing Rule Book:

- (i) one for Clearing Members complying with the financial requirements set-out in Section 2.3.2 and authorised to clear Transactions in Securities and/or Derivatives Product Groups (excluding MTS Italy); (the “**cash and derivatives Default Fund**”);
- (ii) one for Clearing Members complying with the financial requirements set-out in Section 2.3.3 and authorised to clear Transactions executed on, or reported by, Trading & Matching Platforms and the MTS Italy Regulated Market; (the “**fixed income Default Fund**”); and
- (iii) one for Clearing Members complying with the financial requirements set-out in Section 2.3.3 and authorised to clear Triparty Repos; called the “Triparty Repo Default Fund”.

The purposes of the Default Fund are the same in each case.

However, each of the cash and derivatives Default Fund, fixed income Default Fund and Triparty Repo Default Fund may only be used to cover losses resulting from an Event of Default relating to a Clearing Member’s cash and derivatives business, and fixed income business or Triparty Repo business respectively.

Section 4.3.1 Contribution to the Default Funds

Article 4.3.1.1

A Clearing Member is obliged to contribute to the relevant Default Fund(s) mentioned in Article 4.3.0.1 according to the terms and conditions set-out in an Instruction. Such contribution will depend on the Product Group(s) that it is authorised to clear and it will be delivered by:

- (i) transferring Collateral outright to LCH SA; or
- (ii) by transferring, directly or indirectly, to a central bank, assets accepted as Collateral by such central bank under the conditions defined by the central bank for the issuance by it of a guarantee in favour of LCH SA.

In the second case, the Clearing Member must ensure the performance of the central bank’s obligations by entering into arrangements acceptable to LCH SA for the issuance of such guarantees.

Thus, the Clearing Member must fulfil its obligation to provide eligible Collateral to the central bank within the time stipulated in the relevant Counter-guarantee Agreement so that the central bank can issue its guarantee to LCH SA within the time and under the conditions specified in a Notice.

Article 4.3.1.2

The amount to be contributed by a Clearing Member to the relevant Default Fund shall be determined taking into account the risk associated with the Open Positions of such Clearing Member in respect of the relevant Product Group(s).

Article 4.3.1.3

Once a month, LCH SA shall determine the size of each Default Fund and the level of each individual Clearing Member’s contribution. The method of calculation of such contribution together with the level of any applicable minimum contribution is specified in an Instruction. Upon being authorised to clear a new Product Group, and before starting their activities in relation thereto, Clearing Members shall be required to pay the minimum contribution to the relevant Default Fund, where applicable.

Section 4.3.2 Calls on the Default Funds

Article 4.3.2.1

Calls may be made on the relevant Default Fund following an Event of Default, in accordance with the provisions of Article 4.5.2.7 (for the avoidance of doubt, following an Event of Default, LCH SA is allowed

to draw partial amounts from the relevant Default Fund as many times as needed to cover the estimated losses incurred as a result of, following, or in connection with, an Event of Default).

Article 4.3.2.2

Following a call, funds received from a central bank pursuant to any guarantees issued in favour of LCH SA as provided in Article 4.3.1.1 shall provide a valid discharge of the amount owed by the respective Clearing Members.

Article 4.3.2.3

If LCH SA calls upon one of the Default Funds, it shall use the sums provided to perform its obligations under Section 1.3.2 and to cover the repayment of any related loans, expenses, damages, interest charges and/or other expenditure.

Article 4.3.2.4

Should there be any surplus after such performance, or profits earned from the performance of its obligations, then such amounts shall be repaid by LCH SA to the contributors in proportion to their respective contributions either directly, or where applicable, via the central bank.

Section 4.3.3 Refilling of the Default Funds and Service Continuity

A. Refill Contributions to the Default Funds

Article 4.3.3.1

If an Event of Default in relation to a Clearing Member is declared under the Clearing Rules and a call has been made on the fixed income Default Fund, the cash and derivatives Default Fund or the Triparty Repo Default Fund, as relevant, and LCH SA determines that a certain percentage thereof (to be set out in an Instruction) has been used, LCH SA may, by notice in writing, require each non-Defaulting Clearing Member contributing to the relevant Default Fund to deposit and maintain with LCH SA an additional contribution amount (each a **"Refill Contribution"**) in accordance with the provisions set out in an Instruction (for the avoidance of doubt, Refill Contributions will be considered unfunded as long as LCH SA has not issued such a notice).

B. Service Continuity

Article 4.3.3.2

In relation to losses attributable to the fixed income, the cash and derivatives or the Triparty Repo activity of a Defaulting Clearing Member, where, after an Event of Default, LCH SA determines that the losses resulting from such Event of Default will exceed the amounts to be applied to it under Article 4.5.2.7 (1) to (5) (a), LCH SA may implement the relevant loss distribution process (the **"Fixed Income Loss Distribution Process"**, and the **"Cash and Derivatives Loss Distribution Process"**, and the **"Triparty Repo Loss Distribution Process"** respectively) to be set-out in an Instruction (the **"Fixed Income Service Continuity and Service Closure Instruction"**, the **"Cash and Derivatives Service Continuity and Service Closure Instruction"**, and the **"Triparty Repo Service Continuity and Service Closure Instruction"** respectively), pursuant to which the non-Defaulting Clearing Members will be required to contribute individually to such losses in an amount which may not exceed 100% of each non-Defaulting Clearing Member's contribution to the relevant Default Fund immediately prior to the occurrence of such Event of Default (the **"Service Continuity Contribution"**). The Service Continuity Contribution shall be in addition to the contributions and Refill Contributions of each non-Defaulting Clearing Member to the relevant Default Fund.

C. Service Closure

Article 4.3.3.3

Where, following the conclusion of the Fixed Income Loss Distribution Process, the Cash and Derivatives Loss Distribution Process, or the Triparty Repo Loss Distribution Process, LCH SA determines that it would not in future have sufficient resources to meet its contractual obligations towards non-defaulting Clearing Members in connection with the Fixed Income Clearing Service, the Cash and Derivatives Clearing Service, or the Triparty Repo Clearing Service respectively, LCH SA shall first invite non-defaulting

Clearing Members to make voluntary payments and, if such voluntary payments are not sufficient, may then implement the relevant service closure process set out in the relevant Instruction.

D. Effect on Termination of Clearing Members' Membership

Article 4.3.3.4

As long as there remains a default management process (as contemplated by Article 4.5.2.6) outstanding in relation to any Event of Default and until the expiry of the Cash and Derivatives Default Period of the Fixed Income Default Period, or of the Triparty Repo Default Period, as set-out in the above mentioned relevant Instruction, no resignation or termination of a Clearing Member's LCH SA membership will become effective and all non-Defaulting Clearing Members (including resigning Clearing Members and Clearing Members whose Clearing Member status is to be terminated for whatever reason) shall remain liable for all the obligations contained in Articles 4.3.3.1 and 4.3.3.2 above and in the relevant Instructions, in relation to any Event of Default which has occurred in relation to the relevant Product Group before the expiry of such Fixed Income Default Period, Cash and Derivatives Default Period, or Triparty Repo Default Period, as applicable.

Section 4.3.4 Other Provisions

Article 4.3.4.1

Payment of any amount referred to in this Chapter shall not discharge the Defaulting Clearing Member from its obligation to perform properly its obligations and pay compensation for any damage caused by its Event of Default.

Article 4.3.4.2

LCH SA will promptly report to the Clearing Members on, and account for, any withdrawals made from the Default Funds.

Upon the effective day of termination of the membership, and subject to the relevant Clearing Member having fully discharged all its obligations vis-à-vis LCH SA pursuant to the Clearing Rules or the Admission Agreement, LCH SA shall repay to such ex-Clearing Member any of its contributions which have not been used.

CHAPTER 4 - COLLATERAL

Article 4.4.0.1

When the amount of Collateral deposited by a Clearing Member to cover its Margin and Default Fund contribution obligations is more than needed to cover such obligations, LCH SA will deem the surplus of assets governed by the same legal provisions as Collateral.

A. Principles

Article 4.4.0.2

A Clearing Member shall provide sufficient Collateral to LCH SA as necessary for the performance of the obligations of the Clearing Member. The amount of Collateral is determined by LCH SA.

Article 4.4.0.3

Any Collateral required to be provided by a Clearing Member must be provided not later than the time set by LCH SA in an Instruction.

Where the Clearing Member is to provide Collateral in the form of the issuance of a guarantee by a central bank, it must fulfil its obligation to provide eligible collateral to the central bank by the time stipulated in the relevant guarantee agreement so that the central bank can issue its guarantee to LCH SA by not later than the time set by LCH SA in an Instruction.

Article 4.4.0.4

Where Collateral is due to LCH SA, LCH SA reserves the right to exclude certain types of collateral on the grounds, *inter alia*, of illiquidity or insufficient outstandings, and may accept other assets on the terms specified by LCH SA in a Notice.

Article 4.4.0.5

Collateral posted with LCH SA in a Client Collateral Account to cover Client Open Positions registered in one or several Client Margin Account(s) linked to the said Client Collateral Account shall not be used to cover:

- (i) the House Open Positions; or
- (ii) any Client Open Positions registered in other Client Account Structures of such Clearing Member.

Article 4.4.0.6

The registration of Collateral in the Clearing Members' books must be established in such a way as to make possible at any moment the distinction between, on the one hand, the assets deposited as a guarantee and the movements related to its House Open Positions and, on the other hand, the assets deposited as a guarantee and the movements related to the Client Open Positions registered in each of its Client Margin Accounts.

The Clearing Member must indicate to LCH SA to which Collateral Account the Collateral must be allocated, within the conditions specified in a Notice.

B. Specificities

B.1. Trading & Matching Platforms

Article 4.4.0.7

For Transactions on Trading & Matching Platforms, LCH SA may take Collateral in advance, as provided in a Notice, for "value-today Transactions" or for any other Transactions as may be specified in the Notice.

CHAPTER 5 - EVENT OF DEFAULT

Section 4.5.1 Notification of an Event of Default

Article 4.5.1.1

The occurrence of an Event of Default shall be notified by any means by LCH SA to the Defaulting Clearing Member.

Article 4.5.1.2

If an event or circumstance which would otherwise constitute or give rise to a Contractual Event of Default also constitutes an Insolvency Event of Default, it will be treated as an Insolvency Event of Default.

Section 4.5.2 Measures in case of an Event of Default

Article 4.5.2.1

Upon the occurrence of an Event of Default, LCH SA may, in co-ordination with the relevant Competent Authority as the case may be, take any measure it deems necessary in order to contain its exposure and to mitigate overall market effects, whether or not these measures are set out in the Clearing Rules.

Article 4.5.2.2

Upon the occurrence of an Event of Default, LCH SA may discretionary take any of the following measures or any other measures that it deems necessary or useful taking into account the need to act promptly in the manner LCH SA thinks best to contain its exposure and to mitigate resulting effects over market participants:

- (i) to request the relevant Market Undertaking to suspend any trading activity of the Defaulting Clearing Member ;
- (ii) to terminate or suspend the Admission Agreement entered into between LCH SA and the Defaulting Clearing Member ;
- (iii) to obtain any advice or assistance from the Defaulting Clearing Member and/or any third party, as LCH SA may deem necessary for any matter arising out of or in connection with an Event of Default and at the expense of the Defaulting Clearing Member;
- (iv) to impose further Margins requirements and corresponding Collateral deposits to secure the performance by the Defaulting Clearing Member of its obligations under the Clearing Rules;
- (v) to sell off the Collateral posted by the Defaulting Clearing Member or to call on the Central Bank Guarantee, if applicable, to ensure the performance by the Defaulting Clearing Member of its obligations under the Clearing Rules ;
- (vi) to act in lieu of the Defaulting Clearing Member for performing its payment and/or delivery obligations;
- (vii) to impose upon the Defaulting Clearing Member a penalty for late delivery or payment, in the circumstances and at a rate set out in an Instruction ; and/or
- (viii) to claim from the Defaulting Clearing Member damages and costs incurred in relation to the occurrence of an Event of Default or the processing of the Event of Default.

For the avoidance of doubt, termination or suspension of the Admission Agreement entered into between LCH SA and the Defaulting Clearing Member shall not release the Defaulting Clearing Member from any of its obligations under the Clearing Rules.

Article 4.5.2.3

The Defaulting Clearing Member shall respond to any requests as LCH SA may deem necessary for any matter arising out of, or in connection with, an Event of Default, and shall cooperate with LCH SA in order to process the Event of Default.

Article 4.5.2.4

If the Clearing Member appears to LCH SA to be unable, or to be likely to become unable, to meet its obligations in respect of one or more Transactions or otherwise under the Clearing Rules, LCH SA may, within its reasonable judgement, declare such event as a Contractual Event of Default.

LCH SA may take the view that a Contractual Event of Default has happened in light of the occurrence of, *inter alia*, any of the following events:

- (i) Failure to pay or deliver any or all balances, Financial Instruments, or assets owed to LCH SA in respect of Open Positions registered in the name of the Defaulting Clearing Member with LCH SA, within the stipulated deadlines ;
- (i) Failure to pay Initial Margin, Variation Margin, Intra-day Margin or any additional Margin amounts as indicated in Article 4.2.0.4, imposed by LCH SA or failure to make a required contribution to the Default Fund, within the stipulated time limits ;
- (iii) Non successful settling of Net Fails via a buy in or a sell-out procedure.

Upon the occurrence of a Contractual Event of Default, and without prejudice to the provisions of Article 4.5.2.2, LCH SA and the Defaulting Clearing Member shall cooperate to try to reach a mutually satisfactory agreement in order to resolve the Contractual Event of Default.

If such an agreement is not reached or the Contractual Event of Default has not been resolved before the date and time limit set by LCH SA, LCH SA may, in its sole discretion, if it estimates that such measures are necessary as regard to the need to act promptly, LCH SA may, in accordance with French law and the provisions of an Instruction :

- (i) transfer to another Clearing Member the Client Open Positions registered in the name of the Defaulting Clearing Member, and/or
- (ii) liquidate the Open Positions registered in the name of the Defaulting Clearing Member.

Article 4.5.2.5

Upon the occurrence of an Insolvency Event of Default, and without prejudice to the provisions of Article 4.5.2.2, LCH SA may in accordance with French law and the provisions of an Instruction:

- (i) transfer to another Clearing Member the Client Open Positions registered in the name of the Defaulting Clearing Member ; and/or
- (ii) liquidate the Open Positions registered in the name of the Defaulting Clearing Member.

Upon the occurrence of an Insolvency Event of Default, the rights and obligations of the Defaulting Clearing Member arising from or in connection with its participation to the clearing system operated by LCH SA shall be governed exclusively by French law, and the law of the State where insolvency proceedings are initiated against the Defaulting Clearing Member will not interfere in this respect.

Article 4.5.2.6

The default management process applicable to Transactions executed on, or reported by, Trading & Matching Platforms and the MTS Italy Regulated Market shall be set out in a default management process Instruction and the default management process applicable to Transactions in Securities and/or Derivatives Product Groups shall be set out in a transfer and liquidation Instruction.

Transfer and liquidation of Open Positions, as the case may be, shall be performed under conditions set out in an Instruction, taking into account on the one hand the need to act promptly in the manner LCH SA thinks best to contain its exposure and to mitigate overall market effects and on the other hand, the Account Structure of the Defaulting Clearing Member.

Clearing Members are required to provide their Clients, at the beginning of their relationship, with information regarding (i) their Account Structure and (ii) the consequences of such Account Structure in case of an Event of Default as described in an Instruction.

Article 4.5.2.7

In order to perform its obligations pursuant to the Clearing Rules, LCH SA will make use of the resources available to it in the following order:

- (i) (a) any Collateral deposited by the Defaulting Clearing Member to meet its Margin requirements, including any additional Margin requirement, in respect of the Clearing Service concerned;

(b) any Collateral, transferred or granted by the Defaulting Clearing Member to LCH SA as margin cover in connection with (an)other clearing service(s) provided by LCH SA (to the extent such Collateral is not applied in the context of such other clearing service(s) in accordance with the rules applicable to such other clearing service(s));

provided in each case that in no circumstances will collateral transferred by the Defaulting Clearing Member in respect of obligations arising in a Client Account Structure be applied by LCH SA pursuant to this stage (i) in respect of any loss attributable to any other Account Structure of the Defaulting Clearing Member;

- (ii) if applicable any other Collateral or any surplus assets deposited by the Defaulting Clearing Member or Letter of Credit issued by, or with regard to, the Defaulting Clearing Member in favour of LCH SA. Such surplus assets will be allocated to cover the losses on (a) Transactions on Fixed Income Securities, (b) Transactions relating to Securities and/or Derivatives Product Groups (excluding MTS Italy), and (c) Triparty Repo Transactions, on a pro rata basis, based on the excess losses (losses not covered by (i)(a) and (i)(b) incurred respectively in these Clearing Services, provided in each case that in no circumstances will collateral or surplus assets transferred by the Defaulting Clearing Member, or Letters of Credit issued by or with regard to the Defaulting Clearing Member, in respect of obligations arising in a Client Account Structure be applied by LCH SA pursuant to this stage (ii) in respect of any loss attributable to any other Account Structure of the Defaulting Clearing Member;
- (iii) the individual contribution to the relevant Default Fund of the Defaulting Clearing Member (where applicable, any excess will be used to cover losses resulting from other clearing services, prorata to the amount of the losses resulting respectively from such other clearing services), and, if applicable any Collateral transferred or granted by the Defaulting Clearing Member to LCH SA as a contribution to the Default Fund relating to (an)other clearing service(s) (including for the avoidance of doubt the CDS clearing service) (to the extent such Collateral is not applied in the context of such other clearing service(s) in accordance with the rules applicable to such other clearing service(s));
- (iv) payment from LCH SA's dedicated own resources in accordance with article 45.4 of EMIR and article 35 of Commission Delegated Regulation (EU) N° 152/2013 with regard to regulatory technical standards on requirements for central counterparties, as determined from time to time in a Notice, of an amount up to the amount of such dedicated own resources allocated to the relevant default fund (including each of the Default Funds and any other default fund set- up by LCH in relation any other clearing activity) in proportion to the size of such default fund (the "**Capped Amount**"). In the case of an Event of Default occurring after a previous Event of Default but before LCH SA has reinstated such dedicated own resources in accordance with article 35 of Commission Delegated Regulation (EU) N° 152/2013, an amount up to the residual amount of such dedicated own resources in the relevant Default Fund,
- (v)
 - (a) the available contributions to the relevant Default Fund made by the other Clearing Members—as per Article 4.3.1.1 including any replenishment contributions deposited as per Article 4.3.3.1 and any Refill Contributions deposited as per Article 4.3.3.1, prorata to such other Clearing Member's share in the contributions of non-Defaulting Clearing Members to the relevant Default Fund immediately prior to the Event of Default;
 - (b) the Service Continuity Contributions made by non-defaulting Clearing Members in respect of the Clearing Service concerned pursuant to Article 4.3.3.2 ;
 - (c) any voluntary payments made by non-Defaulting Clearing Members in respect of the Clearing Service concerned; and
 - (d) the Service Closure Payments to be made in respect of the Clearing Service concerned pursuant to Article 4.3.3.3 and to the Instruction mentioned therein (as defined by such Instruction);

If some Collateral deposited by other Clearing Members to contribute to the relevant Default Fund is used, or if a payment is made pursuant to item 4 above, the amount of this Collateral or payment will represent a claim of LCH SA against the Defaulting Clearing Member.

Article 4.5.2.8

Following the liquidation of Client Open Positions at Margin Account level and of Client Collateral at Collateral Account level, as a result of the Event of Default of a Clearing Member, LCH SA shall deduct from the proceeds resulting from the liquidation of such Client Collateral any losses realised following such liquidation, and shall determine a final net balance in relation to each Client or Client Account Structure, as applicable.

Such Client final net balance shall be deemed positive where LCH SA owes monies to the Defaulting Clearing Member and negative where the Defaulting Clearing Member owes monies to LCH SA.

Any positive Client net balance calculated by LCH SA in accordance with the above provisions shall be remitted to the Client if such Client is a KnownClient, is the sole holder of the relevant Position Account(s), and if such Position Account(s) is/are the sole Position Account(s) linked to the relevant Margin Account and in all other cases, to the Defaulting Clearing Member for the account of such Client(s). Any negative Client net balance calculated by LCH SA in accordance with the above provisions shall be considered a debt of the Defaulting Clearing Member towards LCH SA and shall be discharged using the resources available pursuant to Article 4.5.2.7, in the order mentioned therein.

Following (i) completion of the default management process and (ii) the extinction of any exposures relating to the Defaulting Clearing Member, and taking into account:

- (a) any monies that may be owed by the Defaulting Clearing Member to LCH SA pursuant to the Clearing Rules and the Admission Agreement (including for the avoidance of doubt, any losses, costs and expenses of whatsoever nature incurred by LCH SA in connection with the Event of Default and any Client negative net balance determined pursuant to the provisions above) and
- (b) any monies that may be owed by LCH SA to the Defaulting Clearing Member pursuant to said Clearing Rules and Admission Agreement (with the exception of any Client positive net balance owed by LCH SA to the Defaulting Clearing Member pursuant to the provisions above)

LCH SA shall determine a Defaulting Clearing Member final net balance, which shall be deemed positive where LCH SA owes monies to the Defaulting Clearing Member and negative where the Defaulting Clearing Member owes monies to LCH SA.

If positive, such Defaulting Clearing Member final net balance shall be remitted to the Defaulting Clearing Member and, if negative, shall be claimed by LCH SA from the Defaulting Clearing Member (subject to the application of any time bar requiring the filing of a provisional claim in the case of an Insolvency Event of Default). Any amounts finally recovered by LCH SA following such claim will be refunded to the non defaulting Clearing Members prorata to their respective contribution to the losses incurred in connection with the default management process, and if there is any surplus following such refund, will be applied towards the reimbursement or discharge of any monies paid or costs incurred by LCH SA in connection with the Event of Default.

Article 4.5.2.9

In case of an Event of Default, LCH SA is not bound by the buy-in procedure timeframe as set out in an Instruction.

Article 4.5.2.10

When the Defaulting Clearing Member is a seller in a Forward Repo transaction, the non-Defaulting Clearing Member does not receive the Securities, does not pay the related cash amount and only receives the payment of the interests amount related to the Forward Repo for which the intended Settlement Date of the Return Transaction does not exceed four (4) Clearing Days after the declaration of the default. However, LCH SA can extend this timeframe as it deems necessary until the liquidation process is settled.

Article 4.5.2.11

Measures taken by LCH SA upon the occurrence of an Event of Default shall be notified by LCH SA to the Defaulting Clearing Member and to any appropriate third parties as LCH SA may deem necessary.

Section 4.5.3 Provisions Applicable on Euronext Paris

Article 4.5.3.1

A Client-acting on Derivative Markets fails when it does not pay Initial Margin, debit Variation Margin, or premiums within the stipulated deadlines.

In such case, the Clearing Member automatically liquidates all or part of the failing Client's Positions.

Article 4.5.3.2

In the event that a Client fails on deliverable Financial Instruments at settlement, the Clearing Member which manages the Client's Positions ensures execution under the guarantee of final settlement under the conditions specified in an Instruction.

The Clearing Member shall retain the failing Client's collateral. All expenses incurred by the Clearing Member to process the failed Transaction are charged against the failing Client's collateral. The remaining balance of the Initial Margin is refunded after the Clearing Member has discharged its obligations.

Section 4.5.4 Events of Default of an Allied Clearing House and Consequences on Clearing Members

Article 4.5.4.0

For the purpose of this Section, Allied Clearing House shall mean Cassa di Compensazione e Garanzia.

Article 4.5.4.1

Upon the occurrence of an Event of Default of the Allied Clearing House (an "**Allied Clearing House Event of Default**"), LCH SA will promptly notify the Clearing Members active in fixed income Transactions in Italian government securities ("**Italian Fixed Income Transactions**") and will, with immediate effect, stop accepting from the Allied Clearing House and from any Clearing Member, directly or indirectly, and will no longer novate, any new Italian Fixed Income Transactions for clearing or registration in its Fixed Income Clearing System, and may, in co-ordination with the relevant Competent Authority as the case may be, take any measure it deems necessary concerning the interoperability link with the Allied Clearing House in order to contain its exposure and to mitigate overall market effects (including selling any Securities purchased from Clearing Members and which cannot be delivered to the Allied Clearing House due to the Allied Clearing House Event of Default), whether or not these measures are set out in the Clearing Rules.

Article 4.5.4.2

LCH SA may, in particular, in its sole discretion, take any of the following measures or any other measures that it deems necessary or useful taking into account the need to act promptly in the manner LCH SA thinks best to contain its exposure and to mitigate resulting effects over market participants:

- (i) obtain any advice or assistance from any third party, as LCH SA may deem necessary for any matter arising out of or in connection with the Allied Clearing House Event of Default,
- (ii) sell any Securities delivered by Clearing Members to LCH SA in connection with Italian Fixed Income Transactions and associated Trade Legs and/or Open Positions involving the Allied Clearing House and which have not been delivered to the Allied Clearing House due to the Allied Clearing House Event of Default,
- (iii) cancel, to the extent possible, any settlement instructions in relation to Italian Fixed Income Transactions and associated Trade Legs and/or Open Positions which have not yet settled and instruct any CSD of Reference or ICSD and securities settlement system, directly or indirectly to cancel such pending instructions and to stop issuing any new instructions in relation thereto.

Article 4.5.4.3

All outstanding Trade Legs and/or Open Positions of the Allied Clearing House and Clearing Members resulting from Italian Fixed Income Transactions already executed or registered shall be closed out as of the date of notification of an Allied Clearing House Event of Default.

For each Clearing Member active in Italian Fixed Income Transactions, LCH SA will set the close out value (positive or negative) for each outstanding Trade Leg and/or Open Position acting in a commercially reasonable manner. LCH SA will subsequently determine the difference between such close-out value and the value of the Trade Leg and/or Open Position as at the last Margin call paid by the Allied Clearing House. For each Trade Leg and/or Open Position, such difference shall be considered positive if it is in favor of the Clearing Member, and negative if it is in favor of LCH SA.

LCH SA will then calculate the algebraic sum of all such differences in respect of each Clearing Member active in Italian Fixed Income Transactions. The result shall be referred to as a “**Clearing Member Negative Amount**” if the Clearing Member owes money to LCH SA and a “**Clearing Member Positive Amount**” if LCH SA owes money to the Clearing Member.

Any Clearing Member Negative Amount shall be paid immediately to LCH SA by the relevant Clearing Members.

Article 4.5.4.4

A. Calculation of Allied Clearing House Default Balance Amount

LCH SA will then determine the amount resulting from:

- (A) the sum of
 - (i) The Initial Margin and additional Margin provided by the Allied Clearing House
 - (ii) All Clearing Member Negative Amounts effectively paid to LCH SA

less

- (B) the sum of
 - (i) any losses arising from the sale by LCH SA of any Securities delivered by Clearing Members to LCH SA in connection with Italian Fixed Income Transactions involving the Allied Clearing House and which have not been delivered to the Allied Clearing House due to the Allied Clearing House Event of Default,
 - (ii) any reasonable costs resulting from the management by LCH SA of the Allied Clearing House Event of Default,

(the result being the “**Allied Clearing House Default Balance Amount**”).

B. Allocation of losses

If the Allied Clearing House Default Balance Amount is negative, no payment of Clearing Member Positive Amount will be made by LCH SA, and the remaining loss will be allocated between all fixed income Clearing Members having outstanding Italian Fixed Income Transactions on the date of the Allied Clearing House Event of Default (“**Clearing Members Active on Italian Fixed Income Transactions**”) (provided they are not Defaulting Clearing Members), pro rata to the ratio of their respective Initial Margin attributable to Italian Fixed Income Transactions immediately prior to the Allied Clearing House Event of Default compared to the aggregate Initial Margin attributable to Italian Fixed Income Transactions of all Clearing Members Active on Italian Fixed Income Transactions immediately prior to the Allied Clearing House Event of Default, and such amount will be payable immediately by such Clearing Members Active on Italian Fixed Income Transactions to LCH SA.

C. Payment of Clearing Member Positive Amounts

If the Allied Clearing House Default Balance Amount is positive, LCH SA will:

(a) If the Allied Clearing House Default Balance Amount is positive and is sufficient to cover payment by LCH SA of the Clearing Member Positive Amounts in full, such payment will be made by LCH SA in full, in the manner set out below.

(b) If the Allied Clearing House Default Balance Amount is positive but is not sufficient to cover payment by LCH SA of the Clearing Member Positive Amounts in full, such payment will be made by LCH SA partially only, pro rata to the proportion which, for each Clearing Member, (i) the Allied Clearing House Default Balance Amount multiplied by the relevant Clearing Member Positive Amount bears to (ii) the sum of all Clearing Member Positive Amounts, in the manner set out below.

Following return by the Allied Clearing House of the initial and additional margin provided to it by LCH SA (the "**Returned Margin Amounts**"), as and when such Returned Margin Amounts are received, LCH SA shall pay to the Clearing Members Active on Italian Fixed Income Transactions concerned, the amounts mentioned in (a) and (b) above.

Upon closing of the Allied Clearing House insolvency proceedings, LCH SA will pay to the Clearing Members Active on Italian Fixed Income Transactions concerned, any Clearing Member Positive Amount balance outstanding, if applicable, as per (a) and (b) above.

Article 4.5.4.5

LCH SA will also determine, for each Clearing Member active in Italian Fixed Income Transactions, the difference between the value of each Trade Leg and/or Open Position as at the last Margin call paid by the Allied Clearing House and the initial value of such Trade Leg and/or Open Position (based on the initial trading price of each such outstanding Trade Leg and/or Open Position). For each Trade Leg and/or Open Position, such difference shall be considered positive if it is in favour of the Clearing Member, and negative if it is in favour of LCH SA. LCH SA will then calculate the algebraic sum of all such differences in respect of each Clearing Member active in Italian Fixed Income Transactions, which will be considered a "**Net Realised Loss**" if the sum is negative and a "**Net Realised Gain**" if the sum is positive.

LCH SA will deduct any Net Realised Loss or add any Net Realised Gain resulting from the above calculation from/to the Margin to be returned to the Clearing Member.

Article 4.5.4.6

For the avoidance of doubt, the management by LCH SA of the Allied Clearing House Event of Default as set out above shall not impact the continuing operation of the Fixed Income Clearing System otherwise than in relation to Italian Fixed Income Transactions.

TITLE V – TRIPARTY REPO CLEARING SERVICES

The provisions below set out the specific rules applying to the Clearing Services provided by LCH SA in relation to Triparty Repos through the Triparty Repo Clearing System. As a consequence, in the case of any discrepancy between those specific provisions and any other provision in the Clearing Rule Book, the former will prevail regarding Triparty Repo Transactions. For the avoidance of doubt, provisions of this Clearing Rule Book applying specifically to the Securities and Derivatives Product Group shall not apply to the Baskets Product Group.

CHAPTER 1 – GENERAL PROVISIONS AND LEGAL FRAMEWORK

Article 5.1.1.1

In addition to the obligations set out in Title II, Chapter 2, Section 2.2.3, Clearing Members wishing to clear Triparty Repo Transactions are required to comply with the following obligations:

CHAPTER 2 – CLEARING OPERATIONS

Section 5.2.1 Registration

Article 5.2.1.1

Upon registration by LCH SA, Triparty Repo Transactions governed by a national or international master agreement become immediately subject to the Clearing Rules, which override the provisions of such master agreement.

Article 5.2.1.2

On the basis of the registered Transactions, LCH SA calculates an Open Position per Clearing Member per Delivery Account, per Basket and per Settlement Date.

Section 5.2.2 Account Structure

Article 5.2.2.1.

The Triparty Repo Transactions registered by LCH SA are aggregated into one Net Position Exposure per Clearing Member and per Basket, in accordance with the appropriate settlement window (same Clearing Day settlement or following Clearing Day settlement).

The Net Position Exposure for same Clearing Day settlement is calculated as follows:

Triparty Repo Transactions already initiated and not yet returned + Triparty Repo Transactions with initiation date S (where S is the current Clearing Day).

The Net Position Exposure for following Clearing Day settlement is calculated as follows:

Triparty Repo Transactions already initiated and not yet returned + Triparty Repo Transactions with initiation date S+1 (where S is the current Clearing Day) – Triparty Repo Transactions with return date S+1.

Section 5.2.3 Settlement and Delivery

Article 5.2.3.1

Contrary to the general clearing rules stated in Article 1.3.1.5, LCH does not transmit settlement instructions regarding Triparty Repos to the CSD of Reference.

LCH SA sends the Net Position Exposure of each Clearing Member when modified, twice a day, to Euroclear Collateral Management System for automatic allocation of collateralising securities.

Article 5.2.3.2

Euroclear Collateral Management System is responsible for sending the appropriate settlement Instructions to the CSD of Reference, pursuant to its rules.

Under no circumstances may LCH SA be held liable for any direct or consequential loss suffered by a Clearing Member and due to Euroclear Collateral Management System allocation and settlement procedures.

Article 5.2.3.3

The provisions of Section 3.4.3 do not apply to Triparty Repos.

In the event that CMS cannot allocate sufficient eligible Securities to settle a Triparty Repo Transaction in whole (an “allocation fail”), such Triparty Repo Transaction shall be settled partially only prorata to the amount of eligible Securities available in the Collateral Giver’s account. The Collateral Taker’s account shall be debited by a cash amount corresponding to the reduced securities amount, but the

Collateral Giver shall pay interest to the Collateral Giver on the full amount of the Triparty Repo Transaction as initially traded, as if the Triparty Repo Transaction had been settled in full.

Article 5.2.3.4

In any of the following events:

- (i) the Net Position Exposure of a Clearing Member is such that Securities allocated as collateral to Triparty Repo Transactions need to be returned to the Cash Borrower ;
- (ii) the value of Securities allocated as collateral to Triparty Repo Transactions has increased such that some of these Securities need to be returned to the Cash Borrower ;
- (iii) a Cash Borrower wishes to substitute Securities allocated as collateral to Triparty Repo Transactions ;
- (ii) Euroclear Collateral Management System needs to proceed with a substitution of Securities allocated as collateral to Triparty Repo Transactions pursuant to the Clearing Rules (eligibility criteria for Triparty Repos); or
- (iii) Securities allocated as collateral to Triparty Repo Transactions need to be returned to the Cash Borrower at the maturity of a Triparty Repo Transaction ;

if on the the second Clearing Day following the day on which the Securities concerned must be returned or substituted, such return or substitution has not taken place due to the fact that the Securities to be so returned or substituted are no longer available in the Euroclear Collateral Management System environment, LCH SA will apply cash settlement in order to debit the Cash Lender's account and credit the Cash Borrower's account by an amount calculated on such second Clearing Day :

pursuant to a formula to be set out in a Notice.

Section 5.2.4 Corporate Events

Article 5.2.4.1

Corporate events occurring on the collateralising securities follow Euroclear Collateral Management System's rules and are managed by the CMS accordingly.

Article 5.2.4.2

In the specific case of an Event of Default, corporate events are managed as set out in an Instruction.

CHAPTER 3 – RISK MANAGEMENT

Section 5.3.1 Margin Requirements

Article 5.3.1.1

Article 4.2.0.8 shall not apply to Triparty Repos.

Article 5.3.1.2

LCH SA shall calculate and call Triparty Repo Interest Margin on Transactions executed on Trading & Matching Platforms, and on the Net Position Exposure and collateralising Securities portfolio for other Margin obligations, as specified in an Instruction.

Section 5.3.2 Event of Default

Article 5.3.2.1

Where eligible Securities have been allocated as collateral to Triparty Repo Transactions, the withdrawal, transfer or assignment by a Clearing Member in any way whatsoever (as security or otherwise) of such Securities outside the Euroclear Collateral Management System may, at LCH SA's sole discretion, constitute a Contractual Event of Default in accordance with article 4.5.2.4.
