		€ 20	per million of option notional on European Indices

As specified in the new fee grid attached under Exhibit 5, LCH SA is proposing to amend the CDSClear fee grid from January 1st, 2020.

The proposed fee changes are driven by the will:

- for the Index and Single Names Unlimited Tariff: to reflect a transition to a more matured phase of development of the CDSClear service, and
- for the Options fee grid: to adjust the discount bands and rates following a beginning of uptake of the options service, and to ensure coherence in the maximum amount of fees payable between the Introductory and the Unlimited Tariffs.

1) Change the Index and Single Names Unlimited Tariff for General Members from €1,700,000 per year to €1,300,000 per year for 2020

CDSClear currently offers an Unlimited Tariff for General Members¹ that covers all self-

clearing Corporate and Financials CDS Index and Single Names activity for a Clearing Member group and its affiliates for an annual fixed fee of €1,700,000 (no variable fees).

The proposed change consists in decreasing the annual fixed fee amount to €1,300,000 per year. This fixed fee will still cover all clearing fees for Corporate and Financials Index and Single Names CDS House activity for all affiliates of a given Clearing Member group.

2) Change the Options Unlimited Tariff for both General and Select Members

As specified in the new LCH CDSClear options fee grid attached below in Appendix, the annual fixed fee covering all clearing fees for Credit Index Options House activity for all affiliates of a given Clearing Member group remains set in 2020 to €375,000 for General Members and €400,000 for Select Members, but it is proposed to change the discount based notional bands and rates as follows:

General Member Discount Bands and Rates

- Change the bounds on the annual options notional cleared for the lowest band from *strictly above €0bn but equal to or below €6bn* into *strictly above €6bn but equal to or below €13.5bn*, and the corresponding discount rate from 66.67% (equivalent to an annual fixed fee of €125,000) to 60% (equivalent to an annual fixed fee of €150,000);
 - Change the bounds on the annual options notional cleared for the middle band from *strictly above €6bn but equal to or below €12bn* into *strictly above €13.5bn*, but keep the corresponding discount rate at 80% (equivalent to an annual fixed fee of €75,000);
-

and

- Remove the highest band from the fee grid.

Select Member Discount Bands and Rates

- Change the bounds on the annual options notional cleared for the lowest band from *strictly above €0bn but equal to or below €6bn* into *strictly above €6bn but equal to or below €13.5bn*, and the corresponding discount rate from 68.75% (equivalent to an annual fixed fee of €125,000) to 62.5% (equivalent to an annual fixed fee of €150,000);
- Change the bounds on the annual options notional cleared for the middle band from *strictly above €6bn but equal to or below €12bn* into *strictly above €13.5bn*, but keep the corresponding discount rate at 81.25% (equivalent to an annual fixed fee of €75,000); and
- Remove the highest band from the fee grid.

3) Change the Options Introductory Tariff for both General and Select Members

The Options Introductory Tariff for both General and Select Members covers only the legal entity that is registering to the service and is based on variable fees with an annual floor (for General Members only) and cap on the total variable fees paid. The only change proposed to this Introductory Tariff is to align the annual cap with the fixed fee in the Unlimited Tariff as follows:

- For General Members, decrease the annual cap on variable fees from €600,000 to €375,000,
- For Select Members, decrease the annual cap on variable fees from €600,000 to €400,000.

4) Additional changes to the Options fee grid for both General and Select Members

The following conditions will be applicable for both General and Select Members:

- In-year switches between Introductory and Unlimited Tariff are not permitted, and
- The one-off onboarding fee will remain set to €30,000 but waived until 30 April 2020.

B. Statutory Basis

Section 17A(b)(3)(D) of the Act requires that the rules of a clearing agency provide for the equitable allocation of reasonable dues, fees, and other charges.²

LCH SA believes that its clearing fee change proposal is consistent with the requirements of Section 17A of the Act³ and the regulations thereunder applicable to it, and in particular provides for the equitable allocation of reasonable fees, dues, and other charges among clearing members and market participants by ensuring that clearing members and clients pay reasonable fees and dues for the services provided by LCH SA, within the meaning of Section 17A(b)(3)(D) of the Act.

With respect to the change of the Index and CDS Unlimited Tariff for General Members, LCH SA has determined in consultation with its clearing members that the reduction in the annual fixed fee for General Members covering their Index and Single Name CDS self-clearing activity is reasonable and appropriate as the CDSClear business is now reaching a more mature stage in its

² 15 U.S.C. 78q-1(b)(3)(D).

³ 15 U.S.C. 78q-1.

development and therefore requires a lower investment to develop new functionalities/services than in the past.

Regarding the proposed changes to the Options clearing service fee grid, after consultation with its Clearing Members, LCH SA has determined that both its General and Select Members still needed to be incentivized to further grow their usage of the Options clearing service, and thus to maintain a volume-based discount fee scheme for its Options Unlimited Tariff in which the cost of clearing options decreases as more volumes are cleared. In order to make the link between Unlimited Tariff and Introductory Tariff coherent between the Index & Single Names fee grid on one hand and the Option fee grid on the other hand, LCH SA has also set the cap for its Options Introductory Tariff at the same level than the fixed fee of the Option Unlimited Tariff, and thus decreased it from €600k to respectively €375k for General Members and €400k for Select Members. Additionally, both General and Select Clearing Members will not have the ability to switch from one type of Tariff to the other (Unlimited to Introductory or vice-versa) in-year. Finally, the one-off Onboarding Fee to the Options clearing service will remain set to €30,000 but the waiving period will be extended until 30 April 2020.

For all the reasons stated above, LCH SA believes that the proposed fee rates are reasonable and have been set up at an appropriate level so that LCH SA can provide the CDSClear services.

Item 4. Self-Regulatory Organization's Statement on Burden on Competition

Section 17A(b)(3)(I) of the Act requires that the rules of a clearing agency not impose any

burden on competition not necessary or appropriate in furtherance of the purposes of the Act.⁴

LCH SA does not believe that the proposed rule change would impose any burden on competition that are not necessary or appropriate in furtherance of the purposes of the Act because LCH SA is offering the possibility for CDSClear members and clients to get a more attractive access to the clearing services. It does not affect the ability of such Clearing Members or other market participants generally to engage in cleared transactions or to access clearing services especially to the clearing of Index Swaptions that remains not mandatory.

Additionally, the proposed volume based discount scheme for the Options Unlimited Tariff will be available to all CDSClear Clearing Member Groups. Similarly, the proposed Index and Single Names Unlimited Tariff will be available to all General Members of the CDSClear service. This annual fixed fee reduction does not impact any competition between General and Select Members as the choice of membership tier made by a Clearing Member is mainly driven by the material differences in the obligations of a General Member versus those of a Select Member (in terms of price contribution and auction bidding notably) which are reflected in the Tariffs available for each tier.

Further, as explained above, LCH SA believes that the fee rates have been set up at an appropriate level given the costs and expenses to LCH SA in offering the relevant clearing services.

4 15 U.S.C. 78q-1(b)(3)(I).

Item 5. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

Written comments relating to the proposed rule change have not been solicited or received but a consultation has been conducted with and feedback sought from CDSClear members. No comment or question has been received following this consultation. LCH SA will notify the Commission of any subsequent written comments received by LCH SA.

Item 6. Extension of Time Period for Commission Action

Not applicable.

Item 7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2) or Section 19(b)(7)(D)

(a) LCH SA is filing the proposed rule change for immediate effectiveness pursuant to Section pursuant to Section 19(b)(3)(A)⁵ of the Act and Rule 19b-4(f)(2).⁶

(b) LCH SA believes that summary effectiveness is warranted because the proposed rule establishes a fee or other charge imposed by LCH SA on its Clearing Members, within the meaning of Rule 19b-4(f)(2).

- for the Options fee grid: to adjust the discount bands and rates following a beginning of uptake of the options service, and to ensure coherence in the maximum amount of fees payable between the Introductory and the Unlimited Tariffs.

1) Change the Index and Single Names Unlimited Tariff for General Members from €1,700,000 per year to €1,300,000 per year for 2020

CDSClear currently offers an Unlimited Tariff for General Members⁵ that covers all self-clearing Corporate and Financials CDS Index and Single Names activity for a Clearing Member group and its affiliates for an annual fixed fee of €1,700,000 (no variable fees).

⁵ All capitalized terms not defined herein have the same definition as the CDSClearing Rule Book, Supplement or Procedures, as applicable.

The proposed change consists in decreasing the annual fixed fee amount to €1,300,000 per year. This fixed fee will still cover all clearing fees for Corporate and Financials Index and Single Names CDS House activity for all affiliates of a given Clearing Member group.

2) Change the Options Unlimited Tariff for both General and Select Members

As specified in the new LCH CDSClear options fee grid attached below in Appendix, the annual fixed fee covering all clearing fees for Credit Index Options House activity for all affiliates of a given Clearing Member group remains set in 2020 to €375,000 for General Members and €400,000 for Select Members, but it is proposed to change the discount based notional bands and rates as follows:

General Member Discount Bands and Rates

- Change the bounds on the annual options notional cleared for the lowest band from *strictly above €0bn but equal to or below €6bn* into *strictly above €6bn but equal to or below €13.5bn*, and the corresponding discount rate from 66.67% (equivalent to an annual fixed fee of €125,000) to 60% (equivalent to an annual fixed fee of €150,000);
- Change the bounds on the annual options notional cleared for the middle band from *strictly above €6bn but equal to or below €12bn* into *strictly above €13.5bn*, but keep the corresponding discount rate at 80% (equivalent to an annual fixed fee of €75,000); and
- Remove the highest band from the fee grid.

Select Member Discount Bands and Rates

- Change the bounds on the annual options notional cleared for the lowest band

from *strictly above €0bn but equal to or below €6bn* into *strictly above €6bn but equal to or below €13.5bn*, and the corresponding discount rate from 68.75% (equivalent to an annual fixed fee of €125,000) to 62.5% (equivalent to an annual fixed fee of €150,000);

- Change the bounds on the annual options notional cleared for the middle band from *strictly above €6bn but equal to or below €12bn* into *strictly above €13.5bn*, but keep the corresponding discount rate at 81.25% (equivalent to an annual fixed fee of €75,000); and
- Remove the highest band from the fee grid.

3) Change the Options Introductory Tariff for both General and Select Members

The Options Introductory Tariff for both General and Select Members covers only the legal entity that is registering to the service and is based on variable fees with an annual floor (for General Members only) and cap on the total variable fees paid. The only change proposed to this Introductory Tariff is to align the annual cap with the fixed fee in the Unlimited Tariff as follows:

- For General Members, decrease the annual cap on variable fees from €600,000 to €375,000
- For Select Members, decrease the annual cap on variable fees from €600,000 to €400,000.

4) Additional changes to the Options fee grid for both General and Select Members

The following conditions will be applicable for both General and Select Members:

- In-year switches between Introductory and Unlimited Tariff are not permitted,

and

- The one-off onboarding fee will remain set to €30,000 but waived until 30 April 2020.

2. Statutory Basis

Section 17A(b)(3)(D) of the Act requires that the rules of a clearing agency provide for the equitable allocation of reasonable dues, fees, and other charges.⁶

LCH SA believes that its clearing fee change proposal is consistent with the requirements of Section 17A of the Act⁷ and the regulations thereunder applicable to it, and in particular provides for the equitable allocation of reasonable fees, dues, and other charges among clearing members and market participants by ensuring that clearing members and clients pay reasonable fees and dues for the services provided by LCH SA, within the meaning of Section 17A(b)(3)(D) of the Act.

With respect to the change of the Index and CDS Unlimited Tariff for General Members, LCH SA has determined in consultation with its clearing members that the reduction in the annual fixed fee for General Members covering their Index and Single Name CDS self-clearing activity is reasonable and appropriate as the CDSClear business is now reaching a more mature stage in its development and therefore requires a lower investment to develop new functionalities/services than in the past.

Regarding the proposed changes to the Options clearing service fee grid, after consultation with its Clearing Members, LCH SA has determined that both its General and Select Members still needed to be incentivized to further grow their usage of the

⁶ 15 U.S.C. 78q-1(b)(3)(D).

⁷ 15 U.S.C. 78q-1.

Options clearing service, and thus to maintain a volume-based discount fee scheme for its Options Unlimited Tariff in which the cost of clearing options decreases as more volumes are cleared. In order to make the link between Unlimited Tariff and Introductory Tariff coherent between the Index & Single Names fee grid on one hand and the Option fee grid on the other hand, LCH SA has also set the cap for its Options Introductory Tariff at the same level than the fixed fee of the Option Unlimited Tariff, and thus decreased it from €600k to respectively €375k for General Members and €400k for Select Members. Additionally, both General and Select Clearing Members will not have the ability to switch from one type of Tariff to the other (Unlimited to Introductory or vice-versa) in-year.

Finally, the one-off Onboarding Fee to the Options clearing service will remain set to €30,000 but the waiving period will be extended until 30 April 2020.

For all the reasons stated above, LCH SA believes that the proposed fee rates are reasonable and have been set up at an appropriate level so that LCH SA can provide the CDS Clear services.

B. Clearing Agency's Statement on Burden on Competition

Section 17A(b)(3)(I) of the Act requires that the rules of a clearing agency not impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.⁸

LCH SA does not believe that the proposed rule change would impose any burden on competition that are not necessary or appropriate in furtherance of the purposes of the Act because LCH SA is offering the possibility for CDS Clear members and clients to get

⁸ 15 U.S.C. 78q-1(b)(3)(I).

a more attractive access to the clearing services. It does not affect the ability of such Clearing Members or other market participants generally to engage in cleared transactions or to access clearing services especially to the clearing of Index Swaptions that remains not mandatory.

Additionally, the proposed volume based discount scheme for the Options Unlimited Tariff will be available to all CDSClear Clearing Member Groups. Similarly, the proposed Index and Single Names Unlimited Tariff will be available to all General Members of the CDSClear service. This annual fixed fee reduction does not impact any competition between General and Select Members as the choice of membership tier made by a Clearing Member is mainly driven by the material differences in the obligations of a General Member versus those of a Select Member (in terms of price contribution and auction bidding notably) which are reflected in the Tariffs available for each tier.

Further, as explained above, LCH SA believes that the fee rates have been set up at an appropriate level given the costs and expenses to LCH SA in offering the relevant clearing services.

C. Clearing Agency's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

Written comments relating to the proposed rule change have not been solicited or received but a consultation has been conducted with and feedback sought from CDSClear members. No comment or question has been received following this consultation. LCH SA will notify the Commission of any written comments received by LCH SA.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change has become effective upon filing pursuant to Section 19(b)(3)(A)⁹ of the Act and Rule 19b-4(f)(2)¹⁰ thereunder because it establishes a fee or other charge imposed by LCH SA on its Clearing Members. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such proposed rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
