

Corentine Poilvet-Clediere appointed Head of RepoClear and Collateral Management, LCH SA

- Responsible for LCH SA's euro-denominated debt and repo clearing business
- RepoClear continues to grow and expand its service

24 January 2019

LCH, a leading global clearing house, today announced that Corentine Poilvet-Clediere has been appointed Head of RepoClear and Collateral Management, LCH SA, effective immediately. Based in Paris, Corentine is responsible for LCH SA's euro-denominated debt and repo clearing service, RepoClear, as well as the clearing house's collateral management function.

The appointment comes at a time of growth and innovation for the service, as it has recently expanded its euro debt markets offering. This is in line with long-standing member demand to consolidate their European government bond repo clearing activity into one CCP in order to leverage the benefits of T2S. The service is also targeting going live with Sponsored Clearing for the buy side in 2019.

Prior to this role, Corentine was Global Head of Regulatory Strategy at London Stock Exchange Group, where she played a central role engaging on a wide range of strategic policy issues, particularly in post trade. Prior to this, Corentine was part of the team involved in the launch of CDSClear as Governance Manager at LCH. In addition, Corentine has experience working for EY Financial Services, as well as BNP Paribas in New York.

Christophe Hémon, CEO of LCH SA, said: "I'm delighted to welcome Corentine to her new role at LCH. She has a deep knowledge of the business and the markets in which we operate. In her new role, she'll be instrumental in driving growth of the RepoClear service at LCH SA, with a particular focus on growing the euro-denominated debt clearing franchise, enabling customers to access effective balance sheet netting."

About LCH

LCH is a group of leading multi-asset clearing houses that provides proven risk management capabilities across a range of asset classes. As demand for robust clearing services continues to grow, LCH is committed to maintaining the highest standards of risk management across all our services.

As the markets' partner, LCH operates an open access model, offering a choice of execution venues, delivering unprecedented choice and efficiencies to the marketplace.

LCH operates clearing houses around the world, with clearing houses incorporated in the UK, France and the United States with additional offices in the Asia Pacific region. It offers clearing services across asset classes

including OTC and listed rates; CDS and FX; fixed income; commodities; cash equities and equity derivatives. LCH also serves the non-cleared derivatives market through LCH SwapAgent, a new service which extends the efficiencies and infrastructure of clearing to the market, without acting as a central counterparty.

LCH is majority owned by London Stock Exchange Group (LSE.L), an international markets infrastructure business that sits at the heart of the world's financial community.
