TYPE OF FILING

- **Rules and Rule Amendments**

- Certification under § 40.6 (a) or § 41.24 (a)
- “Non-Material Agricultural Rule Change” under § 40.4 (b)(5)
- Notification under § 40.6 (d)
- Request for Approval under § 40.4 (a) or § 40.5 (a)
- Advance Notice of SIDCO Rule Change under § 40.10 (a)

- **Products**

- Certification under § 39.5(b), § 40.2 (a), or § 41.23 (a)
- Swap Class Certification under § 40.2 (d)
- Request for Approval under § 40.3 (a)
- Novel Derivative Product Notification under § 40.12 (a)

RULE NUMBERS

Filing of revised rulebooks in their entirety.

DESCRIPTION

Self-certification pursuant to §40.6(a) relating to the implementation of a substantially revised rulebook including changes for compliance with the European Market Infrastructure Regulation (“EMIR”), and fees for the new account types introduced by the rulebook

VIA EMAIL TO: SUBMISSIONS@CFTC.GOV

May 30, 2014

Ms. Melissa Jurgens
Commodity Futures Trading Commission
1155 21st Street NW
Three Lafayette Centre
Washington DC 20581

Dear Ms. Jurgens,

Pursuant to CFTC regulation §40.6(a), LCH.Clearnet Limited (“LCH.Clearnet”), a derivatives clearing organization registered with the Commodity Futures Trading Commission (the “CFTC”), is submitting for self-certification substantial revisions to its rulebooks to make them EMIR compliant and to address other issues. LCH.Clearnet is also submitting for self-certification account fees that will come into effect with the introduction of new EMIR required account structures.

The new rulebook and account fees will be implemented and become effective on June 12, 2014.

Part I: Explanation and Analysis

In order to become compliant with Regulation (EU) No 648/2012 of the European Parliament and of the Council of 4 July 2012 on OTC derivatives, central counterparties and trade repositories (known as the European Market Infrastructure Regulation, or “EMIR”), LCH.Clearnet is implementing a number of changes to its rulebook, both to change the effect of the rules and to improve the clarity and structure of the rulebook.

The changes driven by EMIR mainly come under the following categories:

- Central clearing for certain classes of OTC derivatives;
- Organisational, conduct of business and prudential requirements for CCPs;
- Reporting to trade repositories; and
- Client clearing.

Further information on the revised client clearing arrangements as contained in the UK rulebook is available here:

http://www.lchclearnet.com/Images/Ltd_Legal%20Implications_Account%20Structures_22-01-2013_tcm6-64656.pdf

The EMIR changes to the FCM Regulations and FCM Procedures are described and explained in the matrix attached as Exhibit 1.

More general improvements to the UK Rulebook and FCM Rulebook include:

- a) Additional processes around the retirement and/or resignation of a Clearing Member;
- b) Provisions dealing with service withdrawal;

- c) A mechanism for fund to fund transfer of swaps customer positions; and
- d) Operational updates to the Collateral and Financial Transaction sections of the rulebook.

In addition, a number of other changes have been made for the following purposes:

Security Interest: The FCM Rulebook required certain corrections vis-à-vis the treatment of cash collateral and default fund contributions as there is currently some ambiguity as to whether cash collateral and default fund contributions are delivered by way of title transfer or pledge. While it is clear in most of the FCM Rulebook that cash collateral can be invested (subject to applicable laws), and that default fund contributions are delivered by way of title transfer, clarifications are needed to remove contradictory language and remove any ambiguity.

Investment Act: In order to clear for a registered investment company, as defined under the Investment Company Act 1940 (a “**40 Act Fund**”), LCH.Clearnet is required by the U.S. Securities and Exchange Commission to ensure that FCM Clearing Members include certain provisions in their agreements with those 40 Act Funds. These are now being included as an explicit rulebook requirement.

FDICIA: The Federal Deposit Insurance Corporation Improvement Act (FDICIA) clarifies the nature of the relationship between a clearing organization and its clearing members in several contexts, most significantly in the bankruptcy of a U.S. clearing member. In this regard, FDICIA is the legislation that provides for the enforceability of netting and security enforcement provisions. We have included certain FDICIA provisions and the Bankruptcy Representations in order to facilitate the issuance of clean legal opinions under U.S. Federal law. These changes have also been included in the General Regulations as they apply to US non-FCM Clearing Members.

Bankruptcy Representations: Bankruptcy counsel has recommended that LCH.Clearnet obliges clearing members (FCM and non-FCM) to comply with certain legislation in connection with the signing of the Clearing Membership Agreement and the entering into of transactions that are submitted for clearing. This is related to both internal approvals and record keeping. We have included this in the FCM Procedures for both FCM Clearing Members and Non-FCM Clearing Members as it potentially impacts all US clearing members.

FCM to SCM Transfers and SCM to FCM Transfers: Wording has been included which provides for the transfer of a client from an FCM Clearing Member to a non-FCM Clearing Member and vice versa. In addition (and in response to market feedback), provisions have been included for the transfer of positions and collateral to a clearing member’s proprietary account from another clearing member’s client account, where the associated client has joined LCH.Clearnet as a direct clearing member.

Art 39 EMIR: Provisions have been introduced to permit an FCM Clearing Member to provide clearing services to certain clients in compliance with EMIR.

Part II: Description of Rule Changes

LCH.Clearnet is attaching the following supporting documentation:

Exhibit	Description
1	Matrix describing EMIR driven changes to the FCM Regulations and FCM Procedures
2	Black-line of changes to FCM Regulations
3	Black-line of changes to FCM Procedures
4	Black-line of FCM Product Specific Contract Terms and Eligibility Criteria Manual ³
5	Black-line of changes to Default Rules. ¹
6	Black-line of changes to Default Fund Rules ¹
7	Black-line of UK General Regulations ²
8	Black-line of Product Specific Contract Terms and Eligibility Criteria Manual ³
9	Black-line of the UK Procedures
10	Fee schedule for EMIR accounts
11	Black-line of changes to Settlement Finality Regulations

Part III: Certification by LCH.Clearnet

LCH.Clearnet certifies to the CFTC, in accordance with CFTC Regulation §40.6, that the planned changes comply with the Commodity Exchange Act and the CFTC Regulations promulgated thereunder. LCH.Clearnet further certifies that, upon the submission of this material, in compliance with §39.21 of the Commission's regulations, LCH.Clearnet will post a notice of pending certification with the CFTC and a copy of the submission on LCH.Clearnet's website at http://www.lchclearnet.com/rules_and_regulations/ltd/proposed_rules.asp

Part IV: Core Principle Compliance

LCH.Clearnet will continue to comply with all Core Principles following the introduction of the proposed new rulebook. LCH.Clearnet has concluded that its compliance with the Core Principles would not be adversely affected by these changes. EMIR largely reflects international standards embodied in the CPSS-IOSCO Principles for Financial Market Infrastructures and these changes are therefore also expected to reinforce compliance with CFTC Regulations that reflect the CPSS-IOSCO Principles.

Part V: Opposing Views

There were no opposing views expressed to LCH.Clearnet by governing board or committee members, members of LCH.Clearnet or market participants that were not incorporated into this proposal.

¹ Please note that the former "Default Rules" and "Default Fund Rules" have been combined in a single "Default Rules" document. However the changes are shown in two separate black-lines against the current versions, for ease of review.

² The definitions from the General Regulations have been included as a separate black-line for ease of review.

³ Eligibility of contracts for clearing at LCH.Clearnet has not changed but the sections, previously in the General Regulations and FCM Regulations, are now collected as a separate document. The attached black-lines show the changes between the former schedules to the General Regulations and FCM Regulations against the revised product eligibility manuals.

Certification

LCH.Clearnet Limited hereby certifies to the Commodity Futures Trading Commission, pursuant to the procedures set forth in the Commission regulation § 40.6, that attached rule submission complies with the Commodity Exchange Act, as amended, and the regulations promulgated there under.

Should you have any questions please contact me at jay.iyer@lchclearnet.com.

Yours sincerely,

A handwritten signature in blue ink, appearing to be 'Jay Iyer', written in a cursive style.

LCH.Clearnet Rule Submission

Exhibit 1

Matrix describing EMIR driven changes to the FCM Regulations and FCM Procedures

LCH EMIR Application – Summary of Amendments to FCM Regulation and FCM Procedures of LCH.Clearnet Limited (the "FCM Rulebook")

Introduction:

This table has been prepared in relation to the application of LCH.Clearnet Limited ("LCH") to the Bank of England, pursuant to Article 17 of Regulation (EU) No 648/2012 of European Parliament and the Council of 4 July 2012 on OTC derivatives, central counterparties and trade repositories ("EMIR") and section 288 of the Financial Services and Markets Act 2000 ("FSMA"), to be authorised as a "recognised central counterparty" (the "EMIR Application").

The purpose of this table is to provide a high level summary of the key amendments that LCH has made to the FCM Rulebook in order to comply with the relevant provisions of EMIR, Commission Delegated Regulation (EU) No. 153/2013 of 19 December 2012 with regard to regulatory technical standards on requirements for central counterparties (the "CCP RTS") and Commission Delegated Regulation (EU) No 149/2013 of 19 December 2012 with regard to regulatory technical standards on indirect clearing arrangements, the clearing obligation, the public register, access to a trading venue, non-financial counterparties, and risk mitigation techniques for OTC derivative contracts not cleared by a CCP (the "Indirect Clearing RTS") (and together with the CCP RTS, the "Level 1 and 2 Regulations"). In addition to amending the FCM Rulebook to comply with the Level 1 and 2 Regulations, LCH has (i) aligned the FCM Rulebook with its English law rulebook (the "English law Rulebook") and (ii) generally rationalised, clarified and restructured the FCM Rulebook in order to make it more "user-friendly". Please note that amendments which do not directly relate to a provision of the Level 1 and 2 Regulations are not summarised in this table.

The table sets out (i) a summary of the amendments made to the FCM Rulebook to take account of the relevant provisions of the Level 1 and 2 Regulations and (ii) a comparison against the corresponding amendments made to the English law Rulebook.

The table sets out only the amendments made by LCH in respect of its FCM Rulebook and does not address amendments it has made or proposes to make to any ancillary documents (including, but not limited to, its internal policies and/or processes). In addition, the table only refers to provisions of the Level 1 and 2 Regulations in respect of which LCH has made an amendment to the FCM Rulebook. For ease of review, where an amendment relates to an EMIR requirement as supplemented by the CCP RTS and/or the Indirect Clearing RTS, we have grouped the relevant provisions together.

Any defined terms used but not defined herein shall have the same meaning as ascribed to such terms in the FCM Rulebook.

	Previous Position and Amendment/Deletion/Addition to the FCM Rulebook	Amendment/Deletion/Addition to the English law Rulebook
	Access to a CCP	
1.	<p>To satisfy the participation criteria under EMIR (see Articles 37(1), (3) and (5) of EMIR), we have amended Procedure 1 (<i>FCM Clearing Member Status</i>) to clarify that (a) admission as a Clearing Member is determined by reference to criteria that are non-discriminatory and objective; and (b) conditions which restrict clearing member access to the Clearing House will be imposed only where justified on the basis of controlling the exposure of the Clearing House to risk.</p>	<p>Equivalent changes have been made to Section 1 of the Procedures (<i>Clearing Member, Non-Member Market Participant and Dealer Status</i>) in the English law Rulebook.</p>
2.	<p>Previously, it was unclear how applications for access to the Clearing House by trading venues would be treated. EMIR requires a CCP to accept OTC derivative contracts for clearing on a non-discriminatory and transparent basis (see Article 7(1) of EMIR).</p> <p>The application process and criteria for the admission of trading venues are now set out on the Clearing House's website and Sections 2.1.3(d) (<i>SwapClear FCM Approved Trade Source Systems and FCM US Trading Venues</i>), 2.2.7(b) (<i>ForexClear FCM Approved Trade Source Systems</i>) and 2.3.1(f) (<i>OTPs</i>) of the Procedures have been amended so as to refer to the relevant area of the website.</p>	<p>Equivalent changes have been made to sub-section 1.3.4 (<i>Approved Trade Source Systems and US Trading Venues</i>) of Section 2C of the Procedures (<i>SwapClear Clearing Service</i>); sub-section 1.3.2 (<i>The ForexClear Matcher</i>) of Section 2I of the Procedures (<i>ForexClear Clearing Service</i>) has also been amended; and a new sub-sections 1.1.9 (<i>Approved EquityClear Trading Platform (ATP)</i>) and 1.1.6 (<i>OTPs</i>) have been inserted into, respectively, Section 2D of the Procedures (<i>EquityClear Clearing Service</i>) and Section 2E of the Procedures (<i>LCH EnClear OTC Clearing Services</i>).</p>

	Previous Position and Amendment/Deletion/Addition to the FCM Rulebook	Amendment/Deletion/Addition to the English law Rulebook
Clearing and Segregation		
3.	In most regards, the LSOC-compliant account arrangements within the Clearing House more than satisfied the minimum requirements for EMIR compliant (omnibus) account segregation (see Articles 39(2), (3) and (9) of EMIR). However, the FCM Regulations and FCM Procedures have been amended to the extent necessary to prevent assets/positions recorded in a client account being used to offset or cover asset/positions recorded in a Proprietary Account.	The English law Rulebook has been amended to provide for EMIR compliant individual segregation and omnibus segregation in respect of each clearing Service offered by the Clearing House and the relevant types of segregated account have been made available to FCMs.
4.	EMIR recognises that a party might receive clearing services as a "clearing member" or, through a clearing member, as a "client". However, other capacities such as receiving clearing services as an affiliate of a clearing member are not recognised for these purposes. An affiliate might be considered akin to a clearing member for certain purposes and akin to a client for other purposes. However, since an affiliate is a different party from the clearing member itself, it would fall to be treated as a client and positions and assets held on its behalf could not be recorded in the clearing member's Proprietary Account. The FCM Regulations and FCM Procedures have, therefore, been amended to remove this possibility (see, in particular, Regulation 7 (<i>FCM Client Business and Proprietary Account Trading</i>) (was formerly Regulation 4).	Similarly, the English Rulebook has been amended to remove the possibility of clearing members clearing for (third party) Dealers through their Proprietary Accounts.
5.	LCH previously accepted bank guarantees and performance bonds as collateral but these instruments do not constitute eligible collateral for the purposes of EMIR (see Article 46(1) of EMIR and Article 39 of the CCP RTS). We have, therefore, amended Section 3.4 of Procedure 3 (<i>Financial Transactions</i>) and Procedure 4 (<i>Margin and Collateral</i>) to remove references to bank guarantees and performance bonds being accepted as Collateral.	Similar amendments have been made to Section 1.4 of Procedure 3 (<i>Financial Transactions</i>) and to Procedure 4 (<i>Margin and Collateral</i>) of the English law Rulebook.
Reporting Requirements		
6.	Previously, the FCM Rulebook did not make provision for the Clearing House to report information to trade repositories, as required under EMIR (see Article 9). Hence, Regulation 33 (<i>Disclosure and Reporting</i>) (formerly Regulation 15) now includes an	Similar changes have been introduced in Regulation 41 (<i>Disclosure and Reporting</i>) and in Section 1.10 of Procedure 3 (<i>Clearing</i>

	Previous Position and Amendment/Deletion/Addition to the FCM Rulebook	Amendment/Deletion/Addition to the English law Rulebook
	express power of the Clearing House to report to trade repositories. Further relevant wording is included in Procedure 3.12 (<i>Clearing House Reporting</i>) and in the service-specific Procedures setting out the Clearing House's reporting obligations.	<i>House Reporting</i>) of the English law Rulebook.
7.	Previously, the only sanctions available to the Clearing House in the event of misconduct by an FCM were public censure and the publication of a notice regarding the suspension of termination of the FCM's status as a clearing member. The FCM Rulebook has now been amended so that it is aligned with the Clearing House's new operating procedure relating to penalties imposed on FCMs. In addition, Section 8.6 of Procedure 8 (<i>Disciplinary Proceedings</i>) now contains a power enabling the Clearing House to publish breaches by an FCM of the participation criteria and/or of the EMIR requirements relating to the disclosure by clearing members of costs and fees on a per-Service basis for the provision of clearing services to clients (see Article 38(5) of EMIR).	The same amendment has been included in Section 1.6 of Procedure 5 (<i>Disciplinary Proceedings</i>) of the English law Rulebook.
Record Keeping		
8.	Regulation 35 (<i>Records</i>) (formerly Regulation 17) has been amended to make it clear that records will be held for at least 10 years or as otherwise required by applicable law "notwithstanding any provision in the FCM Clearing Membership Agreement, FCM Rulebook or other agreement" so as to ensure compliance with the record keeping requirements under EMIR (see Articles 29(1) and (2) of EMIR).	Equivalent amendments have been made to Regulation 43 (<i>Records</i>) of the English law Rulebook.
General provisions		
9.	The obligations imposed by the Level 1 and 2 Regulations will be satisfied by internal policies and procedures. However, certain amendments have been made to Procedure 5 (<i>Business Continuity</i>) to bring this section up to date and to ensure that the language is consistent with the relevant obligations under the Level 1 and 2 Regulations and as set out in the Clearing House's policies and procedures (see Article 34 (<i>Business Continuity</i>) of EMIR and Articles 17 -23 of the CCP RTS).	Equivalent amendments have been made to Procedure 6 (<i>Business Continuity</i>) of the English law Rulebook.
10.	Procedure 6 (<i>Appeal Procedures</i>) and Procedure 7 (<i>Complaints</i>) and have been updated to ensure that they are EMIR compliant (in accordance with, in particular, Article 36(2) of	Similar changes have been made to Section 7 (<i>Appeal Procedures</i>) and Section 8

	Previous Position and Amendment/Deletion/Addition to the FCM Rulebook	Amendment/Deletion/Addition to the English law Rulebook
	EMIR).	<i>(Complaints)</i> of the Procedures in the English law Rulebook.
11.	Former Regulation 25(g) (<i>Investments of FCM Client Funds</i>) (now Regulation 7(n)), has been amended so as to clarify that investment of Client Funds or of Collateral held on behalf of a Client shall be in compliance not only with CFTC Regulation 1.25 (as previously) but also with all other requirements under applicable law (including under EMIR and, in particular, Article 47 (<i>Investment Policy</i>)).	Not applicable.
12.	In light of the requirements in Article 5(2) of the CCP RTS, procedures for making amendments to the Rulebook have been rationalised. The process for, and wording of, Rulebook alterations, amendments and extensions will be determined by the Rules Change Committee. Regulation 36 (<i>Alterations of FCM Regulations and the FCM Procedures</i>) (formerly Regulation 19) has been revised to make reference to the new arrangements. The Terms of Reference of the Rules Change Committee will be publicly available via the LCH website.	Similar amendments have been made to Regulation 44 (<i>Alteration of Regulations and the Procedures</i>) of the English law Rulebook.

LCH.CLEARNET LIMITED

FCM REGULATIONS OF THE CLEARING HOUSE Scope

Save where expressly stated to the contrary in these FCM Regulations or the FCM Procedures, these FCM Regulations govern the clearing of FCM Contracts by FCM Clearing Members through LCH.Clearnet Limited. They do not govern any other clearing services provided by LCH.Clearnet Limited, LCH.Clearnet SA, [LCH.Clearnet LLC](#) or any other affiliates of [the](#) LCH.Clearnet Group, ~~Ltd,~~ ~~all~~ [each](#) of which ~~are~~ [is](#) governed by [a](#) separate ~~sets~~ [set](#) of rules.

Definitions

[For the purposes of these FCM Regulations, LCH.Clearnet Limited is referred to as the “the Clearing House”. The term “FCM Clearing Member” is used to refer to an entity which is entitled to receive clearing services from LCH.Clearnet Limited \(see FCM Regulation 1\). FCM Clearing Member status does not confer any rights as a “shareholder” or similar status with respect to LCH.Clearnet Limited or of any other entity in the LCH.Clearnet Group.](#)

[Any FCM Regulation or group of FCM Regulations expressly stated not to apply to a category, or categories, of an FCM Contract shall not apply to such category, or categories, of FCM Contract.](#)

REGULATION 1 – DEFINITIONS

In these FCM Regulations and the FCM Procedures, except where the context otherwise requires, the following words and expressions shall have the following meanings:

**“Account Manager
Executing Party”**

- **Means**~~means~~ an Executing Party that is eligible under the CEA and the CFTC Regulations to execute Unallocated FCM SwapClear Transactions.

~~Affiliate~~ **“Affected Client”**

- ~~Means, with respect to~~ **means a client of** an FCM Clearing Member, ~~any entity that controls, is controlled by or is under common control with such FCM Clearing Member, and the account of which, when carried by the FCM Clearing Member, would be considered a Cleared Swaps Proprietary Account pursuant to CFTC Regulation 22.1 (or any such successor or replacement regulation) (or potential client of an FCM Clearing Member) in respect of which the application of laws or regulations in the client’s jurisdiction of establishment or applicable in the context of activity on a relevant trading platform do not prevent or prohibit EMIR Client Clearing being provided to such client.~~

~~Allocating SwapClear
Transaction~~ **“Aggregate
Excess Loss”**

- ~~Has~~ **has** the meaning assigned to ~~such term in FCM Regulation 30(p)(iii)~~ **it in the Clearing House’s “General Regulations”**.

“Allocation Notice”

- ~~Has~~ **has** the meaning assigned to such term in FCM Regulation ~~30~~**46**(~~po~~**po**)(iii).

“Approved Broker”

- ~~A~~ **means a** person authorized by the Clearing House to participate as a broker in the LCH EnClear OTC Services (as such term is used in the UK General Regulations), including the FCM EnClear Clearing Services as the context may require.

“Assumed Allocation”

- ~~Has~~ **has** the meaning assigned to it in FCM Regulation ~~9A~~**15**(d)(iii).

“Auction Portfolio”

- ~~Has~~ **has** the meaning assigned to it in either (i) the SwapClear DMP Annex of the Default Rules or (ii) the ForexClear DMP Annex of the Default Rules, as applicable.

“Available FCM Buffer”

- ~~Means~~ **means**, at any given time, (i) with respect to FCM Buffer held in the FCM Buffer Sub-Account of an FCM Omnibus Swaps Client with LCH that is subject to the Without Client Excess Model, FCM Buffer credited

	<p>therein that is not Encumbered FCM Buffer (as described in FCM Regulation 9A.15(c)(ii)(A)), and (ii) with respect to FCM Buffer held in the FCM Buffer Sub-Account of an FCM Omnibus Swaps Client with LCH that is subject to the With Client Excess Model, FCM Buffer credited therein that is not being used by the Clearing House to offset Margin deficits in the relevant FCM Client Sub-Accounts (as described in FCM Regulation 9A.15(d)(iv)).</p>
<u>“Backload Registration Cycle”</u>	- Has has the meaning assigned to such term in the FCM Procedures.
<u>“Backloaded Trade”</u>	- Has has the meaning assigned to such term in the FCM Procedures.
<u>“Base Currency”</u>	- Has has the meaning assigned to such term in FCM Regulation 24A.37(d)(ii) .
<u>“Block IRS Trade”</u>	- Means means a trade the notional amount of which is at or above the minimum block size established by the CFTC pursuant to CFTC Regulation 43.6 for the interest rate asset class and in effect as of the date of submission of such trade to the Clearing House for registration.
<u>“Business Category of FCM Contract”</u>	- Means means a category of one or more Products which the Clearing House treats as separate from other Products for purposes of calculating the amount of cover Margin required to be furnished by an FCM Clearing Member (as set forth in the FCM Procedures) in respect of the FCM Contracts in each such category and, except to the extent otherwise set forth in the FCM Procedures, such separate margin categories consist of: (1) FCM SwapClear Contracts (referred to in the FCM Rulebook as the “ SwapClear Business Category ”), (2) FCM ForexClear Contracts (referred to in the FCM Rulebook as the “ ForexClear Business Category ”), (3) FCM EnClear Contracts Contract (referred to in the FCM Rulebook as the “ EnClear Business Category ”) and (4) FCM Nodal Contracts (referred to in the FCM Rulebook as the “ Nodal Business Category ”).
<u>“Business Day”</u>	- Means means , in respect of an FCM Contract (except where specified otherwise in the relevant FCM SwapClear Contract Terms, FCM ForexClear Contract Terms, FCM EnClear Contract Terms or FCM Nodal Contract Terms, as applicable), a day on which the Clearing House is open for business as set forth in the FCM Procedures.
<u>“Buyer”</u>	- Means means an FCM Clearing Member (or the Clearing House where the context so requires) who is a buyer under

	the terms of an FCM Exchange Contract.
<u>“Carrying FCM Clearing Member”</u>	- Means (i) an FCM Clearing Member carrying that has an account for an FCM Client, and in respect of which the FCM Contracts and Collateral attributed to such account is to be transferred to a Receiving FCM Clearing Member pursuant to FCM Regulation 8.13 and in accordance with the FCM Procedures <u>or (ii) in respect of a transfer as described in sub-paragraph (b) of the definition of “Receiving Clearing Member”, a Clearing Member (as defined in the UK General Regulations, and being an entity other than an FCM Clearing Member).</u>
<u>“Cash-Settled FCM Exchange Contract”</u>	- Means means an FCM Exchange Contract which is to be settled by cash-settlement only.
<u>“CEA”</u>	- Means means the U.S. Commodity Exchange Act.
<u>“CFTC”</u>	- Means means the U.S. Commodity Futures Trading Commission.
<u>“CFTC Regulations”</u>	- Means means the rules and regulations promulgated by the CFTC.
<u>“Cleared Swap”</u>	- Means means “Cleared Swap” as such term is defined in CFTC Regulation 22.1, which term includes but is not limited to Swap Products.
<u>“Cleared Swaps Account Class”</u>	- Means means the account class for cleared swaps accounts (as defined in CFTC Regulation Regulations 190.01(a)(i)) for purposes of Part 190 of the CFTC Regulations and Section 4d(f) of the CEA.
<u>“Cleared Swaps Customer Account”</u>	- Means means “Cleared Swaps Customer Account” as such term is defined in CFTC Regulation 22.1.
<u>“Clearing House”</u>	- Means means LCH.Clearnet Limited whose registered office is located at Aldgate House, 33 Aldgate High Street, London EC3N 1EA, United Kingdom.
<u>“Closing-out Contract”</u>	- Means means, for the purposes of these FCM Regulations, an FCM Contract effected by or on behalf of the Clearing House and registered in an FCM Clearing Member’s name, being an FCM Contract on the same terms (except as to price) as an Open Contract in the FCM Clearing Member’s name, save that where the Clearing House has position “X” under the terms of such open FCM Contract (where such FCM Contract consists of positions “X” and “Y”), the Clearing House shall have position “Y” under the terms of such closing-out FCM Contract, and vice-

versa.

“Collateral”

means the cash, securities or other collateral or assets deposited with or to be deposited with (as the context may require) the Clearing House by an FCM Clearing Member or otherwise furnished to (including any proceeds therefrom) an FCM Clearing Member’s Proprietary Account or its FCM Omnibus Client Accounts with LCH for the purpose of margining, guaranteeing and/or securing (as Margin) FCM Contracts for such accounts. The Clearing House will only credit deposited securities or other non-cash collateral or assets as Collateral to the extent such securities or other noncash collateral or assets are acceptable forms of collateral as set forth in the FCM Procedures or as otherwise explicitly permitted by the Clearing House. For the avoidance of doubt, Collateral will not include, and will not be comprised of, an FCM Clearing Member’s Contribution.

“Commodity” or
“commodity”

- Means any “commodity” (as such term is defined in Section 1a(9) of the CEA and CFTC Regulation 1.3(e)) that is the subject matter of an FCM Exchange Contract.

~~Collateral~~ “Contribution”

- ~~Means the cash, securities or other collateral or assets deposited with or to be deposited with~~ (has the meaning assigned to it in the UK General Regulations, and as used herein refers to one or more of the Contributions of one or more FCM Clearing Members or Non-FCM Clearing Members, as the context may require) ~~the Clearing House by an FCM Clearing Member or otherwise furnished to an FCM Clearing Member’s Proprietary Account or its FCM Omnibus Client Accounts with LCH for the purpose of margining, guaranteeing and/or securing (as Margin) FCM Contracts for such accounts. The Clearing House will only credit deposited securities or other non-cash collateral or assets as Collateral to the extent such securities or other noncash collateral or assets are acceptable forms of collateral as set forth in the FCM Procedures or as otherwise explicitly permitted by the Clearing House.~~

“cover”

- Means either Collateral, Margin or both, as the context may require as used in the FCM Rulebook.

“CVR” or “Collateral Value Report”

- Has the meaning assigned to it in FCM Regulation ~~9A15~~(d)(ii).

~~defaulter~~ “Defaulter”

- Has the meaning assigned to it in rule 4 of the Default Rules.

“Default Fund

- ~~Means the Clearing House’s~~ has the meaning assigned to it in rule 3 of the Default Fund ~~Rules from time to time in~~

Rules Notice“Default Rules”

force.

- **Means means** the Clearing House’s Default Rules from time to time in force pursuant to part II of schedule 21 to the UK Companies Act 1989.

“Delivery Month”

- **In** respect of an FCM Exchange Contract, has the meaning ascribed to it in the Exchange Rules applicable to such FCM Exchange Contract.

“Delivery Notice”

- **Means means** a notice in writing, given by or on behalf of a Seller (or Buyer where Exchange Rules so require) pursuant to Exchange Rules, these FCM Regulations and the FCM Procedures, of the Seller’s (or Buyer’s) intention to make (or take) delivery of a commodity in connection with an FCM Exchange Contract.

“Economic Terms”

- **Means means** that part of the FCM SwapClear Contract Terms, the FCM ForexClear Contract Terms, or the FCM EnClear Contract Terms designated as Economic Terms by the Clearing House from time to time.

“EMIR Client Clearing”

means the provision of Client Clearing Services on an Individual Segregated Account or Omnibus Segregated Account basis as set out in the Regulation 10 and Regulation 11 of the UK General Regulations (capitalized terms used and not otherwise defined herein bearing the same meanings set out in the UK General Regulations).

“Encumbered FCM Buffer”

- **Has** the meaning assigned to it in FCM Regulation ~~9A15~~(c)(ii)(A).

“Exchange”

- **Means means** an organization (whether an exchange, association, company, corporation, limited partnership or otherwise), including a designated contract market (designated as such by the CFTC), responsible for administering a futures, options, or stock market (in its capacity as the administrator of such a market), to which the Clearing House provides FCM Clearing Services.

“Exchange Board”

- **Means means** the board of directors or other governing body (whether called a board, a committee or otherwise) of an Exchange.

“Exchange Rules”

- **Means means** the rules, regulations, administrative procedures, memorandum and articles of association, charter, certificate of incorporation, by-laws or similar constituent documents which regulate an Exchange and the market administered by it as notified from time to time to the Clearing House and, without prejudice to the generality of the foregoing, any regulations or directions made by its

	Board and any procedures, practices and administrative requirements of the Exchange.
<u>“Excess Margin”</u>	- Means means , in respect of (i) an FCM Client Sub-Account (excluding FCM Buffer and Encumbered FCM Buffer), (ii) an FCM Clearing Member’s Proprietary Account, or (iii) an FCM Omnibus Futures Client Account with LCH, the amount (if any) by which the Margin attributable to any such account exceeds the Required Margin applicable to the FCM Contracts registered to such account each as determined by the Clearing House in accordance with the FCM Rulebook.
<u>“Executing Party”</u>	- Means means each person described as a party to an FCM Transaction in the details submitted to the Clearing House via the relevant FCM Clearing Member and/or via the relevant FCM Approved Trade Source System.
<u>“Expiry Month”</u>	- Means a month prescribed by Exchange Rules in respect of an FCM Option Contract.
<u>“FCM”</u>	- Means means a futures commission merchant, as defined in the CEA and the CFTC Regulations promulgated thereunder, that is registered in such capacity with the CFTC.
<u>“FCM Approved Trade Source System”</u>	- Means means a system or facility, such as an exchange, a clearing house, a swap execution facility, a designated contract market, trade affirmation or routing system or other similar venue or system, approved by the Clearing House for submitting or presenting FCM Transactions to the Clearing House. For the avoidance of doubt, the “ SwapClear API ” is not an FCM Approved Trade Source System.
<u>“FCM Buffer”</u>	- Has the meaning assigned to such term in FCM Regulation 9A15 (a).
<u>“FCM Buffer Sub-Account”</u>	- Has the meaning assigned to such term in FCM Regulation 9A15 (a).
<u>“FCM Clearing Member”</u>	- Means means an FCM that has been approved by the Clearing House for the clearing of one or more categories of FCM Contracts on behalf of FCM Clients, in accordance with an FCM Clearing Membership Agreement and the FCM Procedures, and pursuant to these FCM Regulations, and as such is a “ Clearing Member ” for all purposes under the Default Rules, the Default Fund Rules and the FCM Default Fund Agreement, unless otherwise specified in these FCM Regulations.

- “FCM Clearing Membership Agreement” - **Means**means the agreement so designated under which, *inter alia*, the Clearing House agrees to make available clearing services to an FCM Clearing Member in respect of FCM Contracts together with any ancillary agreements.
- “FCM Clearing Services” - **Means**means the FCM SwapClear Clearing Services, the FCM ForexClear Clearing Services, the FCM EnClear Clearing Services and the FCM Nodal Clearing Services, collectively.
- “FCM Client” - **Means**means a client of an FCM Clearing Member ~~(but not including Affiliates of such FCM Clearing Member)~~ with positions in FCM Contracts on behalf of which the FCM Clearing Member provides FCM Clearing Services and clears FCM Contracts; **provided, that** any such client is only an FCM Client with respect to its positions in FCM Contracts; and provided, further, that any entity whose account would be considered a Cleared Swaps Proprietary Account pursuant to CFTC Regulation 22.1 or a proprietary account pursuant to CFTC Regulation 1.3(y) if such account were carried by an FCM Clearing Member (such as in the case of an affiliate), shall not be an “FCM Client” of any such FCM Clearing Member.
- “FCM Client Business” - **Means**means the provision of FCM Clearing Services by an FCM Clearing Member to its FCM Clients.
- “FCM Client Funds” - **Means**means all FCM Swaps Client Funds and/or FCM Futures Client Funds, as the context may require.
- “FCM Client Segregated Depository Account” - **Means**means an FCM Swaps Client Segregated Depository Account or an FCM Futures Client Segregated Depository Account, as the context may require.
- “FCM Client Sub-Account” - **Means**means an individual segregated sub-account on behalf of an individual FCM Client, established on the books of the Clearing House as a sub-account of the relevant FCM Omnibus Swaps Client Account with LCH of an FCM Clearing Member which shall reflect the relevant Margin balance attributable to such sub-account, and the relevant FCM Contracts registered to such sub-account and carried for such FCM Client by its FCM Clearing Member, based on information provided by the applicable FCM Clearing Member and/or an FCM Approved Trade Source System to the Clearing House. Each FCM Client will have an FCM Client Sub-Account in the relevant FCM Omnibus Swaps Client Account with LCH for each Business Category of FCM Contracts in which such FCM Client clears Swap Products.

- “FCM Client Sub-Account Balance”** - **Means**means, at any given time, the legally segregated value of the Margin balance attributable to an FCM Client Sub-Account of the relevant FCM Client as determined by the Clearing House in accordance with the FCM Rulebook. For the avoidance of doubt, an FCM Client Sub-Account Balance at no time reflects the value of any FCM Buffer (including any Encumbered FCM Buffer) or the value of any Unallocated Excess.
- “FCM Contract”** - **Means**means an FCM SwapClear Contract, an FCM ForexClear Contract, an FCM EnClear Contract or an FCM Nodal Contract. **“FCM Contracts”** means FCM SwapClear Contracts, FCM ForexClear Contracts, FCM EnClear Contracts and FCM Nodal Contracts, collectively.
- “FCM Contract Terms”** - **Means**means the FCM SwapClear Contract Terms, the FCM ForexClear Contract Terms, the FCM EnClear Contract Terms and the FCM Nodal Contract Terms, collectively.
- “FCM Default Fund Agreement”** - **Means**means an agreement in a form prescribed by the Clearing House, entered into between an FCM Clearing Member and ~~the Clearing House relating to~~ the Clearing House's relating to the “default fund funds” of the Clearing House.
- “FCM Eligible US Trading Venue”** - **Means**means, in respect of an FCM Clearing Member, an FCM US Trading Venue for which the Clearing House's records reflect that such FCM Clearing Member has completed the Clearing House's process for enabling the FCM Clearing Member to be eligible to submit (or have submitted on its behalf) a transaction executed on such FCM US Trading Venue to the Clearing House for registration.
- “FCM EnClear Clearing Services”** - **Means**means the services provided by an FCM Clearing Member in connection with FCM EnClear Contracts cleared on behalf of its FCM Clients ~~or its Affiliates, as the case may be.~~
- “FCM EnClear Clearing Member”** - **Means**means an FCM Clearing Member approved by the Clearing House (in accordance with the FCM Regulations and the FCM Procedures) to clear FCM EnClear Transactions and register FCM EnClear Contracts.
- “FCM EnClear Contract”** - **Means**means a contract that is registered for clearing and is entered into by the Clearing House with an FCM Clearing Member on the FCM EnClear Contract Terms, and which is governed by these FCM Regulations.

- “FCM EnClear Contract Terms”** - **Means**means the terms applicable to each FCM EnClear Contract as set out from time to time in the [FCM Regulations Product Specific Contract Terms and Eligibility Criteria Manual](#).
- “FCM EnClear Product Eligibility Criteria”** - **Means**means the product criteria set out in paragraph 1.2 of Part B of Schedule ~~C to these FCM Regulations~~ [3 to the FCM Product Specific Contract Terms and Eligibility Manual](#).
- “FCM EnClear Transaction”** - **Means**means any transaction entered into between two Executing Parties for purposes of having at least one side of such transaction registered with the Clearing House as an FCM EnClear Contract, and the other side of such transaction registered with the Clearing House as either an FCM EnClear Contract or a Non-FCM EnClear Contract.
- “FCM Exchange Contract”** - **Means**means an FCM Contract arising out of a transaction executed on a market administered by an Exchange in accordance with the Exchange Rules of the relevant Exchange. Such FCM Contracts are: FCM Nodal Contracts.
- “FCM Exchange Contract Subject to Delivery Notice”** - **Means**means a Physically-Settled FCM Exchange Contract in respect of which a Delivery Notice has been given, and which has not been closed out, settled or invoiced back, in accordance with the FCM Rulebook.
- “FCM Exchange Transaction”** - **Means**means a transaction entered on, or subject to, the Exchange Rules of the relevant Exchange of which particulars are to be presented to the Clearing House for registration as (i) an FCM Exchange Contract in the name of the relevant FCM Clearing Member in accordance with the relevant Exchange Rules, and the FCM Regulations and FCM Procedures and (ii) as applicable, as either (A) a second such FCM Exchange Contract or (B) a “Cleared Exchange Contract” with a Non-FCM Clearing Member governed by the UK General Regulations.
- “FCM ForexClear Clearing Member”** - **Means**means an FCM Clearing Member approved by the Clearing House (in accordance with the FCM Regulations and the FCM Procedures) to clear FCM ForexClear Transactions and register FCM ForexClear Contracts.
- “FCM ForexClear Clearing Services”** - **Means**means the services provided by an FCM Clearing Member in connection with FCM ForexClear Contracts cleared on behalf of its FCM Clients ~~or its Affiliates, as the case may be.~~
- “FCM ForexClear** - **Means**means a contract that is registered for clearing and is entered into by the Clearing House with an FCM

- Contract** Clearing Member on the FCM ForexClear Contract Terms, and which is governed by these FCM Regulations.
- “FCM ForexClear Contract Terms”** - **Means** means the terms applicable to each FCM ForexClear Contract as set out from time to time in the FCM ~~Regulations~~ Product Specific Contract Terms and Eligibility Criteria Manual.
- “FCM ForexClear Product Eligibility Criteria”** - **Means** means the product criteria ² of Part B of Schedule ~~B to these FCM Regulations~~ 2 to the FCM Product Specific Contract Terms and Eligibility Criteria Manual.
- “FCM ForexClear Transaction”** - **Means** means any transaction entered into between two Executing Parties for purposes of having at least one side of such transaction registered with the Clearing House as an FCM ForexClear Contract, and the other side of such transaction registered with the Clearing House as either an FCM ForexClear Contract or a Non-FCM ForexClear Contract.
- “FCM Futures Client Funds”** - **Means** means all cash, securities, receivables, rights, intangibles and any other collateral or assets held by an FCM Clearing Member (*i.e.*, not furnished to the Clearing House) on behalf of its FCM Clients with respect to Futures Products or other Futures/Options Contracts.
- “FCM Futures Client Segregated Depository Account”** - **Means** means an omnibus account ~~located in the United States and~~ maintained by an FCM Clearing Member for its FCM Clients with a Permitted Depository (including any applicable “PPS ~~accounts~~ Accounts”, which are described in the FCM Procedures), which is segregated in accordance with Section 4d(a) of the CEA and the CFTC Regulations, and which contains the FCM Futures Client Funds of its FCM Clients held in connection with Futures Products or other Futures/Options Contracts (and, if applicable, the funds of other futures customers of an FCM Clearing Member held in connection with other Futures/Options Contracts).
- “FCM Nodal Clearing Member”** - **Means** means an FCM Clearing Member approved by the Clearing House (in accordance with the FCM Regulations and the FCM Procedures) to clear FCM Nodal Transactions and register FCM Nodal Contracts.
- “FCM Nodal Clearing Services”** - **Means** means the services provided by an FCM Clearing Member in connection with FCM Nodal Contracts cleared on behalf of its FCM Clients ~~or its Affiliates, as the case may be.~~

- “FCM Nodal Contract”** - **Means**means a contract that is registered for clearing and is entered into by the Clearing House with an FCM Clearing Member on the FCM Nodal Contract Terms, and which is governed by these FCM Regulations.
- “FCM Nodal Contract Terms”** - **Means**means the **“terms applicable to each FCM Nodal Contract Terms”** ~~as such term is defined in the UK General Regulations~~ as set out from time to time in the Nodal contract specifications provided in the Nodal Rules.
- “FCM Nodal Transaction”** - **Means**means any transaction entered into between two Executing Parties for purposes of having at least one side of such transaction registered with the Clearing House as an FCM Nodal Contract, and the other side of such transaction registered with the Clearing House as either an FCM Nodal Contract or a Non-FCM Nodal Contract.
- “FCM Omnibus Client Account with LCH”** - **Means**means either an FCM Omnibus Swaps Client Account with LCH or an FCM Omnibus Futures Client Account with LCH.
- “FCM Omnibus EnClear Client Account with LCH”** - **Means**means an omnibus account ~~located in the United States and~~ maintained on the books of the Clearing House in the name of an FCM Clearing Member for the benefit of its FCM Clients, in which all FCM EnClear Contracts cleared by such FCM Clearing Member on behalf of such FCM Clients, and all associated Collateral and Margin, will be reflected on the books of the Clearing House. Such FCM Omnibus EnClear Client Account with LCH will not have attributed to it any FCM Contracts or Margin other than in connection with FCM EnClear Contracts. Each FCM Omnibus EnClear Client Account with LCH is a book-entry account, the associated Collateral of which is contained in the LCH Swaps Client Segregated Depository Account. The Clearing House will establish FCM Client Sub-Accounts within each FCM Omnibus EnClear Client Account with LCH.
- “FCM Omnibus ForexClear Client Account with LCH”** - **Means**means an omnibus account ~~located in the United States and~~ maintained on the books of the Clearing House in the name of an FCM Clearing Member for the benefit of its FCM Clients, in which all FCM ForexClear Contracts cleared by such FCM Clearing Member on behalf of such FCM Clients, and all associated Collateral and Margin, will be reflected on the books of the Clearing House. Such FCM Omnibus ForexClear Client Account with LCH will not have attributed to it any FCM Contracts or Margin other than in connection with FCM ForexClear Contracts. Each FCM Omnibus ForexClear Client Account with LCH is a book-entry account, the associated Collateral of which

is ~~contained~~held in the LCH Swaps Client Segregated Depository Account. The Clearing House will establish FCM Client Sub-Accounts within each FCM Omnibus ForexClear Client Account with LCH.

~~FCM Omnibus Futures Client Account with LCH~~

~~- Means an FCM Omnibus Nodal Client Account with LCH.~~

“FCM Omnibus Nodal Client Account with LCH”

- ~~Means~~means an omnibus account ~~located in the United States and~~ maintained on the books of the Clearing House in the name of an FCM Clearing Member for the benefit of its FCM Clients, in which all FCM Nodal Contracts cleared by such FCM Clearing Member on behalf of such FCM Clients, and all associated Collateral and Margin, will be reflected on the books of the Clearing House. Such FCM Omnibus Nodal Client Account with LCH will not have attributed to it any FCM Contracts or Margin other than in connection with FCM Nodal Contracts. Each FCM Omnibus Nodal Client Account with LCH is a book-entry account, the associated Collateral of which is held in the LCH Futures Client Segregated Depository Account.

“FCM Omnibus Futures Client Account with LCH”

means an FCM Omnibus Nodal Client Account with LCH.

“FCM Omnibus SwapClear Client Account with LCH”

- ~~Means~~means an omnibus account ~~located in the United States and~~ maintained on the books of the Clearing House in the name of an FCM Clearing Member for the benefit of its FCM Clients, in which all FCM SwapClear Contracts cleared by such FCM Clearing Member on behalf of such FCM Clients, and all associated Collateral and Margin, will be reflected on the books of the Clearing House. Such FCM Omnibus SwapClear Client Account with LCH will not ~~contain~~have attributed to it any FCM Contracts or Margin other than in connection with FCM SwapClear Contracts. Each FCM Omnibus SwapClear Client Account with LCH is a book-entry account, the associated Collateral of which is held in the LCH Swaps Client Segregated Depository Account. The Clearing House will establish FCM Client Sub-Accounts within each FCM Omnibus SwapClear Client Account with LCH.

“FCM Omnibus Swaps Client Account with LCH”

- ~~Means~~means either an FCM Omnibus SwapClear Client Account with LCH, an FCM Omnibus ForexClear Client Account with LCH, ~~an FCM Omnibus SwapClear Client Account with LCH~~ or an FCM Omnibus EnClear Client Account with LCH.

“FCM Option Contract”

- ~~Means~~means an FCM Exchange Contract which is a contract for an Option.

“FCM Procedures”

- Means means the document containing the working practices and administrative or other requirements of the Clearing House for the purposes of implementing or supplementing these FCM Regulations, or the procedures for application for and regulation of membership of the Clearing House. For the avoidance of doubt, a reference to “FCM Procedures” is not intended to refer to procedures provided for or required by any regulation, rule, official directive, request or guideline (whether or not having the force of law) of any governmental, intergovernmental or supranational body, agency, department or of any regulatory, self-regulatory or other authority or organization.

“FCM ~~Regulations~~ Product Specific Contract Terms and Eligibility Criteria Manual”

- ~~Means these FCM Regulations entitled as such, relating to FCM Contracts and the clearing of FCM Contracts only,~~ means the FCM Product Specific Contract Terms and Eligibility Criteria Manual as published on the Clearing House's website from time to time in force.

“FCM Regulations”

means these FCM Regulations entitled as such, relating to FCM Contracts and the clearing of FCM Contracts only, from time to time in force.

“FCM Rulebook”

- Means means the FCM Regulations, the Other Specific Regulations, the FCM Procedures and such other rules of the Clearing House, which are applicable to FCM Clearing Services, as published and amended from time to time.

“FCM SwapClear Clearing Services”

- Means means the services provided by an FCM Clearing Member in connection with FCM SwapClear Contracts cleared on behalf of its FCM Clients ~~or its Affiliates, as the case may be.~~

“FCM SwapClear Contract”

- Means means a contract that is registered for clearing and is entered into by the Clearing House with an FCM Clearing Member on the FCM SwapClear Contract Terms, and which is governed by these FCM Regulations.

“FCM SwapClear Contract Terms”

- Means means the terms applicable to each FCM SwapClear Contract as set out from time to time in the FCM Regulations Product Specific Contract Terms and Eligibility Criteria Manual.

“FCM SwapClear Product Eligibility Criteria”

- Means means the product criteria set out in paragraphs 1.1(a), 1.1(b) or 1.1(c), and paragraph 3 of Part B of Schedule ~~A to these FCM Regulations~~ 1 to the FCM Product Specific Contract Terms and Eligibility Criteria Manual.

“FCM SwapClear Transaction”

- **Means**means any transaction the details of which are presented to the Clearing House via an FCM Approved Trade Source System for the purpose of having such transaction registered at the Clearing House as two FCM SwapClear Contracts (or, where a corresponding presentation has been made in respect of the same transaction for registration of a Non-FCM SwapClear Contract, one Non-FCM SwapClear Contract and one FCM SwapClear Contract), regardless of whether (a) such transaction is an existing swap transaction, (b) it was entered into in anticipation of clearing, and (c) it is contingent on clearing.

“FCM Swaps Client Funds”

- **Means**means all cash, securities, receivables, rights, intangibles and any other collateral or assets held by an FCM Clearing Member (*i.e.*, not furnished to the Clearing House) on behalf of its FCM Clients with respect to **Swap**Swaps Products or other Cleared Swaps.

“FCM Swaps Client Segregated Depository Account”

- **Means**means an omnibus account ~~located in the United States and~~ maintained by an FCM Clearing Member for its FCM Clients with a Permitted Depository (including any applicable “PPS ~~accounts~~Accounts”, which are described in the FCM Procedures), which is segregated in accordance with Section 4d(f) of the CEA and the CFTC Regulations, which is a Cleared Swaps Customer Account, and which contains the FCM Swaps Client Funds of its FCM Clients held in connection with Swap Products or other Cleared Swaps (and, if applicable, the funds of other Cleared Swaps customers of an FCM Clearing Member held in connection with other Cleared Swaps).

“FCM Transaction”

- **Means**means either an FCM SwapClear Transaction, an FCM ForexClear Transaction, an FCM EnClear Transaction, or an FCM Exchange Transaction (including an FCM Nodal Transaction), as ~~applicable~~the context may require.

“FCM US Trading Venue”

- **Means**means a swap execution facility or designated contract market registered as such with the CFTC which the Clearing House has approved for the purposes of having transactions executed thereon submitted to the Clearing House for registration. For the avoidance of doubt, an FCM US Trading Venue need not be an FCM Approved Trade Source System.

“FCM US Trading Venue Transaction”

- **Means**means, in respect of an FCM Clearing Member, a transaction recorded in the Clearing House’s systems (via applicable messaging from the relevant FCM US Trading Venue, FCM Approved Trade Source System or

otherwise) as a transaction that was executed on a swap execution facility or designated contract market that, as at the time of such execution, was an FCM Eligible US Trading Venue in respect of such FCM Clearing Member.

<u>“FDICIA”</u>	-	<u>means the Federal Deposit Insurance Corporation Improvement Act of 1991, as amended.</u>
<u>“First EnClear Clearing Member”</u>	-	Has <u>has</u> the meaning assigned to it in FCM Regulation 54 <u>53</u> (a).
<u>“First Nodal Clearing Member”</u>	-	Has <u>has</u> the meaning assigned to it in FCM Regulation 64 <u>56</u> (a).
<u>“ForexClear Clearing Member”</u>	-	Means <u>means</u> a person who is designated as such by the Clearing House pursuant to the UK General Regulations and who is not an FCM Clearing Member.
<u>“ForexClear Contribution”</u>	-	Means <u>means</u> , in relation to the Default Fund Rules, the meaning assigned to it in rule 47 <u>16</u> of the Default Fund Rules.
<u>“ForexClear DMP”</u>	-	Has <u>has</u> the meaning assigned to it in the ForexClear DMP Annex of the Default Rules.
<u>“Futures Account Class”</u>	-	Means <u>means</u> the account class for futures accounts (as defined in CFTC Regulation 190.01(a)(i)) for purposes of Part 190 of the CFTC Regulations and Section 4d(a) of the CEA.
<u>“Futures/Options Contract”</u>	-	Means <u>means</u> the type of contract which is either (i) a contract for the purchase or sale of a commodity for future delivery that is traded on or subject to the rules of an Exchange, (ii) an option on any such contract or (iii) any similar type of contract, and which, in the case of any of the foregoing, is required to be segregated (along with any related margin) pursuant to Section 4d(a) of the CEA if cleared by an FCM for a customer.
<u>“Futures Product”</u>	-	Means <u>means</u> a Product which constitutes a Futures/Options Contract. Such Products are: FCM Nodal Contracts.
<u>“Hedged Account”</u>	-	Has <u>has</u> the meaning assigned to it in the FCM Procedures.
<u>“Ineligible FCM ForexClear Contract”</u>	-	Has <u>has</u> the meaning assigned to it in FCM Regulation 40 <u>49</u> (fe)(ii).
<u>“Ineligible FCM ForexClear Transaction”</u>	-	Has <u>has</u> the meaning assigned to it in FCM Regulation 40 <u>49</u> (fe)(i).

- “Ineligible FCM SwapClear Contract”**
- **Has** the meaning assigned to it in FCM Regulation ~~304~~46(f).
- “Ineligible FCM SwapClear Transaction”**
- **Has** the meaning assigned to it in FCM Regulation ~~304~~46(f).
- “Initial Margin”**
- **Means** means, with respect to the amount of Margin attributable to a particular account or accounts of an FCM Clearing Member with the Clearing House, the portion of such Margin held in respect of the Clearing House’s initial margin requirements (as published from time to time by the Clearing House) in respect of the relevant FCM Contracts attributable to such account or accounts.
- “LCH.Clearnet Group”**
- **Means** means the group of undertakings consisting of LCH.Clearnet Limited, LCH.Clearnet Group Limited, LCH.Clearnet LLC, LCH.Clearnet (Luxembourg) S.a.r.l., LCH.Clearnet Service Company Limited and Banque Centrale de Compensation S.A. trading as LCH.Clearnet SA. (**Reference** any reference to a “**member**” of LCH.Clearnet Group Limited within these FCM Regulations is to be construed accordingly).

- **Means** means a person, designated as such by the Clearing House, as may be provided for in the FCM Procedures.
- “LCH EnClear OTC Clearing Member”**
- **Means** means a person who is designated as such by the Clearing House pursuant to the UK General Regulations and who is not an FCM Clearing Member.
- “LCH Futures Client Segregated Depository Account”**
- **Means** means the omnibus account (which will consist of one or more accounts at one or more Permitted Depositories which are commingled for purposes of, and in accordance with, the applicable provisions of the CEA and the CFTC Regulations) ~~located in the United States~~ **and** maintained by the Clearing House for the benefit of FCM Clients of its FCM Clearing Members with a Permitted Depository, which is segregated in accordance with the CEA and the CFTC Regulations, which is part of the Futures Account Class and which contains the Collateral deposited by such FCM Clearing Members on behalf of their FCM Clients solely in connection with Futures Products cleared for such FCM Clients by such FCM Clearing Members.
- “LCH Swaps Client Segregated Depository Account”**
- **Means** means the omnibus account (which will consist of one or more accounts at one or more Permitted Depositories which are commingled for purposes of, and in accordance with, the applicable provisions of the CEA and the CFTC Regulations) ~~located in the United States~~

	<p>and maintained by the Clearing House for the benefit of FCM Clients of its FCM Clearing Members with a Permitted Depository, which is segregated in accordance with the CEA and the CFTC Regulations, which is a Cleared Swaps Customer Account that is part of the Cleared Swaps Account Class and which contains the Collateral deposited by such FCM Clearing Members on behalf of their FCM Clients solely in connection with Swaps Products cleared for such FCM Clients by such FCM Clearing Members.</p>
<u>“Lot”</u>	- Means <u>means</u> the standard unit or quantity prescribed by an Exchange, with the approval of the Clearing House, as the trading unit of an FCM Exchange Contract.
<u>“Margin”</u>	- Means <u>means</u> , with respect to a particular account or accounts of an FCM Clearing Member with the Clearing House, the Collateral value that is attributable to such account or accounts as margin for the margining of FCM Contracts in such account or accounts, as determined by the Clearing House in accordance with the FCM Rulebook.
<u>“MCE”</u>	- Has <u>has</u> the meaning assigned to it in Section 2B.12.3 <u>2.2.12(c)</u> of the FCM Procedures.
<u>“MER”</u>	- Has the meaning assigned to it in Section 2A.3.3 <u>2.1.3(c)</u> of the FCM Procedures.
<u>“Nodal”</u>	- Means <u>means</u> Nodal Exchange, LLC of 8065 Leesburg Pike, 3 rd Floor, Vienna, VA 22182, United States of America.
<u>“Nodal Eligible Derivative Product”</u>	- Means <u>means</u> a derivative product prescribed from time to time by the Clearing House as eligible for the FCM Nodal Clearing Service.
<u>“Nodal’s Rules”</u>	- Means <u>means</u> the rules, practices, procedures, trading protocols and arrangements of the Nodal Trading Facility as the case may be and as may be prescribed from time to time relating to Nodal Eligible Derivative Products.
<u>“Nodal Service Clearing Member”</u>	- Means <u>means</u> a person who is designated as such by the Clearing House pursuant to the UK General Regulations and who is not an FCM Clearing Member.
<u>“Nodal Trading Facility”</u>	- Means <u>means</u> the facility, trading system or systems operated directly or indirectly by Nodal on which Nodal Eligible Derivative Products may be traded.

<u>“Non-FCM Clearing Member”</u>	- Means <u>means</u> either a SwapClear Clearing Member, a ForexClear Clearing Member, an LCH EnClear OTC Clearing Member or a Nodal Service Clearing Member, as applicable.
<u>“Non-FCM Contract”</u>	- Means <u>means</u> either a Non-FCM SwapClear Contract, a Non-FCM ForexClear Contract, a Non-FCM EnClear Contract or a Non-FCM Nodal Contract, as applicable.
<u>“Non-FCM EnClear Contract”</u>	- Means <u>means</u> an “LCH EnClear OTC Contract” (as such term is defined in the UK General Regulations) and which is governed in accordance with the UK General Regulations.
<u>“Non-FCM ForexClear Contract”</u>	- Means <u>means</u> a “ForexClear Contract” (as such term is defined in the UK General Regulations) and which is governed in accordance with the UK General Regulations.
<u>“Non-FCM Nodal Contract”</u>	- Means <u>means</u> a “Nodal Contract” (as such term is defined in the UK General Regulations) and which is governed in accordance with the UK General Regulations.
<u>“Non-FCM SwapClear Contract”</u>	- Means <u>means</u> a “SwapClear Contract” (as such term is defined in the UK General Regulations) and which is governed in accordance with the UK General Regulations.
<u>“Non-Porting Client”</u>	- Has <u>has</u> the meaning assigned to it in the FCM Procedures.
<u>“Official Quotation”</u>	- Means <u>means</u> a price determined by the Clearing House under FCM Regulation 40 <u>15</u> .
<u>“Omnibus Collateral Value”</u>	- Means <u>means</u> , at any given time in respect of an FCM Omnibus Swaps Client Account with LCH, the aggregate Margin, as determined by the Clearing House in accordance with the FCM Rulebook, attributable to such FCM Omnibus Swaps Client Account with LCH (and regardless of whether such Margin is attributed to an FCM Client Sub-Account, the FCM Buffer Sub-Account or the Unallocated Excess Sub-Account).
<u>“Open Contract”</u> or <u>“open contract”</u>	- Means <u>means</u> an FCM Contract which has not been closed-out, settled or invoiced back in accordance with the FCM Regulations and the FCM Procedures. The terms “Open Contract” and “open contract” shall not include a Closing-out Contract.
<u>“Option”</u>	- Means <u>means</u> a right (but not the obligation) pursuant to an FCM Option Contract, to enter into a Cash-Settled FCM Exchange Contract or a Physically-Settled FCM Exchange Contract.

“Other Specific Regulations”

- **Means**means the Clearing House’s Default Rules, Default Fund Rules, Settlement Finality Regulations and related Definitions and provisions relating to construction as published and amended by the Clearing House from time to time.

“Permitted Depository”

- **Means**means (i) with respect to FCM Swaps Client Funds or Collateral held in connection with Swap Products, “Permitted Depository” as such term is defined in CFTC Regulations 22.1 and ~~22.4~~.22.4, and (ii) with respect to FCM Futures Client Funds or Collateral held in connection with Futures Products, a depository qualified to hold customer funds in accordance with CFTC Regulation 1.49.

“Physically-Settled FCM Exchange Contract”

- **Means**means an FCM Exchange Contract between the Clearing House and an FCM Clearing Member: (i) for the sale and purchase of a commodity that is the result of the exercise of an Option pursuant to these FCM Regulations; or (ii) for the sale and purchase of a commodity for delivery on the date specified in the FCM Exchange Contract or on the date agreed between the parties.

“Portfolios”

- **Has**has the meaning assigned to it in either (i) the SwapClear DMP Annex of the Default Rules or (ii) the ForexClear DMP Annex of the Default Rules, as applicable.

“Porting FCM Contracts Collateral”

- **Has**has the meaning assigned to it in FCM Regulation ~~813~~(~~6~~)a).

“Porting Contracts”

has the meaning assigned to it in FCM Regulation 13(a)

“Premium”

means the consideration for the selling of an Option payable by the Buyer in accordance with these FCM Regulations and the FCM Procedures.

“Price”

- **Means**means, in the case of an FCM Contract, the price calculated by the Clearing House in accordance with the FCM Regulations and the FCM Procedures.

~~Premium~~ “Product”

- ~~The consideration for the selling of an Option payable by the Buyer in accordance with these FCM Regulations and the FCM Procedures~~means a Swap Product or a Futures Product, as the context may require.

~~Product~~

~~Means a Swap Product or a Futures Product.~~

“Prompt Date”

- ~~In~~in respect of an FCM Exchange Contract, has the meaning ascribed to it in the Exchange Rules governing such FCM Exchange Contract.

“Proprietary Account”

- ~~Means~~means the house account with the Clearing House opened in the name of an FCM Clearing Member to which FCM Contracts made by the FCM Clearing Member for its own account ~~or accounts of its Affiliates (but never accounts of its FCM Clients)~~ are registered and to which monies in respect of such FCM Contracts are credited.

“Rate X and Rate Y”

- ~~Means~~means, in relation to an FCM SwapClear Transaction or an FCM SwapClear Contract, the outstanding payment obligations of each party to the transaction, such that Rate X comprises the outstanding payment obligations of one party to the other and Rate Y comprises the outstanding payment obligations of the other party to the first party.

“Receiving FCM Clearing Member”

- ~~Means an FCM Clearing Member receiving~~means (i) an FCM Clearing Member or (ii) where the Porting Contracts are FCM SwapClear Contracts, a Clearing Member (as defined in the UK General Regulations, and being an entity other than an FCM Clearing Member) in each case nominated by an FCM Client to receive the transfer of part or all of the FCM Contracts and associated Collateral attributable to ~~an~~such FCM Client from ~~at~~the Carrying ~~FCM~~ Clearing Member that previously carried such account, pursuant to FCM Regulation ~~8~~13 and in accordance with the FCM Procedures. For the avoidance of doubt, where the Porting Contracts are FCM SwapClear Contracts: (a) an entity that is an FCM Client may also be a Receiving Clearing Member, and (b) a Receiving Clearing Member that is an FCM Clearing Member may be nominated to receive the transfer of Relevant SwapClear Contracts and Associated Collateral Balance from a Carrying Clearing Member that is not an FCM Clearing Member pursuant to Regulation 60 of the UK General Regulations (capitalized terms used in this subparagraph (b) having the meanings set out in the UK General Regulations).

“Reference Currency Buyer”

has the meaning assigned to it in the Clearing House's “General Regulations”.

“Reference Currency Buyer/Seller”

- ~~Has~~has the meaning assigned to it in the Clearing House's “General Regulations”.

~~Reference Currency Seller~~

- ~~Has the meaning assigned to it in the Clearing House's “General Regulations”.~~

“Reference Price”

- ~~Means~~means a price (howsoever called) by reference to which an FCM Contract is marked to market or valued in accordance with the FCM Regulations and FCM

	Procedures.
<u>“Registration Time”</u>	- Means <u>means</u> , in respect of an FCM Contract, the applicable time at which the Clearing House registers such FCM Contract, as prescribed in the FCM Procedures.
<u>“Regulatory Body”</u>	- Means <u>means</u> the Secretary of State, The Financial Services Authority or professional body designated under Part 20 of the Financial Services and Markets Act 2000 or other body given regulatory powers under that Act, the Bank of England, the CFTC or any department, agency, office, court or tribunal of a nation, state, province or any other body or authority which exercises a regulatory or supervisory function under the laws of the United Kingdom or under any foreign law.
<u>“Required Margin”</u>	- Means <u>means</u> , with respect to a particular account or accounts of an FCM Clearing Member with the Clearing House, the amount of Initial Margin required by the Clearing House (in accordance with the FCM Rulebook) to be held in such account or accounts from time to time.
<u>“Resignation Effective Date”</u>	<u>means the date on which the termination of a Resigning Member's FCM Clearing Member status in respect of a specific FCM Clearing Service becomes effective as specified in FCM Regulation 5(a).</u>
<u>“Resigning Member”</u>	<u>means at any time any FCM Clearing Member: (i) who has given notice to the Clearing House for the purposes of resigning from a particular FCM Clearing Service; or (ii) in respect of whom the Clearing House has given notice for the purposes of requiring such FCM Clearing Member to resign from a particular FCM Clearing Service.</u>
<u>“Retirement Effective Date”</u>	<u>means the date on which the termination of a Retiring Member's FCM Clearing Member status becomes effective in accordance with Section 17 of the FCM Clearing Membership Agreement and the FCM Procedures as specified in FCM Regulation 5(e).</u>
<u>“Retiring Member”</u>	<u>means at any time any FCM Clearing Member or, as the context may require, any former FCM Clearing Member: (i) who has given notice to terminate its FCM Clearing Member status to the Clearing House; or (ii) in respect of whom the Clearing House has terminated or given notice to terminate its FCM Clearing Member status, in each case in accordance with Section 17 of the FCM Clearing Membership Agreement and the FCM Procedures.</u>
<u>“Risk Neutralisation”</u>	- Has <u>has</u> the meaning assigned to it in either (i) the SwapClear DMP Annex of the Default Rules or (ii) the

		ForexClear DMP Annex of the Default Rules, as applicable.
<u>“Rules Change Committee”</u>		<u>means the decision-making body of the Clearing House that will oversee and implement all material alterations, amendments or extensions to the FCM Rulebook or the FCM Clearing Membership Agreement in accordance with its terms of reference</u>
<u>“Second EnClear Clearing Member”</u>	-	<u>Has</u> the meaning assigned to it in FCM Regulation 54 <u>53</u> (a).
<u>“Second Nodal Clearing Member”</u>	-	<u>Has</u> the meaning assigned to it in FCM Regulation 64 <u>56</u> (a).
<u>“Seller”</u>	-	<u>Means</u> an FCM Clearing Member (or the Clearing House where the context so requires) who is a seller under the terms of an FCM Exchange Contract.
<u>“Settlement Finality Regulations”</u>	-	<u>Means</u> the Clearing House’s Settlement Finality Regulations from time to time in force.
<u>“Settlement Price”</u>	-	<u>Means</u> , in relation to an FCM Contract, one or more prices determined in accordance with the FCM Regulations or the FCM Procedures.
<u>“Standard Terms”</u>	-	<u>Means</u> those parts of the FCM Contract Terms designated as Standard Terms by the Clearing House from time to time.
<u>“Strike Price”</u>	-	<u>Means</u> the price specified in an FCM Option Contract which becomes the price of the commodity under an FCM Exchange Contract, upon the exercise of the FCM Option Contract, in accordance with the relevant Exchange Rules, and the FCM Regulations and FCM Procedures.
<u>“Swap Product”</u>	-	<u>Means</u> a Product which constitutes a Cleared Swap. Such Products are: (1) FCM SwapClear Contracts, (2) FCM ForexClear Contracts and (3) FCM EnClear Contracts.
<u>“SwapClear Contribution”</u>	-	<u>Means</u> , in relation to the Default Fund Rules, the meaning assigned to it in rule 47 <u>16</u> of the Default Fund Rules.
<u>“SwapClear Clearing Member”</u>	-	<u>Means</u> a person who is designated as such by the Clearing House pursuant to the UK General Regulations and who is not an FCM Clearing Member.
<u>“SwapClear DMP”</u>	-	<u>Has</u> the meaning assigned to it in the SwapClear DMP

		Annex of the Default Rules.
<u>“SwapClear Suspension Sub-Account”</u>	-	<u>Hashas</u> the meaning assigned to such term in FCM Regulation 3046 <u>(po)</u> (ii).
<u>“SwapClear Tolerance”</u>	-	<u>Hashas</u> the meaning assigned to it in Section 2A.3.32.1.3(c) of the FCM Procedures.
<u>“Termination Amount”</u>	-	<u>Hashas</u> the meaning assigned to such term in FCM Regulation 24A37 (d)(iii).
<u>“UK General Regulations”</u>	-	<u>Meansmeans</u> the <u>Clearing House’s</u> Default Rules, the Default—Fund Rules and the Settlement Finality Regulations, and the Clearing House’s General Regulations from time to time in force.
<u>“UK General Procedures”</u>	-	<u>Meansmeans</u> the Clearing House’s “ Procedures ” as such term is defined in the UK General Regulations, which are applicable to the UK General Regulations.
<u>“Unallocated Excess”</u>	-	<u>Hashas</u> the meaning assigned to such term in FCM Regulation 9A15 (b)(i).
<u>“Unallocated Excess Sub-Account”</u>	-	<u>Hashas</u> the meaning assigned to such term in FCM Regulation 9A15 (b)(i).
<u>“Unallocated FCM SwapClear Contract”</u>	-	<u>Hashas</u> the meaning assigned to such term in FCM Regulation 3046 <u>(po)</u> (ii).
<u>“Unallocated FCM SwapClear Transaction”</u>	-	<u>Hashas</u> the meaning assigned to such term in FCM Regulation 3046 <u>(po)</u> (i).
<u>“Variation Margin”</u>	-	<u>Meansmeans</u> the amount payable by an FCM Clearing Member to the Clearing House or by the Clearing House to an FCM Clearing Member, as applicable, in respect of, and in the amount of, the Clearing House’s variation margin requirements (as published from time to time by the Clearing House) in respect of an FCM Contract and with reference to the change in the NPV of such FCM Contract over a particular period of time.
<u>“Withdrawal Date”</u>	-	<u>Meansmeans</u> the date upon which the Clearing House determines to withdraw the FCM SwapClear Service, the FCM ForexClear Service or the FCM EnClear Service, as applicable, in accordance with these FCM Regulations and the FCM Procedures.
<u>“With Client Excess Model”</u>	-	<u>Hashas</u> the meaning assigned to it in FCM Regulation 9A15 (d).
<u>“Without Client Excess Model”</u>	-	<u>Hashas</u> the meaning assigned to it in FCM Regulation 9A15 (c).

~~In the Rulebook, except as the context may otherwise require:~~

~~(a)~~—Any reference in these FCM Regulations or the FCM Procedures to statutes, laws or regulations (or to specific provisions within them) thereof shall be to such statutes, laws or regulations (or to specific provisions within them) as amended, modified, supplemented or replaced from time to time.

~~(b)~~—Any reference to a Regulatory Body includes any successor or replacement Regulatory Body.

~~(c)~~—Reference to writing contained in these FCM Regulations or the FCM Procedures shall include typing, printing, ~~lithography,~~ photography, email, or any other mode of representing or reproducing words in a visible form.

~~(d)~~—Words importing the singular shall, where the context permits, include the plural and vice-versa.

~~(e)~~—The words “**include**”, “**includes**” or “**including**” are to be deemed followed by the words “without limitation”.

~~(f)~~—Any reference to time contained in these FCM Regulations or the FCM Procedures shall, unless otherwise stated, be to London time. Times are shown using the twenty four hour clock.

~~(g)~~—Any reference in these FCM Regulations or the FCM Procedures to a person or a party (however described) shall include its legal successors or assigns.

~~(h)~~—Headings are used herein for ease of reference only.

PART I—REGULATIONS OF GENERAL APPLICABILITY**Regulation 1—Obligations of the Clearing House to each FCM Clearing Member****CHAPTER I - SCOPE****REGULATION 2 OBLIGATIONS OF THE CLEARING HOUSE TO EACH FCM CLEARING MEMBER**

- (a) The Clearing House shall perform the obligations referred to in paragraph (b) below so as to ensure the performance of all Open Contracts in accordance with these FCM Regulations. Each FCM Clearing Member is fully liable to the Clearing House for the performance of all obligations arising in connection with ~~the~~ FCM Contracts registered to it, regardless of whether such FCM Contracts are cleared by such FCM Clearing Member (i) as principal ~~for its own account (including in~~with respect ~~of~~to FCM Contracts ~~cleared in connection with FCM Transactions of Affiliates), or in its~~ Proprietary Account; or (ii) as agent (as such term is used in, and as required by, CFTC Regulation 39.12(b)(6)) ~~for~~with respect to FCM Contracts cleared on behalf of its FCM Clients (as set forth in FCM Regulation ~~34~~42(b)).
- (b) The obligations of the Clearing House to each FCM Clearing Member shall be as a counterpart to an Open Contract registered in the name of an FCM Clearing Member in accordance with these FCM Regulations and the FCM Procedures, to perform its obligations under the terms of such Open Contract as principal to such FCM Clearing Member in accordance with the provisions of these FCM Regulations and the FCM Procedures, but subject to the restrictions on the Clearing House's obligations and liabilities contained in these FCM Regulations.
- (c) The performance by the Clearing House of its obligations referred to in this FCM Regulation ~~42~~42 shall be subject to the provisions of these FCM Regulations. It is not the intention of the Clearing House or its members to confer any benefit on or give any right to enforce any provisions of this FCM Regulation ~~42~~42 or any of the other FCM Regulations to any person who is not a member.

~~Regulation 2 — Performance by the Clearing House of its Obligations under the Terms of an Open Contract; Novation~~

REGULATION 3 PERFORMANCE BY THE CLEARING HOUSE OF ITS OBLIGATIONS UNDER THE TERMS OF AN OPEN CONTRACT; NOVIATION

- (a) **Performance by the Clearing House.** The Clearing House's obligations under the terms of an Open Contract shall be performed in the manner and form and by such day and time as may be prescribed in the rules of an FCM Approved Trade Source System or in the relevant Exchange Rules (where applicable), these FCM Regulations or the FCM Procedures; **provided, that** where the Economic Terms of an FCM Contract specify a time by which a party thereto shall perform its obligations, the Clearing House shall be deemed to have complied with such Economic Terms if it performs its obligations promptly after such time; **provided, further, that** where the rules of an FCM Approved Trade Source System or the relevant Exchange Rules specify a time by which the seller or the buyer shall perform its obligations under the terms of an FCM Contract that is an exchange contract, the Clearing House shall be deemed to have complied with the rules of the FCM Approved Trade Source System or the Exchange Rules (as may be the case) if it performs its obligations under the terms of an Open Contract, as seller or buyer, as the case may be, promptly after such time, unless the rules of the FCM Approved Trade Source System or the Exchange Rules (as applicable) expressly provide that performance must be made by the Clearing House by such time.
- (b) **Novation.** This FCM Regulation ~~23~~(b) applies only to FCM Nodal Transactions and FCM Nodal Contracts arising therefrom.
- (i) Upon registration of an FCM Transaction by the Clearing House, the relevant contracts thereunder shall be replaced by novation by two equal and opposite FCM Contracts, one between the first FCM Clearing Member and the Clearing House and another between the second FCM Clearing Member (or Non-FCM Clearing Member, as the case may be) and the Clearing House. For the avoidance of doubt, the two FCM Clearing Members may, in fact, be the same FCM Clearing Member. Each FCM Contract shall be subject to the FCM Regulations including any restrictions on the Clearing House's obligations and liabilities set out in the FCM Regulations (including FCM Regulation ~~2444~~ and FCM Regulation ~~26H24~~) and otherwise on the same terms (to the extent applicable) as the FCM Transaction that was replaced by such FCM Contracts (or FCM Contract and Non-FCM Contract, as the case may be). If the provisions in the FCM Rulebook applicable to a specific Product conflict with or modify the terms of this paragraph with respect to such Product, then such provisions shall prevail with respect to such Product.
- (ii) Upon the exercise of an Option by or on behalf of an FCM Clearing Member or, as the case may be, by the Clearing House or upon the deemed exercise of such Option pursuant to these FCM Regulations, the FCM Option Contract shall be replaced by novation by an FCM Contract on the terms specified in

the FCM Option Contract at the Strike Price or at some other price in accordance with the terms of such FCM Option Contract.

CHAPTER II - STATUS

REGULATION 4 ~~Regulation 3 FCM Clearing Member Status of the Clearing House and Application of LCH Regulations~~ FCM CLEARING MEMBER STATUS AND APPLICATION OF LCH REGULATIONS

- (a) Application for FCM Clearing Member status in the Clearing House shall be made in accordance with the FCM Procedures. An FCM Clearing Member's status in the Clearing House and all FCM Clearing Services shall be governed by these FCM Regulations, the Other Specific Regulations and the FCM Procedures. Additionally, an FCM Clearing Member's status in the Clearing House shall be governed by any FCM Clearing Membership Agreement to which it is for the time being party. FCM Clearing Member status does not provide or entitle an FCM Clearing Member to any other clearing member status with the Clearing House, or to any shareholding membership of LCH.Clearnet Limited or any shareholding or other membership of any other member of the LCH.Clearnet Group or any entitlement to membership or participation in LCH.Clearnet SA, each of which has separate and distinct membership requirements.
- (b) Notwithstanding any other provision of these FCM Regulations, with respect to FCM Transactions involving an FCM Client ~~or an Affiliate~~ cleared by an FCM Clearing Member as FCM Contracts, such FCM Clearing Member shall act solely as agent of its FCM Clients ~~and Affiliates~~ in connection with the clearing of such FCM Contracts; **provided, that** each FCM Clearing Member shall remain fully liable for all obligations to the Clearing House arising in connection with such FCM Contracts.
- (c) **General Qualification of FCM Clearing Members.** An FCM Clearing Member must obtain approval from the Clearing House in order to provide FCM Clearing Services in respect of a Product. A separate approval is required for each Product that an FCM Clearing Member proposes to clear. In order to obtain such approval, and in order to maintain such approval once such approval has been obtained, an FCM Clearing Member must:
- (i) be registered with the CFTC as an FCM;
 - (ii) maintain adjusted net capital, as defined in CFTC Regulation 1.17, of at least \$7,500,000 (seven and a half million United States dollars), or \$50,000,000 (fifty million United States dollars) in the case of FCM Clearing Members that clear either FCM SwapClear Contracts, FCM ForexClear Contracts or FCM ~~EnClear~~ EnClear Contracts; **provided, that** (A) the Clearing House shall be permitted (in its sole and reasonable discretion), including as described in the FCM Procedures, to scale an FCM Clearing Member's required level of net capital in accordance with the level of risk introduced to the Clearing House by such FCM Clearing Member and (B) the Clearing House shall be permitted (in its sole and reasonable discretion) to scale an FCM Clearing Member's level of risk introduced to the Clearing House by such FCM Clearing Member in accordance with its level of net capital (and regardless of whether such FCM Clearing Member has adjusted net capital exceeding \$7,500,000 or \$50,000,000, as applicable); **provided, further, that** each FCM Clearing

Member or FCM Clearing Member applicant must maintain compliance with all regulatory financial requirements (whether relating to capital, equity, risk or otherwise) applicable to it, including without limitation the applicable requirements of CFTC Regulation 1.17 and Part 23 of the CFTC Regulations;

- (iii) maintain compliance with all regulatory financial requirements (whether relating to capital, equity, risk or otherwise) applicable to it, including without limitation the applicable requirements of CFTC Regulation 1.17 and Part 23 of the CFTC Regulations;
- (iv) have and maintain systems and personnel that are, in the judgment of the Clearing House, adequate to enable such FCM Clearing Member or applicant to satisfy its operational responsibilities, in accordance with the FCM Regulations and FCM Procedures and, without limitation, have the connectivity and capability to process the applicable FCM Transactions through an FCM Approved Trade Source System or an Exchange; ~~and~~
- (v) be in compliance with all applicable provisions of the FCM Rulebook and the FCM Default Fund Agreement, including but not limited to the requirement to contribute to the applicable default funds of the Clearing House in accordance with the FCM Rulebook; and
- (vi) be incorporated or otherwise organized under the laws of a State within the United States; ~~;~~

and, solely in the case of FCM Clearing Members that wish to clear FCM SwapClear Contracts and/or FCM ForexClear Contracts, additionally must:

- (vii) be able to successfully participate or demonstrate that it has: (A) an affiliated Non-FCM Clearing Member ~~(or, alternatively, a non-clearing member Affiliate that clears through the FCM Clearing Member)~~ that can successfully participate; or (B) an LCH Approved Outsourcing Agent that can successfully participate in a “fire drill” run by the Clearing House from time to time in respect of each Product cleared by such FCM Clearing Member. Each such “fire drill” shall involve submitting a bid for a notional portfolio of trades within a specific currency in a specified timeframe. Submission of a bid outside the timeframe specified by the Clearing House or submitting a bid that is unreasonable will constitute a failure of the “fire drill” and the applicant’s FCM Clearing Member application will not be approved;
- (viii) be able to participate or demonstrate that it has: (A) an affiliated Non-FCM Clearing Member ~~(or, alternatively, a non-clearing member Affiliate that clears through the FCM Clearing Member)~~ that can successfully participate; or (B) an LCH Approved Outsourcing Agent that can successfully participate in the Default Management Process operated by the Clearing House;
- (ix) in the event of a default, be able to receive from the Clearing House and process FCM Contracts and Non-FCM Contracts (of the type(s) that it is approved to clear), and any associated hedge trades, in ~~FpML (Financial product Markup Language)~~ FPML; and

- (x) have, within its corporate group, at least one banking institution, credit institution, securities firm, investment banking firm or similar entity licensed by the competent authorities of the United States or a member state of the European Union, or the equivalent of a banking institution, credit institution, securities firm, investment banking firm or similar entity licensed by the competent authorities of a country outside the United States and the European Union and which is subject to prudential rules considered by the Clearing House to be at least as stringent as those applicable to banking institutions, credit institutions, securities firms, investment banking firms or similar entities, as applicable, within the United States or the European Union.
- (d) Each FCM Clearing Member shall at all times continue to comply with and satisfy the qualifications and requirements set forth in FCM Regulation [34](#)(c) and shall promptly notify the Clearing House if it has breached or reasonably expects to breach any such qualifications or requirements.
- (e) Notwithstanding anything else contained in this FCM Regulation [34](#) or in the FCM Procedures, an applicant to become an FCM Clearing Member shall provide any additional documentation or information that is reasonably requested by the Clearing House in order to verify or substantiate the ability of such FCM Clearing Member applicant to satisfy its obligations under the FCM Rulebook or to satisfy its obligations as an FCM Clearing Member.

Regulation 4 — ~~FCM Client Business and FCM Client Account Segregation~~

REGULATION 5 RESIGNING AND RETIRING MEMBERS

- (a) An FCM Clearing Member may resign from a particular FCM Clearing Service upon giving no less than three months' written notice to the Clearing House by completing a Resignation Letter, a copy of which can be obtained from the Clearing House's Membership Department. Such resignation takes effect on the Resignation Effective Date, which is the later of: (i) the resignation date specified in the written notice to the Clearing House in relation to the relevant FCM Clearing Service; and (ii) the date on which all FCM Contracts registered in the Resigning Member's name on the relevant FCM Clearing Service have been closed out or transferred so as to ensure that there are no remaining open FCM Contracts in respect of the relevant FCM Clearing Service to which the Resigning Member is a party.
- (b) Upon the Clearing House being satisfied that the Resigning Member is not a Defaulter and that all obligations of the Resigning Member to which the relevant Collateral is capable of being applied in accordance with the FCM Rulebook have been irrevocably paid or discharged in full and that no such obligations are capable of arising, the Clearing House shall return or release any Collateral provided to the Clearing House for the purpose of collateralizing the Resigning Member's obligations in respect of the relevant FCM Clearing Service.
- (c) A Resigning Member other than a Defaulter who is resigning from a particular FCM Clearing Service shall be liable in respect of Aggregate Excess Losses relating to any Default which arises in the relevant FCM Clearing Service prior to the relevant Resignation Effective Date. In such circumstances, and as further provided in the Default Rules, the Resigning Member may be required to maintain some or all of its Contribution in connection with that FCM Clearing Service until after the completion of the default management process related to the relevant Default, notwithstanding that the relevant Resignation Effective Date might occur prior to such time.
- (d) An FCM Clearing Member must at all times be an FCM Clearing Member in respect of at least one FCM Clearing Service, and an FCM Clearing Member may not utilize the resignation process set out in paragraphs (a) to (c) above so as to resign from all (or all remaining) FCM Clearing Services in respect of which he is an FCM Clearing Member. Where an FCM Clearing Member wishes to cease being an FCM Clearing Member in respect of all (or all remaining) FCM Clearing Services, the retirement process set out in paragraphs (e) to (g) below should be used.
- (e) A Clearing Member may, in accordance with Section 17 of the FCM Clearing Membership Agreement and as further described in the FCM Procedures, retire from FCM Clearing Member status altogether upon giving no less than three months' written notice to the Clearing House. Retirement takes effect on the Retirement Effective Date, which is the later of: (i) the retirement date specified in the notice of retirement; and (ii) the date on which all FCM Contracts registered in the Retiring Member's name have been closed out or transferred so as to ensure that there are no remaining open FCM Contracts to which the Retiring Member is a party.
- (f) Upon the Clearing House being satisfied that the Retiring Member is not a Defaulter and that all obligations of the Retiring Member to which the relevant Collateral is

capable of being applied in accordance with the FCM Rulebook have been irrevocably paid or discharged in full and that no such obligations are capable of arising, the Clearing House shall return or release any Collateral provided to the Clearing House for the purpose of collateralizing the Resigning Member's obligations.

- (g) A Retiring Member other than a Defaulter shall be liable in respect of Aggregate Excess Losses relating to any Default which arises prior to the relevant Retirement Effective Date. In such circumstances, and as further provided in the Default Rules, the Retiring Member may be required to maintain some or all of its Contribution until after the completion of the default management process related to the relevant Default, notwithstanding that the Retirement Effective Date might occur prior to such time.
- (h) FCM Clearing Members should contact the Clearing House for further details on how to retire from FCM Clearing Member status or how to resign from a particular FCM Clearing Service.
- (i) The Clearing House may also, by giving no less than three months' written notice, require an FCM Clearing Member to retire from FCM Clearing Member status or to resign from one or more specific FCM Clearing Services. Following the service of such a notice, the relevant FCM Clearing Member will become a Retiring Member or a Resigning Member (as the case may be) and will be required to close out or transfer all FCM Contracts registered in its name or all FCM Contracts registered in its name in connection with the specified FCM Clearing Service or FCM Clearing Services, respectively, by the date specified in the relevant notice.
- (j) The arrangements for an FCM Clearing Member who is a Defaulter to resign from a particular FCM Clearing Service or retire from FCM Clearing Member status and for the return or release of the cover and the Contributions provided by such Defaulter to the Clearing House are as set out in the Default Rules, including, in particular, Default Rules 15 and 25.

REGULATION 6 SERVICE WITHDRAWAL

- (a) If at any time the Clearing House decides to withdraw part or the whole of an FCM Clearing Service it shall give not less than six months' notice in accordance with the FCM Procedures to all FCM Clearing Members participating in that FCM Clearing Service (for the purposes of this FCM Regulation 6, the "affected FCM Clearing Members") of the date on which the service will be withdrawn (the "Relevant Withdrawal Date"). The accidental omission by the Clearing House to give notice under this FCM Regulation 6 to, or the non-receipt of notice under this FCM Regulation 6 by, one or more affected FCM Clearing Members shall not invalidate the Relevant Withdrawal Date. Where only a part of an FCM Clearing Service is being withdrawn, notice need only be given to those FCM Clearing Members authorized or approved to participate in that part of the relevant FCM Clearing Service. If the Clearing House becomes aware that it has omitted to give notice under this FCM Regulation 6 to any affected FCM Clearing Member prior to the Relevant Withdrawal Date it will immediately notify the affected FCM Clearing Member of the Relevant Withdrawal Date in accordance with the applicable notice provisions.
- (b) Without prejudice to its rights under the Default Rules, any notice given under paragraph (a) above shall specify the nature of the service which the Clearing House will provide until the Relevant Withdrawal Date. Unless otherwise specified in the notice, and without prejudice to its rights under the Default Rules, the Clearing House will not, other than pursuant to action under the Default Rules or pursuant to the entering of offsetting/compressing trades in accordance with FCM Regulation 46(m), register an FCM Contract in respect of the relevant FCM Clearing Service (other than a Closing-out Contract) after notice to withdraw the applicable service(s) has been given under FCM Regulation 6(a).
- (c) If at the Relevant Withdrawal Date (or, in respect of the FCM ForexClear Clearing Service, the date falling five Business Days before the Relevant Withdrawal Date) an affected FCM Clearing Member has not closed out all open FCM Contracts in respect of the relevant FCM Clearing Service registered in its name, the Clearing House shall (in the case of a Relevant Withdrawal Date in respect of the FCM ForexClear Clearing Service, with five Business Days' notice to the affected FCM ForexClear Clearing Member) at its sole discretion, be entitled to:
- (i) liquidate any or all of such FCM Contracts and require such contracts to be cash settled at a price determined by the Clearing House; and/or
 - (ii) postpone the Relevant Withdrawal Date until such time as the Clearing House determines.

CHAPTER III - ACCOUNTS AND CLIENT CLEARING

REGULATION 7 FCM CLIENT BUSINESS AND FCM CLIENT ACCOUNT SEGREGATION

- (a) Subject to the provisions of these FCM Regulations, FCM Clearing Services may be provided by an FCM Clearing Member to its FCM Clients on any terms and conditions mutually agreed to by the FCM Clearing Member and the FCM Client; **provided, however**, that each FCM Clearing Member shall, before providing FCM Clearing Services to any FCM Client, ensure that it has entered into an agreement with that FCM Client, or an Addendum to an existing Agreement with such FCM Client, which, in either case, binds the FCM Client to the applicable provisions of the FCM Rulebook by direct reference to the FCM Rulebook or otherwise, and any such other provisions as shall be agreed from time to time between the Clearing House and FCM Clearing Members, or as may be prescribed by the Clearing House. Upon the registration of an FCM Contract at the applicable Registration Time on behalf of an FCM Client, both the FCM Clearing Member and the applicable FCM Client will be deemed to be bound by the relevant FCM Contract on the terms entered into between the FCM Clearing Member and the Clearing House automatically and without any further action by such FCM Clearing Member or FCM Client, which such terms shall, without limitation, incorporate all applicable terms of the FCM Rulebook and the applicable FCM Contract Terms.

Where an FCM Clearing Member offers or provides Client Clearing Services to an Affected Client, it must offer the following arrangement to that Affected Client: If the Affected Client elects EMIR Client Clearing, the FCM Clearing Member must, to the extent permitted and practicable under applicable law and regulations, procure the availability of EMIR Client Clearing for that Affected Client either through an affiliated Non-FCM Clearing Member or another Clearing Member.

- (b) **Book Entry Accounts = Swaps.**
- (i) With respect to each FCM Clearing Member, the Clearing House shall establish and maintain an FCM Omnibus Swaps Client Account with LCH on behalf of such FCM Clearing Member's FCM Clients with respect to each Swap Product for which such FCM Clearing Member clears FCM Contracts on behalf of its FCM Clients. FCM Clearing Services in respect of Swap Products may be provided by an FCM Clearing Member to its FCM Clients, and FCM Contracts may be registered by an FCM Clearing Member with the Clearing House on behalf of its FCM Clients only in an FCM Omnibus Swaps Client Account with LCH. Each such FCM Omnibus Swaps Client Account with LCH shall be treated as part of the Cleared Swaps Account Class and shall be considered a Cleared Swaps Customer Account for purposes of the CFTC Regulations. In accordance with CFTC Regulation 22.8, the situs of the FCM Omnibus Swaps Client Account with LCH shall be located in the United States.
- (ii) This paragraph applies to an FCM Clearing Member's FCM Omnibus Swaps Client Accounts with LCH. FCM Omnibus Swaps Client Accounts with LCH

shall be maintained and administered in accordance with the CEA and all applicable CFTC Regulations (including but not limited to Part 1, Part 22 and Part 190 of such Regulations, as applicable). In accordance with CFTC Regulation 22.15 (and subject to CFTC Regulation 22.3(d)), the Clearing House shall treat the value of all Collateral received from each FCM Clearing Member on behalf of an identified FCM Client in connection with Swap Products as belonging to each such individual FCM Client, and such amount shall not be used to margin, guarantee, or secure the FCM Contracts or other obligations of the applicable FCM Clearing Member, other FCM Clients or any other person, except as permitted under the FCM Rulebook (and not prohibited by the CEA or CFTC Regulations) or as permitted under Part 22 of the CFTC Regulations; **provided**, that the Clearing House shall be permitted to physically hold and commingle all Collateral and other cover deposited in any FCM Omnibus Swaps Client Account with LCH in a single physical depository account with a Permitted Depository.

- (iii) ~~(iii)~~—The Clearing House shall establish and maintain on its books and records an FCM Client Sub-Account in the name and on behalf of each FCM Client of an FCM Clearing Member, as a sub-account of each applicable FCM Omnibus Swaps Client Account with LCH maintained for such FCM Clearing Member. The Clearing House shall reflect on its books and records the FCM Contracts and Margin value attributable to each FCM Client Sub-Account; **provided**, that the books and records of the Clearing House in this regard shall be based solely on the information provided by the FCM Clearing Member, and the Clearing House shall have no obligation to verify any such information or to investigate independently any such information. Each FCM Client Sub-Account shall be considered to be part of the Cleared Swaps Customer Account Class solely for purposes of Part 190 of the CFTC Regulations. The Clearing House shall, in accordance with the provisions of FCM Regulation 7(h), establish and maintain on its books and records an FCM Buffer Sub-Account on behalf of each FCM Clearing Member and its FCM Clients, as a sub-account of each FCM Omnibus SwapClear Client Account with LCH, each FCM Omnibus ForexClear Client Account with LCH and each FCM Omnibus EnClear Client Account with LCH, maintained for each such FCM Clearing Member.
- (iv) An FCM Clearing Member shall provide the Clearing House with all information required under the FCM Procedures regarding Swap Products, Collateral and other FCM Swaps Client Funds held or furnished by such FCM Clearing Member for each of its FCM Clients and shall instruct the Clearing House as to the Swap Products and Collateral to be reflected in each applicable FCM Client Sub-Account, at such time and in such form as required under the FCM Procedures. In addition, an FCM Clearing Member shall, as soon as reasonably practicable following a request from the Clearing House, provide the Clearing House with any other information which the Clearing House may reasonably require in relation to the FCM Clients of the FCM Clearing Member, or the clearing of Swap Products by such FCM Clearing Member on behalf of its FCM Clients or on its own behalf.

(c) **Book Entry Accounts – Futures.**

- (i) With respect to each FCM Clearing Member, the Clearing House shall establish and maintain an FCM Omnibus Futures Client Account with LCH on behalf of such FCM Clearing Member's FCM Clients with respect to each Futures Product for which such FCM Clearing Member clears FCM Contracts on behalf of its FCM Clients. FCM Clearing Services in respect of Futures Products may be provided by an FCM Clearing Member to its FCM Clients, and FCM Contracts may be registered by an FCM Clearing Member with the Clearing House on behalf of its FCM Clients only in an FCM Omnibus Futures Client Account with LCH. Each such FCM Omnibus Futures Client Account with LCH shall be treated as part of the Futures Account Class for purposes of the CFTC Regulations.
- (ii) This paragraph applies to an FCM Clearing Member's FCM Omnibus Futures Client Accounts with LCH. FCM Omnibus Futures Client Accounts with LCH shall be maintained and administered in accordance with the CEA and all applicable CFTC Regulations (including but not limited to Part 1 and Part 190 of such Regulations, as applicable). In accordance with CFTC Regulation 1.20(b) (and subject to CFTC Regulation 1.25), the Clearing House shall treat the value of all Collateral received from each FCM Clearing Member on behalf of its FCM Clients in connection with Futures Products as belonging to such FCM Clients as a class, and such amount shall not be used to margin, guarantee, or secure the FCM Contracts or other obligations of the applicable FCM Clearing Member, FCM Clients of other FCM Clearing Members or any other person, except as permitted under the FCM Rulebook (and not prohibited by the CEA or CFTC Regulations) or as permitted under Part 1 or Part 190 of the CFTC Regulations; **provided**, that the Clearing House shall be permitted to physically hold and commingle all Collateral and other cover deposited in any FCM Omnibus Futures Client Account with LCH in a single physical depository account with a Permitted Depository.
- (iii) An FCM Clearing Member shall provide the Clearing House with all information required under the FCM Procedures regarding Futures Products, Collateral and other FCM Futures Client Funds held by such FCM Clearing Member for each of its FCM Clients. In addition, an FCM Clearing Member shall, as soon as reasonably practicable following a request from the Clearing House, provide the Clearing House with any other information which the Clearing House may reasonably require in relation to the FCM Clients of the FCM Clearing Member, or the clearing of Futures Products by such FCM Clearing Member on behalf of its FCM Clients or on its own behalf.
- (iv) Without limitation to FCM Regulation ~~47(c)(iii)~~, to the extent permitted under CFTC Regulation 39.13(g)(8)(i), each FCM Clearing Member shall report the gross FCM Contracts that are Futures Products of each of its individual FCM Clients to the Clearing House, unless the Clearing House expressly permits an FCM Clearing Member to instead report the sum of the gross positions in Futures Products in each applicable Business Category of FCM Contract of all of its FCM Clients on an omnibus basis to the Clearing House. Unless otherwise notified by FCM Clearing Member circular, receipt of position information generated by an Exchange with respect to FCM Contracts in Futures Products and provided by such Exchange to the Clearing House shall

be deemed to satisfy the FCM Clearing Member's obligation to report gross positions. The Clearing House will provide notice by FCM Clearing Member circular of its policies and procedures regarding the collection of reports described above, to the extent not already specified in the FCM Procedures, including any changes to such policies and procedures from time to time.

(d) **Depository Accounts – Swaps.**

- (i) Each FCM Clearing Member shall establish and maintain one or more FCM Swaps Client Segregated Depository Accounts on behalf of its FCM Clients, in accordance with applicable provisions of the CEA and the CFTC Regulations, including but not limited to Part 1, Part 22 and Part 190 of such Regulations, and as further set forth in this FCM Regulation [4.7](#). Each FCM Swaps Client Segregated Depository Account shall be maintained with a Permitted Depository in accordance with the CEA and the CFTC Regulations. The FCM Clearing Member may physically commingle FCM Swaps Client Funds of all of its FCM Clients (**provided** that such assets are deposited or held in connection with Cleared Swaps) relating to Swap Products in a single FCM Swaps Client Segregated Depository Account established and maintained in accordance with CFTC Regulations. No FCM Clearing Member shall physically commingle FCM Futures Client Funds in its FCM Swaps Client Segregated Depository Account. Each FCM Swaps Client Segregated Depository Account maintained by each FCM Clearing Member shall be treated as part of the Cleared Swaps Account Class and shall be considered a Cleared Swaps Customer Account for the purposes of the CFTC Regulations.
- (ii) The Clearing House shall establish and maintain an LCH Swaps Client Segregated Depository Account for all Swap Products on behalf of the FCM Clients, in accordance with applicable provisions of the CEA and the CFTC Regulations, as required, including but not limited to Part 1, Part 22 and Part 190 of such Regulations. Such LCH Swaps Client Segregated Depository Account shall be maintained with Permitted Depositories in accordance with the CEA and the CFTC Regulations, and the Clearing House may physically commingle all Collateral furnished on behalf of FCM Clients with respect to Swap Products in the LCH Swaps Client Segregated Depository Accounts in accordance with the CFTC Regulations. Such LCH Swaps Client Segregated Depository Account shall be maintained by the Clearing House separately from any and all assets of the FCM Clearing Members or assets of the Clearing House, and shall contain no assets other than Collateral furnished by FCM Clearing Members in connection with the clearing of Swap Products on behalf of their FCM Clients. Such LCH Swaps Client Segregated Depository Account maintained by the Clearing House shall be treated as part of the Cleared Swaps Account Class and shall be considered a Cleared Swaps Customer Account for the purposes of the CFTC Regulations. [In accordance with CFTC Regulation 22.8, the situs of the LCH Swaps Client Segregated Depository Account shall be located in the United States.](#)

(e) **Depository Accounts – Futures.**

- (i) Each FCM Clearing Member shall establish and maintain one or more FCM Futures Client Segregated Depository Accounts on behalf of its FCM Clients, in accordance with applicable provisions of the CEA and the CFTC Regulations, including but not limited to Part 1 and Part 190 of such Regulations, and as further set forth in this FCM Regulation [4.7](#). Each FCM Futures Client Segregated Depository Account shall be maintained with a Permitted Depository in accordance with the CEA and the CFTC Regulations. The FCM Clearing Member may physically commingle FCM Futures Client Funds of all of its FCM Clients (**provided** that such assets are deposited or held in connection with Futures Products) relating to Futures Products in a single FCM Futures Client Segregated Depository Account established and maintained in accordance with CFTC Regulations. No FCM Clearing Member shall physically commingle FCM Swap Client Funds in its FCM Futures Client Segregated Depository Account. Each FCM Futures Client Segregated Depository Account maintained by each FCM Clearing Member shall be considered a Futures Customer Account for the purposes of the CFTC Regulations.
- (ii) The Clearing House shall establish and maintain an LCH Futures Client Segregated Depository Account for all Futures Products on behalf of the FCM Clients, in accordance with applicable provisions of the CEA and the CFTC Regulations, as required, including but not limited to Part 1 and Part 190 of such Regulations. Such LCH Futures Client Segregated Depository Account shall be maintained with Permitted Depositories in accordance with the CEA and the CFTC Regulations, and the Clearing House may physically commingle all Collateral furnished on behalf of FCM Clients in connection with Futures Products in the LCH Futures Client Segregated Depository Accounts in accordance with the CFTC Regulations. Such LCH Futures Client Segregated Depository Account shall be maintained by the Clearing House separately from any and all assets of the FCM Clearing Members or assets of the Clearing House, and shall contain no assets other than Collateral furnished by FCM Clearing Members in connection with the clearing of Futures Products on behalf of their FCM Clients. Such LCH Futures Segregated Depository Account maintained by the Clearing House shall be treated as part of the Futures Account Class for the purposes of the CFTC Regulations.
- (f) **Notice of Deficiency in FCM Client Segregated Depository Accounts.** Whenever an FCM Clearing Member knows or should know that the aggregate amount of funds on deposit in one of its FCM Client Segregated Depository Accounts is less than the total amount of such funds required by the CEA, CFTC Regulations and/or the FCM Rulebook to be on deposit, the FCM Clearing Member must report such deficiency immediately by telephone notice, confirmed immediately in writing by facsimile notice, to the Clearing House and the principal office of the CFTC in Washington, DC, to the attention of the Director and the Chief Accountant of the Division of Clearing and Intermediary Oversight, and, if the FCM Clearing Member is a securities broker or dealer, to the Securities and Exchange Commission, in accordance with 17 C.F.R. § 240.17a-11.
- (g) **Segregation of FCM Swap Client Funds.**

- (i) This paragraph (g) applies to any account that reflects Swap Products cleared by an FCM Clearing Member on behalf of its FCM Clients and/or that reflects funds related thereto.
- (ii) With respect to FCM Client Funds deposited in connection with FCM Transactions and FCM Contracts in Swap Products:
 - (A) all such FCM Swaps Client Funds shall be separately accounted for and segregated by the relevant FCM Clearing Member as belonging to FCM Clients and shall be held in its FCM Swaps Client Segregated Depository Account in accordance with Section 4d(f) of the CEA and the CFTC Regulations, including Part 22 of such Regulations;
 - (B) all such FCM Swaps Client Funds must be held by the applicable Clearing Member or deposited with a Permitted Depository, and such FCM Swaps Client Funds shall be deposited under an account name which complies with the requirements of CFTC Regulation 22.6 and shows that they are segregated as required by the FCM Rulebook and Part 22 of the CFTC Regulations; and
 - (C) each FCM Clearing Member shall obtain and retain in its files for the period provided in CFTC Regulation 1.31 a written acknowledgment, in accordance with CFTC Regulations 22.5, 1.20 or 1.26 (as applicable) from such Permitted Depository that it was informed that such FCM Swaps Client Funds deposited in the FCM Swaps Client Segregated Depository Accounts maintained by such Permitted Depository for the FCM Clearing Member are those of FCM Clients and are being held in accordance with the provisions of the CEA, CFTC Regulations and the FCM Rulebook.
- (iii) All Collateral held or maintained by the Clearing House to purchase, margin, guarantee, secure or settle Swap Products of the FCM Clearing Member's FCM Clients and all money accruing to such FCM Clients as the result of trades, contracts or transactions so carried shall be separately accounted for and segregated as belonging to such FCM Clients, and held in the applicable LCH Swaps Client Segregated Depository Account, in accordance with Section 4d(f) of the CEA and the CFTC Regulations, and the Clearing House shall not hold, use or dispose of such Collateral except as belonging to such FCM Clients. Without limitation, all such Collateral shall be reflected in the appropriate FCM Omnibus Swaps Client Account with LCH. All such Collateral deposited by the Clearing House with a Permitted Depository shall be deposited under an account name which complies with the requirements of CFTC Regulation 22.6 and shows that such Collateral is segregated as required by the CEA, the CFTC Regulations and the FCM Rulebook. The Clearing House shall obtain and retain in its files for the period provided by CFTC Regulation 1.31, a written acknowledgment, in accordance with CFTC Regulations 22.5, 1.20 or 1.26 (as applicable), from such Permitted Depository that it was informed that the Collateral deposited in any LCH Swaps Client Segregated Depository Accounts maintained by LCH in connection with Swap Products are those of FCM Clients of FCM Clearing Members and are being

held in accordance with the provisions of the CEA, the CFTC Regulations and the FCM Rulebook.

- (iv) Each FCM Clearing Member shall treat and deal with FCM Swaps Client Funds as belonging to such FCM Client on whose behalf such FCM Client Funds are deposited. All FCM Client Funds held in connection with Swap Products or other Cleared Swaps shall be separately accounted for, and shall not be commingled with the money, securities or property of an FCM Clearing Member or of any other person, or be used to secure or guarantee the trades, contracts or transactions, or to secure or extend the credit, of any person other than the one for whom the same are held; **provided**, that all FCM Swaps Client Funds may be physically commingled (although separately accounted for in accordance with these FCM Regulations), subject to and in accordance with the CEA, the CFTC Regulations and the FCM Rulebook; **provided, further**, that FCM Client Funds may be invested in accordance with FCM Regulation [47](#)(n) and CFTC Regulation 1.25.
 - (v) In no event may FCM Swaps Client Funds (deposited or held in connection with FCM Transactions resulting in, and FCM Contracts that are, Swap Products) be held or commingled and deposited with (A) FCM Futures Client Funds; (B) money, securities or property representing the foreign futures or foreign options secured amount held in accordance with CFTC Regulation 30.7; or (C) any other money securities or property required to be segregated and separately accounted for under Section 4d of the CEA.
 - (vi) The Clearing House is required to maintain an FCM Omnibus Swaps Client Account with LCH for each FCM Clearing Member in respect of each Business Category of FCM Contract consisting of Swap Products in which such FCM Clearing Member is approved by the Clearing House to clear such Business Category of FCM Contract; **provided**, that an FCM Clearing Member is permitted to physically commingle all FCM Swaps Client Funds in a single FCM Swaps Client Segregated Depository Account.
 - (vii) In accordance with CFTC Regulation 22.15 (and subject to CFTC Regulation 22.3(d)), the Clearing House shall treat the Margin [value](#) attributable to an FCM Client in connection with Swap Products as belonging to each such individual FCM Client, and such amount shall be credited to such FCM Client's applicable FCM Client Sub-Account as provided in the FCM Rulebook, and shall not be used to margin, guarantee, or secure the FCM Contracts or other obligations of the applicable FCM Clearing Member, other FCM Clients or any other person, except as permitted under the FCM Rulebook (and not prohibited by the CEA or CFTC Regulations) or as permitted under Part 22 of the CFTC Regulations. For the avoidance of doubt, and notwithstanding anything to the contrary in the FCM Rulebook, the Clearing House is under no obligation to deal directly with any FCM Client (under the terms of the FCM Rulebook or otherwise) and the Clearing House may deal exclusively with the FCM Clearing Members, and the Clearing House shall have no obligations to any FCM Client under the FCM Rulebook.
- (h) **Segregation of FCM Futures Client Funds.**

- (i) This paragraph (h) applies to any account that reflects Futures Products cleared by an FCM Clearing Member on behalf of its FCM Clients and/or that reflects funds related thereto.
- (ii) With respect to FCM Futures Client Funds deposited in connection with FCM Transactions and FCM Contracts in Futures Products:
 - (A) all such FCM Futures Client Funds shall be separately accounted for and segregated by the relevant FCM Clearing Member as belonging to FCM Clients and shall be held in its FCM Futures Client Segregated Depository Account in accordance with Sections 4d(a) of the CEA and the CFTC Regulations, including Part 1 of such Regulations;
 - (B) all such FCM Futures Client Funds must be held by the applicable FCM Clearing Member or deposited with a Permitted Depository, and such FCM Futures Client Funds shall be deposited under an account name which complies with the requirements of CFTC Regulation 1.20 and indicates that they are segregated as required by the FCM Rulebook and Part 1 of the CFTC Regulations; and
 - (C) each FCM Clearing Member shall obtain and retain in its files for the period provided in CFTC Regulation 1.31 a written acknowledgment, in accordance with CFTC Regulations 1.20 or 1.26 (as applicable) from such Permitted Depository that it was informed that such FCM Futures Client Funds deposited in the FCM Futures Client Segregated Depository Accounts maintained by such Permitted Depository for the FCM Clearing Member are those of FCM Clients and are being held in accordance with the provisions of the CEA, CFTC Regulations and the FCM Rulebook.
- (iii) All Collateral held or maintained by the Clearing House to purchase, margin, guarantee, secure or settle Futures Products of the FCM Clearing Member's FCM Clients and all money accruing to such FCM Clients as the result of trades, contracts or transactions so carried shall be separately accounted for and segregated as belonging to such FCM Clients, and held in the applicable LCH Futures Client Segregated Depository Account, in accordance with ~~Sections~~[Section](#) 4d(a) of the CEA and the CFTC Regulations, and the Clearing House shall not hold, use or dispose of such Collateral except as belonging to such FCM Clients. Without limitation, the value of all such Collateral shall be reflected in the appropriate FCM Omnibus Futures Client Account with LCH. All such Collateral deposited by the Clearing House with a Permitted Depository, shall be deposited under an account name which complies with the requirements of CFTC Regulation 1.20 and shows that such Collateral is segregated as required by the CEA, the CFTC Regulations and the FCM Rulebook. The Clearing House shall obtain and retain in its files for the period provided by CFTC Regulation 1.31, a written acknowledgment, in accordance with CFTC Regulations 1.20 or 1.26 (as applicable), from such Permitted Depository that it was informed that the Collateral deposited in any LCH Futures Client Segregated Depository Accounts maintained by LCH in connection with Futures Products are those of FCM Clients of FCM Clearing

Members and are being held in accordance with the provisions of the CEA, the CFTC Regulations and the FCM Rulebook.

- (iv) Each FCM Clearing Member shall treat and deal with FCM Futures Client Funds as belonging to such FCM Client on whose behalf such FCM Client Funds are deposited. All FCM Client Funds held in connection with Futures Products or other Futures/Options Contracts shall be separately accounted for, and shall not be commingled with the money, securities or property of an FCM Clearing Member or of any other person, or be used to secure or guarantee the trades, contracts or transactions, or to secure or extend the credit, of any person other than the one for whom the same are held; **provided**, that all FCM Futures Client Funds may be physically commingled (although separately accounted for in accordance with these FCM Regulations), subject to and in accordance with the CEA, the CFTC Regulations and the FCM Rulebook; **provided, further**, that FCM Futures Client Funds may be invested in accordance with FCM Regulation [47](#)(n) and CFTC Regulation 1.25.
 - (v) In no event may FCM Futures Client Funds (deposited or held in connection with FCM Transactions resulting in, and FCM Contracts that are, Futures Products) be held or commingled and deposited with (A) FCM Swaps Client Funds; (B) money, securities or property representing the foreign futures or foreign options secured amount held in accordance with CFTC Regulation 30.7; or (C) any other money securities or property required to be segregated and separately accounted for under Section 4d of the CEA.
 - (vi) The Clearing House is required to maintain an FCM Omnibus Futures Client Account with LCH for each FCM Clearing Member in respect of each Business Category of FCM Contract consisting of Futures Products in which such FCM Clearing Member is approved by the Clearing House to clear such Business Category of FCM Contract; **provided**, that an FCM Clearing Member is permitted to physically commingle all FCM Futures Client Funds in a single FCM Futures Client Segregated Depository Account.
- (i) **Care of Money and Securities Accruing to FCM Clients.**
- (i) All money received directly or indirectly by, and all money and securities accruing to, an FCM Clearing Member from the Clearing House or from any FCM Clearing Member or from any other person incident to or resulting from any FCM Contract cleared by such FCM Clearing Member on behalf of any FCM Client shall be considered as accruing to such FCM Client within the meaning of the FCM Rulebook. Such money and securities shall be treated and dealt with as belonging to such FCM Client in accordance with the provisions of the CEA, CFTC Regulations and the FCM Rulebook.
 - (ii) With respect to Swap Products, the value of money and securities accruing in connection with Swap Products in an FCM Omnibus Swaps Client Account with LCH attributable to an individual FCM Client shall be separately credited to the relevant FCM Client Sub-Account of such FCM Client.

- (iii) With respect to Futures Products, the value of money and equities accruing in connection with Futures Products in an FCM Omnibus Futures Client Account with LCH need not be separately credited by the Clearing House to individual accounts therein but may be treated and dealt with as belonging undivided to all such FCM Clients having positions in Futures Products through the FCM Clearing Member which if closed would result in a credit to such FCM Clients.
- (j) **Use of FCM Swaps Client Funds Restricted.**
- (i) No FCM Clearing Member shall use, or permit the use of, FCM Swaps Client Funds to purchase, margin, or settle the trades, contracts or transactions of, or to secure or extend the credit of, any person other than its FCM Clients. FCM Swaps Client Funds held in an FCM Swaps Client Segregated Depository Account shall not be used to carry trades or positions other than in connection with (A) Swap Products or (B) other Cleared Swaps.
 - (ii) FCM Client Funds held in an FCM Swaps Client Segregated Depository Account that are deposited by a specific FCM Client shall not be used to purchase, margin or settle any Swap Product, Cleared Swap or other trade or contract of, or to secure or extend the credit of, any person other than such FCM Client.
- (k) **Use of FCM Futures Client Funds Restricted.**
- (i) No FCM Clearing Member shall use, or permit the use of, FCM Futures Client Funds to purchase, margin, or settle the trades, contracts or transactions of, or to secure or extend the credit of, any person other than its FCM Clients. FCM Futures Client Funds held in an FCM Futures Client Segregated Depository Account shall not be used to carry trades or positions other than in connection with (A) Futures Products or (B) other Futures/Options Contracts.
 - (ii) FCM Client Funds held in an FCM Futures Client Segregated Depository Account that are deposited by a specific FCM Client shall not be used to purchase, margin or settle any Futures Product, Futures/Options Contracts or other trade or contract of, or to secure or extend the credit of, any person other than such FCM Client.
- (l) **Interest of FCM Clearing Members in FCM Client Funds; Additions and Withdrawals.** FCM Regulation [47\(g\)](#) and FCM Regulation [47\(h\)](#), which prohibit the commingling of any FCM Client Funds with the funds or assets of an FCM Clearing Member, shall not be construed to prevent an FCM Clearing Member from having a residual financial interest in FCM Client Funds, segregated as required under Section 4d the CEA, the CFTC Regulations and the FCM Rulebook and set apart for the benefit of FCM Clients; nor shall such provisions be construed to prevent an FCM Clearing Member from adding to FCM Client Funds in an FCM Client Segregated Depository Account such amount or amounts of money, from its own funds or unencumbered securities from its own inventory of the type permitted under FCM Regulation [47\(n\)](#), as it may deem necessary to ensure that such FCM Client Segregated Depository Account holds at all times, at a minimum, an amount equal to

the amount required by the CEA, CFTC Regulations and the FCM Rulebook. The books and records of an FCM Clearing Member shall at all times accurately reflect its interest in the segregated FCM Client Funds. An FCM Clearing Member may draw upon FCM Client Funds in the relevant FCM Client Segregated Depository Account to its own order, to the extent of its actual interest therein, including the withdrawal of securities held in such FCM Client Segregated Depository Account; **provided**, that any such withdrawals do not result in any such account holding less in segregated FCM Client Funds than such account is required to contain at such time.

- (m) **Funds Held in FCM Client Segregated Depository Accounts; Exclusions Therefrom.** Money held in an FCM Swaps Client Segregated Depository Account or an FCM Futures Client Segregated Depository Account by an FCM Clearing Member shall not include (i) money invested in obligations or stocks of any clearing organization or in memberships in or obligations of any contract market or (ii) money held by any clearing organization which may be used for a purpose other than to purchase, margin, guarantee, secure, transfer, adjust, or settle the FCM Contracts of the FCM Clients of such FCM Clearing Member.
- (n) **Investments of FCM Client Funds.** An FCM Clearing Member may invest FCM Client Funds as permitted by and in accordance with the terms and conditions set forth in CFTC Regulation 1.25. The Clearing House may invest Collateral held on behalf of FCM Clients in U.S. Treasury ~~securities~~ [Securities](#) (in accordance with the FCM Procedures) as permitted by and in accordance with the terms and conditions set forth in CFTC Regulation 1.25; and subject to all other applicable laws and regulations, including Articles 43, 45 and Annex II of Commission Delegated Regulation (EU) No 153/2013-201. [Any investment of FCM Client Funds by the Clearing House shall also comply with any other applicable requirements under applicable law, including the applicable requirements set out in Regulation \(EU\) No 648/2012 of European Parliament and the Council of 4 July 2012 on OTC derivatives, central counterparties and trade repositories \(including, in particular, Article 47 of such Regulation\) and in the relevant provisions of Commission Delegated Regulation \(EU\) No. 153/2013 of 19 December 2012.](#)
- (o) **Deposit of Instruments Purchased with FCM Client Funds.**
- (i) Each FCM Clearing Member that invests FCM Client Funds in instruments permitted under FCM Regulation ~~47~~(n) shall separately account for such instruments and segregate such instruments as belonging to such FCM Clients, to the extent required under the CEA and the CFTC Regulations. Such instruments, when deposited with a Permitted Depository, shall be deposited under an account name which clearly shows that they belong to FCM Clients and are segregated as required by the CEA, CFTC Regulations and the FCM Rulebook. Each FCM Clearing Member, upon opening an FCM Swaps Client Segregated Depository Account or FCM Futures Client Segregated Depository Account, as the case may be, shall obtain and retain in its files an acknowledgment from such Permitted Depository that it was informed that the instruments belong to FCM Clients and are being held in accordance with the CEA and CFTC Regulations. Such acknowledgment shall be retained in accordance with CFTC Regulation 1.31. Such Permitted Depository shall

allow inspection of the records of such assets at any reasonable time by representatives of the Clearing House.

- (ii) When it invests money belonging or accruing to FCM Clients of its FCM Clearing Members in instruments permitted under FCM Regulation 47(n), the Clearing House shall separately account for such instruments and segregate such instruments as belonging to such FCM Clients; **provided**, that any such instruments may be held in commingled accounts other on behalf of all applicable FCM Clients of all FCM Clearing Members, at one or more Permitted Depositories. Such instruments, when deposited with Permitted Depository, shall be deposited under an account name which will clearly show that they belong to FCM Clients and are segregated as required by the CEA, CFTC Regulations and the FCM Rulebook. Upon opening any such account, the Clearing House shall obtain and retain in its files a written acknowledgment from such Permitted Depository that it was informed that the instruments belong to FCM Clients of FCM Clearing Members and are being held in accordance with the provisions of the CEA and CFTC Regulations. Such acknowledgment shall be retained in accordance with CFTC Regulation 1.31. Such Permitted Depository shall allow inspection of such instruments at any reasonable time by representatives of the Clearing House.

(p) **Record of Investments.**

- (i) Each FCM Clearing Member that invests FCM Client Funds shall keep a record showing the following:
 - (A) The date on which such investments were made;
 - (B) The name of the person through whom such investments were made;
 - (C) The amount of money or current market value of securities so invested;
 - (D) A description of the instruments in which such investments were made, including the CUSIP or ISIN numbers;
 - (E) The identity of the depositories or other places where such instruments are held;
 - (F) The date on which such investments were liquidated or otherwise disposed of and the amount of money or current market value of securities received of such disposition, if any;
 - (G) The name of the person to or through whom such investments were disposed of; and
 - (H) Daily valuation for each instrument and readily available documentation supporting the daily valuation for each instrument. Such supporting documentation must be sufficient to enable auditors to verify the valuations and the accuracy of any information from external sources used in those valuations.

- (ii) When the Clearing House receives documents from its FCM Clearing Members representing or evidencing investment of FCM Client Funds, the Clearing House shall keep a record showing separately for each clearing member the following:
 - (A) The date on which such documents were received from the clearing member;
 - (B) A description of such documents, including the CUSIP or ISIN numbers; and
 - (C) The date on which such documents were returned to the clearing member or the details of disposition by other means.
- (iii) Such records shall be retained in accordance with CFTC Regulation ~~4.34~~1.31 and other applicable law, including, with respect to the Clearing House, Regulation (EU) No 648/2012 of European Parliament and the Council of 4 July 2012 (including the requirement to maintain records for a period of ten years). No such investments shall be made except in instruments permitted under FCM Regulation 47(n).
- (q) **Valuation of Instruments Purchased with FCM Client Funds.** FCM Clearing Members who invest FCM Client Funds in instruments permitted under FCM Regulation 47(n) shall include such instruments in the records and reports for their FCM Client Segregated Depository Accounts at values which at no time exceed their then current market value, determined as of the close of the market on the date for which such computation is made.
- (r) **Increment or Interest Resulting from Investment of FCM Client Funds.** The investment of FCM Client Funds in instruments permitted under FCM Regulation 47(n) shall not prevent the FCM Clearing Member or the Clearing House so investing such funds from receiving and retaining as its own any increment or interest resulting therefrom.
- (s) **FCM Swaps Client Segregated Depository Accounts; Daily Computation and Record.**
 - (i) Each FCM Clearing Member must compute as of the close of the previous Business Day:
 - (A) the aggregate amount of FCM Swaps Client Funds on deposit in its FCM Swaps Client Segregated Depository Accounts on behalf of FCM Clients, including the amount attributable to each individual FCM Client;
 - (B) the amount of such FCM Client Funds required by the CEA, CFTC Regulations and the FCM Rulebook to be on deposit in its FCM Swaps Client Segregated Depository Accounts on behalf of such FCM Clients, including the amount attributable to each individual FCM Client; and

- (C) the amount of the FCM Clearing Member's residual interest in such FCM Client Funds.
- (ii) In computing the aggregate amount of funds required to be in its FCM Swaps Client Segregated Depository Accounts, an FCM Clearing Member may offset any net deficit in a particular FCM Client's account against the then current market value of readily marketable securities, less applicable percentage deductions (*i.e.*, "securities haircuts") as set forth in Rule 15c3-1(c)(2)(vi) of the Securities and Exchange Commission (17 CFR § 241.15c3-1(c)(2)(vi)), held for the same customer's account. The FCM Clearing Member must maintain a security interest in the securities, including a written authorization to liquidate the securities at the FCM Clearing Member's discretion, and must segregate the securities in a safekeeping account with a Permitted Depository. For purposes of this section, a security will be considered readily marketable if it is traded on a "ready market" as defined in Rule 15c3-1(c)(11)(i) of the Securities and Exchange Commission (17 CFR § 240.15c3-1(c)(11)(i)).
- (iii) The daily computations required by this FCM Regulation [47](#) must be completed by the FCM Clearing Member prior to 12:00 hours (London time) on the next Business Day and must be kept, together with all supporting data, in accordance with the requirements of CFTC Regulation 1.31.
- (t) **FCM Futures Client Segregated Depository Accounts; Daily Computation and Record.**
 - (i) Each FCM Clearing Member must compute as of the close of the previous Business Day:
 - (A) the aggregate amount of FCM Futures Client Funds on deposit in its FCM Futures Client Segregated Depository Accounts on behalf of FCM Clients;
 - (B) the amount of such FCM Futures Client Funds required by the CEA, CFTC Regulations and the FCM Rulebook to be on deposit in its FCM Futures Client Segregated Depository Accounts on behalf of such FCM Clients; and
 - (C) the amount of the FCM Clearing Member's residual interest in such FCM Futures Client Funds.
 - (ii) In computing the aggregate amount of FCM Futures Client Funds required to be in its FCM Futures Client Segregated Depository Accounts, an FCM Clearing Member may offset any net deficit in a particular FCM Client's account against the then current market value of readily marketable securities, less applicable percentage deductions (*i.e.*, "securities haircuts") as set forth in Rule 15c3-1(c)(2)(vi) of the Securities and Exchange Commission (17 CFR § 241.15c3-1(c)(2)(vi)), held for the same customer's account. The FCM Clearing Member must maintain a security interest in the securities, including a written authorization to liquidate the securities at the FCM Clearing Member's discretion, and must segregate the securities in a safekeeping account with a Permitted Depository. For purposes of this section, a security

will be considered readily marketable if it is traded on a “ready market” as defined in Rule 15c3–1(c)(11)(i) of the Securities and Exchange Commission (17 CFR § 240.15c3–1(c)(11)(i)).

- (iii) The daily computations required by this FCM Regulation [47](#) must be completed by the FCM Clearing Member prior to 12:00 hours (London time) on the next Business Day and must be kept, together with all supporting data, in accordance with the requirements of CFTC Regulation 1.31.
- (u) **Classification of Customer Property by an FCM Clearing Member.** In accordance with CFTC Regulation 1.36(a), each FCM Clearing Member shall maintain, as provided in CFTC Regulation 1.31, a record of all securities and property received from FCM Clients in lieu of money to margin, purchase, guarantee or settle the cleared FCM Contracts of such FCM Clients. Such record shall show separately for each FCM Client:
 - (i) a description of the securities or property received;
 - (ii) the name and address of such FCM Client;
 - (iii) the dates when the securities or property were received;
 - (iv) the identity of the Permitted Depositories or other places where such securities or property are segregated;
 - (v) the dates of deposits and withdrawals from such Permitted Depositories; and
 - (vi) and the dates of return of such securities or property to such FCM Client, or other disposition thereof, together with the facts and circumstances of such other disposition.

In the event an FCM Clearing Member deposits with the Clearing House, directly or with a Permitted Depository acting as custodian for the Clearing House, securities or property which belong to a particular FCM Client, such FCM Clearing Member shall obtain written acknowledgment from the Clearing House that the Clearing House was informed that such securities or property belong to FCM Clients of such FCM Clearing Member. Such acknowledgment shall be retained as provided in § 1.31.

- (v) **Classification of Customer Property by the Clearing House.** In accordance with CFTC Regulation 1.36(b), the Clearing House, in respect to the receipt from FCM Clearing Member of securities or property belonging to particular FCM Clients of such FCM Clearing Member in lieu of money to margin, purchase, guarantee, or secure FCM Contracts cleared on behalf of such FCM Clients, or receives notice that any such securities or property have been received by a Permitted Depository acting as custodian for the Clearing House, shall maintain, as provided in CFTC Regulation 1.31, a record which will show separately for each FCM Clearing Member:
 - (i) the dates when such securities or property were received;
 - (ii) the identity of the Permitted Depositories or other places where such securities or property are segregated; and

- (iii) the dates such securities or property were returned to the relevant FCM Clearing Member, or otherwise disposed of, together with the facts and circumstances of such other disposition including the authorization therefor.
- (w) **CFTC Regulations.** Without limitation of any other provisions of the FCM Rulebook, FCM Clearing Members shall at all times comply in all respects with the applicable provisions of Part 1, Part 22 and Part 190 of the CFTC Regulations, as well as any other applicable CFTC Regulations, including as provided in FCM Regulation [47](#)(x).
- (x) **Change in Law or Regulations.** The Clearing House shall enforce the rules set forth in this FCM Regulation [47](#) (and set forth in these FCM Regulations generally) at all times in accordance with and subject to the CEA and the CFTC Regulations. In the event that a change in law or in the CFTC Regulations occurs but has not yet been reflected appropriately in the FCM Rulebook, the CFTC Regulations (to the extent compliance therewith has become mandatory under CFTC Regulations) and applicable law will prevail, the provisions of this FCM Rulebook shall be deemed to be modified accordingly and the Clearing House will enforce these FCM Regulations in accordance with the CFTC Regulations and applicable law.

~~Regulation 1 — Regulation 5 — Proprietary Accounts and Trading~~REGULATION 8 PROPRIETARY ACCOUNTS AND TRADING

- (a) If and to the extent permitted in the FCM Procedures, FCM Clearing Members shall be permitted to ~~enter into and clear FCM Contracts for their own account or accounts of their Affiliates, in each case~~ clear FCM Transactions entered into by them through their Proprietary Accounts. ~~An FCM Clearing Member wishing to provide FCM Clearing Services to Affiliates shall enter into an agreement with each such Affiliate, or an Addendum to an existing agreement which, in either case, binds the Affiliate to the applicable provisions of the FCM Rulebook by direct reference to the FCM Rulebook or otherwise, and any such other provisions as shall be agreed from time to time between the FCM Clearing Member and the Affiliate, or as may be prescribed by the Clearing House. An FCM Clearing Member providing FCM Clearing Services to its Affiliates shall notify the Clearing House of any such Affiliates and the Products cleared for such Affiliates.~~
- (b) This paragraph applies to an FCM Clearing Member's Proprietary Accounts. In the event that more than one Proprietary Account is opened in respect of an FCM Clearing Member, the Clearing House shall have the right to combine or consolidate the balances on any or all of the FCM Clearing Member's Proprietary Accounts, treat all such accounts as a single account and set off any amount or amounts standing from time to time to the credit of any one or more of such accounts in or towards payment or satisfaction of all or any of the FCM Clearing Member's liabilities to the Clearing House on any one or more of such accounts, or in or towards payment or satisfaction of any other obligations of the FCM Clearing Member to the Clearing House, ~~including but not limited to, obligations;~~ provided, that no amount standing to the credit of any such an account shall be applied in or towards payment or satisfaction of any obligations of the FCM Clearing Member to the Clearing House arising in connection with FCM Client Business, except (i) in the case of Excess Margin or (ii) in respect of an FCM Clearing Member, which is a Defaulter, in accordance with Rule 8(d) of the Default Rules.

Regulation 6 — ~~Certain General Provisions Applicable to Accounts~~**REGULATION 9 CERTAIN GENERAL PROVISIONS APPLICABLE TO ACCOUNTS**

- (a) Each FCM Clearing Member shall maintain appropriate books and records identifying all pertinent information regarding: (i) its FCM Clients ~~and any Affiliates~~ for which it provides FCM Clearing Services ~~and regarding trades made on its own behalf through its Proprietary Account;~~ (ii) the FCM Contracts cleared for such FCM Clients, Affiliates, or on its own behalf, and its FCM Clients; (iii) FCM Contracts cleared in its Proprietary Account; and (iv) the Collateral and Margin balance in respect of ~~such~~ each type of cleared FCM Contracts described in (i) – (iii), subject to the provisions of the following paragraph (e). Without limitation of the foregoing, each FCM Clearing Member shall ensure that its books and records accurately reflect at all times the FCM Contracts and the value of ~~the~~ any Collateral attributed to each FCM Omnibus Client Account with LCH and ~~to~~ each FCM Client Sub-Account therein (where applicable) for the relevant FCM Clients.
- (b) No FCM Clearing Member may withdraw any amount from any of its FCM Omnibus Client Accounts with LCH or its Proprietary Account if such withdrawal would cause the account's Margin balance to be less than the Required Margin then attributable to such FCM Omnibus Client Account with LCH or to such Proprietary Account, as applicable, as determined by the Clearing House in accordance with the provisions of the FCM Rulebook; **provided, that,** the Clearing House may prohibit an FCM Clearing Member from withdrawing any amount from any of its Proprietary Account(s) if the FCM Client Sub-Account Balance in any of its FCM Client Sub-Accounts would be less than the Required Margin then attributable to any such FCM Client Sub-Account and there is an insufficient amount of FCM Buffer (within the applicable FCM Omnibus Swaps Client Account with LCH) available to offset any such deficiencies.
- (c) Accounts shall be opened between each FCM Clearing Member and the Clearing House in accordance with the FCM Procedures. An FCM Clearing Member shall be responsible to the Clearing House for all obligations owed to the Clearing House in respect of every account opened in respect of such FCM Clearing Member.
- (d) Amounts standing to the credit of an FCM Clearing Member's account relating to Contributions made under the Default ~~Fund~~ Rules may be applied as provided for in the Default ~~Fund~~ Rules.
- (e) Any rights of set-off, combination of accounts or appropriation which the Clearing House may have under these FCM Regulations or otherwise shall apply whether or not accounts are denominated in the same currency.
- (f) Interest calculated on a basis determined from time to time by the Clearing House in accordance with the FCM Procedures may at the Clearing House's discretion (but subject to the provisions of the Default ~~Fund~~ Rules) be paid, or, in the case of

negative interest rates, be charged, on amounts standing to the credit of any of the FCM Clearing Member's accounts.

- (g) Debit balances due to the Clearing House on any account opened in respect of an FCM Clearing Member are payable by such FCM Clearing Member on demand and interest may at the Clearing House's discretion be charged on debit balances remaining unpaid (whether or not demand for payment is made) on a basis and at a rate determined from time to time by the Clearing House in accordance with the FCM Procedures.
- (h) Subject to the provisions of the Default-Fund Rules, the Clearing House may at its absolute discretion alter the basis of calculating interest rates and such alteration shall be effective in respect of all current and future business on the date notified to FCM Clearing Members in accordance with the FCM Procedures.
- (i) If an FCM Clearing Member specifies a Termination Date under FCM ~~Regulation 24A~~, Regulation 37, the FCM Clearing Member shall be entitled to set off any or all amounts (whether present or future, liquidated or unliquidated, actual or contingent) due as between the Clearing House and the FCM Clearing Member; to the extent permitted under applicable law, provided, however, that in accordance with ~~these~~ the FCM Regulations Rulebook, including FCM ~~Regulation 4~~, Regulation 7, and applicable law, an FCM Clearing Member's obligations to the Clearing House (~~other than solely in respect of the obligations of its FCM Clients~~) may never be set off with amounts in ~~FCM Client Segregated Depository Accounts~~ or owed with respect to an FCM Client Sub-Account, except for obligations solely in respect of that FCM Client Sub-Account or another FCM Client Sub-Account of the same FCM Client.
- (j) Where a payment has been made to the Clearing House by an FCM Clearing Member through the relevant account(s), that payment will only be credited to the account of the applicable FCM Clearing Member with the Clearing House if it (i) is paid into an account of the Clearing House with an institution which is solvent, (ii) that institution has performed its concentration function (being the transfer of net funds from the institution to a central account in the name of the Clearing House) and (iii) that institution has made any relevant payments to other FCM Clearing Members on the date when the payment was due to be received by the Clearing House.

(k)

REGULATION 10 ACKNOWLEDGEMENTS AND AGREEMENTS OF FCM CLIENTS

Each FCM Client, by participating in FCM Transactions and entering FCM Contracts through its respective FCM Clearing Member(s), shall be deemed to understand, acknowledge and agree that:

- (a) the services provided by the Clearing House with regard to the FCM Clearing Services will be subject to and governed by the FCM Rulebook between the Clearing House and the FCM Clearing Member;
- (b) the FCM Regulations shall govern the registration of FCM Contracts and all transactions between an FCM Client and its FCM Clearing Member resulting in the registration of FCM Contracts, and at the time of registration of an FCM Contract the FCM Client on whose behalf it was registered will be deemed to be bound by the relevant FCM Contract on the terms entered into between the FCM Clearing Member and the Clearing House (including all applicable terms of the FCM Regulations and the FCM Product Specific Contract Terms and Eligibility Criteria Manual) automatically and without any further action by such FCM Client or by its FCM Clearing Member, and such FCM Client agrees to be bound by the applicable provisions of the FCM Regulations and by the terms of the applicable FCM Contracts in all respects;
- (c) the provisions of FCM Regulation 44 (*Exclusion of Liability*) shall apply to each FCM Client *mutatis mutandis* as though entered into by each FCM Client directly with the Clearing House;
- (d) the Clearing House shall be under no obligation to deal directly with any FCM Client, and the Clearing House may deal exclusively with the FCM Clearing Members;
- (e) the Clearing House shall have no obligations to any FCM Client with respect to any FCM Contract held by the relevant FCM Clearing Member on behalf of such FCM Client, including to any repayment or redelivery obligations;
- (f) no FCM Client shall have any right to receive from the Clearing House, or any right to assert a claim against the Clearing House with respect to, nor shall the Clearing House be liable to any FCM Client for, any payment or delivery obligation in connection with any FCM Contract held by the relevant FCM Clearing Member on behalf of such FCM Client and the Clearing House shall make any such payments or redeliveries solely to the FCM Clearing Member;
- (g) upon the default of an FCM Client's FCM Clearing Member, if the Clearing House is required to do so by any Regulatory Body or applicable laws or regulations, or determines in its discretion that it is necessary for its protection, the Clearing House may close out and terminate the FCM Client's FCM Contracts entered into by such FCM Clearing Member, subject to applicable law, regardless of whether such FCM

Client had itself defaulted, and in certain circumstances the Clearing House will not transfer or otherwise re-establish such positions;

- (h) the Clearing House will not hold any assets transferred to it on behalf of any individual FCM Client;
- (i) where an FCM Clearing Member furnishes securities or other assets with respect to an FCM Client to the Clearing House as collateral, such securities and other assets shall be held by the Clearing House in accordance with the FCM Rulebook and applicable law, and such FCM Client shall not be entitled to assert any equitable or other claim to any such securities or assets in circumstances where the assertion of such a claim would delay or inhibit (x) the disposal by the Clearing House of such securities or assets and/or (y) the application of the proceeds of sale of such securities or assets, in each case in accordance with the provisions of the FCM Rulebook and applicable law; and
- (j) each FCM Client provides its respective FCM Clearing Member(s) with its unconditional consent for such FCM Clearing Member(s) to furnish or deposit to or with the Clearing House any FCM Client Funds of such FCM Client in the FCM Clearing Member's possession, and to repledge such property to the Clearing House, as Collateral for the purposes of clearing FCM Contracts entered on behalf of the FCM Client.

CHAPTER IV - CONTRACT FORMATION, REGISTRATION AND TRANSFER**REGULATION 11 DESIGNATION**

~~(k)~~—An FCM Clearing Member shall designate the account of the FCM Clearing Member in which a prospective FCM Contract shall be registered in the manner and form and by the time prescribed by the FCM Procedures. If the FCM Clearing Member fails to so designate an account, the Clearing House may, at its discretion and in accordance with the FCM Procedures, determine in which account of the FCM Clearing Member the FCM Contract shall be entered.

Regulation 7 — Trading Information**REGULATION 12 TRADING INFORMATION**

The Clearing House shall make available to an FCM Clearing Member in the manner and by the time prescribed by the FCM Procedures, such details of original contracts presented for registration in the name of that FCM Clearing Member, Open Contracts registered in that FCM Clearing Member's name, and Margin furnished by that FCM Clearing Member as may be prescribed in the FCM Procedures.

Regulation 8 — Transfer

- ~~(a) — Other than in the event that an FCM Clearing Member is a defaulter, Open Contracts in such FCM Clearing Member's name shall not be allocated or transferred except as provided in this FCM Regulation 8. The FCM Procedures shall specify the Products that can be transferred in accordance with this FCM Regulation 8 and the applicable forms or other documentation requirements of the Clearing House required in connection with such transfers.~~

REGULATION 13 TRANSFER

(a) ~~(b) Transfer of Entire FCM Client Portfolio. Upon~~ **FCM Client Contracts and Collateral from Carrying Clearing Members to Receiving Clearing Members. A Receiving FCM Clearing Member may, upon** the instruction or at the request of an FCM Client, ~~via a Receiving FCM Clearing Member (as request (in the manner set out in the FCM Procedures), to transfer that FCM Client's entire portfolio (and not less than an entire portfolio) of a Product held in the relevant~~ **that the Clearing House transfer to the Receiving Clearing Member some or all of an FCM Client's FCM Contracts registered to its FCM Client Sub-Account or to an FCM Omnibus Futures Client Account with LCH from a Carrying FCM Clearing Member, the Clearing House shall transfer: (x) the relevant FCM Client Sub-Account and all of the FCM Contracts of such Product entered into by the Carrying FCM Clearing Member on behalf of such FCM Client (or in the case of Futures Products, all of the relevant with a Carrying Clearing Member (such FCM Contracts subject to transfer, the "Porting Contracts"). Where the Porting Contracts constitute the entire portfolio of an FCM Client's FCM Contracts registered to the applicable FCM Omnibus Futures Client Account with LCH), as identified to the Clearing House by the Carrying FCM Clearing Member, the Clearing House being entitled to rely conclusively on the instructions of the Carrying FCM Clearing Member with respect to the FCM Contracts to be transferred (such transfer to occur by novation of such FCM Contracts rather than by closeout and rebooking of new FCM Contracts); and (y) upon request, if any, of the Receiving FCM Clearing Member on behalf of the relevant FCM Client, all Collateral furnished to the Clearing House by a Carrying FCM Clearing Member and attributable to the relevant FCM Client Sub-Account or FCM Omnibus Futures Client Account with LCH in respect of the FCM Contracts to be transferred to a Receiving FCM Clearing Member as designated by the FCM Client and as set out in the FCM Procedures (the Clearing House being entitled to rely conclusively on the instructions of the Carrying FCM Clearing Member with respect to such Collateral); provided, with the Carrying Clearing Member (and only in such case), the Receiving FCM Clearing Member may also request in connection with such transfer the transfer of the applicable Collateral attributable to such FCM Client (such Collateral, the "Porting Collateral"). It is a condition precedent to any transfer described in this paragraph that:**

- (i) ~~such~~ **the** FCM Client has not become insolvent (such FCM Client to be presumed to be solvent by the Clearing House unless evidenced to the contrary by the Carrying ~~FCM~~ Clearing Member in the manner set forth in the FCM Procedures or as otherwise reasonably determined by the Clearing House);
- (ii) neither the Carrying ~~FCM~~ Clearing Member nor the Receiving ~~FCM~~ Clearing Member is a ~~defaulter~~ **Defaulter**;
- (iii) the Receiving FCM Clearing Member has consented to ~~such~~ **the** transfer of the ~~FCM~~ **Porting** Contracts ~~to be ported~~ and, ~~if applicable,~~ **the Porting** Collateral ~~to be transferred~~;
- (iv) the Clearing House ~~considers~~ **determines** that, ~~following the transfer,~~ **the** Receiving FCM Clearing Member ~~has furnished sufficient Margin in order to~~

~~enable the transfer; and~~ shall have satisfied the Required Margin in respect of the Porting Contracts;

- (v) ~~the FCM Client has satisfied (such satisfaction to be presumed by the Clearing House unless evidenced to the contrary by the Carrying FCM Clearing Member in the manner set forth in the FCM Procedures or as otherwise reasonably determined by the Clearing House) all outstanding obligations that are due and payable to the Carrying FCM Clearing Member and its Affiliates, including any increased margin due and payable that may result from the proposed transfer, unless the Carrying FCM Clearing Member otherwise consents.~~ in the event that the transfer would lead to an increase in Required Margin due from the Carrying Clearing Member to the Clearing House, the Carrying Clearing Member provides sufficient Margin to the Clearing House to satisfy such requirement; and
- (vi) the Carrying Clearing Member has not rejected such transfer (it being presumed by the Clearing House that the Carrying Clearing Member has not rejected the transfer unless it has rejected it in the manner set forth in the FCM Procedures or as otherwise reasonably determined by the Clearing House).

For purposes of ~~(v) clause (vi)~~ above, ~~with respect to obligations owed to Affiliates of the Carrying FCM Clearing Member by an FCM Client~~ Clearing Member will be entitled to reject the transfer only if (A) the applicable FCM Client has failed to satisfy all outstanding obligations that are due and payable to the Carrying Clearing Member and its affiliates, including any increased Margin due and payable that may result from the proposed transfer (for this purpose, “obligations” shall consist only of those obligations that arise as a result of cross-margining, cross-netting or other similar arrangements with respect to the FCM Porting Contracts of the FCM Client which are being transferred, or the FCM Client’s related collateral Collateral), (B) the transfer of the Porting Contracts would result in the FCM Client breaching exposure limits with, and/or other risk parameters set by the Carrying CM Clearing Member and/or its affiliates, or (C) such rejection is otherwise in accordance with terms agreed as between the Carrying FCM Clearing Member and the relevant FCM Client.

- (b) ~~Upon request from the Clearing House, and in~~ Additional Provisions Relating to the Transfer of Collateral. In order to facilitate a transfer pursuant to ~~this FCM Regulation 8(b) paragraph (a) above~~ that includes the transfer of Porting Collateral, the Carrying ~~FCM Clearing Member~~ shall notify the Clearing House of the specific Collateral which ~~is attributable to the transferring FCM Client and, along with the~~ should constitute the Porting Collateral. The Receiving FCM Clearing Member, shall take such actions and provide such information in connection with the transfer as may be required under the FCM Procedures. In the event that the Carrying ~~FCM Clearing Member~~ fails to notify the Clearing House of the specific Collateral that is attributable to the relevant FCM Client which should constitute the Porting Collateral, the Clearing House shall ~~transfer such~~ identify and select (in the manner set out in the FCM Procedures) the Collateral ~~as~~ it deems appropriate ~~and as set out in the FCM Procedures.~~

Once the Porting Collateral has been identified as set out in the above paragraph, the Receiving FCM Clearing Member may elect to reject the transfer of some or all of the Porting Collateral. Any such rejection in and of itself shall not prevent the transfer of

the Porting Contracts, **provided, that** the conditions set out in clauses (i) through (vi) of FCM Regulation 13(a) are satisfied in relation to such transfer. Following an acceptance by the Receiving FCM Clearing Member to receive a transfer of the Porting Collateral, the Clearing House shall transfer the Porting Collateral that has been identified to and consented by the Receiving FCM Clearing Member. In the event that, for whatever reason, **the Clearing House is unable** to transfer the Porting Collateral that has been accepted by the Receiving FCM Clearing Member, the Clearing House will not proceed with the transfer of the Porting Contracts.

- (c) ~~Transfer of Portion of FCM Client Portfolio. Upon the instruction or at the request of an FCM Client via a Receiving FCM Clearing Member (as set out in the FCM Procedures) to transfer a portion of that FCM Client's portfolio of FCM Contracts held in the relevant FCM Client Sub-Account or FCM Omnibus Futures Client Account with LCH from a Carrying FCM Clearing Member, (the "*Porting FCM Contracts*"), the Clearing House shall transfer (such transfer to occur by novation of such Porting FCM Contracts rather than by closeout and rebooking of new FCM Contracts) the Porting FCM Contracts entered into by the Carrying FCM Clearing Member on behalf of such FCM Client to a Receiving FCM Clearing Member, designated by the FCM Client as set out in the FCM Procedures; provided, that: **Additional Provisions Relating to Transfers of Client Positions from Carrying Clearing Members to Receiving Clearing Members.**~~

- ~~(i) — such FCM Client has not become insolvent (such FCM Client to be presumed to be solvent by the Clearing House unless evidenced to the contrary by the Carrying FCM Clearing Member in the manner set forth in the FCM Procedures or as otherwise reasonably determined by the Clearing House);~~
- ~~(ii) — neither the Carrying FCM Clearing Member nor the Receiving FCM Clearing Member is a defaulter;~~
- ~~(iii) — the Receiving FCM Clearing Member has consented to such transfer;~~
- ~~(iv) — the Receiving FCM Clearing Member has furnished sufficient Margin to the Clearing House in respect of its current FCM Contracts and the Porting FCM Contracts in order to enable the transfer;~~
- ~~(v) — the FCM Client has satisfied (such satisfaction to be presumed by the Clearing House unless evidenced to the contrary by the Carrying FCM Clearing Member in the manner set forth in the FCM Procedures or as otherwise reasonably determined by the Clearing House) all outstanding obligations that are due and payable to the Carrying FCM Clearing Member and its Affiliates, including any increased margin due and payable that may result from the proposed transfer, unless the Carrying FCM Clearing Member otherwise consents; and~~
- ~~(vi) — in the event that the transfer will lead to an increased Margin requirement from the Carrying FCM Clearing Member to the Clearing House, the Carrying FCM Clearing Member has furnished sufficient Margin to the Clearing House in respect of such requirement.~~

~~For purposes of (v) above, with respect to obligations owed to Affiliates of the Carrying FCM Clearing Member by an FCM Client, "obligations" shall consist only~~

of those obligations that arise as a result of cross-margining, cross-netting or other similar arrangements with respect to the FCM Contracts being transferred or the FCM Client's related collateral.

- (i) ~~(d) (i) By notifying the Clearing House of a request to accept a transfer of FCM Contracts of an FCM Client, and the related Collateral if applicable, pursuant to FCM Regulation 8(b) or 8(c), the Receiving FCM Clearing Member shall be deemed to have represented to the Clearing House that all of the conditions set forth herein and in the FCM Procedures to the transfer of the account of the FCM Client have been satisfied. Upon receipt of such transfer instructions, and provided that it does not determine, in its sole discretion, that the transfer cannot be effected under these FCM Regulations or the FCM Procedures, the Clearing House shall transfer the FCM Contract(s) into the name of the Receiving FCM Clearing Member as agent for the relevant FCM Client.~~ Further to the satisfaction of the conditions set out in FCM Regulation 13(a) and FCM Regulation 13(b), and provided that the Clearing House does not determine, in its sole discretion, that (x) a transfer pursuant to FCM Regulation 13(a) cannot be effected under the Rulebook or otherwise under applicable laws or regulations or (y) where the transfer is as described in paragraph (b) of the definition of "Receiving Clearing Member", additional conditions as set out in Regulation 60 of the UK General Regulations need to be complied with, the Clearing House shall transfer the Porting Contracts into the name of the Receiving Clearing Member as follows: (A) where the Receiving Clearing Member is the same entity as the FCM Client, the Porting Contracts (and associated Porting Collateral, if applicable) shall be transferred to the Proprietary Account of the Receiving Clearing Member; (B) in all other cases, the Porting Contracts (and associated Porting Collateral, if applicable) shall be transferred to the relevant FCM Client Sub-Account or FCM Omnibus Futures Client Account with LCH of the Receiving Clearing Member (where the Receiving Clearing Member is an FCM Clearing Member) or otherwise to the relevant Individual Segregated Account, Omnibus Segregated Account of the Receiving Clearing Member as the case may be (where the Receiving Clearing Member is not an FCM Clearing Member). In respect of a transfer pursuant to FCM Regulation 13(a) where the Receiving Clearing Member is not an FCM Clearing Member, all of the FCM Contracts to be transferred (which are subject to the FCM Rulebook) shall, upon transfer, be converted to Contracts subject to the Rulebook (as defined in the UK General Regulations) but shall otherwise remain on the same contract terms.. The transfer of the Porting Contracts shall occur by novation of all of the Carrying Clearing Member's rights and obligations in respect of such Porting Contracts to the Receiving Clearing Member.r.
- (ii) In the case where a transfer pursuant to FCM Regulation ~~813(ba)~~ will include the transfer of ~~the related~~ Porting Collateral in addition to the transfer of ~~FCM~~ Porting Contracts:
- (A) Upon completion of the transfer, ~~the~~ (x) the Clearing House shall have satisfied and discharged all of its obligations under the FCM Clearing Membership Agreement and the FCM Rulebook to repay or return to the Carrying Clearing Member any amounts in respect of such Porting Collateral; and (y) the Porting Collateral furnished to the Clearing

House by the Carrying ~~FCM~~ Clearing Member and held by the Clearing House in respect of the ~~FCM~~ Porting Contracts ~~that are being transferred~~ shall, ~~without limitation~~, be deemed to have been delivered by the Receiving ~~FCM~~ Clearing Member to the Clearing House ~~and subject to the~~ (aa) where the Receiving Clearing Member is not an FCM Clearing Member, by way of title transfer or, in the case of non-cash Collateral, a pledge pursuant to the relevant Deed of Charge or (bb) where the Receiving Clearing Member is an FCM Clearing Member, by way of a first-priority security interest granted by the Receiving ~~FCM~~ Clearing Member pursuant to FCM Regulation 9(m) to the Clearing House under the FCM Clearing Membership Agreement and the FCM Rulebook. Furthermore, and for the avoidance of doubt, the Carrying ~~FCM~~ Clearing Member shall have no right or entitlement to assert any claim over, or right with respect to, the Porting Collateral transferred.

- (B) ~~The~~ Where all or a portion of the Porting Collateral has been accepted by the Receiving FCM Clearing Member, the transfer of the ~~FCM~~ Porting Contracts and ~~related~~ the accepted Porting Collateral shall be deemed to occur simultaneously, and the transfer of the ~~FCM~~ Porting Contracts shall be conditioned on the transfer of the ~~related~~ accepted Porting Collateral, and vice versa.
- (C) If the transfer of all ~~such~~ FCM Porting Contracts and ~~related~~ (if applicable) all accepted Porting Collateral is not completed for any reason, then any actual transfer of Porting Collateral or ~~FCM~~ Porting Contracts that has occurred, as the case may be, shall be deemed not to have occurred, and any actual transfer of Porting Collateral or ~~FCM~~ Porting Contracts that has occurred shall be immediately unwound.

~~(e) — Except as may be permitted by paragraph (g) below, expressly permitted by other parts of the FCM Rulebook or as may otherwise be expressly permitted by the Clearing House in writing, rights under an Open Contract shall not be capable of assignment by an FCM Clearing Member. Any such purported assignment by an FCM Clearing Member, or any purported transfer that is not in compliance with this FCM Regulation 8, shall be void.~~

(d) Other Transfers of FCM Contracts. If and to the extent permitted under applicable law and the FCM Procedures, and if applicable under relevant Exchange Rules or the rules of an FCM Approved Trade Source System, an FCM Clearing Member may in accordance with the FCM Procedures:

- (i) transfer Open Contracts between its Proprietary Account and the FCM Client Sub-Account(s) of each of its FCM Clients (or in the case of Futures Products, its applicable FCM Omnibus Futures Client Account with LCH), upon an FCM Client default or otherwise as permitted under and subject to applicable provisions of the CEA and CFTC Regulations regarding segregation of assets; and

- (ii) transfer Open Contracts registered to the FCM Client Sub-Account of one of its FCM Clients to an FCM Client Sub-Account of one of its other FCM Clients.
- (e) ~~(f)~~ Where an FCM Clearing Member is a Defaulter. If an FCM Clearing Member is a ~~defaulter~~ Defaulter, the Clearing House shall take such actions, subject to and in accordance with the Default Rules, and as may be required by the CEA, CFTC Regulations and applicable bankruptcy laws regarding the liquidation or transfer of FCM Contracts carried by such FCM Clearing Member on behalf of its FCM Clients. If possible under such applicable laws and regulations and the Default Rules, the Clearing House shall undertake to dispose of open FCM Contracts that are ~~Swaps~~ Swap Products held by FCM Clients of the ~~defaulter~~ Defaulter in accordance with the instructions of such FCM Clients, either by liquidating such FCM Contracts or by transferring such FCM Contracts to the FCM Clearing Member designated by such FCM Clients within seven calendar days of the date that the FCM Clearing Member is declared to be a Defaulter; **provided, that** the Clearing House shall at all times act in accordance with the Default Rules, the requirements of the CEA, CFTC Regulations, any instructions from a Regulatory Body and applicable bankruptcy laws regarding the liquidation or transfer of FCM Contracts; **provided, further, that** the Clearing House shall have no responsibility or liability whatsoever for any action taken or not taken with respect to the accounts and FCM Contracts of FCM Clients of the ~~defaulter~~ Defaulter in accordance with such laws or regulations or the directions of any Regulatory Body or bankruptcy trustee. For the avoidance of doubt, the Client Clearing Annex which forms part of the Default Rules does not apply to FCM Contracts. In the event that the Clearing House does not receive instructions from FCM Clients in a timely manner, or the Clearing House for any reason deems it necessary or appropriate for its protection, or the protection of market participants, the Clearing House may take any action with respect to the Open Contracts of FCM Clients of the ~~defaulter~~ Defaulter that it determines to be appropriate in its sole discretion, which may include (i) as part of the SwapClear DMP, including an FCM SwapClear Contract in respect of FCM Client Business in an Auction Portfolio if determined to be appropriate by the Clearing House, **provided, that** the relevant Auction Portfolio does not include any type of positions of the defaulting FCM Clearing Member other than FCM SwapClear Contracts in respect of FCM Client Business, and/or (ii) as part of the ForexClear DMP, including an FCM ForexClear Contract in respect of FCM Client Business in an Auction Portfolio if determined to be appropriate by the Clearing House, **provided, that** the relevant Auction Portfolio does not include any type of positions of the defaulting FCM Clearing Member other than FCM ForexClear Contracts in respect of FCM Client Business. Risk Neutralisation in relation to such FCM SwapClear Contracts or ForexClear Contracts, as applicable, and the auction process in relation to an Auction Portfolio of such FCM SwapClear Contracts, or FCM ForexClear Contracts, as applicable, shall be conducted in accordance with the provisions of the SwapClear DMP Annex or the ForexClear DMP Annex, respectively.
- ~~(g) — If and to the extent permitted under applicable law and the FCM Procedures, and if applicable under relevant Exchange Rules or the rules of an FCM Approved Trade Source System, an FCM Clearing Member may, in accordance with the FCM Procedures, transfer Open Contracts between its Proprietary Account and the FCM Client Sub-Account(s) of each of its FCM Clients (or in the case of~~

~~Futures Products, its applicable FCM Omnibus Futures Client Account with LCH), and vice versa, upon an FCM Client default or otherwise as permitted under and subject to applicable provisions of the CEA and CFTC Regulations regarding segregation of assets.~~

(f) **Clearing Member Instructions.**

(i) ~~(h) Notwithstanding~~ Subject to paragraph (ii) below, but otherwise notwithstanding anything to the contrary in ~~these~~ the FCM ~~Regulations~~ Rulebook, in making any transfer of ~~one or more FCM~~ Porting Contracts ~~(and if applicable the related~~ Porting Collateral) pursuant to this FCM Regulation ~~8,13~~, the Clearing House shall be authorized and entitled to rely conclusively on the instructions of and information provided by the relevant FCM Clearing Member(s), which shall be solely responsible for all such instructions and information, including (A) ensuring that the transfer is properly authorized, ~~or rejected (as the case may be) and (B) the transfer is being made from the appropriate FCM Client Sub-Account or FCM Omnibus Futures Client Account with LCH, and that the appropriate account, FCM Contracts and Collateral have~~has been identified, ~~and~~ the Clearing House shall have no responsibility or liability therefor.

(ii) The Clearing House shall verify that the Porting Contracts identified to it by the applicable FCM Clearing Member as being the subject of such a transfer correspond to FCM Contracts which, according to its records, are registered in the name of the Carrying Clearing Member on behalf of the relevant FCM Client. In the event that the Clearing House identifies a discrepancy, it will notify the relevant FCM Clearing Member(s) and no transfer will occur pursuant to this FCM Regulation 13 until such time as the Porting Contracts identified to the Clearing House by the relevant FCM Clearing Member(s) can be verified by the Clearing House.

(g) **Limitation on Assignment of Rights under an FCM Contract and Transfer of an FCM Contract.** Except as may be permitted by paragraph (d) above, ~~expressly permitted by other parts of the FCM Rulebook or as may otherwise be expressly permitted by the Clearing House in writing, rights under an FCM Contract shall not be capable of assignment by an FCM Clearing Member. Any such purported assignment by an FCM Clearing Member, or any purported transfer that is not in compliance with this FCM Regulation 13 and the FCM Procedures, shall be void. The FCM Procedures shall specify the Products that can be transferred in accordance with this FCM Regulation 13 and the applicable forms or other requirements of the Clearing House in connection with such a transfer.~~

(h) **Indemnity.** The Carrying Clearing Member agrees to indemnify the Clearing House in respect of all liabilities, costs, loss, fees, damages or expenses suffered or incurred by the Clearing House (howsoever arising or occurring) by reason of a proposed transfer being rejected by the Carrying Clearing Member other than pursuant to the grounds set out in the final paragraph of FCM Regulation 13(a).

(i) **Transfer/Novation.** Transfers of Open Contracts made pursuant to this FCM Regulation 13 shall occur by transfer/novation of such Open Contracts rather than by closeout and rebooking of new FCM Contracts.

- (i) ~~(+)~~ **Futures Products.** Transfers of FCM Contracts that are Futures Products made pursuant to this FCM Regulation ~~8,~~13, other than in connection with an FCM Clearing Member default or FCM Client default to an FCM Clearing Member, shall only be permitted where: (i) the transferred FCM Contracts will be beneficially owned by the same FCM Client following the transfer; or (ii) an error has been made in the registration of an FCM Contract and the error is discovered and the transfer is completed within three Business Days (or any such longer period that the Clearing House may agree to in its sole discretion) after the submission of the corresponding FCM Transaction for registration, **provided**, that the Exchange cooperates in effecting such transfer.

~~Regulation 9 — Margin and Collateral Generally; Other Obligations~~

CHAPTER V - COLLATERAL AND VALUATIONS

REGULATION 14 MARGIN AND COLLATERAL

- (a) The Clearing House may in accordance with the FCM Procedures require an FCM Clearing Member to furnish it with Margin, and to keep the Clearing House furnished with sufficient Margin at all times, in an amount determined by the Clearing House in accordance with these FCM Regulations and the FCM Procedures, as security for the performance by such FCM Clearing Member of its obligations to the Clearing House in respect of all FCM Contracts from time to time to be registered in its name as Open Contracts pursuant to these FCM Regulations. The obligation upon an FCM Clearing Member to furnish Margin to the Clearing House pursuant to this paragraph shall be in addition to any other obligation of the FCM Clearing Member to furnish Margin to the Clearing House pursuant to these FCM Regulations. For the avoidance of doubt, margining requirements and policies may vary among each Business Category of FCM Contract and among each Product therein.
- (b) If insufficient monies are standing to the credit of an FCM Clearing Member's account, or if any Collateral deposited by an FCM Clearing Member as Margin is determined by the Clearing House in accordance with the FCM Procedures to be insufficient, such Margin as the Clearing House requires an FCM Clearing Member to furnish to it pursuant to paragraph (a) above, FCM Regulation ~~3046~~ or FCM Regulation ~~4049~~ or any other FCM Regulation shall be furnished by the FCM Clearing Member in such form and manner and by such time or times as may be prescribed by the FCM Procedures.
- (c) (i) The Clearing House shall be entitled to assume that all Collateral furnished by an FCM Clearing Member to the Clearing House pursuant to these FCM Regulations or under the terms of any agreement made with the FCM Clearing Member are the sole legal and beneficial property of the FCM Clearing Member or are furnished or deposited for the purposes of these FCM Regulations with the legal and beneficial owner's unconditional consent and with the authority granted to the FCM Clearing Member to repledge such property to the Clearing House. An FCM Clearing Member may not furnish Collateral to or with the Clearing House otherwise than in conformance with this paragraph. It shall be accepted by every person (including FCM Clients) subject to or dealing on the terms of these FCM Regulations that an FCM Clearing Member has such person's unconditional consent to furnish to the Clearing House any securities or other assets of such person in the FCM Clearing Member's possession as Collateral for purposes of the FCM Rulebook.
- (ii) Each FCM Clearing Member represents and warrants to the Clearing House as at each date on which such FCM Clearing Member furnishes Collateral to the Clearing House pursuant to these FCM Regulations (A) that such FCM Clearing Member is the sole legal and beneficial owner of such Collateral or, as the case may be, such Collateral is so furnished or deposited with the legal and beneficial owner's unconditional consent and with the authority granted to

the FCM Clearing Member to repledge such property to the Clearing House, and (B) that the provision to the Clearing House of such Collateral pursuant to these FCM Regulations will not constitute or result in a breach of any trust, agreement or undertaking whatsoever.

- (iii) The Clearing House may, in its absolute discretion and at any time, require an FCM Clearing Member to furnish other securities or assets to the Clearing House in substitution of any Collateral furnished to the Clearing House pursuant to this FCM Regulation [9.14](#).
- (d) Notwithstanding paragraph (c) above, the Clearing House shall be entitled at its absolute discretion, without assigning any reason and without prior notice to an FCM Clearing Member, to modify the amount of Initial Margin applicable to an FCM Contract or to call for larger or additional amounts of Margin for Initial Margin to be furnished to it by an FCM Clearing Member, either before registration of a contract or at any time after registration. Any Margin called by the Clearing House pursuant to this paragraph shall be furnished by the FCM Clearing Member on demand and in such form as the Clearing House may require.
- (e) The Clearing House shall be entitled at any time to demand immediate furnishing of Margin from an FCM Clearing Member in an amount deemed necessary by the Clearing House without reference to Official Quotations or Reference Prices in respect of any Open Contract in the FCM Clearing Member's name, if, in the opinion of the Clearing House, the furnishing of such Margin by the FCM Clearing Member is necessary in the circumstances then prevailing which may be affecting or may in the Clearing House's opinion be likely to affect market conditions or the FCM Clearing Member's performance of its obligations under the terms of such FCM Contracts or under the terms of any original or confirmed contract to which the FCM Clearing Member is party. In this paragraph, "**immediate provision**" means payment, deposit or delivery to the Clearing House within one hour of demand.
- (f) The Clearing House shall be entitled to make an accommodation charge at a rate determined by the Clearing House and specified in the FCM Procedures, in respect of any security furnished to it as Collateral in a form prescribed by the FCM Procedures. Any alteration in the basis of calculating the rates of accommodation charge shall become effective in respect of all current and future business by the time specified in the FCM Procedures.
- (g) Without prejudice to the requirements of paragraph (c) above or any other applicable requirements contained in the FCM Rulebook, the Clearing House may at its absolute discretion accept Collateral in an agreed amount and in a form other than those specified in the FCM Procedures, subject always to the Clearing House's prior assessment as to the appropriateness of such form of Collateral in accordance with its standard risk management procedures, the requirements of applicable law and with any special arrangements which the Clearing House may prescribe in each case (including as to valuation and haircut). The Clearing House may at its discretion make an accommodation charge at a special rate.
- (h) If, in the sole discretion of the Clearing House, any Collateral which has been furnished to it by an FCM Clearing Member pursuant to these FCM Regulations is no

longer either of sufficient value or otherwise acceptable to the Clearing House, the Clearing House shall be entitled to demand further provision of ~~Margin~~Collateral from such FCM Clearing Member. Such Collateral shall be furnished by such FCM Clearing Member on demand in a form prescribed by the FCM Procedures; **provided, that** at any time the Clearing House shall be entitled to require the FCM Clearing Member to furnish it with Collateral in a specified form and to demand that the FCM Clearing Member replace the whole or part of any Collateral furnished by an FCM Clearing Member pursuant to these FCM Regulations with Collateral in the form of cash.

- (i) Without prejudice to the requirements of paragraph (c) above or any other applicable requirements contained in the FCM Rulebook, and subject to FCM Regulation ~~9A15~~and paragraph (h) above and the settlement of any other obligations of an FCM Clearing Member to the Clearing House, upon the close-out or termination of an FCM Contract in accordance with the FCM Rulebook, the Clearing House shall return all (or the applicable portion of) Initial Margin attributable to such FCM Contract to the respective FCM Clearing Member to the extent that such Initial Margin has become Excess Margin following the close-out or termination of the relevant FCM Contract, **provided, that** such FCM Clearing Member is not a ~~defaulter~~Defaulter.
- (j) If the Clearing House takes any step under the Default Rules in relation to an FCM Clearing Member, any sum (including the price due to be paid by the Clearing House in respect of the delivery of any property or currency by or on behalf of the FCM Clearing Member) standing to the credit of any of the FCM Clearing Member's accounts shall be treated as Margin to the extent permitted by applicable law; **provided, that** notwithstanding ~~anything~~any provision to the contrary in these FCM Regulations, under no circumstances ~~(except as may be required to comply with applicable law or any order or instruction of a Regulatory Body or court)~~ will any Margin maintained in any FCM Omnibus ~~Swaps~~ Client Account with LCH be applied to satisfy proprietary obligations of the FCM Clearing Member or, except as may be required to comply with applicable law or any order or instruction of a Regulatory Body or court, any other obligations not related to such FCM Clearing Member's FCM Client Business in such Business Category of FCM Contract ~~(except;~~ **provided, however, that** where an FCM Client is in default with respect to the Margin required by the Clearing House in respect of its FCM Contracts, any Excess Margin attributable to such FCM Client in respect of any Business Category of FCM Contract may be applied to offset such FCM Client's Margin shortfall in respect of any other Business Category of FCM Contract).
- (k) Each FCM Clearing Member and, to the extent applicable, such FCM Clearing Member's guarantor in accordance with FCM Regulation ~~3(e),4,~~ shall be obligated to perform all of its respective obligations (including to pay or deliver all amounts due) as required pursuant to the FCM Regulations, the Default Rules and the Default ~~Fund~~ Rules, as applicable. Each FCM Clearing Member and, to the extent applicable, such FCM Clearing Member's guarantor in accordance FCM Regulation ~~3(e),4,~~ shall be entitled to the return of any amounts due to them (after all obligations to the Clearing House have been satisfied) pursuant to the FCM Regulations, the Default Rules and the Default ~~Fund~~ Rules, as applicable.

- (l) Unless the Clearing House otherwise agrees in writing, Collateral furnished to the Clearing House in the form of cash shall not be capable of assignment by any person. Any purported assignment by an FCM Clearing Member (whether by way of security or otherwise) of Collateral in the form of cash shall be void. An FCM Clearing Member shall not otherwise encumber (or seek to encumber) any Collateral in the form of cash.
- (m) **Creation of Security Interest.** Each FCM Clearing Member hereby grants the Clearing House a first priority security interest in and a first priority and unencumbered first lien upon any and all Collateral, Margin, cash, securities, receivables, rights and intangibles and any other collateral or assets deposited with or transferred to the Clearing House, or otherwise held by the Clearing House (including all property deposited in or attributable to ~~the default funds of the Clearing House,~~ a Proprietary Account, an FCM Omnibus Client Account with LCH ~~or any,~~ an LCH Client Segregated Depository Account, or any amounts owing to an FCM Clearing Member ~~in the default funds of the Clearing House~~ or a Proprietary Account), including all substitutions for and proceeds of, any such property, in connection with any FCM Contracts cleared for such FCM Clearing Member, ~~its Affiliates~~ or its FCM Clients, as security for unconditional payment and satisfaction of the obligations and liabilities of the FCM Clearing Member to the Clearing House. ~~The FCM Clearing Member agrees to take any and all actions, including but not limited to the execution of any and all documents, requested by the Clearing House in order to perfect, maintain or enforce the security interest granted to the Clearing House hereunder. The Clearing House may exercise any and all rights available to it with respect to the security interest granted hereunder, in accordance with the FCM Regulations and applicable laws. Notwithstanding the foregoing, in no event shall the Clearing House's security interest in the property and assets attributable to an FCM Clearing Member's FCM Omnibus Client Account with LCH be exercised to satisfy any obligations or liabilities of (i) such FCM Clearing Member other than in connection with obligations or liabilities relating to such FCM Clearing Member's FCM Omnibus Client Accounts with LCH; or (ii) an FCM Client with an FCM Client Sub-Account by application of Margin attributable to the FCM Client Sub-Account of another FCM Client, under the FCM Rulebook, but excluding any property deposited in or transferred to the Clearing House in respect of an FCM Clearing Member's Contribution to the default funds of the Clearing House.~~
- (n) The FCM Clearing Member agrees to take any and all actions, including but not limited to the execution of any and all documents, requested by the Clearing House in order to perfect, maintain or enforce the security interest granted to the Clearing House hereunder.
- (o) The Clearing House may exercise any and all rights available to it with respect to the security interest granted hereunder, in accordance with the FCM Regulations and applicable laws.
- (p) Notwithstanding any other provision of this FCM Regulation 14(p), in no event shall the Clearing House's security interests in the property attributable to an FCM Clearing Member's FCM Omnibus Client Account with LCH be security for, or be exercised to satisfy, any obligations or liabilities of (i) such FCM Clearing Member other than in connection with obligations or liabilities relating to such FCM Clearing Member's FCM Omnibus Client Accounts with LCH or (ii) an FCM Client by

application of Margin attributable to the FCM Client Sub-Account of a different FCM Client.

- (q) Provided that the Clearing House is not subject to the procedures of FCM Regulation 37 and is not otherwise insolvent, the Clearing House will, notwithstanding Section 9-207 of the New York Uniform Commercial Code, have the right to sell, pledge, rehypothecate, assign, invest, use or otherwise dispose of, or otherwise use in its business any cash Collateral it holds on behalf of an FCM Clearing Member with respect to such FCM Clearing Member's Proprietary Account, free from any claim or right of any nature whatsoever of the relevant FCM Clearing Member, including any equity or right of redemption by such FCM Clearing Member, subject only to any restrictions under applicable law (including bankruptcy law). Except to the extent otherwise specified for in the FCM Rulebook, the Clearing House shall retain any and all income, distributions, returns, profits or any other monies received with respect to any such investments or use. For purposes of determining the amount of Collateral held pursuant to the FCM Rulebook by the Clearing House with respect to an FCM Clearing Member's Proprietary Account, the Clearing House will be deemed to continue to hold all such Collateral and to receive any distributions or proceeds therefrom, regardless of whether the Clearing House has exercised any rights with respect to the Collateral listed in the immediately preceding sentence.
- (r) The Clearing House will, notwithstanding Section 9-207 of the New York Uniform Commercial Code, have the right to maintain or otherwise handle Collateral held by the Clearing House on behalf of FCM Clients (including Collateral deposited in or attributable to an FCM Omnibus Client Account with LCH or any LCH Client Segregated Depository Account) in the manner provided in the FCM Rulebook, including investing such Collateral in accordance with FCM Regulations 7(n). Except to the extent otherwise provided for in the FCM Rulebook, the Clearing House shall retain any and all income, distributions, returns, profits or any other monies received with respect to any such investments or use.
- (s) Although each FCM Clearing Member and the Clearing House intend the payment of each Contribution by the FCM Clearing Member to the Clearing House to be an outright payment or transfer by the FCM Clearing Member to the Clearing House (subject to the Clearing House's obligation to repay Contributions pursuant to FCM Default Fund Agreement and/or the Default Fund Rules), in the event that any or all of a Contribution is deemed to be collateral posted to the Clearing House by the FCM Clearing Member (in which the FCM Clearing Member retains an ownership interest), then, notwithstanding clause (m) above, the FCM Clearing Member shall be deemed to have pledged to the Clearing House as security for unconditional payment and satisfaction of each and every obligation and liability of the FCM Clearing Member to the Clearing House under the FCM Rulebook, and the FCM Clearing Member shall be deemed to have granted the Clearing House a first priority security interest in, the amount of any Contribution that has been deemed to be collateral and any income thereon and other proceeds thereof, and the Clearing House shall have all of the rights of use in respect of such Contributions as referenced in FCM Regulation 14(q) and any other additional rights provided for under the FCM Rulebook.
- (t) ~~(n)~~ Each FCM Clearing Member shall ensure that with respect to an FCM Transaction results in the registration of an FCM Contract on behalf of an FCM Contract that is of

a “non-hedging nature” (as such term is used in Part 39 the CFTC Regulations), it shall collect or remain furnished with additional FCM Client Funds from the relevant FCM Client in respect of such non-hedging FCM Contract in an amount which shall be no less than the minimum percentage as required by the Clearing House and as notified to the relevant FCM Clearing Member from time to time, as further specified in the FCM Procedures.

(u) ~~(e)~~ Each FCM Clearing Member shall ensure that no FCM Client withdraws FCM Client Funds from an FCM Client Segregated Depository Account unless the “net liquidating value” (as such term is used in Part 39 of the CFTC Regulations) plus the FCM Client Funds attributable to such FCM Client remaining in such FCM Client Segregated Depository Account after such withdrawal is sufficient to meet the level of Required Margin, as calculated by the Clearing House in respect of all FCM Contracts entered into on behalf of that FCM Client.

(v) ~~(p)~~ **Gross and Net Margining Requirements – FCM Client Positions.**

(i) *Swap Products.* FCM Clients and FCM Contract positions established for FCM Clients in each Business Category of FCM Contract consisting of Swap Products shall be subject to gross margin requirements on all such positions within each such Business Category of FCM Contract, on an FCM Client by FCM Client basis. Each individual FCM Client’s position in any such single Business Category of FCM Contract shall be margined on a net basis, and such margining shall only be netted within that single Business Category of FCM Contract and shall *not* be netted across multiple Business Categories of FCM Contract where such FCM Client has positions in multiple Business Categories of FCM Contract. Each FCM Clearing Member shall require its FCM Clients to satisfy such requirements as applicable.

(ii) *Futures Products.* FCM Clients and FCM Contract positions established for FCM Clients in each Business Category of FCM Contract consisting of Futures Products shall be subject to gross margin requirements on all such positions within each such Business Category of FCM Contract, on an FCM Client by FCM Client basis. Each individual FCM Client’s position in any such single Business Category of FCM Contract shall be margined on a net basis, and such margining shall only be netted within that single Business Category of FCM Contract and shall *not* be netted across multiple Business Categories of FCM Contract where such FCM Client has positions in multiple Business Categories of FCM Contract. Each FCM Clearing Member shall require its FCM Clients to satisfy such requirements as applicable. In relation to this FCM Regulation ~~914(p)(iv)~~, each FCM Clearing Member which clears Futures Products on behalf of FCM Clients shall make reports pursuant to FCM Regulation ~~47(c)(iv)~~.

(w) ~~(q)~~ **Net Margining of Proprietary Accounts.** FCM Contract positions established in an FCM Clearing Member's Proprietary Account shall be subject to net margin requirements with respect to the relevant Business Category of FCM Contract, such that an FCM Clearing Member shall be required to deposit a net margin amount with the Clearing House in connection with all of the FCM Contracts registered in the relevant Proprietary Account for the relevant Business Category of FCM Contract.

(x) ~~(+)~~**Required Margin Increase in an FCM Client Sub-Account.** Certain provisions regarding the satisfaction by FCM Clearing Members of their obligations with respect to increases in Required Margin applicable to an FCM Client Sub-Account under both the Without Client Excess Model and the With Client Excess Model are set forth in FCM Regulation 9A.15(e) and FCM Regulation 9A.15(f), respectively.

(y) ~~(s)~~**Required Margin Increase in an FCM Omnibus Futures Client Account with LCH.** If the Required Margin applicable to the FCM Contracts registered to an FCM Omnibus Futures Client Account with LCH is increased by the Clearing House and such increase cannot be immediately satisfied by Excess Margin in such FCM Omnibus Futures Client Account with LCH, the obligation of the FCM Clearing Member to satisfy such deficit shall be discharged by:

- (i) the applicable FCM Clearing Member furnishing additional Margin to the Clearing House in respect of the applicable FCM Omnibus Futures Client Account with LCH; ~~and~~or
- (ii) if the obligation of the FCM Clearing Member to satisfy the deficit has not been fully discharged pursuant to clause (i) above, by other means (if any) available to the Clearing House in accordance with the FCM Rulebook.

(z) ~~(+)~~**Required Margin Increase in a Proprietary Account.** Where the amount of Required Margin applicable to the FCM Contracts of an FCM Clearing Member's Proprietary Account is increased by the Clearing House, the obligation of the applicable FCM Clearing Member to furnish additional Margin to the Clearing House to satisfy such increased Required Margin shall be discharged by:

- (i) if and to the extent that there is Excess Margin available in the FCM Clearing Member's Proprietary Account, deduction by the Clearing House of amounts from such Excess Margin;
- (ii) the FCM Clearing Member furnishing additional Margin to the Clearing House in respect of such Proprietary Account; ~~and~~or
- (iii) if the obligation of the FCM Clearing Member to satisfy the Required Margin has not been fully discharged pursuant to clauses (i) and (ii) above, by other means (if any) available to the Clearing House in accordance with the FCM Rulebook.

(aa) ~~(+)~~**Excess Margin in FCM Client Accounts.**

- (i) *Swap Products.* Certain provisions regarding Excess Margin in FCM Omnibus Swaps Client Accounts with LCH and the FCM Client Sub-Accounts therein (under both the Without Client Excess Model and the With Client Excess Model) are set forth in FCM Regulation 9A.15.
- (ii) *Futures Products.* An FCM Clearing Member is permitted to maintain Excess Margin with the Clearing House in respect of its FCM Omnibus Futures Client Accounts with LCH. Excess Margin held in an FCM Omnibus Futures Client Account with LCH of an FCM Clearing Member shall be treated as belonging to the FCM Clients of the FCM Clearing Member to the extent such FCM

Clients have FCM Contracts attributed to such FCM Omnibus Futures Client Account with LCH. An FCM Clearing Member may withdraw Excess Margin from an FCM Omnibus Futures Client Account with LCH subject to FCM Regulation ~~6~~9(b) (and in accordance with any other applicable provisions of the FCM Rulebook). Even where an FCM Clearing Member has not requested the return of its Excess Margin held in an FCM Omnibus Futures Client Account with LCH, the Clearing House may, in its discretion, elect at any time to return any such Excess Margin to the applicable FCM Clearing Member. Upon withdrawal or return of Excess Margin from an FCM Omnibus Futures Client Account with LCH, the treatment of any residual interest the FCM Clearing Member may have in such withdrawn collateral will be subject to and governed by FCM Regulation 47(1) and the relevant CFTC Regulations. For the avoidance of doubt, Excess Margin in an FCM Omnibus Futures Client Account with LCH shall not be applied to satisfy obligations of the relevant FCM Clearing Member in its proprietary capacity.

(bb) ~~(v)~~ **Excess Margin in Proprietary Accounts.** An FCM Clearing Member is permitted to maintain Excess Margin with the Clearing House in respect of its Proprietary Accounts. In accordance with the FCM Procedures, an FCM Clearing Member that is not a Defaulter may request the return of any such Excess Margin and upon such request the Clearing House shall return such Excess Margin, except the Clearing House may determine not to return such Excess Margin where an unsatisfied margin call is outstanding in respect of one or more of such FCM Clearing Member's FCM Omnibus Client Accounts with LCH, including in respect of any FCM Client Sub-Account therein. Even where an FCM Clearing Member has not requested the return of its Excess Margin held in a Proprietary Account, the Clearing House may, in its discretion, elect at any time to return any such Excess Margin to the applicable FCM Clearing Member.

REGULATION 15 ~~Regulation 9A~~ ~~Margining of Swap Product Client Accounts: Certain Additional Provisions; Without Client Excess Model; With Client Excess Model~~ MARGINING OF SWAP PRODUCT CLIENT ACCOUNTS: CERTAIN ADDITIONAL PROVISIONS; WITHOUT CLIENT EXCESS MODEL; WITH CLIENT EXCESS MODEL

The contents of this FCM Regulation ~~9A~~15 apply only with respect to the clearing and margining of Swap Products.

- (a) **FCM Buffer.** An FCM Clearing Member is permitted to furnish Collateral that is the property of such FCM Clearing Member (and not of its FCM Clients) to the Clearing House to be attributed to any of its FCM Omnibus Swaps Client Accounts with LCH as excess Margin for the benefit of all of its FCM Clients with positions registered or to be registered in such account, and the value of such Collateral as determined by the Clearing House in accordance with the FCM Rulebook (such value, the “**FCM Buffer**”) shall be recorded by the Clearing House as attributable to such FCM Clearing Member (for the benefit of its FCM Clients) in a sub-account of the applicable FCM Omnibus Swaps Client Account with LCH designated as an FCM Buffer sub-account (each such sub-account, with respect to each FCM Clearing Member, an “**FCM Buffer Sub-Account**”). The use and application of FCM Buffer in the With Client Excess Model and the Without Client Excess Model is further discussed below in paragraphs (e) and (f), respectively, and in the FCM Procedures.
- (b) **Unallocated Excess.**
- (i) Any Margin attributable to an FCM Omnibus Swaps Client Account with LCH that is not allocated to an FCM Client Sub-Account or the FCM Buffer Sub-Account therein (such Margin, “**Unallocated Excess**”) shall be credited by the Clearing House to the Unallocated Excess sub-account (the “**Unallocated Excess Sub-Account**”) of such FCM Omnibus Swaps Client Account with LCH. The Clearing House shall hold Unallocated Excess for the benefit of the FCM Clients corresponding to such FCM Omnibus Swaps Client Account with LCH as a class (the identities and amounts of which shall be recorded by such FCM Clearing Member and not the Clearing House in accordance with this FCM Regulation ~~9A~~15 and other applicable provisions of the FCM Rulebook), segregated in accordance with the CEA and CFTC Regulations, including Part 22 of the CFTC Regulations. The Clearing House shall treat and record the Unallocated Excess in respect of an FCM Omnibus Swaps Client Account with LCH on an unallocated basis, and the Clearing House shall not attribute any portions of such Unallocated Excess to the individual FCM Clients of such FCM Clearing Member (although the Unallocated Excess shall be held for the benefit of the applicable FCM Clients as a class (in accordance with Part 22 of the CFTC Regulations), the records of which are kept by the applicable FCM Clearing Member).
- (ii) Each FCM Clearing Member that maintains Unallocated Excess in any of its Unallocated Excess Sub-Accounts on behalf of its applicable FCM Clients shall ensure that its books and records accurately reflect at all times the FCM Client or FCM Clients to which such Unallocated Excess is attributable and the amount attributable to each such FCM Client.

- (iii) Subject to paragraph (v) below, the Clearing House shall not be permitted to, and shall not, at any time (x) apply any Unallocated Excess to the FCM Clearing Member's Proprietary Account, or (y) except in accordance with an instruction (provided in accordance with the FCM Rulebook) by the applicable FCM Clearing Member, apply Unallocated Excess to an FCM Client Sub-Account or to the FCM Buffer Sub-Account.
 - (iv) Upon the request of an FCM Clearing Member (including as a result of a standing instruction of an FCM Clearing Member) in accordance with the FCM Procedures, the Clearing House will return Unallocated Excess to an FCM Clearing Member. The FCM Clearing Member shall be deemed to represent to the Clearing House, upon making any such request, that any such request complies with the CFTC Regulations and that the returned Unallocated Excess will remain segregated as required under the CFTC Regulations and the FCM Rulebook.
 - (v) Upon the default of an FCM Clearing Member, any Unallocated Excess in such FCM Clearing Member's Unallocated Excess Sub-Accounts shall be held by the Clearing House for the benefit of the applicable FCM Clients in accordance with Part 190 of the CFTC Regulations and applicable law, and the Clearing House shall not be permitted to apply any such Unallocated Excess to the obligations of the FCM Clearing Member to the Clearing House (on behalf of its FCM Clients or otherwise) except to the extent required by applicable law and/or directed by the applicable bankruptcy trustee or Regulatory Body in accordance with applicable law.
 - (vi) Certain additional procedures relating to Unallocated Excess differ based on whether the FCM Omnibus Swaps Client Accounts with LCH to which such Unallocated Excess corresponds is subject to the Without Client Excess Model or the With Client Excess Model, as such models are described in FCM Regulation [9A15\(c\)](#) and FCM Regulation [9A15\(d\)](#) (and in other applicable provisions of the FCM Rulebook).
- (c) **Without Client Excess Model.** The provisions of this FCM Regulation [9A15\(c\)](#) describe certain components of the Clearing House's model for margining, in accordance with Part 22 of the CFTC Regulations, FCM Omnibus Swaps Client Accounts with LCH in a manner which prohibits the maintenance of Excess Margin in FCM Client Sub-Accounts on a day-to-day basis (such model is referred to in the FCM Rulebook as the "**Without Client Excess Model**"). An alternative model which permits such Excess Margin to be maintained (the With Client Excess Model) is described in FCM Regulation [9A15\(d\)](#). The Without Client Excess Model is the default model that shall apply to an FCM Clearing Member's FCM Omnibus Swaps Client Accounts with LCH, and such model shall apply to all such accounts except where an FCM Clearing Member, to the extent permitted by the FCM Procedures, applies to and is approved by the Clearing House to have one or more of its FCM Omnibus Swaps Client Accounts with LCH treated in accordance with the alternative model (the With Client Excess Model described in FCM Regulation [9A15\(d\)](#)).

The provisions of this FCM Regulation [9A15\(c\)](#) apply only to FCM Omnibus Swaps Client Accounts with LCH that are subject to the Without Client Excess Model.

- (i) ~~(i)~~—**Restriction on Excess Margin in FCM Client Sub-Accounts on a Day-to-Day Basis.** Excess Margin is not permitted to be maintained in any FCM Client Sub-Account on a day-to-day basis. However, an FCM Client’s FCM Client Sub-Account is permitted to maintain Excess Margin on an intraday basis. Any Excess Margin attributable to an FCM Client Sub-Account of an FCM Client that exists in such sub-account following a daily close of the FCM Clearing Services shall be transferred by the Clearing House into the corresponding Unallocated Excess Sub-Account on the morning of the following Business Day (and as such, such Excess Margin shall become Unallocated Excess); **provided, that** all sums due from the relevant FCM Clearing Member at such time in respect of the applicable FCM Omnibus Swaps Client Account with LCH have been paid to the Clearing House. If at any time an FCM Clearing Member furnishes Margin to the Clearing House on behalf of an FCM Client in an amount which would cause such FCM Client’s FCM Client Sub-Account to contain Excess Margin, the Clearing House shall be permitted to reject the deposit of any such Excess Margin or to immediately transfer any such Excess Margin back to the FCM Clearing Member.
- (ii) ~~(ii)~~—**Application of FCM Buffer.**
- (A) ~~(A)~~—The Clearing House shall be permitted to apply any portion of an FCM Clearing Member’s FCM Buffer (any portion of FCM Buffer when applied, “**Encumbered FCM Buffer**”) to any FCM Client Sub-Account held by such FCM Clearing Member in the same FCM Omnibus Swaps Client Account with LCH (in which such FCM Buffer is held) which is in or would become in default.
- (B) ~~(B)~~—At no time shall the Clearing House apply FCM Buffer in an amount that, in respect of an FCM Client, would cause the sum of the FCM Client’s FCM Client Sub-Account Balance and the Encumbered FCM Buffer applicable to such FCM Client’s FCM Client Sub-Account at such time (if any) to exceed the amount of Required Margin applicable to such FCM Client Sub-Account. In the event that any such excess exists (*e.g.*, due to a decrease in Required Margin, the crediting of additional Margin attributable to such FCM Client, or other reasons) with respect to an FCM Client Sub-Account, the Clearing House shall reduce the amount of Encumbered FCM Buffer applicable to such FCM Client in an amount sufficient to remove any such excess, and any such reduced portion of Encumbered FCM Buffer shall again constitute only FCM Buffer (and shall no longer be considered Encumbered FCM Buffer).
- (C) ~~(C)~~—Any Encumbered FCM Buffer that is applied to an FCM Client Sub-Account on a Business Day and remains applied to such sub-account at the opening of the relevant FCM Clearing Service on the following Business Day (as necessary to satisfy the applicable Required Margin) shall, at such time, be deemed to become part of such FCM Client’s FCM Client Sub-Account Balance and shall

thereafter no longer constitute Encumbered FCM Buffer or FCM Buffer.

(D) ~~(D)~~—An FCM Clearing Member that is not a ~~defaulter~~Defaulter may request the return of any of its FCM Buffer that is not Encumbered FCM Buffer at any time in accordance with the FCM Procedures, and upon such request the Clearing House shall return such FCM Buffer.

(E) ~~(E)~~—In the event that an FCM Clearing Member furnishes Collateral to be applied to its FCM Omnibus Swaps Client Account with LCH but does not notify the Clearing House as to whether the Margin in respect of such Collateral should be considered Unallocated FCM Collateral or FCM Buffer, and has not notified the Clearing House that the collateral is attributable to individual FCM Clients, the Clearing House shall treat such Margin as furnished as FCM Buffer and credit it to the FCM Clearing Member's FCM Buffer Sub-Account.

(iii) ~~(iii)~~—**Unallocated Excess.**

(A) ~~(A)~~—An FCM Clearing Member is permitted to furnish Collateral on behalf of its FCM Clients to be applied as Margin directly to the relevant Unallocated Excess Sub-Account, upon its instruction and with the prior written approval of the Clearing House in accordance with the FCM Procedures, and the relevant Margin so furnished shall become Unallocated Excess.

(B) ~~(B)~~—An FCM Clearing Member may provide an instruction (provided in accordance with the FCM Rulebook) to the Clearing House directing it to apply all or a portion of its Unallocated Excess to an FCM Client Sub-Account within the corresponding FCM Omnibus Swaps Client Account with LCH.

(d) **With Client Excess Model.** The provisions of this FCM Regulation 9A15(d) describe certain components of the Clearing House's model for margining, in accordance with Part 22 of the CFTC Regulations, FCM Omnibus Swaps Client Accounts with LCH in a manner which provides for the maintenance of Excess Margin in FCM Client Sub-Accounts on a day-to-day basis (such model is referred to in the FCM Rulebook as the "**With Client Excess Model**"). FCM Clearing Members may, to the extent provided in the FCM Procedures, apply for the Clearing House's approval to have one or more of its FCM Omnibus Swaps Client Accounts with LCH treated in accordance with the With Client Excess Model. Any FCM Omnibus Swaps Client Account with LCH for which no such approval of the Clearing House has been obtained shall be margined in accordance with the Without Client Excess Model (described in FCM Regulation 9A15(c)).

The provisions of this FCM Regulation 9A15(d) apply only to FCM Omnibus Swaps Client Accounts with LCH that are subject to the With Client Excess Model.

(i) ~~(i)~~—**Excess Margin in FCM Client Sub-Accounts.** An FCM Clearing Member is permitted to maintain Excess Margin with the Clearing House in

respect of its FCM Client Sub-Accounts, in accordance with the provisions of the FCM Rulebook.

- (ii) ~~(ii)~~ — **Collateral Value Reports (CVRs)**. For each FCM Omnibus Swaps Client Account with LCH maintained by an FCM Clearing Member treated in accordance with the With Client Excess Model, an FCM Clearing Member shall provide to the Clearing House, at least once on each Business Day, a “Collateral Value Report” (a “**CVR**” or “**Collateral Value Report**”) that is compliant (as determined by the Clearing House in accordance with the FCM Procedures) and that instructs the Clearing House as to the appropriate allocation of the Omnibus Collateral Value attributable to each such FCM Omnibus Swaps Client Accounts with LCH among (A) each FCM Client Sub-Account therein and (B) the FCM Buffer Sub-Account therein. FCM Clearing Members are required to produce and submit CVRs in accordance with Part 22 of the CFTC Regulations and any other applicable law, and such CVRs must be compliant with the Clearing House’s policies regarding CVRs as set forth in the FCM Procedures and as may be set forth, from time to time, in other written materials of the Clearing House made available to FCM Clearing Members. Each FCM Clearing Member shall be fully responsible for all information contained in its CVRs and the Clearing House shall be entitled to rely fully on such information and has no obligation to conduct its own investigation (although it may do so) with respect to such information. The Clearing House shall update its applicable records in accordance with the most recently submitted compliant CVR corresponding to an FCM Omnibus Swaps Client Account with LCH, and the most recent compliant CVR with respect thereto shall supersede any prior CVRs. A CVR will not be compliant if its allocation of the Omnibus Collateral Value would trigger a margin call. Additionally, a CVR may not be used to satisfy a margin call and a CVR that reallocates the Omnibus Collateral Value so as to satisfy a margin call shall not be compliant.
- (iii) ~~(iii)~~ — **Assumed Allocation**. When an FCM Clearing Member furnishes Margin to an FCM Omnibus Swaps Client Account with LCH for the purposes of satisfying a margin call issued by the Clearing House, such Margin shall be automatically allocated (such allocation, the “**Assumed Allocation**”) by the Clearing House (A) among each of the FCM Client Sub-Accounts therein having at such time an FCM Client Sub-Account Balance shortfall (in respect of the amount of Required Margin then applicable to each such sub-account) and (B) such allocation shall be made on a pro rata basis based on the amount of shortfall in each such sub-account. An FCM Clearing Member is not permitted to deliver a CVR simultaneously with its deposit of Collateral in satisfaction of a margin call so as to avoid the Assumed Allocation. However, an FCM Clearing Member may subsequently deliver a CVR allocating the entire Omnibus Collateral Value in the applicable account and any prior Assumed Allocation shall not limit the ability of subsequently delivered CVRs to allocate the Omnibus Collateral Value in the normal manner as provided in the FCM Rulebook.
- (iv) ~~(iv)~~ — **Application of FCM Buffer**. The Clearing House will look to FCM Buffer to offset any FCM Client Sub-Account Balance deficits (on an

aggregate basis) in the corresponding FCM Omnibus Swaps Client Account with LCH, and will not issue a margin call to an FCM Clearing Member in respect of the amounts of any such deficits to the extent such amounts could be offset by FCM Buffer. An FCM Clearing Member that is not a ~~defaulter~~Defaulter may request the return of any of its FCM Buffer that is not, at such time, being used by the Clearing House in such manner to offset any such FCM Client Sub-Account Balance deficits.

(v) ~~(v)~~ — **Unallocated Excess.**

(A) ~~(A)~~ — An FCM Clearing Member is permitted to furnish Collateral on behalf of its FCM Clients to be applied as Margin directly to the relevant Unallocated Excess Sub-Account as set forth in the FCM Procedures. Any Margin furnished by an FCM Clearing Member in respect of an FCM Omnibus Swaps Client Account with LCH that is (1) not furnished in satisfaction of an outstanding margin call and (2) not accompanied by a new and compliant CVR, shall be automatically deemed to be furnished as Unallocated Excess and shall be credited to the applicable Unallocated Excess Sub-Account.

(B) ~~(B)~~ — An FCM Clearing Member may deliver a CVR to the Clearing House which has the effect of allocating all or a portion of the applicable Unallocated Excess into FCM Client Sub-Accounts and/or the FCM Buffer Sub-Account in the same FCM Omnibus Swaps Client Account with LCH; **provided, that** such a CVR delivery may not be used for purposes of allocating Unallocated Excess in order to satisfy a margin call.

- (e) **Required Margin Increase in an FCM Client Sub-Account Subject to the Without Client Excess Model.** If the Required Margin applicable to the FCM Contracts registered to an FCM Client's FCM Client Sub-Account subject to the Without Client Excess Model is increased by the Clearing House and such increase cannot be immediately satisfied by Excess Margin in the corresponding FCM Client Sub-Account Balance, the FCM Client Sub-Account Balance shortfall will be satisfied in whole or in part (as applicable) by (x) the application of any Available FCM Buffer (*i.e.*, FCM Buffer that is not Encumbered FCM Buffer and that is credited to the FCM Buffer Sub-Account within the applicable FCM Omnibus Swaps Client Account with LCH) and (y) any credit extended by the Clearing House (in the Clearing House's sole discretion), including any SwapClear Tolerance or MCE if applicable.

If the FCM Client Sub-Account Balance shortfall referred to above cannot be fully satisfied with Available FCM Buffer and/or Clearing House credit as set forth above, the obligation of the FCM Clearing Member to satisfy such deficit shall be discharged by:

- (i) ~~(A)~~ — the applicable FCM Clearing Member furnishing additional Margin to the Clearing House on behalf of the applicable FCM Client; ~~and/or~~

(ii) ~~(B)~~—if the obligation of the FCM Clearing Member to satisfy the FCM Client Sub-Account Balance deficit has not been fully discharged pursuant to clause ~~(A)~~i above, by other means (if any) available to the Clearing House in accordance with the FCM Rulebook.

- (f) **Required Margin Increase in an FCM Client Sub-Account Subject to the With Client Excess Model.** If the Required Margin applicable to the FCM Contracts registered to an FCM Client's FCM Client Sub-Account subject to the With Client Excess Model is increased by the Clearing House and such increase cannot be immediately satisfied by Excess Margin in the corresponding FCM Client Sub-Account Balance, the FCM Client Sub-Account Balance shortfall will be satisfied in whole or in part (as applicable) by (x) any Available FCM Buffer that is credited to the FCM Buffer Sub-Account within the applicable FCM Omnibus Swaps Client Account with LCH and (y) any credit extended by the Clearing House (in the Clearing House's sole discretion), including any SwapClear Tolerance ~~or~~of MCE if applicable.

If the FCM Client Sub-Account Balance shortfall referred to above cannot be fully satisfied with Available FCM Buffer and/or Clearing House credit as set forth above, the obligation of the FCM Clearing Member to satisfy such deficit shall be discharged by:

- (i) ~~(A)~~—the applicable FCM Clearing Member furnishing additional Margin to the Clearing House in respect of the applicable FCM Omnibus Swaps Client Account with LCH (which shall be allocated in accordance with the Assumed Allocation); ~~and/or~~
- (ii) ~~(B)~~—if the obligation of the FCM Clearing Member to satisfy the FCM Client Sub-Account Balance deficit has not been fully discharged pursuant to clause ~~(A)~~i above, by other means (if any) available to the Clearing House in accordance with the FCM Rulebook.

~~(a) — Regulation 10 Official Quotations and Reference Price; Settlement and Revaluation~~

**REGULATION 16 OFFICIAL QUOTATIONS AND REFERENCE PRICE;
SETTLEMENT AND REVALUATION**

- (a) The Clearing House may determine Official Quotations and Reference Prices for the purposes of these FCM Regulations and the FCM Procedures in such manner and at such times as may be prescribed in the FCM Procedures. Except as prescribed in the FCM Procedures, an Official Quotation or Reference Price is binding on an FCM Clearing Member and may in no circumstances be called in question.
- (b) If the official quotations and/or Reference Prices prescribed in the Procedures are unavailable, the Clearing House may determine, in its sole discretion, a substitute official quotation or Reference Price. In such circumstances, the substitute official quotation or Reference Price determined by the Clearing House is binding on an FCM Clearing Member and may in no circumstances be called in question.
- (c) ~~(b)~~ For the avoidance of doubt, the Clearing House is not responsible for and does not warrant the accuracy of any Settlement Price determined by a third party or any Reference Price.
- (d) ~~(e)~~ **Settlement and Revaluation.** With respect to settlement and revaluation procedures, the settlement and revaluation procedures for each Product shall be set forth in the chapter of the FCM Rulebook applicable to such Product and/or in the relevant section of the FCM Procedures.

~~Regulation 11 — Market Disorders, Impossibility of Performance, Trade Emergency~~

- ~~(a) — Paragraph (c) of this FCM Regulation 11 shall not apply to FCM Option Contracts.~~
- ~~(b) — In relation to FCM Exchange Contracts, if an Exchange Board, after consultation with the Clearing House, or the Clearing House, if it deems it impracticable to consult with the Exchange Board with respect to sub-paragraph (i) below only, or if the Clearing House, in relation to FCM Contracts which are not FCM Exchange Contracts, determines that one of the following conditions is satisfied, namely:~~
- ~~(i) — a state of war exists or is imminent or threatened or civil unrest or terrorist or other criminal action has occurred or is imminent or threatened, and is likely to affect or has affected the normal course of business, including, but not limited to, performance under an FCM Contract; or~~
- ~~(ii) — the government of any nation, state or territory or any institution or agency thereof has proclaimed or given notice of its intention to exercise, vary or revoke controls which appear likely to affect the normal course of business, including, but not limited to, performance under an FCM Contract; or~~
- ~~(iii) — the EU or any international organization, or any institution or agency thereof, has introduced, varied, terminated or allowed to lapse any~~

~~provision so as to be likely to affect the normal course of business, including, but not limited to, performance under an FCM Contract; or has given notice of its intention to do so or appears to be about to do so;~~

~~then:~~

- ~~(iv) in respect of such FCM Contracts which are not FCM Exchange Contracts as specified by the Clearing House, and notified to the affected FCM Clearing Members, the Clearing House shall be entitled to invoice back such FCM Contracts in accordance with FCM Regulation 13 and the FCM Procedures at a price determined by the Clearing House or to require such FCM Clearing Members to comply with any directions issued by the Clearing House regarding the performance of, or any other direction in respect of, such FCM Contracts; and~~
- ~~(v) such FCM Exchange Contracts for such Delivery Months, Prompt Dates or other delivery periods as the Exchange Board in consultation with the Clearing House or (where the Clearing House so determines without consultation with the Exchange Board) as the Clearing House shall specify (which may include FCM Exchange Contracts under which Delivery Notice or a notice or some other prescribed form of exercise has been given) shall, (unless the relevant Exchange Rules otherwise provide) upon the Exchange Board's (or the Clearing House's, as the case may be) formal announcement that such condition is satisfied, be invoiced back in accordance with FCM Regulation 13 and the FCM Procedures at a price determined by the Exchange Board (or the Clearing House as the case may be). In the event that a price fails to be determined by the Clearing House it shall, adopt the settlement price which in the opinion of the Clearing House was last determined or announced by the Exchange Board pursuant to Exchange Rules.~~

~~Accounts shall be made up by the Clearing House in accordance with the FCM Procedures for each FCM Clearing Member who is a party to FCM Contracts invoiced back pursuant to this paragraph. Settlement of such accounts shall be due immediately and settlement thereof shall be made forthwith in discharge of such FCM Contracts invoiced back notwithstanding any further change of circumstances.~~

- ~~(c) If, in the opinion of the Clearing House after consultation with the relevant Exchange Board, a Seller's complete performance of an FCM Exchange Contract becomes impossible for any reason whatsoever (except in such circumstances as are set out in paragraph (b) above), the affected FCM Exchange Contract may at the Clearing House's option thereupon be closed by invoicing back at a price determined by the Exchange Board, and such price shall be binding on all affected parties. Accounts shall be made up by the Clearing House in accordance with the FCM Procedures.~~
- ~~(d) If an Exchange determines in accordance with its Exchange Rules that an excessive position or unwarranted speculation or any other undesirable situation or practice is developing or has developed which is affecting or capable of affecting a market in a commodity, the Clearing House may take such action as is requested of it by such Exchange in respect of one or more FCM Exchange Contracts for such commodity in an FCM Clearing Member's name as may be provided by Exchange Rules, or as may be agreed between the Exchange and the Clearing House.~~

Any formal announcement made under this FCM Regulation shall be made by notice posted by the Exchange or the Clearing House (or by other means as determined by the Clearing House) or as prescribed by the FCM Procedures.

Regulation 12 — Force Majeure

- ~~(a) — Neither the Clearing House (nor any other member of the LCH.Clearent Group) nor an FCM Clearing Member shall be liable for any failure, hindrance or delay in performance in whole or in part of its obligations under the terms of these FCM Regulations or of any FCM Contract if such failure, hindrance or delay arises out of events or circumstances beyond its control. Such events or circumstances may include, but are not limited to, acts of God or the public enemy, acts of a civil or military authority other than the acts referred in FCM Regulation 11(a)(i), (ii) or (iii) above, terrorist or other criminal action, sabotage, civil unrest, embargoes, blockades, fire, flood, earthquake, tornado, tsunami, other natural disasters, explosion, epidemics or plagues, labor dispute, unavailability or restriction of computer or data processing facilities, energy supplies, settlement systems or of bank transfer systems or wires, failures of software or communications systems, and any other causes beyond the parties reasonable control including, without prejudice to the foregoing, any causes specified in Exchange Rules or the rules of an FCM Approved Trade Source System.~~
- ~~(b) — On the happening of any one or more of the events or circumstances referred to in paragraph (a) above, which shall immediately be notified by the party prevented, hindered or delayed from performing any of the obligations referred to in paragraph (a) above to the other:~~
- ~~(i) — in respect of affected FCM Exchange Contracts or FCM Contracts subject to the rules of an FCM Approved Trade Source System, the Clearing House shall be entitled at the time prescribed in the relevant Exchange Rules or the rules of a relevant FCM Approved Trade Source System or if no such time is prescribed at any time after receipt of such notice, to invoice back in accordance with FCM Regulation 13, some or all such FCM Exchange Contracts or such FCM Contracts in the FCM Clearing Member's name at a price determined by the relevant Exchange or FCM Approved Trade Source System, or where Exchange Rules or the rules of an FCM Approved Trade Source System permit, to take such other action as it deems necessary or desirable in respect of some or all such FCM Exchange Contracts or FCM Contracts in the FCM Clearing Member's name or require the FCM Clearing Member to take such action as the Clearing House may direct in respect of the same; and~~
 - ~~(ii) — in respect of affected FCM Contracts that are not FCM Exchange Contracts or subject to the rules of an FCM Approved Trade Source System, the Clearing House shall be entitled to require any of the affected FCM Contracts to be performed in accordance with directions issued by the Clearing House or invoiced back in accordance with FCM Regulation 13, or shall be entitled to require the FCM Clearing Member to take such action as the Clearing House may direct in respect of such FCM Contracts.~~

Regulation 13 — Invoicing Back

- ~~(a) — Invoicing back of an FCM Clearing Member's FCM Contracts pursuant to FCM Regulation 11, FCM Regulation 12, the Default Rules (in the case of FCM Exchange Contracts), or otherwise, shall be carried out by the Clearing House effecting and registering pursuant to the FCM Procedures opposite contracts between itself and the FCM Clearing Member at the price referred to in the relevant FCM Regulation or, where applicable, in paragraph (d) below, and thereupon settling such FCM Contracts against such opposite contracts.~~
- ~~(b) — The Clearing House shall, in addition to carrying out the procedures referred to in paragraph (a) above, register opposite contracts between itself and such other FCM Clearing Members as the Clearing House may select in its absolute discretion in proportion to the net position of FCM Contracts in their names for the same commodity and Delivery Month or Prompt Date as the FCM Contracts invoiced back under paragraph (a) above to the nearest whole number of Lots, or in the case of FCM Option Contracts on the terms of the relevant underlying contracts specified in the FCM Procedures (if applicable), for the same Expiry Month and Strike Price as the FCM Contracts invoiced back under paragraph (a) above, or in the case of FCM Contracts that are not FCM Exchange Contracts on the same FCM Contract Terms as the FCM Contracts invoiced back under paragraph (a) above, and thereupon settling such FCM Contracts against such opposite contracts.~~
- ~~(c) — Where Open Contracts are invoiced back pursuant to FCM Regulation 11 or FCM Regulation 12 the Clearing House shall make up the accounts of any FCM Clearing Member affected by such invoicing back in accordance with FCM Regulation 11 or FCM Regulation 12, as applicable. Where an FCM Contract is invoiced back under the Default Rules, the account of such other FCM Clearing Member as may be affected under paragraph (b) above shall be made up in accordance with that paragraph.~~
- ~~(d) — Opposite FCM Contracts effected and registered by the Clearing House pursuant to paragraph (a) and (b) above shall, subject to FCM Regulation 11, be at a price determined by the Clearing House, and shall be binding as a final settlement upon the parties affected by invoicing back or, in the case of Exchange Contracts, at a price or (where applicable) Premium fixed or determined by the relevant Exchange Board. This paragraph shall be without prejudice to any further liability of the defaulting FCM Clearing Member to the Clearing House or to any additional rights which the Clearing House may have against the defaulting FCM Clearing Member whether under these FCM Regulations, at law or otherwise.~~
- ~~(e) — In this FCM Regulation 13:~~
- ~~(i) — “net position” means: (A) in respect of FCM Contracts in a Product for which there are Economic Terms (as set forth in the definition of “Economic Terms” in these FCM Regulations), one or more of such FCM Contracts against which the FCM Clearing Member in whose name they are registered has no matching FCM Contracts on the same Economic Terms and (B) in respect of FCM Contracts in all other Products not specified in (A) above, one or more such FCM Contracts against which the FCM Clearing Member in whose name they are registered has no~~

~~matching FCM Contracts for the same Delivery Month, Expiry Month or Prompt Date; and~~

- ~~(ii) “opposite contract” means an FCM Contract on the same terms (except as to price), as the FCM Contract to be invoiced back in accordance with this FCM Regulation 13, but where an FCM Clearing Member has position “X” in respect of an FCM Contract to be invoiced back (where such FCM Contract consists of positions “X” and “Y”), such FCM Clearing Member shall have position “Y” in respect of the opposite contract and vice versa.~~

Regulation 14 — Currency Conversion

~~For the purpose of exercising any rights under these FCM Regulations, the Clearing House shall be entitled in its discretion to convert monies standing to the debit or credit of an FCM Clearing Member’s accounts (including FCM Client Segregated Depository Accounts and FCM Omnibus Client Accounts with LCH) into such other currency or currencies as it thinks fit, such conversion to be effected at such reasonable rate or rates of exchange as the Clearing House may determine in accordance with the FCM Procedures.~~

Regulation 15 — Disclosure

- ~~(a) The Clearing House shall have authority to supply any information whatsoever concerning an FCM Clearing Member and its trading to (a) any Regulatory Body which is entitled to receive or request any such details or information, (b) LCH.Clearnet Group Limited, (c) LCH.Clearnet SA or (d) any other person or body to which the Clearing House is, in its reasonable opinion, legally required to disclose the same.~~
- ~~(b) The Clearing House shall also be entitled to supply any information whatsoever concerning an FCM Clearing Member to any person (and the Clearing House will solicit an undertaking from any such person that such person will keep such information confidential) who has provided or may be contemplating entering into arrangements to provide the Clearing House directly or indirectly with stand-by or other finance, insurance cover, guarantee or other financial backing, which the Clearing House has been requested or is legally required to disclose to assist such person in relation to the provision of, or continued provision of, such finance, insurance cover, guarantee or financial backing.~~

Regulation 16 — Fees and Other Charges

- ~~(a) The Clearing House shall be entitled to levy fees in respect of such matters and at such rates as may from time to time be prescribed. Such fees shall be payable by such FCM Clearing Members, by such times, and in such manner as may be prescribed by the FCM Procedures.~~

- ~~(b) Accommodation charges made by the Clearing House pursuant to FCM Regulation 8(d) shall be payable to the Clearing House by such FCM Clearing Members, in such manner and by such times as may be prescribed by the FCM Procedures.~~
- ~~(c) Any changes to be made to the fees and charges payable pursuant to paragraphs (a) and (b) above shall take effect, as prescribed by the FCM Procedures.~~

Regulation 17 — Records

~~An FCM Clearing Member shall not be entitled to the return of any particulars, notices or any other documentation presented to the Clearing House pursuant to FCM Regulation 7, FCM Regulation 8 and FCM Regulation 31.~~

Regulation 18 — FCM Procedures

~~The FCM Procedures shall take effect and shall be binding on FCM Clearing Members as if they formed part of these FCM Regulations save that, in the event of any conflict between the provisions of these FCM Regulations and the FCM Procedures, the provisions of these FCM Regulations shall prevail.~~

Regulation 19 — Alteration of FCM Regulations and the FCM Procedures

- ~~(a) Unless the FCM Clearing Membership Agreement or these FCM Regulations otherwise specifically provide in relation to any proposed amendment or extension, the Clearing House may from time to time, by notice delivered to FCM Clearing Members, amend or extend these FCM Regulations and such amendment or extension may be made with immediate effect or with such deferred effect as the Clearing House shall determine. Any amendment or extension to these FCM Regulations may take effect so as to apply to FCM Contracts registered in an FCM Clearing Member's name at the time such amendment or extension comes into effect if the Clearing House so determines.~~
- ~~(b) Unless the FCM Clearing Membership Agreement or these FCM Regulations or the FCM Procedures otherwise specifically provide in relation to any proposed amendment or extension, the Clearing House may from time to time amend or extend the FCM Procedures by notice to such FCM Clearing Members as may be affected.~~
- ~~(c) The accidental omission to give notice under this FCM Regulation 19 to, or the non-receipt of notice under this FCM Regulation 19 by, any FCM Clearing Member shall not invalidate the amendment or extension with which the notice is concerned.~~

Regulation 20 — Interpretation of these FCM Regulations

- ~~(a) — In the event of inconsistency between the provisions of these FCM Regulations and the rules or regulations or other contractual provisions of any trading platform or other undertaking the provisions of these FCM Regulations shall prevail.~~
- ~~(b) — The headings to these FCM Regulations are for convenience only and shall not affect their interpretation.~~

Regulation 21 — Waiver

~~No failure by the Clearing House to exercise, nor any delay on its part in exercising, any of its rights (in whole or in part) under these FCM Regulations shall operate as a waiver of the Clearing House's rights or remedies upon that or any subsequent occasion, nor shall any single or partial exercise of any right or remedy prevent any further exercise thereof or any other right or remedy.~~

Regulation 22 — Validity of FCM Regulations and Action

~~If at any time any provision of these FCM Regulations becomes illegal, invalid or unenforceable in any respect under the law of any jurisdiction, neither the legality, validity or enforceability of the remaining provisions of these FCM Regulations nor the legality, validity or enforceability of such provision under the law of any other jurisdiction shall in any way be affected or impaired thereby.~~

Regulation 23 — Governing Law and Jurisdiction

- ~~(a) — These FCM Regulations, the FCM Procedures and each FCM Contract shall be governed by and construed in accordance with the laws of the State of New York, without regard to any conflicts of laws principles, and IN ACCORDANCE WITH the laws of the United States of America, including the CEA and applicable bankruptcy and insolvency laws.~~
- ~~(b) — The Other Specific Regulations shall be governed by and construed in accordance with the laws of England and Wales.~~
- ~~(c) — The Clearing House and every FCM Clearing Member hereby irrevocably agree for the benefit of the Clearing House that (i) the courts of the State of New York, Borough of Manhattan in the United States of America, (ii) the United States District Court for the Southern District of New York, or (iii) the courts of England and Wales shall have exclusive jurisdiction to hear and determine any claim or matter arising from or in relation to any FCM Contract, these FCM Regulations, the FCM Procedures or to the Other Specific Regulations (in the case of the Other Specific Regulations, only with respect to a claim or matter arising from or in relation to an FCM Contract, FCM Clearing Services or these FCM Regulations);~~

~~and each FCM Clearing Member irrevocably submits to such jurisdiction and waives any objection which it might otherwise have to such courts being a convenient and appropriate forum, save that this submission to the exclusive jurisdiction of the courts of the State of New York, Borough of Manhattan in the United States of America, the United States District Court for the Southern District of New York or the courts of England and Wales shall not (and shall not be construed so as to) limit the right of the Clearing House to take proceedings in any other court of competent jurisdiction, nor shall the taking of action in one or more jurisdictions preclude the taking of action in any other jurisdiction, whether concurrently or not.~~

- ~~(d) The Clearing House and each FCM Clearing Member hereby irrevocably waives any right to a trial by jury in any litigation directly or indirectly arising out of or relating to any FCM Contract, the FCM Procedures, the Other Specific Regulations or to these FCM Regulations.~~
- ~~(e) Each FCM Clearing Member irrevocably waives, with respect to itself and its revenues and assets, all immunity on the grounds of sovereignty or other similar grounds from suit, jurisdiction of any court, relief by way of injunction, order for specific performance or for recovery of property, attachment of its assets (whether before or after judgment) and execution or enforcement of any judgment to which it or its revenues or assets might otherwise be entitled in any proceedings in the courts of any jurisdiction and irrevocably agrees that it will not claim any such immunity in any proceedings.~~

Regulation 24 — Exclusion of Liability

- ~~(a) Neither the Clearing House nor any other member of the LCH.Clearnet Group shall have any liability to an FCM Clearing Member or any other person in respect of any dispute arising from or in relation to any FCM Contract, including but not limited to, any dispute as to the validity or otherwise of such FCM Contract, the terms of such FCM Contract or whether any alleged agreement or arrangement constitutes an FCM Contract.~~
- ~~(b) Without prejudice to the provisions of FCM Regulation 1 and FCM Regulation 24(d), neither the Clearing House nor any other member of the LCH.Clearnet Group shall be liable whatsoever to any FCM Clearing Member, or to any other person in contract, tort (including negligence), trust, as a fiduciary or under any other cause of action in respect of any damage, loss, cost or expense of ANY NATURE whatsoever suffered or incurred as a result of: any suspension of clearing services, whether for a temporary period or otherwise, a step taken by the Clearing House under FCM Regulations 11, 12, 30 or 40(f) or any failure or malfunction of any systems, communication lines or facilities, software or technology supplied, operated or used by the Clearing House or the relevant approved agent; the occurrence of any event which is outside the control of the Clearing House; or any exercise by the Clearing House of its discretion under the FCM Regulations, or any decision by the Clearing House not to exercise any such discretion.~~
- ~~(c) Without prejudice to FCM Regulation 24(b) and FCM Regulation 24(d), unless otherwise expressly provided in the FCM Regulations or in any other agreement to which the Clearing House is party, neither the Clearing House nor any other member of the LCH.Clearnet Group shall be liable under any circumstances (including as a result of any negligence by the Clearing House, or any other~~

~~member of the LCH.Clearnet Group Limited, or their respective officers, employees, agents or representatives) to any FCM Clearing Member or any other Executing Party for any indirect or consequential loss or damage, or loss of anticipated profit (whether direct or indirect) or loss of bargain, suffered or incurred by any such FCM Clearing Member or other Executing Party and shall not in any circumstances be liable for any loss, cost, damage or expense suffered or incurred by any person as a result of any negligence on the part of the Clearing House, or any other member of the LCH.Clearnet Group Limited, or their respective officers, employees, agents or representatives.~~

- ~~(d) Nothing in this FCM Regulation 24 shall be construed as an attempt by the Clearing House to exclude any liability for any fraud, fraudulent misrepresentation or willful default on the part of the Clearing House. The Clearing House accepts liability for any personal injury or death caused by the negligence of the Clearing House and for any fraud or willful default on the part of the Clearing House.~~
- ~~(e) Without prejudice to the provisions of FCM Regulation 1 and FCM Regulation 24(d) neither the Clearing House, nor any other member of the LCH.Clearnet Group shall have any liability whatsoever to any FCM Clearing Member or to any other person (including any FCM Client) in contract, tort (including negligence), trust, as a fiduciary or under any other cause of action in respect of any damage, loss, cost or expense of whatsoever nature suffered or incurred by an FCM Clearing Member or any other person, as the case may be, as a result of the failure of any systems, communication facilities or technology.~~
- ~~(f) Without prejudice to FCM Regulation 1 and FCM Regulation 24(d), neither the Clearing House, nor any other member of the LCH.Clearnet Group, shall have any liability whatsoever to any FCM Clearing Member or to any other person (including, without limitation, any FCM Client) in contract, tort (including, without limitation, negligence), trust, as a fiduciary or under any other cause of action in respect of any damage, loss, cost or expense of whatsoever nature suffered or incurred by an FCM Clearing Member or any other person as the case may be, as a result of any service failure, whether complete or partial, of any payment or securities services provider, including (without limitation) any Securities System Operator, custodian, settlement agent, securities depository, securities settlement system, settlement facility or central bank.~~

~~Regulation 24A Netting~~

- ~~(a) If at any time the Clearing House fails to make a payment to an FCM Clearing Member, other than a defaulter, under an FCM Contract for a period of 30 days from the date when the obligation to pay fell due, then that FCM Clearing Member may exercise its rights under paragraph (c) below.~~
- ~~(b) If at any time the Clearing House commences a voluntary case or other procedure seeking or proposing liquidation, administration, receivership, voluntary arrangement or a scheme of arrangement, or other similar relief with respect to itself or to its debts under any bankruptcy, insolvency, regulatory, supervisory or similar law, or if any of the foregoing cases or procedures is commenced in relation to the Clearing House by any other person which results in liquidation or winding up of the Clearing House, or if the Clearing House takes corporate action to authorize any of the foregoing, in any such case other than for the purposes of~~

~~corporate restructuring (including any consolidation, amalgamation or merger), then an FCM Clearing Member, other than a defaulter, may exercise the right given to it under paragraph (c) below.~~

~~(c) An FCM Clearing Member entitled to exercise rights under this paragraph may, at any time while any of the circumstances referred to in paragraph (a) or (b) above giving rise to such rights continue, by notice in writing to the Clearing House, specify a Termination Date for the termination and liquidation of all FCM Contracts to which it is a party in accordance with paragraph (d) below.~~

~~(d) Upon the occurrence of a Termination Date:~~

~~(i) neither the Clearing House nor the FCM Clearing Member shall be obliged to make any further payments under any FCM Contract between them which would, but for this FCM Regulation 24A, have fallen due for performance on or after the Termination Date, and any obligations to make further payments which would otherwise have fallen due shall be satisfied by settlement (whether by payment, set-off or otherwise) of the Termination Amount;~~

~~(ii) the FCM Clearing Member shall (on, or as soon as reasonably practicable after, the Termination Date) determine (discounting if appropriate) in respect of each FCM Contract its total loss or, as the case may be, gain, in each case expressed in the lawful currency of the United States or the currency of the relevant FCM Contract where agreed by the Clearing House and the FCM Clearing Member (the "Base Currency"), (and, if appropriate, including any loss of bargain, cost of funding or, without duplication, loss or, as the case may be, gain as a result of the termination, liquidation, obtaining, performing or re-establishing of any hedge or related trading position), as a result of the termination, pursuant to this agreement, of each payment which would otherwise have been required to be made under such FCM Contract; and~~

~~(iii) the FCM Clearing Member shall treat each loss to it, determined as above, as a positive amount and each gain by it, so determined, as a negative amount and, subject to paragraph (iv) below, shall aggregate all of such amounts to produce a single, net positive or negative amount, denominated in the Base Currency (the "Termination Amount").~~

~~(iv) Where an FCM Clearing Member has a Proprietary Account and one or more FCM Omnibus Client Accounts with LCH:~~

~~(A) the FCM Clearing Member shall determine two or three net amounts under paragraph (d)(iii); (1) if applicable, one net amount in respect of gains and losses arising on FCM Contracts registered to each of the FCM Clearing Member's FCM Omnibus Swaps Client Accounts with LCH,, (2) if applicable, one net amount in respect of gains and losses arising on FCM Contracts registered to each of the FCM Clearing Member's FCM Omnibus Futures Client Accounts with LCH, and (3) a net amount in respect of gains and losses arising on FCM Contracts registered to the FCM Clearing Member's Proprietary Account; and~~

- ~~(B) the two or three net amounts determined under paragraph (iv)(1) above shall constitute Termination Amounts.~~
- ~~(v) If a Termination Amount determined pursuant to paragraph (d)(iv) above is a positive amount, the Clearing House shall pay it to the FCM Clearing Member and if any such Termination Amount is a negative amount, the FCM Clearing Member shall pay it to the Clearing House, in either case in accordance with paragraph (vi). The FCM Clearing Member shall notify the Clearing House of each such Termination Amount, and by which party it is payable, immediately after the calculation thereof.~~
- ~~(vi) A Termination Amount shall, subject to FCM Regulation 24B, be paid in the Base Currency by the close of business on the Business Day following notification pursuant to paragraph (v) above (converted as required by applicable law into any other currency, any costs of such conversion to be borne by, and (if applicable) deducted from any payment to, the Clearing House). Any Termination Amount which is not paid on such day shall bear interest, at the average rate at which overnight deposits in the currency of such payment are offered by major banks in the London interbank market as of 11:00 hours (London time) (or, if no such rate is available, at such reasonable rate as the FCM Clearing Member may select) plus 1% per annum, for each day for which any such sum remains unpaid.~~
- ~~(vii) For the purposes of any calculation required to be made under this FCM Regulation 24A, the FCM Clearing Member may convert amounts denominated in any other currency into the Base Currency at such rate prevailing at the time of the calculation as it shall reasonably select.~~

~~The FCM Clearing Member's rights under this FCM Regulation 24A shall be in addition to, and not in limitation or exclusion of, any other rights which the FCM Clearing Member may have (whether by agreement, operation of law or otherwise, including its rights under FCM Regulation 6(i)).~~

~~Regulation 24B Distribution of Assets~~

- ~~(a) Where (after the netting and set-off provided for in FCM Regulation 24A and FCM Regulation 6(i)) the Clearing House has insufficient assets available to it to pay all Termination Amounts (determined in accordance with FCM Regulation 24A and General Regulation 39A (under the UK General Regulations)) in full, the claims of the Clearing Members shall be met first to those Clearing Members who are FCM Clearing Members and SwapClear Clearing Members and/or ForexClear Clearing Members in an amount equal to the outstanding SwapClear Contributions of such FCM Clearing Members and SwapClear Clearing Members and/or the outstanding ForexClear Contributions of such FCM Clearing Members and ForexClear Clearing Members (as applicable) and, thereafter, pro rata to each Clearing Member's respective claim (and in respect of FCM Clearing Members and SwapClear Clearing Members who have received an amount relating to their outstanding SwapClear Contributions, their respective claims shall be reduced by such amounts so received; and in respect of FCM Clearing Members and ForexClear Clearing Members who have received an amount relating to their outstanding ForexClear Contributions, their respective claims shall be reduced by such amounts so received). To the extent the Clearing House does not have sufficient assets available to it to pay each FCM Clearing Member and SwapClear~~

~~Clearing Member and/or ForexClear Clearing Member the amount equal to its outstanding SwapClear Contribution and/or its outstanding ForexClear Contribution (as applicable), the Clearing House shall distribute the assets available to it to each such FCM Clearing Member and SwapClear Clearing Member and/or ForexClear Clearing Member (as applicable) in an amount equal to the proportion that the outstanding SwapClear Contribution of the relevant FCM Clearing Member or SwapClear Clearing Member and/or the outstanding ForexClear Contribution of the relevant FCM Clearing Member or ForexClear Clearing Members bears to the aggregate of: (i) the sum of the outstanding SwapClear Contributions of all relevant FCM Clearing Members and SwapClear Clearing Members and (ii) the sum of the outstanding ForexClear Contributions of all relevant FCM Clearing Members and ForexClear Clearing Members.~~

- ~~(b) Notwithstanding anything to the contrary in these FCM Regulations or the FCM Rulebook, this FCM Regulation 24B shall be governed by and construed in accordance with the governing law provided for in paragraph (a) of General Regulation 38 (under the UK General Regulations).~~
- ~~(c) For the purposes of this FCM Regulation 24B, the term "Clearing Member" shall include FCM Clearing Members and all other Clearing Members (as defined in the UK General Regulations) of the Clearing House.~~

~~Regulation 25 Acknowledgements and Agreements of FCM Clients and Affiliates~~

~~Each FCM Client and Affiliate, by participating in FCM Transactions and entering FCM Contracts through its respective FCM Clearing Member(s), shall be deemed to understand, acknowledge and agree that:~~

- ~~(a) the services provided by the Clearing House with regard to the FCM Clearing Services will be subject to and governed by the FCM Rulebook between the Clearing House and the FCM Clearing Member;~~
- ~~(b) the FCM Regulations shall govern the registration of FCM Contracts and all transactions between an FCM Client or Affiliate and its FCM Clearing Member resulting in the registration of FCM Contracts, and at the time of registration of an FCM Contract the FCM Client or Affiliate on whose behalf it was registered will be deemed to be bound by the relevant FCM Contract on the terms entered into between the FCM Clearing Member and the Clearing House (including, without limitation, all applicable terms of the FCM Regulations and the schedules thereto) automatically and without any further action by such FCM Client or Affiliate or by its FCM Clearing Member, and such FCM Client or Affiliate agrees to be bound by the applicable provisions of the FCM Regulations and by the terms of the applicable FCM Contracts in all respects;~~
- ~~(c) the provisions of FCM Regulation 24 (Exclusion of Liability) shall apply to each FCM Client and Affiliate *mutatis mutandis* as though entered into by each FCM Client and Affiliate directly with the Clearing House;~~
- ~~(d) the Clearing House shall be under no obligation to deal directly with any FCM Client or Affiliate, and the Clearing House may deal exclusively with the FCM Clearing Members;~~

- ~~(e) the Clearing House shall have no obligations to any FCM Client or Affiliate with respect to any FCM Contract held by the relevant FCM Clearing Member on behalf of such FCM Client or Affiliate, including to any repayment or redelivery obligations;~~
- ~~(f) no FCM Client or Affiliate shall have any right to receive from the Clearing House, or any right to assert a claim against the Clearing House with respect to, nor shall the Clearing House be liable to any FCM Client or Affiliate for, any payment or delivery obligation in connection with any FCM Contract held by the relevant Clearing Member on behalf of such FCM Client or Affiliate and the Clearing House shall make any such payments or redeliveries solely to the FCM Clearing Member;~~
- ~~(g) upon the default of an FCM Client's or Affiliate's FCM Clearing Member, if the Clearing House is required to do so by any Regulatory Body or applicable laws or regulations, or determines in its discretion that it is necessary for its protection, the Clearing House may close out and terminate the FCM Client's or Affiliate's FCM Contracts entered into by such FCM Clearing Member, subject to applicable law, regardless of whether such FCM Client or Affiliate had itself defaulted, and in certain circumstances the Clearing House will not transfer or otherwise re-establish such positions;~~
- ~~(h) the Clearing House will not hold any assets transferred to it on behalf of any individual FCM Client or an Affiliate;~~
- ~~(i) where an FCM Clearing Member provides an FCM Client's or Affiliate's securities or other assets to the Clearing House as collateral, such securities and other assets shall be held by the Clearing House in accordance with the FCM Rulebook and applicable law, and FCM Clients and Affiliates shall not be entitled to assert any equitable or other claim to any such securities or assets in circumstances where the assertion of such a claim would delay or inhibit (x) the disposal by the Clearing House of such securities or assets and/or (y) the application of the proceeds of sale of such securities or assets, in each case in accordance with the provisions of the FCM Rulebook and applicable law; and~~
- ~~(j) each FCM Client and Affiliate provides its respective FCM Clearing Member(s) with its unconditional consent for such FCM Clearing Member(s) to furnish or deposit to or with the Clearing House any FCM Client Funds of such FCM Client or Affiliate in the FCM Clearing Member's possession, and to repledge such property to the Clearing House, as Collateral for the purposes of clearing FCM Contracts entered on behalf of the FCM Client or Affiliate. **Regulation 26**
FCM Exchange Contracts~~

CHAPTER VI - FCM EXCHANGE CONTRACTS

FCM ~~Regulations 26A~~Regulation 17 through ~~26K~~FCM Regulation 28 apply to FCM Exchange Contracts. Such FCM Regulations shall be referred to as the “**Exchange Contract Rules**”.

~~Regulation 26A~~ — **Exercise of Options**

REGULATION 17 EXERCISE OF OPTIONS

- (a) An Option may, subject to paragraph (d) below, be exercised, or deemed to be exercised, or abandoned in accordance with paragraph (b) or (c) below on the day and by the time prescribed by Exchange Rules, or if there is no such prescribed day or time, by the day and time specified in the FCM Procedures. If any prescribed day is not a Business Day, an Option may be exercised, deemed to be exercised, or abandoned on such day as may be prescribed by the relevant Exchange Rules, or if no such day is so prescribed, on the next Business Day.
- (b) Subject to Exchange Rules, an Option may be exercised by notice in writing or in such other form as may be prescribed by Exchange Rules or the FCM Procedures and in the manner prescribed by the FCM Procedures, and, if not so exercised by the day and time referred to in paragraph (a) above, the Option shall either expire or, if Exchange Rules so provide, be deemed to have been exercised in accordance with Exchange Rules or, where relevant, the FCM Procedures. The Clearing House shall not be liable to any FCM Client if the relevant FCM Clearing Member fails to provide proper notice to the Clearing House and an Option expires or is deemed to be exercised in contradiction to such FCM Client’s instructions to the FCM Clearing Member.
- (c) Subject to Exchange Rules, an Option may be abandoned by notice in writing or in such other form as may be prescribed by Exchange Rules or the FCM Procedures and in the manner prescribed by the FCM Procedures, and, if not so abandoned by the day and time referred to in paragraph (a) above, the Option shall be deemed to have been exercised in accordance with the Exchange Rules or, where relevant, the FCM Procedures.
- (d) If permitted under Exchange Rules or, where relevant, the FCM Procedures, an Option may be exercised or abandoned by or on behalf of an FCM Clearing Member prior to the day and time referred to in paragraph (a) above in accordance with Exchange Rules or, where relevant, the FCM Procedures.
- (e) The Clearing House shall be entitled to rely and act upon any form of exercise or abandonment made in accordance with paragraphs (b), (c) or (d) above, or in accordance with the FCM Procedures, as applicable, without making any inquiry, investigation or check as to whether it complies with the Exchange Rules or as to the authority of any person purporting to exercise or abandon an Option on behalf of an FCM Clearing Member; **provided**, that the Clearing House may, in its sole discretion, reject any notice of exercise or abandonment (or exercise or abandonment made in such other prescribed form, as the case may be) if, in the sole discretion of the

Clearing House, it does not appear to comply with Exchange Rules or the FCM Procedures notwithstanding that the Clearing House may, as Buyer, have passed on such notice or other prescribed form of exercise or abandonment to a Seller.

- (f) Subject to paragraph (e) above, no notice (or other form) of exercise or abandonment once received (and not rejected) by the Clearing House may be cancelled or withdrawn.
- (g) Where the Clearing House is a Buyer under the terms of an FCM Option Contract, the Clearing House may exercise or abandon such FCM Option Contract in accordance with Exchange Rules or the FCM Procedures and in accordance with FCM Regulation ~~2.3~~.
- (h) Upon the exercise or deemed exercise of an Option pursuant to this FCM Regulation ~~26A, 17~~, FCM Regulation ~~23~~(b)(ii) shall come into effect.

~~Regulation 26B — Physically Settled FCM Exchange Contract Arising upon the Exercise of an Option~~

REGULATION 18 PHYSICALLY-SETTLED FCM EXCHANGE CONTRACTS ARISING UPON THE EXERCISE OF AN OPTION

- (a) Subject to these FCM Regulations, Physically-Settled FCM Exchange Contracts shall be fulfilled in accordance with Exchange Rules. No Physically-Settled FCM Exchange Contract shall be for a unit or quantity smaller than one Lot and the amount or quantity to be delivered shall be one Lot or multiples thereof (or such other amount or quantity as may be specified in Exchange Rules from time to time).
- (b) Where a Physically-Settled FCM Exchange Contract, is registered pursuant to FCM Regulation ~~26A~~17(h) upon the exercise or deemed exercise of an Option, the Buyer under the terms of the Physically-Settled FCM Exchange Contract shall give to the Clearing House such information as may be prescribed by Exchange Rules or, where relevant, the FCM Procedures by the time and in the manner specified in Exchange Rules or the FCM Procedures. The Clearing House as Buyer under the terms of a Physically-Settled FCM Exchange Contract shall, in accordance with FCM Regulation ~~2,3~~, give to the Seller under the terms of such Physically-Settled FCM Exchange Contract, such information as may be prescribed by Exchange Rules or the FCM Procedures.
- (c) The Seller under the terms of a Physically-Settled FCM Exchange Contract shall deliver the commodity to the Clearing House as Buyer in such manner and at such time as may be prescribed in Exchange Rules or, where relevant, the FCM Procedures, and the Clearing House as Seller under the terms of a Physically-Settled FCM Exchange Contract shall, in accordance with FCM Regulation ~~2,3~~, deliver the commodity the subject of such Physically-Settled FCM Exchange Contract to an FCM Clearing Member (or Non-FCM Clearing Member, as the case may be) who is a Buyer under the terms of such Physically-Settled FCM Exchange Contract.
- (d) The Buyer shall pay the price and such other amounts to the Clearing House as may be required by Exchange Rules or, where relevant, the FCM Procedures in the form and manner and by the time prescribed in Exchange Rules or the FCM Procedures, and the Clearing House shall, in accordance with FCM Regulation ~~2,3~~, pay the Seller its price and such other amounts as may be required by Exchange Rules or, where relevant, the FCM Procedures.
- (e) Notwithstanding paragraphs (c) and (d) above, the Clearing House may, in its absolute discretion and in accordance with the FCM Procedures:
- (i) direct an FCM Clearing Member who is a Seller under a Physically-Settled FCM Exchange Contract to deliver the commodity underlying such Physically-Settled FCM Exchange Contract to such other FCM Clearing Member (or Non-FCM Clearing Member, if applicable), being a Buyer under a Physically-Settled FCM Exchange Contract, as the Clearing House may appoint; and
 - (ii) direct an FCM Clearing Member who is a Buyer under a Physically-Settled FCM Exchange Contract to pay the price and any other amounts payable pursuant to such Physically-Settled FCM Exchange Contract to such other

FCM Clearing Member (or Non-FCM Clearing Member, if applicable), being a Seller under a Physically-Settled FCM Exchange Contract, as the Clearing House may appoint;

and delivery or payment in accordance with such direction shall constitute the due performance of such obligations of such Buyer or Seller as the case may be towards the Clearing House. Each FCM Clearing Member agrees that it will accept delivery of a commodity or payment of the price, as the case may be, from an FCM Clearing Member (or Non-FCM Clearing Member, if applicable) as directed in accordance with (i) or (ii) above, in satisfaction of the obligations owed to it by the Clearing House to deliver the commodity or make payment of the price and such other amounts under the terms of a Physically-Settled FCM Exchange Contract.

- (f) If an invoice is not ready when payment becomes due pursuant to this FCM Regulation ~~26B~~18, payment shall be made and received on account.
- (g) For the avoidance of doubt, the Clearing House shall have no obligation to, and shall not, deal with or accept instructions from an FCM Client (or any person other than the relevant FCM Clearing Member) with respect to an FCM Option Contract or a Physically-Settled FCM Exchange Contract. The Clearing House shall only accept notices, instructions, written confirmations and other related documents required under this FCM Regulation ~~26B~~18 from an FCM Clearing Member who clears FCM Exchange Contracts.

~~Regulation 26C~~ ~~Margining~~ ~~of~~ ~~FCM~~ ~~Exchange~~ ~~Contracts~~

REGULATION 19 MARGINING OF FCM EXCHANGE CONTRACTS

All FCM Exchange Contracts shall be subject to margining requirements pursuant to and as prescribed in FCM Regulation ~~9~~,14, the FCM Procedures and, if applicable, the relevant Exchange Rules.

~~Regulation 26D — Obligation to Make and Accept Delivery Notice under FCM Exchange Contracts~~

REGULATION 20 OBLIGATION TO MAKE AND ACCEPT DELIVERY NOTICE UNDER FCM EXCHANGE CONTRACTS

- (a) Subject to these FCM Regulations, FCM Exchange Contracts shall be fulfilled in accordance with Exchange Rules or the FCM Procedures. No FCM Exchange Contract shall be for a unit or quantity smaller one Lot and the amount or quantity delivered shall be for one Lot or multiples thereof (or such other amount or quantity as may be specified in Exchange Rules from time to time). Where the terms of an FCM Exchange Contract so permit, the Clearing House may give directions to one or more FCM Clearing Members concerning the performance of such FCM Exchange Contract and in such case each such FCM Clearing Member shall be bound by and shall comply with any such direction.
- (b) Paragraphs (c) to (l) of this FCM Regulation ~~26D~~20 shall apply only to Physically-Settled FCM Exchange Contracts for which a Delivery Notice is required~~;~~:
- (c) An FCM Clearing Member, as Seller in respect of a Physically-Settled FCM Exchange Contract, shall give a Delivery Notice to the Clearing House as Buyer, together with such other documents as may be required by Exchange Rules or the FCM Procedures by the time specified in Exchange Rules or the FCM Procedures in respect of a Physically-Settled FCM Exchange Contract for a particular Delivery Month or Prompt Date, and in the form and manner prescribed by Exchange Rules or the FCM Procedures. The Clearing House, as Seller in respect of a Physically-Settled FCM Exchange Contract, shall in accordance with FCM Regulation ~~23~~23 give a Delivery Notice to the Buyer under the terms of such Physically-Settled FCM Exchange Contract, together with such other documents as may be required by Exchange Rules or the FCM Procedures.
- (d) A Seller or Buyer shall give to the Clearing House such additional documents or information required by Exchange Rules to be given in respect of an FCM Exchange Contract Subject to Delivery Notice by the time prescribed by Exchange Rules and in the form and manner specified therein or in the FCM Procedures. The Clearing House as Seller (or Buyer) under the terms of an FCM Exchange Contract Subject to Delivery Notice shall in accordance with FCM Regulation ~~23~~23 give such additional documents or information to the Buyer (or Seller) under the terms of such FCM Exchange Contract Subject to Delivery Notice.
- (e) The Clearing House shall be under no obligation to review a Delivery Notice or any other related documents received from an FCM Clearing Member pursuant to paragraph (c) or (d) above. The passing on by the Clearing House of such Delivery Notice or such documents received from a Seller (or Buyer as the case may be) pursuant to the terms of an FCM Exchange Contract Subject to Delivery Notice, to a Buyer (or Seller as the case may be) pursuant to the terms of an FCM Exchange Contract Subject to Delivery Notice, shall not constitute acceptance by the Clearing House of such Delivery Notice or such documents, and if the FCM Clearing Member to whom it passed on such Delivery Notice or such documents rejects the same where permitted by Exchange Rules, the Clearing House shall be entitled to reject the same

as against the FCM Clearing Member from whom it received such Delivery Notice or such documents.

- (f) Every Buyer (other than the Clearing House) that has a Physically-Settled FCM Exchange Contract in its name for the current delivery period or Prompt Date shall be bound to accept in fulfilment of the Clearing House's obligations as Seller under paragraph (d) any Delivery Notice or other documents complying with Exchange Rules which is given to it by the Clearing House in accordance with FCM Regulation 2.3.
- (g) Subject to paragraph (e), no Delivery Notice may be withdrawn or substituted by the Seller once such Delivery Notice is received by the Buyer except with the consent of such Buyer or otherwise in accordance with Exchange Rules.
- (h) Where permitted by Exchange Rules, a Delivery Notice together with such other documents as may be required by Exchange Rules or the FCM Procedures may be given to the Clearing House by or on behalf of a Seller in respect of an FCM Exchange Transaction to which the Seller is party, such Delivery Notice to be given to the Clearing House together with such particulars of the FCM Exchange Transaction as may be required by the Clearing House, including if required, the name of the Buyer in respect of such FCM Exchange Transaction, by the time specified in Exchange Rules or the FCM Procedures. Registration of such FCM Exchange Transaction as an FCM Exchange Contract in the name of the Seller shall be effected as prescribed by the FCM Procedures.
- (i) The Clearing House may give a Delivery Notice, together with such other documents as may be required by Exchanges Rules or the FCM Procedures, to a Buyer in respect of an FCM Exchange Transaction to which the Buyer is party. Such particulars of the FCM Exchange Transaction as the Clearing House may require, shall be furnished by or on behalf of the Buyer to the Clearing House in accordance with Exchange Rules or the FCM Procedures. Registration of such FCM Exchange Transaction in the name of the Buyer shall be effected as prescribed by the FCM Procedures.
- (j) The Clearing House may give a Delivery Notice and documents received from a Seller pursuant to paragraph (h) above to a Buyer in respect of an FCM Exchange Transaction to which the Buyer is party, and shall do so as agent for the Seller. The furnishing of particulars and the registration of such FCM Exchange Transaction in the name of a Buyer shall be effected as provided in paragraph (i) above. Upon registration of an FCM Exchange Transaction pursuant to paragraph (h), the giving of the Delivery Notice and documents by the Clearing House to the Buyer pursuant to this paragraph shall be deemed to have been given and accepted by such parties in fulfilment of their obligations under paragraphs (c) and (f) above.
- (k) In implementing this FCM Regulation ~~26D~~20, the Clearing House may effect and register such FCM Exchange Contracts in an FCM Clearing Member's name as may be prescribed in the FCM Procedures at a price determined by the Clearing House in accordance with the FCM Procedures.
- (l) If the relevant Exchange Rules require a Buyer to give a Delivery Notice and a Seller to receive a Delivery Notice in respect of an FCM Exchange Contract, any reference

in this FCM Regulation ~~26D~~20 and in FCM Regulation ~~26F~~22 to a Seller giving a Delivery Notice shall be construed as being a reference to a Buyer giving a Delivery Notice and a reference to a Buyer receiving a Delivery Notice shall be construed as being a reference to a Seller receiving a Delivery Notice.

~~Regulation 26E~~ — ~~Physically-Settled FCM Exchange Contracts not Requiring Delivery Notice~~**REGULATION 21 PHYSICALLY-SETTLED FCM EXCHANGE CONTRACTS NOT REQUIRING DELIVERY**

- (a) This FCM Regulation ~~26E~~21 shall only apply with respect to Physically-Settled FCM Exchange Contracts for which a Delivery Notice is not required.
- (b) The obligations of an FCM Clearing Member under a Physically-Settled FCM Exchange Contract shall be performed in accordance with the terms of such Physically-Settled FCM Exchange Contract and in the manner and by the time prescribed by Exchange Rules, these FCM Regulations and the FCM Procedures. The Clearing House shall fulfill its obligations as Seller or Buyer, as the case may be, under the terms of any Physically-Settled FCM Exchange Contract in accordance with FCM Regulation ~~23~~23 and the FCM Procedures.
- (c) Where the terms of an FCM Exchange Contract so permit, the Clearing House may give directions to one or more FCM Clearing Members concerning the performance of such FCM Exchange Contract and in such case each such FCM Clearing Member shall be bound by and shall comply with any such direction.

~~Regulation 26F~~ — ~~FCM Exchange Contracts Subject to Delivery Notice~~

REGULATION 22 FCM EXCHANGE CONTRACTS SUBJECT TO DELIVERY NOTICE

- (a) Without prejudice to the provisions of FCM Regulation ~~26G~~23, under an FCM Exchange Contract Subject to Delivery Notice or a Physically-Settled FCM Exchange Contract:
- (i) the Buyer shall be obliged to pay his buying price to the Clearing House as Seller in the manner and by the time prescribed by Exchange Rules or the FCM Procedures;
 - (ii) the Clearing House as Buyer shall be obliged to pay the Seller his selling price in the manner and by the time prescribed by FCM Regulation ~~23~~23; and
 - (iii) subject to Exchange Rules any compensation, adjusting payment, or other allowance payable by or to either the Buyer or Seller under the terms of the FCM Exchange Contract shall be paid to or by the Clearing House~~;~~;
- (b) Every Delivery Notice and accompanying documents (except documents which, in accordance with Exchange Rules a Buyer is obliged to take up and pay for) given by the Clearing House as Seller to a Buyer pursuant to FCM Regulation ~~26D~~20(c) shall for the purposes of these FCM Regulations be deemed to comply with Exchange Rules unless the Buyer notifies the Clearing House, by 10:00 hours (London time) on the Business Day following the day on which the Delivery Notice and accompanying documents were given to him by the Clearing House in accordance with Exchange Rules or the FCM Procedures, that the Delivery Notice and accompanying documents do not so comply, and the Clearing House shall be entitled after receiving such notice, promptly thereafter and notwithstanding that it may do so after 10:00 hours (London time) on such Business Day, to notify the Seller to it under the terms of an FCM Exchange Contract from whom it received such Delivery Notice and accompanying documents that such Delivery Notice and accompanying documents do not so comply.
- (c) Notwithstanding that FCM Exchange Contracts may have been settled otherwise under the FCM Rulebook (for example, an FCM Nodal Contract under FCM Regulation ~~63~~57) and not pursuant to a Delivery Notice, a Seller may, with the consent of the Clearing House and by the time specified in the FCM Procedures, give the Clearing House a Delivery Notice in respect of any such FCM Exchange Contract so settled. Upon receipt of such Delivery Notice, the Clearing House shall (unless the FCM Procedures otherwise permit) effect on the FCM Clearing Member's behalf re-opening contracts (that is, a sale by the FCM Clearing Member to the Clearing House and a purchase by the FCM Clearing Member from the Clearing House of one Lot, each on the same terms (including delivery) as the settled FCM Exchange Contract except as to price) and register such re-opening contracts as FCM Exchange Contracts in the FCM Clearing Member's name, the re-opening contracts to be effected at a price determined by the Clearing House or the Exchange as prescribed by the FCM Procedures. The submission of a Delivery Notice in accordance with the FCM Procedures shall constitute confirmation of any such re-opening contracts and the

Seller's Delivery Notice (or Buyer's as the case may be) shall be deemed to have been made pursuant to its sale (or purchase) under the respective re-opening contract.

- (d) Notwithstanding that an FCM Exchange Contract may have been settled otherwise under the FCM Rulebook (for example, an FCM Nodal Contract under FCM Regulation ~~63~~57) and not pursuant to a Delivery Notice, the Clearing House may in accordance with the FCM Procedures give a Delivery Notice to a Buyer under FCM Regulation ~~26D~~20 as if the FCM Exchange Contract were still open and on so doing the Clearing House shall effect on the FCM Clearing Member's behalf re-opening contracts (defined as in paragraph (c) above and to be effected as there described) and register such re-opening contracts as FCM Exchange Contracts in the FCM Clearing Member's name. The receipt by the Buyer of such Delivery Notice shall constitute confirmation of the re-opening contract and shall be deemed to occur pursuant to the FCM Clearing Member's purchase under the respective re-opening contract.

In implementing this FCM Regulation ~~26F~~22, the Clearing House may effect and register such FCM Exchange Contracts in an FCM Clearing Member's name as it may deem necessary for the purposes hereof or as may be prescribed in the FCM Procedures and at a price determined by the Clearing House in accordance with the FCM Procedures.~~Regulation 26G—Arrangements for Delivery and Payment of Price (Physically-Settled FCM Exchange Contracts)~~

REGULATION 23 ARRANGEMENTS FOR DELIVERY AND PAYMENT OF PRICE (PHYSICALLY-SETTLED FCM EXCHANGE CONTRACTS)

- (a) In respect of its obligations under the terms of any Physically-Settled FCM Exchange Contract as Seller to deliver a commodity to the Buyer or as Buyer to pay the price and any other payments required to be made under the terms of such Physically-Settled FCM Exchange Contract to the Seller, the Clearing House may in its absolute discretion in accordance with the FCM Procedures:
- (i) direct an FCM Clearing Member who is a Seller under a Physically-Settled FCM Exchange Contract to deliver the commodity the subject matter of such contract to such other FCM Clearing Member (or Non-FCM Clearing Member, if applicable), being a Buyer under a Physically-Settled FCM Exchange Contract as the Clearing House may appoint; and
 - (ii) direct an FCM Clearing Member who is a Buyer under a Physically-Settled FCM Exchange Contract to pay the price and any other amounts payable pursuant to such Physically-Settled FCM Exchange Contract to such other FCM Clearing Member (or Non-FCM Clearing Member, if applicable), being a Seller under a Physically-Settled FCM Exchange Contract as the Clearing House may appoint;

and delivery or payment in accordance with such direction shall constitute the due performance of such obligations of such Buyer or Seller, as the case may be towards, the Clearing House. Each FCM Clearing Member agrees that it will accept delivery of a commodity or, as the case may be, payment of the price, and such other amounts from another FCM Clearing Member (or Non-FCM Clearing Member, if applicable) in accordance with such direction in satisfaction of the obligations owed to it by the Clearing House to make payment of the price or such other amounts or to deliver the commodity under the terms of a Physically-Settled FCM Exchange Contract.

- (b) If an invoice is not ready when payment becomes due, payment shall be made and received on account.
- (c) An FCM Clearing Member may, from time to time, agree in writing with the Clearing House in respect of such FCM Exchange Contracts (as are prescribed in the FCM Procedures) that the FCM Clearing Member shall pay to or receive from the Clearing House in accordance with the FCM Procedures a net amount in respect of the FCM Clearing Member's obligations to make or take delivery (as the case may be) of a commodity where such commodity is a currency and to make or receive payment (as the case may be) of the buying or selling price.
- (d) If a Buyer where permitted by Exchange Rules, rejects the commodity delivered to it pursuant to the Clearing House's obligations to make delivery of the commodity under the terms of an FCM Exchange Contract Subject to Delivery Notice, the Clearing House shall be entitled to reject the same as against the Seller from whom it took delivery of the same under the terms of an FCM Exchange Contract Subject to Delivery Notice, and the Clearing House shall not be deemed to have accepted a commodity delivered to it by a Seller which it delivers on to a Buyer until such Buyer

has accepted the commodity.

Regulation 26H — Restrictions on Clearing House's Obligations and Liability**REGULATION 24 RESTRICTIONS ON CLEARING HOUSE'S OBLIGATIONS AND LIABILITY**

- (a) This FCM Regulation ~~26H~~24 shall apply to Physically-Settled FCM Exchange Contracts (including FCM Exchange Contracts Subject to Delivery Notice) and shall not apply to any Cash-Settled FCM Exchange Contracts or FCM Option Contracts.
- (b) The Clearing House (or any other member of the LCH.Clearnet Group) shall not be liable in respect of a claim made against it in respect of a Physically-Settled FCM Exchange Contract by an FCM Clearing Member concerning:
- (i) a Delivery Notice given by the Clearing House; or
 - (ii) any documents accompanying a Delivery Notice as required by Exchange Rules or the FCM Procedures; or
 - (iii) the performance by the Clearing House of its obligations under an FCM Exchange Contract to make delivery of a commodity or to pay the price; or
 - (iv) any other dispute or matter arising under the terms of such FCM Exchange Contract;

unless the conditions set out in paragraphs (c), (d) and (e) below are satisfied.

- (c) The FCM Clearing Member shall (without prejudice to his taking any other steps which may be required of or open to him under the relevant Exchange Rules or the FCM Procedures) give written notice and particulars of his claim to the Clearing House not later than 17:00 hours (London time) (such time to be of the essence) on the seventh Business Day following the day on which, in accordance with the relevant Exchange Rules or the FCM Procedures, documents must be taken up and paid for by the Buyer (whether or not a Buyer fulfils such obligation), or if there are no such documents, not later than 17.00 hours (London time)(such time to be of the essence) on the seventh Business Day following the last day on which the Buyer, in accordance with the relevant Exchange Rules or the FCM Procedures, must take delivery of the commodity (whether or not the Buyer fulfils such obligation).
- (d) Where the relevant Exchange Rules provide for arbitration, the FCM Clearing Member shall refer all disputes referred to in paragraph (b) above in respect of the FCM Exchange Contract to arbitration under the relevant Exchange Rules, and shall give to the Clearing House notice of such referral pursuant to Exchange Rules and details of any award made.

The FCM Clearing Member shall promptly provide the Clearing House with such further particulars of its claim, as the Clearing House may from time to time require in writing.~~Regulation 26I — Arbitration: FCM Exchange Contracts~~

REGULATION 25 ARBITRATION: FCM EXCHANGE CONTRACTS

- (a) In this FCM Regulation ~~26~~25, “*Relevant Rules*” means the relevant Exchange Rules.
- (b) A dispute arising from or in relation to any FCM Exchange Contract or in relation to these FCM Regulations relating to the clearing of FCM Exchange Contracts shall, unless resolved between the Clearing House and the FCM Clearing Member, be referred to arbitration under the Relevant Rules and arbitration shall be conducted in accordance with such Relevant Rules. The Clearing House shall be entitled to call upon an FCM Clearing Member who is a Buyer and an FCM Clearing Member who is a Seller, under the terms of such FCM Exchange Contracts which have been matched by the Clearing House and in respect of which reference to arbitration has been made under the same Relevant Rules, to conduct the arbitration between them under such Relevant Rules as applicable.
- (c) In the event that the Clearing House elects to arbitrate between a Seller and a Buyer pursuant to FCM Regulation ~~26~~25(b) above and the Relevant Rules, the following procedures shall apply:
- (i) the Clearing House shall give notice of such election to the Buyer, the Seller and the relevant Exchange, in accordance with such Relevant Rules;
 - (ii) the Seller shall, at its own expense have the conduct of the Clearing House’s case against the Buyer, and the Buyer shall, at its own expense have the conduct of the Clearing House’s claim against the Seller, in either case, subject to the provisions of this FCM Regulation ~~26~~25;
 - (iii) copies of all pleadings, correspondence and documents shall be given to the Clearing House and the Clearing House shall be entitled to submit any additional arguments to the arbitrators in support of its own case, in which case it shall supply copies of such submissions to the Seller and the Buyer;
 - (iv) the arbitrators shall have the power to call upon the Clearing House to disclose documents relating to the arbitration which are in its custody, power or possession to the same extent as if it were a direct party to the arbitration; and
 - (v) the arbitrators shall issue two awards, one between the Seller and the Clearing House and one between the Buyer and the Clearing House which shall determine the rights of each of the Seller and the Buyer against the Clearing House and vice versa.
- (d) If the Clearing House is found liable to one of the parties to the arbitration (“the first party”) in respect of a breach of an FCM Exchange Contract and the other party to the arbitration (“the second party”) is found liable to the Clearing House in respect of such breach of an FCM Exchange Contract, which has been matched by the Clearing House as referred to in paragraph (a) above, the liability of the Clearing House to the first party shall be deemed to be a foreseeable consequence of the breach by the second party and the Clearing House shall be entitled to be indemnified in respect of such liability by the second party.

- (e) The Clearing House shall be bound by an arbitration award made against it in pursuance of an, arbitration whether it participates directly in the arbitration or not.
- (f) No person may refer to arbitration under Exchange Rules any dispute arising from or in connection with the Default Rules or any step taken or proposed to be taken under the Default Rules.

~~Regulation 26J Cover in Event of a Claim~~

REGULATION 26 COLLATERAL IN EVENT OF CLAIM

If notice of claim and notice of intention to refer a dispute to arbitration is given to the Clearing House pursuant to Exchange Rules or FCM ~~Regulations 26H~~Regulation 24 and ~~26I~~FCM Regulation 25 in respect of an FCM Exchange Contract, any or all ~~cover~~Collateral standing to the credit of the accounts of an FCM Clearing Member who is party to one or more FCM Exchange Contracts under dispute (whether such ~~cover~~Collateral is held with respect to an FCM Exchange Contract under dispute or otherwise) may be retained by the Clearing House. The Clearing House may at any time and from time to time call for payment by such FCM Clearing Member of additional ~~cover~~Collateral, in such amount as it may deem appropriate in respect of such FCM Exchange Contract(s), to be held by the Clearing House under these FCM Regulations until the claim is finally disposed of. The amount of such ~~cover~~Collateral to be furnished by the FCM Clearing Member to the Clearing House shall be assessed by reference to such circumstances as the Clearing House in its discretion deems relevant.~~Regulation 26K — Default of a Member: Substituted Obligation~~

REGULATION 27 DEFAULT OF A MEMBER: SUBSTITUTED OBLIGATION

Where an FCM Clearing Member defaults in performance of an FCM Exchange Contract Subject to Delivery Notice, and by the operation of Default Rules the FCM Clearing Member's rights and liabilities in respect of such performance are discharged and there arises in their place an obligation to account as between the Member and the Clearing House for a settlement amount, then the Clearing House shall be entitled to substitute an obligation to account for such settlement amount, or proportions thereof pro rata, for its rights and liabilities in respect of performance of FCM Exchange Contracts Subject to Delivery Notice with one or more other FCM Clearing Members or Non-FCM Clearing Members, as the case may be (such FCM Exchange Contract and such other FCM Clearing Members or Non-FCM Clearing Members to be selected by the Clearing House in its absolute discretion) for the same commodity and Delivery Month or Prompt Date. No FCM Clearing Member or Non-FCM Clearing Member shall question the settlement amount or any determination made by the Clearing House under this FCM Regulation ~~26K.27.~~

~~Regulation 26L——Premium Under Option Contracts~~

REGULATION 28 PREMIUM UNDER OPTION CONTRACTS

- (a) The Premium payable by a Buyer under the terms of an FCM Option Contract shall be paid by the Buyer to the Clearing House in the form and manner prescribed in the FCM Procedures and by the time specified in the relevant Exchange Rules or the FCM Procedures.
- (b) The Clearing House shall pay to a Seller under the terms of an FCM Option Contract the Premium in accordance with the FCM Procedures and by the time specified in the relevant Exchange Rules or the FCM Procedures.

CHAPTER VII - DEFAULT, DISORDER, IMPOSSIBILITY AND FORCE MAJEURE**REGULATION 29 MARKET DISORDERS, IMPOSSIBILITY OF PERFORMANCE, TRADE EMERGENCY**

- (a) Paragraph (c) of this FCM Regulation 29 shall not apply to FCM Option Contracts.
- (b) In relation to FCM Exchange Contracts, if an Exchange Board, after consultation with the Clearing House, or the Clearing House, if it deems it impracticable to consult with the Exchange Board with respect to sub-paragraph (i) below only, or if the Clearing House, in relation to FCM Contracts which are not FCM Exchange Contracts, determines that one of the following conditions is satisfied, namely:
- (i) a state of war exists or is imminent or threatened or civil unrest or terrorist or other criminal action has occurred or is imminent or threatened, and is likely to affect or has affected the normal course of business, including, but not limited to, performance under an FCM Contract; or
 - (ii) the government of any nation, state or territory or any institution or agency thereof has proclaimed or given notice of its intention to exercise, vary or revoke controls which appear likely to affect the normal course of business, including, but not limited to, performance under an FCM Contract; or
 - (iii) the EU or any international organization, or any institution or agency thereof, has introduced, varied, terminated or allowed to lapse any provision so as to be likely to affect the normal course of business, including, but not limited to, performance under an FCM Contract; or has given notice of its intention to do so or appears to be about to do so;
- then:
- (iv) in respect of such FCM Contracts which are not FCM Exchange Contracts as specified by the Clearing House, and notified to the affected FCM Clearing Members, the Clearing House shall be entitled to invoice back such FCM Contracts in accordance with FCM Regulation 31 and the FCM Procedures at a price determined by the Clearing House or to require such FCM Clearing Members to comply with any directions issued by the Clearing House regarding the performance of, or any other direction in respect of, such FCM Contracts; and
 - (v) such FCM Exchange Contracts for such Delivery Months, Prompt Dates or other delivery periods as the Exchange Board in consultation with the Clearing House or (where the Clearing House so determines without consultation with the Exchange Board) as the Clearing House shall specify (which may include FCM Exchange Contracts under which Delivery Notice or a notice or some other prescribed form of exercise has been given) shall, (unless the relevant Exchange Rules otherwise provide) upon the Exchange Board's (or the Clearing House's, as the case may be) formal announcement that such condition is satisfied, be invoiced back in accordance with FCM Regulation 31 and the FCM Procedures at a price determined by the Exchange Board (or the

Clearing House as the case may be). In the event that a price fails to be determined by the Clearing House it shall, adopt the settlement price which in the opinion of the Clearing House was last determined or announced by the Exchange Board pursuant to Exchange Rules.

Accounts shall be made up by the Clearing House in accordance with the FCM Procedures for each FCM Clearing Member who is a party to FCM Contracts invoiced back pursuant to this paragraph. Settlement of such accounts shall be due immediately and settlement thereof shall be made forthwith in discharge of such FCM Contracts invoiced back notwithstanding any further change of circumstances.

- (c) If, in the opinion of the Clearing House after consultation with the relevant Exchange Board, a Seller's complete performance of an FCM Exchange Contract becomes impossible for any reason whatsoever (except in such circumstances as are set out in paragraph (b) above), the affected FCM Exchange Contract may at the Clearing House's option thereupon be closed by invoicing back at a price determined by the Exchange Board, and such price shall be binding on all affected parties. Accounts shall be made up by the Clearing House in accordance with the FCM Procedures.
- (d) If an Exchange determines in accordance with its Exchange Rules that an excessive position or unwarranted speculation or any other undesirable situation or practice is developing or has developed which is affecting or capable of affecting a market in a commodity, the Clearing House may take such action as is requested of it by such Exchange in respect of one or more FCM Exchange Contracts for such commodity in an FCM Clearing Member's name as may be provided by Exchange Rules, or as may be agreed between the Exchange and the Clearing House.
- (e) Any formal announcement made under this FCM Regulation shall be made by notice posted by the Exchange or the Clearing House (or by other means as determined by the Clearing House) or as prescribed by the FCM Procedures.

REGULATION 30 FORCE MAJEURE

- (a) Neither the Clearing House (nor any other member of the LCH.Clearnet Group) nor an FCM Clearing Member shall be liable for any failure, hindrance or delay in performance in whole or in part of its obligations under the terms of these FCM Regulations or of any FCM Contract if such failure, hindrance or delay arises out of events or circumstances beyond its control. Such events or circumstances may include, but are not limited to, acts of God or the public enemy, acts of a civil or military authority other than the acts referred in FCM Regulation 29(b)(i), Regulation 29(b)(ii) or Regulation 29(b)(iii) above, terrorist or other criminal action, sabotage, civil unrest, embargoes, blockades, fire, flood, earthquake, tornado, tsunami, other natural disasters, explosion, epidemics or plagues, labor dispute, unavailability or restriction of computer or data processing facilities, energy supplies, settlement systems or of bank transfer systems or wires, failures of software or communications systems, and any other causes beyond the parties reasonable control including, without prejudice to the foregoing, any causes specified in Exchange Rules or the rules of an FCM Approved Trade Source System.
- (b) On the happening of any one or more of the events or circumstances referred to in paragraph (a) above, which shall immediately be notified by the party prevented, hindered or delayed from performing any of the obligations referred to in paragraph (a) above to the other:
- (i) in respect of affected FCM Exchange Contracts or FCM Contracts subject to the rules of an FCM Approved Trade Source System, the Clearing House shall be entitled at the time prescribed in the relevant Exchange Rules or the rules of a relevant FCM Approved Trade Source System or if no such time is prescribed at any time after receipt of such notice, to invoice back in accordance with FCM Regulation 31, some or all such FCM Exchange Contracts or such FCM Contracts in the FCM Clearing Member's name at a price determined by the relevant Exchange or FCM Approved Trade Source System, or where Exchange Rules or the rules of an FCM Approved Trade Source System permit, to take such other action as it deems necessary or desirable in respect of some or all such FCM Exchange Contracts or FCM Contracts in the FCM Clearing Member's name or require the FCM Clearing Member to take such action as the Clearing House may direct in respect of the same; and
- (ii) in respect of affected FCM Contracts that are not FCM Exchange Contracts or subject to the rules of an FCM Approved Trade Source System, the Clearing House shall be entitled to require any of the affected FCM Contracts to be performed in accordance with directions issued by the Clearing House or invoiced back in accordance with FCM Regulation 31, or shall be entitled to require the FCM Clearing Member to take such action as the Clearing House may direct in respect of such FCM Contracts.

CHAPTER VIII - INVOICING BACK AND CURRENCY CONVERSION

REGULATION 31 - INVOICING BACK

- (a) Invoicing back of an FCM Clearing Member's FCM Contracts, pursuant to FCM Regulation 29, FCM Regulation 30 the Default Rules (in the case of FCM Exchange Contracts) or otherwise, shall be carried out by the Clearing House effecting and registering pursuant to the FCM Procedures opposite contracts between itself and the FCM Clearing Member at the price referred to in the relevant FCM Regulation or, where applicable, in paragraph (d) below, and thereupon settling such FCM Contracts against such opposite contracts.
- (b) The Clearing House shall, in addition to carrying out the procedures referred to in paragraph (a) above, register opposite contracts between itself and such other FCM Clearing Members as the Clearing House may select in its absolute discretion in proportion to the net position of FCM Contracts in their names for the same commodity and Delivery Month or Prompt Date as the FCM Contracts invoiced back under paragraph (a) above to the nearest whole number of Lots, or in the case of FCM Option Contracts on the terms of the relevant underlying contracts specified in the FCM Procedures (if applicable), for the same Expiry Month and Strike Price as the FCM Contracts invoiced back under paragraph (a) above, or in the case of FCM Contracts that are not FCM Exchange Contracts on the same FCM Contract Terms as the FCM Contracts invoiced back under paragraph (a) above, and thereupon settling such FCM Contracts against such opposite contracts.
- (c) Where Open Contracts are invoiced back pursuant to FCM Regulation 29 or FCM Regulation 30 the Clearing House shall credit or debit (as the case may be) the FCM Clearing Member's accounts affected by such invoicing back in accordance with FCM Regulation 29 or FCM Regulation 30, as applicable. Where an FCM Contract is invoiced back under the Default Rules, the account of such other FCM Clearing Member as may be affected under paragraph (b) above shall be made up in accordance with that paragraph.
- (d) Opposite FCM Contracts effected and registered by the Clearing House pursuant to paragraph (a) and (b) above shall, subject to FCM Regulation 29, be at a price determined by the Clearing House, and shall be binding as a final settlement upon the parties affected by invoicing back or, in the case of FCM Exchange Contracts, at a price or (where applicable) Premium fixed or determined by the relevant Exchange Board. This paragraph shall be without prejudice to any further liability of the defaulting FCM Clearing Member to the Clearing House or to any additional rights which the Clearing House may have against the defaulting FCM Clearing Member whether under these FCM Regulations, at law or otherwise.
- (e) In this FCM Regulation 31:
- (i) “net position” means: (A) in respect of FCM Contracts in a Product for which there are Economic Terms (as set forth in the definition of “Economic Terms” in these FCM Regulations), one or more of such FCM Contracts against which the FCM Clearing Member in whose name they are registered

has no matching FCM Contracts on the same Economic Terms and (B) in respect of FCM Contracts in all other Products not specified in (A) above, one or more such FCM Contracts against which the FCM Clearing Member in whose name they are registered has no matching FCM Contracts for the same Delivery Month, Expiry Month or Prompt Date; and

- (ii) “opposite contract” means an FCM Contract on the same terms (except as to price), as the FCM Contract to be invoiced back in accordance with this FCM Regulation 31, but where an FCM Clearing Member has position “X” in respect of an FCM Contract to be invoiced back (where such FCM Contract consists of positions “X” and “Y”), such FCM Clearing Member shall have position “Y” in respect of the opposite contract and vice versa.

REGULATION 32 CURRENCY CONVERSION

The Clearing House shall be entitled in its discretion to convert monies standing to the debit or credit of an FCM Clearing Member's accounts (including FCM Client Segregated Depository Accounts and FCM Omnibus Client Accounts with LCH) into such other currency or currencies as it thinks fit, such conversion to be effected at such reasonable rate or rates of exchange as the Clearing House may determine in accordance with the FCM Procedures.

CHAPTER IX - DISCLOSURE, FEES, RECORDS AND AMENDMENTS

REGULATION 33 DISCLOSURE AND REPORTING

- (a) The Clearing House shall have authority to, on an ongoing basis in the ordinary course of business, supply any information whatsoever concerning an FCM Clearing Member and its trading to:
- (i) an Exchange or an exchange with whom the Clearing House has entered into an agreement pursuant to which the parties have agreed to exchange information as required or contemplated by Exchange Rules,
 - (ii) any Regulatory Body which is entitled to receive or request any such details or information,
 - (iii) a member of the LCH.Clearnet Group,
 - (iv) any other person or body to which the Clearing House is, in its reasonable opinion, legally required to disclose the same,
 - (v) any other person or body to which the Clearing House has agreed to provide such information (including any clearing house, exchange or execution facility or FCM Approved Trade Source System with which the Clearing House has an agreement, and including pursuant to Section 8 (Disciplinary Procedures) of the FCM Procedures),
 - (vi) a trade or data repository (including a swap data repository) on an ongoing basis in the ordinary course of business, or
 - (vii) any securities depository or securities settlement system.
- (b) The Clearing House shall also be entitled to supply any information whatsoever concerning an FCM Clearing Member to any person (and the Clearing House will solicit an undertaking from any such person that such person will keep such information confidential) who has provided or may be contemplating entering into arrangements to provide the Clearing House directly or indirectly with stand-by or other finance, insurance cover, guarantee or other financial backing, which the Clearing House has been requested or is legally required to disclose to assist such person in relation to the provision of, or continued provision of, such finance, insurance cover, guarantee or financial backing.

REGULATION 34 FEES AND OTHER CHARGES

- (a) The Clearing House shall be entitled to levy fees in respect of such matters and at such rates as may from time to time be prescribed. Such fees shall be payable by such FCM Clearing Members, by such times, and in such manner as may be prescribed by the FCM Procedures.
- (b) Accommodation charges made by the Clearing House pursuant to FCM Regulation 14(f) shall be payable to the Clearing House by such FCM Clearing Members, in such manner and by such times as may be prescribed by the FCM Procedures.
- (c) Any changes to be made to the fees and charges payable pursuant to paragraphs (a) and (b) above shall take effect, as prescribed by the FCM Procedures.

REGULATION 35 RECORDS

An FCM Clearing Member shall not be entitled to the return of any particulars, notices or any other documentation presented to the Clearing House pursuant to FCM Regulation 11, FCM Regulation 12, and FCM Regulation 13 or any other provision of these FCM Regulations. Notwithstanding any provision in the FCM Clearing Membership Agreement, the FCM Rulebook or any other agreement or contract to which the Clearing House is a party, the Clearing House shall maintain all records (including all information on FCM Transactions and FCM Contracts it has processed) for a period of at least ten years or as otherwise required by applicable law.

REGULATION 36 ALTERATION OF FCM REGULATIONS AND THE FCM PROCEDURES

- (a) Unless the FCM Clearing Membership Agreement or these FCM Regulations otherwise specifically provide in relation to any proposed amendment, alteration or extension, the Rules Change Committee (acting in accordance with its terms of reference) may from time to time, by notice delivered by the Clearing House to Exchanges and FCM Clearing Members, amend, alter or extend these FCM Regulations.
- (b) Any such amendments, alterations or extensions may be made with immediate effect or with such deferred effect as the Rules Change Committee shall determine. Any amendments, alterations or extensions to these FCM Regulations may take effect so as to apply to FCM Contracts registered in an FCM Clearing Member's name at the time such amendments, alterations or extensions come into effect if the Rules Change Committee so determines.
- (c) Unless the FCM Clearing Membership Agreement or these FCM Regulations or the FCM Procedures specifically provide otherwise in relation to any proposed amendments, alterations or extensions, the Rules Change Committee may from time to time amend, alter or extend the FCM Procedures by notice delivered to such Exchanges and FCM Clearing Members as may be affected.
- (d) The accidental omission to give notice under this FCM Regulation 36 to, or the non-receipt of notice under this FCM Regulation 36 by, any Exchange or FCM Clearing Member shall not invalidate the amendment, alteration or extension with which the notice is concerned.

CHAPTER X - NETTING AND DISTRIBUTION

REGULATION 37 NETTING

- (a) If at any time the Clearing House fails to make a payment to an FCM Clearing Member, other than a Defaulter, under an FCM Contract for a period of 30 days from the date when the obligation to pay fell due, then that FCM Clearing Member may exercise its rights under paragraph (c) below.
- (b) If at any time the Clearing House commences a voluntary case or other procedure seeking or proposing liquidation, administration, receivership, voluntary arrangement or a scheme of arrangement, or other similar relief with respect to itself or to its debts under any bankruptcy, insolvency, regulatory, supervisory or similar law, or if any of the foregoing cases or procedures is commenced in relation to the Clearing House by any other person which results in liquidation or winding up of the Clearing House, or if the Clearing House takes corporate action to authorize any of the foregoing, in any such case other than for the purposes of corporate restructuring (including any consolidation, amalgamation or merger), then an FCM Clearing Member, other than a Defaulter, may exercise the right given to it under paragraph (c) below.
- (c) An FCM Clearing Member entitled to exercise rights under this paragraph may, at any time while any of the circumstances referred to in paragraph (a) or (b) above giving rise to such rights continue, by notice in writing to the Clearing House, specify a Termination Date for the termination and liquidation of all FCM Contracts to which it is a party in accordance with paragraph (d) below.
- (d) Upon the occurrence of a Termination Date:
- (i) neither the Clearing House nor the FCM Clearing Member shall be obliged to make any further payments under any FCM Contract between them which would, but for this FCM Regulation 37, have fallen due for performance on or after the Termination Date, and any obligations to make further payments which would otherwise have fallen due shall be satisfied by settlement (whether by payment, set-off or otherwise) of the Termination Amount;
 - (ii) the FCM Clearing Member shall (on, or as soon as reasonably practicable after, the Termination Date) determine (discounting if appropriate) in respect of each FCM Contract its total loss or, as the case may be, gain, in each case expressed in the lawful currency of the United States or the currency of the relevant FCM Contract where agreed by the Clearing House and the FCM Clearing Member (the “Base Currency”), (and, if appropriate, including any loss of bargain, cost of funding or, without duplication, loss or, as the case may be, gain as a result of the termination, liquidation, obtaining, performing or re-establishing of any hedge or related trading position), as a result of the termination, pursuant to this agreement, of each payment which would otherwise have been required to be made under such FCM Contract; and
 - (iii) the FCM Clearing Member shall treat each loss to it, determined as above, as a positive amount and each gain by it, so determined, as a negative amount and, subject to paragraph (iv) below, shall aggregate all of such amounts to produce

a single, net positive or negative amount, denominated in the Base Currency (the “Termination Amount”).

(iv) Where an FCM Clearing Member has a Proprietary Account and one or more FCM Omnibus Client Accounts with LCH:

(A) the FCM Clearing Member shall determine a number of net amounts under paragraph (d)(iii) as applicable: (1) separate net amounts in respect of gains and losses arising on FCM Contracts registered to each FCM Client Sub-Account carried by such FCM Clearing Member (i.e., on an FCM Client by FCM Client basis with respect to Swaps Products); (2) one net amount in respect of gains and losses arising on FCM Contracts registered in the FCM Clearing Member's FCM Omnibus Futures Client Accounts with LCH on a combined basis; and (3) one net amount in respect of gains and losses arising on FCM Contracts registered in the FCM Clearing Member's Proprietary Accounts on a combined basis; and

(B) each of the net amounts determined under paragraph (iv)(A) above shall constitute Termination Amounts.

(v) If a Termination Amount determined pursuant to paragraph (d)(iv) above is a positive amount, the Clearing House shall pay it to the FCM Clearing Member and if any such Termination Amount is a negative amount, the FCM Clearing Member shall pay it to the Clearing House, in either case in accordance with paragraph (vi). The FCM Clearing Member shall notify the Clearing House of each such Termination Amount, and by which party it is payable, immediately after the calculation thereof.

(vi) A Termination Amount shall, subject to FCM Regulation 38, be paid in the Base Currency by the close of business on the Business Day following notification pursuant to paragraph (v) above (converted as required by applicable law into any other currency, any costs of such conversion to be borne by, and (if applicable) deducted from any payment to, the Clearing House). Any Termination Amount which is not paid on such day shall bear interest, at the average rate at which overnight deposits in the currency of such payment are offered by major banks in the London interbank market as of 11:00 hours (London time) (or, if no such rate is available, at such reasonable rate as the FCM Clearing Member may select) plus 1% per annum, for each day for which any such sum remains unpaid.

(vii) For the purposes of any calculation required to be made under this FCM Regulation 37, the FCM Clearing Member may convert amounts denominated in any other currency into the Base Currency at such rate prevailing at the time of the calculation as it shall reasonably select.

The FCM Clearing Member's rights under this FCM Regulation 37 shall be in addition to, and not in limitation or exclusion of, any other rights which the FCM Clearing Member may have (whether by agreement, operation of law or otherwise, including its rights under FCM Regulation 9(i)).

- (e) If an FCM Clearing Member is a Defaulter and either:
- (i) no default management process has been commenced by the Clearing House in respect of such FCM Clearing Member within 3 business days following a Default Notice being issued in respect of that FCM Clearing Member; or
 - (ii) such default management process has been commenced within such period but that FCM Clearing Member determines (acting reasonably) that the relevant default management process is unlikely to be completed.
- then, provided that an event or circumstance as described in paragraph (a) or (b) above has also occurred, the relevant Member shall be entitled to exercise the rights provided under paragraph (c) above notwithstanding that it is a Defaulter.
- (f) Interpretation in Relation to FDICIA. The Clearing House and each FCM Clearing Member intend that certain provisions of the FCM Rulebook (including this FCM Regulation 37) be interpreted in relation to certain terms that are defined in FDICIA, as follows:
- (i) The Clearing House is a “clearing organization”.
 - (ii) An obligation of an FCM Clearing Member to make a payment to the Clearing House, or of the Clearing House to make a payment to an FCM Clearing Member, subject to a netting contract, is a “covered clearing obligation” and a “covered contractual payment obligation”.
 - (iii) An entitlement of an FCM Clearing Member to receive a payment from the Clearing House, or of the Clearing House to receive a payment from an FCM Clearing Member, subject to a netting contract, is a “covered contractual payment entitlement”.
 - (iv) The Clearing House is a “member”, and each FCM Clearing Member is a “member”.
 - (v) The amount by which the covered contractual payment entitlements of an FCM Clearing Member or the Clearing House exceed the covered contractual payment obligations of such Clearing Member or the Clearing House after netting under a netting contract is its “net entitlement”.
 - (vi) The amount by which the covered contractual payment obligations of an FCM Clearing Member or the Clearing House exceed the covered contractual payment entitlements of such Clearing Member or the Clearing House after netting under a netting contract is its “net obligation”.
 - (vii) The FCM Regulations and the FCM Procedures, including this Regulation 37, constitute a “netting contract”.
 - (viii) The provisions of this Regulation and the FCM Procedures providing for the use and liquidation of Collateral, including Regulation 37 each constitute a “security agreement of arrangement or other credit

enhancement related to one or more netting contracts between any 2 members of a clearing organization”.

- (ix) For purposes of this Regulation 37, the term “payment” means “a payment of United States dollars, another currency, or a composite currency, and a noncash delivery, including a payment or delivery to liquidate an unmatured obligation”.

REGULATION 38 DISTRIBUTION OF ASSETS

- (a) Where (after the netting and set-off provided for in FCM Regulation 37 and FCM Regulation 9(i)) the Clearing House has insufficient assets available to it to pay all Termination Amounts (determined in accordance with FCM Regulation 37 and General Regulation 45 (under the UK General Regulations)) in full, the claims of the Clearing Members shall be met first to those Clearing Members who are FCM Clearing Members and SwapClear Clearing Members and/or ForexClear Clearing Members in an amount equal to the outstanding SwapClear Contributions of such FCM Clearing Members and SwapClear Clearing Members and/or the outstanding ForexClear Contributions of such FCM Clearing Members and ForexClear Clearing Members (as applicable) and, thereafter, *pro rata* to each Clearing Member's respective claim (and in respect of FCM Clearing Members and SwapClear Clearing Members who have received an amount relating to their outstanding SwapClear Contributions, their respective claims shall be reduced by such amounts so received; and in respect of FCM Clearing Members and ForexClear Clearing Members who have received an amount relating to their outstanding ForexClear Contributions, their respective claims shall be reduced by such amounts so received). To the extent the Clearing House does not have sufficient assets available to it to pay each FCM Clearing Member and SwapClear Clearing Member and/or ForexClear Clearing Member the amount equal to its outstanding SwapClear Contribution and/or its outstanding ForexClear Contribution (as applicable), the Clearing House shall distribute the assets available to it to each such FCM Clearing Member and SwapClear Clearing Member and/or ForexClear Clearing Member (as applicable) in an amount equal to the proportion that the outstanding SwapClear Contribution of the relevant FCM Clearing Member or SwapClear Clearing Member and/or the outstanding ForexClear Contribution of the relevant FCM Clearing Member or ForexClear Clearing Members bears to the aggregate of: (i) the sum of the outstanding SwapClear Contributions of all relevant FCM Clearing Members and SwapClear Clearing Members and (ii) the sum of the outstanding ForexClear Contributions of all relevant FCM Clearing Members and ForexClear Clearing Members.
- (b) Notwithstanding anything to the contrary in these FCM Regulations or the FCM Rulebook, this FCM Regulation 38 shall be governed by and construed in accordance with the governing law provided for in paragraph (a) of General Regulation 51 (under the UK General Regulations).
- (c) For the purposes of this FCM Regulation 38, the term "Clearing Member" shall include FCM Clearing Members and all other Clearing Members (as defined in the UK General Regulations) of the Clearing House.

CHAPTER XI - MISCELLANEOUS

REGULATION 39 FCM PROCEDURES

The FCM Procedures shall take effect and shall be binding on FCM Clearing Members as if they formed part of these FCM Regulations save that, in the event of any conflict between the provisions of these FCM Regulations and the FCM Procedures, the provisions of these FCM Regulations shall prevail.

REGULATION 40 INTERPRETATION OF THESE FCM REGULATIONS

- (a) In the event of inconsistency between the provisions of these FCM Regulations and the rules or regulations or other contractual provisions of any trading platform or other undertaking the provisions of these FCM Regulations shall prevail.
- (b) The headings to these FCM Regulations are for convenience only and shall not affect their interpretation.

REGULATION 41 WAIVER

No failure by the Clearing House to exercise, nor any delay on its part in exercising, any of its rights (in whole or in part) under these FCM Regulations shall operate as a waiver of the Clearing House's rights or remedies upon that or any subsequent occasion, nor shall any single or partial exercise of any right or remedy prevent any further exercise thereof or any other right or remedy.

REGULATION 42 VALIDITY OF FCM REGULATIONS AND ACTION

If at any time any provision of these FCM Regulations becomes illegal, invalid or unenforceable in any respect under the law of any jurisdiction, neither the legality, validity or enforceability of the remaining provisions of these FCM Regulations nor the legality, validity or enforceability of such provision under the law of any other jurisdiction shall in any way be affected or impaired thereby.

REGULATION 43 GOVERNING LAW AND JURISDICTION

- (a) These FCM Regulations, the FCM Procedures and each FCM Contract shall be governed by and construed in accordance with the laws of the State of New York, without regard to any conflicts of laws principles, and IN ACCORDANCE WITH the laws of the United States of America, including the CEA and applicable bankruptcy and insolvency laws.
- (b) The Other Specific Regulations shall be governed by and construed in accordance with the laws of England and Wales.
- (c) The Clearing House and every FCM Clearing Member hereby irrevocably agree for the benefit of the Clearing House that (i) the courts of the State of New York, Borough of Manhattan in the United States of America, (ii) the United States District Court for the Southern District of New York, or (iii) the courts of England and Wales shall have exclusive jurisdiction to hear and determine any claim or matter arising from or in relation to any FCM Contract, these FCM Regulations, the FCM Procedures or to the Other Specific Regulations (in the case of the Other Specific Regulations, only with respect to a claim or matter arising from or in relation to an FCM Contract, FCM Clearing Services or these FCM Regulations), and each FCM Clearing Member irrevocably submits to such jurisdiction and waives any objection which it might otherwise have to such courts being a convenient and appropriate forum, save that this submission to the exclusive jurisdiction of the courts of the State of New York, Borough of Manhattan in the United States of America, the United States District Court for the Southern District of New York or the courts of England and Wales shall not (and shall not be construed so as to) limit the right of the Clearing House to take proceedings in any other court of competent jurisdiction, nor shall the taking of action in one or more jurisdictions preclude the taking of action in any other jurisdiction, whether concurrently or not.
- (d) The Clearing House and each FCM Clearing Member hereby irrevocably waives any right to a trial by jury in any litigation directly or indirectly arising out of or relating to any FCM Contract, the FCM Procedures, the Other Specific Regulations or to these FCM Regulations.
- (e) Each FCM Clearing Member irrevocably waives, with respect to itself and its revenues and assets, all immunity on the grounds of sovereignty or other similar grounds from suit, jurisdiction of any court, relief by way of injunction, order for specific performance or for recovery of property, attachment of its assets (whether before or after judgment) and execution or enforcement of any judgment to which it or its revenues or assets might otherwise be entitled in any proceedings in the courts of any jurisdiction and irrevocably agrees that it will not claim any such immunity in any proceedings.

REGULATION 44 EXCLUSION OF LIABILITY

Neither the Clearing House nor any other member of the LCH.Clearnet Group shall have any liability to an FCM Clearing Member or any other person in respect of any dispute arising from or in relation to any FCM Contract, including but not limited to, any dispute as to the validity or otherwise of such FCM Contract, the terms of such FCM Contract or whether any alleged agreement or arrangement constitutes an FCM Contract. ~~Regulation 27 — Solvency Threatening Treasury Default Loss~~

- (a) The Clearing House shall not be liable for any obligations of or to a person who is not an FCM Clearing Member (including an FCM Client of an FCM Clearing Member), nor any obligations of an FCM Clearing Member to another FCM Clearing Member who is acting as a broker for the first FCM Clearing Member, nor shall the Clearing House become liable to make deliveries or accept deliveries from an FCM Client of an FCM Clearing Member.
- (b) Without prejudice to the provisions of FCM Regulation 2 and FCM Regulation 44(e), neither the Clearing House nor any other member of the LCH.Clearnet Group shall be liable whatsoever to any FCM Clearing Member, or to any other person in contract, tort (including negligence), trust, as a fiduciary or under any other cause of action in respect of any damage, loss, cost or expense of ANY NATURE whatsoever suffered or incurred as a result of: any suspension of clearing services, whether for a temporary period or otherwise, a step taken by the Clearing House under FCM Regulation 29, Regulation 30, Regulation 46 or Regulation 49(e) or any failure or malfunction of any systems, communication lines or facilities, software or technology supplied, operated or used by the Clearing House or the relevant approved agent; the occurrence of any event which is outside the control of the Clearing House; or any exercise by the Clearing House of its discretion under the FCM Regulations, or any decision by the Clearing House not to exercise any such discretion.
- (c) Without prejudice to FCM Regulation 44(c) and FCM Regulation 44(e), unless otherwise expressly provided in the FCM Regulations or in any other agreement to which the Clearing House is party, neither the Clearing House nor any other member of the LCH.Clearnet Group shall be liable under any circumstances (including as a result of any negligence by the Clearing House, or any other member of the LCH.Clearnet Group Limited, or their respective officers, employees, agents or representatives) to any FCM Clearing Member or any other Executing Party for any indirect or consequential loss or damage, or loss of anticipated profit (whether direct or indirect) or loss of bargain, suffered or incurred by any such FCM Clearing Member or other Executing Party and shall not in any circumstances be liable for any loss, cost, damage or expense suffered or incurred by any person as a result of any negligence on the part of the Clearing House, or any other member of the LCH.Clearnet Group Limited, or their respective officers, employees, agents or representatives.
- (d) Nothing in this FCM Regulation 44 shall be construed as an attempt by the Clearing House to exclude any liability for any fraud, fraudulent misrepresentation or willful default on the part of the Clearing House. The Clearing House accepts liability for

any personal injury or death caused by the negligence of the Clearing House and for any fraud or willful default on the part of the Clearing House.

(e) Without prejudice to the provisions of FCM Regulation 2 and FCM Regulation 44(e) neither the Clearing House, nor any other member of the LCH.Clearnet Group shall have any liability whatsoever to any FCM Clearing Member or to any other person (including any FCM Client) in contract, tort (including negligence), trust, as a fiduciary or under any other cause of action in respect of any damage, loss, cost or expense of whatsoever nature suffered or incurred by an FCM Clearing Member or any other person, as the case may be, as a result of the failure of any systems, communication facilities or technology.

(f) Without prejudice to FCM Regulation 1 and FCM Regulation 44(d), neither the Clearing House, nor any other member of the LCH.Clearnet Group, shall have any liability whatsoever to any FCM Clearing Member or to any other person (including, without limitation, any FCM Client) in contract, tort (including, without limitation, negligence), trust, as a fiduciary or under any other cause of action in respect of any damage, loss, cost or expense of whatsoever nature suffered or incurred by an FCM Clearing Member or any other person as the case may be, as a result of any service failure, whether complete or partial, of any payment or securities services provider, including (without limitation) any Securities System Operator, custodian, settlement agent, securities depository, securities settlement system, settlement facility or central bank.

REGULATION 45 SOLVENCY THREATENING TREASURY DEFAULT LOSS

(a) In this FCM Regulation:

“**Calculation Period**” means, in respect of a type of Business, a period of the number of days specified in the “Combined Loss Value” calculation in relation to the Fund Amount of that type of Business and ending on the business day preceding the date on which the Clearing House determines that a Solvency Threatening Treasury Default Loss has occurred (and the terms “Business”, “Combined Loss Value” and “Fund Amount” have the meanings set out in the Default Fund Rules);

“**Margin Weight**” means:

(i) the aggregate of an FCM Clearing Member’s total margin requirement (in respect of all of its Proprietary Accounts and all of its Client Accounts) for each type of Business undertaken by the FCM Clearing Member averaged over the relevant Calculation Period preceding a determination of a Solvency Threatening Treasury Default Loss under Regulation 2745(b) below;

divided by

(ii) the total average margin requirement of all FCM Clearing Members and “Clearing Members” under the UK General Regulations during the same period; and

“**Treasury Default**” means, in connection with the Clearing House’s treasury management activities, the default of: (A) an issuer of a debt instrument underlying a treasury management contract; and/or (B) a counterparty to a treasury management contract (including a deposit-taking institution), as determined by the Clearing House in its sole discretion.

(b) In the event of a Treasury Default, the Clearing House may determine in its sole discretion that a loss has been caused by or arises out of a Treasury Default. If the Clearing House so determines, it must determine the quantum of that loss by ascertaining the gross amount of the loss and reducing it by EUR 15 million. The result is referred to as a “**Solvency Threatening Treasury Default Loss**”.

(c) The Clearing House will, in respect of each FCM Clearing Member, determine an amount of the Solvency Threatening Treasury Default Loss to be allocated to that FCM Clearing Member based on that FCM Clearing Member’s Margin Weight (an “**Allocated Loss**”). The day on which the Clearing House determines that a Solvency Threatening Treasury Default Loss has taken place shall be the determination day for the purposes of establishing the Calculation Period.

(d) The maximum Allocated Loss that each FCM Clearing Member can be allocated is equal to: (i) the total Clearing House treasury investment portfolio immediately prior to the Solvency Threatening Treasury Default Loss, reduced by EUR 15 million; multiplied by (ii) that FCM Clearing Member’s Margin Weight. For the

purpose of the calculation of Margin Weight, the margin requirements for any FCM Clearing Member who has become a defaulter at any point prior to the date of allocation, shall be disregarded.

- (e) Each FCM Clearing Member shall pay to the Clearing House within an hour of demand a cash amount equal to its Allocated Loss. The Clearing House shall be entitled to debit such cash amount from the PPS account associated with that FCM Clearing Member's Proprietary Account.
- (f) Any determination made by the Clearing House, and any action taken by the Clearing House, pursuant to this Regulation is binding on a FCM Clearing Member and may in no circumstances be challenged or called into question.
- (g) If, after exercising its rights under this Regulation, the Clearing House makes a recovery in respect of the Treasury Default, the Clearing House will (after replenishing its own losses and expenses) distribute the net proceeds of such recovery pro rata to the amount of the Allocated Loss paid by each FCM Clearing Member and each "Clearing Member" under the UK General Regulations in respect of that Treasury Default by crediting the relevant FCM Clearing Member's Proprietary Account. Nothing in this Regulation [2745](#)(g) obliges the Clearing House to pursue any litigation or take other action in order to recover the amounts contemplated hereby.

~~Regulations 28-29: [Reserved]~~

CHAPTER XII - FCM SWAPCLEAR REGULATIONS

~~PART II—REGULATIONS APPLICABLE TO FCM SWAPCLEAR~~ CONTRACTSREGISTRATION OF FCM SWAPCLEAR CONTRACTS; NOVATION AND POST-NOVATION COMPRESSION; SWAPCLEAR ACCOUNTS

~~Regulation 30—Registration of FCM SwapClear Contracts; Novation and Post-Novation Compression; SwapClear Accounts~~

- (a) In order for an FCM to register an FCM SwapClear Contract in respect of the registration of an FCM SwapClear Transaction, the FCM must be currently approved as an FCM Clearing Member pursuant to these FCM Regulations. The Executing Parties to such FCM SwapClear Transaction shall be responsible for any give-up or other agreement mutually agreed to among the parties with respect to such transactions, as applicable. An FCM Clearing Member must submit the particulars of an FCM SwapClear Transaction for registration as two FCM SwapClear Contracts or one FCM SwapClear Contract and one Non-FCM SwapClear Contract (as the case may be) in accordance with these FCM Regulations. Each FCM SwapClear Transaction involving an FCM Client shall be presented to the Clearing House for registration on behalf of such FCM Client by its FCM Clearing Member.
- (b) Where an Executing Party enters into an FCM SwapClear Transaction and such FCM SwapClear Transaction is to be cleared through an FCM Clearing Member, the Clearing House shall (only where such FCM SwapClear Transaction is not an FCM US Trading Venue Transaction) notify the FCM Clearing Member of such FCM SwapClear Transaction and request acceptance for registration in accordance with the FCM Procedures. Upon (i) receipt of acceptance for registration by the Clearing House from the FCM Clearing Member (where such FCM SwapClear Transaction is not an FCM US Trading Venue Transaction), and (ii) receipt of the FCM SwapClear Transaction details by the Clearing House in accordance with the FCM Procedures (where such FCM SwapClear Transaction is an FCM US Trading Venue Transaction), the FCM Clearing Member shall be deemed to have presented the FCM SwapClear Transaction to the Clearing House (and such presentation may not be withdrawn by the FCM Clearing Member unless otherwise provided in the FCM Rulebook) and the Clearing House shall register the FCM SwapClear Transaction subject to, and in accordance, with these FCM Regulations and the FCM Procedures.
- (c) Without prejudice to the Clearing House's rights under paragraph (g) of this FCM Regulation ~~30,46~~, an FCM Clearing Member shall be bound by an FCM SwapClear Contract registered in its name on behalf of an FCM Client ~~or an Affiliate~~.
- (d) The Clearing House shall register or reject the registration of an FCM SwapClear Contract in respect of an FCM SwapClear Transaction presented for registration subject to, and in accordance with, these FCM Regulations and the FCM Procedures as quickly as would be technologically practicable if fully automated systems were used (the standard required in Part 39 of the CFTC Regulations), **provided that:**
- (i) both sides of the relevant FCM SwapClear Transaction have been properly presented and submitted for clearing by (or on behalf of) the Executing Parties;

- (ii) the relevant FCM SwapClear Transaction meets the FCM SwapClear Product Eligibility Criteria prescribed in the FCM ~~Rulebook~~[Product Specific Contract Terms and Eligibility Criteria Manual](#) at the time the particulars of the FCM SwapClear Transaction are presented to the Clearing House and continues to meet such criteria at the Registration Time;
- (iii) each FCM SwapClear Contract resulting from an FCM SwapClear Transaction that is not an FCM US Trading Venue Transaction is consented to by the relevant FCM Clearing Member in accordance with paragraph (b) above and Section ~~2A.3.22.1.3~~ of the FCM Procedures;
- (iv) the applicable FCM Clearing Member has furnished, upon request of the Clearing House and in accordance with FCM Regulation [914](#) and such other applicable provisions of the FCM Rulebook, all required Margin in respect of such FCM SwapClear Contract prior to registration (taking into account any available SwapClear Tolerance, if any); provided that such Margin need not be furnished prior to registration as a condition to the registration of such FCM SwapClear Contract unless such FCM SwapClear Contract results from an FCM SwapClear Transaction that is a Block IRS Trade; and
- (v) all the conditions applicable (under the terms of the FCM Rulebook or the UK General Regulations, as the case may be) for the registration of the Non-FCM SwapClear Contract or the other FCM SwapClear Contract (as the case may be) deriving from the relevant FCM SwapClear Transaction- have been satisfied.

If for any reason in respect of an FCM SwapClear Contract the other corresponding FCM SwapClear Contract or Non-FCM SwapClear Contract (as the case may be) is not registered by the Clearing House, the Clearing House shall de-register such FCM SwapClear Contract and shall not have any liability whatsoever to any FCM Clearing Member or to any other person (including any SwapClear Dealer (as such term is defined in the UK General Regulations)) in contract, tort (including negligence), trust, as a fiduciary or under any other cause of action in respect of any damage, loss, cost or expense of whatsoever nature suffered or incurred as a result of such de-registration.

- (e) The Clearing House shall be deemed to register an FCM SwapClear Contract, in accordance with this FCM Regulation ~~3046~~ in the name of an FCM Clearing Member on behalf of an FCM Client ~~or an Affiliate (or, if applicable, on the FCM Clearing Member's own behalf)~~, at the time prescribed in the FCM Procedures (“**Registration Time**”). At the Registration Time, the FCM Clearing Member, and the FCM Client ~~or Affiliate~~ if applicable, will be deemed to be bound by the relevant FCM SwapClear Contract on the terms entered into between the FCM Clearing Member and the Clearing House automatically and without any further action by such FCM Clearing Member or FCM Client ~~or Affiliate~~, which such terms shall, without limitation, incorporate all applicable terms of these FCM Regulations and [of Schedule A hereto](#) [to the FCM Product Specific Contract Terms and Eligibility Criteria Manual](#).
- (f) If at any time after registration of an FCM SwapClear Contract, the Clearing House determines that the corresponding FCM SwapClear Transaction of which details

were presented for registration did not, at the Registration Time, meet the FCM SwapClear Product Eligibility Criteria in existence at the Registration Time (an “**Ineligible FCM SwapClear Transaction**”), the Clearing House shall, immediately following the next margin run following such determination, set aside both FCM SwapClear Contracts (or, the FCM SwapClear Contract and the Non-FCM SwapClear Contract, if applicable) arising from such Ineligible FCM SwapClear Transaction. Upon an FCM SwapClear Contract being set aside under this paragraph (any such FCM SwapClear Contract, an “**Ineligible FCM SwapClear Contract**”): (i) the Clearing House will notify the FCM Clearing Member party to such Ineligible FCM SwapClear Contract via the FCM Approved Trade Source System through which details of the relevant Ineligible FCM SwapClear Transaction were originally presented to the Clearing House that such Ineligible FCM SwapClear Contract has been set aside; and (ii) such Ineligible FCM SwapClear Contract shall immediately be deemed to be terminated and shall thereafter have no force or effect. Where an Ineligible FCM SwapClear Contract is set aside pursuant to this paragraph, all payments (including Variation Margin) (if any) paid by the Clearing House or by an FCM Clearing Member (or SwapClear Clearing Member, if applicable) in respect of such Ineligible FCM SwapClear Contract up to and including the ~~relevant margin run~~time when such Ineligible FCM SwapClear Contract was set aside shall be retained by the receiving party upon termination as a termination payment. Without prejudice to FCM Regulation ~~2444~~ and its obligations under this FCM Regulation ~~30,46~~, the Clearing House (and each other member of the LCH.Clearnet Group and their respective officers, employees and agents) shall have no liability whatsoever to any person arising out of or in respect of the registration by it in error or otherwise of an Ineligible FCM SwapClear Contract.

- (g) Where the FCM Procedures so provide, the Clearing House may require the FCM Clearing Members in whose names one or more FCM SwapClear Contracts are to be registered to furnish it with Margin as a condition of registration of such FCM SwapClear Contract(s), and such Margin shall be furnished to the Clearing House in accordance with FCM Regulation ~~4014~~ and such other applicable provisions in the FCM Rulebook.
- (h) Notwithstanding anything to the contrary in ~~this~~the FCM Rulebook, the Clearing House may decline to register an FCM SwapClear Transaction in the name of an FCM Clearing Member where it considers such action advisable for its own protection or the protection of the relevant market, **provided that** the Clearing House may (subject to the provisions of the FCM Rulebook) register any FCM SwapClear Contract which reduces the risk exposure of the Clearing House and the applicable FCM Clearing Member, as determined in the discretion of the Clearing House. The Clearing House may, subject to paragraph (d) above and without assigning any reason, make the registration of any FCM SwapClear Transaction subject to any conditions stipulated by the Clearing House including the furnishing of additional Margin by any FCM Clearing Member in whose name any such FCM SwapClear Transaction is to be registered.

- (i) An FCM SwapClear Transaction presented for registration to, and accepted by, the Clearing House shall be registered by the Clearing House in one of the following ways:
- (i) in the case where one Executing Party clears its side of such FCM SwapClear Transaction, either through a SwapClear Clearing Member or directly with the Clearing House in its capacity as a SwapClear Clearing Member, and the other Executing Party clears its side of such FCM SwapClear Transaction as or through an FCM Clearing Member, as one Non-FCM SwapClear Contract pursuant to the UK General Regulations applicable to SwapClear Clearing Members and one FCM SwapClear Contract pursuant to these FCM Regulations, where the FCM SwapClear Contract shall be registered between the FCM Clearing Member, as the party paying Rate X, and the Clearing House as the party paying Rate Y, and the Non-FCM SwapClear Contract shall be registered between the Clearing House, as the party paying Rate X, and the SwapClear Clearing Member, as the party paying Rate Y; or
 - (ii) in the case where each Executing Party will clear its respective side of such FCM SwapClear Transaction either through an FCM Clearing Member or directly itself as an FCM Clearing Member, as two FCM SwapClear Contracts pursuant to these FCM Regulations where each relevant FCM SwapClear Contract is registered between the relevant FCM Clearing Member and the Clearing House, with one such FCM Clearing Member as the party paying Rate X, and the Clearing House as the party paying Rate Y, and the other FCM Clearing Member as the party paying Rate Y and the Clearing House as the party paying Rate X.

In each of the foregoing cases, to the extent the FCM SwapClear Contract has been entered into by an FCM Clearing Member on behalf of an FCM Client ~~or Affiliate~~, each FCM Clearing Member will be the agent of its FCM Client ~~or Affiliate~~, but will nevertheless remain fully liable to the Clearing House for any and all amounts due to the Clearing House in connection with any FCM SwapClear Contract cleared on behalf of its FCM Client ~~or Affiliate~~.

- (j) With effect from the registration of an FCM SwapClear Transaction in accordance with FCM Regulation ~~3046~~3046(i) above:
- (i) such FCM SwapClear Transaction shall be extinguished and replaced by the corresponding FCM SwapClear Contracts (or if applicable, the corresponding FCM SwapClear Contract and Non-FCM SwapClear Contract), and the parties to such FCM SwapClear Transaction shall be released and discharged from all rights and obligations under such FCM SwapClear Transaction which fall due for performance on or after the Registration Time;
 - (ii) each FCM SwapClear Contract registered under FCM Regulation ~~3046~~3046(i) above shall be governed by the FCM SwapClear Contract Terms as applicable to that FCM SwapClear Contract;
 - (iii) subject to sub-paragraph (ii) above, in respect of the Economic Terms, the FCM Clearing Member shall have the same rights against, and owe the same

obligations to, the Clearing House under the FCM SwapClear Contract as the party paying Rate X had and owed in respect of its counterparty under the corresponding FCM SwapClear Transaction; and

- (iv) subject to sub-paragraph (ii) above, in respect of the Economic Terms, the FCM Clearing Member shall have the same rights against, and owe the same obligations to, the Clearing House under the FCM SwapClear Contract to which it is party as the party paying Rate Y had and owed in respect of its counterparty under the corresponding FCM SwapClear Transaction.

In subparagraphs (iii) and (iv) above, a reference to the “same” rights or obligations is a reference to rights or obligations, falling due for exercise or performance after the Registration Time, and which are the same in nature and character as the rights or obligations arising from the Economic Terms of the corresponding FCM SwapClear Transaction (it being assumed, for this purpose, that such FCM SwapClear Transaction was a legal, valid, binding and enforceable obligation of the parties thereto and that the Economic Terms thereof were as presented to the Clearing House for registration), notwithstanding the change in the person entitled to them or obliged to perform them, and subject to any change thereto as a result of the operation of the Standard Terms.

- (k) If an FCM SwapClear Transaction is revoked, avoided or otherwise declared invalid for any reason after particulars of it have been accepted by the Clearing House for registration that revocation, avoidance or invalidity shall not affect any FCM SwapClear Contract arising under this FCM Regulation ~~3046~~ or any other applicable provision of the FCM Rulebook.
- (l) In the case of an FCM SwapClear Contract registered by the Clearing House pursuant to rule 6(a) of the Default Rules, the Registration Time shall be deemed to be the time chosen by the Clearing House whereupon this FCM Regulation ~~3046~~ shall take effect.

~~(m) — An FCM Clearing Member approved to provide FCM SwapClear Clearing Services may provide FCM SwapClear Clearing Services in connection with FCM SwapClear Contracts or FCM SwapClear Transactions to any of its Affiliates. Such FCM SwapClear Clearing Services shall be provided in the same manner as set forth under these FCM Regulations with respect to FCM Clients, as applicable, except that all transactions for Affiliates shall be cleared through the Proprietary Account of the applicable FCM Clearing Member.~~

- (m) ~~(n)~~ **Compression.** Notwithstanding any other provision of these FCM Regulations, if one or more FCM SwapClear Contracts registered by an FCM Clearing Member in accordance with these FCM Regulations and the FCM Procedures has substantially the same Economic Terms as one or more other FCM SwapClear Contracts previously registered for the account of such FCM Clearing Member, and all such FCM SwapClear Contracts are either (i) registered on the FCM Clearing Member's own behalf, or (ii) registered on behalf of the same FCM Client ~~or (iii) registered on behalf of the same Affiliate~~, the FCM Clearing Member may request that the Clearing House compress and combine all such FCM SwapClear Contracts by terminating the relevant existing FCM SwapClear Contracts and compressing them into one FCM SwapClear Contract reflecting the aggregate economic terms, or the net economic terms, as the case may be, of the original FCM SwapClear Contracts. For purposes of

this FCM Regulation ~~3046~~(em), two or more FCM SwapClear Contracts may be deemed by the Clearing House to have “substantially the same Economic Terms” if they are based on the same underlying currencies and the Clearing House considers them, in its sole discretion, to have substantially the same fundamental economic attributes which influence the amount, value date and direction of all coupon cash flows. Two or more FCM SwapClear Contracts that are compressed under the terms of this FCM Regulation ~~3046~~(am) shall be aggregated if the position of the FCM Clearing Member (on its own behalf) or the relevant FCM Client-~~or-Affiliate~~ is in the same direction on each such FCM SwapClear Contract (i.e., obligations to make payment aggregated and rights to receive payment aggregated), such that the FCM SwapClear Contract that replaces the compressed FCM SwapClear Contracts shall have a notional amount equal to the total notional amount of the compressed FCM SwapClear Contracts. Two or more FCM SwapClear Contracts that are compressed under the terms of this Regulation ~~3046~~(am) shall be netted if the position of the FCM Clearing Member (on its own behalf) or the relevant FCM Client-~~or-Affiliate~~ is in the opposite direction on two or more of each such FCM SwapClear Contracts (i.e., obligations to make payment netted against rights to receive payment), such that the FCM SwapClear Contract (if any) that replaces the compressed FCM SwapClear Contracts shall have a notional amount equal to the net notional amount of the compressed FCM SwapClear Contracts, and **provided that** in the event that the net notional amount is equal to zero such compression shall result in no replacement FCM SwapClear Contracts. The Clearing House shall determine (in its sole discretion) whether FCM SwapClear Contracts that are the subject of a request for compression from the FCM Clearing Member may be compressed and, if such FCM SwapClear Contracts are compressed, the Clearing House shall determine the resulting notional amount of the FCM SwapClear Contract(s) (if any) that replaces the compressed FCM SwapClear Contracts, and such determination shall be binding on the FCM Clearing Member, absent manifest error. It is a condition for compression of FCM SwapClear Contracts that the amount of Margin that the Clearing House requires in respect of the original FCM SwapClear Contracts is equal to that which is required by the Clearing House in respect of the replacement FCM SwapClear Contract(s).

- (n) ~~(e)~~ **SwapClear Accounts.** All FCM Omnibus SwapClear Client Accounts with LCH shall not be permitted to contain any FCM Contracts other than FCM SwapClear Contracts or to reflect any Margin other than in connection with FCM SwapClear Contracts.
- (o) ~~(p)~~ **Unallocated FCM SwapClear Transactions.** In accordance with all other applicable provisions of the FCM Rulebook, an FCM Clearing Member may register an FCM SwapClear Contract subject to post-registration allocation on behalf of an Account Manager Executing Party in accordance with the following provisions:
- (i) An FCM SwapClear Transaction executed by or on behalf of an Account Manager Executing Party and subject to post-registration allocation (such transaction, an “**Unallocated FCM SwapClear Transaction**”) shall be notified to the Clearing House as such at the time it is submitted or presented to the Clearing House.

- (ii) The FCM SwapClear Contract registered on behalf of an Account Manager Executing Party that results from an Unallocated FCM SwapClear Transaction (an “**Unallocated FCM SwapClear Contract**”) shall be registered in a suspense sub-account of the applicable FCM Clearing Member’s FCM Omnibus SwapClear Client Account with LCH (such sub-account, the “**SwapClear Suspension Sub-Account**”).
- (iii) Following registration of an Unallocated FCM SwapClear Contract, the applicable FCM Clearing Member must notify the Clearing House (the “**Allocation Notice**”), prior to the close of the clearing of FCM SwapClear Contracts on the Business Day in which the Unallocated FCM SwapClear Contract was registered, of the applicable FCM Client Sub-Accounts to which portions of the Unallocated FCM SwapClear Contract should be allocated and the applicable portions of the Unallocated FCM SwapClear Contract to be allocated to each such FCM Client Sub-Account. The Allocation Notice must provide for the allocation of the full notional amount of the Unallocated FCM SwapClear Contract. The Allocation Notice is delivered through Markitwire, the SwapClear API and/or such other means as may be approved by the Clearing House and notified to FCM Clearing Members.
- (iv) Following receipt of an Allocation Notice, the Clearing House shall:
 - (A) close out the outstanding Unallocated FCM SwapClear Contract and simultaneously register two or more (as applicable) FCM SwapClear Contracts to the same SwapClear Suspension Sub-Account, which such newly registered FCM SwapClear Contracts shall have the same Economic Terms as the Unallocated FCM SwapClear Contract except that they shall have lower notional values corresponding to the allocation instructions provided in the Allocation Notice (which notional values shall, in the aggregate, equal the notional value of the Unallocated FCM SwapClear Contract); and
 - (B) following the actions described in paragraph (A) above, transfer each of the newly registered FCM SwapClear Contracts resulting from the cancellation of the Unallocated FCM SwapClear Contract to the applicable FCM Client Sub-Accounts in accordance with the Allocation Notice.

Where an Allocation Notice directs the entire notional amount of an Unallocated FCM SwapClear Contract to be allocated to a single FCM Client Sub-Account, then the Clearing House shall not take the steps described above in this paragraph (iv) and shall instead transfer the Unallocated FCM SwapClear Contract to the applicable FCM Client Sub-Account following receipt of the Allocation Notice. In no event can Unallocated FCM SwapClear Contracts be further allocated once they are transferred from the SwapClear Suspension Sub-Account.

By delivering an Allocation Notice to the Clearing House, the FCM Clearing Member shall be deemed to have instructed the Clearing House to take the steps referred to in this paragraph (iv).

- (v) The allocation of Unallocated FCM SwapClear Contracts as set forth above is subject to all other applicable provisions of the FCM Rulebook, including the furnishing by the applicable FCM Clearing Member of adequate Margin, at or prior to the submission of the Allocating Notice, in respect of each of the applicable FCM Client Sub-Accounts to which an Unallocated FCM SwapClear Contract is to be allocated. If adequate Margin is not so furnished in respect of each such FCM Client Sub-Account, the Clearing House may, in its sole discretion, delay the allocation and transfer of all or any portions of the Unallocated FCM SwapClear Contract and may take any other actions permitted under the FCM Rulebook.
- (vi) An FCM Clearing Member that submits and clears Unallocated FCM SwapClear Transactions must comply with the applicable provisions of the CFTC Regulations (including CFTC Regulation 1.35 and CFTC Regulation 1.73) and all other applicable law, and shall be responsible for ensuring that Account Manager Executing Parties clearing through it shall be in compliance therewith. Upon an FCM Clearing Member executing an Unallocated FCM SwapClear Transaction and upon delivering an Allocation Notice, such FCM Clearing Member is deemed to represent to the Clearing House that such transaction and allocation are in accordance with properly authorized instructions and are in compliance with applicable CFTC Regulations and other applicable law.

Regulation 31 — Daily Marking to Market

- ~~(a) — The Clearing House shall, in accordance with the FCM Procedures, in respect of each FCM SwapClear Contract in an FCM Clearing Member's name, mark each such Open Contract against the price determined by the Clearing House to be the current Settlement Price of such contract to be used for marking to market purposes.~~
- ~~(b) — The Clearing House shall, upon completion of the procedure set out in paragraph (a) above, calculate the daily mark-to-market amounts in accordance with the FCM Procedures and shall thereafter determine the status of the FCM Clearing Member's accounts.~~
- ~~(c) — For the avoidance of doubt, the completion of the calculation and settlement of daily marked-to-market amounts pursuant to paragraph (b) above by the Clearing House shall not affect the validity of any Open Contracts, which shall remain in effect as Open Contracts in all respects.~~

REGULATION 46 COLLATERALIZATION OF FCM SWAPCLEAR CONTRACTS

- (a) ~~(d)~~ The net present value of each FCM SwapClear Contract shall be calculated for the purposes of collateralization by the Clearing House ~~in accordance with paragraphs (a) and (b) of this FCM Regulation 31,~~ in such manner and at such times as may be provided in the FCM Procedures. Except as prescribed in the FCM Procedures, the net present value calculated by the Clearing House may in no circumstances be called in question. ~~The Clearing House shall, at least daily, receive payment from, or pay to, the FCM Clearing Member cash for Variation Margin, representing the change in the net present value of such FCM Clearing Member's portfolio of FCM SwapClear Contracts from the preceding Business Day, in accordance with the FCM Procedures.~~
- (b) The Clearing House shall, at least daily, call on the FCM Clearing Member to transfer to it cash in respect of such FCM Clearing Member's Variation Margin obligations, representing the change in the net present value of the FCM SwapClear Contracts registered in such FCM Clearing Member's name. Cash Margin received by the Clearing House in respect of such payment obligations shall be applied to discharge the obligation of the FCM Clearing Member to the Clearing House on the termination of the relevant FCM SwapClear Contracts.
- (c) If the value of any FCM SwapClear Contract changes such that the amount of cash Margin payable by an FCM Clearing Member under paragraph (b) of this FCM Regulation 47 exceeds the obligation to which it relates, an amount shall become payable from the Clearing House to the FCM Clearing Member equal to the excess.
- (d) Any payment made by the Clearing House to the FCM Clearing Member in respect of a change in the value of an FCM SwapClear Contract shall be treated as being applied to discharge amounts due to the FCM Clearing Member by the Clearing House under that FCM SwapClear Contract on the termination of that FCM SwapClear Contract.
- (e) ~~Netting of Coupon Payments with respect to FCM SwapClear Contracts.~~ In respect of ~~a portfolio of such~~ FCM SwapClear Contracts ~~and each payment date for Coupon Payments (in accordance with the FCM Procedures),~~ on every Business Day, the Clearing House shall ~~net:~~ aggregate:
- (i) the sums which would otherwise have been payable by the FCM Clearing Member to the Clearing House as cash (in respect of Variation Margin) on such date and ~~the any~~ any Coupon Payments due on that date; and
 - (ii) the sums which would otherwise have been payable by the Clearing House to the FCM Clearing Member as cash (in respect of Variation Margin) on such date and ~~the any~~ any Coupon Payments due on that date,

and, if the aggregate amount that would otherwise have been payable by one party exceeds the aggregate amount that would otherwise have been payable by the other party, then the obligations of each party under this FCM Regulation ~~34~~47 shall be

automatically satisfied and discharged on payment by the ~~applicable~~ party by whom the larger amount would have been payable to the other party of the excess of the larger aggregate amount over the smaller aggregate amount. All netting pursuant to this FCM Regulation 47 in respect of ~~an~~ an FCM Clearing Member's portfolio of FCM SwapClear Contracts shall be calculated separately with respect to FCM SwapClear Contracts held in ~~an~~ that FCM Clearing Member's Proprietary Account and with respect to the FCM SwapClear Contracts held on behalf of each of that FCM Clearing Member's FCM Clients in ~~the relevant~~ each applicable FCM Client Sub-Account.

Regulation 32 — ~~The reset rate for, and the net present value of, an FCM SwapClear Contract~~**REGULATION 47 THE RESET RATE FOR, AND THE NET PRESENT VALUE OF, AN FCM SWAPCLEAR CONTRACT**

The Clearing House may determine the reset rate for, and the net present value of, an FCM SwapClear Contract for the purposes of these FCM Regulations and the FCM Procedures in such manner and at such times as may be prescribed in the FCM Procedures. Except as prescribed in the FCM Procedures, neither the reset rate nor the net present value determined by the Clearing House may in any circumstances be challenged.

Regulation 33 — ~~Withdrawal of the FCM SwapClear Service by the Clearing House~~

- ~~(a) — If at any time the Clearing House decides to withdraw the FCM SwapClear Service it shall give not less than six months' notice in accordance with the FCM Procedures to all FCM Clearing Members (approved to clear FCM SwapClear Contracts) of the applicable Withdrawal Date. The accidental omission by the Clearing House to give notice under this FCM Regulation 33 to, or the non-receipt of notice under this FCM Regulation 33 by, one or more FCM Clearing Members shall not invalidate the Withdrawal Date.~~
- ~~(b) — Without prejudice to its rights under the Default Rules, the Clearing House will not, other than pursuant to action under the Default Rules or pursuant to the entering of offsetting/compressing trades in accordance with FCM Regulation 30(n), register an FCM SwapClear Contract (other than a Closing-out Contract) after notice to withdraw the applicable service(s) has been given under FCM Regulation 33(a).~~
- ~~(c) — If, with respect to FCM SwapClear Clearing Services, at the Withdrawal Date an FCM Clearing Member or Non-FCM Clearing Member has not closed out all of the applicable open FCM SwapClear Contracts registered in its name, the Clearing House may, in its sole discretion:~~
- ~~(i) — liquidate any or all of such FCM SwapClear Contracts and require such FCM SwapClear Contracts to be cash settled at a price determined by the Clearing House; or~~
 - ~~(ii) — postpone the Withdrawal Date until such time as the Clearing House determines.~~

Regulations 34-39: [Reserved]

CHAPTER XIII - FCM FOREXCLEAR REGULATIONS**PART III—REGULATIONS APPLICABLE TO REGISTRATION OF FCM FOREXCLEAR CONTRACTS; FOREXCLEAR ACCOUNTS****Regulation 40—Registration of FCM ForexClear Contracts; ForexClear Accounts**

(a) In order for an FCM to submit an FCM ForexClear Transaction for registration as an FCM ForexClear Contract, the FCM must be currently approved as an FCM Clearing Member pursuant to these FCM Regulations. The Executing Parties to such FCM ForexClear Transaction shall be responsible for any give-up or other agreement mutually agreed to among the parties with respect to such transactions, as applicable. An FCM Clearing Member must submit the particulars of an FCM ForexClear Transaction for registration as an FCM ForexClear Contract in accordance with the FCM Rulebook. Each FCM ForexClear Transaction involving an FCM Client shall be presented to the Clearing House for registration on behalf of such FCM Client by its FCM Clearing Member. It is a condition for registration as an FCM ForexClear Contract that both sides of the underlying FCM ForexClear Transaction be presented for clearing (as one FCM ForexClear Contract and one Non-FCM ForexClear Contract, or as two FCM ForexClear Contracts, as the case may be).

~~(b) [Intentionally Omitted].~~

~~(b)~~ ~~(e)~~ Without prejudice to the Clearing House's rights under paragraph ~~(f)~~ of this FCM Regulation ~~40,49~~, an FCM Clearing Member shall be bound by an FCM ForexClear Contract registered in its name on behalf of an FCM Client ~~or an Affiliate~~ pursuant to the presentation of particulars of an FCM ForexClear Transaction by it, and by the other FCM Clearing Member or Non-FCM Clearing Member, as applicable.

~~(c)~~ ~~(d)~~ Without prejudice to the Clearing House's rights under paragraph ~~(f)~~ of this FCM Regulation ~~40,49~~, an FCM ForexClear Transaction, particulars of which are submitted for registration as an FCM ForexClear Contract, must meet the FCM ForexClear Product Eligibility Criteria at the time the particulars of the FCM ForexClear Transaction are presented to the Clearing House and must continue to meet such criteria at the Registration Time in order to be registered as an FCM ForexClear Contract, at which time the FCM ForexClear Contracts (or the FCM ForexClear Contract and the Non-FCM ForexClear Contract, as the case may be) shall replace and supersede such corresponding FCM ForexClear Transaction.

~~(d)~~ ~~(e)~~ The Clearing House shall be deemed to register an FCM ForexClear Contract, in accordance with this FCM Regulation ~~4049~~ in the name of an FCM Clearing Member on behalf of an FCM Client ~~or an Affiliate (or, if applicable, on the FCM Clearing Member's own behalf)~~, at the Registration Time. At the Registration Time, the FCM Clearing Member, and the FCM Client ~~or Affiliate~~ if applicable, will be deemed to be bound by the relevant FCM ForexClear Contract on the terms entered into between the FCM Clearing Member and the Clearing House automatically and without any further action by such FCM Clearing Member or FCM Client ~~or Affiliate~~, which such terms shall, without limitation, incorporate all applicable terms of these FCM Regulations and of Schedule B hereto² to the FCM Product Specific Contract Terms and Eligibility Criteria Manual.

(e) ~~(f)~~ **Ineligible Registered FCM ForexClear Transactions-**

- (i) If at any time after registration of an FCM ForexClear Contract, the Clearing House determines that the corresponding FCM ForexClear Transaction of which details were submitted for registration did not, at the Registration Time, meet the FCM ForexClear Product Eligibility Criteria in existence at the Registration Time (such an FCM ForexClear Transaction, an “**Ineligible FCM ForexClear Transaction**”), the Clearing House shall, as soon as practicable thereafter set aside such FCM ForexClear Contracts (or the FCM ForexClear Contract and the Non-FCM ForexClear Contract, as the case may be).
- (ii) *Ineligible FCM ForexClear Transactions.* Upon an FCM ForexClear Contract being set aside under ~~subsection~~sub-clause (i) above (such set aside contract, an “**Ineligible FCM ForexClear Contract**”), the Clearing House will notify the FCM Clearing Member party to such Ineligible FCM ForexClear Contract via the ForexClear Matcher that such Ineligible FCM ForexClear Contract has been set aside. The following shall take effect immediately upon the delivery of such notice: (A) such Ineligible FCM ForexClear Contract shall be deemed to be terminated at the time of the notification and shall thereafter have no force or effect; (B) all Variation Margin (if any) paid by the Clearing House or by an FCM Clearing Member in respect of such Ineligible FCM ForexClear Contract shall be retained by the receiving party upon termination; (C) where there is a difference between the value of the Ineligible FCM ForexClear Contract as at the last margin run and the value (as determined by the Clearing House) of that Ineligible FCM ForexClear Contract at the time of the next official settlement rate for the relevant currency pair, then a payment shall be made between the FCM Clearing Members (or one FCM Clearing Member and one Non-FCM Clearing Member, as the case may be) to the original Ineligible FCM ForexClear Transaction equal to such difference; and (D) these payments shall be deemed to satisfy in full the relevant party's obligations under the Ineligible FCM ForexClear Contract and shall be retained by the receiving party upon termination in accordance with ~~clause~~ (A) of this paragraph as a termination payment.

The Clearing House may not determine an FCM ForexClear Transaction to be an Ineligible FCM ForexClear Transaction after the Valuation Date (as defined in Part A of Schedule ~~B to these FCM Regulations~~2 to the FCM Product Specific Contract Terms and Eligibility Criteria Manual) in respect of the FCM ForexClear Contracts arising from the registration of such FCM ForexClear Transaction has occurred.

The Clearing House shall provide no less than 10 Business Days¹ prior notice (including by email) to FCM Clearing Members providing FCM ForexClear Clearing Services of an amendment to the FCM ForexClear Product Eligibility Criteria for the registration of FCM ForexClear Contracts.

- (iii) Without prejudice to FCM Regulation ~~2444~~40,49 and its obligations under this FCM Regulation ~~40,49~~40,49, the Clearing House (and each other member of the LCH.Clearnet Group and their respective officers, employees and agents) shall have no liability whatsoever to any person arising out of or in respect of the

registration by it in error or otherwise of an FCM ForexClear Contract in respect of a transaction which did not meet the FCM ForexClear Product Eligibility Criteria at the Registration Time to enable it to be registered as an FCM ForexClear Contract.

- (f) ~~(g)~~ Where the FCM Procedures so provide, the Clearing House may require the FCM Clearing Members in whose names one or more FCM ForexClear Transactions are to be registered to furnish it with Margin as a condition of registration of such FCM Transaction(s), and such Margin shall be furnished to the Clearing House in accordance with FCM Regulation 914 and such other applicable provisions in the FCM Rulebook.
- (g) ~~(h)~~ The Clearing House may decline to register an FCM ForexClear Transaction in the name of an FCM Clearing Member where it considers such action advisable for its own protection or the protection of the relevant market; **provided, that** the Clearing House shall (subject to the provisions of the FCM Rulebook) register any FCM ForexClear Contract which reduces the risk exposure of the Clearing House and the applicable FCM Clearing Member, as determined in the discretion of the Clearing House. The Clearing House may, without assigning any reason, make the registration of any FCM Transaction subject to any conditions stipulated by the Clearing House including the furnishing of additional Margin by any FCM Clearing Member in whose name any such FCM ForexClear Transaction is to be registered.
- (h) ~~(i)~~ **Registration of FCM ForexClear Transactions.** An FCM ForexClear Transaction presented for registration to, and accepted by, the Clearing House shall be registered by the Clearing House in one of the following ways:
- (i) in the case where one Executing Party clears its side of such FCM ForexClear Transaction either through a Non-FCM Clearing Member or directly with the Clearing House in its capacity as a Non-FCM Clearing Member, and the other Executing Party clears its side of such FCM ForexClear Transaction as or through an FCM Clearing Member, as one Non-FCM ForexClear Contract pursuant to the UK General Regulations applicable to Non-FCM Clearing Members and one FCM ForexClear Contract pursuant to these FCM Regulations, where (i) the FCM ForexClear Contract shall be registered between the FCM Clearing Member as the Reference Currency Buyer and the Clearing House as the Reference Currency Seller (or vice versa as applicable), and (ii) the Non-FCM ForexClear Contract shall be registered between the Clearing House as the Reference Currency Buyer and the Non-FCM Clearing Member as the Reference Currency Seller (or vice versa as applicable); or
 - (ii) in the case where each Executing Party will clear its respective side of such FCM ForexClear Transaction either through an FCM Clearing Member or directly itself as an FCM Clearing Member, as two FCM ForexClear Contracts pursuant to these FCM Regulations where each relevant FCM ForexClear Contract is registered between the relevant FCM Clearing Member and the Clearing House, with one such FCM Clearing Member as the Reference Currency Buyer, and the Clearing House as the Reference Currency Seller, and the other FCM Clearing Member as the Reference Currency Seller and the Clearing House as the Reference Currency Buyer.

(iii) In each of the foregoing cases in ~~clauses~~paragraphs (i) and (ii) above, to the extent the FCM ForexClear Contract has been entered into by an FCM Clearing Member on behalf of an FCM Client ~~or Affiliate~~, each FCM Clearing Member will be the agent of its FCM Client ~~or Affiliate~~, but will nevertheless remain fully liable to the Clearing House for any and all amounts due to the Clearing House in connection with any FCM ForexClear Contract cleared on behalf of its FCM Client ~~or Affiliate~~.

(i) ~~(j)~~ **Effect of Registration of FCM ForexClear Transactions.** With effect from the registration of an FCM ForexClear Transaction in accordance with FCM Regulation ~~4049(i)~~4049(h):

(i) Such FCM ForexClear Transaction shall be extinguished and replaced by the corresponding FCM ForexClear Contracts (or if applicable, the corresponding FCM ForexClear Contract and Non-FCM ForexClear Contract), and the parties to such FCM ForexClear Transaction shall be released and discharged from all rights and obligations under such FCM ForexClear Transaction which fall due for performance on or after the Registration Time.

(ii) Each FCM ForexClear Contract registered under FCM Regulation ~~4049(i)~~4049(h)(i) shall be governed by the FCM ForexClear Contract Terms as applicable to that FCM ForexClear Contract.

(iii) Subject to sub-paragraph (ii) above, in respect of the Economic Terms, an FCM Clearing Member (or clearing on behalf of a person) that is the Reference Currency Buyer under an FCM ForexClear Transaction shall have the same rights against, and owe the same obligations to, the Clearing House under the corresponding FCM ForexClear Contract registered by it in respect of such FCM ForexClear Transaction; and

(iv) Subject to sub-paragraph (ii) above, in respect of the Economic Terms, an FCM Clearing Member (or clearing on behalf of a person) that is the Reference Currency Seller under an FCM ForexClear Transaction shall have the same rights against, and owe the same obligations to, the Clearing House under the corresponding FCM ForexClear Contract registered by it in respect of such FCM ForexClear Transaction.

In ~~subsections~~sub-clauses (iii) and (iv) above, a reference to the “same” rights or obligations is a reference to rights or obligations, falling due for exercise or performance after the Registration Time, and which are the same in nature and character as the rights or obligations arising from the Economic Terms of the corresponding FCM ForexClear Transaction (it being assumed, for this purpose, that such FCM ForexClear Transaction was a legal, valid, binding and enforceable obligation of the parties thereto and that the Economic Terms thereof were as presented to the Clearing House for registration), notwithstanding the change in the person entitled to them or obliged to perform them, and subject to any change thereto as a result of the operation of the Standard Terms.

(j) ~~(k)~~ If an FCM ForexClear Transaction is revoked, avoided or otherwise declared invalid for any reason after particulars of it have been accepted by the Clearing House

for registration that revocation, avoidance or invalidity shall not affect any FCM ForexClear Contract arising under this FCM Regulation ~~40~~49 or any other applicable provision of the FCM Rulebook.

- (k) ~~(j)~~ In the case of an FCM ForexClear Contract registered by the Clearing House pursuant to rule 6(a) of the Default Rules, the Registration Time shall be deemed to be the time chosen by the Clearing House whereupon this FCM Regulation ~~40~~49 shall take effect.
- ~~(m) — An FCM Clearing Member approved to provide FCM ForexClear Clearing Services may provide FCM ForexClear Clearing Services in connection with FCM ForexClear Contracts or FCM ForexClear Transactions to any of its Affiliates. Such FCM Clearing Services shall be provided in the same manner as set forth under these FCM Regulations with respect to FCM Clients, as applicable, except that all transactions for Affiliates shall be cleared through the Proprietary Account of the applicable FCM Clearing Member.~~
- (l) ~~(n)~~ **ForexClear Accounts.** All FCM Omnibus ForexClear Client Accounts with LCH shall not be permitted to contain any FCM Contracts other than FCM ForexClear Contracts or to reflect any Margin other than in connection with FCM ForexClear Contracts.

~~Regulation 41 — Cancellation of FCM ForexClear Contracts~~

REGULATION 48 CANCELLATION OF FCM FOREXCLEAR CONTRACTS

- (a) An FCM Clearing Member may, in accordance with this FCM Regulation [44.50](#) and the FCM Procedures, cancel an FCM ForexClear Contract to which it is a party.
- (b) The Clearing House shall have no obligation to inform, notify or seek the consent of any FCM Clearing Member (or Non-FCM Clearing Member) prior to cancelling an FCM ForexClear Contract in accordance with this FCM Regulation [44.50](#).
- (c) The cancellation of an FCM ForexClear Contract to which an FCM Clearing Member is a party (referred to in this FCM Regulation [44.50](#) as the “**First ForexClear Contract**”) is contingent upon, *inter alia*, the cancellation of the corresponding FCM ForexClear Contract (or Non-FCM ForexClear Contract, if applicable) that arose from the same underlying FCM ForexClear Transaction (referred to in this FCM Regulation [44.50](#) as the “**Second ForexClear Contract**”), and vice versa.
- (d) The date and time of the cancellation of an FCM ForexClear Contract shall be as reported by the Clearing House in accordance with the FCM Procedures and shall be binding on FCM Clearing Members (and Non-FCM Clearing Members, as applicable).
- (e) The Clearing House may decline to cancel an FCM ForexClear Contract if:
 - (i) in the opinion of the Clearing House acting in its sole discretion, the cancellation of that FCM ForexClear Contract is not consistent with the FCM Rulebook (and if applicable the UK General Regulations) and any policies of the clearing house concerning risk management; or
 - (ii) there is insufficient margin standing to the credit of an FCM Clearing Member's account to accommodate the cancellation of the First ForexClear Contract and/or the Second ForexClear Contract.
- (f) With effect from the time of the cancellation of an FCM ForexClear Contract in accordance with this FCM Regulation [44.50](#), neither the FCM Clearing Member nor the Clearing House shall have any obligations under the terms of that FCM ForexClear Contract and liability in respect thereof.

Regulation 42 — Variation Margin**REGULATION 49 VARIATION MARGIN**

- (a) The Clearing House shall, at least daily and in accordance with and at the times stated in the FCM Procedures, pay to, or require payment from, an FCM Clearing Member cash for Variation Margin in respect of any FCM ForexClear Contracts registered on behalf of such FCM Clearing Member. The amount paid represents the change from the preceding ~~business day~~ Business Day in the net present value of all FCM ForexClear Contracts registered in such FCM Clearing Member's name.
- (b) The net present value of each FCM ForexClear Contract shall be calculated by the Clearing House in such manner and at such times as may be provided in the Procedures. Except as prescribed in the Procedures, the net present value calculated by the Clearing House may in no circumstances be challenged.
- (c) The Clearing House pays to (or receives from) each applicable FCM Clearing Member interest on cash received (or paid) by the Clearing House, calculated in accordance with the Procedures, in respect of open FCM ForexClear Contracts.
- (d) All payments by an FCM ForexClear Clearing Member made pursuant to this FCM Regulation ~~42~~51 to the Clearing House shall be reflected in the relevant FCM Omnibus ForexClear Client Account with LCH.
- (e) This FCM Regulation ~~42~~51 is without prejudice to the Clearing House's right to require Margin to be provided to it under FCM Regulation ~~9~~14.

~~Regulation 1 — Regulation 43 — Withdrawal of the FCM ForexClear Service by the Clearing House~~

- ~~(a) — If at any time the Clearing House decides to withdraw the FCM ForexClear Service it shall give not less than six months' notice in accordance with the FCM Procedures to all FCM Clearing Members (approved to clear FCM ForexClear Contracts) of the applicable Withdrawal Date. The accidental omission by the Clearing House to give notice under this FCM Regulation 43 to, or the non-receipt of notice under this FCM Regulation 43 by, one or more FCM Clearing Members shall not invalidate the Withdrawal Date.~~
- ~~(b) — Without prejudice to its rights under the Default Rules, the Clearing House will not, other than pursuant to action under the Default Rules, register an FCM ForexClear Contract (other than a Closing-out Contract) after notice to withdraw the applicable service(s) has been given under FCM Regulation 43(a).~~
- ~~(c) — If, five Business days prior to the Withdrawal Date, an FCM Clearing Member or Non-FCM Clearing Member has not closed out all of the applicable open FCM ForexClear Contracts registered in its name, the Clearing House may, in its sole discretion and upon five Business Days' notice to the FCM Clearing Members providing FCM ForexClear Clearing Services:~~

- ~~(i) liquidate any or all of such FCM ForexClear Contracts and require such FCM ForexClear Contracts to be cash settled at a price determined by the Clearing House; or~~
- ~~(ii) postpone the Withdrawal Date until such time as the Clearing House determines.~~

Regulation 44 — Discontinuation of a Settlement Rate Option

~~(a) If:~~

- ~~(i) the administrator of a benchmark that is a Settlement Rate Option has publicly announced that it will discontinue publication of the benchmark (“**Discontinued Rate**”); and~~
- ~~(ii) ISDA has published a “Multilateral Amendment Agreement” to amend certain transactions to use an alternative benchmark (“**Substitute Rate**”) in the lieu of the Discontinued Rate on and from a specified date (“**Effective Date**”);~~

~~then, in respect of a FCM ForexClear Contract in respect of which a Settlement Rate has not been determined as at the Effective Date and which references the Discontinued Rate (“**Affected FCM ForexClear Contract**”), the Clearing House may, by written notice to all FCM ForexClear Clearing Members, amend the Settlement Rate Option of each Affected FCM ForexClear Contract to reference the Substitute Rate with effect on and from the Effective Date and specify such incidental amendments to the Affected FCM ForexClear Contract as may be required~~

~~The terms “ISDA”, “Settlement Rate Option” and “Valuation Date” have the meanings given to them by the FCM ForexClear Contract Terms.~~

- ~~(b) The accidental omission to give notice under this provision to, or the non-receipt of notice by, any FCM ForexClear Clearing Member shall not invalidate the amendment with which the notice is concerned.~~

Regulations 45-49: [Reserved]

CHAPTER XIV - FCM ENCLEAR REGULATIONS

~~PART IV—REGULATIONS APPLICABLE TO~~REGISTRATION OF FCM ENCLEAR CONTRACTS

~~Regulation 50~~—Registration of FCM EnClear Contracts

- (f) An FCM EnClear Clearing Member must submit particulars of an FCM EnClear Transaction for registration as an FCM EnClear Contract, through such means as shall be prescribed by the FCM Procedures.
- (g) Without prejudice to the Clearing House's rights under FCM Regulation ~~50~~52(f), an FCM EnClear Clearing Member shall be bound by an FCM EnClear Contract registered in its name pursuant to the presentation of particulars of an FCM EnClear Transaction by it or on its behalf, or by an Approved Broker or presented by another FCM EnClear Clearing Member **provided that** the particulars of such FCM EnClear Transaction are submitted to the Clearing House through such means as shall be prescribed by the FCM Procedures.
- (h) Without prejudice to the Clearing House's rights under FCM Regulation ~~50~~52(f), an FCM EnClear Transaction, the particulars of which are submitted for registration as an FCM EnClear Contract, must meet the FCM EnClear Product Eligibility Criteria at the time the particulars of such FCM EnClear Transaction are presented to the Clearing House and must continue to meet such criteria at the Registration Time in order to be registered as an FCM EnClear Contract.
- (i) The Clearing House shall be deemed to register an FCM EnClear Contract, in accordance with this FCM Regulation ~~50~~52 in the name of an FCM EnClear Clearing Member at the Registration Time.
- (j) For the avoidance of doubt, any transaction of which details have been submitted by, or on behalf of, an FCM EnClear Clearing Member or by an Approved Broker for registration as an FCM EnClear Contract which is not so registered shall remain in effect or be terminated, as the case may be, according to any terms agreed between the parties thereto, and the Clearing House (and each other member of the LCH.Clearnet Group and their respective officers, employees and agents) shall have no obligations or liability in relation thereto.
- (k) If at any time after registration of an FCM EnClear Contract the Clearing House determines that the corresponding transaction of which details were submitted for registration did not, at the Registration Time, meet the FCM EnClear Product Eligibility Criteria for registration as an FCM EnClear Contract, the Clearing House shall, as soon as practicable thereafter, set aside such FCM EnClear Contract. Upon the FCM EnClear Contract being set aside under this FCM Regulation ~~50~~52(f), the particulars of the transaction in question shall be deemed never to have been submitted to the Clearing House and such transaction shall remain in effect or be terminated, as the case may be, in accordance with any terms agreed between the parties thereto. Any payment made under, or in respect of, an FCM EnClear Contract set aside under this paragraph shall be repayable to the person who made the payment. Without prejudice to FCM Regulation ~~24~~44 and its obligations under this FCM

Regulation ~~50~~52(f), the Clearing House (and each other member of the LCH.Clearnet Group and their respective officers, employees and agents) shall have no liability whatsoever to any person arising out of or in respect of the registration by it in error or otherwise of an FCM EnClear Contract in respect of a transaction which did not meet the FCM EnClear Product Eligibility Criteria at the Registration Time to enable it to be registered as an FCM EnClear Contract.

REGULATION 50 ~~Regulation 51 FCM EnClear Contracts~~ FCM ENCLEAR CONTRACTS

- (a) An FCM EnClear Transaction presented for registration to, and accepted by the Clearing House, shall be registered by the Clearing House as two FCM EnClear Contracts or as one FCM EnClear Contract and one Non-FCM EnClear Contract, one between the First EnClear Clearing Member being the seller, or party paying a Fixed Price (as the case may be) and the Clearing House as buyer, or the party paying a Floating Price (as the case may be), and the other between the Clearing House as the seller or party paying a Fixed Price (as the case may be) and the Second EnClear Clearing Member being the buyer or the party paying a Floating Price (as the case may be). For the purposes of this FCM Regulation:
- (i) **“First EnClear Clearing Member”** is an FCM EnClear Clearing Member or an LCH EnClear OTC Clearing Member who was, before registration of the FCM EnClear Contract or Non-FCM EnClear Contract, as the case may be, party to the corresponding FCM EnClear Transaction as the seller, or party paying a Fixed Price (as the case may be), or, if appropriate, who has Accepted such FCM EnClear Transaction in accordance with the relevant FCM Procedures or UK General Procedures, as the case may be; and
- (ii) **“Second EnClear Clearing Member”** is an FCM EnClear Clearing Member or an LCH EnClear OTC Clearing Member who was, before registration of the FCM EnClear Contract or the Non-FCM EnClear Contract, as the case may be, party to the corresponding FCM EnClear Transaction as the buyer, or the party paying a Floating Price (as the case may be), or, if appropriate, who has Accepted such FCM EnClear Transaction in accordance with the relevant FCM Procedures or UK General Procedures, as the case may be.

For the purposes of this FCM Regulation ~~54,53~~, **“Accepted”** shall mean that the relevant FCM EnClear Clearing Member (or LCH EnClear OTC Clearing Member, where applicable) has agreed, by such means as may be prescribed from time to time by the FCM Procedures, to become counterparty with the Clearing House to such FCM EnClear Contract (or Non-FCM EnClear Contract, where applicable).

- (b) With effect from registration of an FCM EnClear Transaction as either two FCM EnClear Contracts or one FCM EnClear Contract and one Non-FCM EnClear Contract, as the case may be, under FCM Regulation ~~54~~53(a):
- (i) the parties to the corresponding FCM EnClear Transaction, to the extent that they are bound by these FCM Regulations or the UK General Regulations, shall be released and discharged from all rights and obligations thereunder which fall due for performance on or after the Registration Time; where the parties to the corresponding FCM EnClear Transaction are not bound by these FCM Regulations or the UK General Regulations, such trade shall be dealt with according to the terms agreed by the parties to that trade;

- (ii) each FCM EnClear Contract registered under FCM Regulation [5453](#)(a) shall be governed by the relevant FCM EnClear Contract Terms as applicable to that FCM EnClear Contract;
- (iii) subject always to sub-paragraph (ii) above, in respect of the Economic Terms, the First EnClear Clearing Member shall have the same rights against, and owe the same obligations to, the Clearing House under the FCM EnClear Contract or Non-FCM EnClear Contract (as the case may be) to which it (or the party on whose behalf it is clearing) is party as the seller had and owed in respect of its counterparty under the corresponding FCM EnClear Transaction; and
- (iv) subject always to sub-paragraph (ii) above, in respect of the Economic Terms, the Second EnClear Clearing Member shall have the same rights against, and owe the same obligations to, the Clearing House under the FCM EnClear Contract or Non-FCM EnClear Contract (as the case may be) to which it (or the party on whose behalf it is clearing) is party as the buyer had and owed in respect of its counterparty under the corresponding FCM EnClear Transaction.

In sub-paragraphs (iii) and (iv) above, a reference to the “same” rights or obligations is a reference to rights or obligations, falling due for exercise or performance after the Registration Time, and which are the same in nature and character as the rights or obligations arising from the Economic Terms of the corresponding FCM EnClear Transaction (it being assumed, for this purpose, that such FCM EnClear Transaction was a legal, valid, binding and enforceable obligation of the parties thereto and that the Economic Terms thereof were as presented to the Clearing House for registration), notwithstanding the change in the person entitled to them or obliged to perform them, and subject to any change thereto as a result of the operation of the Standard Terms.

- (c) If an FCM EnClear Transaction is revoked, avoided or otherwise declared invalid for any reason after particulars of it have been accepted by the Clearing House for registration that revocation, avoidance or invalidity shall not affect any FCM EnClear Contract arising under this FCM Regulation [5453](#) (including any subsequent FCM EnClear Contract novated or transferred in accordance with the FCM Rulebook, if applicable).
- (d) In the case of an FCM EnClear Contract registered by the Clearing House pursuant to rule 6(a) of the Default Rules, the Registration Time shall be deemed to be the time chosen by the Clearing House whereupon this FCM Regulation [5453](#) shall take effect.

Regulation 52 — Daily Settlement

REGULATION 51 DAILY SETTLEMENT

- (a) Where the FCM Procedures so provide, in respect of any FCM EnClear Transaction and any FCM EnClear Contract arising therefrom, the Clearing House may effect the daily settlement to market, of such open FCM EnClear Contracts (in each case, as opposed to requiring the collateralization of such open contracts) in accordance with the FCM Procedures.
- (b) The Clearing House may, in accordance with the Procedures, in respect of each such open FCM EnClear Contract in an FCM Clearing Member's name which is subject to daily settlement to market, effect and register a settlement contract, being a contract on the same terms (except as to price) as the Open Contract, save that where that FCM Clearing Member is the seller or the party paying a "Fixed Price" (as the case may be) under the terms of the Open Contract, that FCM Clearing Member shall be the buyer or the party paying a "Floating Price" (as the case may be) under the terms of the settlement contract and vice-versa, such settlement contract to be effected in accordance with the FCM Procedures at the relevant Reference Price for that day. The Clearing House shall thereupon settle each Open Contract against the respective settlement contract in accordance with the FCM Procedures.
- (c) Upon completion of the ~~procedure~~process set out in paragraph (b) above, the Clearing House may, if the FCM Procedures so provide, calculate the daily settlement amounts in accordance with the FCM Procedures and may thereafter ~~make up~~debit or credit (as the case may be) the FCM Clearing Member's account and upon the Clearing House so doing, that FCM Clearing Member and the Clearing House shall (unless otherwise agreed) settle any daily settlement amounts arising in accordance with the arrangements set out in the FCM Procedures in respect of the relevant FCM EnClear Contract.
- (d) The Clearing House shall, upon completion of the calculation of daily settlement amounts pursuant to paragraph (c) above in the manner prescribed by the FCM Procedures, in respect of those open FCM EnClear Contracts in an FCM Clearing Member's name which have been settled pursuant to paragraph (b) above and which are subject to daily settlement to market, register at the Reference Price referred to in paragraph (b) above, which price shall be deemed to be the "traded price", contracts in that FCM Clearing Member's name as open FCM EnClear Contracts on the same terms (except as to price) as the settled Open Contracts, save that no contract for the purchase and no contract for the sale of the same commodity, for the same Delivery Month, or Expiry Month and price, shall be registered in that FCM Clearing Member's name.

~~Regulation 53 — Withdrawal of the FCM EnClear Service by the Clearing House~~

- ~~(a) — If at any time the Clearing House decides to withdraw its FCM EnClear Service (or any part of it) it shall give not less than six months' notice in accordance with the FCM Procedures to all FCM Clearing Members (approved to clear FCM EnClear Contracts) of the applicable Withdrawal Date. The accidental omission by the Clearing House to give notice under this FCM Regulation 52 to, or the non-receipt~~

~~of notice under this FCM Regulation 52 by one or more FCM Clearing Members shall not invalidate the Withdrawal Date. Where only a part of the FCM EnClear Service is being withdrawn, notice shall only be given to those FCM Clearing Members authorized or approved to participate in that part of the FCM EnClear Service.~~

- ~~(b) Without prejudice to its rights under the Default Rules, the Clearing House will not, other than pursuant to action under the Default Rules, register an FCM EnClear Contract, other than a Closing-out Contract after notice to withdraw the service has been given under FCM Regulation 52(a).~~
- ~~(c) If, at the Withdrawal Date, an FCM Clearing Member has not closed out all open FCM EnClear Contracts registered in its name, the Clearing House shall, at its sole discretion, be entitled to:~~
- ~~(i) liquidate any or all of such FCM EnClear Contracts and require such contracts to be cash settled at a price determined by the Clearing House; and~~
 - ~~(ii) postpone the Withdrawal Date until such time as the Clearing House determines.~~

Regulations 54-59: [Reserved]

PART V – REGULATIONS APPLICABLE TO FCM NODAL CONTRACTS

Regulation _____ 54

CHAPTER XV - FCM NODAL REGULATIONS

REGULATION 52 PRESENTATION, ALLOCATION OF NODAL TRANSACTIONS AND REGISTRATION OF NODAL CONTRACTS; TREATMENT OF FCM CLIENT FUNDS IN CONNECTION WITH FCM NODAL TRANSACTIONS AND FCM NODAL CONTRACTS~~Regulation 56
— Regulation 57 — Regulation 58 — Regulation 59
— Regulation 60 — Presentation, Allocation of Nodal Transactions and Registration of Nodal Contracts; Treatment of FCM Client Funds in Connection with FCM Nodal Transactions and FCM Nodal Contracts~~

- (a) In order to utilize the FCM Nodal Clearing Services an FCM Nodal Clearing Member must cause particulars of an FCM Nodal Transaction to which it is party to be submitted for registration as an FCM Nodal Contract, through such means as shall be prescribed by the FCM Procedures.
- (b) An FCM Nodal Transaction submitted for registration must meet the eligibility criteria prescribed in the FCM Procedures (and these FCM Regulations) at the time the particulars of such FCM Nodal Transaction are presented to the Clearing House and must continue to meet such criteria at the Registration Time in order to be registered as two FCM Nodal Contracts (or, if applicable, one FCM Nodal Contract and one Non-FCM Nodal Contract). An FCM Nodal Clearing Member may not revoke, cancel or transfer an FCM Nodal Transaction unless permitted by Nodal's Rules or the FCM Rulebook, or with the consent of the Clearing House and Nodal.
- (c) An FCM Nodal Clearing Member shall not allow the submission for registration of a transaction which is not an FCM Nodal Transaction in connection with the FCM Nodal Clearing Service.
- (d) The Clearing House may require FCM Nodal Transactions presented for registration in the name of an FCM Nodal Clearing Member to be confirmed by or on behalf of such FCM Nodal Clearing Member, in which case it shall specify the manner, form and time of such confirmation in the FCM Procedures.
- (e) The Clearing House may decline to register an FCM Nodal Transaction in the name of an FCM Nodal Clearing Member where it considers such action advisable for its own protection or the protection of the relevant market. The Clearing House may, without assigning any reason, make the registration of any FCM Nodal Transaction subject to any conditions stipulated by the Clearing House including the furnishing of Margin by both FCM Nodal Clearing Members in whose name any such FCM Nodal Transaction is to be registered.
- (f) Without prejudice to the Clearing House's rights under paragraph (h) of this FCM Regulation ~~60~~,55, an FCM Nodal Clearing Member shall be bound by an FCM Nodal Contract registered in its name pursuant to the presentation of particulars of an FCM Nodal Transaction.

- (g) The Clearing House shall be deemed to register an FCM Nodal Contract in relation to an FCM Nodal Transaction in the name of an FCM Nodal Clearing Member at the Registration Time for that type of FCM Nodal Contract in accordance with FCM Regulation ~~64~~56.
- (h) For the avoidance of doubt, any transaction of which details have been submitted for registration as FCM Nodal Contracts which is not so registered shall remain in effect or be terminated, as the case may be, according to any terms agreed between the parties thereto (directly or by virtue of their common participation in the Nodal Trading Facility through or on which the transaction was executed or by which it was registered), but subject in all cases to Nodal's Rules, and the Clearing House (and each other member of the LCH.Clearnet Group and their respective officers, employees and agents) shall have no obligations or liability in relation thereto.
- (i) If at any time after registration of an FCM Nodal Contract the Clearing House determines that the corresponding transaction of which details were submitted for registration did not, at the Registration Time, meet the eligibility criteria for registration as an FCM Nodal Contract, the Clearing House shall, as soon as practicable thereafter, set aside each such FCM Nodal Contract. Upon the purported FCM Nodal Contract being set aside under this FCM Regulation ~~6055~~(4), the particulars of the transaction in question shall be deemed never to have been registered. Any payment made under, or in respect of, an FCM Nodal Contract set aside under this paragraph shall be repayable to the person who made the payment. Without prejudice to FCM Regulation ~~64~~(g)44 and its obligations under this FCM Regulation ~~6055~~(4), the Clearing House (and each other member of the LCH.Clearnet Group and their respective officers, employees and agents) shall have no liability whatsoever to any person arising out of or in respect of the registration by it in error or otherwise of a contract as an FCM Nodal Contract in respect of a transaction which did not meet the eligibility criteria at the Registration Time to enable it to be registered as an FCM Nodal Contract.

Regulation 61 —

Nodal Contracts**REGULATION 53 NODAL CONTRACTS**

- (a) An FCM Nodal Transaction presented for registration to, and accepted by, the Clearing House shall be registered by the Clearing House as either two FCM Nodal Contracts or as one Non-FCM Nodal Contract and one FCM Nodal Contract, one between the First Nodal Clearing Member as the seller and the Clearing House as the buyer, and the other between the Clearing House as the seller and the Second Nodal Clearing Member as the buyer (as the case may be). For the purposes of this FCM Regulation:
- (i) **“First Nodal Clearing Member”** is an FCM Nodal Clearing Member or a Nodal Service Clearing Member who was, before registration of the FCM Nodal Contract or Non-FCM Nodal Contract, as the case may be, party to the corresponding FCM Nodal Transaction as the seller; and
 - (ii) **“Second Nodal Clearing Member”** is an FCM Nodal Clearing Member (who may also be the same as the First FCM Nodal Clearing Member) or Nodal Service Clearing Member who was, before registration of the FCM Nodal Contract or Non-FCM Nodal Contract, as the case may be, party to the corresponding Nodal Transaction as the buyer.
- (b) With effect from registration of an FCM Nodal Transaction as either two FCM Nodal Contracts or one FCM Nodal Contract and one Non-FCM Nodal Contract, as the case may be, under FCM Regulation ~~64~~56(a):
- (i) the parties to the corresponding FCM Nodal Transaction shall be released and discharged from all rights and obligations thereunder which fall due for performance on or after the Registration Time;
 - (ii) each FCM Nodal Contract registered under paragraph (a) of this FCM Regulation shall be governed by the relevant FCM Nodal Contract;

Terms applicable to that FCM Nodal Contract:

- (iii) subject always to sub-paragraph (ii) above, the First Nodal Clearing Member shall have the same rights against, and owe the same obligations to, the Clearing House under the FCM Nodal Contract or Non-FCM Nodal Contract, as the case may be, to which it (or the party on whose behalf it is clearing) is a party as the seller had and owed in respect of its counterparty under the corresponding FCM Nodal Transaction; and
- (iv) subject always to sub-paragraph (ii) above, the Second Nodal Clearing Member shall have the same rights against, and owe the same obligations to the Clearing House under the FCM Nodal Contract or Non-FCM Nodal Contract, as the case may be, to which it (or the party on whose behalf it is clearing) is party as the buyer had and owed in respect of its counterparty under the corresponding FCM Nodal Transaction.

In sub-paragraphs (iii) and (iv) above, a reference to the "same" rights or obligations is a reference to rights or obligations, falling due for exercise or performance after the Registration Time, and which are the same in nature and character as the rights or obligations arising from the corresponding FCM Nodal Transaction (it being assumed, for this purpose, that such FCM Nodal Transaction was a legal, valid, binding and enforceable obligation of the parties thereto), notwithstanding the change in the person entitled to them or obliged to perform them.

- (c) If an FCM Nodal Transaction is revoked, avoided or otherwise declared invalid for any reason after particulars of it have been accepted by the Clearing House for registration that revocation, avoidance or invalidity shall not affect any FCM Nodal Contract, unless otherwise determined by the Clearing House.
- (d) In the case of an FCM Nodal Contract registered by the Clearing House pursuant to rule 6(a) of the Default Rules, the Registration Time shall be deemed to be the time chosen by the Clearing House whereupon this FCM Regulation ~~64~~56 shall take effect.

Regulation 62 ———

Daily Settlement or Marking to Market**REGULATION 54 DAILY SETTLEMENT OR MARKING TO MARKET**

- (a) Where the FCM Procedures so provide, the Clearing House may effect the daily settlement to market or daily marking to market of those open FCM Nodal Contracts in accordance with the FCM Procedures. Daily settlement to market shall not apply to such open FCM Nodal Contracts which are for the account of an FCM Nodal Clearing Member's FCM Clients.
- (b) The Clearing House shall, in accordance with the FCM Procedures, in respect of each open FCM Nodal Contract in an FCM Nodal Clearing Member's name which is subject to daily settlement to market or daily marking to market, effect and register a settlement contract, being a contract on the same terms (except as to price or Premium), including the Strike Price, where applicable, as the open FCM Nodal Contract, save that where an FCM Nodal Clearing Member is the seller under the terms of the open FCM Nodal Contract that FCM Nodal Clearing Member shall be the buyer under the terms of the settlement contract and vice-versa, such settlement contract to be effected in accordance with the FCM Procedures at the relevant Reference Price for that day. The Clearing House shall thereupon settle each open FCM Nodal Contract against the respective settlement contract in accordance with the Procedures.
- (c) The Clearing House shall, upon completion of the procedure set out in paragraph (b) above, calculate the daily settlement amounts in accordance with the FCM Procedures and shall thereafter make up the FCM Nodal Clearing Member's account and upon the Clearing House so doing, that FCM Nodal Clearing Member and the Clearing House shall (unless otherwise agreed) settle any daily settlement amounts arising as follows:
- (i) any profit arising to an FCM Nodal Clearing Member shall be credited to the applicable account and, subject to the Clearing House's right to retain such profit pursuant to these FCM Regulations, such profit shall be paid to that FCM Nodal Clearing Member on its request; and
 - (ii) any loss arising to an FCM Nodal Clearing Member shall be debited to the applicable account of that FCM Nodal Clearing Member and (subject to these FCM Regulations) that FCM Nodal Clearing Member shall pay the amount of such loss to the Clearing House forthwith on demand.
- (d) The Clearing House shall, upon completion of the calculation of daily settlement amounts pursuant to paragraph (c) above in the manner prescribed by the FCM Procedures:
- (i) in respect of those open FCM Nodal Contracts in an FCM Nodal Clearing Member's name which have been settled pursuant to paragraph (b) above and which are subject to daily settlement to market, register at the relevant Reference Price referred to in the FCM Procedures, FCM Nodal Contracts in that FCM Nodal Clearing Member's name as open FCM Nodal Contracts on the same terms (except as to price or Premium), including the Strike Price, where applicable, as the settled open FCM Nodal Contracts, save that no FCM

Nodal Contract for the purchase and no contract for the sale of the same commodity, for the same Delivery Month, or Expiry Month and price, shall be registered in that FCM Nodal Clearing Member's name; and

- (ii) in respect of those open FCM Nodal Contracts in an FCM Nodal Clearing Member's name which have been settled pursuant to paragraph (b) above and which are subject to daily marking to market as prescribed by the FCM Procedures, register at the relevant Reference Price referred to in the FCM Procedures, FCM Nodal Contracts in the FCM Nodal Clearing Member's name as open FCM Nodal Contracts on the same terms (except as to price or Premium) including the Strike Price, where applicable, as the settled open FCM Nodal Contracts.
- (e) An FCM Nodal Clearing Member may, in respect of all open FCM Nodal Contracts in its name which are subject to daily marking to market, request the Clearing House within the time and in the manner prescribed by the FCM Procedures, to settle such FCM Nodal Contracts being the same number of contracts for the purchase and sale of the same commodity for the same Delivery Month or, where applicable, for the same Expiry Month and Strike Price. Such a request, once made, shall be irrevocable unless the Clearing House otherwise consents. Where such a request is made, the Clearing House shall as soon as practicable after the close of trading on that market day (but not necessarily on that day, and provided documentation has been supplied by the FCM Nodal Clearing Member in accordance with the FCM Procedures) make up the FCM Nodal Clearing Member's account.
- (f) In respect of those open FCM Nodal Contracts of which settlement might have been requested by an FCM Nodal Clearing Member under paragraph (e) above, the Clearing House may, if no request for settlement has been received by the cessation of trading for the Delivery Month applicable to those FCM Nodal Contracts, at any time thereafter proceed as if settlement had been requested and make up and render the FCM Nodal Clearing Member's accounts accordingly.

**~~SCHEDULE A – FCM SWAPCLEAR CONTRACT TERMS
AND PRODUCT ELIGIBILITY CRITERIA~~**

~~Part A~~

~~FCM SwapClear Contract Terms~~

~~The terms of a registered FCM SwapClear Contract shall include these FCM SwapClear Contract Terms which shall comprise:~~

- ~~(1) Interpretation; and~~
- ~~(2) Economic Terms; and~~
- ~~(3) Standard Terms.~~

~~In the event of any inconsistency between the Economic Terms and the Standard Terms, the Standard Terms will prevail.~~

~~Subject to the FCM Regulations and the FCM Procedures, the Clearing House will use the FCM SwapClear Contract Terms applicable to an FCM SwapClear Contract to calculate the amounts due under the FCM SwapClear Contract to, or from, the Clearing House in accordance with the FCM Procedures.~~

~~1. Interpretation~~

- ~~1.1 “ISDA 2000 Definitions” means the 2000 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. (“ISDA”), and the same are incorporated by reference herein and “ISDA 2006 Definitions” means the 2006 ISDA Definitions as published by ISDA, and the same are incorporated by reference herein.~~
- ~~1.2 Words and expressions used in these FCM SwapClear Contract Terms which are not defined in the FCM Regulations and the FCM Procedures but which are defined in the “ISDA 2000 Definitions” or the “ISDA 2006 Definitions” shall have the same meaning herein as in the ISDA 2000 Definitions or the ISDA 2006 Definitions as the case may be, unless expressly provided otherwise. For the avoidance of doubt where the FCM SwapClear Contract identifies the ISDA 2000 Definitions as being applicable to that FCM SwapClear Contract then those definitions will apply and where the FCM SwapClear Contract identifies the ISDA 2006 Definitions as being applicable to that FCM SwapClear Contract then those definitions will apply.~~
- ~~1.3 In the event of an inconsistency between the FCM Regulations and the FCM Procedures and either the ISDA 2000 Definitions or the ISDA 2006 Definitions, the FCM Regulations and FCM Procedures will prevail.~~
- ~~1.4 References in the ISDA 2000 Definitions and the ISDA 2006 Definitions to a “Swap Transaction” shall be deemed to be references to an “FCM SwapClear Transaction” for the purposes of SwapClear.~~
- ~~1.5 Except where expressly stated otherwise, all reference to “Articles” means Articles in the ISDA 2000 Definitions or the ISDA 2006 Definitions as the case may be as published by ISDA:~~
- ~~(a) in relation to any amendments to either the ISDA 2000 Definitions and the ISDA 2006 Definitions, the Clearing House may from time to time, by notice delivered to the FCM Clearing Members and the SwapClear Clearing Members, give directions as to whether such amendment shall apply to FCM SwapClear Contracts with immediate effect or with such deferred effect as the Clearing House shall determine;~~
 - ~~(b) any such notice may provide that the amendment to the ISDA 2000 Definitions and the ISDA 2006 Definitions may take effect so as to apply to FCM SwapClear Contracts registered in an FCM Clearing Member’s name at the time such amendment comes into effect if the Clearing House so determines; and~~
 - ~~(c) the accidental omission to give notice under this provision to, or the non-receipt of notice under this provision by, an FCM Clearing Member or a SwapClear Clearing Member shall not invalidate the amendment with which the notice is concerned.~~

~~2. Economic Terms~~

- ~~2.1 — The Economic Terms of an FCM SwapClear Contract shall be derived from the information presented to the Clearing House by the parties to the corresponding FCM SwapClear Transaction in respect of the terms designated as Economic Terms in this Schedule.~~
- ~~2.2 — It is part of the eligibility criteria for registration as an FCM SwapClear Contract that the particulars of an FCM SwapClear Transaction presented to the Clearing House must include matched information in respect of such designated Economic Terms, except that in respect of vanilla interest rate swaps with constant notional principal and variable notional swaps, the information described in either 2.3(i)(viii) or 2.3(i)(ix) below (but not both) must be provided.~~
- ~~2.3 — The Economic Terms for vanilla interest rate swaps with constant notional principal and variable notional swaps comprise:~~
- ~~(a) — Notional Amount (see Article 4.7 of the ISDA 2000 Definitions and Article 4.7 of the ISDA 2006 Definitions for definition) (for variable notional swaps, the Notional Amount can be set out in a Notional Amount Schedule[†];~~
 - ~~(b) — Currency (see Article 1.7 of the ISDA 2000 Definitions and Article 1.7 of the ISDA 2006 Definitions for definition);~~
 - ~~(c) — Trade Date (see Article 3.7 of the ISDA 2000 Definitions and Article 3.7 of the ISDA 2006 Definitions for definition);~~
 - ~~(d) — Effective Date (see Article 3.2 of the ISDA 2000 Definitions and Article 3.2 of the ISDA 2006 Definitions for definition);~~
 - ~~(e) — Termination Date (see Article 3.3 of the ISDA 2000 Definitions and Article 3.3 of the ISDA 2006 Definitions for definition);~~
 - ~~(f) — Additional Payments/Fees:
 - ~~(i) — the Payer of the Additional Payments/Fees (if any);~~
 - ~~(ii) — the amount of the Additional Payments/Fees (specify zero if none).~~~~
 - ~~(g) — Business Days (see Article 1.4 of the ISDA 2000 Definitions and Article 1.4 of the ISDA 2006 Definitions for definition);~~
 - ~~(h) — Business Day Convention (see Article 4.12 of the ISDA 2000 Definitions and Article 4.12 of the ISDA 2006 Definitions for definition);~~
 - ~~(i) — Where Fixed Rate — Floating Rate Swap:~~

[†] — ~~SwapClear will accept IRS, Basis or zero coupon swaps with a Notional Amount which for each payment calculation period may remain unchanged, increase or decrease relative to its previous value. The changes in notional can only take place at the calculation period start dates and must be pre-determined at the point of registration. The notional schedule will be applied at the start of the corresponding calculation period, adjusted (or unadjusted) with the calculation period calendar specified in the trade. Notional schedules need not be identical for the two legs of the trade.~~

- ~~(i) Fixed Rate Payer (see Article 2.1 of the ISDA 2000 Definitions and Article 2.1 of the ISDA 2006 Definitions for definition);~~
- ~~(ii) Fixed Rate Payer Payment Dates;~~
- ~~(iii) Fixed Amount (see Article 4.4 of the ISDA 2000 Definitions and Article 4.4 of the ISDA 2006 Definitions for definition) [or Fixed Rate and Fixed Rate Day Count Fraction] [or Fixed Rate Payer Schedule]²;~~
- ~~(iv) Floating Rate Payer (see Article 2.2 of the ISDA 2000 Definitions and Article 2.2 of the ISDA 2006 Definitions for definition);~~
- ~~(v) Floating Rate Payer Payment Dates;~~
- ~~(vi) Floating Rate Payer compounding dates (if applicable);~~
- ~~(vii) Floating Amount (see Article 4.5 of the ISDA 2000 Definitions and Article 4.5 of the ISDA 2006 Definitions for definition);~~
- ~~(viii) Floating Rate Option (see Article 6.2(i) of the ISDA 2000 Definitions and Article 6.2(h) of the ISDA 2006 Definitions for definition);~~

~~(Note: The details of each such option are as provided in the Procedures).~~
- ~~(ix) Designated Maturity (see Article 7.3(b) and Article 7.3 (b) of the ISDA 2006 Definitions of the “Annex to the 2000 ISDA Definitions (June 2000 Version)” for definition);~~
- ~~(x) Spread (see Article 6.2(f) of the ISDA 2000 Definitions and Article 6.2 (e) of the ISDA 2006 Definitions for definition)³;~~
- ~~(xi) Reset Dates (see Article 6.2(b) of the ISDA 2000 Definitions and Article 6.2 (b) of the ISDA 2006 Definitions for definition);~~
- ~~(xii) Floating Rate Day Count Fraction (see Article 6.2(g) of the ISDA 2000 Definitions and Article 6.2 (f) of the ISDA 2006 Definitions for definition).~~
- ~~(j) Where Floating Rate Floating Rate Swap (“basis” swap):~~
 - ~~(i) Floating Rate Payer 1 (see Article 2.2 of the ISDA 2000 Definitions and Article 2.2 of the ISDA 2006 Definitions for definition);~~

² ~~SwapClear will accept IRS, Basis or zero coupon variable notional swaps with a Fixed Rate on the fixed leg which for each calculation and/or compounding period may remain unchanged, increase or decrease relative to its previous value. The Fixed Rate must be greater than or equal to 0%.~~

³ ~~SwapClear will accept IRS, Basis or zero coupon variable notional swaps with a floating rate spread on the floating leg which for each calculation and/or compounding period may remain unchanged, increase or decrease relative to its previous value. The spread can be negative. Where such spread is variable it can be set out in a Spread schedule.~~

- ~~(a) — Floating Rate Payer Payment Dates;~~
- ~~(b) — Floating Rate Payer compounding dates (if applicable);~~
- ~~(c) — Floating Rate Option (see Article 6.2(i) of the ISDA 2000 Definitions and Article 6.2(h) of the ISDA 2006 Definitions for definition);~~
~~(Note: the details of each such option are as provided in the Procedures)~~
- ~~(ii) — Designated Maturity (see Article 7.3(b) of the “Annex to the 2000 ISDA Definitions (June 2000 version)” and Article 7.3 (b) of the ISDA 2006 Definitions for definition);~~
- ~~(iii) — Spread (see Article 6.2(f) of the ISDA 2000 Definitions and Article 6.2 (e) of the ISDA 2006 Definitions for definition)⁴;~~
- ~~(iv) — Reset Dates (see Article 6.2(b) of the ISDA 2000 Definitions and Article 6.2 (b) of the ISDA 2006 Definitions for definition);~~
- ~~(v) — Floating Rate Day Count Fraction (see Article 6.2(g) of the ISDA 2000 Definitions and Article 6.2 (f) of the ISDA 2006 Definitions for definition);~~
- ~~(vi) — Floating Rate Payer 2 (see Article 2.2 of the ISDA 2000 Definitions and Article 2.2 of the ISDA 2006 Definitions for definition):~~
 - ~~(a) — Floating Rate Payer Payment Dates;~~
 - ~~(b) — Floating Rate Payer compounding dates (if applicable);~~
 - ~~(c) — Floating Rate Option (see Article 6.2(i) of the ISDA 2000 Definitions and Article 6.2(h) of the ISDA 2006 Definitions for definition);~~
~~(Note: The details of each such option are as provided in the Procedures)~~
- ~~(vii) — Designated Maturity (see Article 7.3(b) of the “Annex to the 2000 ISDA Definitions (June 2000 version)” and Article 7.3 (b) of the ISDA 2006 Definitions for definition);~~
- ~~(viii) — Spread (see Article 6.2(f) of the ISDA 2000 Definitions and Article 6.2 (e) of the ISDA 2006 Definitions for definition)⁵;~~

⁴ ~~SwapClear will accept IRS, Basis or zero coupon variable notional swaps with a floating rate spread on the floating leg which for each calculation and/or compounding period may remain unchanged, increase or decrease relative to its previous value. The spread can be negative. Where such spread is variable it can be set out in a Spread schedule.~~

⁵ ~~SwapClear will accept IRS, Basis or zero coupon variable notional swaps with a floating rate spread on the floating leg which for each calculation and/or compounding period may remain~~

- ~~(ix) — Reset Dates (see Article 6.2(b) of the ISDA 2000 Definitions and Article 6.2 (b) of the ISDA 2006 Definitions for definition); and~~
- ~~(x) — Floating Rate Day Count Fraction (see Article 6.2(g) of the ISDA 2000 Definitions and Article 6.2 (f) of the ISDA 2006 Definitions for definition).~~

~~2.4 — The Economic Terms for Forward Rate Agreements (using only the ISDA 2006 Definitions) comprise:~~

- ~~(a) — Notional Amount (see Article 4.7 for definition);~~
- ~~(b) — Currency (see Article 1.7 for definition);~~
- ~~(c) — Trade Date (see Article 3.7 for definition);~~
- ~~(d) — Effective Date (see Article 3.2 for definition);~~
- ~~(e) — Termination Date (see Article 3.3 for definition);~~
- ~~(f) — Additional Payments/Fees:
 - ~~(i) — the Payer of the Additional Payments/Fees (if any);~~
 - ~~(ii) — the amount of the Additional Payments/Fees (specify zero if none);~~~~
- ~~(g) — Business Days (see Article 1.4 for definition);~~
- ~~(h) — Business Day Convention (see Article 4.12 for definition);~~
- ~~(i) — Fixed Rate Payer (see Article 2.1 for definition);~~
- ~~(j) — Fixed Rate Payer Payment Dates;~~
- ~~(k) — Fixed Rate;~~
- ~~(l) — Floating Rate Payer (see Article 2.2 for definition);~~
- ~~(m) — Floating Rate Payer Payment Dates;~~
- ~~(n) — Floating Rate Option (see Article 6.2(i) for definition);~~
- ~~(o) — Designated Maturity (see Article 7.3(b) for definition);~~
- ~~(p) — Spread (see Article 6.2(f) for definition);~~
- ~~(q) — Reset Dates (see Article 6.2(b) for definition);~~
- ~~(r) — Floating Rate Day Count Fraction (see Article 6.2(g) for definition);~~
- ~~(s) — FRA Discounting (see Article 8.4 (b) for definition);~~

~~unchanged, increase or decrease relative to its previous value. The spread can be negative. Where such spread is variable it can be set out in a Spread schedule.~~

~~(t) — Discount Rate (see Article 8.4. (c) for definition);~~

~~(u) — Discount Rate Day Count Fraction (see Article 8.4. (d) for definition); and~~

~~(v) — FRY Yield Discounting (see Article 8.4(e) for definition).~~

In respect of forward rate agreements either (s) or (v) but not both should be selected.

2.5 — Financial Centers

~~Detail of the relevant financial center/s must be provided using the appropriate Markitwire/FpML code as set out below:~~

Financial Center	Markitwire/FpML
Sydney	AUSY
Brussels	BEBR
Montreal	CAMO
Toronto	GATO
Geneva	CHGE
Zurich	GHZU
Prague	GZPR
Frankfurt	DEFR
Copenhagen	DKCO
Madrid	ESMA
Helsinki	FIHE
Paris	FRPA
London	GBLO
Hong Kong	HKHK
Budapest	HUBU
Milan	ITMI
Rome	ITRO
Tokyo	JPTO
Luxemburg	LULU

Financial Center	Markitwire/FpML
Amsterdam	NLAM
Oslo	NOOS
Auckland	NZAU
Wellington	NZWE
Stockholm	SEST
Chicago	USCH
Los Angeles	USLA
New York	USNY
Target/Euro	EUTA
Warsaw	PLWA
Singapore	SGSI
Johannesburg	ZAJO

~~3. Standard Terms~~

~~The following terms are designated as Standard Terms of a registered FCM SwapClear Contract:~~

~~3.1 Business Days~~

~~In addition to the Business Days for the financial centers specified in the Economic Terms, (such Business Days to be determined in accordance with the SwapsMonitor Financial Calendar) the Business Days specified in the calendar published by the Clearing House, from time to time, will apply to an FCM SwapClear Contract.~~

~~3.2 Negative Interest Rates~~

~~The “Negative Interest Rate Method” as set out in Article 6.4(b) of the ISDA Definitions, will apply to an FCM SwapClear Contract.~~

~~3.3 Withholding Tax Provisions~~

~~All payments due under an FCM SwapClear Contract shall be made by the FCM Clearing Member free and clear and without deduction or withholding for or on account of any tax. Payments in respect of which such deduction or withholding is required to be made, by the FCM Clearing Member, shall be increased to the extent necessary to ensure that, after the making of the required deduction or withholding, the Clearing House receives and retains (free from any liability in respect of such deduction or withholding) a net sum equal to the sum which it would have received and so retained had no such deduction or withholding been made or required to be made.~~

~~The Clearing House shall make any payments due to an FCM Clearing Member net of any deduction or withholding for or on account of any tax it is required to make from such payments.~~

~~3.4 — Payment of Stamp Tax~~

~~Each FCM Clearing Member will pay any stamp tax or duty levied or imposed upon it in respect of any FCM SwapClear Contract to which it is a party by a jurisdiction in which it is incorporated, organized, managed and controlled, or considered to have its seat, or in which a branch or office through which it is acting is located or by any other jurisdiction, and will indemnify the Clearing House against any stamp tax or duty levied or imposed upon the Clearing House by any such jurisdiction in respect of any FCM SwapClear Contract registered by the Clearing House and to which that FCM Clearing Member is a party.~~

~~3.5 — Payments under an FCM SwapClear Contract~~

~~Payments under, and in respect of, an FCM SwapClear Contract shall be calculated by the Clearing House and shall be made by, or to, the FCM Clearing Member in accordance with the provisions of the FCM Procedures.~~

~~3.6 — FCM Regulations~~

~~An FCM SwapClear Contract shall be subject to the FCM Regulations and the FCM Procedures, which shall form a part of its terms. In the event of any inconsistency between these FCM SwapClear Contract Terms and the FCM Regulations and the FCM Procedures, the FCM Regulations and the FCM Procedures will prevail.~~

~~3.7 — Governing Law~~

~~Each FCM SwapClear Contract shall be governed by and construed in accordance with the laws of the State of New York in the United States of America without regard to principles of conflicts of law and the parties hereby irrevocably agree for the benefit of the Clearing House that (i) the courts of the State of New York, Borough of Manhattan in the United States of America, (ii) the United States District Court for the Southern District of New York, or (iii) the courts of England and Wales shall have exclusive jurisdiction to hear and determine any action or dispute which may arise herefrom. The FCM Clearing Member party hereto irrevocably submits to such jurisdiction and agrees to waive any objection it might otherwise have to such jurisdiction, save that this submission to the exclusive jurisdiction of the courts of the State of New York, Borough of Manhattan in the United States of America, the United States District Court for the Southern District of New York or the courts of England and Wales shall not (and shall not be construed so as to) limit the right of the Clearing House to take proceedings in any other court of competent jurisdiction, nor shall the taking of action in one or more jurisdictions preclude the Clearing House from taking action in any other jurisdiction, whether concurrently or not.~~

~~3.8 — Third Party Rights~~

~~A person who is not a party to this FCM SwapClear Contract shall have no rights under or in respect of it. Rights of third parties to enforce any terms of this FCM SwapClear Contract are expressly excluded.~~

Part B

Product Eligibility Criteria for Registration of an FCM SwapClear Contract

1. FCM SwapClear Transaction

Without prejudice to the FCM Regulations and the FCM Procedures, the Clearing House will only register an FCM SwapClear Contract pursuant to receipt of particulars of a transaction where at the time of the particulars being presented:

- (a) the transaction meets the FCM SwapClear Product Eligibility Criteria for registration as an FCM SwapClear Transaction; and
- (b) each party to the transaction is an Executing Party;

and the requirements of (a) and (b) continue to be satisfied at Registration Time.

1.1 FCM SwapClear Product Eligibility Criteria for an FCM SwapClear Transaction

- (a) Vanilla interest rate swaps with constant notional principal having the characteristics set out in the table below;

Instrument	Acceptable Currencies	Acceptable Indices ⁶	Types		Maximum Residual Term	Notional Amount (Min-Max of the relevant currency unit)
Vanilla interest rate swaps with constant notional principal	Sterling (GBP)	GBP-LIBOR-BBA	Fixed	Single currency	18,275 days	0.01-
			vs. Floating			
		GBP-WMBA-SONIA-COMPOUND	Fixed	Single currency	10,970 days	
			vs. Floating			
		See Article 7.1w (vii) for definition	Floating vs. Floating		99,999,999.99	
	US Dollar (USD)	USD-LIBOR-BBA	Fixed	Single currency	18,275 days	0.01-
			vs. Floating			
			See Article 7.1(ab) (xxii) for definition	Floating vs. Floating		99,999,999.99

(c) — Forward rate agreements having the characteristics set out in the table below;

Instrument	Acceptable Currencies	Acceptable Rate Options (as further set out in Section 7.1 of the 2006 ISDA Definitions)	Types	Single currency	Maximum Residual Term	Notional Amount (Min-Max of the relevant currency unit)	FRA Tenors	Minimum and Maximum FRA Terms (Days)
Forward Rate Agreement	AUD	AUD- BBR - BBSW	Fixed— v floating	Single currency	740 days		1m,2m,3m,4m,5m,6m	Min-25 Max-190
Forward Rate Agreement	AUD	AUD- LIBOR - BBA	Fixed— v floating	Single currency	740 days		1m,2m,3m,4m,5m,6m,7m,8m,9m,10m,11m,1y	Min-25 Max-375
Forward Rate Agreement	CAD	CAD- BA - CDOR	Fixed— v floating	Single currency	740 days		1m,2m,3m,6m,1y	Min-25 Max-375
Forward Rate Agreement	CAD	CAD- LIBOR - BBA	Fixed— v floating	Single currency	740 days		1w,2w,1m,2m,3m,4m,5m,6m,7m,8m,9m,10m,11m,1y	Min-3 Max-375
Forward Rate Agreement	CHF	CHF- LIBOR - BBA	Fixed— v floating	Single currency	740 days		1w,2w,1m,2m,3m,4m,5m,6m,7m,8m,9m,10m,11m,1y	Min-3 Max-375
Forward Rate Agreement	CZK	CZK- PIBOR - PRBO	Fixed— v floating	Single currency	740 days		1w,2w,1m,2m,3m,6m,9m,1y	Min-3 Max-375
Forward Rate Agreement	DKK	DKK- GIBOR2 - DKNA13	Fixed— v floating	Single currency	740 days		1w,1m,2m,3m,4m,5m,6m,9m,1y	Min-3 Max-375
Forward Rate Agreement	EUR	EUR- LIBOR - BBA	Fixed— v floating	Single currency	1105 days		1w,2w,1m,2m,3m,4m,5m,6m,7m,8m,9m,10m,11m,1y	Min-3 Max-375
Forward Rate Agreement	EUR	EUR- EURIBOR - REUTERS	Fixed— v floating	Single currency	1105 days		1w,2w,1m,2m,3m,6m,	Min-3 Max-375

Instrument	Acceptable Currencies	Acceptable Rate Options (as further set out in Section 7.1 of the 2006 ISDA Definitions)	Types	Single currency	Maximum Residual Term	Notional Amount (Min-Max of the relevant currency unit)	FRA Tenors	Minimum and Maximum FRA Terms (Days)
							9m,1y	
Forward Rate Agreement	GBP	GBP-LIBOR-BBA	Fixed-v floating	Single currency	1105 days		1w,2w,1m,2m,3m,4m,5m,6m,7m,8m,9m,10,11m,1y	Min-3 Max-375
Forward Rate Agreement	HUF	HUF-BUBOR-REUTERS	Fixed-v floating	Single currency	740 days		1w,2w,1m,2m,3m,4m,5m,6m,7m,8m,9m,10m,11m,1y	Min-3 Max-375
Forward Rate Agreement	JPY	JPY-LIBOR-BBA	Fixed-v floating	Single currency	1105 days		1w,2w,1m,2m,3m,4m,5m,6m,7m,8m,9m,10m,11m,1y	Min-3 Max-375
Forward Rate Agreement	NOK	NOK-NIBOR-NIBR	Fixed-v floating	Single currency	740 days		1w,1m,2m,3m,4m,5m,6m,7m,8m,9m,10m,11m,1y	Min-3 Max-375
Forward Rate Agreement	NZD	NZD-BBR-FRA	Fixed-v floating	Single currency	740 days		1m,2m,3m,4m,5m,6m,	Min-25 Max-190
Forward Rate Agreement	PLN	PLN-WIBOR_WIBO	Fixed-v floating	Single currency	740 days		1w,2w,1m,3m,6m,9m,1y	Min-3 Max-375
Forward Rate Agreement	SEK	SEK-STIBOR-SIDE	Fixed-v floating	Single currency	740 days		1w,1m,2m,3m,6m,9m,1y	Min-3 Max-375
Forward Rate Agreement	USD	USD-LIBOR-BBA	Fixed-v floating	Single currency	1105 days		1w,2w,1m,2m,3m,4m,5m,6m,7m,8m,9m,10m,11m,1y	Min-3 Max-375

Instrument	Acceptable Currencies	Acceptable Rate Options (as further set out in Section 7.1 of the 2006 ISDA Definitions)	Types	Single currency	Maximum Residual Term	Notional Amount (Min-Max of the relevant currency unit)	FRA Tenors	Minimum and Maximum FRA Terms (Days)
Forward Rate Agreement	ZAR	ZAR-JIBAR-SAFEX	Fixed-v floating	Single currency	740 days		1m, 3m, 6m, 9m, 1y	Min-3 Max-375

~~2. [Intentionally Omitted]~~

~~3. Additional FCM SwapClear Product Eligibility Criteria~~

~~3.1 A contract must also meet the following additional criteria to be eligible as an FCM SwapClear Transaction:~~

~~(a) Day Count Fractions~~

~~(See Article 4.16 of the “Annex to 2000 ISDA Definitions (June 2000 Version)”, and Article 4.16 of the ISDA 2006 Definitions for definition)~~

~~(i) The Clearing House will only accept the following day count fractions for vanilla interest rate swaps with constant notional principal and variable notional swaps. Day Count Fractions are applied to each deal leg independently, as communicated via the affirmed MarkitWire trade detail:~~

~~Day Count Fractions using the ISDA 2000 Definitions~~

Day Count Fraction	MarkitWire/FpML Code
30/360 (or Bond Basis)	30/360
30E/360 (or Eurobond Basis)	30E/360
Actual/360	ACT/360
Actual/365 (Fixed)	ACT/365.FIXED
Actual/365 (or Actual/Actual)	ACT/365.ISDA
Actual/Actual (ISMA)	ACT/ACT.ISMA

~~Day Count Fractions using the ISDA 2006 Definitions:~~

Day Count Fraction	MarkitWire/FpML Code
30/360 (or Bond Basis)	30/360
30E/360 (or Eurobond Basis)	30E/360
Actual/360	ACT/360
Actual/365 (Fixed)	ACT/365.FIXED
Actual/Actual	ACT/ACT.ISDA
30E/360 (ISDA)	30E/360.ISDA
Actual/Actual (ICMA)	ACT/ACT.ICMA

The Clearing House will only accept the following Day Count Fractions for Forward Rate Agreements. Day Count Fractions are applied to each deal leg independently, as communicated via the affirmed MarkitWire trade detail:

Day Count Fractions using the ISDA 2006 Definitions:

Day Count Fraction	MarkitWire/FpML Code	Currency
Actual/365 (Fixed)	ACT/365.FIXED	CAD, AUD, NZD, PLN, ZAR, GBP
Actual/360	ACT/360	USD, EUR, CHF, DKK, JPY, NOK, SEK, CZK, HUF

Fraction	SWIFT Code
Actual/365, Actual/Actual (See Article 4.16(b) for definition)	-ACT/365
Actual/365 (Fixed) (See Article 4.16(c) for definition)	-AFI/365
Actual/360 (See Article 4.16(d) for definition)	-ACT/360
30/360, 360/360, Bond Basis (See Article 4.16(e) for definition)	360/360
30E/360 (See Article 4.16(f) for definition)	30E/360

(b) Business Day Conventions

The Business Day Convention specified in the Economic Terms must be one of the following:

Following (see Article 4.12 (i) of the ISDA 2000 Definitions and Article 4.12 (i) of the ISDA 2006 Definitions for definition)

Modified Following (see Article 4.12 (ii) of the ISDA 2000 Definitions and Article 4.12(ii) of the ISDA 2006 Definitions for definition)

Preceding (see Article 4.12 (iii) of the ISDA 2000 Definitions and Article 4.12 (iii) of the ISDA 2006 Definitions for definition)

~~For vanilla interest rate swaps with constant notional principal SwapClear does not support trades where a different business day convention is used for:~~

- ~~(i) — fixed period end dates and the termination date~~
- ~~(ii) — float period end dates and the termination date~~
- ~~(c) — Minimum and Maximum Residual Term of the Trade (Termination date — Today)~~

~~Trades in respect of vanilla interest rate swaps with constant notional principal and variable notional swaps are subject to a minimum and maximum Residual Term on the day they are received by SwapClear.~~

~~Minimum Residual Term of trade:~~

~~Termination date — Today \geq 1 + currency settlement lag~~

~~where currency settlement lag is:~~

~~1 day for EUR, USD, GBP and CAD denominated trades~~

~~2 days for JPY, CHF, AUD, DKK, HKD, NZD, SEK, NOK, PLN, ZAR, SAD, HUF & CZK denominated trades~~

~~Maximum Residual Term of trade:~~

~~Termination date — Today \leq 3,670 days for DKK, HKD, NZD, NOK, PLN, ZAR, SAD, HUF & CZK (10 years)~~

~~Termination date — Today \leq 10,970 days for AUD, CAD, CHF & SEK (30 years)~~

~~Termination date — Today \leq 14,620 days for JPY (40 years)~~

~~Termination date — Today \leq 18,275 days for GBP, EUR & USD (50 years)~~

~~Maximum Residual Term to Maturity for Forward Rate Agreements~~

~~The maximum residual term to maturity for forward rate agreements is as follows:-~~

<u>Currency</u>	<u>Maximum Residual Term to Maturity</u>
EUR, JPY, USD, GBP	1105 days (3 years)
AUD, CAD, CHF, DKK, NOK, NZD, PLN, SEK, ZAR, CZK, HUF	740 days (2 years)

- ~~(d) — Designated Maturity~~

~~The Designated Maturity must be no less than one month and no more than twelve months. The Clearing House will, excepting stub periods, only accept a Designated Maturity that is a whole calendar month.~~

~~(e) — Calculation Periods~~

~~(See Article 4.13 of the ISDA 2000 Definitions and Article 4.13 of the ISDA 2006 Definitions for definition.)~~

~~The Clearing House will only accept non-standard Calculation Periods (“*stub periods*”) at the start and/or the end of a contract.~~

~~For variable notional swaps the stub rate should be detailed either as a percentage (*i.e.*, 5.5%), an interpolation (*i.e.*, 1 month / 3 months) or as a designated maturity (*i.e.*, 1 month). Stub Rates within the Final Stub are calculated via interpolation or as a designated maturity.~~

~~For interpolated coupons, payment dates must fall between the rolled dates, according to the Modified Following business day convention, of the specified designated maturities. Where this does not occur and extrapolation would be required, SwapClear will reject the trade.~~

~~The minimum stub period of a variable notional swap accepted by SwapClear is 1 + Currency Settlement Lag. The minimum stub rate tenor must be \geq 1 week for IRS and basis swap and \geq 1 month for zero coupon swaps.~~

~~SwapClear also calculates floating periods subject to IMM settlement dates as per ISDA definitions.~~

~~(f) — Up-Front Fees — Eligibility of FCM SwapClear Transactions~~

~~Any up-front fees due under an FCM SwapClear Transaction will form part of the first Variation Margin payment made in connection with such FCM SwapClear Transaction.~~

~~FCM SwapClear Transactions with respect to which an FCM Client or an Affiliate is an Executing Party and which are denominated in a One-Day Currency where the up-front fee is due to settle on the day of registration are not eligible for clearing.~~

~~FCM SwapClear Transactions with respect to which an FCM Client or an Affiliate is an Executing Party and which are denominated in a Two-Day Currency where the up-front fee is due to settle on the day of registration, or the day following registration, are not eligible for clearing.~~

~~A Backloaded Trade will not be eligible for clearing and will be rejected upon presentation in the event that it is presented after a Backload Registration Cycle and as a result would be ‘parked’ for registration until the following Business Day and as a result of being ‘parked’ it would no longer be eligible for clearing under these criteria.~~

~~For the purposes of this paragraph (f):~~

~~“One-Day Currency” means GBP, USD, CAD or EUR.~~

~~“Two-Day Currency” means any other eligible currency.~~

~~SCHEDULE B – FCM FOREXCLEAR CONTRACT TERMS AND PRODUCT ELIGIBILITY CRITERIA~~

~~Part A~~

~~FCM ForexClear Contract Terms~~

~~The terms of a registered FCM ForexClear Contract shall include these FCM ForexClear Contract Terms which shall comprise:~~

- ~~(1) Interpretation;~~
- ~~(2) Economic Terms; and~~
- ~~(3) Standard Terms, being both the:
 - ~~A. Specific Standard Terms; and~~
 - ~~B. General Standard Terms~~~~

~~In the event of any inconsistency between the Economic Terms and the Standard Terms, the Standard Terms will prevail.~~

~~Subject to the FCM Regulations and the FCM Procedures, the Clearing House will use the FCM ForexClear Contract Terms applicable to an FCM ForexClear Contract to calculate the amounts due under the FCM ForexClear Contract to, or from, the Clearing House in accordance with the FCM Procedures.~~

~~1. Interpretation (“Interpretation”)~~

- ~~1.1 “ISDA Definitions” means the 1998 FX and Currency Options Definitions (including Annex A thereto) as published by the International Swaps and Derivatives Association, Inc. (“ISDA”), the Emerging Markets Trade Association (“EMTA”) and The Foreign Exchange Committee (“FXC”) and the same are incorporated by reference herein.~~
- ~~1.2 Words and expressions used in these FCM ForexClear Contract Terms which are not defined in the FCM Regulations and the FCM Procedures but which are defined in the ISDA Definitions shall bear the same meaning herein as in the ISDA Definitions, unless expressly provided otherwise.~~
- ~~1.3 In the event of an inconsistency, the FCM Regulations and the FCM Procedures will prevail over the ISDA Definitions.~~
- ~~1.4 References in the ISDA Definitions to an “FX Transaction” shall be deemed to be references to an “FCM ForexClear Transaction” for the purposes of the FCM ForexClear Service.~~

- ~~1.5 — Except where expressly stated otherwise, all reference to “Sections” means Sections in the ISDA Definitions.~~
- ~~1.6 — In relation to any amendment to the ISDA Definitions published from time to time by ISDA, EMTA and FXC, the Clearing House may from time to time, by notice delivered to the FCM ForexClear Clearing Members, give directions as to whether such amendment shall apply to FCM ForexClear Contracts with immediate effect or with such deferred effect as the Clearing House shall determine (provided that in any event any such amendment shall only apply in relation to FCM ForexClear Contracts that have a Trade Date that falls on or after the effective date of such amendment).~~
- ~~1.7 — Any such notice may provide that despite the application of any such amendment to the ISDA Definitions to FCM ForexClear Contracts going forward, these FCM ForexClear Contracts shall continue, for the purpose of margining, valuation, set-off or otherwise, to be regarded as fully fungible with FCM ForexClear Contracts registered in an FCM ForexClear Clearing Member’s name prior to the time such amendment comes into effect.~~
- ~~1.8 — The accidental omission to give notice under this provision to, or the non-receipt of notice under 1.6 or 1.7 above by, any FCM ForexClear Clearing Member shall not invalidate the amendment with which the notice is concerned.~~

~~2. — Economic Terms~~

- ~~2.1 — The Economic Terms of an FCM ForexClear Contract shall be derived from the information presented to the Clearing House by the parties to the corresponding FCM ForexClear Transaction.~~
- ~~2.2 — The particulars of an FCM ForexClear Transaction presented to the Clearing House must include matched information in respect of the following Economic Terms which are not predetermined in the EMTA Templates:~~
- ~~(1) — Trade Date (Section 1.25)~~
 - ~~(2) — Forward Rate (Section 2.1(a))~~
 - ~~(3) — Reference Currency Notional Amount (Section 1.21) or Notional Amount (Section 1.17(b)) in USD~~
 - ~~(4) — Reference Currency Buyer (Section 1.20)~~
 - ~~(5) — Reference Currency Seller (Section 1.22)~~
 - ~~(6) — scheduled Settlement Date (Section 1.24) (without prejudice to the adjustments set out in the relevant EMTA Template)~~
 - ~~(7) — Scheduled Valuation Date (Section 1.16(f)) (without prejudice to the adjustments set out in the relevant EMTA Template).~~
- ~~2.3 — However, as set out more particularly in FCM Regulation 40, where the FCM ForexClear Transaction specifies an FCM ForexClear Clearing Member as the Reference Currency Seller, with the other FCM ForexClear Member as the Reference Currency Buyer, the Clearing House, in respect of each FCM ForexClear Contract to which it is party pursuant to the corresponding FCM ForexClear~~

~~Transaction, shall be (i) the Reference Currency Buyer; and (ii) the Reference Currency Seller under such FCM ForexClear Contract, respectively.~~

~~3. Specific Standard Terms (“Specific Standard Terms”)~~

~~The following terms are designated as Specific Standard Terms of a registered FCM ForexClear Contract:~~

~~3.1 The EMTA template for Non-Deliverable FX Transactions appropriate to the particular Currency Pair (in effect and as posted on the website of EMTA (www.emta.org or any successor website on the relevant Trade Date) (each an “EMTA Template”), governs the terms of an FCM ForexClear Contract relating to such Currency Pair, other than the Economic Terms set out in Part 2 above and the Specific Standard Terms and the General Standard Terms set out in this Part 3. For the avoidance of doubt, each EMTA Template shall be deemed to exclude the EMTA Template Terms for Non-Deliverable Cross-Currency FX Transactions published by EMTA on 31 May 2011.~~

~~3.2 In the format “Reference Currency – Settlement Currency”, the Currency Pairs are~~

~~(1) BRL-USD~~

~~(2) CLP-USD~~

~~(3) CNY-USD~~

~~(4) INR-USD~~

~~(5) KRW-USD~~

~~(6) RUB-USD~~

~~(7) COP-USD~~

~~(8) IDR-USD~~

~~(9) MYR-USD~~

~~(10) PHP-USD~~

~~(11) TWD-USD~~

~~3.3 Certain Specific Standard Terms of each FCM ForexClear Contract are not provided in the EMTA Templates, but the parties to the corresponding FCM ForexClear Transaction will be required to accept the Specific Standard Terms set out below in each FCM ForexClear Contract:~~

~~(1) Date of Annex A (Section 4.2):~~

~~Annex A to the ISDA Definitions is incorporated as amended as at the Trade Date.~~

~~(2) Reference Currency (Section 1.19):~~

~~To be determined by using the EMTA Template appropriate to the particular Currency Pair.~~

~~Calculation Agent (Section 1.3):~~

~~(3) — The Clearing House is the Calculation Agent.~~

~~3.4 — If the terms of an EMTA Template conflict with these FCM ForexClear Contract Terms, these FCM ForexClear Contract Terms shall prevail. If the terms of an EMTA Template conflict with the ISDA Definitions, the terms of the EMTA Template shall prevail.~~

~~4. — General Standard Terms (“General Standard Terms”)~~

~~The following terms are designated as General Standard Terms of a registered FCM ForexClear Contract:~~

~~4.1 — Business Days~~

~~For the purposes of determining the Settlement Date only, in addition to the Business Days for the Principal Financial Centers for the Currency Pair specified in the relevant Economic Terms, the Business Days specified in the SwapsMonitor Financial Calendar as published by Swaps Monitor Publications, Inc. (as further detailed in the FCM Procedures) from time to time, will apply to an FCM ForexClear Contract.~~

~~4.2 — Withholding Tax Provisions~~

~~4.2.1 — All payments due under an FCM ForexClear Contract shall be made by the FCM ForexClear Clearing Member free and clear and without deduction or withholding for or on account of any tax. Payments in respect of which such deduction or withholding is required to be made, by the FCM ForexClear Clearing Member, shall be increased to the extent necessary to ensure that, after the making of the required deduction or withholding, the Clearing House receives and retains (free from any liability in respect of such deduction or withholding) a net sum equal to the sum which it would have received and so retained had no such deduction or withholding been made or required to be made.~~

~~4.2.2 — All payments due under an FCM ForexClear Contract shall be made by the Clearing House free and clear and without deduction or withholding for or on account of any tax. Payments in respect of which such deduction or withholding is required to be made, by the Clearing House, shall be increased to the extent necessary to ensure that, after the making of the required deduction or withholding, the FCM ForexClear Clearing Member receives and retains (free from any liability in respect of such deduction or withholding) a net sum equal to the sum which it would have received and so retained had no such deduction or withholding been made or required to be made.~~

~~4.3 — Payment of Stamp Tax~~

~~Each FCM ForexClear Clearing Member will pay any Stamp Tax or duty levied or imposed upon it in respect of any FCM ForexClear Contract to which it is a party by a~~

~~jurisdiction in which it is incorporated, organized, managed and controlled, or considered to have its seat, or in which a branch or office through which it is acting is located or by any other jurisdiction, and will indemnify the Clearing House against any stamp tax or duty levied or imposed upon the Clearing House by any such jurisdiction in respect of any FCM ForexClear Contract registered by the Clearing House and to which that FCM ForexClear Clearing Member is a party.~~

~~4.4 — Payments under an FCM ForexClear Contract~~

~~Payments under, and in respect of, an FCM ForexClear Contract shall be calculated by the Clearing House and shall be made by, or to, the FCM ForexClear Clearing Member in accordance with the provisions of the FCM Procedures.~~

~~4.5 — FCM Regulations~~

~~An FCM ForexClear Contract shall be subject to the FCM Regulations and the FCM Procedures, which shall form a part of its terms. In the event of any inconsistency between these FCM ForexClear Contract Terms and the FCM Regulations and/or the FCM Procedures, the FCM Regulations and the FCM Procedures will prevail.~~

~~4.6 — Governing Law~~

~~Each FCM ForexClear Contract, and any non-contractual obligations arising out of or in connection with it, shall be governed by and construed in accordance with the laws of the State of New York in the United States of America without regard to principles of conflicts of laws and the parties hereby irrevocably agree for the benefit of the Clearing House that (i) the courts of the State of New York, Borough of Manhattan in the United States of Americas, (ii) the United States District Court for the Southern District of New York, or (iii) the courts of England and Wales shall have exclusive jurisdiction to hear and determine any action or dispute which may arise herefrom. The FCM ForexClear Clearing Member party hereto irrevocably submits to such jurisdiction and agrees to waive any objection it might otherwise have to such jurisdiction, save that this submission to the exclusive jurisdiction of the courts of the State of New York, Borough of Manhattan in the United States of Americas, the United states District Court for the Southern District of New York or the courts of England and Wales shall not (and shall not be construed so as to) limit the right of the Clearing House to take proceedings in any other court of competent jurisdiction, nor shall the taking of action in one or more jurisdictions preclude the Clearing House from taking action in any other jurisdiction, whether concurrently or not.~~

~~4.7 — Third Party Rights~~

~~A person who is not a party to this FCM ForexClear Contract shall have no rights under or in respect of it. Rights of third parties to enforce any terms of this FCM ForexClear Contract are expressly excluded.~~

Part B

Registration of an FCM ForexClear Contract – Product Eligibility Criteria

~~1. — Registration of an FCM ForexClear Contract~~

Without prejudice to the FCM Regulations and the FCM Procedures, the Clearing House will only register an FCM ForexClear Contract pursuant to receipt of particulars of a transaction where at the time of the particulars being presented:

- (a) ~~the transaction meets the Product Eligibility Criteria set out in paragraph 2 below for an FCM ForexClear Transaction;~~
- (b) ~~each party to the transaction is an Executing Party; and~~
- (c) ~~the FCM ForexClear Clearing Member in whose name the FCM ForexClear Contract is to be registered has not been declared a defaulter by the Clearing House.~~

and the requirements of Paragraph 1(a), (b) and (c) above continue to be satisfied at the Registration Time.

~~2. FCM ForexClear Product Eligibility Criteria for an FCM ForexClear Contract~~

Instrument	Non-Deliverable FX Transaction
Economic Terms	The transaction particulars submitted to the Clearing House specify all the Economic Terms.
Reference Currency	One of
	1. BRL—Brazilian Real,
	2. RUB—Russian Rouble,
	3. INR—Indian Rupee,
	4. CLP—Chilean Peso,
	5. CNY—Chinese Yuan,
	6. KRW—South Korean Won,
	7. COP—Colombian Peso,
	8. IDR—Indonesian Rupiah,
	9. MYR—Malaysian Ringgit,
	10. PHP—Philippine Peso, or
	11. TWD—Taiwan Dollar.
Valuation Date	A valid Business Day for the Currency Pair to which the FCM ForexClear Transaction relates and determined as set out in the relevant EMTA Template for the Currency Pair.
Settlement Date	A date falling:
	A. not earlier than the date falling three business days immediately following the Submission Date; and
	B. not later than the date falling two calendar years plus two business days immediately following the Submission Date, provided that in each case such date shall be, with respect to the Currency Pair to which the FCM ForexClear Transaction relates: (i) a valid Business Day, (ii) a date falling the Number of Business Days (as defined in the FCM Procedures) following the Valuation

	Date and (iii) determined as set out in the relevant EMTA Template
Settlement Type	Non-Deliverable
Settlement Currency	USD
Calculation Agent	The Clearing House

SCHEDULE C – FCM ENCLEAR CONTRACT TERMS AND PRODUCT ELIGIBILITY CRITERIA

Part A

FCM EnClear Contract Terms

~~Where an FCM EnClear Contract arises between the Clearing House and an FCM Clearing Member pursuant to the FCM Rulebook and the terms of any agreement between them, the terms of a registered FCM EnClear Contract shall include these FCM EnClear Contract Terms (these “Contract Terms”) which shall comprise:~~

- ~~(1) — Interpretation and Definitions;~~
- ~~(2) — Economic Terms;~~
- ~~(3) — Specific Standard Terms*; and~~
- ~~(4) — General Standard Terms~~

SECTION 1 — Interpretation and Definitions: General

~~1.1 — [This section has been removed.]~~

~~1.2 — Words and expressions used in these FCM EnClear Contract Terms shall have the same meaning as in the “FCM Rulebook” of the Clearing House (as defined in the Clearing House’s “FCM Regulations”).~~

~~1.3 — The accidental omission to give any notice which may be required under the FCM Rulebook for the amendment of these Contract Terms, or the non-receipt of any such notice by any FCM Clearing Member shall not invalidate the amendment with which such notice is concerned.~~

~~1.4 — In the event of any inconsistency between the Economic Terms and the Standard Terms, the Standard Terms will prevail.~~

~~1.5 — Subject to the FCM Regulations and the FCM Procedures, the Clearing House will use the relevant FCM EnClear Contract Terms applicable to an FCM EnClear Contract to calculate the amounts due under the FCM EnClear Contract to, or from, the Clearing House in accordance with the FCM Procedures.~~

~~1.6 — Subject to the FCM Regulations and the FCM Procedures, the Clearing House will use the relevant FCM EnClear Contract Terms applicable to an FCM EnClear Contract to calculate the amounts due under the FCM EnClear Contract to, or from, the Clearing House in accordance with the FCM Procedures.~~

~~1.7 — “US Business Day” means a day upon which banks in the United States of America are generally open to settle payments and for general business. “UK Business Day” means a day upon which banks in England and Wales are generally open to settle payments and for general business.~~

~~SECTION 2 — Economic Terms~~

~~2.1 — The Economic Terms of an FCM EnClear Contract shall be derived from the information presented to the Clearing House by the parties to the corresponding FCM EnClear Transaction in respect of the terms designated as Economic Terms in this Schedule.~~

~~2.2 — It is part of the eligibility criteria for registration as an FCM EnClear Contract that the particulars of an FCM EnClear Transaction presented to the Clearing House must include matched information in respect of all such designated Economic Terms with the exception of 2.3(viii) which will be determined in accordance with the FCM Procedures.~~

~~2.3 — The Economic Terms comprise:~~

- ~~(a) — Fixed Rate Payer or seller;~~
- ~~(b) — Floating Rate Payer or buyer;~~
- ~~(c) — Contract;~~
- ~~(d) — Contract Series;~~
- ~~(e) — Quantity;~~
- ~~(f) — Delivery Period (where applicable);~~
- ~~(g) — Fixed Price or Traded Price (as the case may be);~~
- ~~(h) — Floating Price (where applicable).~~

~~PROVIDED, however, that, as set out in FCM Regulation 50 where the FCM EnClear Transaction specifies an FCM Clearing Member as the party paying the Fixed Price or being the seller (“the First EnClear Clearing Member”) with the other FCM Clearing Member (or LCH EnClear OTC Clearing Member, as the case may be) as the party paying the Floating Price or being the buyer (“the Second EnClear Clearing Member”) the Clearing House, in respect of each FCM EnClear Contract it is party to pursuant to the corresponding FCM EnClear Transaction, shall be (i) the party paying the Floating Price or the buyer to the First EnClear Clearing Member under the FCM EnClear Contract; and (ii) the party paying the Fixed Price or seller to the Second EnClear Clearing Member under the FCM EnClear Contract.~~

~~SECTION 3 — Specific Standard Terms For FCM EnClear Contracts~~

~~[Sections 3.1 and 3.2 no longer in force]~~

~~3.3 — LCH EnClear OTC Services: Energy Division~~

~~[Section 3.3 not applicable to the FCM EnClear Service]~~

~~3.4 — LCH EnClear OTC Services: Freight Division~~

~~Section 3.4 of Part A of the Schedule to the LCH EnClear OTC Regulations in the UK General Regulations is incorporated herein by reference; provided, that for purposes of the FCM Regulations, (i) references therein to LCH EnClear OTC Contracts shall instead be to FCM EnClear Contracts and (ii) references therein to an Eligible OTC Trade shall instead be to an FCM EnClear Transaction.~~

~~3.5 — LCH EnClear OTC Services: Precious Metals Division~~

~~{Section 3.5 not applicable to the FCM EnClear Service}~~

~~SECTION 4 — General Standard Terms~~

~~4A. — The following General Standard Terms apply to all FCM EnClear Contracts:~~

~~4.A.1 — Payment of Stamp Tax and Other Taxes~~

- ~~(a) — All payments due under an FCM EnClear Contract shall be made by the FCM Clearing Member free and clear and without deduction or withholding for or on account of any tax.~~
- ~~(b) — The Clearing House shall make any payments due to an FCM Clearing Member net of any deduction or withholding for or on account of any tax it is required to make from such payments.~~
- ~~(c) — The FCM Clearing Member shall indemnify the Clearing House against any Stamp Tax or other duty or tax levied or imposed upon the Clearing House in whatsoever jurisdiction in respect of the Clearing House's execution or performance of this FCM EnClear Contract.~~

~~4.A.2 — Payment of Stamp Tax~~

~~The FCM Clearing Member will pay any Stamp Tax or other similar duty levied or imposed upon it in respect of any FCM EnClear Contract to which it is a party by a jurisdiction in which it is incorporated, organized, managed and controlled, or considered to have its seat, or in which a branch or office through which it is acting is located or by any other jurisdiction.~~

~~The FCM Clearing Member shall indemnify the Clearing House against any stamp tax or other duty levied or imposed upon the Clearing House by any such jurisdiction in respect of any FCM EnClear Contract registered by the Clearing House and to which that FCM Clearing Member is a party.~~

~~4.A.3 — Payments under an FCM EnClear Contract~~

~~The Clearing House shall, unless specified otherwise in the FCM Procedures, effect daily settlement to market of open FCM EnClear Contracts in accordance with the FCM Regulations. Any Reference Price shall be determined in accordance with the FCM Regulations and the FCM Procedures.~~

~~Payments under, and in respect of, an FCM EnClear Contract shall be calculated by the Clearing House and shall be made by, or to, the FCM Clearing~~

~~Member in accordance with the provisions of the FCM Regulations and the FCM Procedures.~~

~~4.A.4 — FCM Regulations~~

~~This FCM EnClear Contract shall be subject to the FCM Regulations and the FCM Procedures, which shall form a part of its terms. In the event of any inconsistency between these FCM EnClear Contract Terms and the FCM Regulations and/or the FCM Procedures, the FCM Regulations and the FCM Procedures will prevail.~~

~~4.A.5 — Governing Law~~

~~This FCM EnClear Contract shall be governed by and construed in accordance with the laws of the State of New York in the United States of America without regard to principles of conflicts of laws and the parties hereby irrevocably agree for the benefit of the Clearing House that (i) the courts of the State of New York, Borough of Manhattan in the United States of Americas, (ii) the United States District Court for the Southern District of New York, or (iii) the courts of England and Wales shall have exclusive jurisdiction to hear and determine any action or dispute which may arise herefrom. The FCM Clearing Member party to this FCM EnClear Contract irrevocably submits to such jurisdiction and to waive any objection it might otherwise have to such jurisdiction, save that this submission to the exclusive jurisdiction of the courts of the State of New York, Borough of Manhattan in the United States of Americas, the United states District Court for the Southern District of New York or the courts of England and Wales shall not (and shall not be construed so as to) limit the right of the Clearing House to take proceedings in any other court of competent jurisdiction, nor shall the taking of action in one or more jurisdictions preclude the Clearing House from taking action in any other jurisdiction, whether concurrently or not.~~

~~4.A.6 — Third Party Rights~~

~~A person who is not a party to this FCM EnClear Contract shall have no rights under or in respect of this FCM EnClear Contract. Rights of third parties to enforce any terms of this FCM EnClear Contract are expressly excluded.~~

~~4B. — [Section 4B not applicable to the FCM EnClear Service]~~

~~4C. — The following Standard Terms apply only in respect of FCM EnClear Contracts arising from FCM EnClear Transactions (Freight Division):~~

~~4C.1 — Unavailability of any Reference Price~~

~~In the event that **the Clearing House is unable**, after exercising all reasonable commercial diligence, to obtain any relevant Reference Price on any day, the Clearing House may use a price as provided by a panel formed by the Forward Freight Agreement Brokers Association or other applicable provider designated by the Clearing House.~~

~~4.C.2 — Calculation Agent~~

~~The Calculation Agent is the Clearing House.~~

~~4.C.3 — Change in Route~~

~~In the event of a change in a route, the successor reference price as published by the Baltic Exchange or other applicable provider designated by the Clearing House shall be applicable.~~

Part B**Product Eligibility Criteria for Registration of an FCM EnClear Contract****~~1. FCM EnClear Transactions~~**

~~(a)~~

~~1.2 FCM EnClear Product Eligibility Criteria for FCM EnClear Transactions~~

~~1.2.1 [This section has been removed]~~

~~1.2.2 [This section has been removed]~~

~~1.2.3 Product Eligibility Criteria for FCM EnClear Transactions in the Freight Division~~

~~The parts of Section 1.2.3 of Part B of the Schedule to the LCH EnClear OTC Regulations in the UK General Regulations relating to the Freight Division are incorporated herein by reference; provided, that for purposes of the FCM Regulations, (i) references therein to LCH EnClear OTC Contracts shall instead be to FCM EnClear Contracts and (ii) references therein to an Eligible OTC Trade shall instead be to an FCM EnClear Transaction.~~

1. FCM CLEARING MEMBER STATUS

1.1 FCM Clearing Member Application Procedure

- (a) **Application Procedure:** An application for FCM Clearing Member status of the Clearing House must be made on the appropriate form which can be obtained from the Clearing House's Membership Department. Additional information (including legal documents) must be supplied where ~~required~~necessary and submitted to the Clearing House with the completed form.

Applicants approved by the Clearing House for FCM Clearing Member status ("Approved Applicants") must, within three months of notification of their approval ~~as an applicant~~, fulfill all conditions attached to their approval. If an Approved Applicant does not fulfill all such conditions within ~~these~~ three-month period ~~months~~, the Clearing House may, at its sole discretion, ~~require that an Approved Applicant re-apply for~~ consider the grant of approval to have lapsed and may notify the prospective FCM Clearing Member status accordingly that they will be required to provide further information following which the application will be submitted for re-approval.

~~Approved Applicants will become~~ FCM Clearing Members ~~with~~have the right to apply for approval to clear one or more ~~Products (categories of FCM Contracts as defined in the FCM Regulations).~~ Separate approval from markets cleared by the Clearing House ~~is required in order to clear each Product. An existing FCM, subject to meeting the requirements of the Clearing Member may apply to clear additional Products that it does not currently clear~~ House in respect of each such market. Please note that FCM Clearing Member status does not provide membership of the company LCH.Clearnet Limited or any right to a shareholding therein, nor does it provide the right to any shareholding in LCH.Clearnet Group Limited or any entitlement or right to participate in any way in LCH.Clearnet SA or the clearing services it offers. LCH.Clearnet SA has its own arrangements and admission criteria for Clearing Member status – see the LCH.Clearnet SA sections of the LCH.Clearnet website for further details.

- (b) **FCM Clearing Member Sstatus:** The terms and conditions binding on each FCM Clearing Member are set out in the FCM Rulebook (which includes these FCM Procedures), the FCM Clearing Membership Agreement, the FCM Default Management Process Agreement and the FCM Default Fund Agreement, each as amended from time to time. Two copies of the FCM Clearing Membership Agreement and the FCM Default Fund Agreement will be provided to the applicant who must sign both copies of each (but not date them) and return them to the Clearing House's Membership Department along with the application documentation.

The applicant must pay the stipulated application fee to the Clearing House. This fee must accompany the application for FCM Clearing Member status and is non-refundable.

If and when FCM Clearing Member status is granted, new FCM Clearing Members will receive a duly executed (and dated) copy of the FCM Clearing Membership Agreement and the FCM Default Fund Agreement together with the notification of acceptance and details of any condition(s) attached to FCM Clearing Member status. If granted, FCM Clearing Member status is subject to ~~a Contribution~~the making of Contributions to the ~~Default Fund~~default fund(s) of the Clearing House ~~(DF)~~,related to FCM Clearing Services cleared by the relevant FCM Clearing Member, as determined by the Clearing House under the Default ~~Fund~~ Rules.

(c) **Conditions of Application:** An applicant for FCM Clearing Member status must accept that the Clearing House:

(i) is entitled to make enquiries of any nature about the applicant and any person connected or associated with the applicant;

(ii) is entitled to ask the applicant to supply additional information and take whatever steps are necessary to verify information;

(iii) is entitled to provide and/or disclose information to an Exchange, governmental department, regulatory organization, other authority, or to the Clearing House's insurers in connection with any form of insurance, or to any person pursuant to the provisions of the CEA, any rules promulgated thereunder, or in accordance with any other statutory or regulatory requirement, and in accordance with the terms of the FCM Clearing Membership Agreement;

(iv) may disclose to any other party the name, address, registered number and details of any Exchange or clearing memberships held or applied for; and

(v) will endeavor to process, consider and decide upon an application in a timely fashion, but owes no duty or obligation to the applicant to do so.

General

(d) ~~An applicant must, in accordance with the FCM Regulations satisfy the criteria set out in the FCM Regulations and these FCM Procedures in order to be considered for FCM Clearing Member status. These requirements~~12 U.S.C. § 5390(a)(6): Where an FCM Clearing Member is a financial company as such term is defined in 12 U.S.C. § 5381(a)(11) it shall comply with the requirements of 12 U.S.C. § 5390(a)(6) with respect to the execution of the FCM Clearing Membership Agreement and each FCM Transaction that is cleared pursuant to the FCM Clearing Membership Agreement and the FCM Rulebook (and the grant of any related security interest to the Clearing House) and it shall be deemed to have confirmed that it complies with 12 U.S.C. § 5390(a)(6) each time that an FCM Transaction is submitted for clearing and it

delivers Collateral to the Clearing House. For the avoidance of doubt, individual transactions need not be specifically approved by the FCM Clearing Member's board of directors or any committee thereof so long as they are entered into pursuant to an FCM Clearing Membership Agreement which was approved by the FCM Clearing Member's board or the loan committee thereof.

- (e) An FCM Clearing Member that is a financial company as such term is defined in 12 U.S.C. § 5381(a)(11) is further required: (i) from the date of entry into the FCM Clearing Membership Agreement (and the grant of any related security interest to the Clearing House), to maintain the FCM Clearing Membership Agreement continuously as an official record of that FCM Clearing Member; and (B) from the date of submission of an FCM Transaction for clearing (and the grant of any related security interest to the Clearing House), maintain each agreement evidencing each such FCM Transaction continuously as an official record of that FCM Clearing Member.

1.2 Criteria for FCM Clearing Member Status

1.2.1 General

The Clearing House imposes certain criteria and requirements in relation to FCM Clearing Member status. The relevant criteria have, in all cases, been established by the Clearing House so as to be non-discriminatory and objective and so as to ensure fair and open access by FCM Clearing Members (whether existing or potential) to the Clearing House.

The relevant criteria are without prejudice to the provisions of the FCM Clearing Membership Agreement and the FCM Default Fund Agreement which must be executed by the applicant, and must equally be met by FCM Clearing Members.

The Clearing House may, in its sole discretion, refuse an application for membership where it considers it appropriate to do so in accordance with its internal risk management policies and procedures as amended from time to time. Where the Clearing House refuses an application it will provide a written justification for such refusal. FCM Clearing Members are referred to the Clearing House's website at [•]¹ for further information about the relevant internal risk management policies and procedures.

FCM Clearing Member status may be granted on a conditional basis before any Clearing House requirements have been fully met or before related Exchange or FCM Approved Trade Source System membership requirements are met, but cannot be operational until such requirements are satisfied.

The applicant, any controller of the applicant, and those of its staff who exercise an executive or managerial role, must have a high standard of integrity and a level of knowledge, as determined by and acceptable to the Clearing House, of the nature, risks and obligations of trading in the marketmarkets and contracts they wish to clear.

¹ LCH to insert website reference.

The applicant must satisfy the minimum ~~Net Capital~~net capital requirements, as set out in the FCM Regulations or such greater amounts as may be required by the Clearing House.

The applicant must open a Protected Payments System (PPS) bank account~~(s)~~ at one or more of the bank branches participating in the PPS system:

(i) ~~(i)~~—in London in each currency including in US dollars and GBP; and

(ii) ~~(ii)~~—in the USA in US dollars, and

and must execute all necessary PPS mandates documentation (see Protected Payments System section of the LCH.Cleernet website for further information) in order to manage and open its House and Client accounts.

FCM Clearing Members must ensure that they have contingency arrangements in place to ensure that they will continue to meet their margin obligations in the event of failure of their nominated PPS bank(s).

The applicant must maintain a back office:

(i) ~~(i)~~—remote from both the trading ~~desk~~floor and/or trading desks;

(ii) ~~(ii)~~—with adequate systems (including but not limited to computer and communications systems) and records;

(iii) ~~(iii)~~—with an adequate number of administrative staff fully conversant with procedures for the management of business transacted in the markets and contracts cleared by the Clearing House and in which the ~~applicant~~FCM Clearing Member participates; and

(iv) ~~(iv)~~—with such equipment (including technology and connectivity) as may be stipulated by the Clearing House or by any relevant Exchange.~~(s)~~.

Applicants for FCM Clearing Member status and FCM Clearing Members must at all times respond promptly to enquiries or requests for information made by the Clearing House. Such enquiries may require applicant FCM Clearing Members to demonstrate compliance with the applicable FCM clearing membership criteria and/or applicable laws and regulations.

FCM Clearing Members are required to promptly notify or pre-notify the Clearing House of any changes which may result in non-compliance with the Clearing Member status criteria as stated in these FCM Procedures.

Termination of FCM Clearing Member Status: In the event that an FCM Clearing Member wishes to ~~terminate its~~retire from FCM Clearing Member status, it may do so by giving written notice ~~o~~to the Clearing House not less than three months ahead of ~~its~~the proposed termination date. By the close of

business on the proposed termination date, the ~~FCM Clearing~~Retiring Member shall ensure that all ~~registered~~ FCM Contracts ~~in its~~registered in the Retiring Member's name have been closed-out or transferred so as to ensure that there are no ~~Open~~open FCM Contracts to which ~~it~~the Retiring Member is a party ~~to~~ at the proposed termination date. ~~A resigning FCM Clearing Member should note~~Once all such FCM Contracts have been closed-out or transferred, such Retiring Member shall be entitled to request that any ~~the~~the Clearing House releases and ~~all Executing Parties~~returns to it any collateral held by the Clearing House for which it clears FCM Transactions will be required to find alternative clearing arrangements by this date or will be unable to enter into FCM Transactions unless such Executing Party already has other clearing arrangements in placesuch Retiring Member. For further information on the ~~resignation~~retirement process, FCM Clearing Members should contact the Clearing House's² Membership Department.

If an FCM Clearing Member has not been active ~~in~~on any exchange or market for a continuous period of three months, ~~it~~they will be asked to confirm that they intend to utilize their FCM Clearing Member status and, failing a satisfactory response, they ~~may~~will be ~~required~~asked to ~~resign~~retire from FCM Clearing Member status.

FCM Clearing Members are required to notify promptly or pre-notify the Clearing House of any changes which may result in non-compliance with the FCM Clearing Member status criteria as stated in the FCM Regulations and these FCM Procedures.

1.3 Termination of FCM Clearing Member Status

1.3.1 In the event that an FCM Clearing Member wishes to retire from FCM Clearing Member status, it may do so by giving written notice to the Clearing House not less than three months ahead of the proposed termination date. By the close of business on the proposed termination date, the Retiring Member shall ensure that all FCM Contracts registered in the Retiring Member's name have been closed-out or transferred so as to ensure that there are no open FCM Contracts to which the Retiring Member is a party at the proposed termination date. Once all such FCM Contracts have been closed-out or transferred, such Retiring Member shall be entitled to request that the Clearing House releases and returns to it any cover held by the Clearing House for the purpose of collateralizing the Retiring Member's obligations. For further information on the retirement process, FCM Clearing Members should contact the Membership Department.

1.3.2 If an FCM Clearing Member has not been active on any exchange or market for a continuous period of three months, they will be asked to confirm that they intend to utilize their FCM Clearing Member status and failing a satisfactory response, they will be asked to retire from FCM Clearing Member status.

4.21.4 Net Capital

4.2.1.4.1 Net Capital Requirements

FCM Clearing Members are required to maintain a minimum level of net capital as set out in the FCM Regulations.

4.2.2.1.4.2 Additional Net Capital Requirements

Additional resources will be required when, in the Clearing House's assessment, an FCM Clearing Member's Net Capital is not commensurate with its level of business.

The Clearing House shall, on a daily basis, compare the market risk associated with each FCM Clearing ~~Member's FCM Contracts~~ Member's level of business with their level of net capital as reported to the Clearing House in order to ascertain whether, in the Clearing House's opinion, such FCM Clearing Member is sufficiently capitalized to support the level of risk associated with the FCM Contracts to which they are counterparty. In determining whether an FCM Clearing Member is sufficiently capitalized, the Clearing House may also consider:

- (a) 1. —the ratio of FCM Contracts entered into on behalf of an FCM Client compared to those entered for its own ~~account or that of an Affiliate~~ Proprietary Account;
- (b) 2. —the FCM Clearing Member's aggregate exposure to other clearing providers and other entities; and
- (c) 3. —the total amount of Margin and Collateral deposited with, transferred to or otherwise delivered to the Clearing House by the FCM Clearing Member.

In the event that the Clearing House considers that the FCM Clearing Member is not sufficiently capitalized to support the level of risk associated with its open FCM Contracts, the Clearing House may perform one or more of the following:

- (a) 1. —require that the relevant FCM Clearing Member furnish the Clearing House with additional ~~cover~~ collateral; or
- (b) 2. —prevent or limit the extent to which an FCM Clearing Member may register additional FCM Contracts; or
- (c) 3. —require that the FCM Clearing member provide the Clearing House with additional information relating to its exposure to other clearing providers or other entities.

4.31.5 Calculation Of Net Capital

The net capital of FCM Clearing Members is calculated by the Clearing House in accordance with CFTC Regulation 1.17.

1.41.6 Reporting

FCM Clearing Members shall provide ~~(without limitation of any other provisions in the FCM Rulebook)~~ the information detailed ~~in this Section 1.4 to the below.~~

All FCM Clearing House.

Provision of Information

- (a) ~~Each FCM Clearing Member~~Members must, within six months from the date on which ~~its~~their annual accounts are made up, provide the Clearing House with an English-language copy of ~~its~~their income statement (or profit and loss statement) and balance sheet, together with a statement that ~~its~~their auditors have reviewed and approved them, in accordance with applicable law in the relevant jurisdiction ~~and, drawn up~~ in accordance with the requirements of CFTC Regulation 1.16 or otherwise in accordance with the requirements of the Clearing House. In addition, the Clearing House may at its discretion require the provision of financial accounts for the ultimate or immediate parent of the FCM Clearing Member.
- (b) ~~Each~~All FCM Clearing Members must provide the Clearing House in a prompt and timely manner with:
- (i) copies of all financial returns/reports made to its regulators, and upon request from the Clearing House, any other notifications made to the CFTC as required under the CFTC Regulations (including CFTC Regulation 1.12);
 - (ii) those financial reports detailed in CFTC Regulation 1.10;
 - (iii) any information concerning any financial or business development that ~~that~~ the FCM Clearing Member reasonably considers may materially affect the ~~clearing member's~~FCM Clearing Member's ability to comply with the ~~FCM clearing~~applicable membership criteria or applicable laws or regulations;
 - (iv) copies of all reports that are required to be filed with the CFTC pursuant to parts 17 and 20 of the CFTC Regulations;
 - (v) information and documents regarding the FCM Clearing Member²'s risk management policies and practices as requested by the Clearing House. Such information shall include, without limitation, information and documents relating to the liquidity of that FCM Clearing Member²'s financial resources and ~~their~~ settlement procedures;
 - (vi) any other financial information that the Clearing House determines is necessary to assess whether membership criteria are being met on an ~~on-going~~ongoing basis; and

(vii) notice if the FCM Clearing Member becomes the subject of a bankruptcy petition, receivership proceeding, or the equivalent, or any other event to which it is required to notify the Clearing House under the FCM Clearing Membership Agreement or the FCM Rulebook.

In addition, and upon request from the Clearing House or the CFTC, each FCM Clearing Member shall promptly provide the information detailed in (v) above directly to the CFTC.

1.4.21.6.2 *Reduction in Net Capital*

All FCM Clearing Members must immediately notify the Clearing House of any significant reduction (usually 10% per cent. or more), from the figures shown in their last financial returns, in:

(a) shareholders' funds; and

(b) net capital.

1.51.7 *Additional Requirements*

1.5.1.7.1 *Notification of Changes of Ownership*

FCM Clearing Members are required to notify or pre-notify the Clearing House of changes in controlling holdings (defined as the exercise or control of 20% per cent. or more of the voting power of the firm). ~~In~~ **However, in** cases of changes in ownership, and particularly where those potentially acquiring a dominant stake in an FCM Clearing Member are not known to the Clearing House, FCM Clearing Members are required to pre-notify the Clearing House of their plans. The proposed change of ownership may be subject to an approval process involving the Risk Committee and Board of the Clearing House ~~(LCH.Clearnet Limited).~~

1.5.21.7.2 Each FCM Clearing Member shall maintain current written risk management policies and procedures which address the risks that the relevant FCM Clearing Member may pose to the Clearing House, including any policies and procedures that the Clearing House may reasonably request to be incorporated therein. Upon the request of the Clearing House, an FCM Clearing Member shall promptly provide the Clearing House with a copy of its current policies and procedures for review by the Clearing House.

1.5.31.7.3 Pursuant to, and in accordance with, FCM Regulation ~~9~~ **14(n)** (*Margin and Collateral*), where an FCM Client enters into an FCM Transaction that is non-hedging in nature, the relevant FCM Clearing Member shall collect from that FCM Client additional FCM Client Funds with a value that is:

(i)(a) in respect of FCM SwapClear Contracts, 10% per cent. above the amount that the Clearing House would normally require for such contracts;

~~(ii)~~(b) in respect of FCM ForexClear Contracts, 10% per cent. above the amount that the Clearing house would normally require for such contract;

~~(iii)~~(c) in respect of FCM EnClear Contracts, 10% per cent. above the amount that the Clearing House would normally require for such contracts; and

~~(iv)~~(d) in respect of FCM Nodal Contracts, 10% per cent above the amount that the Clearing House would normally require for such contracts.

For the avoidance of doubt, ~~this Section 1.5.3 and~~ FCM Regulation 914(n) (Margin and Collateral) and this Section 1.7.3 do not require that FCM Clearing Members furnish the Clearing House with Excess Margin.

1.61.8 Other Conditions

The Clearing House may, at any time, impose additional conditions ~~relating in relation~~ to continued FCM Clearing Member status, and at any time vary or withdraw any such conditions. ~~These, provided that any~~ conditions which restrict, or may be considered to have the effect of restricting, access of an FCM Clearing Member to the Clearing House shall be imposed only in circumstances where, and to the extent that, their object is to control the exposure of the Clearing House to risk. FCM Clearing Members are referred to the Clearing House's website at [•] for further information about the relevant internal risk management policies and procedures of the Clearing House.

The relevant additional conditions imposed on an FCM Clearing Member may include, but are not limited to, a requirement to furnish additional ~~security in~~ cash or ~~other non-cash~~ Collateral to the Clearing House, as determined by the Clearing House.

2. **PRODUCT-SPECIFIC PROCEDURES**

Section ~~22~~ of these FCM Procedures contains certain requirements and procedures that are specific to individual Products cleared by the Clearing House. The clearing of FCM SwapClear Contracts is discussed in Section ~~2A,0~~, the clearing of FCM ForexClear Contracts is discussed in Section ~~2B,2.2~~, the clearing of FCM EnClear Contracts is discussed in Section ~~2C,2.3~~, and the clearing of FCM Nodal Contracts is discussed in Section ~~2D,2.4~~.

~~2.1~~ ~~FCM~~ SWAPCLEAR

~~2A~~ ~~SWAPCLEAR~~

~~2.1.1~~ ~~2A.1~~ *The Clearing Process*

The FCM SwapClear Service is an interface that processes and stores all FCM SwapClear Transactions received from an FCM Approved Trade Source System.

~~Only FCM Clearing Members are authorized by the Clearing House to submit trades for clearing in the FCM SwapClear Service.~~

~~(a)~~ ~~2A.1.1~~ *FCM SwapClear Service Functions*

The following functions are performed within the FCM SwapClear Service:

- ~~(i)~~ ~~(a)~~ — processing and settlement of coupon payments;
- ~~(ii)~~ ~~(b)~~ — processing and settlement of consideration (fee) payments;
- ~~(iii)~~ ~~(c)~~ — calculation of initial and variation margin requirements;
- ~~(iv)~~ ~~(d)~~ — calculation of MER amounts and SwapClear Tolerance Limits;
- ~~(v)~~ ~~(e)~~ — calculation of Price Alignment Interest;
- ~~(vi)~~ ~~(f)~~ — adjustment of cash payments to conform with ~~Opening Days~~opening days and the SwapClear ~~C~~alendars;
- ~~(vii)~~ ~~(g)~~ — allocation and designation of trades to a position-keeping account; and
- ~~(viii)~~ ~~(h)~~ — reporting of registered trades.

FCM SwapClear Transactions submitted via an FCM Approved Trade Source System (i.e., new trades submitted for intra-day registration or existing trades submitted for overnight registration – see Section ~~2A.3.5~~2.1.3(e)) will, subject to meeting all requirements prescribed by the Clearing House, be processed and stored within the FCM SwapClear clearing system. Information regarding FCM SwapClear Contracts and margin reporting will be disseminated via the Clearing House's FCM Clearing Member Reporting (see Section ~~2A.1.3~~2.1.1(c)).

~~(b)~~ ~~2A.1.2~~ *Clearing House System Requirements*

An FCM Clearing Member must, in order to submit FCM SwapClear Transactions to the Clearing House, be a user of an FCM Approved Trade Source System.

(c) ~~2A.1.3~~ *SwapClear FCM Clearing Member Reporting*

There are three methods of notification to FCM Clearing Members of FCM SwapClear Contract registrations and other information:

- (i) Report 001;
- (ii) Via the FCM Approved Trade Source System; and
- (iii) Via SwapClear API.

An end-user report generation and analytical capability is provided by the Clearing House to FCM Clearing Members. All FCM SwapClear reports will be disseminated via the Clearing House's secure password access FCM Clearing Member-only website. These reports are the definitive record as to registration by the Clearing House.

The Clearing House is not liable for any corruption or alteration of messages or loss of data which may take place within any FCM Approved Trade Source System.

FCM Clearing Members will be able to customize and produce reports either to print locally or to download in machine-readable data-file format. Queries about the FCM Clearing Member-only website should be directed to the Clearing House's Service Desk at +44 (0)20 7426 7200.

(d) ~~2A.2~~ *Clearing House Reporting*

The Clearing House (acting, where applicable, through the entity to which it has elected to delegate the relevant reporting obligations) shall, to the extent required by (and in line with the requirements of) applicable law or regulation (including Parts 43 and 45 of the CFTC Regulations, and applicable requirements under English law), report to one or more data or trade repositories (including swap data repositories) or similar body the details of all FCM SwapClear Transactions and FCM SwapClear Contracts, including any modifications or terminations without duplication and no later than the working day following the conclusion, modification or termination of such contract. In order to avoid any such duplication of reports, each FCM Clearing Member acknowledges and agrees that it will not report the details referred to in this paragraph to the bodies referred to in this paragraph, unless otherwise agreed with the Clearing House.

2.1.2 *Operating Times And Calendars*

(a) ~~2A.2.1~~ *Opening Days*

The Clearing House will publish a circular detailing the days on which the FCM SwapClear clearing system will be open.

(b) ~~2A.2.2~~ *Opening Hours*

Unless notified otherwise, the FCM SwapClear clearing system will be operational during the following hours:

07:30 London time to 19:00 hours, New York time (a “**Business Day**”).

However, FCM Clearing Members should note that FCM Acceptances of an FCM Notification submitted during a Business Day shall be accepted by the Clearing House until 00:01 on the following day. The Clearing House will notify FCM Clearing Members in the event that the FCM SwapClear clearing system is scheduled for closure for operational or other reasons (including compression runs).

(c) ~~2A.2.3~~ *FCM SwapClear Clearing System Calendars*

The FCM SwapClear clearing system uses the SwapsMonitor Financial Calendar for its processing. This will require all FCM Clearing Members to be licensees of the SwapsMonitor Financial Calendar. The calendars, as applicable to the FCM SwapClear clearing system, will be available online for inspection and for file download from FCM Clearing Member Reporting (see Section ~~2A.1.3~~ 2.1.1(c)).

~~2.1.3~~ ~~2A.3~~ *Registration*

(a) ~~2A.3.1~~ *Submission for Registration*

The Clearing House receives details of a new eligible FCM SwapClear Transaction using agreed format messages via an FCM Approved Trade Source System. The FCM Approved Trade Source System will send these trades to the Clearing House once they have been bi-laterally agreed by two Executing Parties, or otherwise executed by or on behalf of two Executing Parties on an FCM US Trading Venue or other similar venue or facility, and will confirm which FCM Clearing Member(s) has been elected to register the FCM SwapClear Transaction.

(b) ~~2A.3.2~~ *Conditions to Registration*

~~2A.3.2.1~~ Non-FCM US Trading Venue Transactions

In respect of an FCM SwapClear Transaction that is not an FCM US Trading Venue Transaction, following receipt of information from the FCM Approved Trade Source System, the Clearing House will notify the relevant FCM Clearing Member(s), via member reports, the SwapClear API or otherwise, that an Executing Party has elected it to register the FCM SwapClear Transaction with the Clearing House (the “**FCM Notification**”).

Following receipt of the FCM Notification, an FCM Clearing Member may choose to accept or refuse to register the FCM SwapClear Transaction on behalf of the Executing Party.

Where an FCM Clearing Member accepts registration of the FCM SwapClear Transaction and notifies the Clearing House of such acceptance, (such acceptance, the “**FCM Acceptance**”), the FCM Clearing Member shall, pursuant to FCM Regulation ~~30(b)45(b)~~ (Registration of FCM SwapClear Contracts; Novation and Post-Novation Compression; SwapClear Accounts), be deemed to have presented the FCM SwapClear Transaction for clearing.

It is a condition for registration of an FCM SwapClear Transaction that is not an FCM US Trading Venue Transaction that, where both Executing Parties intend to register the FCM SwapClear Transaction through an FCM Clearing Member, both FCM Clearing Members accept the FCM Notification (or where such Executing Parties nominate the same FCM Clearing Member and such FCM Clearing Member accepts both acceptances) and therefore submit the FCM SwapClear Transaction to the Clearing House. In accordance with Section ~~2A.3.5~~2.1.3(e) of these FCM Procedures, it is a precondition for registration of an FCM SwapClear Contract resulting from an FCM SwapClear Transaction that is not an FCM US Trading Venue Transaction that, no later than the Clearing House’s receipt of an FCM Acceptance, the applicable FCM Clearing Member has complied with all requirements to furnish sufficient Margin (taking into account available SwapClear Tolerance, if any) in respect of such FCM SwapClear Contract, except that such Margin shall be required to be furnished prior to registration as a condition thereto only if such FCM SwapClear Contract results from an FCM SwapClear Transaction that is a Block IRS Trade. For the avoidance of doubt, in respect of the registration of such an FCM SwapClear Transaction that is a Block IRS Trade, both FCM Clearing Members must have complied with all requirements to furnish sufficient Margin (taking into account available SwapClear Tolerance, if any) at the time of the Clearing House’s receipt of the second FCM Acceptance in accordance with the foregoing.

~~2A.3.2.2~~ FCM US Trading Venue Transactions

In respect of an FCM US Trading Venue Transaction, the relevant FCM Clearing Member shall, pursuant to FCM Regulation ~~30~~45(b), be deemed to have presented the FCM SwapClear Transaction for clearing when the Clearing House receives details of the FCM SwapClear Transaction via an FCM Approved Trade Source System pursuant to Section ~~2A.2.1.3-1(a)~~ 2A.2.1.3-1(a) of these FCM Procedures.

In accordance with Section ~~2A.2.1.3-5(e)~~ 2A.2.1.3-5(e) of these FCM Procedures, it is a precondition for registration of an FCM SwapClear Contract resulting from an FCM US Trading Venue Transaction that, no later than the Clearing House’s receipt of the relevant details of the FCM

SwapClear Transaction pursuant to Section ~~2A.2.1.3-1,(a)~~, both the FCM Clearing Members have complied with all requirements to furnish sufficient Margin (taking into account available SwapClear Tolerance, if any) in respect of such FCM SwapClear Contract, except that such Margin shall be required to be furnished prior to registration as a condition thereto only if such FCM SwapClear Contract results from an FCM SwapClear Transaction that is a Block IRS Trade.

~~(c) 2A.3.3-Trade Registration Facilitation: SwapClear Tolerance and Minimum — Excess Requirement (“MER”)~~

In order to facilitate the registration of new FCM SwapClear Transactions by FCM Clearing Members, the Clearing House may require the furnishing of additional Margin from those FCM Clearing Members participating in the MER Arrangements (as defined below) at the relevant time and may offer SwapClear Tolerance on a daily basis, as further described below.

The Clearing House will set MER requirements (where applicable) and SwapClear Tolerance Limits (as defined below) based on a number of factors, including an FCM Clearing Member's credit rating and risk profile, an analysis of the incremental risk registered by an FCM Clearing Member during an historic look-back period and, in the case of the overall value of the SwapClear Tolerance which may be made available to an FCM Clearing Member, whether the FCM Clearing Member is a participant in the MER Arrangements at the relevant time. However, the Clearing House sets MER requirements and SwapClear Tolerance Limits in its sole discretion, and may modify its methodologies at any time or may vary it across different FCM Clearing Members.

SwapClear Tolerance:

If an FCM Clearing Member has not furnished sufficient Margin to enable the registration of an FCM SwapClear Contract, then the Clearing House may provide such FCM Clearing Member with temporary “tolerance” in the form of Initial Margin forbearance (“**SwapClear Tolerance**”) to enable such registration. An FCM Clearing Member may utilize SwapClear Tolerance in between margin runs on a one-to-one basis to the value of the Initial Margin that would have been required to cover that FCM Clearing Member's Initial Margin requirements for newly registered FCM SwapClear Contracts registered in between margin runs. For the avoidance of doubt, SwapClear Tolerance is provided in the form of temporary Initial Margin forbearance and an FCM Clearing Member's utilization of SwapClear Tolerance does not give rise to any payment or transfer of Collateral by the Clearing House or result in any use of Default Fund resources (except following a default).

The Clearing House will determine, in its sole discretion, the maximum value of the SwapClear Tolerance (which may be zero) (the

“SwapClear Tolerance Limit”) which it will make available to an FCM Clearing Member at any particular time. SwapClear Tolerance is made available by the Clearing House to an FCM Clearing Member at the Clearing House's sole discretion. The Clearing House may adjust the value of an FCM Clearing Member's SwapClear Tolerance Limit, and/or require an FCM Clearing Member to provide Initial Margin in respect of any utilized SwapClear Tolerance, at any time and without prior notice to the relevant FCM Clearing Member. The Clearing House will provide each FCM Clearing Member with information regarding its SwapClear Tolerance Limit and will, as promptly as reasonably practicable, notify it following any adjustment to the amount of its SwapClear Tolerance Limit. Subject to the above, an FCM Clearing Member will typically be required to furnish Initial Margin in respect of any SwapClear Tolerance utilized by it in the margin run immediately following the time of the relevant registration of an FCM SwapClear Contract where SwapClear Tolerance was utilized.

Any failure of an FCM Clearing Member to satisfy an Initial Margin call relating to utilized SwapClear Tolerance may give rise to a default by such FCM Clearing Member — just as any failure by an FCM Clearing Member to satisfy any other type of Initial Margin call may give rise to a default.

Minimum Excess Requirement (“**MER**”):

The Clearing House has put in place arrangements (the “**MER Arrangements**”) (which will be optional for FCM Clearing Members) under which it will be able to call from each relevant FCM Clearing Member an amount of Margin (the “**MER Cover**”), in respect of that FCM Clearing Member's potential Margin requirements (with respect to the registration of FCM SwapClear Contracts) for the following day.

The Clearing House will calculate MER for each participating FCM Clearing Member using the same methodology and will publish such methodology to FCM Clearing Members. The Clearing House will provide 30 days' notice before implementing any changes to the methodology used for calculating MER.

FCM SwapClear Clearing Members are not required to participate in the MER Arrangements unless and until they elect to do so. In the event that an FCM Clearing Member wishes to change its participation status (the “**Participation Status**”) from opting in to the MER Arrangements to opting out, or vice versa, it should contact the Clearing House to request applicable documentation (swapclear.clientservices@lchclearnet.com). Changes in Participation Status are processed at the end of each month. All relevant documentation must be completed and returned to the Clearing House no later than 5 Business Days prior to the end of the month preceding the month to which the change in Participation Status applies. An FCM Clearing Member's Participation Status will remain unchanged

until the Business Day following the day that the Clearing House confirms via email that the change in Participation Status has been processed. The Clearing House shall be entitled to treat the Participation Status of an FCM Clearing Member as continuing unchanged from month to month until such time as appropriate notice is received from such FCM Clearing Member and processed by the Clearing House in accordance with the provisions of this paragraph.

Each FCM Clearing Member participating in the MER Arrangements will be called for MER Cover separately in respect of its Proprietary Account and/or its FCM Omnibus SwapClear Client Account with LCH. MER Cover is part of an FCM Clearing Member's required Initial Margin. Hence, for the avoidance of doubt, failure to furnish MER Cover when required by the Clearing House will constitute a breach of these FCM Procedures and the FCM Regulations. MER Cover deposited to an FCM Omnibus SwapClear Client Account with LCH is credited to its FCM Buffer Sub-Account, and treated as FCM Buffer. Any FCM Buffer (but not including Encumbered FCM Buffer) maintained in an FCM Omnibus SwapClear Client Account with LCH at End of Day is credited towards the satisfaction of any MER requirements applicable to such account during the End of Day margin run.

As FCM SwapClear Contracts are registered to an FCM Clearing Member's relevant accounts, the Clearing House will apply any available MER Cover (which is treated as FCM Buffer when held in an FCM Omnibus SwapClear Client Account with LCH) as Initial Margin in respect of such newly registered FCM SwapClear Contracts prior to utilizing any available SwapClear Tolerance (if any).

At each End of Day margin run, the Clearing House will recalculate and call, on an account by account basis, Required Margin in respect of the MER requirements applicable to each FCM Clearing Member participating in the MER Arrangements on such day.

(d) 2A.3.4 SwapClear FCM Approved Trade Source Systems and FCM US Trading – Venues

2A.3.4.1(i) FCM Approved Trade Source Systems

Currently Application for FCM Approved Trade Source System status shall be made in accordance with the policies published from time to time on the Clearing House's website. A list of FCM Approved Trade Source Systems ~~designated currently approved~~ by the Clearing House for ~~SwapClear~~ are ~~MarkitWire, Bloomberg, Javelin, SwapEx, TeraExchange, Tradeweb and TrueExis~~ available on the Clearing House's website. Where the Clearing House approves additional FCM Approved Trade Source Systems, it will notify FCM Clearing Members via member circular.

FCM SwapClear Transactions submitted through an FCM Approved Trade Source System must be in an acceptable message format, as prescribed by the Clearing House.

Notwithstanding the designation by the Clearing House of any system as an FCM Approved Trade Source System, the Clearing House makes no warranty (and will accept no liability) as to the effectiveness, efficiency, performance or any other aspect of the services provided by any FCM Approved Trade Source System or the timeliness or otherwise of the delivery of any FCM SwapClear Transaction details by that FCM Approved Trade Source System to the Clearing House. Such matters form part of the relationship between the FCM Clearing Members and that FCM Approved Trade Source System.

The Clearing House will process any FCM SwapClear Transaction reported to it by an FCM Approved Trade Source System on an “as is” basis, and subject to the FCM Regulations and these FCM Procedures, will register any such FCM SwapClear Transaction on the basis of the data provided to it by the FCM Approved Trade Source System and approved by the relevant FCM Clearing Member. The Clearing House has no obligation to verify that the details received, properly reflect the trade entered into by the relevant Executing Parties.

The Clearing House accepts no liability for any error within or corruption of any data sent by an FCM Approved Trade Source System to the Clearing House or to an FCM Clearing Member or any delay in or failure of the transmission of such data to the Clearing House. In the event that the Clearing House registers any FCM SwapClear Contract on the basis of incorrect or corrupted data sent to it by an FCM Approved Trade Source System and accepted by an FCM Clearing Member, the FCM Clearing Member concerned shall be bound by the terms of such FCM SwapClear Contract. The Clearing House shall use its reasonable ~~endeavor~~efforts to assist the relevant FCM Clearing Members in re-registering the trade on the correct basis but the Clearing House shall not be liable to the FCM Clearing Member or anyone else with regard to the registration (or lack of registration or re-registration) of any such FCM SwapClear Contract.

FCM Clearing Members shall ensure that transaction details accepted for registration are accepted by appropriately authorized personnel. Apart from the foregoing acceptance, the Clearing House is not able to, and will not, verify the authorization of the source of any details of any transaction reported to it for registration by any FCM Approved Trade Source System. The Clearing House shall have no liability in the event that any FCM Clearing Member suffers any loss through the unauthorized acceptance of an FCM Notification.

2A.3.4.2(ii) FCM US Trading Venues

While the Clearing House receives details of an FCM SwapClear Transaction via an FCM Approved Trade Source System pursuant to

Section ~~2A.2.1.3-1(a)~~ of these FCM Procedures, such FCM Approved Trade Source System may in providing such details to the Clearing House rely upon similar details delivered to it by an FCM US Trading Venue (where such FCM SwapClear Transaction is executed on such FCM US Trading Venue). Additionally, the Clearing House may rely on details relating to an FCM SwapClear Transaction obtained from an FCM US Trading Venue for verification purposes or in order to generate reports or to exercise its rights or discretion under Regulation ~~3045~~. In this regard, the Clearing House may direct the FCM US Trading Venues to use prescribed format messages or classifications.

Notwithstanding the approval by the Clearing House of any FCM US Trading Venues, the Clearing House makes no warranty (and will accept no liability) as to the effectiveness, efficiency, performance or any other aspect of the services provided by any FCM US Trading Venue or the timeliness or otherwise of the delivery of any FCM SwapClear Transaction details by that FCM US Trading Venue. Such matters form part of the relationship between the FCM Clearing Members and that FCM US Trading Venue.

The Clearing House will process any FCM SwapClear Transaction reported to it by an FCM US Trading Venue on an “as is” basis, and subject to the FCM Regulations and these FCM Procedures, may register any FCM SwapClear Contract arising from such FCM SwapClear Transaction on the basis of the data provided to it by the FCM Approved Trade Source System and the relevant FCM US Trading Venue. The Clearing House has no obligation to verify that the details received properly reflect the trade entered into by the relevant Executing Parties or that the FCM US Trading Venue is correctly applying the format messages or classifications that the Clearing House has prescribed.

The Clearing House accepts no liability for any error within or corruption of any data sent by an FCM US Trading Venue to the Clearing House or any delay in or failure of the transmission of such data to the Clearing House. In the event that the Clearing House registers any FCM SwapClear Contract on the basis of incorrect or corrupted data recorded by it or sent to it by an FCM US Trading Venue, the FCM Clearing Member concerned shall be bound by the terms of such FCM SwapClear Contract. The Clearing House shall use its reasonable endeavors to assist the relevant FCM Clearing Members in re-registering the trade on the correct basis but the Clearing House shall not be liable to the FCM Clearing Member or anyone else with regard to the registration (or lack of registration or re-registration) of any such FCM SwapClear Contract.

~~(e) 2A.3.5-Registration of New Trades and Backloaded Trades~~

~~(i) 2A.3.5.1—New Trades:~~

The following section does not apply to Backloaded Trades, which are dealt with in

~~Section 2A.3.5.22.1.3(e)(ii)~~ below.

As a precondition of registering an FCM SwapClear Contract resulting from an FCM SwapClear Transaction that is a Block IRS Trade, the Clearing House will require the FCM Clearing Member in whose name such FCM SwapClear Contract is to be registered to furnish to the Clearing House no later than the Clearing House's receipt of the relevant FCM Acceptance or, where such FCM SwapClear Contract results from an FCM US Trading Venue Transaction, no later than the Clearing House's receipt of the relevant FCM SwapClear Transaction details (and thereafter maintain) sufficient Margin in respect of such FCM Contract.— In determining whether sufficient Margin for registration is available, the Clearing House will take into account any Available FCM Buffer, MER and SwapClear Tolerance. Available FCM Buffer or MER will always be applied prior to taking into account any available SwapClear Tolerance. In respect of an FCM SwapClear Contract resulting from an FCM SwapClear Transaction that is not a Block IRS Trade, the FCM Clearing Member in whose name such FCM SwapClear Contract is registered shall furnish the Clearing House with sufficient Margin in respect of such FCM SwapClear Contract at such time after the registration of such FCM SwapClear Contract as the Clearing House shall require.

Notwithstanding the foregoing ~~(i)~~ (A) if the Clearing House registers a Block IRS Trade where one or both of the relevant FCM Clearing Members has not furnished sufficient Margin prior to registration, the FCM Clearing Members shall be bound by the terms of the FCM SwapClear Contract relating thereto arising under FCM Regulation ~~3045~~ (and in particular by paragraphs (c), (i) and (j) thereof) and any other applicable provision of the FCM Rulebook; and ~~(ii)~~ (B) if the Clearing House rejects an FCM SwapClear Transaction that is not a Block IRS Trade for insufficient Margin, ~~the~~ Clearing House shall use its reasonable endeavors to assist the relevant FCM Clearing Members in re-registering the FCM SwapClear Transaction on the correct basis but the Clearing House shall not be liable to any FCM Clearing Member or anyone else with regard to the registration (or lack of registration or re-registration) of any such FCM SwapClear Transaction.

Upon an FCM SwapClear Transaction being submitted to the Clearing House for registration and the conditions to registration specified in FCM Regulation ~~3045~~ (*Registration of FCM SwapClear Contracts; Novation and Post-Novation Compression; SwapClear Accounts*) having been satisfied in respect of the related FCM SwapClear Contract(s), the SwapClear clearing system will respond, after processing, with a message confirming the registration. The registration notification message will be sent using the SwapClear Clearing Member reporting system (including by way of the originating Approved Trade Source System). The definitive report of a registered SwapClear Contract will be shown within the SwapClear

Clearing Member reporting system (see Section ~~2A.1.3~~2.1.1(c)) on the SwapClear Clearing Member reporting account.——

~~(ii) 2A.3.5.2~~——Backloaded Trades:

An FCM SwapClear Transaction that has a Trade Date of greater than ten calendar days prior to the date of submission is considered a ~~B~~backloaded trade by the Clearing House (a “~~B~~**Backloaded Trade**”). Due to the nature of Backloaded ~~T~~Trades, FCM Clearing Members should note that a relatively large amount of cover is required in order to register such trades. The Clearing House provides the facility for FCM Clearing Members to load such eligible existing FCM SwapClear Transactions, through an FCM Approved Trade Source System (currently only MarkitWire). Where the Clearing House approves additional FCM Approved Trade Source Systems for these purposes, it will notify FCM Clearing Members via member circular. Backloading requires bilateral agreement between the relevant Executing Parties and acceptance by the FCM Clearing Member(s) and the SwapClear Clearing Member, if any, of the full particulars required by the Clearing House for each such FCM SwapClear Transaction.

At least once every Business Day, the Clearing House will carry out a process for the registration of Backloaded Trades (each, a “**Backload Registration Cycle**”) which have been submitted for clearing or with respect to which the Clearing House has received the one or more FCM Acceptances, if any. —Following each Backload Registration Cycle, the Clearing House will calculate the increase in Required Margin required to register the Backloaded Trade(s) and will notify each relevant FCM Clearing Member (the “**Backload Margin Call**”). The Backload Margin Call will be for the entire amount of Margin calculated by the increase in Required Margin, and the Backload Margin Call cannot be satisfied by and will not take into account SwapClear Tolerance (i.e., SwapClear Tolerance is not available for this purpose), or any available MER Cover, FCM Buffer or Excess ~~Cover~~Margin (other than that which has been expressly allocated for that purpose, as described in the paragraph below).— In connection with a Backload Margin Call, following the time that an FCM Clearing Member is required to furnish the Clearing House with the Margin associated with such Backload Margin Call (the “**Backload Margin Call Deadline**”), the Clearing House will issue such FCM Clearing Member a subsequent margin call to furnish Margin in respect of any ~~increase in~~ SwapClear Tolerance utilisation as of the time of the Backload Margin Call Deadline (if any).

Where an individual FCM Clearing Member determines that the Backloaded Trade(s) that it is submitting for registration will lead to an aggregate change in the net present value of its portfolio of FCM SwapClear Contracts in excess of a threshold amount (the “~~Individual Backload Value Threshold~~”) as published by the Clearing House from time to time, it shall notify the Clearing House before the end of the Business Day preceding the Backload

Registration Cycle. In the event that the Clearing House does not receive such notification and the change in net present value of the FCM Clearing Member's portfolio of FCM SwapClear Contracts is in excess of the Individual Backload Value Threshold the Clearing House may, in its sole discretion, exclude that FCM Clearing Member from the Backload Registration Cycle or postpone or cancel the entire Backload Registration Cycle.

Where an FCM Clearing Member notifies the Clearing House of a change in net present value in excess of the Individual Backload Value Threshold, the Clearing House shall inform the FCM Clearing Member whether it will be required to pre-fund the Backload Margin Call and, if so, how it should be delivered such that it will be made available for a Backload Registration Cycle.

In the event that the aggregate Backload Margin Call required from all FCM Clearing Members participating in a Backload Registration Cycle is in excess of a pre-determined threshold amount (the **"Aggregate Backload Margin Threshold"**) as published by the Clearing House from time to time, the Clearing House may postpone or cancel the relevant Backload Registration Cycle.

Where the Clearing House postpones or cancels a Backload Registration Cycle it shall notify those FCM Clearing Members that were intending to participate in the Backload Registration Cycle.

Backloaded Trades received by the Clearing House in advance of a Backload Registration Cycle will be 'parked' until the next Backload Registration Cycle (whether that Backload Registration Cycle is on the same Business Day or the following Business Day).

In order for the registration of the Backloaded Trades included in a Backload Registration Cycle to complete, Margin from each FCM Clearing Member (and each SwapClear Clearing Member, if applicable) which is party to a Backloaded Trade within that Backload Registration Cycle must be furnished as required to the Clearing House in advance.

A Backloaded Trade which has been submitted for clearing (or with respect to which the Clearing House has received the one or more FCM Acceptances, if any) shall be deemed to have been submitted by the FCM Clearing Member(s) or the FCM Clearing Member and the SwapClear Clearing Member (as the case may be) for registration by the Clearing House at such time that the Clearing House determines that sufficient Margin has been furnished to register that Backloaded Trade.

For any FCM SwapClear Transaction which is a Backloaded Trade, where one leg is to be registered as a Non-FCM SwapClear Contract, the UK General Regulations and UK General Procedures will apply with respect to such registration of the Non-FCM SwapClear Contract.

The Clearing House shall publish the following via member circular:

- i. (A) times of Backload Registration Cycles;
- ii. (B) the Individual Backload Value Threshold; and
- iii. (C) the Aggregate Backload Margin Threshold.

~~(f) 2A.3.6~~ *Notification*

The Clearing House will notify FCM Clearing Members of the registration or rejection of FCM SwapClear Transactions, or contracts purported as such, via the SwapClear FCM Clearing Member Reporting System (see Section ~~2A.1.3~~2.1.1(c)) and the originating FCM Approved Trade Source System messaging service for onward transmission to the submitting FCM Clearing Member.

~~(g) 2A.3.7~~ *Rejected Trades*

Trades submitted for registration that do not meet the product or other eligibility criteria prescribed from time to time by the Clearing House (including a trade submitted by or on behalf of an FCM Clearing Member that was executed on a (i) US Trading Venue that was not at the time of execution of such trade an FCM Eligible US Trading Venue in respect of such FCM Clearing Member or (ii) trading venue or facility that had not at the time of the execution of such trade been approved by the Clearing House as an FCM US Trading Venue) or which contain invalid or incomplete message data, or with respect to which the Clearing House has not been furnished with sufficient Margin (taking into account available SwapClear Tolerance, if any), will be rejected, except that such Margin shall be required to be furnished prior to registration as a condition to the registration of such trade only if such trade is a Block IRS Trade. If, at any time, the Clearing House does not register a trade presented for registration it will notify the contracting parties of the reasons for rejection.

~~2.1.4 2A.4~~ *Position Accounts*

~~(a) 2A.4.1~~ *FCM Accounts*

For identification purposes each FCM Clearing Member is assigned a unique three-character mnemonic with respect to its accounts relating to FCM SwapClear Contracts. An FCM Clearing Member's position and financial information are further identified by a single character code: C for client business; and H for house business.

(b) ~~2A.4.2~~ Position-Keeping Accounts**FCM Clearing Member Accounts**

The account types are: H for house business (Proprietary Account); and C for segregated client business (an FCM Omnibus SwapClear Client Account with LCH). An FCM Clearing Member's FCM SwapClear Contract positions are also recorded within the FCM SwapClear clearing system in SwapClear accounts.

All registered FCM SwapClear Contracts will be identifiable to FCM Clearing Members via SwapClear FCM Clearing Member Reporting (see Section ~~2A.1.3~~-2.1.1(c)). All registered FCM SwapClear Contracts will be maintained only in SwapClear accounts (identified as such by a unique three letter mnemonic). Each FCM SwapClear Contract will also be assigned a unique trade identifier. The SwapClear FCM Clearing Member Reporting functionality also allows each FCM Clearing Member to identify all FCM SwapClear Contracts registered in its name.

~~2.1.5~~ ~~2A.5~~ Financial Accounts

FCM Clearing Member accounts have financial accounts associated with them. These are, *inter alia*, used to record cash balances and securities/documentary credits. Information contained within position-keeping accounts is consolidated into financial accounts, as follows:

(a) ~~2A.5.1~~ Relationship with Position-Keeping Accounts

<u>Trading Position-keeping Account</u>	<u>Financial Account</u>	
H	House- <u>H</u> H	Proprietary Account
C	Client- <u>C</u> C	LCH SwapClear Client Segregated Depository Account used for Initial Margin Flows
	Client <u>L</u> L	LCH SwapClear Client Segregated Depository Account used for Variation Margin Flows

The C account is a Cleared Swaps Customer Account as defined in Part 22 of the CFTC Regulations.

(b) ~~2A.5.2~~ Other Financial Accounts

At the Clearing House's discretion, further financial accounts, used only to record financial balances, may be opened as follows:

	<u>Code</u>
Additional Margin accounts (House), used for holding additional cash in relation to Proprietary business	B
Additional Margin account (Client), used for holding additional cash in relation to FCM Client Business	E

The E Account is a Cleared Swaps Customer Account as defined in Part 22 of the CFTC Regulations.

~~(c) 2A.5.3~~ *Default Fund (DF) Account*

Each FCM Clearing Member's Contribution is held in a separate financial account. The DF account code is "F".

~~2.1.6 2A.6~~ *FCM SwapClear Contract Valuation*

~~(a) 2A.6.1~~ *Net Present Value*

The Clearing House will calculate the Net Present Value (NPV) of each eligible FCM SwapClear Contract using the Clearing House's zero coupon yield curves.

It is a condition of registration that sufficient Margin, as determined by the Clearing House, is furnished to the Clearing House to cover the Clearing House's Margin requirements for each FCM SwapClear Transaction (taking into account, for these purposes, available SwapClear Tolerance, if any), except that such Margin shall be required to be furnished prior to registration as a condition thereto only if such FCM SwapClear Transaction is a Block IRS Trade.

All FCM SwapClear Contracts credited to an FCM Clearing Member will, on submission to the Clearing House, be marked-to-market, in accordance with FCM Regulation ~~34.46~~ *(Collateralization of FCM SwapClear Contracts)*. The NPV so determined must, subject to Intra-day Registration (see Section ~~2A.3.5~~, 2.1.3(e)), be paid by the FCM Clearing Member in cash in the currency of the FCM SwapClear Contract. Where an FCM SwapClear Transaction is registered intra-day, and the NPV is covered with non-cash Collateral, the Clearing House will, the following Business Day, require payment of the full cash amount.

~~(b) 2A.6.2~~ *Zero Coupon Yield Curve Construction*

The Clearing House will determine, at its sole discretion, appropriate instruments, points and market prices for the construction of zero coupon curves and portfolio valuation. Details of the construction method and Instruments used are available on request from the

Clearing House Risk Management Department at +44 (0)20 7426 7549, but may be subject to change without prior notification.

(c) ~~2A.6.3~~ Official Quotations

Zero Coupon Yield curves will use prices and rates taken at:

All times quoted, are London time.

AUD	12:00
CAD	20:00
CHF LIBOR & OIS	16:15
CZK	16:15
DKK	16:15
EURO LIBOR	16:15
GBP LIBOR	16:15
HKD	12:00
HUF	16:15
JPY	12:00
NOK	16:15
NKD	12:00
PLN	16:15
SEK	16:15
SGD	12:00
USD LIBOR & OIS	20:00
ZAR	16:15
EURO OIS	18:15

GBP	
OIS	17:15

Zero coupon yield curves used for daily marking to market will be published on the Clearing House's Member Reporting website after the end of each Business Day.

(d) ~~2A.6.4~~ *Variation Margin*

On the date of registration, the Net Present Value of an FCM SwapClear Contract will be credited to or debited from the applicable FCM Clearing Member's financial accounts in cash in denomination currency.

On all subsequent days, the change in the Net Present Value from one Business Day to the next will be credited to or debited from such FCM Clearing Member's financial accounts in cash in denomination currency.

~~2A.6.5~~ Separate Variation Margin calculations are performed in respect of an FCM Clearing Member's house "H" account and in respect of an FCM Clearing Member's client "C" account. No offset between the "C" and the "H" accounts is permitted. The Clearing House shall make or receive a separate Variation Margin payment in respect of each house "H" account and each client "C" account (subject to the Default Rules) of each FCM Clearing Member.

(e) ~~Price Alignment Interest~~

In order to compensate for the payment of changes in NPV on a daily basis for FCM SwapClear Transactions cleared through the Clearing House, the Clearing House will for each FCM Clearing Member either charge interest on cumulative variation margin received, or pay interest on cumulative variation margin paid (see Section ~~3.5.2~~ 3.5.2). Price Alignment Interest is debited, credited and netted in accordance with the Clearing House's normal practices.

2.1.7 ~~2A.7~~ *Coupon Payments*

(a) ~~2A.7.1~~ *Calendars and Coupons*

Payment dates for coupon payments will be set based on the SwapsMonitor Financial Calendar (see Section ~~2A.2.3~~ 2.1.2(c)). Changes to the calendar that affect FCM SwapClear Contracts will be published and made available to FCM Clearing Members by the Clearing House in an FCM Clearing Member Report. The central control and publication of these calendars will assist the reconciliation of coupon payments between FCM Clearing Members and the

Clearing House. Coupon payments will be adjusted, in the event of a holiday amendment, in accordance with the FCM SwapClear Contract Terms.

(b) ~~2A.7.2~~ *Calculation of Fixed Amount*

The Clearing House will calculate the Fixed Amount payable by a party on a Payment Date as either:

(i) ~~(a)~~—if an amount is specified for the FCM SwapClear Contract as the Fixed Amount payable by that party for that Payment Date or for the related Calculation Period, such amount; or

(ii) ~~(b)~~—if an amount is not specified for the FCM SwapClear Contract as the Fixed Amount payable by that party for that Payment Date or for the related Calculation Period, an amount calculated on a formula basis for that Payment date or for the related Calculation Period as follows:

$$\text{Fixed Amount} = \text{Calculation Amount} \times \text{Fixed Rate} \times \text{Fixed Rate Day Count Fraction}$$

2A.7.3

$$\text{Fixed Amount} = \text{Calculation Amount} \times \text{Fixed Rate} \times \text{Fixed Rate Day Count Fraction}$$

(c) *Calculation of Floating Amount*

The Clearing House will calculate the Floating Amount payable by a party on a Payment Date as an amount calculated on a formula basis for that Payment Date or for the related Calculation Period as follows:

$$\text{Floating Amount} = \text{Calculation Amount} \times \text{Floating Rate} \times \text{Floating Rate Day Count Fraction} (+/- \text{ Spread})$$

2A.7.4

$$\text{Floating Amount} = \text{Calculation Amount} \times \text{Floating Rate} \times \text{Fixed Rate Day Count Fraction} (+/- \text{ Spread})$$

(d) *OIS Coupon Calculation*

Compounding Rate Calculations

The rate used for the OIS rate is calculated according to ISDA 2006 Definitions. The formula for these calculations is given below.

USD-Federal Funds-H.15-OIS-COMPOUND

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{FEDFUND}_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

$$\underline{\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{FEDFUND}_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}}$$

Where:

“**d0**” for any Calculation Period is the number of New York Banking Days in the relevant Calculation Period;

“**i**” is a series of whole numbers from 1 to d0, each representing the relevant New York Banking Days in chronological order from, and including, the first New York Banking Day in the relevant Calculation Period;

“**FEDFUND_i**”, for any day “**i**” in the relevant Calculation Period, is a reference rate equal to the rate set forth in H.15(519) in respect of the day under the caption “EFFECT”, as such rate is displayed on the Reuters Screen FEDFUNDS1 Page, in respect of any day “**i**”, the rate for that will be agreed between the parties, acting in good faith and in a commercially reasonable manner. If the parties cannot agree, the rate for that day will be the rate displayed on the Reuters FEDFUNDS1 Page, in respect of the first preceding New York Banking Day;

“**n_i**” is the number of calendar days in the relevant Calculation Period on which the rate is FEDFUND_i; and

“**d**” is the number of calendar days in the relevant Calculation Period.

CHF-TOIS-OIS-COMPOUND

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{TOIS}_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

$$\underline{\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{TOIS}_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}}$$

Where:

“**d0**” for any Calculation Period is the number of Zurich Banking Days in the relevant Calculation Period;

“**i**” is a series of whole numbers from 1 to **d0**, each representing the relevant Zurich Banking Days in chronological order from, and including, the first Zurich Banking Day in the relevant Calculation Period;

“**TOIS_i**”, for any day “**i**” in the relevant Calculation Period, is a reference rate equal to the rate for tomorrow next deposits in Swiss Francs which appears on the Reuters Screen CHFTOIS= as of 11:00 a.m., Zurich time, on the day that is one Zurich Banking Day preceding that day;

“**n_i**” is the number of calendar days in the relevant Calculation Period on which the rate is TOIS_i; and

“**d**” is the number of calendar days in the relevant Calculation Period.

GBP-WMBA-SONIA-COMPOUND

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{SONIA}_i \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

$$\underline{\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{SONIA}_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}}$$

Where:

“**d0**” for any Calculation Period is the number of London Banking Days in the relevant Calculation Period;

“**i**” is a series of whole numbers from 1 to **d0**, each representing the relevant London Banking Days in chronological order from, and including, the first London Banking Day in the relevant Calculation Period;

“**SONIA_i**”, for any day “**i**” in the relevant Calculation Period, is a reference rate equal to the overnight rate as calculated by the Wholesale Market Brokers²¹ Association and appearing on the Reuters Screen SONIA Page in respect of that day;

“**n_i**” is the number of calendar days in the relevant Calculation Period on which the rate is SONIA_i; and

“**d**” is the number of calendar days in the relevant Calculation Period.

EUR-EONIA-OIS-COMPOUND

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{EONIA}_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

$$\frac{\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{EONIA}_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}}$$

Where:

“**d0**” for any Calculation Period is the number of TARGET Settlement Days in the relevant Calculation Period;

“**i**” is a series of whole numbers from 1 to d0, each representing the relevant TARGET Settlement Days in chronological order from, and including, the first TARGET Settlement Days in the relevant Calculation Period;

“**EONIA_i**”, for any day “**i**” in the relevant Calculation Period, is a reference rate equal to the overnight rate as calculated by the European Central Bank and appearing on the Reuters Screen EONIA Page in respect of that day;

“**n_i**” is the number of calendar days in the relevant Calculation Period on which the rate is EONIA_i; and

“**d**” is the number of calendar days in the relevant Calculation Period.

CAD-CORRA-OIS-COMPOUND

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{CORRA}_i \times n_i}{365} \right) - 1 \right] \frac{365}{d}$$

$$\frac{\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{CORRA}_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}}$$

Where:

“**d0**” for any Calculation Period is the number of Toronto Banking Days in the relevant Calculation Period;

“**i**” is a series of whole numbers from one to d0, each representing the relevant Toronto Banking Day in chronological order from, and including, the first Toronto Banking Day in the relevant Calculation Period;

“**CORRA_i**”, for any day “**i**” in the relevant Calculation Period, is a reference rate equal to the daily fixing for Canadian Dollar overnight repurchase rate as published at approximately 9:00 am, Toronto time, on the day that is one Toronto Banking Day following that day “**i**” on

the Bank of Canada website page address <http://www.bankofcanada.ca/fmd/monmrt.htm>. If such rate does not appear on such Bank of Canada website page in respect of any day “i”, the rate for that day will be as agreed between the parties, acting in good faith and in a commercially reasonable manner. If the parties cannot agree, the rate for that day will be the rate displayed on the Bank of Canada website page <http://www.bankofcanada.ca/fmd/monmrt.htm> in respect of the first preceding Toronto Banking Day;

“ni” is the number of calendar days in the relevant Calculation Period on which the rate is CORRAi; and

“d” is the number of calendar days in the relevant Calculation Period.

(e) ~~2A.7.5~~ Calculation of Compounded Amount

Depending on whether the FCM SwapClear Contract is submitted under ISDA 2000 or ISDA 2006 Definitions, the Clearing House will calculate the compounded floating amount payable by an FCM Clearing Member on a Payment Date as an amount calculated in accordance with Articles 6.1 to 6.3 inclusive of the relevant definitions.

(f) ~~2A.7.6~~ Calculation of FRA Discounting (Article 8.4 of the 2006 ISDA Definitions)

Where FRA Discounting is specified for CAD, CHF, CZK, DKK, EUR, HUF, JPY, NOK, PLN, SEK, USD, ZAR the FRA Amount will be calculated in accordance with the following formula:

$$\text{FRA Amount} = \frac{\text{Calculation Amount} \times \left[\begin{array}{l} (\text{Floating Rate} + \\ \text{Spread}) \\ - \text{Fixed Rate} \end{array} \times \frac{\text{Floating Rate Day Count}}{\text{Fraction}} \right]}{1 + \left[\text{Discount Rate} \times \frac{\text{Discount Rate Day Count}}{\text{Fraction}} \right]}$$

$$\text{FRA Amount} = \frac{\text{Calculation Amount} \times \left[\text{Floating Rate} + \text{Spread} \right] - \text{Fixed Rate} \times \frac{\text{Floating Rate Day Count}}{\text{Fraction}}}{1 + \left[\text{Discount Rate} \times \frac{\text{Discount Rate Day Count}}{\text{Fraction}} \right]}$$

Where FRA Discounting is specified for AUD Forward Rate Transactions and NZD Forward Rate Transactions then FRA Yield Discounting will be applied and the FRA Amount calculated in accordance with the following formula:

$$\text{FRA Amount} = \text{Calculation Amount} \times 365 \times \left[\frac{1}{365 + [R_1 \times ND]} - \frac{1}{365 + [R_2 \times ND]} \right]$$

$$\text{FRA Amount} = \text{Calculation Amount} \times 365 \times \left\{ \frac{1}{365 + R_1 \times ND} - \frac{1}{365 + [R_2 \times ND]} \right\}$$

Where:

R1 is the sum of the Floating Rate and the Spread on the payment date, expressed as a decimal

R2 is the Fixed Rate, expressed as a decimal

ND is the actual number of days in the calculation period

(g) ~~2A.7.7~~ *Business Day and Business Day Convention*

In determining whether a day is a Business Day the Clearing House will only apply the Financial Centers specified in the matched FCM SwapClear Transaction message. The Clearing House will in the event of non-business days apply the Business Day Conventions as specified in the matched FCM SwapClear Transaction message.

(h) ~~2A.7.8~~ *Payment of Coupons*

After adjusting coupons, in accordance with the appropriate Business Day and Business Day Conventions, the Clearing House will credit or debit FCM Clearing Members' Accounts with the appropriate Fixed or Floating Amount with a value date matching the Coupon Payment Date. In the event of SwapClear being closed on a Coupon Payment Date it will pay the Fixed and Floating Amounts on the next Business Day following the Coupon Payment Date.

(i) ~~2A.7.9~~ *Calculation Periods*

In respect of any Calculation Period that is a not a whole calendar month (a stub period), the Reset Rate for the Reset Date in respect of that Calculation Period shall be determined by the Clearing House with reference to the rate(s) specified in the matched format message.

(j) ~~2A.7.10~~ *Day Count Fractions: ISDA 2000*

Day count fractions will be applied to deal legs independently as they are communicated via the matched format message.

Where the FCM SwapClear Transaction is submitted under the ISDA 2000 Definitions, the Clearing House will calculate Day Count Fractions in accordance with the following principles:

~~(i) (a)~~ if “**Actual/365**” or “**Actual/Actual**” is specified, the actual number of days in the Calculation Period in respect of which payment is being made divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);

~~(ii) if “**Actual/365 (Fixed)**” is specified, the actual number of days in the Calculation Period in respect of which payment is being made divided by 365; (b) if “**Actual/365 (Fixed)**” is specified, the actual number of days in the Calculation Period in respect of which payment is being made divided by 365;~~

~~(iii) (c)~~ if “**Actual/360**” is specified, the actual number of days in the Calculation Period in respect of which payment is being made divided by 360;

~~(iv) (d)~~ if “**30/360**”, “**360/360**”, “**Bond Basis**”, “**30E/360**” or “**Eurobond Basis**” is specified the actual number of days in the Calculation Period in respect of which payment is being made will be determined in accordance with the following formula:

~~$$((Y2 - Y1) * 360) + ((M2 - M1) * 30) + (D2 - D1)$$~~

$$\frac{((Y2 - Y1) * 360) + ((M2 - M1) * 30) + (D2 - D1)}{}$$

where D1, M1 and Y1 are the day, month and year respectively on which the period begins and D2, M2 and Y2 are the day, month and year respectively on which the period ends (coupon payment date).

In accordance with this formula the following will be applied:

~~(A) (i)~~ if “**30/360**”, “**360/360**” or “**Bond Basis**” is specified the Clearing House will

if D1 is 31 amend it to 30,

if D2 is 31 amend it to 30 only if D1 is 30 or 31; or

~~(B) (ii)~~ if “**30E/360**” or “**Eurobond Basis**” is specified the Clearing House will

if D1 is 31 then amend it to 30

if D2 is 31 then amend it to 30.

~~(v)~~ ~~(e)~~—For Actual/Actual (ISMA): “The [Fixed/Floating] Amount will be calculated in accordance with Rule 251 of the statutes, by-laws, rules and recommendations of the International Securities Market Association, as published in April 1999, as applied to straight and convertible bonds issued after 31 December ~~31~~, 1998, as though the [Fixed/Floating] Amount were the interest coupon on such a bond”.

~~(k)~~ ~~2A.7.11~~—*Day Count Fractions: ISDA 2006*

Day count fractions will be applied to deal legs independently as they are communicated via the matched format message.

Where the FCM SwapClear Transaction is submitted under the ISDA 2006 Definitions, the Clearing House will calculate Day Count Fractions in accordance with the following principles:

~~(i)~~ ~~(a)~~—if “**Actual/Actual**”, “**Actual/Actual (ISDA)**”, “**Act/Act**”, or “**Act/Act-(ISDA)**” is specified, the actual number of days in the Calculation Period in respect of which payment is being made divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);

~~(ii)~~ ~~(b)~~—if “**Actual/365 (Fixed)**” is specified, the actual number of days in the Calculation Period in respect of which payment is being made divided by 365;

~~if “**Actual/365 (Fixed)**” is specified, the actual number of days in the Calculation Period in respect of which payment is being made divided by 365;~~

~~(iii)~~ ~~(c)~~—if “**Actual/360**” is specified, the actual number of days in the Calculation Period in respect of which payment is being made divided by 360;

~~(iv)~~ ~~(d)~~—“**30/360**”, “**360/360**” or “**Bond Basis**” is specified the number of days in the Calculation Period or Compounding Period in respect of which payment is being made divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{((360 \times (Y2 - Y1)) + (30 \times (M2 - M1)) + (D2 - D1))}{360}$$

$$\text{DayCountFraction} = \frac{((360 \times (Y2 - Y1)) + (30 \times (M2 - M1)) + (D2 - D1))}{360}$$

where:

“**Y1**” is the year, expressed as a number, in which the first day of the Calculation or Compounding Period falls;

“**Y2**” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation or Compounding Period falls;

“**M1**” is the calendar month, expressed as a number, in which the first day of the Calculation Period or Compounding Period falls;

“**M2**” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation or Compounding Period falls;

“**D1**” is the first calendar day, expressed as a number, of the Calculation period or Compounding Period, unless such number would be 31, in which case D1 will be 30 and

“**D2**” is the Calendar day, expressed as a number, immediately following the last day included in the Calculation Period or Compounding Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30; and

~~(v)~~ ~~(e)~~ —if “**30/E60**” or “**Eurobond**” basis is specified, the number of days in the Calculation or Compounding Period in respect of which payment is being made divided by 360, calculate on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{((360 \times (Y2 - Y1)) + (30 \times (M2 - M1)) + (D2 - D1))}{360}$$

$$\text{DayCountFraction} = \frac{((360 \times (Y2 - Y1)) + (30 \times (M2 - M1)) + (D2 - D1))}{360}$$

where:

“**Y1**” is the year, expressed as a number, in which the first day of the Calculation or Compounding Period falls;

“**Y2**” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation or Compounding Period falls;

“**M1**” is the calendar month, expressed as a number, in which the first day of the Calculation Period or Compounding Period falls;

“**M2**” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation or Compounding Period falls;

“**D1**” is the first calendar day, expressed as a number, of the Calculation period or Compounding Period, unless such number would be 31, in which case D1 will be 30; and

“**D2**” is the calendar day, expressed as a number, immediately following the last day included in the Calculation or Compounding Period, unless such number would be 31, in which case D2 will be 30.

~~(vi)~~ ~~(f)~~—if 30E/360(ISDA) is specified, the number of days in the Calculation or Compounding period in respect of which payment is being made divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{((360 \times (Y2 - Y1)) + (30 \times (M2 - M1)) + (D2 - D1))}{360}$$

$$\text{DayCountFraction} = \frac{((360 \times (Y2 - Y1)) + (30 \times (M2 - M1)) + (D2 - D1))}{360}$$

where:

“**Y1**” is the year, expressed as a number, in which the first day of the Calculation or Compounding Period falls;

“**Y2**” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation or Compounding Period falls;

“**M1**” is the calendar month, expressed as a number, in which the first day of the Calculation Period or Compounding Period falls;

“**M2**” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation or Compounding Period falls;

“**D1**” is the first calendar day, expressed as a number, of the Calculation period or Compounding Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and

“**D2**” is the calendar day, expressed as a number, immediately following the last day included in the Calculation or Compounding Period, unless (i) that day is the last day of February but NOT the termination date or (ii) such number would be 31, in which case D2 will be 30.

~~(vii)~~ ~~(g)~~—If “**Actual/Actual**” (ICMA) or “**Act/Act**” (ICMA) is specified, a fraction equal to “number of days accrued/number of days in year”, as such terms are used in Rule 251 of the statutes, by-laws, rules and recommendations of the International Capital Market Association (the “**ICMA Rule Book**”), calculated in accordance with Rule 251 of the ICMA Rule Book as applied to non-US Dollar denominated straight and convertible bonds issued after ~~21~~ December ~~21~~, 1998, as though the interest coupon on a bond were being calculated for a coupon period corresponding to the Calculation Period or Compounding Period in respect of which payment is being made.

~~(l)~~ ~~2A.7.12~~—*Reset Rates*

Reset Rates will be published by the Clearing House via the Rate Reset reports.

The Clearing House will apply the following principles in calculating Reset Rates:

~~(i)~~ ~~(a)~~—“**GBP-LIBOR-BBA**” means that the rate for a Reset Date will be the rate for deposits in Sterling for a period of the Designated Maturity which appears on the Reuters Screen LIBOR01 Page as of 11:00 hours, London time, on that Reset Date.

~~(ii)~~ ~~(b)~~—“**USD-LIBOR-BBA**” the rate for US Dollar deposits for a period of the Designated Maturity which appears on Reuters Screen LIBOR01 as of 11:00 hours, London time, on the day that is two London Banking Days preceding that Reset Date.

~~(iii)~~ ~~(c)~~—“**Euro-LIBOR-BBA**” the rate for Euro deposits for a period of the Designated Maturity which appears on the Reuters Screen LIBOR01 as of 11:00 hours, London time, on the day that is two TARGET Settlement Days preceding that Reset Date.

~~(iv)~~ ~~(d)~~—“**Euro-EURIBOR-Telerate (ISDA2000)**” / “**Euro-EURIBOR-Reuters**” the rate for Euro deposits for a period of the Designated Maturity which appears on the Reuters Screen EURIBOR01 as of 11:00 hours, Brussels time, on the day that is two TARGET Settlement Days preceding that Reset Date.

~~(v)~~ ~~(e)~~—“**JPY-LIBOR-BBA**” the rate for Japanese Yen deposits or a period of the Designated Maturity which appears on the Reuters Screen LIBOR01 as of 11:00 hours, London time, on the day that is two London Banking Days preceding that Reset Date.

(vi) ~~(f)~~ — “**CHF-LIBOR-BBA**” means that the rate for a Reset Date will be the rate for deposits in Swiss Francs for a period of the Designated Maturity which appears on the Reuters Screen LIBOR02 as of 11:00 hours, London time, on the day that is two London Banking Days preceding that Reset Date.

(vii) ~~(g)~~ — “**AUD-BBR-BBSW²**” means that the rate for a Reset Date will be the average mid-rate, for Australian Dollar bills of exchange having a tenor of the Designated Maturity, which appears on the Reuters screen BBSW Page at approximately 10:10 hours, Sydney time, on that Reset Date.

(viii) ~~(h)~~ — “**AUD-LIBOR-BBA**” means that the rate for a Reset Date will be the rate for deposits in Australian Dollars for a period of the Designated Maturity which appears on the Reuters Screen LIBOR02 as of 11:00 hours, London time, on the day that is two London Banking Days preceding that Reset Date.

(ix) ~~(i)~~ — “**CAD-BA-CDOR²**” means that the rate for a Reset Date will be the average rate for Canadian Dollar bankers acceptances for a period of the Designated Maturity which appears on the Reuters Screen CDOR page as of 10:00 hours, Toronto time, on that Reset Date.

(x) ~~(j)~~ — “**CAD-LIBOR-BBA**” means that the rate for a Reset Date will be the rate for deposits in Canadian Dollars for a period of the Designated Maturity which appears on the Reuters Screen LIBOR01 as of 11:00 hours, London time, on the day that is two London Banking Days preceding that Reset Date.

(xi) ~~(k)~~ — “**CZK-PRIBOR-PRBO**” means that the rate for a Reset Date will be the rate for deposits in Czech Koruna for a period of the Designated Maturity which appears on the Reuters Screen PRBO page as of 10:00 hours, Prague time, on the day that is two Prague Banking days preceding that Reset Date.

(xii) ~~(l)~~ — “**DKK-CIBOR-DKNA13**” means that the rate for a Reset Date will be the rate for deposits in Danish Kroner for a period of the Designated Maturity which appears on the Reuters Screen DKNA13 Page as of 11:00 hours, Copenhagen time, on that Reset Date.

(xiii) ~~(m)~~ — “**DKK-CIBOR2-DKNA13**” means that the rate for a Reset Date will be the rate for deposits in Danish Kroner for a period of the Designated Maturity which appears on the Reuters Screen DKNA13 Page as of 11:00 hours, Copenhagen time, on the day that is two Copenhagen Banking Days preceding that Reset Date.

(xiv) ~~(n)~~ — “**HKD-HIBOR-HIBOR**” means that the rate for a Reset Date will be the rate for deposits in Hong Kong Dollars for a period of the Designated Maturity which appears on the Reuters Screen HIBOR1=R Page (for Designated Maturities of one month to six months, inclusive) or the Reuters Screen HIBOR2=R Page (for Designated Maturities of seven months to one year, inclusive), in each case across from the caption ~~“FIXING@11:00”~~ “FIXING@11:00” as of 11:00 hours, Hong Kong time, on that Reset Date.

(xv) ~~(o)~~ — “**HKD-HIBOR-HKAB**” means that the rate for a Reset Date will be the rate for deposits in Hong Kong Dollars for a period of the Designated Maturity which appears on the Reuters Screen HKABHIBOR as of 11:00 hours, Hong Kong time, on that Reset Date.

(xvi) ~~(p)~~ — “**HKD-HIBOR-ISDC**” (ISDA2000) means that the rate for a Reset Date will be the rate for deposits in Hong Kong Dollars for a period of the Designated Maturity which appears on the Reuters Screen ISDC Page as of 11:00 hours, Hong Kong time, on that Reset Date.

(xvii) ~~(q)~~ — “**HUF-BUBOR-Reuters**” means that the rate for a Reset Date will be the rate for deposits in Hungarian Forint for a period of the Designated Maturity which appears on the Reuters Screen BUBOR= page as of 10:00 hours, Budapest time, on the day that is two Budapest Banking days preceding that Reset Date.

(xviii) ~~(r)~~ — “**NOK-NIBOR-NIBR**” means that the rate for a Reset Date will be the rate for deposits in Norwegian Kroner for a period of the Designated Maturity which appears on the Reuters Screen NIBR Page as of 12:00 noon, Oslo time, on the day that is two Oslo Banking Days preceding that Reset Date.

(xix) ~~(s)~~ — “**NZD-BBR-Telerate**” (ISDA2000) means that the rate for a Reset Date will be the fixed midrate for New Zealand Dollar bills of exchange for a period of the Designated Maturity which appears on the Telerate Page 2484 as of 11:00 hours, Wellington time, on that Reset Date.

(xx) ~~(t)~~ — “**NZD-BBR-FRA**” means that the rate for a Reset Date will be the rate for the New Zealand Dollar bills of exchange for a period of designated maturity which appears on the Reuters Screen BKBM Page opposite the caption of “FRA” as of 11:00 hours, Wellington time, on that Reset Date.

(xxi) ~~(u)~~ — “**SEK-STIBOR-SIDE**” means that the rate for a Reset Date will be the rate for deposits in Swedish Kronor for a period of the Designated Maturity which appears on the Reuters Screen SIDE page under the caption ~~“FIXINGS”~~ “FIXINGS” as

of 11:00 hours, Stockholm time, on the day that is two Stockholm Banking days preceding that Reset Date.

~~(xxii)~~ ~~(v)~~ — “**SGD-SOR-VWAP**” means that the rate for a Reset Date will be the synthetic rate for deposits in Singapore Dollars for a period of the Designated Maturity which appears on the Reuters Screen ABSFIX01 Page under the heading “SGD SOR rates” as of 11:00 a.m., London time, on the day that is two Singapore and London Banking Days preceding that Reset Date.

~~(xxiii)~~ ~~(w)~~ — “**SGD-SOR-Reuters**” means that the rate for a Reset Date will be the rate for deposits in Singapore Dollars for a period of the Designated Maturity which appears on the Reuters Screen ABSIRFIX01 as of 11:00 hours, Singapore time, on the day that is two Singapore Banking days preceding that Reset Date.

~~(xxiv)~~ ~~(x)~~ — “**PLN-WIBOR-WIBO**” means that the rate for a Reset Date will be the rate for deposits in Polish Zloty for a period of the Designated Maturity which appears on the Reuters Screen WIBO page under the caption “FIXINGS” as of 11:00 hours, Warsaw time, on the day that is two Warsaw Banking days preceding that Reset Date.

~~(xxv)~~ ~~(y)~~ — “**ZAR-JIBAR-SAFEX**” means that the rate for a Reset Date will be the mid-market rate for deposits in South African Rand for a period of the Designated Maturity which appears on the Reuters screen SAFEY page under the caption “YIELD” as of 11:00 hours, Johannesburg time, on that reset date. If such rate does not appear on the Reuters screen SAFEY page, the rate for that Reset Date will be determined as if the parties had specified “**ZAR-JIBAR-Reference Banks**” as the applicable Floating Rate Option.

~~(xxvi)~~ ~~(z)~~ — “**CHF-TOIS-OIS-COMPOUND**” means that the rate for a Reset Date, calculated in accordance with the formula set forth in Section ~~2A.7.4,2.1.7(d)~~, will be the rate of return of a daily compound interest investment (it being understood that the reference rate for the calculation of interest is the arithmetic mean of the daily rates of the day-to-day Swiss interbank money market).

~~(xxvii)~~ ~~(aa)~~ — “**GBP-WMBA-SONIA-COMPOUND**” means that the rate for a Reset Date, calculated in accordance with the formula set forth in Section ~~2A.7.4,2.1.7(d)~~, will be the rate of return of a daily compound interest investment (it being understood that the reference rate for the calculation of interest is the Sterling daily overnight reference rate).

~~(xxviii)~~ ~~(bb)~~ — “**USD-Federal Funds-H.15-OIS-Compound**” means that the rate for a Reset Date, calculated in accordance with the

formula set forth in Section ~~2A.7.4~~.2.1.7(d), will be the rate of return of a daily compound interest investment (it being understood that the reference rate for the calculation of interest is the daily effective federal funds rate determined by the Federal Reserve as the weighted average of the rates on brokered trades).

~~(xxix) (ee)~~—“**EUR-EONIA-OIS-COMPOUND**” means that the rate for a Reset Date, calculated in accordance with the formula set forth in Section ~~2A.7.4~~.2.1.7(d), will be the rate of return of a daily compound interest investment (it being understood that the reference rate for the calculation of interest is the arithmetic mean of the daily rates of the day-to-day Euro-zone interbank euro money market).

In the event of no rate being available the Clearing House will, at its sole discretion, determine an applicable rate.

~~(m) 2A.7.13~~—*Applying Reset Rate*

The Clearing House will identify the reset dates of floating legs that require the application of a Reset Rate. The Reset Rate will be applied to the appropriate floating legs and the coupon payments calculated.

The coupon payments will be adjusted to fall on actual Business Days according to the Calendar(s) and Business Day Convention specified.

~~(n) 2A.7.14~~—*Negative Interest Rate Method*

FCM Clearing Member should note the provisions of Section 3.32 of Part A of Schedule ~~A1~~ to the FCM ~~Regulations~~Product Specific Contract Terms And Eligibility Criteria Manual regarding the applicability of the Negative Interest Rate Method, to an FCM SwapClear Contract. FCM Clearing Members may, in the circumstances, wish to ensure that any trade submitted for registration follows that Negative interest Rate Method.

~~2.1.8 2A.8~~—*Initial Margin*

The Clearing House will require FCM Clearing Members to furnish it with Initial Margin. This amount will be determined by the prevailing market conditions and the expected time to close out the portfolio. The Portfolio Approach to Interest Rate Scenarios (PAIRS) will be used to calculate Initial Margin requirements for FCM SwapClear Contracts.

Separate Initial Margin calculations are performed for an FCM Clearing Member's house “H” and client “C” accounts and, within a “C” account, separately in respect of each FCM Client Sub-Account therein. No offset between the “C” and “H” accounts is permitted.

The Clearing House reserves the right to require additional amounts of Margin from a specific FCM Clearing Member or from all FCM Clearing Members in accordance with FCM Regulation ~~9.14~~ *(Margin and Collateral)*.

~~(a) 2A.8.1~~ *Liquidity Multiplier*

Risk Management applies a liquidity multiplier based on Worst Case Loss (WCL) exceeding certain thresholds on the FCM Clearing Member's whole portfolio and individual currencies. The threshold amounts and multipliers are reviewed on an on-going basis. FCM Client accounts are treated as independent accounts for purposes of liquidity and will be called only in the event that the individual account exceeds the relevant threshold.

~~(b) 2A.8.2~~ *Intra-day Margin Calls*

In accordance with the Clearing House's FCM Regulations, the Clearing House is entitled to make additional margin calls for payment the same day (intra-day margin calls) where it is considered necessary. Intra-day margin calls can be called at any time throughout the Business Day. Intra-day margin calls will usually be made via the Protected Payments System (PPS) (see Section ~~2A.9~~.2.1.9).

In certain circumstances the Clearing House may wish to make a call for additional funds after the closure of ~~LondonUK~~ PPS facilities at 16:00 hours, London time. In this event the Clearing House will require payment of additional funds through PPS facilities in the USA (see Section ~~3.2.1~~.3.2.1). Members must ensure, in these circumstances, that they are in a position to fund such calls through their nominated US PPS account within one hour of the call.

~~(c) 2A.8.3~~ *Calculation of Initial Margin*

~~(i) (a)~~ —Portfolio Approach to Interest Rate Scenarios (PAIRS)

The PAIRS calculation is a VAR based approach based on filtered historical simulations. All positions in each currency are re-valued under a series of cross portfolio yield curve scenarios to estimate the highest forecast loss and therefore the Initial Margin requirement. Further details of this method are available upon request and are detailed in the PAIRS TIP document. The PAIRS document and further information relating to Initial Margin calculations can be obtained from the Rates team at +44 (020) 7426 6325 or +44 (020) 7426 7428.

~~(d) 2A.8.4~~ *Tenor Basis Risk Margin Add-on*

A margin add-on will be applied in respect of tenor basis risk.

2.1.9 ~~2A.9~~ ***Intra-Day Margin Call: Collateral Management***

(a) ~~2A.9.1~~ ***General – Intra-day Margining***

Following an intra-day margin call and unless notified otherwise by an FCM Clearing Member at the time of an intra-day margin call the Clearing House will deduct cash, in the appropriate currency, directly from the relevant FCM Clearing Member's PPS account to cover the Margin needed to meet that intra-day margin call.

Cash payments in respect of intra-day Margin requirements are accepted only in USD by the Clearing House.

It is the responsibility of the FCM to ensure that they have sufficient cash funds in place with their PPS Bank(s) in order to avoid any intra-day liquidity issues.

2.1.10 ~~2A.10~~ ***Compression***

(a) Pursuant to FCM Regulation ~~30(a)~~45(m) (*Registration of FCM SwapClear Contracts; Novation and Post-Novation Compression; SwapClear Accounts*), an FCM Clearing Member may compress existing FCM SwapClear Contracts in accordance with that FCM Regulation. There are two options available to an FCM Clearing Member that wishes to compress existing FCM SwapClear Contracts:

(i) ~~(a)~~—An FCM Clearing Member can request that all FCM SwapClear Contracts entered into (i) on behalf of a designated FCM Client, ~~(ii) on behalf of a designated Affiliate~~ or ~~(iii) on~~ (ii) in such FCM Clearing ~~Member's own behalf~~ Member's Proprietary Account be considered for compression by the Clearing House. Such a request shall be reconsidered by the Clearing House automatically each day (and the results notified to the FCM Clearing Member by 19:00 hours, New York City time, on each applicable day) until the FCM Clearing Member notifies the Clearing House to discontinue such compression of FCM SwapClear Contracts. FCM Clearing Members should contact the Clearing House's Membership Department to request such a compression of FCM SwapClear Contracts.

(ii) ~~(b)~~—An FCM Clearing Member may notify the Clearing House directly through the SwapClear API, specifying which FCM SwapClear Contracts should be compressed. The FCM Clearing Member will be notified by 19:00 hours, New York City time, on the applicable day whether compression has occurred and the Clearing House will not automatically reconsider such compression request on subsequent days regardless of whether compression has occurred.

(b) In order to compress an FCM SwapClear Contract, an FCM Clearing Member must register with an FCM Approved Trade Source System

an offsetting FCM SwapClear Contract and shall then follow the process for compression as set out above.

~~(c)~~ The Clearing House shall process the compression of all FCM SwapClear Contracts as notified to it prior to 18:00 hours, New York City time, shortly after 18:00 hours, New York City time, and shall notify the applicable FCM Clearing Member by 19:00 hours, New York City time, of the result of such compression procedure. A notification received after 18:00 hours, New York City time, shall be treated as if such notification was submitted on the following day prior to 18:00 hours, New York City time, and as such shall be considered shortly after 18:00 hours, New York City time, on such following day and the results notified to the applicable FCM Clearing Member by 19:00 hours, New York City time, on such following day.

~~(d)~~ Following the compression process described above and as further set out in FCM Regulation ~~30(a45(m))~~ (*Registration of FCM SwapClear Contracts; Novation and Post-Novation Compression; SwapClear Accounts*), the applicable FCM Clearing Member shall promptly notify the Clearing House if it believes that any errors have occurred in the compression process or if its books and records do not reconcile with those of the Clearing House in respect of the compressed FCM SwapClear Contracts as notified to the FCM Clearing Member by the Clearing House.

~~2A.11~~ Affiliate Clearing

~~Under FCM Regulation 5, FCM Clearing Members are permitted to clear for Affiliates through their Proprietary accounts.~~

~~2.1.11~~ 2A.12 *Transfers of FCM Clients; Defaulting FCM Clients* ~~and Affiliates~~

In certain circumstance the Clearing House will transfer FCM SwapClear Contracts from one FCM Clearing Member to another FCM Clearing Member, pursuant to and in accordance with FCM Regulation ~~813~~ (*Transfer*) and these FCM Procedures.

~~(a)~~ 2A.12.1 *Partial Transfers of FCM Clients*

Where a Receiving FCM Clearing Member wishes, on behalf of an FCM Client, to receive a transfer of a portion of such FCM Client's portfolio of FCM SwapClear Contracts held with a Carrying ~~FCM~~ Clearing Member, it shall provide the Clearing House with an FCM Client Partial Transfer Form (see ~~Appendix 2A.B~~), Schedule 2.1B), signed on behalf of the relevant FCM Client. Such form shall list all of the FCM SwapClear Contracts that are to be transferred pursuant to this procedure. Following receipt of an FCM Client Partial Transfer Form, the Clearing House shall notify the Carrying ~~FCM~~ Clearing Member that a request has been received to transfer FCM SwapClear Contracts. All partial transfers shall take place in accordance with the timing and notice requirements set out in Section ~~2A.12.42.1.11(d)~~. In

the event that such timing and notice requirements are not complied with, and unless agreed otherwise between the Clearing House, the Carrying Clearing Member and the Receiving Clearing Member, the relevant partial transfer shall not take effect.

In the event that any of the applicable conditions set forth in FCM Regulation ~~8(e)13 (Transfer)~~ are not satisfied, and including where the Carrying ~~FCM~~ Clearing Member notifies the Clearing house that they have not been satisfied using the Carrying Member Response Form the Clearing House shall not proceed with the transfer of the FCM SwapClear Contracts and shall promptly notify the Receiving Clearing Member of such outcome. If the Receiving Clearing Member wishes to proceed with such transfer, it shall be required to submit a new request to transfer in accordance with these FCM Procedures.

(b) ~~2A.12.2~~ — Full Transfers of FCM Clients

Where a Receiving FCM Clearing Member wishes, on behalf of an FCM Client, to receive a transfer of such FCM Client's entire portfolio of FCM SwapClear Contracts held with a Carrying ~~FCM~~ Clearing Member, it shall provide the Clearing House with an FCM Client Full Transfer Form (see Appendix ~~2A.C~~, Schedule 2.1C), signed on behalf of the relevant FCM Client. Such form shall confirm that all FCM SwapClear Contracts attributable to the applicable FCM Client shall be transferred pursuant to this procedure. Where a Receiving FCM Clearing Member submits an FCM Client Full Transfer Form, it must confirm whether or not the FCM Client also wishes to transfer the Collateral furnished to the Clearing House in respect of the transferring FCM SwapClear Contracts. Following receipt of an FCM Client Full Transfer Form, the Clearing House shall notify the Carrying ~~FCM~~ Clearing Member that a request has been received to transfer FCM SwapClear Contracts. All full transfers shall take place in accordance with the timing and notice requirements set out in Section ~~2A.12.42.1.11(d)~~. In the event that such timing and notice requirements are not complied with, and unless agreed otherwise between the Clearing House, the Carrying Clearing Member and the Receiving Clearing Member, the relevant partial transfer shall not take effect.

In the event that any of the applicable conditions set forth in FCM Regulation ~~8(b)13 (Transfer)~~ are not satisfied, and including where the Carrying ~~FCM~~ Clearing Member notifies the Clearing ~~h~~H House that they have not been satisfied using the Carrying Member Response Form the Clearing House shall not proceed with the transfer of the FCM SwapClear Contracts or the transfer of Collateral (when applicable). and shall promptly notify the Receiving Clearing Member of such outcome. If the Receiving Clearing Member wishes to proceed with such transfer, it shall be required to submit a new request to transfer in accordance with these FCM Procedures.

Following receipt by the Carrying Clearing Member of notice that a Full Transfer Form has been received, the Carrying ~~FCM~~ Clearing Member shall not be permitted to ~~register~~submit additional FCM SwapClear Contracts on behalf of the FCM Client whose FCM SwapClear Contracts are subject to transfer, ~~until~~ during the period commencing at the end of the SwapClear service operating hours on the day on which the relevant Carrying Clearing Member received such notice and ending at the time at which the relevant transfer (and including the transfer of the related any relevant Collateral, if applicable) is actually effected, fails or is rejected in accordance with Regulation 13 (Transfer) and these FCM Procedures.

(c) 2A.12.3 ~~Collateral Transfers~~

Where a Receiving FCM Clearing Member notifies the Clearing House that an FCM Client wishes to transfer Collateral from a Carrying ~~FCM~~ Clearing Member to a Receiving FCM Clearing Member, the Clearing House shall notify the Carrying ~~FCM~~ Clearing Member of such transfer in accordance with the timetable below.

Following such notification and upon request from the Clearing House, the Carrying ~~FCM~~ Clearing Member shall confirm to the Clearing House (using the Carrying Member Response form at Appendix 2A.D) Schedule 2.1D) which Collateral is attributable to the transferring FCM Client and the associated FCM SwapClear Contracts. In the event that the Carrying ~~FCM~~ Clearing Member fails to do so in accordance with the timetable below, the Clearing House shall transfer sufficient cash or non-cash Collateral from the FCM Carrying Clearing Member's Member's relevant FCM Client Sub-Account or FCM Omnibus SwapClear Client Account with LCH (such Collateral as selected in the Clearing House's sole discretion) to enable the transfer. Following the Clearing House's determination of the Collateral that is to be transferred, it shall notify the Carrying ~~FCM~~ Clearing Member and the Receiving FCM Clearing Member of the Collateral that will be transferred in accordance with the timetable below. Following receipt of such notification by the Clearing House, the Receiving Clearing Member may elect to reject the transfer of some or all of the relevant Collateral in accordance with Regulation 13 (Transfer). The Clearing House shall transfer that part of the Collateral that has been identified and consented to by the Receiving Clearing Member. In the event that, for whatever reason, the Clearing House is unable to transfer the relevant Collateral, the Clearing House will not proceed with the transfer of the Porting Contracts.

In the event that any of the applicable conditions set forth in FCM Regulation ~~8(b)13~~ (Transfer) are not satisfied, and including where the Carrying ~~FCM~~ Clearing Member notifies the Clearing house that they have not been satisfied using the Carrying Member Response Form the Clearing House shall not proceed with the transfer of the related Collateral. In such circumstances, the Clearing House will notify the Receiving FCM Clearing Member that the associated Collateral will

not be transferred and, in order to proceed with the transfer of the associated FCM SwapClear Contracts, the Receiving FCM Clearing Member will have to furnish to the Clearing House sufficient Collateral in respect of the transferring FCM SwapClear Contracts.

In the event that the Clearing House transfers Collateral pursuant to these FCM Procedures and the FCM Regulations, it will also transfer the aggregate Variation Margin and next day settlement coupons and fees associated with the transferring FCM SwapClear Contracts.

(d) ~~2A.12.4~~ *Timetable for FCM Client Transfer*

Time (all references below are to New York City time)	Partial Transfer	Full Transfer (with Collateral)	Full Transfer (without Collateral)
Day 0: 15:00	Deadline for receipt from Receiving FCM Clearing Member of FCM Client Partial Transfer Form.	Deadline for receipt from Receiving FCM Clearing Member of FCM Full Transfer Form and confirmation that Collateral is to be transferred.	Deadline for receipt from Receiving FCM Clearing Member of FCM Full Transfer Form.
Day 1: 05:00	Deadline for notification by the Clearing House to the Carrying FCM Clearing Member and the Receiving FCM Clearing Member that it intends to transfer certain FCM SwapClear Contracts pursuant to a request from the Receiving FCM Clearing Member.	Deadline for notification by the Clearing House to the Carrying FCM Clearing Member and the Receiving FCM Clearing Member that it intends to transfer FCM SwapClear Contracts pursuant to a request from the Receiving FCM Clearing Member.	Deadline for notification by the Clearing House to the Carrying FCM Clearing Member and the Receiving FCM Clearing Member that it intends to transfer FCM SwapClear Contracts pursuant to a request from the Receiving FCM Clearing Member.

~~2A.12.6~~ [Reserved]

~~2A.13~~ Where the Carrying Clearing Member is not an FCM Clearing Member then the timings and processes in respect of the above will be as set out in the UK General Procedures.

(e) Transfers of FCM SwapClear Contracts of FCM Clients to the Account of another FCM Client of the same FCM Clearing Member

An FCM Clearing Member is permitted under certain conditions to transfer FCM SwapClear Contracts registered to the FCM Client Sub-Account of one of its FCM Clients to the FCM Client Sub-Account of another one of its FCM Clients.

FCM Clearing Members interested in providing these services to their FCM Clients should contact the Clearing House's SwapClear Client Services department. The ability of FCM Clearing Members to provide such services shall be at the full discretion of the Clearing House, even where such FCM Clearing Member has obtained approval from the Clearing House with respect to these services. An FCM Clearing Member may provide these services (subject to the Clearing House's discretion) if it is approved to do so by the Clearing House, and if the FCM Clearing Member provides the Clearing House, with respect to and prior to each such transfer that it intends to conduct, the information required by the Clearing House with respect to the intended transfer in the format required by the Clearing House (which may include transfer forms or other relevant documentation). Details can be obtained from the Clearing House's SwapClear Client Services department.

In connection with each transfer of one or more FCM SwapClear Contract that an FCM Clearing Member transfers between two of its FCM Clients, the FCM Clearing Member shall be deemed to make the agreements, acknowledgements and representations set forth in the following paragraph to the Clearing House with respect to each such transfer.

FCM Clearing Member acknowledges and agrees that:

- (i) the contractual terms of the relevant FCM SwapClear Contracts will not change as a direct result of the Clearing House effecting the requested transfer;
- (ii) FCM Clearing Member will remain liable to the Clearing House for all obligations under the relevant FCM SwapClear Contracts prior to, during and after the transfer and any required actions taken by the Clearing House, to the same extent that we are currently liable with respect to such obligations, in accordance with and subject to the terms of the FCM Rulebook;
- (iii) the Clearing House is under no obligation to act upon the FCM Clearing Member's transfer request or any of the particular instructions or requests made in connection therewith;

- (iv) FCM Clearing Member will notify the Clearing House promptly when it wishes for the transfer to be carried out in order that the Clearing House can update its books and records;
- (v) the Clearing House may require that certain changes be made to the books and records of one or more FCM Approved Trade Source Systems in order to reflect the requested transfer;
- (vi) the Clearing House is acting solely upon FCM Clearing Member's instructions as detailed to the Clearing House in writing and in reliance on the FCM Clearing Member's agreements and representations (including as set out in this Section 2.1.11(e)) in connection therewith;
- (vii) the Clearing House may debit or credit FCM Clearing Member's accounts at the Clearing House with any obligations, liabilities or otherwise as appropriate and permissible under applicable law;
- (viii) the requested transfer is permissible under applicable law and is not in violation of applicable law, and FCM Clearing Member has obtained any and all necessary and appropriate consents, authorizations and approvals, including from FCM Clients, regulators or otherwise, and have taken any other actions required under applicable law, in connection with the requested transfer;
- (ix) if the Clearing House determines (in its sole discretion) to make the requested transfer, the Clearing House will not carry out the transfer or any requested actions in connection therewith until FCM Clearing Member provides it with such evidence of the relevant FCM Clients' authorization that the transfer be carried out as the Clearing House may require in its sole discretion; and
- (x) the Clearing House shall not be liable for any costs, expenses, damages or losses, whether direct or indirect, suffered by any of the parties hereto, or by the FCM Clients, as a result of any actions taken by the Clearing House in connection with the transfer.

All transfers pursuant to this subsection (e) must be effected before the end of business on the third Business Day following the day of registration of the relevant FCM Contract (or at such later time as the Clearing House may permit in its sole discretion).

2.1.12 Proprietary Account Position Transfers

The FCM SwapClear clearing system provides functionality for the transfer of positions from an FCM Clearing Member's Proprietary Account, ~~either in respect of FCM SwapClear Contracts held on an FCM Clearing Member's~~

~~own behalf or in respect of FCM SwapClear Contracts held on behalf of an Affiliate. In either case, any.~~ Any such transfer may only occur if the receiving FCM Clearing Member is an Affiliate of the ~~carrying FCM~~ Carrying Clearing Member.

An FCM Clearing Member who wishes to effect a position transfer to another FCM Clearing Member should contact the Clearing House's Risk Management Department. Transfers will only be effected once adequate ~~cover~~ Margin has been ~~provided~~ furnished by both parties to the transfer. Transfers of Affiliate positions shall not be permitted to another FCM Clearing Member's Proprietary Account unless such Affiliate is also an Affiliate of the FCM Clearing Member receiving the transferred position.

(a) ~~2A.13.1~~ *Legal Documentation*

The Clearing House will provide standard legal documentation for the transfer of positions. The transfer must be authorized by both parties and by individuals with appropriate signing authority.

(b) ~~2A.13.2~~ *Position Transfer Notice Period*

The Clearing House will usually require five Business Days' notice ahead of an intended transfer.

~~2.1.13~~ ~~2A.14~~ *Amendment of Trade References*

Sometimes FCM Clearing Members wish to change their own trade reference numbers/codes by which they identify trades registered in the FCM SwapClear Service. Subject to any such FCM Clearing Member meeting all the Clearing House's requirements including under these FCM Procedures, the Clearing House will, as part of its service to FCM Clearing Members, amend its records in order to reflect any such change. Such change has no effect whatsoever on the terms of any registered FCM SwapClear Contract or any other obligations of the FCM Clearing Member party to such contract.

(a) ~~2A.14.1~~ *Trade Reference Amendment Request Form*

The Clearing House requires a completed Trade Amendment Request Form (in the form prescribed by the Clearing House) to be submitted by any FCM Clearing Member wishing to amend a trade reference. The form must be signed by two persons from within the FCM Clearing Member with appropriate signing authority and must set out the required full details of each registered trade in respect of which the FCM Clearing Member wishes to change its trade reference. Evidence of such signing authority may be required by the Clearing House. All parts of the form must be properly and fully completed, including the requested date for trade reference amendment, and, in respect of each trade identified therein, details of the current trade reference and the new trade reference and the Clearing House trade reference number.

The requested date for trade reference amendment must be no earlier than two Business Days (the “**Trade Reference Amendment Notice Period**”) after the date upon which the form is received by the Clearing House. While the Clearing House will do what it reasonably can to meet the requested date for the amendment it is under no obligation to do so. The date for the amendment in the Clearing House’s records and FCM SwapClear clearing system is a matter entirely within the discretion of the Clearing House and the FCM Clearing Member will be advised in due course of the date set by the Clearing House.

(b) ~~2A.14.2~~ Multi-trade Amendments

If an FCM Clearing Member requests amendment to several trades it must (in addition to providing the hard copy Trade Reference Amendment Request Form) provide to the Clearing House an electronic text file containing all the relevant details required by the Trade Reference Amendment Request Form. Detail of the required formats of the file can be obtained from SwapClear Operations (Tel: +44 (0) 20 7426 7697). If the file is not submitted in the correct format and containing all the required details, the request for deletion will be rejected by the Clearing House and the FCM Clearing Member will be advised accordingly.

(c) ~~2A.14.3~~ Processing

The Clearing House will usually agree to process any request for amendment of trade reference properly submitted; however the Clearing House will reject any such request if:

- **(i)** it is not made in accordance with these FCM Procedures;
- **(ii)** any trade reference notified to the Clearing House in the Trade Reference Amendment Request Form does not match the FCM Clearing Member’s trade reference which the Clearing House has recorded;
- **(iii)** the Clearing House trade reference number notified in the Trade Reference Amendment Request Form does not refer to a trade registered in the FCM SwapClear clearing system;
- **(iv)** any trade referred to in the Trade Reference Amendment Request Form is not already registered in the FCM SwapClear clearing system or is not recorded by the Clearing House against the BIC code of the FCM Clearing Member requesting the amendment; or
- **(v)** it would not be practical in all the circumstances or would subject the Clearing House to unacceptable cost if the Clearing House were to make the requested amendments or the Clearing

House forms the view that to do so would adversely affect its risk.

Following notification of agreement to make the requested amendments, the Clearing House will use its reasonable ~~endeavor~~efforts to process the amendments on the anticipated date of amendments; if, for whatever reason the Clearing House is unable to do so, it will notify the FCM Clearing Member and process the amendment as soon as reasonably practicable thereafter.

After close of business of the day of processing, the Clearing House will produce a report setting out details of the time and date that it has amended its records in accordance with the request, details of the old and new FCM Clearing Member trade references and the status of the amendment in respect of each trade set out in the Trade Reference Amendment Request – namely “amended” or “rejected”. All records of the Clearing House and data held in the FCM SwapClear clearing system will then be updated overnight following the close of business on that day.

~~(d) 2A.14.4~~ *Legal Documentation*

The Clearing House will provide the requesting FCM Clearing Member with legal documentation in Clearing House standard form for that FCM Clearing Member to sign. No trade reference will be amended unless such documentation is completed and signed. The documentation must be signed by a person within the FCM Clearing Member with appropriate signing authority. Evidence of such authority may be required by the Clearing House. No amendment to such documentation will be accepted by the Clearing House.

~~(e) 2A.14.5~~ *Notification*

Subject to the requesting FCM Clearing Member meeting all the Clearing House²¹'s requirements (including completion and submission of all documentation and such other additional requirements as the Clearing House may be set by the Clearing House in its discretion), the Clearing House will notify the FCM Clearing Member of its agreement to the amendment of its records of the FCM Clearing Member trade reference in respect of the trades identified in the Trade Reference Amendment Request Form, and advise of the anticipated date of amendment (the “**anticipated date of amendment**”).

~~2.1.14 2A.15~~ *Default Management*

~~(a) 2A.15.1~~ *Portfolio Splitting:*

As part of the SwapClear DMP, the Clearing House may divide an Auction portfolio into two or more individual Auction Portfolios. In circumstances where such portfolio splitting is adopted, the Clearing house will, in consultation with the SwapClear DMG (which, as

defined in the Default Rules, refers to the advisory Default Management Group established by the Clearing House pursuant to the terms of the SwapClear DMP Annex to the Default Rules), seek to create:

- (i) ~~(a)~~—one or more individual Sub-portfolios which have comparatively greater levels of risk associated with them, thereby isolating such Sub portfolios from those which are more risk neutral; and
- (ii) ~~(b)~~—one or more individual Sub portfolios which are more risk neutral.

~~(b)~~ ~~2A.15.2~~—*Acceptance of Bids*

In deciding whether to accept a bid, the Clearing House will generally accept the best bid in respect of any individual Auction. However, the Clearing House is entitled to reject a bid in the event that it considers, in its reasonable discretion that accepting the bid may:

- (i) ~~(a)~~—cause the Clearing House to breach any legal or regulatory requirement applicable to it by virtue of its being a Recognised Clearing House or a Derivatives Clearing Organization;
- (ii) ~~(b)~~—cause the Clearing House or its membership any reputational harm;
- (iii) ~~(c)~~—cause legal action or proceedings to be taken against the Clearing House;
- (iv) ~~(d)~~—endanger the Clearing House, any of its clearing members or the financial markets in which the Clearing House operates.

Where the Clearing House receives more than one bid from the same FCM Clearing Member and in respect of the same Auction the Clearing House is entitled to accept the last bid received by it in respect of that Auction. Where the Clearing House does not receive a bid that was made by an FCM Clearing Member or SwapClear Clearing Member for operational, technological or other similar reasons and as a result of which a bid does not reach the Clearing House, the Clearing House will be unable to accept a bid and shall not be liable for any failure to accept such bid.

~~(c)~~ ~~2A.15.3~~—*Affiliate Bidding*

SwapClear Clearing Members are entitled to bid for an Auction Portfolio on behalf of an affiliated SwapClear Clearing Member or affiliated FCM Clearing Member. Where a SwapClear Clearing Member makes a bid and that SwapClear Clearing Member has an affiliated SwapClear Clearing Member or FCM Clearing Member that

does not make a bid, the Clearing House shall not (unless instructed otherwise in accordance with the paragraph below) assume that the bidding SwapClear Clearing Member has made the relevant bid on behalf of a non-bidding, affiliated SwapClear Clearing Member or affiliated FCM Clearing Member.

A SwapClear Clearing Member may notify the Clearing House, in advance of an Auction, that it wishes to bid on behalf of an affiliated SwapClear Clearing Member or affiliated FCM Clearing Member. Where it wishes to do so, the SwapClear Clearing Member should contact the Clearing House's Membership Department at +44 (0)207 426 7891/7627/7063 or via e-mail at membership@lchclearnet.com or membership@lchclearnet.com.

Upon the request of an FCM Clearing Member that has successfully bid in an Auction (or in respect of which an LCH Approved Outsourcing Party, ~~or an affiliated SwapClear Clearing Member or a non-SwapClear Clearing Member Affiliate~~ has made a successful bid on its behalf), the Clearing House shall transfer the rights and obligations arising out of the applicable Auction Portfolio to an affiliated SwapClear Clearing Member of such FCM Clearing Member ~~or, through its House Account, to a non-SwapClear Clearing Member Affiliate clearing through such FCM Clearing Member~~, subject to such affiliate consenting to such transfer and meeting all the requirements imposed by the Clearing House from time to time in relation to accepting such rights and obligations (including executing any documents reasonably requested by the Clearing House), and subject to the Clearing House's determination in its reasonable discretion that the transfer would not be likely to result in a material and adverse impact on the Clearing House, the SwapClear Service or another SwapClear Clearing Member. Until such time as such transfer has been effected, the FCM Clearing Member shall remain liable to perform its obligations (including in respect of the Auction Portfolio to be transferred) under the FCM Rulebook.

~~(d) 2A.15.4~~ *Outsourcing*

Pursuant to FCM Regulation ~~34~~(c)(vii) and ~~34~~(c)(viii) (*FCM Clearing Member Status and Application of LCH Regulations*), an FCM Clearing Member may appoint a third party to fulfill one or both of the Clearing House's Membership requirements to: (i) participate in a SwapClear "fire drill" run by the Clearing House; and (ii) participate in the SwapClear DMP operated by the Clearing House. Where an FCM Clearing Member chooses to outsource one or both of these functions it must appoint and maintain at least three LCH Approved Outsourcing Agents.

The following entities are eligible for appointment as an LCH Approved Outsourcing Agent:

- ~~(i)~~ A SwapClear Clearing Member

- (ii) An FCM Clearing Member
- (iii) An FCM Client
- (iv) Any other entity that the Clearing House deems appropriate in its sole discretion.

Where an FCM Clearing Member wishes to appoint a third party to carry out any obligation on its behalf, it should contact the Clearing House's Membership Department with the:

- (A) 1. — details of the third party entity that the FCM Clearing Member wishes to appoint as an LCH Approved Outsourcing Agent. Such information should include details of the applicant's regulatory status;
- (B) 2. — evidence of the existence of a legally binding agreement between the FCM Clearing Member and the third party; and
- (C) 3. — such other information that the Clearing House reasonably considers necessary for the purposes of determining whether an entity should be approved as an LCH Approved Outsourcing Agent.

Following the receipt of all of the information above, the Clearing House shall determine in its sole discretion, whether to approve the third party as an LCH Approved Outsourcing Agent. In making its determination, the Clearing House shall consider the third party's ability to demonstrate that it has the necessary operational infrastructure and appropriate asset class expertise.

Where an FCM Clearing Member successfully appoints an LCH Approved outsourcing Agent, that FCM Clearing Member may be subject to increased margin requirements to cater for the additional time required to invoke an outsourcing process in the event of a default

FCM Clearing Members should note that LCH Approved Outsourcing Agents may be subject to a more rigorous driving test and fire-drill than FCM Clearing Members (*i.e.*, required to demonstrate an ability to price and bid a greater number of trades at tighter pricing tolerances and within more onerous timeframes). In addition, the Clearing House may require an FCM Clearing Member, that has appointed an LCH Approved Outsourcing Agent, to participate in an ad-hoc fire-drill or driving test with such notice as the Clearing House deems appropriate in its sole discretion.

The Clearing House reserves the right to revoke an entity's status as an LCH Approved Outsourcing Agent, in its sole discretion and without notice. In the event of such a revocation, the relevant FCM Clearing Member shall be required to assume those responsibilities

that were previously outsourced. Such revocation may occur where the Clearing House considers that there is an insufficient number of third party entities that are providing outsourced default management services (usually a minimum of five providers at any one time).

Other than in exceptional circumstances and in the Clearing House's sole discretion, an LCH Approved Outsourcing Agent may not act on behalf of more than three clearing members.

The appointment of an LCH Approved Outsourcing Agent does not absolve an FCM Clearing Member of its obligations under the SwapClear DMP (including its obligation to participate in an Auction) and an LCH Approved Outsourcing Agent's participation in the SwapClear DMP on behalf of an FCM Clearing Member, in the event of a default, shall not extend beyond the provision of operational and other ancillary support to that FCM Clearing Member.

(e) ~~2A.15.5~~ *SwapClear DMG*

The necessary involvement of FCM Clearing Members and the SwapClear DMG in the SwapClear DMP entails the assessment and dissemination of information that could give rise to conflicts of interest. To ensure that such potential conflicts are demonstrably contained, ~~Appendix 2A.E~~ Schedule 2.1E establishes binding obligations of confidentiality, anonymity and the extent of dissemination of information on FCM Clearing Members (and their executives or directors who participate from time to time in the SwapClear DMG) and on the Clearing House.

Each FCM Clearing Member who makes available a representative to serve on the SwapClear DMG agrees, and shall procure that, to the extent applicable, its representatives agree to be bound by and to ensure that it and any of its executives or directors serving on the SwapClear DMG complies with ~~Appendix 2A.E~~ Schedule 2.1E covering confidentiality, non-disclosure and other terms.

(f) ~~2A.15.6~~ *Procedures for Liquidation of FCM SwapClear Contracts of FCM Clients*

Upon the default of an FCM Clearing Member, the Clearing House has the power and authority, pursuant to the FCM Rulebook, the CEA and the CFTC Regulations, to liquidate the FCM SwapClear Contracts of FCM Clients which, pursuant to the FCM Rulebook, would be conducted in accordance with the SwapClear DMP Annex. This section sets forth certain supplementary procedures (in addition to the Default Rules and other applicable provisions of the FCM Rulebook) that will apply under such circumstances.

In certain circumstances the Clearing House may deem, in its sole discretion, that one or more of the FCM SwapClear Contracts attributable to an FCM Client's FCM Client Sub-Account should be

liquidated. Such determination may result from factors including: (i) the Clearing House determining that the FCM Client poses too great a risk to the Clearing House and should therefore be liquidated, (ii) the Clearing House becoming aware of the FCM Client becoming insolvent or otherwise failing in its obligations to the defaulting FCM Clearing Member, (iii) the relevant FCM Client requesting that it be liquidated, or (iv) a request or instruction from a Regulatory Body, whether orally or in writing. In the event of such liquidation the Clearing House shall transfer (either physically or by book-entry) such FCM Client's FCM SwapClear Contracts to be liquidated into an account at the Clearing House established for purposes of liquidating the FCM SwapClear Contracts of FCM Clients of the defaulter (such account, a "**Hedged Account**"). The Clearing House shall establish a separate Hedged Account for each currency of FCM SwapClear Contracts that are non-transferable and will be subject to liquidation and will include in each such Hedged Account the FCM SwapClear Contracts in the applicable currency that are to be liquidated, regardless of the FCM Clients for which such FCM SwapClear Contracts are held. The provisions of this section shall apply equally to any such Hedged Account. Additionally, no FCM Contracts other than FCM SwapClear Contracts will be transferred into a Hedged Account established for liquidating FCM SwapClear Contracts.

An FCM Client whose FCM SwapClear Contracts are transferred into a Hedged Account is referred to as a "**Non-Porting Client**". The Clearing House shall hold the relevant Collateral in respect of Non-Porting Clients (segregated as belonging to each such applicable Non-Porting Client in accordance with the CFTC Regulations and Part 22 thereof) in the relevant FCM Omnibus SwapClear Client Account with LCH until the liquidation of the entire Hedged Account and all FCM SwapClear Contracts and other positions therein, as described below. At the time that the FCM SwapClear Contracts of a Non-Porting Client are transferred into a Hedged Account, any outstanding and accrued but unpaid Variation Margin in respect of such FCM SwapClear Contracts shall be discharged as of the time such FCM SwapClear Contracts are transferred into the Hedged Account, by (i) in the event that Variation Margin is accrued but unpaid in favor of the Clearing House, debiting the FCM Client Sub-Account of such FCM Client, or (ii) in the event that Variation Margin is accrued but unpaid in favor of the FCM Client, crediting the FCM Client Sub-Account of such FCM Client.

(i) Administration of a Hedged Account. The Clearing House may enter into hedge transactions and liquidate and/or auction the FCM SwapClear Contracts and hedges for the account of the Hedged Account, and may take related actions with respect to a Hedged Account (and the positions held therein), in its sole discretion as permitted by the FCM Rulebook, the CEA and the CFTC Regulations, or as directed by an applicable Regulatory Body.

(ii) Allocation of Gains and Losses in a Hedged Account to Non-Porting Clients. The Clearing House will allocate losses and gains (including further variation margin changes, hedging costs including the gains and losses associated with hedging transactions, and liquidation/auction costs and losses) to Non-Porting Clients in a Hedged Account in accordance with the following provisions:

(A) (i)—At the time an FCM Client becomes a Non-Porting Client, such Non-Porting Client is assigned a risk factor (a “**Risk Factor**”) which is equal to such Non-Porting Client’s Required Margin with respect to its FCM SwapClear Contracts that are transferred into the Hedged Account at the time such FCM Client became a Non-Porting Client (*i.e.*, at the time of transfer into the Hedged Account).

(B) (ii)—On the first day that FCM Clients become Non-Porting Clients, gains and losses in the Hedged Account on such day shall be allocated on a *pro rata* basis among such Non-Porting Clients based on their individual Risk Factors. The allocation of gains and losses on subsequent days shall be made in the same manner until the occurrence of a day (if applicable) in which additional Non-Porting Clients are included in the Hedged Account. Additional Non-Porting Clients that are included in the Hedged Account on a subsequent day, until further additional Non-Porting Clients are included in the Hedged Account on a further subsequent day, are referred to as “**New Non-Porting Clients**”.

(C) (iii)—On a day when one or more New Non-Porting Clients are included in the Hedged Account, the Clearing House shall calculate a combined risk factor (the “**Existing Non-Porting Clients Combined Risk Factor**”) in respect of the Non-Porting Clients that were previously included in the Hedged Account and are not New Non-Porting Clients (such existing Non-Porting Clients, “**Existing Non-Porting Clients**”). The Existing Non-Porting Clients Combined Risk Factor shall be based on the amount of Required Margin associated with the Hedged Account with respect to all positions (including all FCM SwapClear Contracts, hedges or other positions) held in the Hedged Account, at the beginning of the day on which New Non-Porting Clients are included in the Hedged Account (*i.e.*, at a time prior to the transfer of the FCM SwapClear Contracts of New Non-Porting Clients into the Hedged Account). For the avoidance of doubt, the Existing

Non-Porting Clients Combined Risk Factor is calculated without respect to the Required Margin applicable to the transferred FCM SwapClear Contracts of the New Non-Porting Clients.

~~(D)~~ ~~(iv)~~—On any day on which New Non-Porting Clients are included in the Hedged Account, gains and losses in the Hedged Account that are incurred on that day will be allocated among the Existing Non-Porting Clients (as a group) and the New Non-Porting Clients (individually) on a *pro rata* basis based on the Existing Non-Porting Clients Combined Risk Factor (with respect to the Existing Non-Porting Clients as a group) and the individual Risk Factors of each New Non-Porting Client (with respect to each such New Non-Porting Client individually). The gains and losses allocated in such manner to the Existing Non-Porting Clients as a group shall be further allocated to each individual Existing Non-Porting Client on a *pro rata* basis based on the Risk Factor of each such Existing Non-Porting Client. The allocation of gains and losses on subsequent days shall occur in the same manner as set forth in this paragraph ~~(ivD)~~ until the occurrence of a day (if applicable) in which additional Non-Porting Clients are included in the Hedged Account and thus become the New Non-Porting Clients. In such a case, (A) the Existing Non-Porting Clients shall continue to be treated as Existing Non-Porting Clients, (B) the Non-Porting Clients previously constituting the New Non-Porting Clients shall then constitute Existing Non-Porting Clients (in accordance with the definition of New Non-Porting Clients in paragraph ~~(ivB)~~ above), (C) the additional Non-Porting Clients included in the Hedged Account constitute the New Non-Porting Clients (in accordance with the definition of New Non-Porting Clients in paragraph ~~(ivB)~~ above), and (D) the Clearing House shall recalculate the Existing Non-Porting Clients Combined Risk Factor and the allocation of gains and losses shall be in accordance with paragraph ~~(ivC)~~ above and this paragraph ~~(ivD)~~.

~~(E)~~ ~~(v)~~—Upon the liquidation of the Hedged Account and all FCM SwapClear Contracts and other positions therein, by auction or otherwise, any gains or losses associated with such auction/liquidation shall be allocated among all Non-Porting Clients on a *pro rata* basis based on the “**unit value**” of each FCM SwapClear Contract of each Non-Porting Client transferred into the Hedged Account, as adjusted by a “**auction value adjustment**”. For purposes of this

clause (v), (1) **“unit value”** means the value applied to each FCM SwapClear Contract, based on the net present value and outstanding notional value associated with each such FCM SwapClear Contract, and (2) **“auction value adjustment”** means a ratio applied to an FCM SwapClear Contract based on the aggregate auction/liquidation costs incurred in auctioning/liquidating the Hedged Account and the aggregate notional value of all FCM SwapClear Contracts in the Hedged Account, each of clauses (1) and (2) as determined by the Clearing House. The allocations described in this clause (v) are without reference to any Risk Factor or Existing Non-Porting Clients Combined Risk Factor.

(iii) Settlement of Non-Porting Clients Following Liquidation of Hedged Account. Following the liquidation of a Hedged Account, the Clearing House shall allocate the appropriate gains and losses (as determined in accordance with the above provisions) to each Non-Porting Client's relevant FCM Client Sub-Account.

2.1.15 ~~2A.16~~ Payment of Stamp Tax

~~Payment of Stamp Tax~~

Each FCM Clearing Member shall pay any stamp tax or duty levied or imposed upon it or in respect of its execution or performance of the FCM Clearing Membership Agreement, the FCM Default Fund Agreement, the FCM Regulations and the FCM Procedures (including any registration of an FCM SwapClear Contract) by a jurisdiction in which it is incorporated, organized, managed and controlled, or considered to have its seat, or in which a branch or office through which it is acting is located or by any other jurisdiction and shall indemnify the Clearing House against any stamp tax or duty levied or imposed upon the Clearing House or in respect of the Clearing House's execution or performance of the FCM Clearing Membership Agreement, the FCM Regulations and the FCM Procedures (including any registration of an FCM SwapClear Contract) by any such jurisdiction.

2.1.16 ~~2A.17~~ Section 696, Corporation Tax Act 2009

~~Section 696, Corporation Tax Act 2009~~

The FCM Clearing Member agrees that should a situation arise where HM Revenue and Customs (“HMRC”) raises an enquiry, or makes an information request, to the Clearing House regarding an FCM Transaction or FCM Contract that the FCM Clearing Member is submitting (or has submitted) to the Clearing House, and that enquiry or information request is in respect of the application of s696 - s697 Corporation Tax Act 2009, the FCM Clearing Member will use its reasonable **endeavoursefforts** to provide such information

and support as the Clearing House may reasonably require in order to respond to and effectively deal with the queries raised by HMRC.

APPENDIX 2A.A**SWAPCLEAR PROCESSING SCHEDULE****2.1.17 Prescribed Terms**

Pursuant to FCM Regulation 7 the Clearing House may prescribe certain provisions that an FCM Clearing Member must include in its agreement with an FCM Client.

Where an FCM Clearing Member provides Clearing Services to an FCM Client that is a registered investment company, as defined in the Investment Company Act of 1940, it shall include provisions in its agreement with that FCM Client to the following effect:

- (a) the FCM Clearing Member shall comply with applicable law relating to the segregation of FCM Client Funds including without limitation Part 22 of the CFTC Regulations;
- (b) FCM Client Funds delivered by the FCM Client shall be held in accordance with the CEA and the CFTC Regulations and the FCM Clearing Member shall obtain an acknowledgement, to the extent required by Parts 1.20 and 22 of the CFTC Regulations, that those FCM Client Funds are being held in accordance with the CEA and the CFTC Regulations;
- (c) the FCM Clearing Member will promptly furnish copies of or extracts from its records or such other information pertaining to the FCM Client's assets as the Securities Exchange Commission, through its employees or agents, may request;
- (d) any gains on FCM SwapClear Contracts held on behalf of an FCM Client (other than de minimus amounts) may be maintained by the FCM Clearing Member only until the next Business Day following receipt;

the FCM Client has the ability to withdraw its assets from the FCM Clearing Member as soon as reasonably practicable if the FCM Clearing Member's or the Clearing House's custody of FCM Client Funds no longer meets the requirements of Rule 17f-6 under the Investment Company Act of 1940.

SCHEDULE 2.1A
SWAPCLEAR PROCESSING SCHEDULE

This table outlines the daily processes and timetable of the FCM SwapClear operation and constitutes a “**Business Day**” for the purpose of the FCM Regulations. FCM Clearing Members will be informed of changes to this timetable via member circular. All times shown are in London time.

APPENDIX 2A.E

**CONFIDENTIALITY, NON-DISCLOSURE AND PARTICIPATION IN
THE DEFAULT MANAGEMENT GROUP**

1. SCHEDULE 2.1E
CONFIDENTIALITY, NON-DISCLOSURE AND PARTICIPATION IN
THE DEFAULT MANAGEMENT GROUP

1. Definitions

- 1.1** ~~1.1~~ **"Confidential Material"** means data (including but not limited to portfolio data) and documents, which are not in the public domain and which are disclosed to the FCM Clearing Member, its associated companies and advisers, or to which the FCM Clearing Member, its associated companies and advisers obtains or otherwise has access as a result of participation in the SwapClear DMP, (which, for the avoidance of doubt, does not include any information, data or documents provided to the Clearing House by the FCM Clearing Member).
- 1.2** ~~1.2~~ **"DMG Member"** means an individual appointed by a Nominating FCM Clearing Member.
- 1.3** ~~1.3~~ **"Nominating FCM Clearing Member"** means a SwapClear Member who, through their obligations under the SwapClear DMP, makes available a representative to serve on the SwapClear DMG.
- 1.4** ~~1.4~~ **"Permitted Purpose"** means proper fulfillment by the FCM Clearing Member of its duties under the SwapClear DMP Annex and includes, after the completion of the Auction, the use by the FCM Clearing Member, its associated companies and advisers (to be determined by it at its discretion) of any data or documents related to portfolios successfully won through the Auction, for the purposes of its own on-going portfolio management and to enable it to comply with on-going legal or regulatory requirements.
- 1.5** ~~1.5~~—References denoting the masculine (including **"his"** and **"he"**) shall be construed as the feminine if the DMG Member is female.
- 1.6** ~~1.6~~—All other terms have the meaning ascribed to them in the FCM Rulebook, which includes the Default Rules (including the SwapClear DMP Annex).

Confidentiality and Non-Disclosure: General Obligations of the FCM Clearing Member

2. Confidentiality

- 2.1** ~~2.1~~—The FCM Clearing Member agrees that, in consideration of being given Confidential Material, it will keep all such Confidential Material in the strictest confidence, adhere to the provisions of this ~~Appendix~~**Schedule** in respect thereof and, subject to paragraph 2.3, will not disclose it to any person without the prior written permission of the Managing Director, Risk of the Clearing House or a Director of Risk Management of the Clearing House, providing always that the FCM Clearing Member shall be relieved of such an obligation of confidentiality in respect of any Confidential Material if:-
- 2.1.1** ~~2.1.1~~—it comes into the public domain other than through a breach by the FCM Clearing Member of this ~~Appendix~~**Schedule**; or

- ~~2.1.2~~ ~~2.1.2~~—the FCM Clearing Member is expressly obliged to do so by order of a court of competent jurisdiction upon the application of a third party, or as a result of any request to disclose such part or parts of the Confidential Material in connection with any inquiry or other request by a regulatory authority or self-regulatory authority asserting jurisdiction over the FCM Clearing Member.
- ~~2.2~~ ~~2.2~~—The FCM Clearing Member further agrees that it will not use any Confidential Material for any purpose other than the Permitted Purpose. In this regard the FCM Clearing Member expressly acknowledges and agrees that the Confidential Material may contain commercially sensitive information which if used inappropriately or otherwise than in accordance with this ~~Appendix~~~~Schedule~~ might result in the gaining of an unfair commercial advantage by the FCM Clearing Member over other members of the Clearing House SwapClear Service.
- ~~2.3~~ ~~2.3~~—Subject to paragraph 2.5, the FCM Clearing Member may disclose any Confidential Material to any of its employees, representatives, associated companies and advisers on a ~~“strictly need to know”~~ basis, in the event that any such person needs that Confidential Material for the Permitted Purpose (and to that extent only).
- ~~2.4~~ ~~2.4~~—The FCM Clearing Member agrees to establish and adhere to adequate procedures (including, without limitation, the establishment of appropriate Chinese walls) to ensure that any employee or representative to whom any Confidential Material is disclosed shall not use any part or all of that Confidential Material for any proprietary purpose outside the scope of the Permitted Purpose.
- ~~2.5~~ ~~2.5~~—This paragraph and the duties hereunder shall survive the termination of this Agreement and, in relation to any Confidential Material, shall expire on the second anniversary of the date the Confidential Material was first provided to the FCM Clearing Member.
- ~~3.~~ ~~3.~~—**Secrecy**
- ~~3.1~~ ~~3.1~~—Except in accordance with the terms of this Annex, the FCM Clearing Member agrees that it shall treat as strictly confidential and shall not disclose or allow to be divulged to any person:
- ~~3.1.1~~ ~~3.1.1~~—Confidential Material;
- ~~3.1.2~~ ~~3.1.2~~—the fact that it has received any Confidential Material;
- ~~3.1.3~~ ~~3.1.3~~—the existence of any discussions or negotiations between the parties in this matter;
- ~~3.1.4~~ ~~3.1.4~~—details of the Permitted Purpose and any of the proposals, terms, conditions, facts or other matters relating to any of the forgoing. Subject only to the FCM Clearing Member being relieved of such an obligation because of the circumstances covered in paragraphs 2.1.1 and 2.1.2.
- ~~3.2~~ ~~3.2~~—The Clearing House undertakes to ensure that the FCM Clearing Member is fully apprised of information on the SwapClear DMP that it makes public and which is accordingly of relevance to the FCM Clearing Member's obligations.

~~4.~~ ~~4.~~ **Property**

~~4.1~~ ~~4.1~~—The parties acknowledge that the property in the Confidential Material (or any part of it) shall not pass to the FCM Clearing Member or any FCM Clearing Member, and the property in the media on which it is conveyed to the receiving party shall not pass to the FCM Clearing Member or any FCM Clearing Member unless expressly so agreed by the Clearing House in writing.

~~5.~~ ~~5.~~ **Return of Confidential Material**

~~5.1~~ ~~5.1~~—Upon request by the Clearing House, and in any event upon fulfillment of the Permitted Purpose, the FCM Clearing Member shall promptly return to the Clearing House by a secure method of transportation all or any part of the Confidential Material and all copies thereof in its possession or control or that of its employees or representatives, including all other papers, programs and records incorporating any of that Confidential Material, or shall destroy such information and shall certify to the Clearing House in writing that it has done so **provided that** the FCM Clearing Member is permitted to retain copies of any Confidential Material which it requires as part of its portfolio management or otherwise for legal or regulatory reasons.

~~6.~~ ~~6.~~ **No Representations or Warranties; No Conflict of Interest**

~~6.1~~ ~~6.1~~—Subject to paragraph 7, the Confidential Material is disclosed by the Clearing House without any representation or warranty whatsoever as to its accuracy or completeness or otherwise.

~~6.2~~ ~~6.2~~—The Clearing House acknowledges and agrees that, subject to compliance with the terms of this ~~Appendix Schedule~~ by the FCM Clearing Member and any of its employees or representatives to whom Confidential Material is provided in accordance with this ~~Appendix Schedule~~, the FCM Clearing Member's participation in the SwapClear DMP shall not prevent the FCM Clearing Member from carrying out any transaction, or otherwise providing investment services in respect of, investments that the FCM Clearing Member may subsequently learn are the subject of Confidential Material and, furthermore, the Clearing House agrees that it shall not be able to assert that the FCM Clearing Member has a conflict of interest in doing so nor shall the Clearing House have a claim or action in respect of the foregoing against the FCM Clearing Member or any of its directors, employees or other representatives.

~~7.~~ ~~7.~~ **Liability**

~~7.1~~ ~~7.1~~—Subject to FCM Regulation ~~24,44~~ (~~Exclusion of Liability~~), the parties agree and acknowledge that neither the Clearing House nor any of its employees or representatives shall have any liability whatsoever to the FCM Clearing Member or any of employees or representatives, for any loss or damage of whatsoever kind howsoever arising directly or indirectly out of or in connection with the disclosed Confidential Material or its use.

~~7.2~~ ~~7.2~~—The Clearing House accepts liability for any personal injury or death caused by the negligence of the Clearing House and any fraud or willful default on the part of the Clearing House, for any actions that it may take on the basis of advice given to it by the SwapClear DMG, and for the accuracy of the information (confidential

material as defined in the Annex to this Agreement) that it distributes to the FCM Clearing Member in connection with the SwapClear DMP.

~~7.3~~ ~~7.3~~—Under no circumstances shall the Clearing House have any liability to the FCM Clearing Member for (a) any consequential loss or other indirect loss of whatsoever kind or (b) loss of anticipated profit (whether direct or indirect).

~~8.~~ ~~8.~~—Remedies

~~8.1~~ ~~8.1~~—Without affecting any other rights or remedies that the Clearing House may have, the FCM Clearing Member acknowledges that the Clearing House may be irreparably harmed by any breach of the terms of this ~~Appendix~~~~Schedule~~ and that damages alone may not necessarily be an adequate remedy. Accordingly, the Clearing House will be entitled to the remedies of injunction, specific performance and other equitable relief, or any combination of these remedies, for any threatened or actual breach of its terms, and not proof of special damages will be necessary to enforce this ~~Appendix~~~~Schedule~~.

Confidentiality and Non-Disclosure and General Terms of Participation in SwapClear DMG

~~9.~~ ~~9.~~—Conflict of interest

~~9.1~~ ~~9.1~~—The FCM Clearing Member shall procure that, in the event that a DMG Member takes the view that a possible conflict of interest may arise with regard to any matter forming part of the business of the SwapClear DMG, he shall promptly report his view to the Chairman of the SwapClear DMG, who shall act accordingly, taking the advice of other SwapClear DMG Members as appropriate.

~~10.~~ ~~10.~~—Confidentiality

~~10.1~~ ~~10.1~~—Subject to paragraph 10.3 below, the FCM Clearing Member shall procure that the SwapClear DMG Member shall keep all Confidential Material strictly confidential to himself and will not disclose it to any person who is not a SwapClear DMG Member (including, for the avoidance of doubt, the FCM Clearing Member who recommended his appointment to the SwapClear DMG ~~(“the Nominating FCM Clearing Member”)~~) or his employer (if different) or any other employee, adviser, officer or fellow worker of that FCM Clearing Member or his employer) without the prior written permission of the Managing Director, Risk of the Clearing House or his properly authorized delegate, providing always that the SwapClear DMG Member shall be relieved of such an obligation of confidentiality in respect of any Confidential Material if it comes into the public domain in the circumstances covered in paragraphs 2.1.1 and 2.1.2.

~~10.2~~ ~~10.2~~—Subject to paragraph 10.3 below, the FCM Clearing Member shall procure that the SwapClear DMG Member shall not use any Confidential Material for any purpose other than the proper fulfillment of his duties as a SwapClear DMG Member.

~~10.3~~ ~~10.3~~—The parties acknowledge that, in the event that a Default Notice is issued by the Clearing House in respect of any SwapClear Clearing Member, the SwapClear DMG Member may be required by the Nominating FCM Clearing Member and/or his

employer (if different) to provide certain services to the Clearing House in the management of the default. In such event, and only in such event, the parties acknowledge that the SwapClear DMG Member shall be entitled to disclose any part or parts of the Confidential Material as may be agreed by the Clearing House, in such manner and form and in accordance with such procedures as may be prescribed by the Clearing House and/or the SwapClear DMG with regard to the management of that default.

~~10.4~~ ~~10.4~~—Upon request by the Clearing House, and in any event upon termination of the membership of the SwapClear DMG Member of the SwapClear DMG, the FCM Clearing Member shall procure that the SwapClear DMG Member shall promptly return to the Clearing House by a secure method of transportation all or any part of the Confidential Material and all copies thereof in his possession or control, including all abstracts, notes, drawings and other papers, programs and records incorporating any of that Confidential Material, or shall destroy such information and shall certify to the Clearing House in writing that it has done so, **provided that** the SwapClear DMG Member is permitted to retain a copy thereof to comply with applicable legal or regulatory requirements.

~~11.~~ ~~11.~~—Warranty and Representation

~~11.1~~ ~~11.1~~—The FCM Clearing Member represents and warrants that it will procure that:

~~11.1.1~~ ~~11.1.1~~—the Nominating FCM Clearing Member and the SwapClear DMG Member²'s employer (if different) are aware of the obligations of confidentiality arising out of this Agreement; and

~~11.1.2~~ ~~11.1.2~~—nothing in this ~~Appendix~~Schedule will cause the SwapClear DMG Member to breach any duty or obligation (whether arising pursuant to contract or otherwise) which he owes to the Nominating FCM Clearing Member or to his employer, if different, or any other contract counterparty of the SwapClear DMG Member.

~~12.~~ ~~12.~~—Confidentiality and Non-Disclosure: General Obligations of the Clearing House

~~12.1~~ ~~12.1~~—The Clearing House will treat all Confidential Material in the terms envisaged in this Annex to the Agreement, confining use to the SwapClear DMP, restricting its availability on a “strictly need to know basis”, and exercising every duty of care required of it as a Recognised Clearing House and as a Derivatives Clearing Organization.

~~13.~~ ~~13.~~—Third Party Rights

~~13.1~~ ~~13.1~~—A person who is not a party to this Annex shall have no rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any of its terms.

~~2B~~—

2.2 **FOREXCLEAR**

2.2.1 ~~2B.1~~ **Introduction and Interpretation**

This Section ~~2B~~2.2 of the FCM Procedures governs the FCM ForexClear Service and must be read in conjunction with the other parts of the FCM Rulebook.

A reference to an “**FXCCM**” is generic and encompasses both ForexClear Clearing Members (as defined in the UK General Regulations) and FCM ForexClear Clearing Members.

Unless otherwise specified, all times are in local London time.

~~2B.2—The liability of the Clearing House is as set out in Regulation 32 (Exclusion of Liability), which applies to these FCM Procedures in its entirety unless provided otherwise.~~

2.2.2 **Users of FCM ForexClear**

The FCM ForexClear Service is an interface that processes and stores all FCM ForexClear Transactions. Those authorized by the Clearing House to submit trades (as defined below) for clearing in the FCM ForexClear Service fall into ~~three~~two categories – FCM Clearing Members approved by the Clearing House to clear in the FCM ForexClear Service (“**FX FCMs**”); and FCM Clients of FX FCMs ~~and Affiliates of~~ FX FCMs. ~~FX FCMs, and~~ FCM Clients of FX FCMs ~~and Affiliates of FX FCMs are collectively~~are known as ForexClear Participants (“**FXPs**”). For membership procedures, please see Section ~~4~~1 of the FCM Procedures. At least one party to each FCM ForexClear Transaction submitted to the Clearing House will be an FX FCM, acting through a client or house account; the other party may be another FX FCM or may be a ForexClear Clearing Member.

For identification purposes each FX FCM is assigned a unique three-character mnemonic for purposes of the FCM ForexClear Service.

2.2.3 ~~2B.3~~ **Termination of FX FCM Status**

Clearing Members should contact the Clearing House Membership Department (+44 (0)207 426 7891/7627/7063; membership@lchclearnet.com) for details of how to resign from the FCM ForexClear Service.

2.2.4 ~~2B.4~~ **Service Scope**

(a) ~~2B.4.1~~ **Eligibility**

Non-Deliverable FX Transactions as defined in Part A of Schedule ~~B~~2 to the FCM ~~Regulations~~Product Specific Contract Terms and Eligibility Criteria Manual (“**NDFs**”) may be submitted for clearing through the ForexClear Service. To be eligible to be registered as a ForexClear Contract, a trade must meet the ForexClear Eligibility Criteria (as set out in Part B of Schedule ~~B~~2 to the FCM

Regulations Product Specific Contract Terms and Eligibility Criteria Manual).

(b) 2B.4.2 Service Operating Hours

Opening Days:

The FCM ForexClear Service will be open each day, except weekends, Christmas Day and New Year's Day.

Opening Hours:

The FCM ForexClear Service will be open between 20:00 hours, London time, Sunday night and 01:00 hours, London time, Saturday morning ("**Opening Hours**"). The FCM ForexClear Service will not accept FCM ForexClear Transactions outside of these hours.

2.2.5 2B.5 Position Accounts

(a) 2B.5.1 FCM Accounts

For identification purposes each FCM Clearing Member is assigned a unique three-character mnemonic with respect to its accounts relating to FCM ForexClear Transactions and FCM ForexClear Contracts. An FCM Clearing Member's position and financial information are further identified by a single character code: C for client business; and H for house business.

(b) 2B.5.2 Position-Keeping Accounts

FCM Clearing Member Accounts:

The account types are: H for house business (Proprietary Account); and C for segregated client business (FCM Omnibus ForexClear Client Account with LCH). An FCM Clearing Member's FCM ForexClear Contract positions are also recorded within the FCM ForexClear Clearing System in ForexClear accounts.

All registered FCM ForexClear Contracts will be identifiable to FCM Clearing Members via ForexClear Reporting (see Section 2B.21). All registered FCM ForexClear Contracts will be maintained only in ForexClear accounts (identified as such by a unique three letter mnemonic) and separate from all accounts containing FCM Contracts attributable to other Business Categories of FCM Contracts (**provided that** FCM Contracts attributable to any Business Categories of FCM Contracts and related Collateral may be physically commingled in the same depository accounts, subject to the requirements of the Rulebook to properly segregate all FCM Client assets). Each FCM ForexClear Contract will also be assigned a unique trade identifier. The FCM Clearing Member Reporting functionality also allows each FCM Clearing Member to identify all FCM ForexClear Contracts registered in its name.

Sub-accounts within the FX FCM's Proprietary Account may be set up (e.g., for branches ~~or Affiliates~~). Each such sub-account will carry the unique Bank Identifier Code ("BIC") (or equivalent unique identifier) of the relevant branch ~~/ Affiliate (see Section 2B.5.4 below).~~

Sub-accounts within the FX FCM's Proprietary Account will be associated with the House financial account of the FX FCM and information contained across the Proprietary Account sub-accounts is consolidated into the House financial account of each FX FCM.

(c) ~~2B.5.3~~ *Clients*

Where an FX FCM enters into an agreement with an FCM Client in accordance with FCM Regulation 47(a) (*FCM Client Business and Proprietary Account Trading*), the FX FCM must submit an "FCM Client Static Data" form to the Clearing House's membership department. Positions of an FCM Client will be identifiable in ForexClear Reporting through that FCM Client's BIC/unique identifier.

~~2B.5.4~~ *Affiliates and Branches*

~~Under FCM Regulation 5, FX FCMs are permitted to clear for Affiliates through their Proprietary accounts.~~

~~Where an FX FCM enters into an agreement with an Affiliate in accordance with FCM Regulation 5, submission of an "FCM Affiliated Client Static Data" form to the Clearing House will allow the FX FCM to be provided with one or more sub-accounts for that Affiliate (for position-keeping purposes) within that FX FCM's house account.~~

~~Because the House financial account reflects the consolidated balances and liabilities of the FX FCM's proprietary business, the balances and liabilities associated with FCM ForexClear Transactions submitted by Affiliates and/or per branch will be provided as an estimate (if applicable).~~

2.2.6 ~~2B.6~~ *Financial Accounts*

FCM Clearing Member accounts have financial accounts associated with them. These are, *inter alia*, used to record cash balances and securities/documentary credits. Information contained within position-keeping accounts is consolidated into financial accounts, as follows:

(a) ~~2B.6.1~~ *Relationship with Position-Keeping Accounts*

Trading Position
-keeping
Account

Financial
Account

The E and U accounts are Cleared Swaps Customer Accounts as defined in Part -22 of the CFTC Regulations.

(c) ~~2B.6.3~~ *Default Fund (DF) Account*

Each FCM Clearing Member's Contribution is held in a separate financial account. The Default Fund account code is "F". Each FCM Clearing Member's ForexClear Contribution is held in an account that is separate from any financial account containing such FCM Clearing Member's Contribution relating to any other Business Categories of FCM Contracts.

2.2.7 ~~2B.7~~ **Novation and Registration**

An NDF is an FCM ForexClear Transaction (i.e., eligible for registration as an FCM ForexClear Contract) if it satisfies the FCM ForexClear Eligibility Criteria (set out in Part B of ~~the~~ Schedule ~~B2~~ to the FCM ~~Regulations~~ Product Specific Contract Terms and Eligibility Criteria Manual) at the Registration Time. The Clearing House will register (or reject) an FCM ForexClear Contract in respect of an FCM ~~—~~ ForexClear Transaction presented for registration as quickly as would be technologically practicable if fully automated systems were used (i.e. the standard required in Part 39 of the CFTC Regulations).

Where an FX FCM accepts registration of the FCM ForexClear Transaction and notifies the Clearing House of such acceptance, the FX FCM shall, pursuant to FCM Regulation ~~40(b)48(b)~~ (Registration of FCM ForexClear Contracts; ForexClear Accounts), (i) be deemed to have presented the FCM ForexClear Transaction for clearing and (ii) become obliged to furnish all Margin required by the Clearing House in connection with the registration of the FCM ForexClear Transaction upon request of the Clearing House. It is a condition for registration of an FCM ForexClear Transaction that, where both Executing Parties intend to register the FCM ForexClear Transaction through an FX FCM, both FX FCMs accept the FCM Notification (or where such Executing Parties nominate the same FX FCM, such FX FCM accepts both acceptances) and therefore submit the FCM ForexClear Transaction to the Clearing House.

Prior to registering an FCM ForexClear Contract, the Clearing House ~~—~~ will require the FX FCM in whose name such FCM ForexClear Contract ~~—~~ is to be registered to provide and maintain sufficient Margin for its Liabilities (as defined in Section ~~2B.17~~ 2.2.17) (or its estimated Liabilities) (taking into account any MER Buffer (as defined in Section ~~2B.12.2~~ 2.2.12(b)) and any MCE (as defined in Section ~~2B.12.3~~ 2.2.12(c)) made available by the Clearing House, if any) as a precondition to registration. This Margin check process is referred to as the "**Incremental Risk Check**" (as defined in Section ~~2B.8.2~~ 2.2.8(b)).

If any FX FCM does not have sufficient Margin for its Liabilities or estimated Liabilities (taking into account any MER Buffer and MCE provided by the Clearing House, if any) at the time of the relevant ~~—~~ Incremental Risk Check, then any submitted and unregistered ~~—~~ FCM ForexClear Transaction to which it is a party and that is subject to such Incremental Risk Check will be rejected.

Once the FCM ForexClear Transaction has passed the Validation Checks (as defined in Section ~~2B.8.1~~ 2.2.8(a)), the Clearing House will send, via the

FCM Approved Trade Source System, a message confirming the registration of the FCM ForexClear Transaction as two FCM ForexClear Contracts (or one FCM ForexClear Contract and one Non-FCM ForexClear Contract, as applicable) and including a date stamp of the relevant registration time. For the purpose of the Part III of the FCM Regulations, the time of dispatch of such message shall be the “**Registration Time**” of such FCM ForexClear Contract(s).

The definitive report of a registered FCM ForexClear Contract will be shown on the “**All Open Contracts**” report issued by ForexClear Reporting (as defined in Section ~~2B.21~~.2.2.21).

If an FX FCM is declared a defaulter, the Clearing House will not register any ForexClear Transactions to which the defaulter was a party. ForexClear Transactions between non-defaulting FX FCMs will continue to be registered (assuming sufficient Margin for their Liabilities or estimated Liabilities has been provided).

(a) ~~2B.7.1~~ Trade Capture

Once the FCM Approved Trade Source System receives the trade instructions from the FXPs who are parties to the trade, the FCM Approved Trade Source System matches both instructions (a “**trade**”). The FCM Approved Trade Source System validates the trade using the FCM ForexClear Product Eligibility Criteria as set forth in Part B to Schedule ~~B2~~ to the FCM ~~Regulations~~Product Specific Contract Terms and Eligibility Criteria Manual (the “**FCM ForexClear Eligibility Criteria**”) and will, if appropriate, submit a single message containing the names of the FXPs who are parties to the trade and the terms of the trade to the Clearing House for registration and clearing, such matched trade being known as an “**FCM ForexClear Transaction**”. Once the Clearing House receives the FCM ForexClear Transaction message, it will send a message of acknowledgement back via the FCM Approved Trade Source System that the trade has been matched and accepted for clearing. Instructions which show that one or both sides of the trade do not meet the Validation Checks are rejected. Rejections are reported back to the FCM Approved Trade Source System.

The Clearing House will provide FCM ForexClear Transaction/FCM ForexClear Contract (as applicable) updates as and when these change (e.g., for acceptance, rejection and novation).

(b) ~~2B.7.2~~ ForexClear FCM Approved Trade Source Systems

~~Currently~~Application for approved trade source system status shall be made in accordance with the policies published from time to time on the Clearing House's website. A list of FCM Approved Trade Source System designated Systems currently approved by the Clearing House for ForexClear are MarkitSERV and Traianais available on the Clearing House's website. Where the Clearing House approves

additional FCM Approved Trade Source Systems, it will notify FCM Clearing Members via member circular.

FCM ForexClear Transactions submitted through an FCM Approved Trade Source System must be in an acceptable message format, as prescribed by the Clearing House.

The Clearing House is not able to, and will not, verify the authorization of the source of any details of any FCM ForexClear Transaction reported to it for registration by an FCM Approved Trade Source System. The Clearing House shall have no liability in the event that any FX FCM suffers any loss through the unauthorized input of details into a system of an FCM Approved Trade Source System.

Notwithstanding the designation by the Clearing House of any system as an FCM Approved Trade Source System, the Clearing House makes no warranty (and will accept no liability) as to the effectiveness, efficiency, performance or any other aspect of the services provided by any FCM Approved Trade Source System or the timeliness or otherwise of the delivery of any FCM ForexClear Transaction details by that FCM Approved Trade Source System to the Clearing House. Such matters form part of the relationship between the FCM Clearing Members and that FCM Approved Trade Source System and the terms of such relationship may entitle the FCM Approved Trade Source System to suspend the ability of an FX FCM to make submissions from time to time.

FX FCMs must not submit instructions to the Clearing House for trades which will not meet the FCM ForexClear Eligibility Criteria. The Clearing House will process any FCM ForexClear Transaction reported to it by an FCM Approved Trade Source System on an “as is” basis, and subject to the FCM Regulations and these FCM Procedures, will register any such FCM ForexClear Transaction on the basis of the data provided to it by the FCM Approved Trade Source System and approved by the relevant FCM Clearing Member. The Clearing House has no obligation to verify that the details received, properly reflect the trade entered into by the relevant Executing Parties.

The Clearing House accepts no liability for any error within or corruption of any data sent by an FCM Approved Trade Source System to the Clearing House or to an FCM Clearing Member or any delay in or failure of the transmission of such data to the Clearing House. In the event that the Clearing House registers any FCM ForexClear Contract on the basis of incorrect or corrupted data sent to it by an FCM Approved Trade Source System and accepted by an FCM Clearing Member, the FCM Clearing Member concerned shall be bound by the terms of such FCM ForexClear Contract, unless the FCM ForexClear Contract is subsequently cancelled in accordance with FCM Regulation 41.49 (Cancellation of FCM ForexClear Contracts).

FCM Clearing Members shall ensure that transaction details accepted for registration are accepted by appropriately authorized personnel. Apart from the foregoing acceptance, the Clearing House is not able to, and will not, verify the authorization of the source of any details of any transaction reported to it for registration by any FCM Approved Trade Source System. The Clearing House shall have no liability in the event that any FCM Clearing Member suffers any loss through the unauthorized acceptance of an FCM Notification.

~~2.2.8~~ ~~2B.8~~ **Trade Validation and Registration**

~~(a)~~ ~~2B.8.1~~ **Process flow description**

The Clearing House performs a validation check on each trade submitted by FXPs to ensure that each such trade meets the FCM ForexClear Eligibility Criteria and the Counterparty Technical Validation Check (as defined below) and Incremental Risk Checks (as defined in Section ~~2B.8.2~~2.2.8(b)) required for FCM ForexClear Transactions (together the “**Validation Checks**”).

The fields checked are as follows:

- ~~(i)~~ **Counterparties:** (a) are both parties submitting trade particulars FXPs and (b) has each FXCCM in whose name the FCM ForexClear Contract is to be registered not been declared a defaulter by the Clearing House? (together, the “**Counterparty Technical Validation Check**”);
- ~~(ii)~~ **Trade type:** is the instrument type an NDF?
- ~~(iii)~~ **Economic Terms:** does the trade include all the Economic Terms (as defined in Part A of Schedule ~~B2~~ to the FCM ~~Regulations~~Product Specific Contract Terms and Eligibility Criteria Manual)?
- ~~(iv)~~ **Currency Pairs:** are the Reference Currency and the Settlement Currency a Currency Pair (as defined in Schedule ~~B2~~ to the FCM ~~Regulations~~Product Specific Contract Terms and Eligibility Criteria Manual)?
- ~~(v)~~ **Settlement Currency:** is the Settlement Currency USD?
- ~~(vi)~~ **Trade tenor eligibility:** does the scheduled Settlement Date fall on a date: (a) not earlier than three Business Days immediately following the date on which the trade is submitted to the Clearing House for registration (the “**Submission Date**”) and (b) not later than the date falling two calendar years plus two Business Days immediately following the Submission Date? If the FCM ForexClear Transaction arrives after the ForexClear date roll (22.00 hours, London time), the Submission Date is defined as the next good business day.

- (vii) **Valuation Date and Settlement Date:** do the Valuation Date and Settlement Date for the FCM ForexClear Transaction fall on a valid Business Day for the Currency Pair to which the FCM ForexClear Transaction relates? Does the Settlement Date fall on a Business Day after the Valuation Date? The table below shows the relevant Business days for determining the Valuation Date and Settlement Date:²

Currency Pair	Business Days for Valuation Date	Relevant City/Cities for Business Day for Valuation Date	Business Days for Settlement Date	Relevant City for Business Day for Settlement Date
USD-BRL	BRS & USD	Any of Rio de Janeiro, Brasilia or São Paulo and New York City	USD	New York City
USD-CLP	USD & CLP	New York and Santiago	USD	New York City
USD-CNY	CNY	Beijing	USD	New York City
USD-COP	USD & COP	New York and Bogata	USD	New York City
USD-IDR	IDR	Jakarta	USD	New York City
USD-INR	INR	Mumbai	USD	New York City
USD-KRW	KRW	Seoul	USD	New York City
USD-MYR	MYR	Kuala Lumpur	USD	New York City
USD-PHP	PHP	Manila	USD	New York City
USD-RUB	USD & RUB	New York and Moscow	USD	New York City
USD-TWD	TWD	Taipei	USD	New York City

² - As amended from time to time as per the relevant EMTA Template.

Trades that pass the Validation Checks are accepted and two trade records are created for the FCM ForexClear Transaction: one for the FCM ForexClear Contract between the Clearing House and the first FX FCM to the FCM ForexClear Transaction and the other for the FCM ForexClear Contract between the Clearing House and the second FX FCM to the FCM ForexClear Transaction (or the ForexClear Contract between the Clearing House and the ForexClear Clearing Member to the corresponding ForexClear Transaction pursuant to the UK General Regulations).

Provided each FXCCM has sufficient Margin, the Clearing House will send a message via the FCM Approved Trade Source System confirming the registration or, where the trade fails a Validation Check, the trade will be rejected and a status message will be sent to the FCM Approved Trade Source System giving a reason for rejection.

As provided in Section ~~2B.7~~.2.2.7, in respect of messages confirming registration, the time of dispatch of such message shall be the Registration Time of that FCM ForexClear Contract.

The account (H or C) and sub-account (if applicable) into which each trade record is booked is derived from the BIC/unique identifier code within the message from the FCM Approved Trade Source System. The BIC links to the FX FCM reference data.

Both new trade records arising out of the ForexClear Transaction have the same unique ForexClear ID (the “**ForexClear ID**”). Any further events or actions are applied on the basis of this ForexClear ID, to ensure consistency.

~~(b) 2B.8.2~~ *Incremental Risk Checks*

The Clearing House will apply an “**Incremental Risk Check**” to each individual FCM ForexClear Transaction. The Incremental Risk Check uses a suitable approximation methodology to estimate an FX FCM’s Liabilities (including the new FCM ForexClear Transaction) against available Margin (taking into account any MER Buffer and MCE made available by the Clearing House, if any). However, any FCM ForexClear Transaction submitted by that FXCCM that is risk reducing (i.e. results in a reduction of that FX FCM’s Liabilities) will always pass the Incremental Risk Check, even if the FX FCM does not have sufficient Margin for its Liabilities.

Both FXCCMs to the FCM ForexClear Transaction must pass the Incremental Risk Check in order for the Clearing House to register two FCM ForexClear Contracts (or one FCM ForexClear Contract and one

Non-FCM ForexClear Contract, as applicable) in those FXCCM²¹'s names.

If either (or both) FXCCM(s) to an FCM²² ForexClear Transaction fail(s) the Incremental Risk Check(s), then the FCM ForexClear Transaction will be rejected immediately, and a rejection message will be issued to the FCM Approved Trade Source System indicating which (or both) FXCCM(s) has failed the Incremental Risk Check(s).

(c) ~~2B.8.3~~ *Registration*

Once it is confirmed that the transaction has passed the Validation Checks for the relevant FXCCMs, the Clearing House:

~~(a)~~(i) registers the FCM ForexClear Transaction as two FCM ForexClear Contracts (or one FCM ForexClear Contract and one Non-FCM ForexClear Contract, as applicable) and changes the status for the FCM ForexClear Transaction to “NOVATED” and informs the FCM Approved Trade Source System; and

~~(b)~~(ii) in respect of relevant FCM ForexClear Contracts being cancelled, cancels the relevant FCM ForexClear Contracts and changes the FCM ForexClear Contract status of each relevant FCM ForexClear Contract to “CANCELLED”.

The Clearing House acknowledges the FCM ForexClear Contract status and sends a message to the FCM Approved Trade Source System that the FCM ForexClear Transaction/FCM ForexClear Contract (as the case may be) is either “NOVATED” or “CANCELLED” as appropriate.

(d) ~~2B.8.4~~ *Manual Trade Rejection, Novation and Cancellation (Exceptional Event)*

From time to time, as an exceptional event, it may be necessary for the Clearing House to: (i) reject a trade submitted for registration; (ii) register an FCM ForexClear Transaction; or (iii) accept or reject a cancellation request for an FCM ForexClear Contract or an FCM ForexClear Transaction, in each case manually prior to a Margin Run, (e.g., in the case of a default event, when an FCM ForexClear Transaction needs to be registered immediately to expedite the hedging and auction process or to reject an FCM ForexClear Transaction received from a defaulted FX FCM).

The Clearing House acknowledges the action and sends a status message to the FCM Approved Trade Source System of either “REJECTED” in respect of trades being manually rejected; “NOVATED” in respect of trades being manually registered; and “CANCELLED” in respect of an FCM ForexClear Contract or an FCM ForexClear Transaction being manually cancelled, as appropriate.

(e) ~~2B.8.5~~ Trade Cancellation

The Clearing House accepts cancellation messages from Executing Parties against both non-novated trades (FCM ForexClear Transactions) and novated trades (FCM ForexClear Contracts).

With respect to any FCM ForexClear Contract, cancellation messages may be submitted via the FCM Approved Trade Source System until such FCM ForexClear Contract is “fixed” (i.e., when its Settlement Rate has been determined on the relevant Valuation Date).

A successful cancellation message results in a “CANCELLED” status message if the FCM ForexClear Transaction or the FCM ForexClear Contract (as the case may be) is cancelled during the Opening Hours. The status messages are sent from the Clearing House to the FX FCM via the FCM Approved Trade Source System.

(f) ~~2B.8.6~~ Process flow description

The Clearing House accepts trade cancellation instructions from the FCM Approved Trade Source System for FCM ForexClear Transactions or FCM ForexClear Contracts (as the case may be) that have previously been submitted to the FCM ForexClear Service. Cancellation instructions must include the ForexClear ID.

The Clearing House checks that the cancellation instruction contains a valid ForexClear ID which relates to: (a) an FCM ForexClear Transaction or FCM ForexClear Contract (as the case may be) that has not been previously cancelled; and (b) in the case of an FCM ForexClear Contract only, an FCM ForexClear Contract with respect to which the relevant Valuation Date has not yet occurred.

Where a trade has already been rejected (as a result of having failed a Counterparty Technical Validation Check), the FCM ForexClear Service sends a “CANCEL REJECTED” message to the FCM Approved Trade Source System for the relevant FXPs.

All trade cancellation instructions must pass the Incremental Risk Check. If any FX FCM does not have sufficient Margin for its Liabilities or estimated Liabilities (taking into account any MER Buffer and MCE provided by the Clearing House, if any) at the time of the relevant Incremental Risk Check, then any ForexClear trade cancellation instruction to which it is a party will be rejected immediately. However, any ForexClear trade cancellation instruction that is risk reducing (i.e. results in a reduction of that FX FCM's Liabilities) will always pass the Incremental Risk Check, even if the FX FCM does not have sufficient Margin for its Liabilities.

(g) ~~2B.8.7~~ Trade Amendment

No amendment of the financial terms of an FCM ForexClear Transaction or FCM ForexClear Contract is permitted. FX FCMs who wish to change the FCM Client information on a ForexClear Transaction should contact ForexClear Business Operations at 0207 426 3729 for further information.

(h) ~~2B.8.8~~ Valuation Date Event Management

The Clearing House is the Calculation Agent and will store and apply the Settlement Rate Option and the Valuation Date for each FCM ForexClear Contract.

On the Valuation Date with respect to each FCM ForexClear Contract, the Settlement Rate will be retrieved from the Settlement Rate Option per Currency Pair in accordance with the relevant EMTA Templates (as referenced in Schedule ~~B2~~ to the FCM ~~Regulations~~ Product Specific Contract Terms And Eligibility Criteria Manual). The Market Data provider for Settlement Rates is Reuters.

The FCM ForexClear Service applies the relevant Settlement Rate to FCM ForexClear Contracts using the following criteria:

- (i) Settlement Rate Option source code (as below)
- (ii) Valuation Date

The table below gives the source codes of the Settlement Rate Options to be used as per the relevant EMTA Template:

Currency Pair	Settlement Rate Option (or as per the relevant EMTA Template as amended from time to time)
USD-BRL	BRL PTAX (BRL09)
USD-CLP	CLP DÓLAR OBS (CLP10)
USD-CNY	CNY SAEC (CNY01)
USD-COP	COP TRM (COP2)
USD-IDR	IDR JISDOR (IDR04)
USD-INR	INR RBIB (INR01)
USD-KRW	KRW KFTC18 (KRW02)
USD-MYR	MYR PPKM (MYR03)
USD-PHP	PHP PDSPEO (PHP06)
USD-RUB	RUB CME-EMTA (RUB03)
USD-TWD	TWD TAIFX1 (TWD03)

The Clearing House applies the Settlement Rate to all relevant FCM ForexClear Contracts at a predefined time (~~see Section 2B.8.8 below~~) following its publication.

The Clearing House calculates the Settlement Currency Amount in the Settlement Currency per FCM ForexClear Contract. FX FCMs can retrieve the Settlement Rate and Settlement Currency Amount in the Settlement Currency via ForexClear Reporting on the ForexClear Service Portal and on MemWeb, which are internet services onto which information is loaded and can be accessed by FX FCMs.

~~(i) 2B.8.9~~ *Valuation Date Event Management: Process flow description*

After the Registration Time for an FCM ForexClear Contract, the FCM ForexClear Service links a Settlement Rate Option to it in accordance with the relevant EMTA Template for the Currency Pair.

On the Valuation Date, the Clearing House uses the Settlement Rate for the Currency Pair for the FCM ForexClear Contract when it is published by Reuters, and calculates the Settlement Currency Amount for each FCM ForexClear Contract in the Settlement Currency by applying the relevant Settlement Rate Option as published.

If the Settlement Rate Option set out in the relevant EMTA Template is unavailable at the relevant time, Disruption Fallback alternatives for the determination of the Settlement Rate will apply as set out in the relevant EMTA Template.

(j) ~~2B.8.10~~ Settlement

With respect to each FCM ForexClear Contract, the Settlement Currency Amount is calculated by the application of the Settlement Rate to the Notional Amount in accordance with the FCM ForexClear Contract Terms (see Part A of Schedule ~~B2~~ to the FCM ~~Regulations~~Product Specific Contract Terms And Eligibility Criteria Manual).

From (and including) the Registration Time to (and including) the Business Day immediately preceding the Settlement Date, changes in the daily value of open FCM ForexClear Contracts will have resulted in VM credits and debits between the parties (as set out in Section ~~2B.10.2~~2.2.10(b)). With respect to each FCM ForexClear Contract, on the Business Day immediately preceding the Settlement Date, the Clearing House nets the Settlement Currency Amount against the aggregate net VM which has been paid/received through the term of the FCM ForexClear Contract, the result of which is a Net Settlement Amount (“NSA”), which will be reflected in the FX FCMs’ cash accounts with the Clearing House on the Settlement Date. As such, with respect to each FCM ForexClear Contract, the payment in full of all the VM required during the term of such FCM ForexClear Contract shall satisfy the relevant party’s obligation to pay the Settlement Currency Amount on the Settlement Date of such FCM ForexClear Contract. For the purpose of providing Nostro reconciliation, to the relevant parties, the Clearing House will provide Reporting (as defined in Section ~~2B.21~~2.2.21 of these FCM Procedures) which will reflect an entry for the “**Settlement Currency Amount**” and a separate entry for the reversal of the aggregate net Variation Margin which has been paid/received through the term of the FCM ForexClear Contract. This paragraph applies even if the Settlement Date has been adjusted in accordance with the FCM ForexClear Contract Terms.

(k) ~~2B.8.11~~ Reference Data

Holiday Event Calendar:

The FCM ForexClear Service uses the SwapsMonitor Financial Calendar (as published by Swaps Monitor Publications, ~~INC~~Inc.) (“**SwapsMonitor Financial Calendar**”) in order to determine holidays. This requires all FCM ForexClear Participants to be licensees of the SwapsMonitor Financial Calendar.

When a change is declared that affects the SwapsMonitor Financial Calendar that is referenced on FCM ForexClear, a corresponding calendar adjustment will be made to the FCM ForexClear system. The Clearing House may temporarily close the FCM ForexClear Service to process a calendar adjustment in its clearing system. FX FCMs will be notified in advance of the date, time and expected duration of such closure.

Date Adjustment:

As a result of the calendar adjustment process, the Valuation Date and/or the Settlement Date of any affected FCM ForexClear Contracts will automatically be date adjusted in accordance with the provisions of the EMTA Template for the relevant Currency Pair.

The Clearing House will notify the FX FCMs via file download from the Clearing Member Reporting as to the FCM ForexClear Contracts affected and the date adjustments made.

2.2.9 ~~2B.9~~ **Market Data**

(a) ~~2B.9.1~~ **Sources used by FCM ForexClear Service**

The FCM ForexClear Service collates instrument quotes for the following from multiple market sources (as detailed in Section ~~2B.9.2~~2.2.9(b)) in relation to each Currency Pair:

- (i) FX spot rates (“**FX Spot Rates**”);
- (ii) FX swap points (“**FX Swap Points**”);
- (iii) Settlement Rate Option;
- (iv) Interest rate curves (see Section ~~2B.9.5~~2.2.9(e) below) (“**Interest Rate Curves**”);
- (v) USD LIBOR Curve;
- (vi) PAI rates (“**PAI Rates**”); and
- (vii) Country credit spreads (see Section ~~2B.9.6~~2.2.9(f) below) (“**Country Credit Spreads**”),

together, “**Market Data**”.

FX Spot Rates and FX Swap Points are received by the Clearing House via a live link from all eligible FXCCMs (including FX FCMs) during the Opening Hours (as defined in Section ~~2B.4.2~~2.2.4(b)).

(b) ~~2B.9.2~~ **Market Data Sources and Frequencies**

The Clearing House receives the following updated raw prices:

FX Spot Rates:

- (i) Source – ~~contributing~~ FXCCMs (including FX FCMs).

(d) ~~2B.9.4~~ Market Data Provision to FX FCMs

Market Data used in a Margin Run is made available to FX FCMs via ForexClear Reporting (as defined in Section ~~2B.21~~.2.2.21).

(e) ~~2B.9.5~~ Curve Building in ForexClear

FX Curve (Zero Coupon/Market Rate Curve):

The Clearing House builds for each Currency Pair an FX curve (zero coupon/market rate curve) using the FX Spot Rates, FX Swap Points and the USD LIBOR Curve based on interpolation techniques agreed through the ForexClear Risk & Trading Working Group (a group comprising the Clearing House's and FXCCM's (including FX FCM) risk and trading representatives) ("RTWG"). The USD LIBOR Curve

is used for discounting; the FX curve is used for capitalization of forward cash flows.

Interest Rate Curve:

The Clearing House applies the linear interpolation method to build the Interest Rate Curve. Linear interpolation is applied on zero coupon curves.

Curve Use:

End of day is defined as 22.00 hours, London time (“EOD”). The following EOD data is used in the calculation of risk analytics for an EOD Margin Run (as defined in Section ~~2B.16.2~~:2.2.16(b)):

•(i) FX Spot Rates; and

•(ii) FX Swap Points.

(f) ~~2B.9.6~~ *Country Credit Spreads*

The Clearing House takes country credit spreads (in relation to Brazil, Russia, India, China, Chile, South Korea, Colombia, Indonesia, Malaysia, Philippines and Taiwan) from Bloomberg for use in risk multiplier calculations.

2.2.10 ~~2B.10~~ *FCM ForexClear Contract Valuation*

(a) ~~2B.10.1~~ *Net Present Value (“NPV”)*

From (and including) the Registration Time to the EOD Margin Run on the business day preceding the Valuation Date, each FCM ForexClear Contract is valued in USD using the current market rates and discounted from the future Settlement Date to its present value (~~being valued using the data submitted by FXCCMs, in accordance with Sections 2B.9.2~~).

On the Valuation Date, the Settlement Rate is used to value the FCM ForexClear Contract.

If Valuation Postponement applies, the FCM ForexClear Contract is valued using the current forward price (~~based on the data submitted by FXCCMs in accordance with Sections 2B.9.2~~) to (and including) the date on which the Settlement Rate is determined in accordance with the ForexClear Contract Terms.

(b) ~~2B.10.2~~ *Variation Margin (“VM”)*

VM for each FCM ForexClear Contract is calculated at EOD as the change from the preceding business day in its NPV. With respect to each FX FCM, the net sum of the VM for all open FCM ForexClear

Contracts is credited to or debited from such FX FCM once a day, following the EOD Margin Run.

Cover for VM (adjusted by PAI, as set out below) will be paid each business day by or to each FX FCM in respect of all of its open FCM ForexClear Contracts. The VM will be calculated in, and must be paid in, USD.

With respect to each FCM ForexClear Contract, VM is calculated every business day from (and including) the Registration Time to (and including) the EOD on the business day immediately preceding the Settlement Date.

~~2B.10.3~~——Separate Variation Margin calculations are performed in respect of an FCM Clearing Member's house "H" account and in respect of an FCM Clearing Member's client "C" account. No offset between the "C" and the "H" accounts is permitted. The Clearing House shall make or receive a separate Variation Margin payment with respect to each house "H" account and each client "C" account (subject to the Default Rules).

(c) Reporting Breakdown

ForexClear margin reports show the portfolio of open FCM ForexClear Contracts of each FX FCM by Currency Pairs and in the Settlement Currency (i.e., USD).

(d) ~~2B.10.4~~——Price Alignment Interest ("PAI")

The effect of daily cash VM movements results in the need for PAI. Without this adjustment, the pricing of FCM ForexClear Contracts would differ from identical uncleared trades, as cash earned from favorable daily price moves would be priced into the product.

(e) ~~2B.10.5~~——PAI Calculation Methodology

PAI is calculated at EOD on each business day from (and including) the first business day after the Trade Date to (and including) the business day immediately preceding the Settlement Date.

In this Section ~~2B.10.5~~.2.2.10(e), "T" means any given business day; "T-1" means the business day immediately preceding T; "T+1" means the business day immediately following T; and "MTM" means the total value (expressed in USD) of an FXCCM's portfolio open of FCM ForexClear Contracts after valuation in accordance with Section ~~2B.10.2~~.2.2.10(b) at close of business on any business day. The Clearing House calculates PAI in USD once a day at EOD.

Principles:

- (i) MTM is calculated at EOD on T-1.

- (ii) Change in MTM (net VM in respect of an FX FCM's portfolio of open ForexClear Contracts) is paid/ received on the morning of T.
- (iii) PAI Rate for T to be applied is known at EOD T.
- (iv) PAI is calculated on the night of T, for MTM of T-1 for FCM ForexClear Contracts up to the business day before their Settlement Date.
- (v) PAI is paid / received on morning of T+1 via PPS.

Components:

- (i) PAI Rate (annualized interest applied to an FX FCM's MTM).
- (ii) MTM
- (iii) Accrual Factor (factor used to convert the PAI Rate from an annual rate to a daily rate, on a basis of a year of 360 days).

So:

- (i) $PAI\ T = PAI\ Rate \times MTM_{T-1} \times Accrual\ Factor.$

The Clearing House uses the PAI Rate from the relevant EOD overnight index swap curves, which is sourced from the Clearing House.

(f) ~~2B.10.6~~ *VM/PAI Adjustment*

With respect to each FX FCM, the Clearing House makes the following adjustment to the VM at EOD:

- (i) if, with respect to its portfolio of open FCM ForexClear Contracts, such FX FCM has (to but excluding the relevant EOD) paid an amount in VM greater than the amount of VM it has received, such FX FCM will receive PAI; and
- (ii) if, with respect to its portfolio of open FCM ForexClear Contracts, such FX FCM has (to but excluding the relevant EOD) received an amount in VM greater than the amount of VM it has paid, such FX FCM will pay PAI.

2.2.11 ~~2B.11~~ *Initial Margin ("IM")*

The Clearing House will require FX FCMs to furnish it with IM. This amount will be calculated within the day and at EOD on each business day as part of each Margin Run. With respect to each FX FCM, it is calculated for the portfolio of open FCM ForexClear Contracts and FCM ForexClear

Transactions using ForexClear's Portfolio Analysis and Risk ("F~~x~~PAR") margining model. FxPAR is based on a modified filtered historical simulation value-at-risk methodology. All open FCM ForexClear Contracts and FCM ForexClear Transactions in each Currency Pair are re-valued under a series of cross portfolio yield curve scenarios to estimate the potential portfolio profit and loss and therefore the IM requirement.

These scenarios will be continually monitored and reviewed periodically or on an ad hoc basis according to market conditions. FX FCMs will usually be notified by the Clearing House of alterations to margin parameters no later than the day before calls are made based on the new parameters. Further details of this method are available upon request from the ForexClear Risk team.

FxPAR uses ~~market~~ the historical (5 year) data submitted by FXCCMs pursuant to Section ~~2B.92.2.9~~, which is adapted to current market prices.

Separate Initial Margin calculations are performed for an FX FCM's house "H" and client "C" accounts and, within a "C" account, separately in respect of each FCM Client Sub-Account therein. No offset between the "C" and "H" accounts is permitted.

The Clearing House reserves the right to require additional amounts of Margin from a specific FX FCM or from all FX FCMs in accordance with FCM Regulation ~~9.14~~ (Margin and Collateral).

(a) ~~2B.11.1~~ — *Credit Risk Multiplier ("CRiM")*

The CRiM applied will consider the FX FCM's credit worthiness, Initial Margin level and/or stress testing exposures in accordance with LCH.Clearnet Credit Risk Policy.

(b) ~~2B.11.2~~ — *Liquidity Risk Multiplier ("LRMM")*

Where an FXCCM has an exposure above set thresholds in a particular Currency Pair or tenor of FCM ForexClear Contracts, the LRMM is applied and additional IM is charged. The LRMM is calculated in accordance with parameters set by the ForexClear Default Management Group (the "FXDMG") according to tenor and notional concentration. The thresholds are reviewed quarterly and use prevailing perceptions of market conditions as seen by the FXDMG.

LRMM increases IM called due to concentrated Currency Pair exposure by tenor of FCM ForexClear Contracts. Additional IM is called to mitigate the risk of a position not being closed out in seven days and/or the extra hedging costs that may be incurred.

The Clearing House calculates and applies LRMM as part of each Margin Run, based on the IM for each Currency Pair in the FX FCM's house position-keeping account.

(c) ~~2B.11.3~~ — *Sovereign Risk multiplier ("SRM")*

An SRM is applied when there is a perceived risk of sovereign default or a change in a country's currency regime which would impact FCM ForexClear Contracts transacted in certain Reference Currencies. The SRM takes into account:

- (i) ~~i.~~ the probability of sovereign default or a regime change event occurring; and
- (ii) ~~ii.~~ the depreciation or appreciation risk of the Reference Currencies.

The SRM sovereign default probability is calculated by assessing the three month probability of default for the different sovereign countries, based on the country's 5-year credit default swap (CDS) spread. The probability of a regime change event is estimated based on historical events and publicly available data for the different sovereign countries. The country CDS spreads are reviewed and updated weekly.

The Clearing House calculates and applies the SRM as part of each Margin Run, for each Currency Pair in the FX FCM's house position-keeping account.

~~2.2.12 2B.12~~ *Additional Margin, MER Buffer, MCE and Intraday Margin Calls*

~~(a) 2B.12.1~~ *Additional Margin*

The Clearing House may require an FX FCM to furnish additional amounts of Margin (in addition to Initial Margin and Variation Margin) as security for the performance by an FX FCM of its obligations to the Clearing House in respect of FCM ForexClear Contracts to which such FX FCM is a party in accordance with FCM Regulation ~~9.14~~ *(Margin and Collateral)*. This may be required from time to time where, in the opinion of the Clearing House, the risk inherent in FCM ForexClear Contracts to which such FX FCM is a party not adequately covered by Initial Margin or Variation Margin. This may cover instances where stress testing losses under various scenarios provided in the ForexClear Default Fund ~~Rules Supplement~~ have increased.

~~(b) 2B.12.2~~ *Minimum Excess Requirement Buffer ("MER Buffer")*

To facilitate the intraday registration of FCM ForexClear Contracts, at each EOD Margin Run, the Clearing House will call from each FX FCM, separately in respect of its Proprietary Account and each of its FCM Client Sub-Accounts, an amount of IM referred to as "**Minimum Excess Requirement Buffer**" ("MER Buffer") in respect of that FX FCM's and its FCM Clients' potential intraday Liabilities (as defined below in Section ~~2B.17~~ 2.2.17) for the following day. MER Buffer is part of the FX FCM's Required Margin. An FCM's MER Buffer is calculated in respect of an FCM's Proprietary Account and each of its

FCM Client Sub-Accounts, and Margin furnished in respect of MER Buffer is credited to each account (as applicable) as IM.

The required amount of MER Buffer for each applicable account of an FX FCM is expressed as a percentage of start-of-day portfolio IM for such account. The MER Buffer for each account is calibrated daily based on recent activity within the relevant account such that higher levels of intraday trade volumes lead to a proportionally higher MER Buffer requirement and vice versa. The MER Buffer percentage is calculated as a given percentile of intraday peak relative IM changes over a given number of historical business days.

The parameters of the MER Buffer model are: MER percentile, MER look-back period, relative MER cap and absolute MER floor. The values of these parameters are calibrated based on the quantitative analysis of the FX FCM's IM history across the ForexClear Service.

As FCM ForexClear Contracts are registered in an FX FCM's relevant accounts, the Clearing House will, in accordance with the Margin Run process, calculate the FX FCM's intraday Liabilities (or, in the case of an Incremental Risk Check, the FX FCM's estimated Liabilities), taking into account any IM posted as MER Buffer in the applicable account.

At each EOD Margin Run, the Clearing House will recalculate and call the FCM's Required Margin, which includes MER Buffer for all accounts.

(c) ~~2B.12.3~~ Mutualized Credit Extension ("MCE")

If an FX FCM has insufficient Margin attributed to an account to enable the registration of further FCM ForexClear Contracts in such FCM Client Sub-Account or its Proprietary Account, then the Clearing House may make available to an FX FCM intraday credit (in the form of intraday Initial Margin for rebearance) by way of a Mutualized Credit Extension ("MCE") to enable the FX FCM to register further FCM ForexClear Contracts. An FX FCM may utilize MCE intraday on a one-to-one basis to the value of the IM that would have been required to cover that FX FCM's Liabilities (or, in the case of Incremental Risk Checks, the FX FCM's estimated Liabilities). The amount of the MCE made available to an FX FCM in aggregate during any one day must not exceed an amount that is the lesser of: (a) 50% per cent. of the ForexClear MCE Default Fund Buffer; or (b) the sum of the FX FCM's IM and ForexClear Contribution. The amount of the "ForexClear MCE Default Fund Buffer" is currently zero and therefore the Clearing House will not provide MCE to any FX FCM until further notice.

For the avoidance of doubt, MCE is provided in the form of intraday Initial Margin for rebearance and an FX FCM's utilization of MCE does not give rise to any payment or transfer of Collateral by the Clearing

House nor does it result in any use of the ForexClear Fund Amount (except in events of default).

All MCE credit extended on any given day shall be revoked at the close of business on such day (unless revoked earlier in accordance with the following paragraph). As part of each EOD Margin Run, the Clearing House will call IM from each FX FCM to replace any utilized MCE and that FX FCM's MCE will be reset for the following day (assuming such FX FCM has satisfied any margin calls). Any failure of an FCM Clearing Member to satisfy an IM call relating to the replacement of MCE constitutes a default by such FCM Clearing Member—just as any failure by an FCM Clearing Member to satisfy any other type of IM call constitutes a default.

The MCE is made available at the Clearing House's sole discretion. In particular (but without limitation), the Clearing House may refuse to extend MCE to any or all FX FCMs on risk management grounds, and may at any time require an FXCCM to provide IM in place of any utilized MCE.

~~(d) 2B.12.4~~ *Intra-day Margin Calls*

In accordance with the Clearing House's FCM Regulations, the Clearing House is entitled to make additional margin calls for furnishing of Margin on the same day (intra-day margin calls) where it is considered necessary. Intra-day margin calls can be called at any time throughout the business day (08:30 to 21:00 hours, London time). Intra-day margin calls will usually be made via the Protected Payments System (PPS) (see Section ~~2B.22.3~~ 2.2.22(c)).

In certain circumstances the Clearing House may wish to make a call for additional ~~Collateral~~Margin after the closure of ~~London~~UK PPS facilities at 16:00 hours, London time. In this event the Clearing House will require payment of additional funds through PPS facilities in the USA (see Section ~~3.2.2~~ 3.2). Members must ensure, in these circumstances, that they are in a position to fund such calls through their nominated US PPS account within one hour of the call.

~~2.2.13~~ ~~2B.13~~ *Initial Margin Management Events Service ("IMMES")*

IMMES aims to find risk and IM reducing FCM ForexClear Contracts and ForexClear Contracts amongst participating FXCCMs. IMMES can be run on all Currency Pairs that are cleared through the FCM ForexClear Service, although the primary focus will be on those Currency Pairs that contribute to the largest IM requirement. IMMES is available in respect of an FX FCM's house account only.

FX FCMs who wish to obtain further information about, or to participate in, IMMES should contact ForexClear Business Operations at 0207 426 7527. To be eligible to participate in IMMES, an FX FCM must enter into an IMMES agreement with the Clearing House (the "IMMES Agreement").

(a) ~~2B.13.1~~ *Step-by-step details*

The Clearing House usually conducts the IMMES at least monthly.

A reminder that there is an IMMES run taking place is sent out the week before to each FXCCM which is a party to an IMMES Agreement with LCH and each FXCCM is asked to confirm their participation.

On the day of the scheduled IMMES run, the Clearing House analyses all participating FXCCMs' profiles to find FCM ForexClear Contracts and ForexClear Contracts with equivalent and opposite delta values by tenor and Currency Pair to compile a list of offsetting suggested trades that are mutually beneficial in terms of IM reduction (the "IMMES Trades").

The Clearing House then analyses the relevant FX FCM's FCM ForexClear Contract portfolios with the IMMES Trades and determines the change in NPV, IM, delta and zero yield sensitivity from the IMMES Trades.

The FXCCMs on either side of the trades are advised of the economic details of the IMMES Trades.

If the two FXCCMs agree to undertake the IMMES Trades, the Clearing House will then put them in touch with each other. The FXCCMs will enter into the bilateral IMMES Trades and submit them to the Clearing House through the FCM Approved Trade Source System for registration.

~~2.2.14 2B.14~~ *Intra-Day Margin Call: Collateral Management*

(a) ~~2B.14.1~~ *General – Intra-day Margining*

Following an intra-day margin call (except as notified otherwise by an FX FCM at the time of an intra-day margin call), the Clearing House will deduct cash, in the appropriate currency, directly from the relevant FX FCMs PPS account to cover that intra-day margin call.

Cash payments in respect of intra-day Margin are accepted only in USD by the Clearing House.

Each FCM Clearing Member must ensure that it has sufficient cash funds in place with their PPS Bank(s) in order to avoid any intra-day liquidity issues.

~~2.2.15 2B.15~~ *General Margining Process*

A "Margin Run" is the process by which the Clearing House calculates an FX FCM's Initial Margin requirement (if any) and, during an EOD Margin Run, its Variation Margin requirement and PAI adjustment (if required) (together its "Margin Requirements") and applies that FX FCM's Margin to

satisfy the Margin Requirements for that FX FCM in respect of the FCM ForexClear Contracts within that FX FCM's portfolio.

2.2.16 ~~2B.16~~ *Types of Margin Runs*

There are three types of Margin Run:

(a) ~~2B.16.1~~ *ITD / Ad Hoc – Day Margin Run*

ITD/Ad-hoc London daytime Margin Runs are initiated as and when dictated by the schedule published by the Clearing House and notified to FX FCMs from time to time (the “**Schedule**”) or as necessary, and are performed in the time period during which a PPS call can be made (the “**ITD/Ad-hoc Day Margin Run**”). PPS times are published on the Clearing House's website at: http://www.lchclearnet.com/risk_management/ItD/pps/ at: http://www.lchclearnet.com/risk_management/ItD/pps/.

ITD/Ad-hoc Margin Runs are calls in respect of Initial Margin only. Variation Margin and PAI are not included in ITD/Ad-hoc Margin Runs.

(b) ~~2B.16.2~~ *EOD Margin Run*

The EOD Margin Run is the final ITD/Ad-hoc Day Margin Run that completes by 24:00 hours, London time, on that business day (the “**EOD Margin Run**”).

EOD Margin Runs are calls in respect of Initial Margin as well as Variation Margin, NSA and PAI.

(c) ~~2B.16.3~~ *ITD / Ad Hoc - Night Margin Run*

ITD/Ad-hoc London overnight Margin Runs are initiated as and when dictated by the Schedule or as necessary, and are performed in the time period during which a PPS call cannot be made (the “**ITD/Ad-hoc Night Margin Run**”).

ITD/Ad-hoc Night Margin Runs are calls in respect of Initial Margin only. Variation Margin, NSA and PAI are included in ITD/Ad-hoc Night Margin Runs, but only as a component of IM.

2.2.17 ~~2B.17~~ *Margin Run Process*

Margin Runs cover all registered FCM ForexClear Contracts with the status “NOVATED”.

Margin runs will be carried out for each FCM ForexClear Contract and FCM ForexClear Transaction (as the case maybe) until (and including) the later of:

- (a) EOD Margin Run on the Settlement Date; or

- ~~(b)~~ EOD Margin Run after the Settlement Rate is published.

During every Margin Run the Clearing House calculates the Initial Margin required and (where applicable) the Variation Margin and PAI required to cover each FX FCM's relevant open FCM ForexClear Contracts and FCM ForexClear Transactions (each, a "Liability" and together the "Liabilities").

Each FX FCM's Liability is offset against that FX FCM's non-cash Collateral account (being a sub-account of the FX FCM's financial account) (for IM only) or funds in that FX FCM's cash account (being a sub-account of the FX FCM's financial account) (for VM/PAI/IM). Initial Margin will always be a Liability (payable to the Clearing House) and Variation Margin, NSA and PAI may be a cash posting or a Liability (payable by, or to, the Clearing House, respectively).

FX FCMs are informed via email of their Liabilities as a percentage of their current total cover (such percentage being shown as a percentage of the aggregate cover in their cash and non-cash Collateral account(s)) and are directed to the ForexClear Services portal (being a secure website made available to FXCCMs) (the "ForexClear Service Portal") which provides reports (at the times specified in Section ~~7.1~~2.2.21) informing FX FCMs of their (i) total Liabilities under the FCM ForexClear Service; (ii) current total cover posted with the Clearing House for the FCM ForexClear Service (including any MCE, if any); and (iii) Liabilities as a percentage of their current total cover (such percentage being shown as a percentage of the aggregate cover in their cash and non-cash Collateral account(s)).

If following a Margin Run an FX FCM is required to provide additional Collateral, this is also indicated by email and via the ForexClear Service Portal. In the case of ITD/Ad-hoc Margin Runs, where an FX FCM's Liabilities exceed its available cover and any MCE then the Clearing House will issue a margin call for the amount of the shortfall plus 50% per cent. of the FX FCM's MER Buffer amount.

~~2.2.18~~ ~~2B.18~~ ~~Transfer of FCM Clients; Defaulting FCM Clients~~ ~~and Affiliates~~

In certain circumstances the Clearing House will transfer FCM ForexClear Contracts from one FCM Clearing Member to another FCM Clearing Member, pursuant to and in accordance with FCM Regulation 813 (Transfer) and these FCM Procedures.

~~(a)~~ ~~2B.18.1~~ ~~Partial Transfers of FCM Clients~~

Where a Receiving ~~FCM~~ Clearing Member wishes, on behalf of an FCM Client, to receive a transfer of a portion of such FCM Client's portfolio of FCM ForexClear Contracts held with a Carrying ~~FCM~~ Clearing Member, it shall provide the Clearing House with an FCM Client Partial Transfer Form (see ~~Appendix 2B.A~~;Schedule 2.2A), signed on behalf of the relevant FCM Client. Such form shall list all of the FCM ForexClear Contracts that are to be transferred pursuant to this procedure. Following receipt of an FCM Client Partial Transfer

Form, the Clearing House shall notify the Carrying ~~FCM~~ Clearing Member that a request has been received to transfer FCM ForexClear Contracts. All partial transfers shall take place in accordance with the timing and notice requirements set out in Section ~~2B.18.4.2.2.18(d)~~.

In the event that any of the applicable conditions set forth in FCM Regulation ~~8(e)13 (Transfer)~~ are not satisfied, and the Carrying ~~FCM~~ Clearing Member notifies the Clearing house that they have not been satisfied using the Carrying Member Response Form the Clearing House shall not proceed with the transfer of the FCM ForexClear Contracts.

(b) ~~2B.18.2~~ *Full Transfers of FCM Clients*

Where a Receiving ~~FCM~~ Clearing Member wishes, on behalf of an FCM Client, to receive a transfer of such FCM Client's entire portfolio of FCM ForexClear Contracts held with a Carrying ~~FCM~~ Clearing Member, it shall provide the Clearing House with an FCM Client Full Transfer Form (see ~~Appendix 2B.B), Schedule 2.2B~~), signed on behalf of the relevant FCM Client. Such form shall confirm that all FCM ForexClear Contracts attributable to the applicable FCM Client shall be transferred pursuant to this procedure. Where a Receiving ~~FCM~~ Clearing Member submits an FCM Client Full Transfer Form, it must confirm whether or not the FCM Client also wishes to transfer the Collateral held by the Clearing House in respect of the transferring FCM ForexClear Contracts. Following receipt of an FCM Client Full Transfer Form, the Clearing House shall notify the Carrying ~~FCM~~ Clearing Member that a request has been received to transfer FCM ForexClear Contracts. All full transfers shall take place in accordance with the timing and notice requirements set out in Section ~~2B.18.4.2.2.18(d)~~.

In the event that any of the applicable conditions set forth in FCM Regulation ~~8(b)13 (Transfer)~~ are not satisfied, and the Carrying ~~FCM~~ Clearing Member notifies the Clearing ~~H~~House that they have not been satisfied using the Carrying Member Response Form (see ~~Appendix 2B.C) Schedule 2.2C~~) the Clearing House shall not proceed with the transfer of the FCM ForexClear Contracts or the transfer of Collateral (when applicable).

Following receipt of a Full Transfer Form, the Carrying ~~FCM~~ Clearing Member shall not be permitted to register additional FCM ForexClear Contracts on behalf of the FCM Client whose FCM ForexClear Contracts are subject to transfer, until such transfer (and the transfer of the related Collateral, if applicable) is actually effected or is rejected.

(c) ~~2B.18.3~~ *Collateral Transfers*

Where a Receiving ~~FCM~~ Clearing Member notifies the Clearing House that an FCM Client wishes to transfer Collateral from a Carrying ~~FCM~~ Clearing Member to a Receiving ~~FCM~~ Clearing Member, the Clearing

House shall notify the Carrying ~~FCM~~ Clearing Member of such transfer in accordance with the timetable below.

Following such notification and upon request from the Clearing House, the Carrying ~~FCM~~ Clearing Member shall confirm to the Clearing House (using the Carrying Member Response Form at ~~Appendix 2B.C~~) Schedule 2.2C) which Collateral is attributable to the transferring FCM Client and the associated FCM ForexClear Contracts. In the event that the Carrying ~~FCM~~ Clearing Member fails to do so in accordance with the timetable below, the Clearing House shall transfer sufficient cash or non-cash Collateral attributed to the FCM Clearing Member's FCM Omnibus ForexClear Client Account with LCH (such Collateral as selected in the Clearing House's sole discretion) to enable the transfer. Following the Clearing House's determination of the Collateral that is to be transferred, it shall notify the Carrying ~~FCM~~ Clearing Member and the Receiving ~~FCM~~ Clearing Member of the Collateral that will be transferred in accordance with the timetable below.

In the event that any of the applicable conditions set forth in FCM Regulation ~~8~~ 13 (Transfer) are not satisfied, and the Carrying ~~FCM~~ Clearing Member notifies the Clearing house that they have not been satisfied using the Carrying Member Response Form the Clearing House shall not proceed with the transfer of the related Collateral. In such circumstances, the Clearing House will notify the Receiving FCM Clearing Member that the associated Collateral will not be transferred and, in order to proceed with the transfer of the associated FCM ForexClear Contracts, the Receiving FCM Clearing Member will have to provide the Clearing House with sufficient Margin in respect of the transferring FCM ForexClear Contracts.

In the event that the Clearing House transfers Collateral pursuant to these FCM Procedures and the FCM Regulations, it will also transfer the aggregate Variation Margin and next day Variation Margin and Net Settlement Amount associated with the transferring FCM ForexClear Contracts.

(d) 2B.18.4 ~~Timetable for FCM Client Transfer~~

The timings and processes listed in the table above may be amended from time to time by the Clearing House in its full discretion via ~~Member Circular~~ member circular.

~~2B.18.5~~ [Reserved]

~~2B.18.6 [Reserved]~~**~~2.2.19 2B.19~~ *Proprietary Account Position Transfers***

The FCM ForexClear Clearing System provides functionality for the transfer of positions from an FCM Clearing Member's Proprietary Account, ~~either in respect of FCM ForexClear Contracts held on an FCM Clearing Member's own behalf or in respect of FCM ForexClear Contracts held on behalf of an Affiliate. In either case, any.~~ Any such transfer may only occur if the Receiving ~~FCM~~ Clearing Member is an ~~A~~ affiliate of the Carrying ~~FCM~~ Clearing Member. ~~An FCM Clearing Member who wishes to effect a position transfer to another FCM Clearing Member should contact the Clearing House's Risk Management Department~~ Clearing Member.

Before the completion of a portfolio transfer, the Clearing House will perform a margin impact analysis of the transfer to the source and destination portfolios. ~~The~~ Clearing House will advise the relevant FX FCM regarding any additional ~~C~~ collateral that may be required in order to complete the portfolio transfer. ~~An FCM Clearing Member who wishes to effect a position transfer to another FCM Clearing Member should contact the Clearing House's Risk Management Department.~~ Transfers will only be effected once adequate Margincover has been provided by both parties to the transfer. ~~Transfers of Affiliate positions shall not be permitted to another FCM Clearing Member's Proprietary Account unless such Affiliate is an Affiliate of the FCM Clearing Member receiving the transferred position.~~

~~2.2.20 2B.20~~ *FCM Clearing Member's Client Fund Transfer*

The FCM ForexClear Clearing System provides functionality for the transfer of an individual FCM ForexClear Contract whereby an FCM Client has incorrectly booked the FCM ForexClear Contract to a fund, and wishes to relocate the FCM ForexClear Contract to an alternative fund within the accounts of the same FCM Clearing Member.

Transfers can only occur based upon the below rules:

- ~~(a)~~ (a) A valid request has been received by the Clearing House from the applicable FCM Clearing Member on behalf of the FCM Client, as per ~~Appendix 2B.B. Schedule 2.2B.~~
- ~~(b)~~ (b) The FCM ForexClear Contract is registered by the Clearing House, and sufficient Margin has been furnished to cover the FCM ForexClear Contract.
- ~~(c)~~ (c) Transfers are only handled on an individual trade by trade basis, and within the accounts of a single FCM Clearing Member (i.e., not a transfer between two FCM Clearing Members).

Transfer requests received by ForexClear Operations prior to 17:00 London time will be managed and included in the 19:30 London time margin run. The

transfer of the FCM ForexClear Contract will occur **provided that** sufficient Margin is held for the FCM Clearing Member.

2.2.21 ~~2B.21~~ *ForexClear Reporting*

The Clearing House produces a suite of treasury reports for members across each of the Clearing House services. Some of these reports are cross-service reports and others are specific to the ForexClear Service (including the FCM ForexClear Service), thus an FX FCM will receive reports in respect of the FCM ForexClear Service and may also receive cross-service reports where it is a member of another service. Follow this link to the information available from the LCH.Clearnet website: [Banking Reports](#).³ [Banking Reports](#).⁴

In respect of the FCM ForexClear Service, on each business day the Clearing House will provide two sets of reports to FX FCMs: (1) Banking Reports; and (2) reports direct from the FCM ForexClear Service (together, “**ForexClear Reporting**”). These Procedures reference the FCM ForexClear Service specific reports. Each day’s report will remain available for download by FX FCMs from the FCM ForexClear Service Portal for five days.

~~2B.21.1~~ The Clearing House (acting, where applicable, through the entity to which it has elected to delegate the relevant reporting obligations) shall, to the extent required by (and in line with the requirements of) applicable law (including Parts 43 and 45 of the CFTC Regulations, and applicable requirements under English law), report to one or more data or trade repositories (including swap data repositories) or similar body the details of all FCM ForexClear Transactions and FCM ForexClear Contracts, including any modifications or terminations without duplication and no later than the working day following the conclusion, modification or termination of such contract. In order to avoid any such duplication of reports, each FX FCM acknowledges and agrees that it will not report the details referred to in this paragraph to the bodies referred to in this paragraph, unless otherwise agreed with the Clearing House.

(a) *Margin Liability Reports*

Reports detailing Liabilities are provided to FX FCMs following every scheduled Margin Run in accordance with Section ~~2B.17~~ 2.17 and where additional Collateral has been called by the Clearing House. Additionally, a report, including sensitivities, is provided at ForexClear Contracts level at 22.00 hours, London time. If the EOD Margin Run has not completed by 22:00 hours, London time, on a particular business day, the report generated at EOD will reflect that not all the Liabilities of all FXCCMs as covered by Collateral by 22:00 hours, London time. A report will also be provided detailing an FX FCM’s Margin utilization level. If an FX FCM’s Liabilities exceed its total available Margin, ForexClear will alert the FX FCM.

⁴ http://www.lchclearnet.com/Images/banking_report_tcm6-48011.pdf

(b) ~~2B.21.2~~ *Market Data Reports*

Reports detailing Market Data are provided to FX FCMs following every scheduled Margin Run. They include reports of Market Data and Settlement Rate used in the valuation of FCM ForexClear Contracts and reports of Market Data shifts for each historic scenario used in IM calculations.

(c) ~~2B.21.3~~ *Trade Reports*

Reports are **provided that** enable FX FCMs to monitor their firms²¹ trading events and positions in respect of ForexClear. Reports on open FCM ForexClear Contracts and on cancelled FCM ForexClear Transactions and FCM ForexClear Contracts are generated at EOD and reports on transferred FCM ForexClear Contracts are made on an ad hoc basis.

(d) ~~2B.21.4~~ *Trade Fixing and Settlement Reports*

Reports are published on each business day detailing the FCM ForexClear Contracts to which the Settlement Rate has been applied on that business day (the “**NDF Fixings**” report), FCM ForexClear Contracts that have been settled during that current business day (the “**Settlements Today**” report) and FCM ForexClear Contracts that will settle the next business day (the “**NDF²¹s Fixed with Settlement Tomorrow**” report).

(e) ~~2B.21.5~~ *Fees Reports*

Reports on trading volumes on a daily and monthly basis are provided to FX FCMs. Monthly reports are provided on the last business day of each month. They include the full trading volumes on which the monthly transaction fees will be charged to those FX FCMs choosing to have tariffs levied per transaction.

2.2.22 ~~2B.22~~ *Treasury Operations & Collateral Management*

(a) ~~2B.22.1~~ *Cover Distribution*

The Clearing House nets each FX FCM's Liabilities (i.e., margins and multipliers) and then the total of ~~cash Collateral~~ Cash collateral and non-cash Collateral are applied to offset those net Liabilities. This process is known as cover distribution ("**Cover Distribution**"). FX FCMs can choose whether cash or non-cash Collateral should be applied first. At the end of this process, if an FX FCM has a shortfall, a PPS (as defined in Section ~~2B.22.3~~ 2.2.22(c) below) call for additional Collateral is made. Conversely, any excess cash remaining after the final overnight Margin Run can, if requested before 09:30 hours be repaid to the FX FCM.

(b) ~~2B.22.2~~ *Cover Distribution Notification*

FX FCMs are informed via email of their: Liabilities as a percentage of their current total cover (such percentage being shown as a percentage of the aggregate cover in their cash and non-cash Collateral account(s)) and are directed to the ForexClear Service Portal which provides reports (at the times specified in Section ~~2B.20.1~~ 2.2.21) informing FX FCMs of their (i) total Liabilities under the ForexClear Service; (ii) current total cover posted with the Clearing House for ForexClear; and (iii) Liabilities as a percentage of their current total cover (such percentage being shown as a percentage of the aggregate cover in their cash and non-cash Collateral account(s)).

The reports accessed via the ForexClear Service Portal will enable FX FCMs to log in and examine the underlying data.

(c) ~~2B.22.3~~ *Protected Payment System*

The Clearing House operates the Protected Payments System ("**PPS**") for transferring funds to and from its FX FCMs to cover their Margin Requirements. This is similar to a direct debit arrangement where the PPS bank confirms that any Clearing House-specified call is met.

FX FCMs are obliged to hold an account with a ~~London~~ UK PPS bank in USD, as well as a USD account with a PPS bank in the USA.

Follow the link below for a list of PPS banks operating in the UK and US:

[List of PPS Banks](#)⁷

~~[Risk Management/LCH.Clearnet Ltd/Acceptable Collateral](#)~~⁹

~~[2B.21.5](#)~~ ~~[Risk Management/LCH.Clearnet Ltd/Acceptable Collateral](#)~~¹⁰

(e) *Interest and Accommodation*

Interest is paid to FX FCMs on cash Collateral held by the Clearing House. The London Deposit Rate (“**LDR**”) is applied.

A utilization fee, known as an accommodation charge, is charged on securities lodged at the Clearing House to cover liabilities. For an overview of interest and accommodation charges, please contact the Clearing House’s Treasury Operations or follow the link below:

~~[Overview of interest and charges](#)~~¹¹

~~[2B.23](#)~~ ~~[Overview of interest and charges](#)~~¹²

2.2.23 *Default Management*

(a) ~~[2B.23.1](#)~~ *Portfolio Splitting*

As part of the ForexClear DMP (contained in the ForexClear DMP Annex to the Default Rules), the Clearing House may divide an Auction Portfolio into two or more individual Auction Portfolios. In circumstances where such portfolio splitting is adopted, the Clearing House will, in consultation with the ForexClear DMG (as defined in the ForexClear DMP Annex to the Default Rules), seek to create:

(i) ~~(a)~~ — one or more individual Auction Portfolios which have comparatively greater levels of risk associated with them, thereby isolating such Auction Portfolios from those which are more risk neutral; and

(ii) ~~(b)~~ — one or more individual Auction Portfolios which are more risk neutral.

¹¹ ~~http://www.lchclearnet.com/risk_management/ltd/acceptable_collateral.asp~~

¹² ~~http://www.lchclearnet.com/risk_management/ltd/acceptable_collateral.asp~~

(b) ~~2B.23.2~~ *Acceptance of Bids*

In deciding whether to accept a bid, the Clearing House will generally accept the best bid in respect of any individual Auction. However, the Clearing House is entitled to reject a bid in the event that it considers, in its reasonable discretion that accepting the bid may:

- (i) ~~(a)~~ cause the Clearing House to breach any legal or regulatory requirement applicable to it by virtue of its being a Recognised Clearing House or a Derivatives Clearing Organization;
- (ii) ~~(b)~~ cause the Clearing House or its membership any reputational harm;
- (iii) ~~(c)~~ cause legal action or proceedings to be taken against the Clearing House; or
- (iv) ~~(d)~~ endanger the Clearing House, any of its clearing members or the financial markets in which the Clearing House operates.

Where the Clearing House receives more than one bid from the same ForexClear Clearing Member and in respect of the same Auction the Clearing House is entitled to accept the last bid received by it in respect of that Auction. Where the Clearing House does not receive a bid that was made by a ForexClear Clearing Member for operational, technological or other similar reasons and as a result of which a bid does not reach the Clearing House, the Clearing House will be unable to accept a bid and shall not be liable for any failure to accept such bid.

(c) ~~2B.23.3~~ *Affiliate Bidding*

ForexClear Clearing Members are entitled to bid for an Auction Portfolio on behalf of an affiliated ForexClear Clearing Member or an affiliated FCM Clearing Member. Where a ForexClear Clearing Member makes a bid and that ForexClear Clearing Member has an affiliated ForexClear Clearing Member or FCM Clearing Member that does not make a bid, the Clearing House shall not (unless instructed otherwise in accordance with the paragraph below) assume that the bidding ForexClear Clearing Member has made the relevant bid on behalf of a non-bidding, affiliated ForexClear Clearing Member or FCM Clearing Member.

A ForexClear Clearing Member may notify the Clearing House, in advance of an Auction, that it wishes to bid on behalf of an affiliated ForexClear Clearing Member. Where it wishes to do so, the ForexClear Clearing Member should contact the Clearing House's Membership Department (membership@lchclearnet.com; +44 (0)207 426 7949).

(d) ~~2B.23.4~~ — Outsourcing

Pursuant to Section 41 (*Membership*) of these FCM Procedures, an FX FCM may appoint a third party to fulfill one or both of the Clearing House's FCM clearing membership criteria to: (i) participate in a ForexClear "fire drill" run by the Clearing House; and (ii) participate in the ForexClear DMP operated by the Clearing House. Where an FX FCM chooses to outsource one or both of these functions it must appoint and maintain at least three LCH Approved Outsourcing Agents.

The following entities are eligible for appointment as an LCH Approved Outsourcing Agent:

- (i) a ForexClear Clearing Member
- (ii) an FX FCM;
- (iii) an FCM Client; or
- (iv) any other entity that the Clearing House deems appropriate in its sole discretion.

Where an FX FCM wishes to appoint a third party to carry out any obligation on its behalf, it should contact the Clearing House's Membership Department with the:

- (A) (a) — details of the third party entity that the FX FCM wishes to appoint as an LCH Approved Outsourcing Agent. Such information should include details of the applicant's regulatory status;
- (B) (b) — evidence of the existence of a legally binding agreement between the FX FCM Clearing Member and the third party; and
- (C) (c) — such other information that the Clearing House reasonably considers necessary for the purposes of determining whether an entity should be approved as an LCH Approved Outsourcing Agent.

Following the receipt of all of the information above, the Clearing House shall determine, in its sole discretion, whether to approve the third party as an LCH Approved Outsourcing Agent. In making its determination, the Clearing House shall consider the third party's ability to demonstrate that it has the necessary operational infrastructure and appropriate asset class expertise.

Where an FX FCM successfully appoints an LCH Approved Outsourcing Agent, that FX FCM may be subject to increased Margin Requirements to cater for the additional time required to invoke an outsourcing process in the event of a default

FX FCMs should note that LCH Approved Outsourcing Agents may be subject to a more rigorous driving test and fire-drill than FX FCM (i.e., required to demonstrate an ability to price and bid a greater number of trades at tighter pricing tolerances and within more onerous timeframes). In addition, the Clearing House may require an FX FCM, that has appointed an LCH Approved Outsourcing Agent, to participate in an ad-hoc fire-drill or driving test with such notice as the Clearing House deems appropriate in its sole discretion.

The Clearing House reserves the right to revoke an entity's status as an LCH Approved Outsourcing Agent, in its sole discretion and without notice. In the event of such a revocation, the relevant FX FCM shall be required to assume those responsibilities that were previously outsourced. Such revocation may occur where the Clearing House considers that there is an insufficient number of third party entities that are providing outsourced default management services (usually a minimum of five providers at any one time).

Other than in exceptional circumstances and in the Clearing House's sole discretion, an LCH Approved Outsourcing Agent may not act on behalf of more than three clearing members.

The appointment of an LCH Approved Outsourcing Agent does not absolve an FX FCM of its obligations under the ForexClear DMP (including its obligation to participate in an Auction) and an LCH Approved Outsourcing Agent's participation in the ForexClear DMP on behalf of an FX FCM, in the event of a default, shall not extend beyond the provision of operational and other ancillary support to that FX FCM.

(e) ~~2B.23.5~~ *ForexClear DMG*

The necessary involvement of FX FCMs and the ForexClear DMG (which, as defined in the Default Rules, refers to the advisory Default Management Group established by the Clearing House pursuant to the terms of the ForexClear DMP Annex to the Default Rules) in the ForexClear DMP entails the assessment and dissemination of information that could give rise to conflicts of interest. To ensure that such potential conflicts are demonstrably contained, ~~Appendix 2B.D~~ Schedule 2.2D establishes binding obligations of confidentiality, anonymity and the extent of dissemination of information on FX FCMs (and their executives or directors who participate from time to time in the ForexClear DMG) and on the Clearing House.

Each FX FCM who makes available a representative to serve on the ForexClear DMG agrees, and shall procure that, to the extent applicable, its representatives agree to be bound by and to ensure that it and any of its executives or directors serving on the ForexClear DMG complies with ~~Appendix 2B.D~~ Schedule 2.2D covering confidentiality, non-disclosure and other terms.

(f) ~~2B.23.6~~ *Procedures for Liquidation of FCM ForexClear Contracts of FCM Clients*

Upon the default of an FCM Clearing Member, the Clearing House has the power and authority, pursuant to the FCM Rulebook, the CEA and the CFTC Regulations, to liquidate the FCM ForexClear Contracts of FCM Clients which, pursuant to the FCM Rulebook, would be conducted in accordance with the ForexClear DMP Annex. This section sets forth certain supplementary procedures (in addition to the Default Rules and other applicable provisions of the FCM Rulebook) that will apply under such circumstances.

In certain circumstances the Clearing House may deem, in its sole discretion, that one or more of the FCM ForexClear Contracts attributable to an FCM Client's FCM Client Sub-Account should be liquidated. Such determination may result from factors including: (i) the Clearing House determining that the FCM Client poses too great a risk to the Clearing House and should therefore be liquidated, (ii) the Clearing House becoming aware of the FCM Client becoming insolvent or otherwise failing in its obligations to the defaulting FCM Clearing Member, (iii) the relevant FCM Client requesting that it be liquidated, or (iv) a request or instruction from a Regulatory Body, whether orally or in writing. In the event of such liquidation the Clearing House shall transfer (either physically or by book-entry) such FCM Client's FCM ForexClear Contracts to be liquidated into an account at the Clearing House established for purposes of liquidating the FCM ForexClear Contracts of FCM Clients of the defaulter (such account, a "**Hedged Account**"). The Clearing House shall establish a separate Hedged Account for each currency of FCM ForexClear Contracts that are non-transferable and will be subject to liquidation and will include in ~~each~~ such Hedged Account the FCM ForexClear Contracts in the applicable currency that are to be liquidated, regardless of the FCM Clients for which such FCM ForexClear Contracts are held. The provisions of this section shall apply equally to any such Hedged Account. Additionally, no FCM Contracts other than FCM ForexClear Contracts will be transferred into a Hedged Account established for liquidating FCM ForexClear Contracts.

An FCM Client whose FCM ForexClear Contracts are transferred into a Hedged Account is referred to as a "**Non-Porting Client**". The Clearing House shall hold the relevant Collateral in respect of Non-Porting Clients (segregated as belonging to each such applicable Non-Porting Client in accordance with the CFTC Regulations and Part 22 thereof) in ~~the relevant~~ applicable FCM Omnibus ForexClear Client Account with LCH of the ~~defaulter~~ until the liquidation of the entire Hedged Account and all FCM ForexClear Contracts and other positions therein, as described below. At the time that the FCM ForexClear Contracts of a Non-Porting Client are transferred into a Hedged Account, any outstanding and accrued but unpaid Variation Margin in respect of such FCM ForexClear Contracts shall be

discharged as of the time such FCM ForexClear Contracts are transferred into the Hedged Account, by (i) in the event that Variation Margin is accrued but unpaid in favor of the Clearing House, debiting the relevant FCM Client Sub-Account of such FCM Client, or (ii) in the event that Variation Margin is accrued but unpaid in favor of the FCM Client, crediting the relevant FCM Client Sub-Account of such FCM Client.

(i) *Administration of a Hedged Account.* The Clearing House may enter into hedge transactions and liquidate and/or auction the FCM ForexClear Contracts and hedges for the account of the Hedged Account, and may take related actions with respect to a Hedged Account (and the positions held therein), in its sole discretion as permitted by the FCM Rulebook, the CEA and the CFTC Regulations, or as directed by an applicable Regulatory Body.

(ii) *Allocation of Gains and Losses in a Hedged Account to Non-Porting Clients.* The Clearing House will allocate losses and gains (including further variation margin changes, hedging costs including the gains and losses associated with hedging transactions, and liquidation/auction costs and losses) to Non-Porting Clients in a Hedged Account in accordance with the following provisions:

(A) ~~(i)~~—At the time an FCM Client becomes a Non-Porting Client, such Non-Porting Client is assigned a risk factor (a “**Risk Factor**”) which is equal to such Non-Porting Client’s Required Margin with respect to its FCM ForexClear Contracts that are transferred into the Hedged Account at the time such FCM Client became a Non-Porting Client (*i.e.*, at the time of transfer into the Hedged Account).

(B) ~~(ii)~~—On the first day that FCM Clients become Non-Porting Clients, gains and losses in the Hedged Account on such day shall be allocated on a *pro rata* basis among such Non-Porting Clients based on their individual Risk Factors. The allocation of gains and losses on subsequent days shall be made in the same manner until the occurrence of a day (if applicable) in which additional Non-Porting Clients are included in the Hedged Account. Additional Non-Porting Clients that are included in the Hedged Account on a subsequent day, until further additional Non-Porting Clients are included in the Hedged Account on a further subsequent day, are referred to as “**New Non-Porting Clients**”.

(C) ~~(iii)~~—On a day when one or more New Non-Porting Clients are included in the Hedged Account, the

Clearing House shall calculate a combined risk factor (the “**Existing Non-Porting Clients Combined Risk Factor**”) in respect of the Non-Porting Clients that were previously included in the Hedged Account and are not New Non-Porting Clients (such existing Non-Porting Clients, “**Existing Non-Porting Clients**”). The Existing Non-Porting Clients Combined Risk Factor shall be based on the amount of Required Margin associated with the Hedged Account with respect to all positions (including all FCM ForexClear Contracts, hedges or other positions) held in the Hedged Account, at the beginning of the day on which New Non-Porting Clients are included in the Hedged Account (*i.e.*, at a time prior to the transfer of the FCM ForexClear Contracts of New Non-Porting Clients into the Hedged Account). For the avoidance of doubt, the Existing Non-Porting Clients Combined Risk Factor is calculated without respect to the Required Margin applicable to the transferred FCM ForexClear Contracts of the New Non-Porting Clients.

~~(D)~~ ~~(iv)~~—On any day on which New Non-Porting Clients are included in the Hedged Account, gains and losses in the Hedged Account that are incurred on that day will be allocated among the Existing Non-Porting Clients (as a group) and the New Non-Porting Clients (individually) on a *pro rata* basis based on the Existing Non-Porting Clients Combined Risk Factor (with respect to the Existing Non-Porting Clients as a group) and the individual Risk Factors of each New Non-Porting Client (with respect to each such New Non-Porting Client individually). The gains and losses allocated in such manner to the Existing Non-Porting Clients as a group shall be further allocated to each individual Existing Non-Porting Client on a *pro rata* basis based on the Risk Factor of each such Existing Non-Porting Client. The allocation of gains and losses on subsequent days shall occur in the same manner as set forth in this paragraph ~~(ivD)~~ until the occurrence of a day (if applicable) in which additional Non-Porting Clients are included in the Hedged Account and thus become the New Non-Porting Clients. In such a case, (A) the Existing Non-Porting Clients shall continue to be treated as Existing Non-Porting Clients, (B) the Non-Porting Clients previously constituting the New Non-Porting Clients shall then constitute Existing Non-Porting Clients (in accordance with the definition of New Non-Porting Clients in paragraph ~~(ivB)~~ above), (C) the additional Non-Porting Clients included in the Hedged Account constitute the New Non-Porting

Clients (in accordance with the definition of New Non-Porting Clients in paragraph (iiB) above), and (D) the Clearing House shall recalculate the Existing Non-Porting Clients Combined Risk Factor and the allocation of gains and losses shall be in accordance with paragraph (iiC) above and this paragraph (ivD).

~~(E)~~ ~~(v)~~—Upon the liquidation of the Hedged Account and all FCM ForexClear Contracts and other positions therein, by auction or otherwise, any gains or losses associated with such auction/liquidation shall be allocated among all Non-Porting Clients on a *pro rata* basis based on the “unit value” of each FCM ForexClear Contract of each Non-Porting Client transferred into the Hedged Account, as adjusted by a “auction value adjustment”. For purposes of this clause ~~(vE)~~, (1) ~~“~~**unit value**~~”~~ means the value applied to each FCM ForexClear Contract, based on the net present value and outstanding notional value associated with each such FCM ForexClear Contract, and (2) ~~“~~**auction value adjustment**~~”~~ means a ratio applied to an FCM ForexClear Contract based on the aggregate auction/liquidation costs incurred in auctioning/liquidating the Hedged Account and the aggregate notional value of all FCM ForexClear Contracts in the Hedged Account, each of clauses (1) and (2) as determined by the Clearing House. The allocations described in this clause ~~(vE)~~ are without reference to any Risk Factor or Existing Non-Porting Clients Combined Risk Factor.

~~(iii)~~ *Settlement of Non-Porting Clients Following Liquidation of Hedged Account.* Following the liquidation of a Hedged Account, the Clearing House shall allocate the appropriate gains and losses (as determined in accordance with the above provisions) to each Non-Porting Client's FCM Client Sub-Account.

~~2.2.24~~ ~~2B.24~~ ~~Payment of Stamp Tax~~

~~2.2.25~~ Payment of Stamp Tax

Each FCM Clearing Member shall pay any stamp tax or duty levied or imposed upon it or in respect of its execution or performance of the FCM Clearing Membership Agreement, the FCM Default Fund Agreement, the FCM Regulations and the FCM Procedures (including any registration of an FCM ForexClear Contract) by a jurisdiction in which it is incorporated, organized, managed and controlled, or considered to have its seat, or in which a branch or office through which it is acting is located or by any other jurisdiction and shall indemnify the Clearing House against any stamp tax or duty levied or imposed upon the Clearing House or in respect of the Clearing

House's execution or performance of the FCM Clearing Membership Agreement, the FCM Regulations and the FCM Procedures (including any registration of an FCM ForexClear Contract) by any such jurisdiction.

~~Section 696, Corporation Tax Act 2009~~**B.25** ~~Section 696, Corporation Tax Act 2009~~

2.2.26

The FCM Clearing Member agrees that should a situation arise where HM Revenue and Customs (“HMRC”) raises an enquiry, or makes an information request, to the Clearing House regarding an FCM Transaction or FCM Contract that the FCM Clearing Member is submitting (or has submitted) to the Clearing House, and that enquiry or information request is in respect of the application of s696 - s697 Corporation Tax Act 2009, the FCM Clearing Member will use its reasonable endeavoursefforts to provide such information and support as the Clearing House may reasonably require in order to respond to and effectively deal with the queries raised by HMRC.

APPENDIX 2B.A**FCM CLIENT – PARTIAL TRANSFER FORM****2.2.27 Provision of Tax Forms**

The Clearing House and each FXCCM shall provide to each FXCCM or the Clearing House, as relevant, (i) any forms or documents specified in the FCM ForexClear Contract between the Clearing House and the FXCCM and (ii) any other form, document, statement or certification reasonably requested in writing by the FXCCM or the Clearing House in order to allow the FXCCM or the Clearing House to make a payment under the Clearing House rules or any FCM ForexClear Contract without deduction or withholding for or on account of any tax or with such deduction or withholding at a reduced rate unless the Clearing House or the FXCCM can no longer deliver such form, document, statement or certification solely as a result of a change in law (including double tax treaty) or interpretation thereof after the date of the FCM ForexClear Contract between the Clearing House and the FXCCM. In the case of the Clearing House, the forms required pursuant to item (ii) above include an Internal Revenue Service Form W-8BEN. Additionally, the Clearing House will take such further actions as necessary to ensure that payments made to it can be made without deduction or withholding for or on account of any Tax.

FCM CLIENT - PARTIAL TRANSFER FORM

~~V.1.0: November 2011~~

~~Terms used in this form are as defined in LCH.Clearnet Limited's FCM Rulebook unless defined herein~~

~~To: LCH.Clearnet Limited~~

~~From: Receiving FCM Clearing Member~~

~~Date:~~

~~We, [insert name of Receiving FCM Clearing Member] (the "Receiving FCM Clearing Member") have received a request from [insert name of transferring FCM Client] (the "FCM Client") to transfer part of its portfolio of FCM ForexClear Contracts from its Carrying FCM Clearing Member to us. ~~APPENDIX~~ SCHEDULE 2.2B-B

FCM CLIENT - FULL TRANSFER FORM

V.1.0: November 2011

Terms used in this form are as defined in LCH.Clearnet Limited's FCM Rulebook unless defined herein

To: LCH.Clearnet Limited

From: Receiving FCM Clearing Member

Date:

We,[insert name of Receiving FCM Clearing Member] (the "Receiving FCM Clearing Member") have received a request from [insert name of transferring FCM Client] (the "FCM Client") to transfer its entire portfolio of FCM ForexClear Contracts from its Carrying FCM Clearing Member to us. We hereby request the transfer of the FCM ForexClear Contracts as identified below pursuant to FCM Regulation 8(b) and the FCM Procedures.

Please insert EITHER:

i. Name of Carrying FCM Clearing Member:

.....

OR

ii. the LCH trade IDs of the transferring FCM ForexClear Contracts (using the Schedule on the next page).

in order to enable **the Clearing House** to identify the relevant FCM ForexClear Contracts that are to be transferred.

Please tick the relevant box below to confirm whether the FCM Client wishes to transfer the associated Collateral in accordance with FCM Regulations 8(d).

- The FCM Client wishes to transfer Collateral
- The FCM Client does NOT wish to transfer Collateral

Signatories for and on behalf of the Receiving/transferring FCM Clearing Member/Client:

To: Receiving Clearing Member

We acknowledge and confirm the above and are authorized to sign for and on behalf of the Receiving FCM Clearing Member:

1.

_____	_____	_____	_____
(Authorized Signatory)	Name	Position	date

2.

_____	_____	_____	_____
(Authorized Signatory)	Name	Position	date

Signatories for and on behalf of the transferring FCM Client:**To: Receiving FCM Clearing Member****We acknowledge and confirm:**

- ~~i.~~ i. _____ the request to transfer as detailed herein;
- ~~ii.~~ ii. _____ that we will be unable to submit further FCM ForexClear Contracts through our Carrying ~~FCM~~ Clearing Member from the date that this form is received by the Clearing House until the transfer has been effected;
- ~~iii.~~ iii. _____ that the Clearing House will contact our Carrying ~~FCM~~ Clearing Member in relation to this transfer and will disclose our identity to such Carrying ~~FCM~~ Clearing Member;
- ~~iv.~~ iv. _____ that, in accordance with the FCM Rulebook, the Clearing House is entitled to rely conclusively on the instructions and information received from the Receiving ~~FCM~~ Clearing Member and the Carrying ~~FCM~~ Clearing Member and shall have no liability or responsibility therefor;
- v. _____ that the transfer detailed above may require that additional Margin be furnished to the Clearing House (and/or by us to the Receiving ~~FCM~~ Clearing Member listed above) even where Collateral is transferred, and that the Clearing House is not required to affect the transfer if it has not received adequate Margin in respect of the transfer or if any of the other conditions set forth in the FCM Rulebook applicable to the transfer are unsatisfied;
- vi. _____ that, where we have requested the transfer of Collateral, (x) we should contact our Carrying ~~FCM~~ Clearing Member to ensure that they contact the Clearing House to identify the correct Collateral to be transferred, and (y) while the Clearing House will attempt to transfer the specified Collateral to the Receiving ~~FCM~~ Clearing Member, LCH.Clearnet is permitted to transfer alternative Collateral as it deems appropriate in accordance with the FCM Rulebook;
- ~~vii.~~ vii. _____ that the FCM Client is not insolvent; and has no outstanding obligations that are due and payable to the Carrying ~~FCM~~ Clearing Member and/or its ~~A~~ affiliates in respect of FCM ForexClear Contracts; and
- ~~viii.~~ viii. _____ that we are authorized to make these acknowledgements and confirmations and do so on behalf of the FCM Client listed above in accordance with the FCM Regulations.

APPENDIX 2B.D

**CONFIDENTIALITY, NON-DISCLOSURE AND PARTICIPATION IN
THE FOREXCLEAR DEFAULT MANAGEMENT GROUP**

1—SCHEDULE 2.2D
CONFIDENTIALITY, NON-DISCLOSURE AND PARTICIPATION IN
THE FOREXCLEAR DEFAULT MANAGEMENT GROUP

1. Definitions

- 1.1** ~~1.1~~—“**Confidential Material**” means data (including but not limited to portfolio data) and documents, which are not in the public domain and which are disclosed to the FXCCM, its associated companies and advisers, or to which the FXCCM, its associated companies and advisers obtains or otherwise has access as a result of participation in the ForexClear DMP, (which, for the avoidance of doubt, does not include any information, data or documents provided to the Clearing House by the FXCCM).
- 1.2** ~~1.2~~—“**FXDMG Member**” means an individual appointed by a Nominating FXCCM.
- 1.3** ~~1.3~~—“**Nominating FXCCM**” means a ForexClear Member who, through their obligations under the ForexClear DMP Annex, makes available a representative to serve on the ForexClear DMG.
- 1.4** ~~1.4~~—“**Permitted Purpose**” means proper fulfillment by the FXCCM of its duties under the ForexClear DMP Annex and includes, after the completion of the Auction, the use by the FXCCM its associated companies and advisers (to be determined by it at its discretion) of any data or documents related to portfolios successfully won through the Auction, for the purposes of its own on-going portfolio management and to enable it to comply with on-going legal or regulatory requirements.
- 1.5** ~~1.5~~—References denoting the masculine (including “his” and “he”) shall be construed as the feminine if the ForexClear DMG Member is female.
- 1.6** ~~1.6~~—All other terms have the meaning ascribed to them in the Default Rules (including the ForexClear DMP Annex).

Confidentiality and non-disclosure: general obligations of the FXCCM

2. Confidentiality

- 2.1** ~~2.1~~—The FXCCM agrees that, in consideration of being given Confidential Material, it will keep all such Confidential Material in the strictest confidence, adhere to the provisions of this Agreement in respect thereof and, subject to paragraph 2.3, will not disclose it to any person without the prior written permission of the Managing Director, Risk of the Clearing House or a Director of Risk Management of the Clearing House, providing always that the FXCCM shall be relieved of such an obligation of confidentiality in respect of any Confidential Material if:
- (a)** ~~a~~—it comes into the public domain other than through a breach by the FXCCM of this Agreement; or
- (b)** ~~b~~—the FXCCM is expressly obliged to do so by order of a court of competent jurisdiction upon the application of a third party, or as a result of any request to disclose such part or parts of the Confidential Material in

connection with any inquiry or other request by a regulatory authority or self-regulatory authority asserting jurisdiction over the FXCCM.

~~2.2~~ ~~2.2~~—The FXCCM further agrees that it will not use any Confidential Material for any purpose other than the Permitted Purpose. In this regard the FXCCM expressly acknowledges and agrees that the Confidential Material may contain commercially sensitive information which if used inappropriately or otherwise than in accordance with this ~~Appendix 2B.D~~ Schedule 2.2D might result in the gaining of an unfair commercial advantage by the FXCCM over other members of the Clearing House ForexClear Service.

~~2.3~~ ~~2.3~~—Subject to paragraph 2.5, the FXCCM may disclose any Confidential Material to any of its employees, representatives, associated companies and advisers on a “strictly need to know” basis, in the event that any such person needs that Confidential Material for the Permitted Purpose (and to that extent only).

~~2.4~~ ~~2.4~~—The FXCCM agrees to establish and adhere to adequate procedures (including, without limitation, the establishment of appropriate Chinese walls) to ensure that any employee or representative to whom any Confidential Material is disclosed shall not use any part or all of that Confidential Material for any proprietary purpose outside the scope of the Permitted Purpose.

~~2.5~~ ~~2.5~~—This paragraph and the duties hereunder shall survive the termination of this ~~Appendix 2B.D~~ Schedule 2.2D and, in relation to any Confidential Material, shall expire on the second anniversary of the date the Confidential Material was first provided to the FXCCM.

~~3.~~ ~~3~~—**Secrecy**

~~3.1~~ ~~3.1~~—Except in accordance with the terms of this ~~Appendix 2B.D~~ Schedule 2.2D, the FXCCM agrees that it shall treat as strictly confidential and shall not disclose or allow to be divulged to any person:

~~(a)~~ ~~a)~~—Confidential Material;

~~(b)~~ ~~b)~~—the fact that it has received any Confidential Material;

~~(c)~~ ~~e)~~—the existence of any discussions or negotiations between the parties in this matter; or

~~(d)~~ ~~d)~~—details of the Permitted Purpose and any of the proposals, terms, conditions, facts or other matters relating to any of the forgoing. Subject only to the FXCCM being relieved of such an obligation because of the circumstances covered in paragraphs ~~2.1a1(a)~~ and ~~2.1b)-1(b)~~.

~~3.2~~ ~~3.2~~—The Clearing House undertakes to ensure that the FXCCM is fully apprised of information on the ForexClear DMP that it makes public and which is accordingly of relevance to the FXCCM's obligations.

~~4.~~ ~~4~~ — **Property**

~~4.1~~ ~~4.1~~ — The parties acknowledge that the property in the Confidential Material (or any part of it) shall not pass to the FXCCM or any FXCCM, and the property in the media on which it is conveyed to the receiving party shall not pass to the FXCCM or any FXCCM unless expressly so agreed by the Clearing House in writing.

~~5.~~ ~~5~~ — **Return of Confidential Material**

~~5.1~~ ~~5.1~~ — Upon request by the Clearing House, and in any event upon fulfillment of the Permitted Purpose, the FXCCM shall promptly return to the Clearing House by a secure method of transportation all or any part of the Confidential Material and all copies thereof in its possession or control or that of its employees or representatives, including all other papers, programs and records incorporating any of that Confidential Material, or shall destroy such information and shall certify to the Clearing House in writing that it has done so **provided that** the FXCCM is permitted to retain copies of any Confidential Material which it requires as part of its portfolio management or otherwise for legal or regulatory reasons.

~~6.~~ ~~6~~ — **No Representations or Warranties; No Conflict of Interest**

~~6.1~~ ~~6.1~~ — Subject to references made in paragraph 7, the Confidential Material is disclosed by the Clearing House without any representation or warranty whatsoever as to its accuracy or completeness or otherwise.

~~6.2~~ ~~6.2~~ — The Clearing House acknowledges and agrees that, subject to compliance with the terms of this ~~Appendix 2B.D~~ Schedule 2.2D by the FXCCM and any of its employees or representatives to whom Confidential Material is provided in accordance with this ~~Appendix 2B.D, the FXCCM's~~ Schedule 2.2D, the FXCCM's participation in the ForexClear DMP shall not prevent the FXCCM from carrying out any transaction, or otherwise providing investment services in respect of, investments that the FXCCM may subsequently learn are the subject of Confidential Material and, furthermore, the Clearing House agrees that it shall not be able to assert that the FXCCM has a conflict of interest in doing so nor shall the Clearing House have a claim or action in respect of the foregoing against the FXCCM or any of its directors, employees or other representatives.

~~7.~~ ~~7~~ — **Liability**

~~7.1~~ ~~7.1~~ — Subject to Regulation ~~24,31~~ (Exclusion of Liability), the parties agree and acknowledge that neither the Clearing House nor any of its employees or representatives shall have any liability whatsoever to the FXCCM or any of its employees or representatives, for any loss or damage of whatsoever kind howsoever arising directly or indirectly out of or in connection with the disclosed Confidential Material or its use.

~~7.2~~ ~~7.2~~ — The Clearing House accepts liability for any personal injury or death caused by the negligence of the Clearing House and any fraud or willful default on the part of the Clearing House, for any actions that it may take on the basis of advice given to it by the ForexClear DMG, and for the accuracy of the information (confidential

material as defined in this ~~Appendix 2B.D)~~Schedule 2.2D) that it distributes to the FXCCM in connection with the ForexClear Default Management Process.

~~7.3~~ **7.3**—Under no circumstances shall the Clearing House have any liability to the FXCCM for (a) any consequential loss or other indirect loss of whatsoever kind or (b) loss of anticipated profit (whether direct or indirect).

~~8.~~ **8**—Remedies

~~8.1~~ **8.1**—Without affecting any other rights or remedies that the Clearing House may have, the FXCCM acknowledges that the Clearing House may be irreparably harmed by any breach of the terms of this ~~Appendix 2B.D)~~Schedule 2.2D and that damages alone may not necessarily be an adequate remedy. Accordingly, the Clearing House will be entitled to the remedies of injunction, specific performance and other equitable relief, or any combination of these remedies, for any threatened or actual breach of its terms, and not proof of special damages will be necessary to enforce this Agreement.

Confidentiality and Non-Disclosure and General Terms of Participation in ForexClear Default Management Group

~~9.~~ **9**—Conflict of interest

~~9.1~~ **9.1**—The FXCCM shall procure that, in the event that a ForexClear DMG Member takes the view that a possible conflict of interest may arise with regard to any matter forming part of the business of the FXDMG, he shall promptly report his view to the Chairman of the ForexClear DMG, who shall act accordingly, taking the advice of other ForexClear DMG Members as appropriate.

~~10.~~ **10**—Confidentiality

~~10.1~~ **10.1**—Subject to paragraph 10.3 below, the FXCCM shall procure that the ForexClear DMG Member shall keep all Confidential Material strictly confidential to himself and will not disclose it to any person who is not a ForexClear DMG Member (including, for the avoidance of doubt, the FXCCM who recommended his appointment to the ForexClear DMG (the Nominating FXCCM) or his employer (if different) or any other employee, adviser, officer or fellow worker of that FXCCM or his employer) without the prior written permission of the Managing Director, Risk of the Clearing House or his properly authorized delegate, providing always that the ForexClear DMG Member shall be relieved of such an obligation of confidentiality in respect of any Confidential Material if it comes into the public domain in the circumstances covered in paragraphs ~~2.1a1(a)~~ and ~~2.1b)-1(b)~~.

~~10.2~~ **10.2**—Subject to paragraph 10.3 below, the FXCCM shall procure that the ForexClear DMG Member shall not use any Confidential Material for any purpose other than the proper fulfillment of his duties as a ForexClear DMG Member.

~~10.3~~ **10.3**—The parties acknowledge that, in the event that a Default Notice is issued by the Clearing House in respect of any ForexClear Clearing Member, the ForexClear DMG Member may be required by the Nominating FXCCM and/or his employer (if different) to provide certain services to the Clearing House in the management of the default. In such event, and only in such event, the parties acknowledge that the

ForexClear DMG Member shall be entitled to disclose any part or parts of the Confidential Material as may be agreed by the Clearing House, in such manner and form and in accordance with such procedures as may prescribed by the Clearing House and/or the ForexClear DMG with regard to the management of that default.

~~10.4~~ ~~10.4~~—Upon request by the Clearing House, and in any event upon termination of the membership of the ForexClear DMG Member of the ForexClear DMG, the FXCCM shall procure that the ForexClear DMG Member shall promptly return to the Clearing House by a secure method of transportation all or any part of the Confidential Material and all copies thereof in his possession or control, including all abstracts, notes, drawings and other papers, programs and records incorporating any of that Confidential Material, or shall destroy such information and shall certify to the Clearing House in writing that it has done so, **provided that** the ForexClear DMG Member is permitted to retain a copy thereof to comply with applicable legal or regulatory requirements.

~~11.~~ ~~11~~—Warranty and representation

~~11.1~~ ~~11.1~~—The FXCCM represents and warrants that it will procure that:

~~(a)~~ ~~a~~—the Nominating FXCCM and the ForexClear DMG Member's employer (if different) are aware of the obligations of confidentiality arising out of this Agreement; and

~~(b)~~ ~~b~~—nothing in this ~~Appendix 2B.D~~~~Schedule 2.2D~~ will cause the ForexClear DMG Member to breach any duty or obligation (whether arising pursuant to contract or otherwise) which he owes to the Nominating FXCCM or to his employer, if different, or any other contract counterparty of the ForexClear DMG Member.

~~12.~~ ~~12~~—Confidentiality and Non-Disclosure: ~~General Obligations of the Clearing House~~

~~12.1~~ ~~12.1~~—The Clearing House will treat all Confidential Material in the terms envisaged in this ~~Appendix 2B.D~~~~Schedule 2.2D~~, confining use to the ForexClear Default Management Process, restricting its availability on a “strictly need to know basis”, and exercising every duty of care required of it as a Recognised Clearing House and as a Derivatives Clearing Organization.

~~13.~~ ~~13~~—Third Party Rights

~~13.1~~ ~~13.1~~—A person who is not a party to this ~~Appendix 2B.D~~~~Schedule 2.2D~~ shall have no rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any of its terms

~~2C~~—

|

2.3 **ENCLEAR**

2.3.1 ~~2C.1~~ **General Matters**

(a) ~~2C.1.1~~ **Introduction**

This Section ~~2C~~2.3 of the FCM Procedures governs the FCM EnClear Clearing Services, form part of the FCM Rulebook and must be read in conjunction with the other parts of the FCM Rulebook. FCM Clearing Members must inform themselves fully of their obligations under the FCM Rulebook and other relevant documentation, such as the FCM Clearing Membership Agreement, and the terms of any approval by the Clearing House to extend clearing activities. It is to be noted that the FCM Rulebook (including these FCM Procedures) is subject to change from time to time.

FCM EnClear Clearing Services are provided to FCM Clearing Members authorized by the Clearing House to participate in it (“**FCM EnClear Clearing Members**” or “**ECFCMs**”) in respect of “**FCM EnClear Transactions**” executed by ECFCMs. Such transactions must comply with the Clearing House’s requirements (see the FCM Regulations).

These FCM Procedures apply to all FCM EnClear Contracts on ECS in the Freight Division of the EnClear Service.

In the event of any conflict between any provision of these FCM Procedures and any requirement, rule or provision of any other documentation, these FCM Procedures shall prevail.

Except where otherwise stated, all times shown are London time and the twenty four hour clock is used.

(b) ~~2C.1.2~~ **Definitions**

The following terms shall have the meanings below for the purposes of this Section ~~2C~~2.3 of the FCM Procedures:

ECFCM	An FCM EnClear Clearing Member that has entered into a Clearing Extension Agreement with the Clearing House for the purpose of participating in FCM EnClear Clearing Services.
ECS	The Extensible Clearing System, made available by the Clearing House for position management in the Freight Division of the FCM EnClear Clearing Services.
ClearWay	A user interface made available by the Clearing House for the purpose of entering and confirming FCM EnClear Transactions

for the EnClear market and for submission of FCM EnClear Transactions into ECS for clearing.

Approved Broker	A broker that has entered into an FCM EnClear Clearing Services Approved Broker Agreement
OTP	OTC EnClear Trading Platform

~~(c) 2C.1.3~~ *Agreements*

~~(i) 2C.1.3.1~~ *Clearing Approval*

Only FCM EnClear Clearing Members may clear FCM EnClear Contracts.

Details of how to obtain FCM Clearing Member status at the Clearing House or how to become approved by the Clearing House as an ECFCM of the Freight Division can be obtained from the Clearing House's Membership Department at +44 (0)20 7426 7627/7521/7968.

FCM Clearing Members seeking approval from the Clearing House to clear FCM EnClear Transactions in the Freight Division must submit to the Clearing House the appropriate signed Clearing Extension Agreement(s) which can be obtained from the Membership department.

~~(d) 2C.1.4~~ *Customers*

Parties who are not ECFCMs or ~~Non~~-ECFCM Clearing Members (“**Customers**”) may not directly clear trades through the FCM EnClear Clearing Services. However, any such Customer may enter into an agreement with an ECFCM who has been approved (on such terms as may be agreed between them) to clear that Customer's trades. Particulars of such a trade, if it is an FCM EnClear Transaction – that is, it meets all the relevant criteria published by the Clearing House from time to time – may be submitted for registration to the Clearing House by the ECFCM in accordance with the FCM Regulations and these FCM Procedures. For the Freight Division, a clearing arrangement is entered into if particulars relating to that trade are “accepted” by two relevant ECFCMs (or an ECFCM and a ~~Non~~-ECFCM Clearing Member, as the case may be) who each agree to become counterparty to the appropriate FCM EnClear Contract (or FCM EnClear Contract a Non-FCM EnClear Contract) with the Clearing House, in accordance with the FCM Regulations and these FCM Procedures.

However, there is no relationship between the Clearing House and any Customer and no Customer has any rights against the Clearing House in respect of any FCM EnClear Contract.

(e) ~~2C.1.5~~ *Approved Brokers*

Only brokers who are expressly authorized by the Clearing House (“~~“Approved Broker”~~”) may access ClearWay and submit FCM EnClear Transactions for registration. These brokers need to seek permission from the Clearing House to submit eligible trades under each product type separately:

- (i) Freight (FFAs, Options and Containers)
- (ii) Iron Ore (Swaps and Options)
- (iii) Steel
- (iv) Coal (Swaps and Options)
- (v) Fertilizer

The Rules of the Broker Scheme, which bind each Approved Broker and a copy of the Freight Agreement to be signed between the Clearing House and the Approved Broker, are available from the Clearing House.

Details of how to obtain Approved Broker status at the Clearing House of the Freight Division can be obtained from the Clearing House’s Membership Department at +44 (0)20 7426 7627//7521/7968.

Where a broker who is not an Approved Broker purports to input particulars of a trade via ClearWay, that trade will not be registered by the Clearing House and will be rejected by the Clearing House.

PLEASE NOTE: If the two relevant ECFCMs accept an FCM EnClear Transaction which has been brokered, within the timeframe laid down by these FCM Procedures, it will be registered by the Clearing House in the names of those ECFCMs, whether or not those ECFCMs have appointed or authorized that broker to submit such a trade.

In the event that a trade is submitted to the Clearing House for registration by an Approved Broker and such trade is accepted for registration by that ECFCM, that ECFCM shall be bound by an FCM EnClear Contract arising there-from, notwithstanding that any trade particulars submitted by that Approved Broker in respect of such trade are erroneous or incorrect. An ECFCM shall accept full responsibility to the Clearing House for any trade notified to the Clearing House by an Approved Broker.

The Clearing House shall not be liable for any errors or omissions on the part of an Approved Broker who inputs a trade via ClearWay and which is registered by the Clearing House.

Approved Brokers do not act as agents for the Clearing House in participating in the services offered by the Clearing House in the FCM EnClear Clearing Services.

The Clearing House, in adding a broker to the list of Approved Brokers, makes no warranty or promise regarding the competence, ability, experience or professional skills of any Approved Broker, or at all, notwithstanding that such broker shall have been authorized by the Clearing House to submit trades under the relevant product types. The authorization of such brokers as Approved Brokers is purely to assist ECFCMs to submit trades to the Clearing House for registration in the names of those ECFCMs. No check is made regarding the skills, professionalism or competence of those brokers, nor is any consideration paid by any such, in return for authorization or at all.

(f) ~~2C.1.6~~ OTPs

Application for approved OTP status shall be made in accordance with the policies published from time to time on the Clearing House's website. A list of OTPs currently approved by the Clearing House is available on the Clearing House's website. Where the Clearing House approves additional OTPs, it will notify FCM Clearing Members via member circular.

OTPs may submit FCM EnClear Transactions for registration via the ClearWay ticket entry system.

LCH.Clearnet has signed agreements with the following OTPs:

- (i) **Baltic Exchange Derivatives Trading Limited (“BEDT”)**. BEDT submit trades for clearing via ClearWay. Tickets therefore pass through the ClearWay Lot Limit Credit Filter and are automatically accepted by the ECFCMs (STP facility) and registered for clearing in ECS if they are within the parameters set. Transactions which are not within the parameters set, or where no limit has been set by the ECFCMs, will remain in ClearWay as pending transactions for ECFCMs to accept manually.
- (ii) **Cleartrade (“CT”)**. CT connects directly to ECS and has its own Credit Filter, monitored by CT itself. Trades are sent to the Clearing House pre-confirmed by the ECFCMs in the CT Credit Filter, meaning ECFCMs will not have to accept the trades in either ECS or ClearWay and they will be registered as soon as received in ECS. On occasion, CT may manually enter details of trades transacted on their screen into ClearWay. These tickets will therefore pass through the ClearWay Lot

Limit Credit Filter and be automatically accepted by the ECFCMs and registered for clearing in ECS if they are within the parameters set. Transactions which are not within the parameters set, or where no credit limit has been set by the ECFCMs, will remain in ClearWay as pending transactions for ECFCMs to accept manually.

PLEASE NOTE: If an ECFCM accepts an FCM EnClear Transaction which has been matched on BEDT, within the timeframe laid down by these FCM Procedures, it will be registered by the Clearing House in the name of that ECFCM, whether or not it is a participant of BEDT.

In the event that a trade is submitted to the Clearing House for registration by an OTP and such trade is “accepted” for registration by that ECFCM, that ECFCM shall be bound by an FCM EnClear Contract arising there-from, notwithstanding that any trade particulars submitted by that OTP in respect of such trade are erroneous or incorrect.

The Clearing House shall not be liable for any errors or omissions on the part of an OTP who inputs a trade directly to ECS or via ClearWay and which is registered by the Clearing House.

~~(g) 2C.1.7~~ *Contract Terms*

The FCM EnClear Contract Terms for contracts cleared in the Freight Division are set out in Section 3.4 of Part A of Schedule ~~€3~~ to the FCM ~~Regulations~~Product Specific Contract Terms and Eligibility Criteria Manual.

The Eligibility Criteria for each FCM EnClear Contract are set out in Part B of Schedule ~~€3~~ to the FCM ~~Regulations~~Product Specific Contract Terms and Eligibility Criteria Manual.

~~(h) 2C.1.8~~ *Registration*

~~(i) 2C.1.8.1~~ *General*

FCM EnClear Transactions in the Freight Division must be submitted to the Clearing House either via ClearWay or by an OTP for processing in the ECS System.

The Clearing House may require an ECFCM in whose name an FCM EnClear Contract is to be registered to provide it with sufficient Margin as a condition of registration.

~~(ii) 2C.1.8.2~~ *EnClear Market User Systems*

~~(A) 2C.1.8.2.1~~ *ClearWay*

ClearWay is an application used by ECFCMs, Approved Brokers and OTPs to enter FCM EnClear

Transactions, which once confirmed by both ECFCM's, will be registered for clearing in ECS.

ClearWay contains a Lot Limit Credit Filter which enables ECFCMs to set limits for their position accounts. If a ticket is entered which falls within an ECFCM's set parameters, its side of the trade will be automatically confirmed.

Transactions which breach the parameters set, or where no credit limit has been set by the ECFCMs, will remain in ClearWay as pending transactions, for ECFCMs to accept manually.

In the event that a trade is submitted to the Clearing House for registration by an OTP, Broker or ECFCM and such trade is accepted for registration by the ECFCM, the ECFCM shall be bound by the terms set in FCM EnClear Contract.

~~(B) 2C.1.8.2.2~~ ECS

ECS is the clearing system which registers trades within the FCM EnClear Clearing Services: Freight Division. The following functionality is available to ECFCMs:

- ~~(1)~~ position keeping
- ~~(2)~~ position adjustments
- ~~(3)~~ position transfers (LCH.Clearnet will perform the transfers on the request of ECFCMs)
- ~~(4)~~ manual exercise/abandonment of Coal Options

~~(iii) 2C.1.8.3~~ Clearing House System Requirements

ECFCMs and Approved Brokers must maintain an acceptable network connection from a location acceptable to the Clearing House for connecting to the ECS system and/or ClearWay in order to carry out their Clearing Member responsibilities within the clearing systems and to review their trades and positions as necessary.

~~(iv) 2C.1.9~~ General Clearing House Reporting

The Clearing House (acting, where applicable, through the entity to which it has elected to delegate the relevant reporting obligations) shall, to the extent required by (and in line with the requirements of) applicable law (including Parts 43 and 45 of the CFTC Regulations, and applicable requirements under English law), report to one or more data or trade repositories

(including swap data repositories) or similar body the details of all FCM EnClear Transactions and FCM EnClear Contracts, including any modifications or terminations without duplication and no later than the working day following the conclusion, modification or termination of such contract. In order to avoid any such duplication of reports, each ECFCM acknowledges and agrees that it will not report the details referred to in this paragraph to the bodies referred to in this paragraph, unless otherwise agreed with the Clearing House.

(i) ~~2C.1.9~~ *Submission and Acceptance of FCM EnClear Transactions for Registration in the Freight Division*

For registration of FCM EnClear Transactions, ECFCMs must comply with all the requirements of the Clearing House as set out in the FCM Rulebook and other relevant documentation issued by the Clearing House in this regard.

An FCM EnClear Transaction submitted to the Clearing House, which complies with the Clearing House requirements for registration, will be deemed to be registered or rejected by the Clearing House immediately upon receipt by ECS, after the acceptance by both ECFCMs, whether the acceptance is explicit or is given via the parameters of a credit filter.

(j) ~~2C.1.10~~ *Novation*

Once a trade has been registered in ECS, novation replaces each FCM EnClear Transaction submitted through the FCM EnClear Clearing Services with either:

- (i) two separate FCM EnClear Contracts: one between the selling ECFCM and the Clearing House and the other between the buying ECFCM and the Clearing House; or
- (ii) (where only one Clearing Member is an ECFCM) one FCM EnClear Contract between the Clearing House and the ECFCM, and the other between the Clearing House and the non-ECFCM Clearing Member, with the latter being governed by the General Regulations.

(k) ~~2C.1.11~~ *Notification of Rejection*

If the Clearing House does not register a trade presented for registration it will notify the relevant ECFCMs concerned within a reasonable time, indicating the reasons for rejection.

(l) ~~2C.1.12~~ *Notification*

For the Freight Division, all FCM EnClear Contracts arising from registered FCM EnClear Transactions are listed on ECS and in the

daily Trade report available through the Clearing House²'s Member reporting extranet site.

~~(m) 2C.1.13~~ — *Position Keeping Accounts*

~~(i) 2C.1.13.1~~ — *Types of Accounts for the Freight Division*

Positions with regard to LCH.Clearnet Freight Contracts are recorded within the ECS system in position-keeping accounts. ~~For the avoidance of doubt, these position-keeping accounts in ECS are not “Member Accounts” as described in Regulation 5 of the General Regulations.~~

~~ECFCMs may open and utilize position accounts at their discretion. For example, an ECFCM may wish to have a separate account for each customer, several accounts for one customer or one account for several customers.~~

An ECFCM's position account will be assigned a free format alphanumeric code, as prescribed by the ECFCM.

There is no restriction on the number of individual position accounts an ECFCM may open. ~~The account reference for each position account within the Clearing House systems will be a free format alphanumeric code, as prescribed by the ECFCM.~~

~~(ii) 2C.1.13.2~~ — *Basis of Position Keeping for the Freight Division*

Position Accounts can be held net or gross, as required by the ECFCM. ECFCMs must notify the Clearing House of their requirements in this regard.

~~(iii) 2C.1.13.3~~ — *Position Settlement (Gross Accounts) for Freight Division*

Where a position account is held gross, the ECFCM may, if it so wishes, carry out a closeout by the manual settlement of open positions, using the position adjustment facility in the ECS system.

~~(iv) 2C.1.13.4~~ — *Financial Accounts*

Position accounts have financial accounts associated with them. These are, *inter alia*, used to record cash balances, securities/documentary credits and non-realized margin.

Where appropriate, ECFCMs² financial accounts are identified by a single character code: “C” for ~~segregated-client business~~FCM Client Business used for Initial Margin Flows and “L” for ~~segregated-client business~~FCM Client Business used for Variation Margin Flows; and “H” for house business.

The C account is a Cleared Swaps Customer Account as defined in Part-22 of the CFTC Regulations.

Position accounts will map to either an ECFCM's "C" account or "H" account, as specified by that Member.

(v) ~~2C.1.13.5~~ Other Financial Accounts

At the Clearing House's discretion, further financial accounts, used only to record financial balances, may be opened as follows:

	<u>Code</u>
Additional Margin accounts (House), used for holding additional cash in relation to Proprietary Business <u>house business</u>	B
Additional Margin account (Client), used for holding additional cash in relation to FCM Client Business	E
Unallocated Excess account (Client), used for holding excess cash and non-cash <u>non-cash</u> Collateral in relation to FCM Client Business	U

The E and U accounts are Cleared Swaps Customer Accounts as defined in Part-22 of the CFTC Regulations.

(vi) ~~2C.1.13.6~~ Default Fund (DF) Account

Each FCM Clearing ~~Member's Default Fund~~ Member's Contribution is held in a separate financial account, in accordance with the Default ~~Fund~~ Rules. The Default Fund account code is "F".

~~2C.1.14~~ Margins

(n) ~~2C.1.14.1~~ Margin

(i) Initial Margins

Separate Initial Margin calculations are performed for an ECFCM's house "H" and client "C" accounts; ~~no offset between these accounts is allowed~~. Accounts are margined net, meaning that if long and short positions are held in the same delivery month, Initial Margin is charged on the net position. Separate Initial Margin calculations are performed for an FCM Clearing Member's house "H" and client "C" accounts and, within a "C" account, separately in respect of each FCM Client Sub-Account therein. No offset between the "C" and "H" accounts is permitted.

(ii) 2C.1.14.2 — Initial Margins Parameters

Initial Margin parameters are set by the Clearing House. However, in accordance with the FCM Regulations, the Clearing House retains the right at its discretion to vary the rates for the whole market or for an individual ECFCM's house and/or client accounts.

ECFCMs will be notified by the Clearing House of alterations to Initial Margin parameters no later than the day before calls are made based on the new rates.

(iii) 2C.1.14.3 — Calculation of Initial Margins

London SPAN

Initial ~~Margins are~~ Margin is re-calculated at the close of each business day using the London SPAN algorithm, which is an adaptation of the SPAN method developed by the Chicago Mercantile Exchange^{13,14}.

For full details of how London SPAN calculates margin, reference should be made to the SPAN technical information package available from the Clearing House's Service Desk at +44 (0)20 7426 7200. Technical questions should be directed to the Clearing House's Risk Management Department at +44 (0)20 7426 7620.

(iv) 2C.1.14.4 — Realized Variation Margin

~~The majority of~~ FCM EnClear Contracts are settled to market daily by the Clearing House in accordance with the relevant FCM EnClear Contract Terms. Profits or losses are either credited to or debited from ~~ECFCMs' relevant financial accounts (realized margin~~ FCM Clearing Members' relevant Proprietary Account or FCM Omnibus EnClear Client Account with LCH (and further attributed to the relevant FCM Client Sub-Account).

Realized margin is the calculated profit or loss arising from a comparison between the values of open positions at the relevant Reference Price with the value of positions recorded (i.e., the

¹³ ~~The Chicago Mercantile Exchange (CME) permitted the Clearing House to adapt the CME specifications for SPAN to produce London SPAN, which meets the particular requirements of the London futures and options markets. 'SPAN [TM] ®' is a registered trademark of the CME. The CME assumes no liability in connection with the use of SPAN or London SPAN by any person or entity.~~

¹⁴ The Chicago Mercantile Exchange (CME) permitted the Clearing House to adapt the CME specifications for SPAN to produce London SPAN, which meets the particular requirements of the London futures and options markets. 'SPAN [TM] ®' is a registered trademark of the CME. The CME assumes no liability in connection with the use of SPAN or London SPAN by any person or entity.

Fixed Price for new trades and the previous day's Reference Price for other positions).

~~2C.1.14.5~~ **Contingent Variation Margin**

~~Certain types of FCM EnClear Contracts (e.g., World Scale Wet Freight) are marked to market daily by the Clearing House in accordance with the relevant FCM EnClear Contract Terms. Unrealized margin is the calculated contingent profit or loss arising from a comparison between the values of open positions at the relevant Reference Price with the value of positions recorded (i.e., the original traded price).~~

~~2C.1.14.6~~ Separate Variation Margin calculations are performed in respect of an FCM Clearing Member's house "H" account and in respect of an FCM Clearing Member's client "C" account. No offset between the "C" and the "H" accounts is permitted. The Clearing House shall make or receive a separate Variation Margin payment with respect to each house "H" account and each client "C" account (subject to the Default Rules).

(v) **Option Variation Margin**

As premium is paid up front, option Variation Margin is the value of unexpired options, calculated with reference to the official quotation. Bought and sold options generate credit and debit NLV (Net Liquidation Value) margin respectively.

~~2C.1.14.7~~ Separate Variation Margin calculations are performed in respect of an FCM Clearing Member's house "H" account and in respect of an FCM Clearing Member's client "C" account. No offset between the "C" and the "H" accounts is permitted. The Clearing House shall make or receive a separate Variation Margin payment with respect to each house "H" account and each client "C" account (subject to the Default Rules).

(vi) **Intra Day Margin Calls**

In accordance with the FCM Regulations the Clearing House is entitled to make additional margin calls for payment the same day (intra-day margin calls) where it considers it necessary. Intra-day margin calls will be made through the Protected Payments System ~~in London or the USA (USD) (see Sections 3.2.1 and 3.2.2 respectively).~~(see Section 3.2).

(o) ~~2C.1.15~~ *Trade Management for the Freight Division*

PLEASE NOTE: FCM EnClear Transactions for the Freight Division may be submitted for clearing to be registered either:

- (a) (a) in the name of two ECFCMs; or

~~(b)~~ (b) an ECFCM and a non-ECFCM Clearing Member.

As such, for the purposes of this Procedure ~~2C.1.15~~;2.3.1(o), for the ease of expositions, references to an ECFCM, may, in the case of FCM EnClear Transactions of type (b) above, included a non-ECFCM Clearing Member.

~~(i) 2C.1.15.1~~ Trade Entry

FCM EnClear Transactions for the Freight Division may be submitted for clearing either directly by the ECFCM or by an Approved Broker via ClearWay, or through an OTP. A list of Approved Brokers is available from the Clearing House.

BEDT trades will be submitted via the Baltex screen, which is linked directly to ClearWay. Cleartrade trades may be entered via the Cleartrade screen, which is linked directly to ECS, or manually (by Cleartrade staff) via ClearWay.

The following particulars of FCM EnClear Transactions must be entered in ClearWay via its Ticket Entry screen:

- (A) Product
- (B) Series (Spot, Month, Quarter, Season or Calendar)
- (C) Contract Type (Forward, Call or Put)
- (D) Prompt (contract day, month, quarter, season or calendar)
- (E) Strike (select from the dropdown list)
- (F) Seller Ref (a sequential number)
- (G) Buyer Ref (same as the Seller Ref)
- (H) Seller Account (obtained from the customer or its ECFCM)
- (I) Buyer Account (obtained from the customer or its ECFCM)
- (J) Lots (per month (or day in the case of spot))
- (K) Price

The following particulars of FCM EnClear Transactions must be entered in ClearWay via an Upload file:

- (1) Type (always TICKET)
- (2) Sell Trader (always LCH1)

- (3) Sell Account (obtained from the customer or its ECFCM)
- (4) Sell Broker (their 3 letter mnemonic)
- (5) Buy Trader (always LCH1)
- (6) Buy Account (obtained from the customer or its ECFCM)
- (7) Buy Broker (their 3 letter mnemonic)
- (8) Contract (combination of the product, series, contract type, prompt and strike)
- (9) Quantity (in lots)
- (10) Price
- (11) Buy Client Ref (a sequential number)
- (12) Sell Client Ref (same as the Buy Client Ref)
- (13) Anonymous Trade (always Y)

In certain circumstances the Clearing House may enter trades upon request from an ECFCM, Approved Broker, OTP or other party. In such circumstances, the Clearing House shall have no liability to the ECFCM, Approved Broker, OTP or any other party for any failure to input trades or for inputting trade details incorrectly.

(ii) ~~2C.1.15.2~~—Trades between persons who are not ECFCMs

Where an FCM EnClear Transaction is executed directly between two parties who are not ECFCMs, or between an ECFCM and another non-ECFCM party (who is not a non-ECFCM Clearing Member), the trade may be submitted for clearing **provided that** each party to that trade has an ECFCM who is prepared to “accept” that trade for clearing. Such FCM EnClear Transaction will then be submitted to the relevant ECFCMs via ClearWay for acceptance.

(iii) ~~2C.1.15.3~~—Acceptance of Trades

Freight Trades must be accepted by ECFCMs in order to be cleared.

When details of an FCM EnClear Transaction are input via ClearWay, such trade details will be sent to the ECFCMs identified in such particulars, who may then accept or reject their side of that trade.

ECFCMs can accept and reject trades in ClearWay manually, but can also set lot limit parameters for their customers, such that trades which fall within those parameters are automatically deemed as accepted by those ECFCMs. Trades which do not pass the lot limit validation criteria set by an ECFCM will go to a pending state, and will not be cleared unless they are manually accepted on the same day by the ECFCM, unless the ECFCM has elected, via the lot limit filter, to have its trades automatically rejected if they do not pass the lot limit validation criteria. If an ECFCM has a credit limit set up for an account and a trade is entered which is within that limit, that ECFCM will not have an opportunity to reject that trade.

Once a trade has been accepted by both ECFCMs in ClearWay, either manually or automatically via the credit filter, it is submitted to ECS for registration, where the trade is novated and a subsequent FCM EnClear Contract arises between each ECFCM and LCH.Clearnet.

~~Cleartrade trades need to be confirmed in Cleartrade's credit filter prior to being accepted by ECS for registration. ECFCMs can set credit limit parameters for their clients in Cleartrade and should refer to Cleartrade's procedures for further details of this.~~

If a trade is neither accepted nor rejected by both ECFCMs by close of business at the end of any business day, it shall cease to be eligible for registration in the name of that ECFCM or any other ECFCM and the trade will either remain open as a bilateral uncleared trade or be terminated, dependent upon what the trading parties have agreed in the event of non-registration and will automatically be deleted from the ClearWay system.

Acceptance by an ECFCM of any FCM EnClear Transaction means that the ECFCM so accepting agrees to be bound by an FCM EnClear Contract arising in respect of that FCM EnClear Transaction in accordance with the FCM Regulations and these FCM Procedures, and other applicable documentation. Once a trade has been accepted in accordance with the requirements of the Clearing House, as notified from time to time to ECFCMs, the trade may not be withdrawn, recalled or amended.

(iv) 2C.1.15.4 — Contra Trades

Where incorrect details of a trade have been accepted by both ECFCMs in accordance with the FCM Regulations and these FCM Procedures, the only available method to correct that trade will be by the entry of a contra trade.

A contra trade will not be required if the trade has a status of "pending" and has not been accepted by both counterparties, as

the trade can be cancelled via ClearWay by the ECFCM or Approved Broker and input again with the correct details.

An accepted trade may need to be corrected by a contra trade for the following reasons:

- (A) incorrect price;
- (B) incorrect expiry month;
- (C) incorrect product;
- (D) incorrect lots (only where too many lots have been entered);
- (E) incorrect buyer/seller.

ECFCMs will be able to view and confirm all contra trades in ClearWay. Contra trades will appear in ClearWay as new trades and it will be the responsibility of the ECFCMs to confirm the trades as appropriate. Where a contra trade is entered via ClearWay and passes the lot limit validation criteria set by an ECFCM, it will be automatically accepted by that ECFCM. Where a trade does not meet the validation criteria, it will remain pending and need to be manually confirmed by that ECFCM, unless the ECFCM has elected, via the lot limit filter, to have its trades automatically rejected if they do not pass the lot limit validation criteria.

Contra trades will attract the same clearing fees as a normal trade unless the Clearing House's Commercial Services are notified of the trade details at +44 (0)20 7426 7027/6311.

~~(p) 2C.1.16~~ *Position Transfers*

ECFCMs wishing to affect a position transfer from one ECFCM to another ECFCM should submit a request (a “**Position Transfer Request**”) to the Clearing House's Membership Team by email to MembershipTeam@lchclearnet.com. Confirmation of a position transfer is required from both the transferor ECFCM and the transferee ECFCM.

ECFCMs are requested to forward the Position Transfer Request as early as possible, but no later than 12:00 hours, on a business day, to ensure timely input of the details into ECS/~~Synapse~~.

Provided that adequate Margin is available from both ECFCMs, the transfer will normally be authorized. Should insufficient Margin be available, the transfer may not be authorized until additional Margin is provided.

~~(q) 2C.1.17~~ *Reports*

ECS

The ECS system will generate reports at the end of each business day detailing registered FCM EnClear Contracts in the Freight Division, margin requirements and positions. These reports are available to ECFCMs and some to Approved Brokers via the Clearing House Member Reporting site (a private member-only site).

It is the responsibility of each ECFCM and Approved Broker to preserve any report required for historic, audit or legal purposes, including, but not limited to, any margin reports.

ClearWay

ClearWay will retain 90 days of trade data only, showing details of all trades entered and whether or not they cleared, which can be accessed by ECFCMs and Approved Brokers through the ClearWay GUI and downloaded as a report.

~~(r) 2C.1.18~~ *Fees*

Fees arising for the provision of FCM EnClear Clearing Services will be collected from the ECFCMs monthly through the Members' accounts. [Fee information may be found online at \[●\]](#).

Details of tariffs and any changes thereto will be notified to ECFCMs by means of Member circulars.

For further details regarding fees (including details of how information regarding charges made for FCM EnClear Contracts registered by the Clearing House is communicated to ECFCMs), please see Section ~~3-6~~3.6 of these FCM Procedures. ECFCMs should also have regard for the individual sections of this Section ~~2C~~2.3 of these FCM Procedures which may contain further information regarding fees.

~~(s) 2C.1.19~~ *Tax*

ECFCMs should take their own legal and accounting advice regarding any taxation liabilities in any country in which a liability to pay tax may arise.

In the event that the Clearing House incurs any liability to pay any tax in respect of or in connection with any FCM EnClear Contract, it shall have the right to require reimbursement of such tax liability, together with any costs or expenses incurred by the Clearing House in connection with the administration and processing of such tax liability, from the ECFCM who is or was party to that FCM EnClear Contract and whom, in the Clearing House's reasonable opinion, should be responsible for meeting such tax liability, costs and expenses. The

Clearing House will collect such payments through the Clearing House Protected Payments System.

To the extent that VAT or any equivalent tax is due or becomes due in respect of a transaction under any FCM EnClear Contract, the consideration which the parties have agreed is due under the contract will be regarded as VAT exclusive and VAT will be charged in addition to this amount.

~~2C.1.20~~ [Reserved]

(t) ~~2C.1.21~~ *Procedures for Liquidation of FCM EnClear Contracts of FCM Clients*

Upon the default of an FCM Clearing Member, the Clearing House has the power and authority, pursuant to the FCM Rulebook, the CEA and the CFTC Regulations, to liquidate the FCM EnClear Contracts of FCM Clients which, pursuant to the FCM Rulebook, would be conducted in accordance with the Default Rules. This section sets forth certain supplementary procedures (in addition to the Default Rules and other applicable provisions of the FCM Rulebook) that will apply under such circumstances.

In certain circumstances the Clearing House may deem, in its sole discretion, that one or more of the FCM EnClear Contracts attributable to an FCM Client's FCM Client Sub-Account should be liquidated. Such determination may result from factors including: (i) the Clearing House determining that the FCM Client poses too great a risk to the Clearing House and should therefore be liquidated, (ii) the Clearing House becoming aware of the FCM Client becoming insolvent or otherwise failing in its obligations to the defaulting FCM Clearing Member, (iii) the relevant FCM Client requesting that it be liquidated, or (iv) a request or instruction from a Regulatory Body, whether orally or in writing. In the event of such liquidation the Clearing House shall transfer (either physically or by book-entry) such FCM Client's FCM EnClear Contracts to be liquidated into an account at the Clearing House established for purposes of liquidating the FCM EnClear Contracts of FCM Clients of the defaulter (such account, a "**Hedged Account**"). The Clearing House shall establish a separate Hedged Account for each currency of FCM EnClear Contracts that are non-transferable and will be subject to liquidation and will include in each such Hedged Account the FCM EnClear Contracts in the applicable currency that are to be liquidated, regardless of the FCM Clients for which such FCM EnClear Contracts are held. The provisions of this section shall apply equally to any such Hedged Account. Additionally, no FCM Contracts other than FCM EnClear Contracts will be transferred into a Hedged Account established for liquidating FCM EnClear Contracts.

An FCM Client whose FCM EnClear Contracts are transferred into a Hedged Account is referred to as a "**Non-Porting Client**". The Clearing

House shall hold the relevant Collateral of Non-Porting Clients (segregated as belonging to each such applicable Non-Porting Client in accordance with the CFTC Regulations and Part 22 thereof) in the relevant FCM Omnibus EnClear Client Account with LCH of the ~~Default~~ Defaulter until the liquidation of the entire Hedged Account and all FCM EnClear Contracts and other positions therein, as described below. At the time that the FCM EnClear Contracts of a Non-Porting Client are transferred into a Hedged Account, any outstanding and accrued but unpaid Variation Margin in respect of such FCM EnClear Contracts shall be discharged as of the time such FCM EnClear Contracts are transferred into the Hedged Account, by (i) in the event that Variation Margin is accrued but unpaid in favor of the Clearing House, debiting the relevant FCM Client Sub-Account of such FCM Client, or (ii) in the event that Variation Margin is accrued but unpaid in favor of the FCM Client, crediting the relevant FCM Client Sub-Account of such FCM Client.

(i) *Administration of a Hedged Account.* The Clearing House may enter into hedge transactions and liquidate and/or auction the FCM EnClear Contracts and hedges for the account of the Hedged Account, and may take related actions with respect to a Hedged Account (and the positions held therein), in its sole discretion as permitted by the FCM Rulebook, the CEA and the CFTC Regulations, or as directed by an applicable Regulatory Body.

(ii) *Allocation of Gains and Losses in a Hedged Account to Non-Porting Clients.* The Clearing House will allocate losses and gains (including further variation margin changes, hedging costs including the gains and losses associated with hedging transactions, and liquidation/auction costs and losses) to Non-Porting Clients in a Hedged Account in accordance with the following provisions:

(A) ~~(i)~~ — At the time an FCM Client becomes a Non-Porting Client, such Non-Porting Client is assigned a risk factor (a “**Risk Factor**”) which is equal to such Non-Porting Client’s Required Margin with respect to its FCM EnClear Contracts that are transferred into the Hedged Account at the time such FCM Client became a Non-Porting Client (*i.e.*, at the time of transfer into the Hedged Account).

(B) ~~(ii)~~ — On the first day that FCM Clients become Non-Porting Clients, gains and losses in the Hedged Account on such day shall be allocated on a *pro rata* basis among such Non-Porting Clients based on their individual Risk Factors. The allocation of gains and losses on subsequent days shall be made in the same manner until the occurrence of a day (if applicable) in which additional Non-Porting Clients are included in

the Hedged Account. Additional Non-Porting Clients that are included in the Hedged Account on a subsequent day, until further additional Non-Porting Clients are included in the Hedged Account on a further subsequent day, are referred to as “**New Non-Porting Clients**”.

~~(C)~~ ~~(iii)~~—On a day when one or more New Non-Porting Clients are included in the Hedged Account, the Clearing House shall calculate a combined risk factor (the “**Existing Non-Porting Clients Combined Risk Factor**”) in respect of the Non-Porting Clients that were previously included in the Hedged Account and are not New Non-Porting Clients (such existing Non-Porting Clients, “**Existing Non-Porting Clients**”). The Existing Non-Porting Clients Combined Risk Factor shall be based on the amount of Required Margin associated with the Hedged Account with respect to all positions (including all FCM EnClear Contracts, hedges or other positions) held in the Hedged Account, at the beginning of the day on which New Non-Porting Clients are included in the Hedged Account (*i.e.*, at a time prior to the transfer of the FCM EnClear Contracts of New Non-Porting Clients into the Hedged Account). For the avoidance of doubt, the Existing Non-Porting Clients Combined Risk Factor is calculated without respect to the Required Margin applicable to the transferred FCM EnClear Contracts of the New Non-Porting Clients.

~~(D)~~ ~~(iv)~~—On any day on which New Non-Porting Clients are included in the Hedged Account, gains and losses in the Hedged Account that are incurred on that day will be allocated among the Existing Non-Porting Clients (as a group) and the New Non-Porting Clients (individually) on a *pro rata* basis based on the Existing Non-Porting Clients Combined Risk Factor (with respect to the Existing Non-Porting Clients as a group) and the individual Risk Factors of each New Non-Porting Client (with respect to each such New Non-Porting Client individually). The gains and losses allocated in such manner to the Existing Non-Porting Clients as a group shall be further allocated to each individual Existing Non-Porting Client on a *pro rata* basis based on the Risk Factor of each such Existing Non-Porting Client. The allocation of gains and losses on subsequent days shall occur in the same manner as set forth in this paragraph ~~(iv)~~**(D)** until the occurrence of a day (if applicable) in which additional Non-Porting Clients are included in the Hedged Account and thus become the

New Non-Porting Clients. In such a case, (A) the Existing Non-Porting Clients shall continue to be treated as Existing Non-Porting Clients, (B) the Non-Porting Clients previously constituting the New Non-Porting Clients shall then constitute Existing Non-Porting Clients (in accordance with the definition of New Non-Porting Clients in paragraph (iiB) above), (C) the additional Non-Porting Clients included in the Hedged Account constitute the New Non-Porting Clients (in accordance with the definition of New Non-Porting Clients in paragraph (iiB) above), and (D) the Clearing House shall recalculate the Existing Non-Porting Clients Combined Risk Factor and the allocation of gains and losses shall be in accordance with paragraph (iiiC) above and this paragraph (ivD).

(E) ~~(v)~~—Upon the liquidation of the Hedged Account and all FCM EnClear Contracts and other positions therein, by auction or otherwise, any gains or losses associated with such auction/liquidation shall be allocated among all Non-Porting Clients on a *pro rata* basis based on the “unit value” of each FCM EnClear Contract of each Non-Porting Client transferred into the Hedged Account, as adjusted by a “liquidation adjustment factor”. For purposes of this clause (vE), (1) “~~unit value~~” means the value applied to each FCM EnClear Contract, based on the net present value and outstanding notional value associated with each such FCM EnClear Contract, and (2) “~~liquidation adjustment factor~~” means a ratio applied to an FCM EnClear Contract based on the aggregate auction/liquidation costs incurred in auctioning/liquidating the Hedged Account and the aggregate notional value of all FCM EnClear Contracts in the Hedged Account, each of clauses (1) and (2) as determined by the Clearing House. The allocations described in this clause (vE) are without reference to any Risk Factor or Existing Non-Porting Clients Combined Risk Factor.

(iii) *Settlement of Non-Porting Clients Following Liquidation of Hedged Account.* Following the liquidation of a Hedged Account, the Clearing House shall allocate the appropriate gains and losses (as determined in accordance with the above provisions) to each Non-Porting Client’s relevant FCM Client Sub-Account.

2.3.2 ~~2C.2~~ **Freight Division**(a) ~~2C.2.1~~ **Introduction**

This Section ~~2C.20~~ only applies to the Freight Division of the FCM EnClear Clearing Services.

References to “FCM EnClear Clearing Members” or “ECFCMs” in this section, means those ECFCMs who are party to, or accept, FCM EnClear Transactions in the Freight Division for clearing by the Clearing House. See Section ~~2C.1.3.1~~2.3.1(a) for further details about obtaining approval to clear within the Freight Division.

(b) ~~2C.2.2~~ **OTC Freight Division Products Eligible for Clearing**

Only trades in products approved by the Clearing House for the LCH FCM EnClear OTC Freight Division (“**Eligible Products**”) may be submitted for registration. The contract terms of Eligible Products for the Freight Division are set out in Section 3.4 of Part A of Schedule ~~€3~~ to the FCM ~~Regulations~~Product Specific Contract Terms And Eligibility Criteria Manual and may be amended from time to time.

Below is a list of Eligible Products in the Freight Division; this list is split into four categories of products within Freight Division. The list may change from time to time.

(i) ~~2C.2.2.1~~ **FFA (Forward Freight Agreement) Products**

Dry Timecharter Basket Routes – Forwards (CTC, ~~CPT~~, PTC, STC, HTC)

Dry Timecharter Basket Routes – Options (CTO, ~~CPO~~, PTO, STO, HTO)

Dry Voyage Routes (C3E, C4E, C5E, C7E)

Dry Trip Timecharter Routes (P1E, P2E, P3E, P1A, P2A, P3A)

Dry Timecharter Voyage Route (S7)

~~Tanker Voyage Routes (TD3, TD5, TD7, T19, TC2, TC4, TC5, TC6)~~

\$ per Tonne Tanker Voyage Routes (DD3, DD5, DD7, D19, DC2, DC6)

~~Baltic Exchange Dry Index (BDI)~~(ii) ~~2C.2.2.2~~ **CFSA (Container Freight Swap Agreement) Products**

CNW (Shanghai – North West Europe)

CMD (Shanghai – Mediterranean)

CSW (Shanghai – US West Coast)

CSE (Shanghai – US East Coast)

~~(iii) 2C.2.2.3~~ WCI Container Products

WRS (Rotterdam – Shanghai)

WLS (Los Angeles – Shanghai)

~~(iv) 2C.2.2.4~~ Commodities

Iron Ore Swaps (TSI)

Iron Ore Options (TSO)

Steel Swaps (SCN, SCS, SST, SBC, SCC)

Fertilizer Swaps (UNO, UYZ, DTA, DNO, UAN, UNE)

Coal Swaps (API 2 and API 4)^{15,16}

Coal Options (API 2 and API 4)^{17,18}

~~(c) 2C.2.3~~ Operating Times

~~(i) 2C.2.3.1~~ Opening Days

The Clearing House will publish details of the business days on which the FCM EnClear Clearing Services is operational to receive FCM EnClear Transactions in its Freight Division by Member Circular.

¹⁵ ~~API 2 and API 4 are trademarks and are used under license from Argus Media Limited and IHS Global Limited. ~~(ii) 2C.2.3.2~~ Opening Hours

FCM EnClear Transactions in the Freight Division may be notified during the following hours, London time:

<u>Products</u>	<u>Trade Entry Times</u>	<u>Trade Confirmation Times</u>
FFAs	07:00 – 18:00	07:00 – 18:30
Containers	07:00 – 18:00	07:00 – 18:30
Iron Ore	07:00 – 18:00	07:00 – 18:30
Steel	07:00 – 18:00	07:00 – 18:30
Fertilizer	07:00 – 18:00	07:00 – 18:30
Coal Swaps	07:00 – 18:00	07:00 – 18:30
<u>Coal Options</u>	<u>07:00 – 18:00</u>	<u>07:00 – 18:30</u>
Coal Options	07:00 – 18:00	07:00 – 18:30
	On expiry date – 07:00 – 17:00	On expiry date – 07:00 – 17:30

Any trade which has not been accepted within the time specified above, on the day on which particulars of that trade are input into ClearWay, will be deleted from ClearWay automatically during the end of day run. It will cease to be an FCM EnClear Transaction and will not be registrable that day. It may, however, be re-submitted on another day.

~~Note: ECFCMs are asked to note that where trades are executed or originated outside the Opening Hours, no registration can take place until the relevant registration time on the following Opening Day. Where a weekend and/or public holiday intervenes, registration may be delayed for more than a day.~~

~~2C.2.4~~ Trade Acceptance: Cleartrade Credit Filter

~~ECFCMs may elect to use Cleartrade Exchange Pte Ltd's credit filter. If an ECFCM does so elect, then, when a trade is submitted through the filter, submission of the trade through the filter constitutes a deemed "acceptance" of the trade on behalf of the ECFCM. If an ECFCM wishes to allow for trades to be submitted in its name, through the Cleartrade credit filter, it should contact the Clearing House's Membership Department for the requisite variation agreement, amending the Clearing Extension Agreement. ECFCMs shall be bound by the FCM EnClear Contract which arises subsequently, upon registration of the trade in ECS.~~

~~Correspondingly, where a trade has been submitted to ECS via the Cleartrade credit filter, a pre-matched contra trade in respect of that trade may only be submitted via the Cleartrade credit filter.~~

~~2C.2.5~~ Note: ECFCMs are asked to note that where trades are executed or originated outside the Opening Hours, no registration can take place until the relevant registration time on the following Opening Day. Where a weekend and/or public holiday intervenes, registration may be delayed for more than a day.

(d) Settlement

All FCM EnClear Contracts arising from FCM EnClear Transactions in the Freight Division are subject to cash settlement unless closed out prior to expiry of the relevant contract series ~~(not permissible for World Scale wet contracts)~~. No physical settlement is permissible.

(e) ~~2C.2.6~~ Reference Prices for Daily Settlement and Marking to Market

The Clearing House will use a variety of data from market participants, price reporting agencies and brokers for the purposes of producing reference prices each Business Day for daily settlement purposes and for the final settlement prices. See Part B of Schedule ~~€3~~ to the FCM ~~Regulations~~ Product Specific Contract Terms and Eligibility Criteria Manual for details of the reference prices for each eligible product in the Freight Division listed therein. The reference price will be the “**Floating Price**” for the purposes of the Contract Terms (see Schedule ~~€3~~ to the FCM ~~Regulations~~ Product Specific Contract Terms and Eligibility Criteria Manual).

2.3.3 ~~2C.3~~ *Option Exercise and Expiry*

(a) ~~2C.3.1~~ *Freight, Fertilizer and Iron Ore Options*

Freight, Fertilizer and Iron Ore options are European style. Automatic exercise will occur if the option contract is one tick or more in the money on expiry day with reference to the relevant Final Settlement Price. **Upon exercise or assignment an open futures position will be created in the underlying contract at the strike price which will be immediately cash settled.** Clearing Members cannot make any adjustments to the automatic exercise settings. Option contracts not automatically exercised against the Final Settlement Price will expire worthless.

(b) ~~2C.3.2~~ *Coal Options*

Coal options are European style. Coal options will be automatically exercised or expired, unless manually exercised or cancelled, as described below.

Automatic Exercise

Automatic exercise will occur if the option contract is one tick or more in the money on expiry day with reference to the relevant Final Settlement Price.

Upon exercise or assignment an open futures position will be created in the underlying contract at the strike price. Option contracts not automatically exercised against the Final Settlement Price will expire worthless.

Manual Exercise or Cancellation

On expiry day and before 17:30 hours, London time, Clearing Members can override the automatic exercise of a coal option by using the ECS EnClear Trade GUI to perform a manual exercise or cancellation of the option contract. Upon exercise or assignment, an open futures position will be created in the underlying contract at the strike price.

~~It is not possible for Clearing Members to input exercise or exercise cancellation instructions after the option expiry deadline has dropped.~~

~~2C.3.3~~ It is not possible for Clearing Members to input exercise or exercise cancellation instructions after the option expiry deadline has dropped.

(c) *Exercise by the Clearing House*

When exercised against, the Clearing House will select sellers against which to assign, based on their open position at the end of the last trading day.

Notice of Assignment/Allocation

The Clearing House will use reasonable endeavorsefforts to notify the relevant seller of its allocation as soon as is possible on the day the options expire.

Notification will be sent via the MBREXR report on the MemberLive reporting site. ECFCMs must have a valid account and password to access this secure site.

~~2D. THE FCM~~

2.4 ~~2D~~ **NODAL-CLEARING SERVICE**

2.4.1 ~~2D.1~~ **Introduction**

(a) ~~2D.1.1~~ **Background**

This Section ~~2D~~2.4 of the FCM Procedures is referred to as the “**FCM Nodal Procedures**”. FCM Nodal Clearing Members must inform themselves fully of their obligations under the FCM Rulebook, and under the other relevant documentation, such as the FCM Clearing Membership Agreement and the terms of any approval by the Clearing House to extend clearing activities. FCM Nodal Clearing Members should also familiarize themselves with Nodal’s Rules.

The Clearing House provides the FCM Nodal Clearing Service in respect of cash-settled FCM Nodal Contracts only. Hence, it does not cover options contracts and there are no physical deliveries under this service. There is no provision for allocation or give-ups.

Please note that each of the FCM Rulebook and Nodal’s Rules are subject to change from time to time. Enquiries regarding these **FCM Nodal Procedures** or any other aspects of the operation of the FCM Nodal Clearing Service should be directed to the Clearing House’s Operations Department at +44 (0)20 7426 7689. Enquiries regarding FCM Nodal Clearing Member status should be directed to the Clearing House’s Membership Department at +44 (0)20 7426 7949 or membership@lchclearnet.com. Enquiries relating to Nodal’s Rules should be directed to Nodal.

Full details of contact points may be found on the Clearing House website (<http://www.lchclearnet.com>) and Nodal website (<http://www.nodalexchange.com>).

(b) ~~2D.1.2~~ **Interpretation**

Except where otherwise stated, all times shown are London time and the twenty four hour clock is used.

2.4.2 ~~2D.2~~ **Membership**

An FCM Nodal Clearing Member may submit an FCM Nodal Transaction for registration by the Clearing House. Note that a transaction in a Nodal Eligible Derivative Product that will be cleared on one side by an FCM Nodal Clearing Member and on the other side by a Nodal Service Clearing Member is both an FCM Nodal Transaction (with respect to the FCM Nodal Clearing Member) and a Nodal Transaction, as such term is defined in the UK General Regulations (with respect to the Nodal Service Clearing Member). An FCM Nodal Transaction may also be submitted for registration on behalf of the applicable FCM Nodal Clearing Member by a Nodal Non-Clearing Participant (“**Nodal NCP**”) as set out ~~at~~in Section ~~2D.4.1~~ 2.4.4(b).

FCM Nodal Clearing Members must comply with all Clearing House requirements and with any Nodal requirements relating to participation in the relevant Nodal Trading Facility.

It is the responsibility of each FCM Nodal Clearing Member to keep any report, including, but not limited to, the NODAL Service ~~CMSCM~~ Report, required for its own historic, audit or legal purposes.

Details of how to be approved as an FCM Nodal Clearing Member can be obtained from the Clearing House Membership Department at +44 (0)20 7426 7949 or membership@lchclearnet.com.

~~(a)~~ ~~2D.2.1~~ *Submission of Nodal Transactions for Registration*

An FCM Nodal Clearing Member that wishes to register an FCM Nodal Transaction with the Clearing House must comply with all requirements of Nodal and Nodal's Rules.

~~2D.3~~ ~~GENERAL~~

~~2.4.3~~ ~~2D.3.1~~ *General*

~~(a)~~ *Operating Times*

~~2D.3.1.1~~ *Opening Days*

~~(i)~~ . Details of the days on which the FCM Nodal Clearing Service is operational will be published by the Clearing House by circular to FCM Nodal Clearing Members. Details of the days on which the Nodal Trading Facility is operational are available from Nodal.

~~2D.3.1.2~~ *Opening Hours*

~~(ii)~~ . The FCM Nodal Clearing Service will be operational from 01:00 to 17:30 hours, Eastern Prevailing Time (the "**Opening Hours**").

~~2D.4~~ ~~NODAL TRANSACTIONS~~

~~2.4.4~~ ~~2D.4.1~~ *Nodal Transactions*

~~(a)~~ *Eligible Transactions*

Only the transactions referenced in this Section ~~2D.4.0~~ in Nodal Eligible Derivative Products that are executed or registered through a Nodal Trading Facility in accordance with Nodal's Rules will be designated as FCM Nodal Transactions eligible for registration by the Clearing House.

Any such FCM Transactions must satisfy the Clearing House's requirements as set out in these ~~FCM~~ Nodal Procedures and in the

FCM Regulations, and ~~Nodal's~~ requirements ~~as set out in~~ Nodal and Nodal's Rules.

Presentation for Registration.

An FCM Nodal Transaction will be presented to the Clearing House for registration as either two FCM Nodal Contracts or one FCM Nodal Contract and one Non-FCM Nodal Contract, as applicable, with the Clearing House (i) as seller to the buying FCM Nodal Clearing Member or Nodal Service Clearing Member (as applicable) and (ii) as buyer to the selling FCM Nodal Clearing Member or Nodal Service Clearing Member (as applicable).

Where two Nodal NCPs both clear through the same FCM Nodal Clearing Member, then each side of the trade will be presented to the Clearing House for registration as a separate FCM Nodal Contract:

- with one in which such FCM Nodal Clearing Member is ~~b~~Buyer and the Clearing House is the ~~seller~~Seller; and
- ~~and~~with the other in which such FCM Nodal Clearing Member is the ~~s~~Seller and the Clearing House is the ~~b~~Buyer.

(b) ~~2D.4.2~~ FCM Nodal Contracts and Nodal Contracts – Eligibility Criteria

It is part of the eligibility criteria for registration as an FCM Nodal Contract, that the particulars of an FCM Nodal Transaction presented to the Clearing House must include matched information in respect of the following:

- (~~a~~1) Seller and the Buyer;
- (~~b~~2) the Nodal Eligible Derivatives Product which is the subject of the FCM Nodal Transaction; and
- (~~e~~3) the transaction specific information in respect of the Nodal Eligible Derivative Product.

~~2D.5~~ CLEARING FOR NODAL NON-CLEARING PARTICIPANTS

~~2.4.5~~ ~~2D.5.1~~ NODAL Clearing for Nodal Non-Clearing Participants

(a) Nodal NCPs

Certain FCM Nodal Clearing Members may clear for one or more Nodal NCPs. In order to do so, the following conditions must be satisfied at all times:

- (~~a~~1) the Nodal NCP is a participant of Nodal; and

- (b2) the FCM Nodal Clearing Member and the Nodal NCP are party to a valid and enforceable agreement under which the FCM Nodal Clearing Member agrees to clear FCM Nodal Transactions on behalf of such person. Such agreement must confer rights on the FCM Nodal Clearing Member and the FCM Nodal Clearing Member must lawfully be entitled at all times to pass to the Clearing House, in accordance with FCM Regulation ~~15.33~~ *(Disclosure and Reporting)*, such information and data relating to the Nodal NCP as the Clearing House may in its sole discretion deem appropriate.

The static data form executed by both the Nodal NCP and the FCM Nodal Clearing Member shall be definitive proof of the FCM Nodal Clearing Member clearing for such Nodal NCP.

~~The Clearing House contracts with the FCM Nodal Clearing Member alone and, to the fullest extent permitted by law, disclaims any duties or obligations to any Nodal NCP.~~

THE CLEARING HOUSE CONTRACTS WITH THE FCM NODAL CLEARING MEMBER ALONE AND, TO THE FULLEST EXTENT PERMITTED BY LAW, DISCLAIMS ANY DUTIES OR OBLIGATIONS TO ANY NODAL NCP.

Further details regarding clearing for Nodal NCPs can be obtained from the Clearing House's Membership Department at +44 (0) ~~20 7426207426~~ 7949 or membership@lchclearnet.com.

~~(b) 2D.5.2~~ *Termination*

The FCM Nodal Clearing Member may terminate its agreement with a Nodal NCP at any time by giving 21 days written notice to Nodal and the Clearing House. For the avoidance of doubt, (i) the Clearing House need not receive any notice of or any confirmation of such termination from the Nodal NCP and (ii) termination by the FCM Nodal Clearing Member of its agreement with a Nodal NCP will be without prejudice to the FCM Nodal Clearing Member's obligations arising from or in relation to any FCM Nodal Transaction or FCM Nodal Contracts arising prior to such termination.

~~2D.6~~ REGISTRATION OF NODAL TRANSACTIONS

~~2.4.6 2D.6.1~~ Registration of FCM Nodal Transactions

~~(a)~~ General

The Clearing House may require an FCM Nodal Clearing Member in whose name an FCM Nodal Transaction is to be registered to provide it with Collateral cover for Initial Margin and Variation Margin as a condition of registration as an FCM Nodal Contract.

~~(b) 2D.6.2~~ Registration

All matched transactions which have been presented for registration and comply with the Clearing House requirements for registration of an FCM Nodal Transaction, are deemed to have been registered by the Clearing House immediately upon receipt by the Nodal Clearing System (NCS).

~~(c)~~ ~~2D.6.3~~ *Novation*

Upon registration, each FCM Nodal Transaction is novated and replaced with either two separate FCM Nodal Contracts or one FCM Nodal Contract and one Non-FCM Nodal Contract, as applicable, one between the selling FCM Nodal Clearing Member or Nodal Service Clearing Member (as applicable) and the Clearing House and the other between the buying FCM Nodal Clearing Member or Nodal Service Clearing Member (as applicable) and the Clearing House. Novation is described in more detail in the FCM Regulations.

~~(d)~~ ~~2D.6.4~~ *Notification*

With respect to an individual FCM Nodal Clearing Member, all FCM Nodal Contracts arising from its FCM Nodal Transactions are listed on its Nodal Service Clearing ~~Member~~ Statement (CMS) report available via LCH.C's Member Reporting website.

~~2D.7~~ ~~POSITION AND FINANCIAL ACCOUNTS~~

~~2.4.7~~ ~~2D.7.1~~ ~~Position and Financial Accounts~~

~~(a)~~ ~~Position-Keeping Accounts~~

~~2D.7.1.1~~ ~~Types of Account~~

~~(i)~~ . Positions with regard to FCM Nodal Contracts are recorded within NCS in position-keeping accounts at Individual Trader Mnemonic (“ITM”) level, which are not FCM Nodal Clearing Member accounts as described in FCM Regulation ~~47~~. The account types are as follows:

H House (excluding FCM Clients)

C Segregated FCM Client

The requirement to open an H account and ~~an~~ C account is compulsory.

~~2D.7.1.2~~ ~~Basis of Position Keeping~~

~~(ii)~~ . The ITM represents a trading desk within the NCP. As such, the ITM is the basis for the position keeping account and NCPs can have several ITMs.

Note also that the position-keeping accounts are held net at the ITM level. Netting is permitted with respect to the positions of an individual FCM Client of an FCM Nodal Clearing Member (e.g., a position of bought one lot and sold two lots will be reported as sold one).

(b) ~~2D.7.2~~ Financial Accounts

FCM Nodal Clearing Member position-keeping accounts have financial accounts associated with them. These are, among other things, used to record cash balances, securities/documentary credits and unrealized margin.

Where appropriate, an FCM Nodal Clearing Member's financial accounts are identified by a single character code: C for segregated client business; H for house business.

Information contained within position-keeping accounts is consolidated into financial accounts, as follows:

(i) ~~2D.7.2.1~~ Relationship with Position-keeping accounts

Position-keeping accounts	Financial account
H House	H
C Segregated FCM Client (used for Initial Margin flows)	C

The C Account is a segregated futures customer account which is part of the Futures Account Class.

By permitting a transaction to be allocated to a position-keeping account, an FCM Nodal Clearing Member is also deemed to be designating that transaction for the associated financial account.

~~2D.7.2.2~~ Other Financial Accounts

(ii) . Subject to approval by the Clearing House, further financial accounts, used only to record financial balances, may be opened as follows:

	Code
Additional Margin accounts, used for holding additional deposits in relation to House Business (FCM Nodal Clearing Members only)	B
Additional Margin account (FCM Client), used for holding additional cash in relation to FCM	E

Client business.

LCH client segregated account (used for L Variation Margin flows)

~~2D.7.2.3~~

The E account is a segregated futures customer account which is part of the Futures Account Class.

Default Fund (DF) Account

(iii) . Each FCM Nodal Clearing Member's Contribution is held on a separate financial account, in accordance with the Default Fund Rules. The Default Fund account code is F.

2.4.8 ~~2D.8~~ *Fees*

(a) ~~2D.8.1~~ *General*

Fees arising for the provision of the FCM Nodal Clearing Service will be collected monthly from an FCM Nodal Clearing Member's financial account.

Details of tariffs and any changes thereto will be notified to FCM Nodal Clearing Members by FCM Clearing Member circular.

For further details (including details of how information regarding charges made for FCM Nodal Contracts registered by the Clearing House is communicated to applicable FCM Nodal Clearing Members) please see Section ~~3.63~~.6 of these FCM Procedures.

(b) ~~2D.8.2~~ *Execution Fees*

Members should note that, in respect of FCM Nodal Contracts, fees charged to FCM Nodal Clearing Members by the Clearing House will include execution fees which the Clearing House will collect on behalf of Nodal in respect of the underlying trades executed through the Nodal Trading Facility.

Details of execution fees and any changes thereto will be notified to FCM Nodal Clearing Members by Nodal.

~~2D.9~~ MARGIN

2.4.9 *Margin*

For the purposes of the FCM Nodal Clearing Service only, a “**Reference Price**” includes daily Settlement Price and final Settlement Price as used in Nodal’s ~~Rules~~.

(a) ~~2D.9.1~~ *Variation Margin*

Certain FCM Nodal Contracts are settled to market daily by the Clearing House. Profits or losses are either credited to or debited from FCM Nodal Clearing Member’s relevant financial accounts (realized margin).

~~2D.9.1.1~~ **Realized Margin**

Realized margin is the calculated profit or loss arising from a comparison between the value of open positions at the relevant daily Settlement Price with the value of positions recorded (i.e., the Traded Price for new trades and the previous day’s daily Settlement Price for other positions). The currency of this margin amount will be the same as the currency denomination of the contract’s Reference Price.

~~2D.9.2~~ Separate Variation Margin calculations are performed in respect of an FCM Nodal Clearing Member's house “H” account and in respect of an FCM Clearing Member's client “C” account. No offset between the “C” and the “H” accounts is permitted. The Clearing House shall make or receive a separate Variation Margin payment in respect of each house “H” account and each client “C” account (subject to the Default Rules) of each FCM Nodal Clearing Member.

(b) ~~2D.9.1~~ *Initial Margin*

Separate Initial Margin calculations are performed for ~~an~~ FCM Nodal Clearing Member’s house “H” and client “C” accounts; **no offset between these accounts is allowed**. “H” accounts are margined net, meaning that if long and short positions are held in the same delivery month/prompt date, Initial Margin is charged on the net position. “C” accounts are margined gross on an FCM-Client-by-FCM-Client basis, meaning that if long and short positions with the same Delivery Month/Prompt Date are attributable to the same FCM Client, Initial Margin is charged on the net position, whereas no netting of positions may occur between positions attributable to distinct FCM Clients. A list of acceptable ~~Collateral~~collateral to cover Initial Margin requirements can be found at the following location:

~~http://www.lchclearnet.com/risk_management/ld/acceptable_collateral.asp~~

~~2D.9.2.1~~

~~http://www.lchclearnet.com/risk_management/ld/acceptable_collateral.asp~~

Initial Margin Parameters

(i) ~~Initial Margin parameters are set by the Clearing House. However, in~~ accordance with the FCM Regulations, the

Clearing House retains the discretion to vary the rates for the whole market or for an FCM Nodal CM's Clearing Member's "H" and/or "C" accounts.

FCM Nodal Clearing Members will be notified by the Clearing House of alterations to Initial Margin parameters no later than the day before calls are made based on the new rates.

~~2D.9.2.2~~ Intra-day Margin Calls

- (ii) . In accordance with the FCM Regulations, the Clearing House is entitled to make additional margin calls for payment the same day (intra-day margin calls) where it considers it necessary. Intra-day margin calls will be made through the protected payments system ("PPS") in London ("**London PPS**") or the USA ("**US PPS**") (see Section ~~3.2~~ 3.2 of these FCM Procedures).

~~2D.9.2.3~~ Calculation of Initial Margin

~~2D.9.2.3.1~~ - VaR

- (iii) . Initial Margin is re-calculated at the close of each business day using a VaR algorithm developed to margin Nodal exchange contracts.

Technical questions about this algorithm should be directed to the Clearing House Risk Management Department at +44 (0)20 7426 7520.

~~2.4.10~~ Tax

~~2D.10~~ TAX

FCM Nodal Clearing Members should rely on their own advice or the advice of their outside advisors regarding any taxation liabilities in any country in which a liability to pay tax may arise.

In the event that the Clearing House incurs any liability to pay any tax in respect of or in connection with any FCM Nodal Contract, it shall have the right to require reimbursement of such tax liability, together with any costs and expenses incurred by the Clearing House in connection with the administration and processing of such tax liability, from the FCM Nodal Clearing Member who is or was party to that FCM Nodal Contract, and who, in the Clearing House's opinion, should be responsible for meeting such tax liability, costs and expenses. The Clearing House will collect such payments through PPS.

~~2D.11~~ SETTLEMENT OF FCM NODAL CONTRACTS

~~2.4.11~~ Settlement of FCM Nodal Contracts

FCM Nodal Contracts are settled depending upon their terms, as set out in the relevant FCM Nodal Contract Terms.

~~(a) 2D.11.1~~ — *Cash Settlement*

Cash settlement is a final settlement derived from the difference between the final Settlement Price and the previous trading day's daily Settlement Price or such other quotation as is specified in Nodal's Rules. This amount is debited from or credited to the FCM Nodal Clearing Member's financial accounts.

~~(b) 2D.11.2~~ — *Reference Prices for daily settlement to market*

Should Nodal fail to determine Reference Prices, the Clearing House will itself determine these as necessary. This will be done at the Clearing House's discretion and be announced as soon as possible following such determination.

~~2D.12~~ — **POSITION TRANSFERS**

~~2.4.12~~ **Position Transfers**

An FCM Clearing Member may effect a transfer only in accordance with FCM Regulation ~~8-13~~ *(Transfer)*. The Clearing House will effect such transfer (in conjunction with Nodal) within two days of receiving a request for such transfer from the relevant Receiving ~~FCM~~ Clearing Member; **provided**, that the FCM Clearing Member completes to the satisfaction of the Clearing House any documentation as required and provided by the Clearing House.

FINANCIAL TRANSACTIONS

3. FINANCIAL TRANSACTIONS

3.1 Accounts

3.1.1 Overview

FCM Clearing Member accounts have financial accounts associated with them. These are, *inter alia*, used to record cash balances and securities/documentary credits. Information contained within position-keeping accounts is consolidated into financial accounts. FCM Clearing Members are usually provided with two sub-accounts per financial account:

- (a) Margin account;
- (b) Tender account (not applicable to Default Fund (DF) accounts).

These accounts are used to record cash movements between the Clearing House and the FCM Clearing Member. Refer to Section ~~2A.5~~2.1.5 for a full description of financial accounts relating to the FCM SwapClear Service. ~~Although the~~

~~The~~ Clearing House and FCM Clearing Members are permitted to physically commingle the Collateral of FCM Clients relating to ~~FCM Contracts in any Business Category of FCM Contract, FCM Clearing Members and the Clearing House are required to maintain separate accounts with the Clearing House for each such Business Category of FCM Contract. Furthermore, collateral furnished on behalf of FCM Clients with respect to FCM Contracts that are Futures Products may not be commingled with collateral furnished on behalf of FCM Clients with respect to FCM Contracts that are Swap Products~~ Swap Products and to physically commingle the Collateral of FCM Clients relating to Futures Products. However, Collateral relating to Swap Products and Collateral relating to Futures Products must be segregated (both physically and in bookkeeping accounts) from one another in accordance with the CEA and CFTC Regulations.

3.1.2 Margin Account Postings

Transactions posted to the Margin account include but are not limited to:

- (a) PPS ~~payments~~calls and ~~receipts~~pays;
- (b) ~~O~~option premiums;
- (c) ~~Prompt Day~~prompt day delivery amounts;
- (d) ~~I~~interest and accommodation charges;
- ~~Currency purchases and sales;~~
- (e) Clearing House fees, charges and rebates;

- ~~(f) Exchange fees, levies and rebates;~~
- ~~(g) Variation amounts credited or debited in respect of variation margin, Price Alignment Interest price alignment interest, NPV and coupons;~~
- ~~Swap Clear coupon payments;~~
- ~~Swap Clear coupon adjustments;~~
- ~~(h) Net Present Value (NPV); cash settlement; and~~
- ~~Consideration.~~
- ~~(i) settlement differences.~~

Details of collateral balances, valuations and instructions are also available using the on-line Collateral Management System (“CMS”).

3.1.3 Tender Account Postings

Transactions posted to the Tender account include but are not limited to:

- ~~(a) PPS payments calls and receipts pays;~~
- ~~(b) delivery amounts; and~~
- ~~(c) Coupon P payments relating to member FCM Clearing Member Collateral.~~

3.1.4 Financial Transaction Reporting

Banking reports are generated each day ~~that~~ and provide members with data relating to but not limited to: ~~liabilities by market, cash balances, non-cash balances, cash posting and interest rates.~~

All reports are available via the Member Reporting Web Site (Member Live site) and can be downloaded via the user interface or directly to Member back-office systems via an SFTP connection.

Details of valuations, cover instructions and cash and non-cash balances are available through the Clearing Management System.

A “Banking Reports Reference Pack” can be requested from the LCH.Clearent Client Training Team. ~~It~~ This contains definitions and examples of each of the available reports.

Details of cover balances, valuations and instructions are also available using the on-line Collateral Management System (CMS).

3.2 **Protected Payments System (PPS)**

The Clearing House operates a direct debit system, known as the Protected Payments System (“~~PPS~~”), for the transfer of funds to and from FCM Clearing Members. PPS is a recognized interbank payments system overseen by the Bank of England.

PPS is operated in both London (“**LondonUK PPS**”) and in the United States (where it is known as “**US PPS**”). In this Section, a day on which PPS is open is referred to as a “working day”.

FCM Clearing Members should note that the PPS (both in London and in the US) is a system for facilitating payment to the Clearing House of monieys due from FCM Clearing Members to the Clearing House and vice versa.— The giving of a commitment by a participating Bank through PPS to make any payment, and the receipt of that commitment by the Clearing House is not to be regarded as satisfaction of any payment due to the Clearing House.

Each FCM Clearing Member remains fully responsible for the payment to the Clearing House of all monieys due to the Clearing House as required, *inter alia*, by the FCM Clearing Membership Agreement, clearing extension documentation and the applicable provisions of the FCM Rulebook. Payment is only completed when the funds have been credited for value to the relevant Clearing House bank account, and any time permitted by the relevant payment settlement system for the recall of any such payment has expired.

3.2.1 **PPS Mandates**

(a) **Introduction**

An FCM Clearing Member ~~must open and is required to~~ maintain a PPS accounts bank account(s) in GBP and USD and such other the currency or currencies in which it makes Contributions, and for each currency in which it incurs settlements ~~on its Client or House accounts.~~

~~In addition, FCM Clearing Members must open, at one or more of the bank branches participating in the PPS accounts system in London in USD and in all other. Different banks may be used for different currencies in which it incurs settlements. For details of current,~~

Each FCM Clearing Member is required to maintain at least one US dollar PPS banks, account with at least one of the US PPS banks (please refer to the following link: for details):

~~www.lchclearnet.com/risk_management/ltd/pps/~~

www.lchclearnet.com/risk_management/ltd/pps/

FCM Clearing Members are responsible at all times for ensuring that their PPS bank accounts have sufficient funds or credit lines to be able to meet margin calls from the Clearing House.

Any bank charges connected with the holding of any PPS bank accounts or related to any activity on that account must be paid by the FCM Clearing Member holding the relevant account PPS mandates.

The GBP non-segregated PPS account will, *inter alia*, be used to process ~~DF-contributions~~ Contributions for all services other than the ForexClear Service. For ForexClear Service, the USD non-segregated PPS account is used.

Where applicable, all PPS accounts that hold FCM Client Funds must be segregated in accordance with the FCM Regulations and the applicable provisions of the CEA and CFTC Regulations, including but not limited to Part 1, Part 22 and Part 190 of such regulations. Furthermore, PPS accounts that contain FCM Client Funds held with respect to Futures/Options Contracts may not contain FCM Client Funds held with respect to Cleared Swaps, unless permitted under the CEA or CFTC Regulations.

Each FCM Clearing Member is required to complete a standard form UK PPS Mandate and/or US PPS Mandate (copies are available from treasury.ops.uk@lchclearnet.com) for each bank branch at which they wish to operate an account before clearing can commence. The original of the mandate must be signed by a person with the appropriate authority within the FCM Clearing Member institution and then forwarded to the relevant bank. A copy must also be forwarded at the same time to the Clearing House Membership Department.

(b) Currency Conversion

The Clearing House supports cross currency collateral, which allows the FCM Clearing Member to elect to use cash cover denominated in one currency in respect of initial and contingent margin liabilities calculated in another currency. FCM Clearing Members must nominate the currency in which they wish to cover margin liabilities by prior arrangement with LCH.Clearnet Limited Treasury Operations.

(b)(c) Morning PPS Calls

FCM Clearing Members' liabilities are calculated overnight. Should the relevant liability not be covered by acceptable forms of Collateral held by the Clearing House (see section ~~3.3~~0) any shortfall is called through ~~LondonUK~~ PPS with separate calls made for each currency. It is the responsibility of each FCM Clearing Member to ensure that its ~~LondonUK~~ PPS bank(s) meets all payment instructions received from the Clearing House. Confirmation of payments, as notified, must be received by the Clearing House from the relevant PPS bank(s) by 09:00 London time, or within one hour of a subsequent call, on the day on which the PPS ~~€~~call is made. Payments will only be recognized for this purpose if the relevant PPS bank (i) has performed its concentration function (being the transfer of net funds from the PPS bank to a -central account in the name of the Clearing House) (ii) has

made such payments, ~~and~~ (iii) any time permitted by the relevant payment settlement system for the recall ~~of any such payment has expired.~~

Where payments are due to an FCM Clearing Member, payments will be recognized as soon as payment instructions in respect of that payment have been given to a PPS bank. For this purpose, a payment instruction will only be recognized to the extent that the Clearing House has taken steps to transfer to the PPS bank any such sums as may be necessary to enable that payment instruction to be performed by the PPS bank.

~~(e)~~(d) ~~Intraday~~Intra-day PPS Calls

The intra-day margin call by the Clearing House is for intra-day Margin payments. ~~Only~~ USD can be used to cover Margin requirements ~~intraday~~intra-day. Between 14:30 and 16:00 hours (London time) only USD will be called in London.

Normally the Clearing House will call intra-day margin through ~~LondonUK~~ PPS accounts. However, where the Clearing House wishes to make such an intra-day call after ~~LondonUK~~ PPS closes (16:00 London time), such a call will be made upon the FCM Clearing Member's nominated US PPS account.

Only USD will be called by default during the hours of ~~LondonUK~~ PPS for each mnemonic/sub-account. FCM Clearing Members may request a change to the default currency no later than 09:30 London time in order for the change to be undertaken the following day. FCM Clearing Member's may submit a request to change their currency at the following link:

~~www.lchclearnet.com/risk_management/ltc/preferential_currency_for_intraday_margin_calls_form.asp~~

~~www.lchclearnet.com/risk_management/ltc/preferential_currency_for_intraday_margin_calls_form.asp~~

The Clearing House has the ability to call US dollars in respect of an intra-day margin call up until 16:00 ~~hours~~New York ~~T~~ime (21:00 ~~hours~~London ~~T~~ime).

The Clearing House must receive confirmation of payment from the FCM Clearing Member's nominated PPS bank(s) within one hour of receipt of the ~~intraday~~intra-day call by the relevant bank branch.

Failure of a bank to confirm a PPS call within one hour may result in the FCM Clearing Member being declared in default. Late confirmation of PPS calls are reported to the regulators of the LCH.Clearnet Group.

~~(d)~~(e) Auto repay

FCM Clearing Members may request that they are automatically repaid any excess cash balances that remain on their accounts at the end of each day. FCM Clearing Members must contact Treasury Operations in order to have auto-repay applied to their accounts. (LCHOperations-Treasury@lchclearnet.com or telephone +44 (0)20 7426 7505).- In certain circumstances and following notification to one or more Regulatory Bodies, the Clearing House may disable the auto-repay functionality for one or more FCM Clearing Members. The Clearing House will notify affected FCM Clearing Members in the event that the functionality is disabled. ~~This paragraph 3.2.1(d)~~This Section 3.2.1(e) only applies to Proprietary Accounts.

Those FCM Clearing Members not on auto-repay may request any cash balances to be repaid on the same day, provided that such request is received by the Clearing House by 09:30 London time.

~~(e)~~(f) Value Date

Although confirmation from the banks that PPS payments will be made must be received within the deadlines set out in Sections ~~3.2.1(b)~~3.2.1(c) and ~~3.2.1(e)~~3.2.1(d), subject to Section ~~3.2.1(g)~~3.2.1(h), all currency transactions are processed by PPS with next business day value with the exception of the following currencies: CAD, EUR, GBP and USD, which are processed with value for the same business day.

~~(f)~~(g) Foreign Bank Holidays

The Clearing House has made arrangements with ~~London~~UK PPS banks to operate the PPS on all UK banking days including foreign bank holidays.

Confirmation that PPS payments will be made must be received within the deadlines set out in Sections ~~3.2.1(b) and 3.2.1(e)~~3.2.1(c) and 3.2.1(d). However, the value date for any PPS transactions made on a day which is a bank or public holiday in the country of that currency will be for the next business day on which both the foreign currency center and the Clearing House are open for business. This applies to GBP, CAD, EUR and USD.

Example: 20 August is a public holiday in the USA but not in the UK. 21 August is a normal banking day in the USA.

On ~~the~~ 20 August, the Clearing House will issue its normal USD instructions to PPS banks, and receive confirmation in response to the PPS ~~€~~call, for value on 21 August.

Please refer to ~~the~~ Clearing Member Circulars for details of Clearing House opening days and currency holidays at the following link:

www.lchclearnet.com/member_notices/

www.lchclearnet.com/member_notices/

~~(g)~~(h) UK Bank Holidays

The Clearing House does not give value to any currency on a UK bank holiday, if the Clearing House is closed for business on that bank holiday. PPS ~~€~~calls will be made on the next following business day, for the relevant currency.

However, the Clearing House may sometimes be open for business on a UK bank holiday – in such circumstances PPS ~~€~~calls will be made as normal that day. Value will be given the same day provided ~~ing~~ that the relevant currency center ~~er~~ is open for business. It should be noted, however, that value for GBP is given on the next GBP business day.

~~(h)~~(i) Use of ~~London~~UK PPS and US PPS

These FCM Procedures indicate which part of the PPS system will be used in the normal course of events for making PPS ~~€~~calls. Generally ~~London~~UK PPS will be used for Morning PPS ~~€~~calls (including ~~e~~Contributions to the ~~Default Fund~~default fund), remitting surplus cash balances to an FCM Clearing Member, and for making intra-day margin calls up to 16:00 ~~hours~~-London time. However FCM Clearing Members should be aware that the Clearing House reserves the right to direct a Morning PPS ~~€~~call or intra-day margin calls before 16:00 ~~hours~~, London time, to an FCM Clearing Member's US PPS account in exceptional circumstances (an "Exceptional PPS Call"). The Clearing House will use all reasonable commercial ~~endeavor~~efforts to notify the FCM Clearing Member in advance of issuing any such Exceptional PPS Call.

~~(i)~~(j) Contingency Payment Arrangements

FCM Clearing Members must ensure that they have contingency arrangements to ensure ~~continuity of that they can continue to meet~~ their margin ~~payment~~obligations in the event of failure of their nominated PPS ~~B~~bank. From time to time the Clearing House may require the FCM Clearing Member to provide evidence of these arrangements.

~~(j)~~(k) Recovery from ~~i~~nsolvent PPS Banks

In the event that payment is not completed by the relevant PPS bank, due to ~~insolvency~~ ~~and not~~ ~~rather than~~ technical failure, and the affected FCM Clearing Member(s) make alternative payments, should the Clearing House make a recovery from the ~~estate~~ of the PPS bank, it will credit such recovery, net of costs, to the accounts of the ~~affected~~

FCM Clearing Members in proportion to the amount of the original missed payment.

PPS Mandate(s)

~~Each FCM Clearing Member is required to complete a standard form London PPS and US PPS Mandate(s) (copies are available from membershipteam@lchclearnet.com) for each bank branch at which they wish to operate an account before clearing can commence. The original of the mandate must be signed by a person with the appropriate authority within the FCM Clearing Member institution and then forwarded to the relevant bank. A copy must also be forwarded at the same time to the Clearing House Membership Department.~~

3.3 Acceptable Forms Of Collateral Cover

The Clearing House accepts certain types of securities and cash in the Clearing House's prescribed form as Collateral against liabilities of the relevant FCM Clearing Member.

~~The Clearing House may vary, at its discretion, the standard requirements and valuation procedures set out in this Section, either generally or in a particular case, without giving prior written notice to FCM Clearing Members. Further, the Clearing House may vary the types of collateral acceptable to it as Collateral, including but not limited to cash, performance bonds or securities.~~

~~To view a list of acceptable Collateral, go to: http://www.lchclearnet.com/risk_management/td/acceptable_collateral.asp.~~

Cash

Please refer to the following link for further details:

http://www.lchclearnet.com/risk_management/td/acceptable_collateral.asp

~~The Clearing House may vary, at its discretion, the standard requirements and valuation procedures set out in this Section, either generally or in a particular case, without giving prior written notice to FCM Clearing Members. Further, the Clearing House may vary the types of collateral acceptable to it as Collateral, including but not limited to cash, performance bonds or securities.~~

3.3.1 Cash

In order not to fall within the scope of deposit-taking regulations applying to banks and similar institutions, the Clearing House can accept cash from FCM Clearing Members only in relation to current or anticipated obligations.

Cash cover need not be provided in the same currency as that of the liability. In such cases, currencies will be notionally converted with reference to quoted

exchange rates determined at approximately 16:45 London time the previous business day.

FCM Clearing Members must give LCH.Clearnet Limited Treasury Operations no less than two ~~(2) Business Days'~~business days' notice of their intention to request withdrawal of cash Collateral and its replacement by the lodgment of non-cash Collateral. ~~In or~~ the event that~~replacement of one currency for another.~~ Where an FCM Clearing Member ~~seeks~~fails to ~~withdraw such cash Collateral without giving~~give such notice, the Clearing House may decline to release such cash Collateral until the end of the required notice period. This paragraph applies only to the Proprietary Account of an FCM Clearing Member.

3.3.2 **Securities**

Please refer to the following ~~section of the Clearing House's~~pages on our website for both prevailing haircuts and notes on types of collateral acceptable to the Clearing House as Collateral:

http://www.lchclearnet.com/risk_management/ltd/acceptable_collateral.asp
http://www.lchclearnet.com/risk_management/ltd/acceptable_collateral.asp

3.3.3 **Securities Value Notification**

FCM Clearing Members may obtain details on the Margin value of securities on their account by viewing the relevant reports available on the Member Reporting Website.

3.3.4 **Investment of FCM Client Funds**

Pursuant to the application of FCM Regulation 47(n), the investment of cash Collateral held on behalf of FCM Clients by the Clearing House is limited to investments in U.S. Treasury securities (through outright purchases, repurchase or reverse repurchase transactions).

Each FCM Clearing Member shall instruct the Clearing House as to whether or not to invest such cash Collateral delivered by such FCM Clearing Member to the Clearing House by submitting to the Clearing House such documents as the Clearing House shall provide to FCM Clearing Members for such purpose. If an FCM Clearing Member fails to issue any such instruction to the Clearing House in accordance with such documents, the Clearing House shall invest such cash Collateral from such FCM Clearing Member in accordance with Regulation 47(n).

The Clearing House shall be entitled to charge a cash management fee to FCM Clearing Members that elect to instruct the Clearing House not to invest such cash Collateral. The Clearing House shall notify FCM Clearing Members of the details of such cash management fee via member circular.

3.3.5 **Use of EnClear NLV as Collateral**

EnClear credit net liquidating value is not paid in cash, but may be offset against EnClear debit net liquidating value and initial margin across currencies.

3.4 Distribution Of Collateral

Overview

~~As different types of Collateral attract different utilization fees and different contracts are assessed for VAT in different ways (see Section 3.5.4), the Clearing House identifies the Collateral applied to liabilities in order to allow utilization fees and VAT to be calculated correctly.~~

~~This is done by establishing a specified order for both types of liabilities and types of Collateral and applying Collateral sequentially, such that Collateral type 1 is applied first to liability type 1, Collateral type 2 to liability type 1 if there is a deficiency when Collateral type 1 has been exhausted and so on.~~

~~The following procedures are not in any way intended to restrict, vary, or alter the Clearing House's rights to apply Collateral held (including any described in LCH.Clearnet Limited reports/records as "unutilized" or "excess") to meet the FCM Clearing Member's liabilities/obligations to LCH.Clearnet Limited.~~

~~The following procedures are not in any way intended to restrict, vary, or alter the Clearing House's rights to apply Collateral held (including any described in LCH.Clearnet Limited reports/records as "unutilized" or "excess") to meet the FCM Clearing Member's liabilities/obligations to LCH.Clearnet Limited.~~

3.4.23.4.1 Collateral Application

Note: ~~The following provision applies solely for the purpose of calculating fees during the overnight offsetting of FCM Clearing Members' Collateral against FCM Clearing Members' liabilities. In case of default by an FCM Clearing Member, please see Section 3.4.3 below.~~

~~An~~In the absence of an FCM Clearing Member election, the Clearing House will apply an FCM Clearing Member's Collateral (in turn) to each liability in the following order:

- (a) same currency collateral in the same currency as the liability; then
- (b) different currency collateral in the following order:
 - (i) GBP;
 - (ii) USD;
 - (iii) CHF;
 - (iv) EUR;
 - (v) JPY;

- (vi) SEK;
- (vii) CAD;
- (viii) NOK; then
- (ix) DKK,
- (c) cash in the same currency as the liability;
- (d) where nominated, cash in a different currency to the liability in the nominated currency preference order (see section 3.4.2).

FCM Clearing Members may ~~choose~~make the following choices:

- (i) whether to have cash Collateral applied before ~~securities~~ or after non-cash Collateral;
- (ii) whether to apply collateral to liabilities in a different currency; and
- (iii) whether to apply cash to ~~its~~ liabilities in a different currency.

3.4.2 Cash currency preference

FCM Clearing Members may nominate the sequence of cash Collateral distribution.

In the absence of a nominated sequence of currency preferences, an FCM Clearing Member's liabilities will be covered by cash in the same currency as the liability. This means that a GBP liability will be covered in GBP cash, a EUR liability will be covered in EUR cash and so forth. Any further liabilities ~~or fees,~~ in the relevant currency will be covered by cash called via PPS.

FCM Clearing Members may define their own sequence of cash currency utilization for each mnemonic and each account type (i.e. House or ~~vice versa~~ Client). The sequence does not have to be on a like for like basis and an FCM Clearing Member may choose any eligible currency to cover its liability (for example, a GBP liability can be covered in EUR cash).

~~Order~~ Any changes to an FCM Clearing Member's nominated currency sequence, or a request to excess cash currency balances in a particular currency, should be notified to the Clearing House by providing a minimum of two business days' notice.

3.4.3 Record of ~~Priority~~ cover provided

Charges and interest shall be calculated in accordance with the information published on ~~Default~~ the website of the Clearing House.

3.4.4 Use of a Defaulter's cover

Post-default the Clearing House is entitled to realize and/or apply ~~Collateral~~ Defaulter's cover in whatever order it deems appropriate.

3.5 Interest ~~And~~ Accommodation Charge Structure

3.5.1 Cash Balance Interest Rate

The Clearing House applies interest to FCM Clearing Member's² cleared cash balances. The following rates are applied:

- (a) LDR – London Deposit Rate – the rate at which the Clearing House will pay or charge interest on credit cash balances (excluding ~~DF Contributions~~; Contributions). The LDR calculation methodology utilizes published market rates minus a spread. The current spread rates are published on the LCH.Clearnet website at the following link: http://www.lchclearnet.com/fees/ltd/custody_services.asp;
- (b) CDR – Client Deposit Rate – the rate at which the Clearing House will pay or charge interest on credit cash balances on ~~SwapClear Client financial accounts~~; Client financial accounts. The CDR calculation methodology utilizes published market rates minus a spread. The current spread rates are published on the LCH.Clearnet website at the following link: http://www.lchclearnet.com/fees/ltd/custody_services.asp; and
- (c) Default Fund Rate.

Rates are available from the Member Reporting Website.

The Clearing House reserves the right to alter the basis of calculating each above listed interest rates. Any alteration will be effective on the date notified.

3.5.2 Price Alignment Interest (PAI) Rate

To minimize the impact of daily cash Variation Margin payments on the pricing of interest rate swaps, the Clearing House will charge interest on cumulative Variation Margin received by the FCM Clearing Member and pay interest on cumulative Variation Margin paid in by the FCM Clearing Member in respect ~~to~~ of these instruments. This interest element is known as price alignment interest (“PAI”).

The calculation of PAI shall use the interest rates specified as below. The amount of PAI for each currency shall be calculated as:

The amount of NPV in such currency from the previous Business Day's² close of business multiplied by:

- (a) The relevant interest rate in effect for that day; divided by

- ~~(b)~~ 360; or in the case of AUD, CAD, GBP, HKD, JPY, NZD, PLN, SGD and ZAR, 365.

In the case of the currencies marked below with an asterisk, the Clearing House, as provided in FCM Regulation ~~19(b)36(b)~~ (*Alteration of FCM Regulations and the FCM Procedures*), specifies that it will not change the PAI rate without the consent of all SwapClear Clearing Members and applicable FCM Clearing Members holding open contracts in such currencies.

Currency	PAI Rate
USD-*	The rate used shall be the Effective Federal Funds rate, the rate published by the Board of Governors of the Federal Reserve System as such rate appears on Reuters page “FEDFUNDS1” or Telerate 120 or on any successor page(s) thereto.
EUR-*	The rate used shall be the EONIA rate, the rate published by the European Banking Federation and ACI – The Financial Market Association as such rate appears on Reuters page “EONIA” or Telerate 247 or on any successor page(s) thereto.
GBP-*	The rate used shall be the SONIA rate, the rate published by the Wholesale Markets Broker Association as such rate appears on Reuters page “SONIA” or on any successor page(s) thereto.
JPY-*	The rate used shall be the Mutan call rate, the rate published by the Bank of Japan as such rate appears on Reuters page “TONAR” or on any successor page(s) thereto.
CHF-*	The rate used shall be the TOIS rate, the T/N interbank fixing as such rate appears on Reuters page “CHFTOIS” or Telerate 3450 or any successor page(s) thereto.
AUD	The rate used shall be the “AONIA” rate, the rate published by the Reserve Bank of Australia – as such rate appears on Reuters page “RBA30” or any successor page(s) thereto.
CAD	The rate used shall be the “CORRA” rate, the rate published by the Bank of Canada website – as such rate appears on Reuters page “CORRA” or any successor page(s) thereto.
DKK	The rate used shall be the “DKKOIS” rate, the rate published by the Danish Central Bank – as such rate appears on Reuters page “DKNA14” or any successor page(s) thereto.

Currency	PAI Rate
HKD	The rate used shall be the “HONIX” rate, the rate published by the Hong Kong Brokers Association – as such rate appears on Reuters page “HONIX” or any successor page(s) thereto.
NZD	The rate used shall be the “NZIONA” rate, the rate published by the Reserve bank of New Zealand – as such rate appears on Reuters page “RBNZ02” or any successor page(s) thereto.
PLN	The rate used shall be the “POLONIA” rate, the rate published by the National Bank of Poland – as such rate appears on Reuters page “NBPS” or any successor page(s) thereto.
SEK	The rate used shall be the “SIOR” rate, the rate published by the OMX Exchange – as such rate appears on Reuters page “SIOR” or any successor page(s) thereto.
ZAR	The rate used shall be the SFX ZAR OND rate, the rate published by SAFEX JIBAR – as such rate appears on Reuters page “SFXROD” or any successor page(s) thereto.
CZK	The rate used shall be the “CZEONIA” rate, the rate published by the Czech National Bank – as such rate appears on Reuters page “CZEONIA” or any successor page(s) thereto.
HUF	The rate used shall be the “HUFONIA” rate, the rate published by the National Bank of Hungary – as such rate appears on Reuters page “HUFONIA” or any successor page(s) thereto.
SGD	The rate used shall be the “SONAR” rate, the rate published by the Association of Banks in Singapore – as such rate appears on Reuters page “ABSIRFIX01” or any successor page(s) thereto.
NOK	The rate used shall be the NOK sight deposit rate, the rate published by Norges Bank – as such rate appears on Reuters page “NOINTR=ECI” or any successor page(s) thereto.

For currency NOK, PAI is calculated using an appropriate overnight deposit rate for the currency.

3.5.3 Interest/Accommodation Structure

Application of Collateral	Type of Collateral					
	Credit Variation Margin	Performance Bonds	Securities	Cash	Foreign Cash	Forward Cash
Initial & Variation margin after offset	No charge or payment	Charge 0.10%	Charge 0.10%	Pay relevant rate	pay relevant rate of Collateral currency	No charge or payment
Excess or Surplus	No charge or payment	No charge or payment	No charge or payment	Pay relevant rate	Pay relevant rate	No charge or payment

Note:

1. ~~“Foreign Cash” means cash in a currency other than that of the liability.~~
2. ~~“Forward Cash” means cash which has been credited to an account for later value (e.g., an amount called via PPS for next-day value).~~
3. ~~This Section 3.5.3 only applies to Proprietary Accounts of FCM Clearing Members.~~

Note:

1. “Foreign Cash” means cash in a currency other than that of the liability.
2. “Forward Cash” means cash which has been credited to an account for later value (e.g., an amount called via PPS for next-day value).
3. This Section 3.5.3 only applies to Proprietary Accounts of FCM Clearing Members.

3.5.4 Payment of Interest and Charges

Interest and accommodation charges are charged monthly, from the last day of the previous month to the penultimate day of the current month. Interest and accommodation charges (other than PAI) are calculated on a daily basis and the resulting monthly total is posted to FCM Clearing Members²¹ cover accounts at for value on the beginning of the third business day following calendar the penultimate day of the month. A VAT invoice is also issued monthly on the third business day of each month detailing the interest and accommodation charges applicable for the previous month. Separate invoices are issued for each currency which can be found on the Member Reporting Website.

VAT is charged where relevant, dependent on contract, ~~on and~~ and accommodation charges ~~and Collateral utilization fees,~~ at current rates. ~~On~~ foreign currency amounts VAT is charged in sterling on the converted value of any relevant charges. The sterling Collateral account shows separate postings for sterling VAT amounts arising from foreign currency charges.

The net invoice value for each currency is posted to the relevant Collateral account for value on the second working day of the month succeeding the month in which the charges arose.

The invoice provides detail in respect of:

(a) interest due to be credited or debited; and

(b) accommodation charges;

VAT on accommodation charges is subject to the standard rate, some markets may be excluded.

3.6 Fees

Details of fees and refunds pending are collated during the month.

An invoice or credit note is produced detailing the fees to be furnished with respect to a Proprietary Account to which Margin is attributed.

The invoice/credit note displays the type of fee, contract, future or options type, currency, fee rate, volume, fee amount, VAT amount, sub totals for each fee class and the overall total Collateral in the relevant account.

Monthly postings are processed via the relevant account to which Collateral is posted at the beginning of the following month, on the third working day. - Other postings, such as various Market Maker Scheme rebates, are processed by the Clearing House following receipt of data from the relevant Exchange.

3.7 Default Fund; SwapClear Contributions

SwapClear Contributions (as defined in the Default ~~Fund~~ Rules) will be called via PPS on the fourth working day of each month or more frequently pursuant to a determination of the SwapClear Contribution under Rule S2(k) of the Default ~~Fund~~ Rules (each, a “**SwapClear Reset Day**”). SwapClear Contribution requirements will be notified to the applicable FCM Clearing Members at least two working days prior to each SwapClear Reset Day on Member Intranet Report 000032.

Excess SwapClear Contribution amounts due to FCM Clearing Members following the adjustment to the SwapClear Contribution will be repaid to FCM Clearing Members²¹ PPS accounts on the SwapClear Reset Day immediately following the adjustment to the SwapClear Contribution.

Interest on SwapClear Contributions will be paid to FCM Clearing Members²¹ PPS accounts on the first working day after the SwapClear Reset Day following the end of the relevant “interest accrual period”. Interest is calculated in respect of each “interest accrual period”, which commences on (and includes) a SwapClear Reset Day and ends on (and includes) the calendar day immediately before the next SwapClear Reset Day. Notwithstanding anything else herein, if the rate of interest payable on SwapClear Contributions is negative, interest shall be payable by FCM Clearing Members to the Clearing House.

3.8 Quantifying SwapClear Contributions

For the purposes of calculating the SwapClear Margin Weight under Rule S2(c) of the SwapClear Default Fund Supplement, the average daily requirement for Initial

Margin applied to an FCM Clearing Member shall be determined by reference to the FCM SwapClear Contracts comprising the SwapClear House Business of that FCM Clearing Member only. Nothing in the foregoing sentence shall prevent the Clearing House from introducing changes to the methodology used for calculating the SwapClear Margin Weight and, in particular, with effect from 28 September ~~28~~, 2012, the average daily requirement for Initial Margin applied to an FCM Clearing Member for the purposes of such calculation shall be determined by reference to the FCM SwapClear Contracts comprising both the SwapClear House Business and the SwapClear Clearing Client Business of that FCM Clearing Member.

3.9 **Default Fund; ForexClear Contributions**

ForexClear Contributions (as defined in the Default ~~Fund~~ Rules) will be called via PPS on the fourth working day of each month or more frequently pursuant to a determination of the ForexClear Contribution under Rule F2(a) of the Default ~~Fund~~ Rules (each a “**ForexClear Reset Day**”). ForexClear Contribution requirements will be notified to ForexClear Clearing Members at least two working days prior to each ForexClear Reset Day on Member Intranet Report 000032.

Excess ForexClear Contribution amounts due to ForexClear Clearing Members following the adjustment to the ForexClear Contribution will be repaid to ForexClear Clearing Members²¹ PPS accounts on the ForexClear Reset Day immediately following the adjustment to the ForexClear Contribution.

Interest on ForexClear Contributions will be paid to ForexClear Clearing Members²¹ PPS accounts on the first working day after the ForexClear Reset Day following the end of the relevant “interest accrual period”. Interest is calculated in respect of each “interest accrual period”, which commences on (and includes) a ForexClear Reset Day and ends on (and includes) the calendar day immediately before the next ForexClear Reset Day.

3.10 **Quantifying ForexClear Contributions**

For the purposes of calculating the ForexClear Margin Weight under Rule F2(d) of the ForexClear Default Fund Supplement, the average daily requirement for Initial Margin applied to an FX FCM shall be determined by reference to the ForexClear Contracts comprising the ForexClear House and Client Business of that FX FCM only.

3.11 **Default Fund Contributions and Loss Distribution Charges: FCM EnClear Clearing Service and FCM Nodal Clearing Service**

For the FCM EnClear Clearing Service and FCM Nodal Clearing Service, Contributions will be called via PPS on the fourth working day of each month or more frequently pursuant to a determination of the Contribution under the Commodities Default Fund Supplement (each a “**Reset Day**”). Contribution requirements will be notified to FCM Clearing Members at least two working days prior to each Reset Day on the report available on the Member website named “Member Default Fund²²” (REP000032).

FCM Clearing Members will be repaid via PPS any excess Contribution amounts on the Reset Day immediately following the determination of the Contribution.

The Clearing House will, from time to time, notify FCM Clearing Members of the rate of interest that will apply to a Contribution. Interest on Contributions will be paid to FCM Clearing Members' PPS accounts on the first working day after the Reset Day following the end of the relevant "interest accrual period". Interest is calculated in respect of each "interest accrual period", which commences on (and includes) a Reset Day and ends on (and includes) the calendar day immediately before the next Reset Day. Notwithstanding the preceding paragraphs, if the rate of interest payable on Contributions is negative, interest shall be payable by FCM Clearing Members to the Clearing House.

Loss Distribution Charges called under Rule C8 of the Commodities Default Fund Supplement shall be called via PPS in the same currency as ~~an~~ FCM Clearing Member's Contribution.

APPENDIX 3A**~~BANK PARTICIPANTS IN THE LONDON PROTECTED PAYMENTS SYSTEM~~****3.12 Clearing House Reporting**

The Clearing House (acting, where applicable, through the entity to which it has elected to delegate the relevant reporting obligation) shall report to one or more data or trade repository or similar body (including a swap data repository) the details of an FCM Contract and any modification or termination of such FCM Contract without duplication and no later than the working day following the conclusion, modification or termination of such FCM Contract, in line with the requirements of applicable law. In order to avoid any such duplication of reports, each FCM Clearing Member acknowledges and agrees that it will not report the details referred to in this paragraph to the bodies referred to in this paragraph, unless otherwise agreed with the Clearing House.

4. COLLATERAL

4.1 General Information

4.1.1 Non-Cash Collateral

FCM Clearing Members wishing to lodge securities (of the type permitted by the Clearing House) with the Clearing House as Collateral may do so. Securities lodged will be subject to a security interest and held in an account with the Clearing House by the FCM Clearing Member (in respect of Collateral furnished on behalf of FCM Clients, the Clearing House shall hold such securities in the applicable LCH Client Segregated Depository Account).

Collateral pledged in respect of an FCM Clearing Member's Client account will not be applied by the Clearing House to its liabilities on a house account (see FCM Regulation ~~4~~-14(j) (*Margin and Collateral*)).

~~FCM Clearing Members are warned that the taking of Collateral is a complex legal matter. These FCM Procedures, and any communication with the Clearing House, whether of an oral or written nature, are not to be taken as containing legal advice. An FCM Clearing Member who contemplates taking an interest in securities belonging to a client should seek independent professional advice on the matter.~~

GENERAL INFORMATION

FCM Clearing Members are warned that the taking of Collateral is a complex legal matter. These FCM Procedures, and any communication with the Clearing House, whether of an oral or written nature, are not to be taken as containing legal advice. An FCM Clearing Member who contemplates taking an interest in securities belonging to a client should seek independent professional advice on the matter.

4.1.2 General Information

LCH.Clearnet Security Arrangements

FCM Clearing Members wishing to lodge securities with the Clearing House may do so under the security arrangements set out in the FCM Clearing Membership Agreement and the FCM Regulations.

Collateral pledged in respect of an FCM Clearing Member's Client account will not be applied by the Clearing House to its liabilities on a House account (see FCM Regulation ~~4~~-14(j) (*Margin and Collateral*)).

Unless stated otherwise in the FCM Rulebook, Collateral pledged in respect of an FCM Clearing Member's House account may be applied by the FCM Clearing House towards the payment of any sum whatsoever due by the FCM Clearing Member to the Clearing House; **provided, that** no Collateral furnished in respect of an FCM Clearing Member's Client accounts shall be

applied on or towards payment or satisfaction of any of the FCM Clearing Member's liabilities to the Clearing House on any of the FCM Clearing Member's House accounts.

As set out in FCM Regulation 914(c) (*Margin and Collateral*), where an FCM Clearing Member wishes to furnish Collateral on behalf of an FCM Client to the Clearing House, the FCM Clearing Member must, *inter alia*, ensure that at all times it remains expressly agreed with the FCM Client that the FCM Clearing Member may pledge the Collateral to the Clearing House, on the Clearing House's terms and free of the FCM Client's interest to secure the FCM Clearing Member's obligations to the Clearing House. The Clearing House gives no undertaking that, on the default of an FCM Clearing Member, it will not utilize Collateral furnished on behalf of an FCM Client which has been passed to it by an FCM Clearing Member, before utilizing any other form of Collateral the Clearing House may hold.

4.1.3 *Additional General Information*

The Clearing House is, at its sole discretion, entitled to determine what will be acceptable to it as Collateral and to determine when a security will cease to be acceptable as Collateral.

If any instrument or security, lodged in accordance with any of the following procedures, is in any way found to be unacceptable, it will immediately be given a zero value in the FCM Clearing Member's cover account with the Clearing House. Replacement Collateral may be required immediately from the FCM Clearing Member.

4.1.4 *Instructions*

The Clearing House accepts instructions to lodge, release and transfer cash and securities via the online Collateral Management System ("CMS") and the triparty arrangements described in ~~FCM regulation 4.8~~ Section 4.5 (Triparty Service with Euroclear, Clearstream and BNY Mellon) of these FCM Procedures. Instructions for other types of Collateral must be sent via fax using the appropriate form in the annex. The lodgement/release forms must be sent in by fax and email to:

- (a) Email to: [\[teamcollateral@lchclearnet.com\]](mailto:teamcollateral@lchclearnet.com)
[\[collateral.ops.uk@lchclearnet.com\]](mailto:collateral.ops.uk@lchclearnet.com)
- (b) Fax: + 44 (0)20 7375 3518
- (c) Treasury Operations can be contacted on +44 (0)207 426 7593

Originals of faxed instructions need to be sent into the Clearing House within fourteen days for contingency purposes.

The Clearing House is entitled to act upon ~~Collateral Management system~~ CMS instructions and faxed instructions or communications appearing to have been issued ~~by~~, on behalf of, or to have come from, an FCM Clearing

Member. These will be accepted by the Clearing House as genuine, even if, for example, they are later found:

- (i) to be inaccurate, whether in whole or in part; or
- (ii) not to have been given by the FCM Clearing Member or an FCM Client or with the authority of the Clearing Member or FCM Client.

The Clearing House will only accept delivery of securities in accordance with these FCM Procedures, and will not sell, purchase or encash securities for FCM Clearing Members, except in so far as it is acting under its Default Rules and related provisions of the FCM Rulebook or in relation to Exchange Rules.

The Clearing House reserves the right to require an FCM Clearing Member to execute revised versions of the Form of Charge and Client Consent documentation whenever the Clearing House, at its sole discretion, considers that it would be appropriate.

The Clearing House reserves the right to change the information required on instructions received via the ~~Collateral Management system~~ CMS, whenever the Clearing House, at its sole discretion, considers that it would be appropriate to do so.

4.1.5 ***Excess Margin Maintained in Proprietary Accounts***

In accordance with FCM Regulation ~~9~~ 14(v) (*Margin and Collateral*), FCM Clearing Members are permitted to maintain Excess Margin in their Proprietary Accounts (regardless of whether any such FCM Clearing Member has elected to have one or more of its FCM Omnibus Swaps Client Accounts with LCH subject to the With Excess Client Model), but subject to the right of the Clearing House, in its sole discretion, to return such Excess Margin to the FCM Clearing Member. Alternatively, the Clearing House may notify that FCM Clearing Member of the intention to levy a charge in respect of Excess Margin with effect from such date as is notified to the FCM Clearing Member. In the event that the FCM Clearing Member does not remove Excess Margin before the date so notified, the Clearing House may, in its discretion, charge the FCM Clearing Member at the rate of 1 basis point per day until Excess Margin is removed by the FCM Clearing Member through use of a release instruction. Payment of this charge shall be collected on a monthly basis through that FCM Clearing Member's PPS sterling account. This charge applies only to Margin lodged with respect to FCM Contracts registered to the FCM Clearing Member's Proprietary Account.

The Clearing House shall have absolute discretion to decide whether and to what extent it is holding Excess Margin at any time.

The ability of FCM Clearing Members to maintain Excess Margin in its FCM Omnibus Futures Client Accounts with LCh is governed by the provisions of the FCM Rulebook, including FCM Regulation 14(u)(ii) (*Margin and Collateral*).

The ability of FCM Clearing Members to maintain Excess Margin in its FCM Client Sub-Accounts is governed by the provisions of the FCM Rulebook, including FCM Regulation 15 (Margining of Swap Product Client Accounts).

4.1.6 ***Return and Provision of Cash Excess Margin***

Requests for the return of USD cash Excess Margin must be received by the Clearing House before 09:30 hours. Requests received after 09:30 hours will be rejected.

The Clearing House will not accept deposits of USD cash Collateral as Excess Margin after 14:00 hours.

~~The ability **Lodgment** of FCM Clearing Members to maintain Excess Margin in its FCM Client Sub-Accounts is governed by the provisions of the FCM Rulebook, including FCM Regulation 9A.~~

4.1.7 ***Lodgement of Non-Cash Collateral as Replacement for Cash Collateral Cover for Margin***

This Section ~~4.1.70~~ applies only to Proprietary Accounts of FCM Clearing Members. FCM Clearing Members should note that they must give Treasury Operations no less than two (2) Business Days' notice of their intention to lodge Collateral with a value of £50 million sterling or more, and which is reasonably likely to have the effect that cash to a similar value is repayable by the Clearing House to that FCM Clearing Member as a result of such lodgment. In the event that an FCM Clearing Member seeks to withdraw such cash Collateral without giving such notice, the Clearing House will decline to release such cash Collateral until the end of the required notice period. The Clearing House may extend the required notice— or vary the minimum Collateral value by written notice to FCM Clearing Members.

4.1.8 ***Force Majeure***

The Clearing House will not be liable for any failure, hindrance or delay in the performance (in whole or in part) of any of its obligations to FCM Clearing Members with regard to instruments or securities accepted as Collateral where such failure, hindrance or delay arises from causes beyond the control of the Clearing House, such as but not limited to the failure whether partial or total, interruption or suspension of any depository or custodian or other service (“**depository**”) that the Clearing House is using, the termination or suspension of the Clearing House²¹'s membership or use of the depository or any variation of the depository²¹'s operational timetable, whether or not occasioned by action of the depository operator or any other party²¹; or any embargo, unavailability or restriction of bank transfer systems or wires, malfunction or overload of the depository²¹; or any other emergency. This provision is without prejudice to the force majeure provisions of FCM Clearing Members²¹ agreements with the Clearing House.

4.1.9 *Regulatory and Supervisory Information*

In every case, the Clearing House will be entitled to supply a securities depository with all the information it requires for any purposes relating to an FCM Clearing Member, or to securities received by the Clearing House from an FCM Clearing Member which are or may at any time have been held by the depository. Securities will be lodged and held within such depository or other systems as the Clearing House may select or allow, subject to the conditions of such systems and to any applicable law and subordinate rules relating thereto as well as to the terms of the FCM Rulebook and these FCM Procedures.

4.1.10 *Interest Payments*

The Clearing House will remit interest amounts, taking into account any withheld tax, to FCM Clearing Members²¹ PPS banks on the appropriate value date, except where such FCM Clearing Member is a Defaulter. These are processed using “Tender” sub-accounts designated “I” for house or “L” for segregated client.

4.2 **Securities**

4.2.1 *General Information*

Securities must be lodged in the Clearing House²¹'s relevant Custodian accounts (see Appendix 4D;Schedule 4D).

4.2.2 *Settlement procedures – Securities*

All transactions to deposit or withdraw from the Clearing House will be executed free of payment.

4.3 **Instructions via the ~~Collateral Management System~~CMS**

The Clearing House will action instructions input and authorized via the ~~Collateral Management system~~CMS. The details input on the ~~Collateral Management system~~CMS will form the basis of the matching instruction sent to the relevant CSD/custodian. FCM Clearing Members must ensure that the details are input correctly in order to avoid ~~unmatched transactions~~

It is the responsibility of the FCM Clearing Member to input a cancellation request of any incorrectly input instruction and ~~thento~~ subsequently input the correct details in a new instruction. Please note that it may not be possible to cancel an instruction⁷; (please seerefer to Section 6.84.4.7 below for further details-).

The Clearing House will update the status of the instruction in the ~~Collateral Management system~~CMS in relation to the status of the instruction at the CSD/~~C~~custodian. On settlement of the transaction the Clearing House will reflect the balance of the securities on the FCM Clearing Member's account and provide value for the purposes of Margin.

The Clearing House will notify FCM Clearing Members of the relevant account details for matching. FCM Clearing Members should refer to ~~Appendix 4D~~Schedule 4D to establish the correct place(s) of settlement for a particular security.

The Clearing House will not be liable for any losses ~~of to~~ FCM Clearing Members or third parties caused by non-settlement or by a delay in settlement as a result of the actions or omissions of a CSD/custodian or the FCM Clearing Member (save for any liability which ~~by law~~ may not be excluded) ~~- by law~~.

4.4 Settlement Procedures – Securities

All transactions to transfer securities collateral to or from the Clearing House will be executed free of payment.

4.3.14.4.1 Instruction ~~d~~Deadlines

FCM Clearing Members may input security instructions via the ~~Collateral Management system~~CMS at any time. Instructions will only be auctioned by the Clearing House during ~~operational~~ hours.

The Collateral Team operational hours are: Monday ~~—~~to Friday, 08:00 to 20:00hrs UK time.

Instruction deadlines for same day settlement:

<u>CSD/custodian</u>	<u>Deadline for instructions (UK Time)</u>
Euroclear UK/IE (CREST)	14:00
Euroclear internal	17:00
Citi and B <u>BNY Mellon</u>	19:00

The Clearing House will input matching instructions to the relevant CSD/custodian for same day settlement when the instructions are received prior to the deadlines above.

4.3.24.4.2 Deliveries to and from ~~local markets~~Local Markets

The Clearing House is bound by the settlement deadlines of the relevant CSD/custodian ~~;~~. FCM Clearing Members should refer to the relevant CSD/custodian for these deadlines. Note that for transactions from local markets the settlement deadline may be earlier than the Clearing House hours of operation and should therefore be instructed the day before the settlement date (*i.e.* on ~~S--~~S--1). Instructions to the Clearing House must be provided at least one hour before the market deadline for same day settlement.

For example:

Deliveries from local market <u>Local Market</u>	Custodian <u>Deadline</u> (UK time)	Instruction <u>Deadline to</u> Clearing House (UK time)
Japan	05:55	17:00 on S-1
Belgium	14:50	13:50 on S
Italy	15:00	14:00 on S

~~4.3.3~~ 4.4.3 Lodging securities

Lodge instructions must be input via the ~~Collateral Management system~~ CMS prior to the deadlines above for same day settlement. Settled transactions will be added to FCM Clearing Member's cover balances following settlement.

Lodge instructions for future settlement dates will be instructed same day if received prior to the deadlines. Instructions received after the deadlines will be instructed the following day.

~~4.3.4~~ 4.4.4 Releasing securities

(a) Release where ~~sufficient~~ Sufficient Cover is Available

Instructions to release existing securities cover ~~is available~~

~~Release instructions~~ input via the ~~Collateral Management system~~ CMS prior to the deadlines above for same day settlement will be carried out and the securities removed from the FCM Clearing Member's cover balance on instruction—confirmation of those instructions by the Clearing House.

(b) Release where ~~sufficient~~ Sufficient Cover is Unavailable

Instructions to release existing securities cover ~~is unavailable~~

~~Release instructions~~ must be input via the ~~Collateral Management system~~ CMS [before 09:30 UK time]. The FCM Clearing Member will then be called for additional cash ~~€~~ collateral. Following confirmation of the cash call the settlement instruction will be sent to the CSD/custodian and by the Clearing House and the securities removed from the FCM Clearing Member's cover balance.

~~4.3.5~~ 4.4.5 Substitutions

~~Substitutions~~ Substitution instructions may be input via the ~~Collateral Management system~~ CMS and will, subject to confirmation of those instructions by the Clearing House, be carried out on the same day if input prior to the deadlines above.

FCM Clearing Member's must first input the relevant lodge instruction(s) ~~first~~ and then link the associated release instruction(s) to the lodge instruction(s).

~~4.3.6~~ 4.4.6 *Transfers*

Transfer instructions may be input via the ~~Collateral Management system~~ CMS and will be ~~auctioned~~ carried out same day during operational hours.

Note: transfers are only permitted between mnemonics of the same FCM Clearing Member and are subject to client segregation rules.

~~4.3.7~~ 4.4.7 *Settlement ~~e~~ Cancellations*

FCM Clearing Members may request the cancellation of an instruction via the ~~Collateral Management system~~ CMS. The Clearing House will cancel any instruction that has not yet been ~~processed~~. The Clearing House will make seek, using its best endeavour efforts, to cancel any settlement instructions already sent to the CSD/custodian but cannot guarantee that the transaction will not settle.

~~4.3.8~~ 4.4.8 *Instruction ~~s~~ Statuses*

The status of an instruction can be monitored via the ~~Collateral Management system~~ CMS. Statuses reflect the status of the instruction at the Clearing House and not at the CSD/custodian. Please refer to the ~~Collateral Management system~~ CMS User Guide for status definitions.

4.4.5 **Triparty Service with Euroclear, Clearstream and BNY Mellon**

~~4.4.1~~ 4.4.5.1 *General Information*

In order to transfer securities at the Clearing House using a Triparty arrangement, FCM Clearing Members, the relevant triparty agent and the Clearing House must have completed and signed the relevant documentation. Please contact Treasury Operations on +44 (0)207 426 7237 for more information.

Under a triparty arrangement~~–~~, the amount which an FCM Clearing Member may commit to deliver eligible securities for (to cover initial margin requirements at the Clearing House) may be denominated in Euro, Sterling or ~~United States~~ US Dollars. Triparty instructions should be provided to the Clearing House via the Collateral Management System. In the event that FCM Clearing Members are unable to make triparty instructions via the Collateral Management~~s~~ System, it will be possible to use the relevant triparty contingency forms found in the appendices to this section.

All securities furnished by an FCM Clearing Member to the Clearing House pursuant to a triparty arrangement must be the sole legal and beneficial property of the FCM Clearing Member or furnished for the purposes of these ~~se~~ FCM ~~Regulations~~ with the legal and beneficial owner's unconditional consent and with the authority granted to the FCM Clearing Member to re-pledge such property to the Clearing House.

Instructions to Euroclear Bank and Clearstream may be input for future settlement dates. Instructions to BNY Mellon must be for same day settlement.

FCM Clearing Members may only use BNY Mellon as triparty agent for FCM Client business. The Clearing House supports triparty arrangements at BNY Mellon using their US domestic platform and only for US eligible securities.

Each initial delivery of securities to the Clearing House pursuant to a triparty arrangement must be for value of at least one million GBP, EUR or USD.

Note: In these procedures, “S” refers to the settlement day, “S-1” to the working day before settlement day.

Lodgement and Increase Procedure

Last instruction deadline to the Clearing House for (UK Time):			
	Euroclear Bank	Clearstream	BNY Mellon
Same day settlement	16.30	16.30	22.30
Next day settlement	16.30 (S-1)	16.30 (S-1)	N/A

Decrease and Closing Procedure

Last instruction deadline to the Clearing House for (UK Time):			
	Euroclear Bank	Clearstream	BNY Mellon
Same day settlement	16.30	16.30	22.30
Next day settlement	16.30 (S-1)	16.30 (S-1)	N/A

The FCM Clearing Member may request that the Clearing House release some or all securities under a triparty arrangement back to the FCM ~~Clearing Member~~ Clearing Member, provided that the Clearing House is satisfied that ~~is it~~ otherwise has sufficient collateral from the FCM Clearing Member to maintain its required ~~Current Collateral Value~~ Margin. Such release may be processed as described as below depending on whether the FCM Clearing Member has sufficient collateral, and will be taken into account in determining the FCM Clearing Member’s ~~Current Collateral Value~~ Margin thereafter.

Sufficient Collateral:

Where the Clearing House determines that the FCM Clearing Member has sufficient collateral available, the Clearing House will issue instructions on the same day under the triparty arrangement to release the relevant securities back to the FCM Clearing Member.

Insufficient Collateral:

Where the FCM Clearing Member has insufficient Collateral to release the triparty transaction, the Clearing Member's ~~Current Collateral Value~~ Margin will be deemed to be decreased overnight. The following morning the Clearing House will only release the triparty transaction after 09.00 when any PPS cash calls have been confirmed.

Triparty deficits

In the event that the Clearing House determines that a shortfall exists under a triparty arrangement, whether because of a decrease in the value of securities furnished or otherwise, and such shortfall has not been made good by the inclusion of additional securities, the Clearing House shall be entitled to make one or more PPS cash calls in respect of such shortfall. Cash calls in relation to shortfalls will be called in accordance with ~~section 3.2~~ Section 3.2 of these ~~procedures~~ FCM Procedures and held in a separate account. Such cash shall either be credited to the FCM Clearing Member upon the FCM Clearing Member making good the deficit pursuant to the triparty arrangement or retained as cover if the FCM Clearing Member does not make good the deficit.

4.5.4.6 Withholding Taxes

4.5.4.6.1 US Withholding Taxes

~~US income tax laws impose a withholding tax on payments of US source interest, including original issue discount, to a foreign person unless an exemption or reduced rate applies. Interest is US source income, if the debtor is a US corporation. Interest on debt obligations issued after July 18 1984 is generally exempt from US withholding tax. In addition, a foreign person who is a resident of a country with which the US has an income tax treaty may be entitled to a reduced withholding tax rate or an exemption from the US withholding tax.~~

For tax reasons, the Clearing House is required to segregate foreign (i.e., non-US) owners' securities from US owners' securities. FCM Clearing Members must deliver securities to the correct account. The Clearing House operates accounts with Citibank N.A. and Bank of New York Mellon.

In order to reduce or to eliminate US withholding tax, the correct tax documentation must have been provided in respect of each owner. To this end, FCM Clearing Members will be expected to provide one of the forms ~~(noted below)~~ to the Clearing House. A current form will be required for each FCM Clearing Member.

The relevant forms will normally be one of:

(a) ~~“W-9 (Request for Taxpayer Identification Number and Certification)”~~ ~~“Applies”~~, which applies to a US corporation including a foreign branch of a US corporation and is valid indefinitely;
or

~~“W-8BEN (Certificate of Foreign Status)”~~

(b) ~~“Applies”~~, which applies to non-resident alien individuals, foreign corporations, partnerships and estates and is valid for three calendar years.

FCM Clearing Members may obtain originals of forms W-8BEN and W-9 from Treasury Operations.

Note: The Clearing House's arrangements with ~~the Custodians~~ sits custodians only allow for securities holdings of US corporations or foreign (i.e., non-US) entities or individuals. FCM Clearing Members who wish to discuss the possibility of lodging securities belonging to owners excluded from this arrangement should contact Treasury Operations.

Unless the Clearing House has already received the appropriate tax form, lodgments into A/c numbers 735136, 735138, 206203 and 090401 must be accompanied by form W-9.

Unless the Clearing House has already received the appropriate tax form, lodgments into A/c numbers 735137, 735139, 207887 and 090372 must be accompanied by form W-8.

~~The Clearing House's acceptance of US securities does not indicate any responsibility for the adequacy or otherwise of tax documentation. Any queries in relation to these tax forms should be referred to your company accountant or professional advisers.~~

The Clearing House's acceptance of US securities does not indicate any responsibility for the adequacy or otherwise of tax documentation. Any queries in relation to these tax forms should be referred to your company accountant or professional advisers.

Completed tax forms should be returned to Treasury Operations for onward transmission to the Custodians.

Custodians offer a recovery service for overseas taxes on Government Bonds. The Clearing House will assist in the recovery process and remit to Clearing Members any recovery in withholding tax credited to the Clearing House's account by the Custodian.

In certain cases the Custodian/the Clearing House will withhold tax on a coupon if the correct documentation is not lodged with either the custodian/the Clearing House at the time when a coupon is due.

4.5.24.6.2 Italian Securities

~~The accounts are~~ For tax purposes the Clearing House operates an account with Euroclear Bank specifically for deliveries of Italian securities – account 91737.

This account is operated by the Clearing House in accordance with ~~the~~ “Custodians Euroclear Procedures to Obtain Exemption from Italian Withholding Tax on Italian Domestic Debt Securities”.

Beneficial owners are entitled to exemption at source from Italian Withholding Tax on Italian securities if they are:

- (a) ~~(a)~~ — resident in a country that has entered into a double taxation agreement with Italy (except ~~Bb~~ black list countries/countries that do not have a tax treaty with Italy); or
- (b) ~~(b)~~ — a corporation resident in Italy; or
- (c) ~~(c)~~ — a supranational organization recognized by Italian Law.

Beneficial owners are required to supply duly completed and executed official forms as proof of eligibility to the exemption, and where applicable supply additional documentation, before a delivery can be made into this account.

Official forms are available on request from the Treasury Operations Department.

Original forms are to be received by the Clearing House before Italian securities can be accepted within ~~our accounts~~ the gross account 91737.

The effective date depends on the type and terms of the security:

Coupon Debt securities (BTPs, CCTs and CTOs)

The new regime applies to the interest on these securities that starts to run on or after 1 January 1997, regardless of the issue date.

Zero coupon debt securities with a maturity of less than one year (BOTs)

The regime applies to all securities issued on or after 1 January 1997.

Clearing Members should consult their own tax advisers before lodging Collateral with the Clearing House or submitting any tax documentation.

4.5.34.6.3 Withholding tax — CSDs/Custodians

CSDs/~~C~~ustodians may offer a recovery service for overseas taxes on ~~Government Bonds~~ government bonds. The Clearing House will assist in the recovery process and remit to FCM -Clearing Members any relevant recovery in withholding tax credited to the Clearing House's account by CSDs/custodians.

In certain cases the CSDs/custodian and Clearing House will withhold tax on a coupon if the correct documentation is not lodged with either CSD/Custodian and the Clearing House at the time when a coupon is due.]

4.64.7 References

These procedures should be read in conjunction with the relevant user guides and/or manuals of the relevant CSD/custodian. Please also refer ~~theto~~ each CSD/custodian for the relevant settlement deadlines in particular those for deliveries from local markets to Clearing House accounts.

4.74.8 Contingency ~~a~~Arrangements

In the event of an outage of the ~~Collateral Management system~~CMS FCM Clearing Members will be able to lodge and release securities by faxed instruction to the Clearing House.

FCM Clearing Member will be notified of a ~~Collateral Management system~~CMS outage via a Member Circular that will notify FCM Clearing Members of the switch to contingency arrangements. The FCM Clearing Members should then revert to the fax forms for securities found in the appendices to this Section 4.4.

Normal service hours and deadlines will apply to faxed instructions.

FCM Clearing Members will be notified via Member Circular when normal service resumes.

4.84.9 Return of Unallocated Excess and FCM Buffer

Upon the request of an FCM Clearing Member, the Clearing House shall return all or a portion of such FCM Clearing Member's available Unallocated Excess or FCM Buffer (as requested) to such FCM Clearing Member; **provided, that** (i) FCM Clearing Members are not entitled to request the return of Encumbered FCM Buffer, and (ii) the Clearing House shall not be required to return FCM Buffer if the FCM Clearing Member is a defaulter. The FCM Clearing Member's request must contain the specific details of the amount of funds requested and whether such FCM Clearing Member is requesting the return of FCM Buffer or Unallocated Excess, and any other information reasonably requested by the Clearing House. The end of day report delivered to the FCM Clearing Member by the Clearing House shall constitute conclusive evidence of the amount of any FCM Buffer or Unallocated Excess returned to such FCM Clearing Member during that day, unless the Clearing House determines such report contained an error and subsequently delivers an amended report or other notice to the FCM Clearing Member in respect of such amounts.

FCM Regulation ~~9A~~ 15 (Margining of Swap Product Client Accounts) contains additional provisions relating to FCM Buffer, Encumbered FCM Buffer and Unallocated Excess.

4.94.10 Collateral Value Reports

In accordance with FCM Regulation ~~9A~~ (d) 15(d) (Margining of Swap Product Client Accounts), an FCM Clearing Member that has elected to adopt the LSOC With Excess Model is required to provide the Clearing House with an eligible CVR (Collateral Value Report as defined in the FCM Regulations) at least once per Business Day.

4.9.14.10.1 Contents of the Collateral Value Report

The CVR should contain details of the following:

(i)(a) FCM Client Sub-Account Balance: -The value of Margin delivered for and on behalf of each FCM Client and its respective FCM Client Sub-Account.

(ii)(b) FCM Buffer: - The value of FCM Buffer lodged in the FCM Buffer Sub-Account.

All values provided in a CVR must be the post haircut value in USD (or such other currency as agreed in writing by the Clearing House).

Where the CVR does not contain information for all of the FCM Clients of an FCM Clearing Member, the Clearing House will assume that the FCM Client Sub-Account Balance for those FCM Clients that are not included have not changed from that which is reflected in its books and records (either through delivery of a previous CVR or as a result of an Assumed Allocation).

Unallocated Excess may be allocated to an FCM Client Sub-Account or to an FCM Buffer Sub-Account through the submission of a CVR. Any Margin that is furnished to the Clearing House but which is not allocated in a CVR will be treated as Unallocated Excess.

4.9.24.10.2 Eligibility of the Collateral Value Report

The CVR constitutes a notification to the Clearing House of the allocation of Margin that has been furnished by an FCM Clearing Member to one of its FCM Omnibus -Swaps Client Accounts with LCH. Therefore, a CVR will be considered ineligible where the CVR details the aggregate value of the Margin lodged in each applicable FCM Client Sub-Account to exceed the total Margin currently available in respect of such FCM Omnibus Swaps Client Account with LCH.

Following determination of the value of Margin allocated to each FCM Client Sub-Account, the Clearing House will then assess whether the amount of FCM Buffer detailed in the CVR is correct based on the residual amount of Margin that it has received. In the event that the amount of FCM Buffer detailed in the CVR is greater than the amount of Margin (not including all Margin which has been allocated to the relevant FCM Client Sub-Account Balances, as set out in the CVR) delivered to that FCM Clearing Member's FCM Omnibus Swaps Client Account with LCH, the Clearing House will not reject the CVR but will reduce, in its books and records, the value of FCM Buffer held for that FCM Clearing Member. -In such a case, the Clearing House will thereafter notify the FCM Clearing Member that such a modification to the balance of the FCM Buffer Sub-Account has been applied.

Any CVR that would generate, or is submitted in order to avoid, a margin call will be ineligible and will be rejected by the Clearing House. Where a CVR details **an** FCM Client Sub-Account Balance which is lower than the amount of Required Margin applicable to such FCM Client Sub-Account, the Clearing House will assume that the shortfall is covered by FCM Buffer (provided that sufficient FCM Buffer is available to be so applied) and will modify the

applicable accounts appropriately. In such a case, the Clearing House will thereafter notify the FCM Clearing Member of the application of the relevant modifications.

CVRs will only be accepted by the Clearing House during the time when the relevant FCM Clearing Service is open. Any CVRs submitted when an FCM Clearing Service is closed will be rejected and will have to be re-submitted in order to be accepted by the Clearing House.

Ineligible CVRs will be rejected by the Clearing House. In the event that a CVR is deemed ineligible by the Clearing House, the Clearing House will notify the relevant FCM Clearing Member so that a replacement CVR can be delivered.

4.9.34.10.3 Election of With Client Excess Model or Without Client Excess Model

As described in FCM Regulation ~~9A, 15(c)~~ (*Margining of Swap Product Client Accounts*), the Without Client Excess Model is the default model that applies to each FCM Omnibus Swaps Client Account with LCH.

In the event that an FCM Clearing Member wishes to adopt the With Client Excess Model with respect to one or more of its FCM Omnibus Swaps Client Accounts with LCH, it must notify the Clearing House's Client Services (~~swapelear.clientservices@lehelearnet.com~~); (~~swapclear.clientservices@lchclearnet.com~~). Following receipt of such notification the Clearing House will notify the FCM Clearing Member that such election has been accepted and such acceptance shall become effective from the time that the FCM Clearing Member delivers an eligible CVR.

In the event that an FCM Clearing Member no longer wishes to operate under the With Client Excess Model it must provide the Clearing House with written notice of its intention to use the Without Client Excess Model. On the morning of the third Business Day following receipt of the FCM Clearing Member's notice, the Clearing House will transfer any Excess Margin in the FCM Clearing Member's FCM Client Sub-Accounts to the Unallocated Excess Sub-Account. ~~FCM Buffer~~ will remain in the FCM Buffer Sub-Account. Once all Excess Margin has been transferred to the Unallocated Excess Sub-Account, the Without Client Excess Model will be put into effect with respect to the relevant FCM Omnibus Swaps Client Account with LCH, and the FCM Clearing Member will no longer be able to post or maintain Excess Margin in the FCM Client Sub-Accounts therein.

~~**BUSINESS CONTINUITY**~~

~~**BUSINESS RECOVERY**~~

5. BUSINESS CONTINUITY

5.1 Recovery Situations

~~The FCM Procedures set out in this Section are intended to provide FCM Clearing Members with a guide to the changes in working practices which would follow the invocation of the Clearing House's Business Continuity Plans.~~

~~Due to the uncertain nature of the events which would lead to the need for Business Recovery the Clearing House reserves the right to depart from these FCM Procedures to meet the characteristics of specific business recovery situations.~~

The FCM Procedures set out in this Section are intended to provide FCM Clearing Members with a guide to the changes in working practices which would follow the invocation of the Clearing House's business continuity or disaster recovery plans ("Business Continuity Plans").

Due to the uncertain nature of the events which would lead to the need for business recovery the Clearing House reserves the right to depart from these FCM Procedures to meet the characteristics of specific business recovery situations.

These FCM Procedures provide for the evacuation or decommissioning of ~~Aldgate House~~ its principal office. The ~~procedures~~ FCM Procedures detail the alterations to the Clearing House's operations and also the action to be taken on invocation of the Business Continuity Plans.

Recovery Situations Affecting Members' Offices

5.2 Recovery situations affecting FCM Members' Ability to Perform Clearing Activities

5.2.1 During Office Hours ~~office hours~~

FCM Clearing Members that are unable to gain access to ~~their principal office accommodation~~ perform clearing activities and as a result require the Clearing House assistance should contact ~~their usual contact as the Clearing House or~~ the Help Desk ~~at~~ on +44 (0)20 7426 7200.

5.2.2 Outside Office Hours ~~office hours~~

FCM Clearing Members should telephone the Clearing House ~~at~~ on +44 (0)20 7426 7545, leaving the following information:

~~Name:~~

~~Company Name:~~

~~Contact Telephone Number:~~

~~Brief Details of the Nature of the Problem:~~

Name:
Company Name:
Contact Telephone Number:
Brief Details of the Nature of the Problem:

A member of the Clearing House operational staff will then make contact regarding any assistance that can be given.

~~Aldgate House Evacuation~~

5.3 Principal Office evacuation

5.3.1 Communicating with FCM Clearing Members

Should the Clearing House be forced to evacuate ~~Aldgate House~~Its principal office it will need to inform its FCM Clearing Members as soon as practicable. The following ~~s~~Sections detail a number of different messages that the Clearing House may wish to communicate. However, in all cases the means by which information will be disseminated is the same. Information will be communicated to FCM Clearing Members by the following methods:

~~facsimile transmissions to FCM Clearing Members designated fax machines;~~

~~posting messages on www.lchclearnet.com;~~

~~(e)(a) posting messages on the following~~Member Information Line toll free number: ~~0044 800 0800 1 69 69 09;~~ (primary method);

~~(b) Business Continuity recorded~~via Clearing House messaging, where applicable;

~~5.3.2(c) posting messages~~ on www.lchclearnet.com.

Some of the above communications ~~s~~ methods can only be used to disseminate very short messages. However the toll free number is capable of recording a message of up to ten minutes duration, and handling unlimited concurrent connections. It is therefore likely to be the main method used for providing FCM Clearing Members with progress reports following an initial broadcast message.

~~Evacuation of Aldgate House~~

~~If it is necessary for the Clearing House to evacuate Aldgate House, and if re-entry to the building is unlikely within thirty minutes, FCM Clearing Members will be informed by disseminating the following message using the methods described in Section 5.3.1 above.~~

~~“The Clearing House has been forced to evacuate Aldgate House. Please refer to Clearing House Procedures – Business Continuity Arrangements for further information.”~~

~~At this time all of the activities normally carried out at Aldgate House will have ceased, if only temporarily. FCM Clearing Members will be kept informed of developments as further details become available.~~

~~Please note that the reason for broadcasting the above message is to provide FCM Clearing Members with early notification of an evacuation of Aldgate House. At this stage no decision will have been taken to invoke Business Continuity Plans. See Section 5.3.3 below for advice on how FCM Clearing Members will be notified of an invocation of the recovery plan.~~

~~5.3.4~~5.3.2 Invoking of Business Continuity Plans

The Clearing House is contracted with ~~a~~specialist providers for dedicated and syndicated work area recovery facilities. The agreement between the Clearing House and the providers stipulates that dedicated work area recovery positions will be available immediately. ~~Syndicated recovery positions will be available within four hours of invocation.~~

Depending on the severity of an incident a full or partial invocation of the service may be required.

In the event of a metropolitan incident, critical clearing services will be handed over to another region in order to meet regulatory deadlines.

~~5.3.5~~5.3.3 Limited ~~I~~nvocation

If the Clearing House's assessment of the incident suggests that reoccupation of ~~Aldgate House~~its principal office will be possible within two hours, then it is likely that only the mission critical activities (MCA) will be recovered to the recovery site. All other activities will cease until ~~Aldgate House~~Its principal office becomes available.

The following message will be posted: in accordance with section 5.3.1:

~~"The Clearing House has invoked business continuity plans~~Business Continuity Plans for its MCA's. Please refer to the Clearing House's Procedures - Business Continuity Arrangements for further information."~~"~~

Additional messages may be provided to FCM Clearing Members of particular FCM Clearing Services.

~~5.3.6~~5.3.4 Full ~~I~~nvocation

Once a decision has been taken to proceed with full invocation of ~~business continuity plans~~Business Continuity Plans FCM Clearing Members will be informed at the earliest opportunity. This will be achieved by disseminating the following message using the methods described in Section ~~5.3.1~~5.3.1 (Communicating with FCM Clearing Members) above.

~~“The Clearing House has invoked all business continuity plansBusiness Continuity Plans. Please refer to the Clearing House’s Procedures - Business Continuity Arrangements for further information.”~~

Additional messages may be provided to FCM Clearing Members of particular FCM Clearing Services.

It is anticipated that a maximum period of ~~approximately~~ two hours will elapse between the invocation of full ~~business continuity plans~~Business Continuity Plans and the relocation of recovery teams. During this time most of the activities normally carried out at ~~Aldgate House~~Its principal office will cease.

~~Please note that the Clearing House’s primary data center is not located at Aldgate House and so an evacuation of the site will not affect FCM Clearing Members’ ability to access IT applications.~~

Please note that the Clearing House’s primary data center is not located at Its principal office and so an evacuation of the site will not affect FCM Clearing Members’ ability to access IT applications. If the two main data centres are impacted by an incident, a failover will occur to the third (recovery) data centre.

~~5.3.7~~5.3.5 Imminent Expiry of Options

~~Clearing Members are reminded that the responsibility for exercising options prior to their expiry deadline lies solely with them and that any assistance given by the Clearing House is purely on a ‘reasonably endeavors’ basis. If any evacuation of Aldgate House coincides with an option expiry this assistance may cease.~~

If the Clearing House’s Members are reminded that the responsibility for exercising options prior to their expiry deadline lies solely with them and that any assistance given by the Clearing House is purely on a 'reasonably efforts ' basis. If an evacuation of its principal office coincides with an option expiry, this assistance may cease.

If the Clearing House's invocation of Business Continuity Plans coincides with an option expiry, the notification of ~~the~~Clearing Member’s’ option allocations and the deadline for the entry of option exercises may be delayed.

Cover Calling**5.3.6 Arrangements for cover**

In order to simplify the Treasury process, it is likely that a number of routine Treasury Procedures may be amended or suspended. The Clearing House will advise FCM Clearing Members of these changes through available reporting channels, as necessary. These may include but are not limited to:

- (a) the acceptance/release of securities and guarantees;
- (b) the conversion of currencies; and
- (c) the ability to cover liabilities using collateral denominated in other currencies ~~other than their original currency.~~

5.3.7 Registration of Contracts

The Clearing House will register new business in accordance with the relevant FCM Procedures. However, the Clearing House reserves the right, at its discretion, to amend the timing of registration as it deems necessary. in accordance with the Business Continuity Plans. In the event that registration is to be delayed the Clearing House will notify FCM Clearing Members as soon as practically possible.

5.3.8 New ~~Address~~ for Document Delivery document delivery

Following invocation of the ~~business continuity plans~~ Business Continuity Plans the Clearing House will provide new address details for document delivery. ~~Will~~ The Clearing House will arrange to have its mail forwarded to its office recovery site.

5.3.9 Permanent ~~C~~change of ~~A~~address

The Clearing House is able to occupy the recovery site for a maximum of 180 consecutive days. If ~~an~~ the incident is so serious that the Clearing House is unable to reoccupy ~~Aldgate House~~ Its principal office, within this time period, FCM Clearing Members will be informed of the proposed new office location and contact numbers prior to occupation of the premises. This information will be communicated via the methods described in Section ~~5.3.1~~ 5.3.1 (Communicating with FCM Clearing Members) above.

FCM Clearing Members will be informed of the date when the new arrangements will take effect.

5.3.10 Return to ~~N~~normal

When the Clearing House is able to resume a normal service a message will be disseminated using the methods described in Section ~~5.3.1~~ 5.3.1 (Communicating with FCM Clearing Members) above. Assuming that it has been possible to return to ~~Aldgate House~~ Its principal office the following message will be broadcast.

“The Clearing House has returned to ~~Aldgate House~~ its principal office. Please revert to normal contact telephone numbers and procedures.”

If normal working is being resumed at a site other than ~~Aldgate House~~ its principal office FCM Clearing Members will already have been informed of the new office location and contact numbers (see Section ~~5.3.8~~ 5.3.8 (New address for document delivery) above.). The following message will be broadcast.

“The Clearing House is resuming normal service at <insert location name>. Please use the new contact numbers previously supplied.”

Additional messages may be provided to FCM Clearing Members of particular FCM Clearing Services.

5.4 Clearing House ~~Data Centre~~ data center

5.4.1 Failure of ~~LCH's Data Centre~~ LCH's data center

If the Clearing House's primary data center fails during business hours, those Clearing House IT systems that are used by FCM Clearing Members will be temporarily unavailable while processing is transferred to the secondary data center.

5.4.2 Failure of LCH's secondary data center

If following a failure of the primary data center, the Clearing House's secondary data center fails during business hours, those Clearing House IT systems that are used by the FCM Clearing Members will be temporarily unavailable while processing is transferred to the tertiary data center.

5.5 Compliance with Business Continuity Testing

FCM Clearing Members are required to participate in the Clearing House's Business Continuity Planning (BCP) coordination and testing programs, as required by CFTC Regulation 39.18. The Clearing House will notify FCM Clearing Members when it intends to carry out any such test via an FCM Clearing Member circular and via a posting on www.lchclearnet.com at least 90 days in advance. The Clearing House will, prior to the date of any such test, provide FCM Clearing Members with further details of the steps that will be required under the relevant program.

APPEAL PROCEDURES

APPEAL PROCEDURES

6. APPEAL PROCEDURES

6.1 Introduction

These FCM Procedures describe how an FCM Clearing Member may appeal against a decision of the Clearing House ~~(that is, LCH.Clearnet Limited).~~

It should be noted that no appeal may be lodged to the Clearing House in respect of any decision of any other member company of the LCH.Clearnet Group (including LCH.Clearnet SA).

6.2 Decisions ~~In Respect Of Which An Appeal May Be Lodged~~ in respect of which an appeal may be lodged

6.2.1 An FCM Clearing Member may appeal against any of the following decisions made by the Clearing House:

- ~~(a)~~ (a) a decision ~~by~~ that the FCM Clearing Member does not meet the criteria for extension of its clearing relationship with the Clearing House ~~to~~;
- ~~(a)(b)~~ (a)(b) a decision by the Clearing House to rescind that FCM Clearing Member's eligibility to have contracts of a certain category or categories registered in its name;
- ~~(b)(c)~~ (b)(c) a decision by the Clearing House to terminate that FCM Clearing Member's FCM Clearing Membership Agreement other than when such decision occurs in connection with the operation by the Clearing House of its Default Rules and these FCM Procedures;
- (d) a Decision Notice issued under the Clearing House's Disciplinary Procedures.

6.2.2 An undertaking which is not an FCM Clearing Member may appeal to an Appeal Committee against the decision made by the Clearing House declining to grant FCM Clearing Member status to that person.

6.2.3 From time to time the Clearing House may amend the lists in this Section ~~6.2~~ 6.2 of decisions in respect of which appeals may be lodged.

6.3 Initiating ~~An Appeal~~ an appeal

6.3.1 An appeal to an Appeal Committee under this Section ~~6~~ 6 shall be commenced by sending a copy of the ~~APPEAL FORM~~ Appeal Form in the form set out in ~~Appendix 6A~~ Schedule 6A of these FCM Procedures to the Company Secretary of LCH.Clearnet Limited (“**the Company Secretary**”) at the registered office of the Clearing House.

6.3.2 The ~~APPEAL FORM~~ Appeal Form must be fully completed in all material respects by the person lodging the appeal (“**the appellant**”) and must set out the grounds of the appeal and a brief statement of all matters relied upon by the appellant.

6.3.3 The appellant must enclose with its ~~APPEAL FORM~~Appeal Form payment of £500 which payment shall be returned if the appeal is subsequently upheld by the Appeal Committee or by the Appeal Tribunal. (as described in these FCM Procedures).

6.3.4 An appeal may only be commenced under these FCM Procedures within 28 days of the date upon which the decision to which it relates was notified to the appellant. The Chief Executive of the Clearing House has a discretion to waive this time limit if the appellant provides a satisfactory explanation for the delay and no prejudice would be caused to any person by proceeding with the appeal in the circumstances.

6.3.5 The Company Secretary shall acknowledge receipt of the ~~APPEAL FORM~~Appeal Form no later than 7 days after receipt.

6.3.6 The Company Secretary may request further information or clarification relating to the subject matter or grounds of the appeal.

6.4 The First Tier Appealfirst tier appeal

6.4.1 No later than 28 days from receipt of any ~~APPEAL FORM~~Appeal Form the Company Secretary shall:

(a) refer the appeal to an Appeal Committee comprising:

(i) the Chief Executive of ~~LCH.Clearent Limited or the Deputy Chief Executive~~the Clearing House; and

(ii) two directors of the Clearing House ~~with relevant market experience~~, nominated by the Chairman of the Clearing House; and

(b) notify the appellant in writing of the identities of the persons constituting the Appeal Committee; and

(c) provide to the appellant copies of such documents and written representations as the Clearing House intends to place before the Appeal Committee for its consideration.

6.4.2 Following notification to the appellant in accordance with ~~6.4.1~~Section 6.4.1 above, the appellant shall then have a period of 14 days to submit to the Appeal Committee such written representations and other documentation for the consideration of the Appeal Committee. All representations and documentation shall be submitted in sufficient copies so that each member of the Appeal Committee shall have ~~a~~one copy ~~each~~.

6.4.3 The Appeal Committee shall decide upon its own procedure for considering and determining the appeal ~~which~~. This will normally be done without an oral hearing but on the basis of the written representations and documents submitted by the appellant and such other information and documentation as the Appeal Committee considers appropriate. The Appeal Committee may extend the time for any act under this Section.

6.4.4 The Appeal Committee may request further or other documentation and information from the appellant.

6.4.5 No later than 21 days from the date upon which the appellant is notified of the composition of the Appeal Committee, or 21 days from the receipt by the Appeal Committee of any further or other documentation or pursuant to 6.4.4 above, whichever is the later, the Appeal Committee shall consider and determine the appeal before it.

6.4.6 An Appeal Committee constituted pursuant to this ~~paragraph 6.4~~Section 6.4 shall promptly, and in any event, no later than 7 days after coming to its determination, give notice of its reasoned determination to an appellant in writing ~~together with its reasons~~.

6.5 The ~~Second Tier Appeal~~second tier appeal

6.5.1 If an appellant, having received notice of a determination of an appeal pursuant to ~~paragraph 6.4.6~~Section 6.4.6 (*The first tier appeal*) above, is not satisfied by such determination, it may appeal lodge a second tier appeal to an Appeal Tribunal.

6.5.2 A second tier appeal may be commenced under this ~~paragraph 6.5~~Section 6.5 by the submission of a ~~NOTICE OF FURTHER APPEAL~~Notice of Further Appeal in the form set out in ~~Appendix 6B~~Schedule 6B hereto to the Company Secretary at its registered office, setting out the ~~reasons for grounds of~~ the appeal and a brief statement of all matters relied upon by the appellant. Such ~~NOTICE OF FURTHER APPEAL~~Notice of Further Appeal must be received by the Company Secretary no later than 14 days from the date upon which the notice of determination of the Appeal Committee was given to the appellant.

6.5.3 An appeal under this ~~paragraph 6.5~~Section 6.5 shall be heard by an Appeal Tribunal within 3 months of the Notice of Appeal being received by the Company Secretary, or such longer time as the Chairman of the Appeal Tribunal (the "Chairman") shall determine in order to provide a full and fair determination of the appeal.

6.5.4 An Appeal Tribunal constituted under this ~~paragraph 6.5~~Section 6.5 shall consist of 2 persons ("**Tribunal Members**"), with relevant knowledge and experience in the industry of the matters in issue in the appeal, and a legally qualified Chairman. The appellant and the Clearing House may each select a Tribunal Member from a list of no less than 4 persons appropriately qualified persons nominated by ~~The~~the Centre for Dispute Resolution (CEDR), London; ~~and the~~. The Chairman shall be nominated by CEDR. In the event that either the Clearing House or an appellant fails to nominate ~~such~~ a Tribunal Member before a date 2 weeks prior to the date fixed by the Chairman for the hearing of the appeal, then the Chairman shall nominate such Tribunal Member from the list referred to above. No person who served on the Appeal Committee which considered the appellant²'s first tier appeal shall be eligible to serve upon an Appeal Tribunal constituted in respect of that appellant²'s second tier appeal.

6.5.5 The Chairman of an Appeal Tribunal shall fix a date for the hearing of the appeal and shall give no less than 28 days' notice in writing to the appellant and the Company Secretary of the time and place in London where such appeal shall be heard.

6.5.6 The appellant shall provide the Appeal Tribunal, with a copy to the Company Secretary, no less than 14 days before the date fixed for the hearing of the appeal, with written submissions setting out such representations as it wishes to put forward in support of its appeal, together with copies of all documentation and other material upon which it wishes to rely.

6.5.7 The Clearing House will submit written submissions, documentation and information with regard to the matters and issues relevant to the decision which is the subject of the appeal and provide a copy thereof to the appellant.

6.5.8 An Appeal Tribunal may invite any person (including the Clearing House) to provide written information or a written opinion with regard to any matter which forms the subject matter of an appeal.

6.5.9 An Appeal Tribunal shall determine its own procedure for the hearing of an appeal and shall not be bound by the rules of evidence. It may adjourn a hearing to another date or dates if it so wishes. If prior to or at such hearing an appellant notifies the Appeal Tribunal that it wishes to make oral submissions an opportunity shall be given to the appellant to do so. A representative of the appellant (and the appellant himself, if the appellant is an individual) and a representative of the Clearing House may attend the hearing and the Appeal Tribunal may in its discretion invite further or other persons to attend the hearing.

6.5.10 At the hearing an appellant may conduct its case itself through an employee, officer or other agent, or be represented by legal counsel **PROVIDED**provided **that** if in any particular case an Appeal Tribunal is satisfied that there isare good and sufficient reasons for doing so, it may refuse to permit a particular individual to represent an appellant at the hearing.

6.5.11 Neither the Clearing House nor an appellant shall have the right to call any witness or cross examine any person who shall have provided any information to an Appeal Tribunal, **PROVIDED**provided **that** an Appeal Tribunal may permit any such cross examination on such terms as it may determine, if it decides that it is appropriate in the particular circumstances of that appeal so to do.

6.5.12 An Appeal Tribunal may have regard to such further or other documents and information and matters as it considers fair and reasonable in the circumstances.

~~Where in this paragraph 6.5 any time is giving for the doing of anything, the Chairman of the Tribunal shall have a discretion to extend such time if he determines that it is fair and reasonable in the circumstances so to do.~~

~~6.5.14~~6.5.13 In considering an appeal, an Appeal Tribunal shall act fairly and impartially and shall take into consideration, *inter alia*, the following:

- (a) the FCM Regulations, other specific Regulations, Default Rules and FCM Procedures of the Clearing House; and
- (b) the Notice of Further Appeal; and
- (c) all documentation and information placed before it by an appellant or by the Clearing House; and
- (d) the role and concomitant obligations of the Clearing House (~~i.e., LCH.Clearnet Limited~~) as a Recognised Clearing House under the Financial Services and Markets Act 2000.

~~6.5.15~~6.5.14 An Appeal Tribunal may in its absolute discretion decline to entertain an appeal and shall dismiss such appeal where it considers the appeal to be frivolous or vexatious.

~~6.5.16~~6.5.15 An appellant shall pay its own costs and expenses in relation to an appeal. The Clearing House shall meet its own costs, those of the Tribunal Members and those related to the hearing other than costs and expenses incurred by the appellant.

~~6.5.17~~6.5.16 An Appeal Tribunal shall determine an appeal by majority vote although the voting of an Appeal Tribunal shall remain confidential and the result shall be presented as a unanimous view by that Appeal Tribunal. An Appeal Tribunal may:

- (a) dismiss the appeal; or
- (b) uphold the appeal in whole or in part.

~~6.5.18~~6.5.17 An Appeal Tribunal shall deliver a written statement of its decision together with its reasons to an appellant and the Clearing House within 28 days of the date of the hearing. Except in so far as an Appeal Tribunal may direct, information about proceedings before the Appeal Tribunal and the names of persons concerned in the proceedings shall not be made public. The Clearing House may decide to publish the decision of the Appeal Tribunal on such terms as it considers fit.

~~6.5.19~~6.5.18 In the event that an Appeal Tribunal determines to uphold the appeal in whole or in part then the Clearing House shall within 28 days of the receipt of the written decision, ~~re-view~~review and ~~re-consider~~reconsider the decision upon which the appeal was based in the light of the conclusions of the Appeal Tribunal. The Clearing House agrees to be guided in reviewing its decision by the conclusions of the Appeal Tribunal.

6.6 Requests ~~For Review~~for review

6.6.1 A Member who is aggrieved by any action taken by the Clearing House or decision of the Clearing House (other than any decision set out in ~~6.2~~Section

6.2 (Decisions in respect of which an appeal may be lodged) above or any decision taken under Regulation ~~13 in or~~ 16 (Market Disorders, Impossibility of Performance, Trade Emergency) in, under or in connection with the Clearing House's powers under the Default Rules and Procedures) may, no later than 14 days after the date of the decision or action, request a review of such action or decision by the Chief Executive of the Clearing House.

6.6.2 A Request for Review under this ~~6.6~~ Section 6.6 shall be made in writing, shall be addressed to the Chief Executive of the Clearing House at the registered office and shall set out details of the relevant decision or action, the reasons why the Member is aggrieved and details of such reasonable remedial or other action or monetary payment as that Member requests to be carried out in the circumstances.

6.6.3 The Chief Executive of the Clearing House shall consider the Member's Request for Review and such further or other documents and information as he considers reasonably relevant and shall notify the Member in writing of the outcome of his review within a period of 28 days from receipt by him of the Request for Review. Where it is not possible to complete such review within such period of 28 days, the Chief Executive of the Clearing House shall notify the Member accordingly and shall nominate a further period for the review, such period not to be longer than 3 months from the date of such notification to the Member.

6.7 ~~Market Disorders etc. and Default~~

For the avoidance of doubt, the Clearing House shall be under no obligation to consider any ~~R~~request for ~~R~~review under ~~6.6~~ Section 6.6 (Requests for review) above or otherwise, or comply with the provisions of this Section ~~6.0~~, and no appeal or ~~R~~request for ~~R~~review may be lodged under this Section ~~110~~ or otherwise, in respect of any decision or action taken by the Clearing House under the provisions of Regulation ~~1316~~ (Market Disorders, Impossibility of Performance, Trade Emergency) or in respect of any decision, action or other matter arising out of or ~~connected to in~~ connection with the operation of the Default Rules and Default Procedures and the Clearing House's powers thereunder.

COMPLAINTS

COMPLAINTS

7. COMPLAINTS

7.1 Introduction

7.1.1 These FCM Procedures describe how a person (the “**Complainant**”) who:

- (a) has a complaint about the conduct or behavior or other actions of an FCM Clearing Member with regard to that FCM Clearing Member’s clearing activities with ~~LCH; the Clearing House; or~~
- (b) has a complaint arising in connection with the performance of, or ~~the~~ failure to perform, any of the Clearing House’s regulatory functions;
~~or,~~

may make a formal complaint, and how that complaint will be investigated and resolved.

7.2 How ~~To Make A Complaint~~ to make a complaint

7.2.1 A complaint with regard to the conduct or behavior or other actions of an FCM Clearing Member ~~in~~with regard to that FCM Clearing Member’s clearing activities conducted through the Clearing House or a complaint regarding the performance of the Clearing House or its failure to perform any of its regulatory functions:

- (a) must be made in writing, be dated and addressed to the ~~Company Secretary~~Chief Compliance Officer LCH.Clearnet Limited at Aldgate House, 33 Aldgate High Street, London EC3N 1EA, U.K.;
- (b) should set out, as far as possible, details of the conduct, behavior or other actions complained of, date~~(s)~~ and place~~(s-it)~~ these occurred, the names of the person involved, the outcome sought, and any other relevant details;
- (c) must be made no later than 3 months after the conduct, behavior or other actions complained of, or, if the conduct, behavior or other actions complained of consists of a series of events, no later than 3 months after the end of the last such event;
- (d) must contain the full name and address of the ~~e~~Complainant and, wherever possible the details of a contact telephone number and email address.

7.2.2 In submitting a complaint in accordance with these FCM Procedures the Complainant may submit such further and other documentation and material which he/she believes may be relevant.

7.2.3 Upon receipt of a written complaint pursuant to these FCM Procedures, the ~~Company Secretary~~Chief Compliance Officer of the Clearing House shall acknowledge in writing to the address shown in the letter of complaint, receipt of the complaint. Such acknowledgment shall be made within 14 days of receipt of the letter of complaint. After receipt of a complaint in accordance

with the procedure set out in this Section, the Clearing House shall conduct an internal investigation and review ~~of~~ such complaint in accordance with the procedures set out in Section ~~7.1.17.2.1~~ ~~7.1.27.2.2~~ 7.3.3 (Internal investigation and review by the Clearing House) below.

7.3 Internal Investigation And Review By The investigation and review by the Clearing House

7.3.1 No later than 14 days from receipt of a complaint of the type referred to in Section ~~7.1.17.2.1~~ or ~~7.1.27.2.2~~ (How to make a complaint) above, the ~~Company Secretary~~ Chief Compliance Officer of the Clearing House shall refer the complaint, together with any supporting material provided by the Complainant, to an Investigation Committee.

7.3.2 An Investigation Committee shall consist of any 3 of the following persons:

(a) ~~the Deputy Chief Executive of LCH.Clearnet Limited~~ Compliance Officer;

(b) ~~the Managing Director,~~ Head of Legal, London;

(c) ~~the Head of Legal, New York;~~

~~(b)(d) the Group Head of Operations;~~

~~the Managing Director, Finance;~~

~~the Managing Director, Business Development;~~

(e) any person holding the position of Executive Director or Managing Director at the Clearing House;

~~provided~~ **always that** an Investigation Committee shall have at least one ~~Managing Director or of the Deputy Chief Executive~~ Compliance Officer or the Head of Legal, London among its number.

7.3.3 The Investigation Committee established pursuant to this Section ~~77~~ shall conduct an investigation into the subject matter of the complaint and shall deliver its report to the Complainant and to the Chief Executive of ~~LCH.Clearnet Limited~~ the Clearing House within a period of 12 weeks from the referral to it of the complaint. The committee may make such recommendations as it deems fit for resolving the subject matter of the complaint. The committee may, if it so decides, make no recommendations if it considers such course of action to be appropriate in the circumstances. The report shall contain reasons for the committee's decision.

7.3.4 The costs of the internal investigation and review shall be borne by ~~LCH~~ the Clearing House.

7.3.5 Where the ~~Company Secretary~~ Chief Executive Officer of the Clearing House receives a written complaint which is not a complaint regarding the conduct, behavior or other actions of an FCM Clearing Member in respect of its

clearing activities with the Clearing House or that is not a complaint arising in connection with the performance of, or the failure to perform, any of the Clearing House's regulatory functions but is nevertheless a complaint regarding an FCM Clearing Member or regarding the conduct, behavior or actions of an officer or employee or other staff member of the Clearing House, then such complaint shall be referred to the Chief Executive of ~~LCH.Clearnet Limited~~ the Clearing House to be dealt with in accordance with the ~~REQUESTS FOR REVIEW~~ Requests for Review procedure set out in Section ~~6.6 (Appeals Procedures)~~ 6.6 (Requests for review) of these FCM Procedures.

7.4 Referral To An Independent Investigator to an independent investigator

7.4.1 In the event that the Complainant is dissatisfied with the outcome of the Internal Investigation and Review procedure set out in Section ~~7.3~~ 7.3 (Internal investigation and review by the Clearing House) above, or in the event that the Complainant does not receive the report of the Investigation Committee within 14 weeks of the submission of a complaint of the kind described in Sections ~~7.1.1 and 7.1.2 above, (and providing~~ 7.2.1 and 7.2.2 above (How to make a complaint) (and provided that the subject matter of the complaint (or substantially the same matters) shall not have already been referred to an independent investigator as a result of a complaint from that same Complainant) the Complainant may ask for the complaint to be referred to an Independent Investigator nominated in accordance with the procedure set out in Section ~~7.5~~ 7.5 (Procedure for dealing with the complaint) below.

7.4.2 A request for referral to an Independent Investigator shall be made in writing to the ~~Company Secretary~~ Chief Compliance Officer of the Clearing House and shall be made no later than 2 weeks following notification to the Complainant of the report of the Investigation Committee or 16 weeks from the submission of the original complaint to the Clearing House in accordance with Section ~~7.2~~ 7.2 (How to make a complaint).

7.4.3 Within 14 days of receipt of a written request, in accordance with Section ~~7.4.2~~ 7.4.2 above, the ~~Company Secretary~~ Chief Compliance Officer of the Clearing House shall refer the complaint to an Independent Investigator ~~(as described below)~~.

7.4.4 An Independent Investigator shall be nominated for this purpose by The Centre for Dispute Resolution (CEDR), London. Such investigator shall be a person:

- (a) independent of ~~LCH.Clearnet Limited~~ the Clearing House (for these purposes "independent" shall mean that such person is not and has not been an officer, director or employee of ~~LCH.Clearnet Limited~~; the Clearing House); and
- (b) with appropriate knowledge of how clearing ~~is~~ is carried out by the Clearing House and of the FCM Rulebook (including the FCM Procedures); and other relevant documentation, regulation and applicable law; and

(c) _____ with appropriate experience of the market activities in respect of which the complaint ~~is focused~~relates.

7.4.5 The Clearing House shall be responsible for the payment of the fees and expenses of the Independent Investigator although this shall not give rise to any employment or other relationship between the Independent Investigator and the Clearing House, and shall not give rise to any duty between the Independent Investigator and the Clearing House other than that the Independent Investigator shall act as an independent complaints investigator in accordance with the terms of these FCM Procedures.

7.4.6 In the event, that for reasons beyond the reasonable control of the Clearing House, referral to an Independent Investigator is not made within the 2 week day period referred to in ~~7.4.3~~7.4.3 above, then the ~~Company Secretary~~Chief Compliance Officer of the Clearing House shall notify the complainant in writing of the reasons for the delay.

7.5 Procedure ~~For Dealing With The Complaint~~for dealing with the complaint

7.5.1 Upon appointment, an Independent Investigator nominated in accordance with these FCM Procedures, shall forthwith notify the Complainant and the Clearing House in writing of his appointment and shall invite the Complainant and the Clearing House to make such submissions and submit such documentation as each may wish within such timescale as the Independent Investigator may determine.

7.5.2 The Independent Investigator shall determine his own procedure for considering the complaint referred to him, shall be guided by the requirements of fairness and, and may ~~do~~, *inter alia*, do any one or more of the following:

- (a) _____ interview the Complainant;
- (b) _____ interview a representative of the Clearing House;
- (c) _____ seek further or other information from the Clearing House and/or the Complainant; or
- (d) _____ make such further or other reasonable inquiries as he/she deems fit in order properly and fully to investigate the ~~C~~complaint.

7.6 Outcomes

7.6.1 The Independent Investigator shall, wherever reasonably possible, conclude his/her investigation of a complaint referred to him/her under these FCM Procedures, within a period of 2 months from the date of his/her nomination. Where it is not reasonably possible ~~so to do~~ on account of so due to the nature or complexity of the matter referred to him/her or for other good reason, then he/she shall notify the Complainant and the Clearing House in writing of this fact and provide a further date for the completion of the investigation.

7.6.2 The Independent Investigator shall, at the end of his/her investigation, produce a written report setting out his findings, conclusions, and reasons for his/her

conclusions. Such report shall be provided both to the Complainant and to the Clearing House but it shall not be made public unless the complaint is upheld in whole or in part and the Complainant so requests. In the event of such request, the report shall be made public by being published on the ~~LCH.Clearnet Limited~~ Clearing House's public website. Where only part of the complaint is upheld, then only ~~that~~the part of the report relating to that part of the complaint shall be so published.

7.6.3 In his written report the Independent Investigator may:

- (a) ___ dismiss the complaint;
- (b) ___ uphold the complaint in its totality;
- (c) ___ uphold part of the complaint and dismiss part of the complaint; or
- (d) ___ make such recommendations as he/she deems fit in the circumstances including a recommendation that the Clearing House make a compensatory payment and/or takes such action as may be reasonably practicable to remedy the cause of the complaint.

~~DISCIPLINARY PROCEEDINGS~~

~~DISCIPLINARY PROCEEDINGS~~

~~SCOPE OF THIS PROCEDURE~~

8. DISCIPLINARY PROCEEDINGS

8.1 Scope of this procedure

8.1.1 All FCM Clearing Members are subject to Disciplinary Proceedings pursuant to Section ~~80~~ of these FCM Procedures (the “**Disciplinary Proceedings**”).

8.1.2 Any alleged breach by an FCM Clearing Member of an obligation set out in the FCM Rulebook (the “**Alleged Breach**”) may be dealt with in accordance with the provisions of ~~these Disciplinary Procedures~~ this Section.

8.1.3 ~~These Disciplinary Procedures~~ The disciplinary procedures contained in this Section are without prejudice to:

- (a) any action and/or measures that may be taken by the Clearing House based on any other procedure set out in the FCM Rulebook including, without limitation, the right of the Clearing House to issue a Default Notice under the Default Rules;
- (b) the Clearing House’s right to take no action where it considers that taking action would be disproportionate or otherwise, in its discretion; and
- (c) any provision of applicable law concerning enforcement by ~~the~~ Regulatory Body.

INVESTIGATION PROCEDURE

8.2 Investigation procedure

8.2.1 Subject to the provisions of Section ~~8.3.0~~ (Immediate measure), the investigation of an Alleged Breach pursuant to these Disciplinary Proceedings shall be handled in accordance with this Section ~~8.2.0~~.

(a) Opening of the ~~Investigation Procedure~~ investigation procedure

When the Clearing House commences proceedings to investigate an Alleged Breach:

- (i) the Clearing House shall send a written notice to the FCM Clearing Member, setting out the details of the Alleged Breach, including a summary of the facts relied on in sufficient detail for a reasonable person in the FCM Clearing Member’s position to be able to properly understand and to respond to the allegations made against it;
- (ii) the Clearing House shall identify a suitably senior representative of any entity of the LCH.Clearnet ~~group~~ organization Group that shall lead the investigation procedure on behalf of the Clearing House and shall inform the FCM Clearing Member as to who this representative will be in the

written notice which is sent in accordance with sub-paragraph ~~(i)~~ above;

(iii) Following receipt of the written notice sent in accordance with sub-paragraph ~~(i)~~ above, the FCM Clearing Member shall be permitted to (x) raise objections in writing to the Alleged Breach of which it has been notified and/or (y) raise objections to the identity of the representative that is to lead the investigation procedure, on grounds of conflicts of interest, within 48 hours. Where an objection is raised, either the Chief Executive Officer of the Clearing House or the Chief Compliance Officer of the Clearing House shall discuss the perceived conflict of interest with the FCM Clearing Member within 24 hours and shall make a decision on whether an alternative representative needs to be identified for the purposes of sub-paragraph ~~(ii)~~ above;

(iv) the FCM Clearing Member shall be required to provide any information, copies or records and documents that may be reasonably requested, in connection with the examination of the Alleged Breach, to the Clearing House, save that the FCM Clearing Member shall not be compelled to disclose any information which it is prohibited from disclosing by virtue of applicable law or regulation, as a result of agreements signed with third parties or as a result of legal professional privilege (in which case the FCM Clearing Member shall provide the Clearing House with proof of such prohibition). The FCM Clearing Member is permitted to request that the Clearing House provides to it copies of the documentation it relies on during the investigation, **provided that** the Clearing House shall not be required to reveal any information which it deems to be confidential;

(v) the Clearing House may send a representative (being either the representative identified as leading the investigation procedure on behalf of the Clearing House or another representative) to the FCM Clearing Member's offices at any time during normal business hours, having provided reasonable notice (~~being~~ proportionate to the seriousness of the Alleged Breach) to the FCM Clearing Member as part of the investigation procedure. The FCM Clearing Member shall only be entitled to refuse access to such representative in the event of a substantiated conflict of interest. The FCM Clearing Member shall make available all information, records, and documents kept by the FCM Clearing Member, that may be reasonably required for the examination of the Alleged Breach, to the Clearing House's representative; and

(vi) the FCM Clearing Member shall exercise best ~~endeavor~~ efforts to procure the attendance of any of its directors, officers, employees, agents and representatives, as may be reasonably

requested, at a specified time on reasonable notice (at either the offices of the Clearing House or at those of the FCM Clearing Member) in order to answer questions or to provide explanations that may be relevant for the examination of the Alleged Breach.

(b) Report

Following the conclusion of the investigation procedure, the Clearing House shall: ~~(i)~~ notify the FCM Clearing Member; and ~~(ii)~~ produce a written report (the “Report”) in relation to the Alleged Breach and provide it to the FCM Clearing Member, within no more than 14 days ~~as~~ from the notification by the Clearing House of the conclusion of the investigation procedure.

The Report shall contain the findings of the investigation, reference the provision of the FCM Rulebook allegedly breached by the relevant FCM Clearing Member and indicate the Clearing House’s intended course of action in relation to the Alleged Breach, being either:

(i) to proceed with Disciplinary Proceedings, in accordance with ~~these Disciplinary Procedures~~ this Section, if the Clearing House believes that there ~~to be~~ is *prima facie* evidence of the Alleged Breach having been committed;

(ii) to discontinue these Disciplinary Proceedings and refer the matter to the Chief Executive Officer of the Clearing House to take action in accordance with the provisions of the FCM Rulebook if the Clearing House believes that there ~~to be~~ is *prima facie* evidence of the Alleged Breach having been committed but the sanctions set out in ~~Paragraph 8.4~~ Section 0 (Sanctions) of ~~these Disciplinary Procedures~~ this Section are, in the Clearing House’s reasonable opinion, inadequate; or

(iii) to take no further action.

(c) Disciplinary Committee Formation

Where the Clearing House determines that it wishes to proceed with Disciplinary Proceedings in accordance with ~~Paragraph 8.2(b)~~ (paragraph 8.2.1(b)(i) of this Section (Investigation Procedure)) above, it will convene a “**Disciplinary Committee**” consisting of:

(i) The Chairman of the Risk Committee of the Clearing House, or his representative;

(ii) The Chief Compliance Officer of the Clearing House, or his representative;

(iii) The Chief Risk Officer of the Clearing House, or his representative; and

(iv) Two members of the Executive Committee of LCH.Clearent Group ~~Limited~~.

Details of the precise composition of the Disciplinary Committee shall be provided to the FCM Clearing Member as part of the Report, as appropriate.

(d) FCM Clearing Member R~~response~~

The FCM Clearing Member shall respond to the Disciplinary Committee, within 14 days of receiving a Report which indicates that the Clearing House intends to proceed with Disciplinary Proceedings, providing a statement of defense responding to the allegations.

If no response has been received by the Disciplinary Committee within 14 days or such extended period as has been agreed between the FCM Clearing Member and the Disciplinary Committee, the Clearing House shall be relieved of its obligations to follow the remaining steps of the investigation procedure (as set out in ~~P~~paragraph 8.2.1(e) ~~below~~) (Investigation procedure) of this Section (Investigation procedure) and the Disciplinary Committee may instead make a determination in respect of the Alleged Breach and issue its Recommendation to the Clearing House as provided for in ~~Paragraphs 8.2(g) and 8.2(h) below~~ paragraphs 8.2.1(g) and 8.2.1(h) (Investigation procedure) of this Section.

(e) Exploratory M~~meetings~~

Once the FCM Clearing Member has responded to the Report, either the FCM Clearing Member or the Disciplinary Committee can, within 7 days, request a meeting with the other party to ask further questions and discuss the Alleged Breach (the “**Meeting**”).

Unless otherwise agreed between the FCM Clearing Member and the Disciplinary Committee, the Meeting will be held at the Clearing House’s offices in London, **provided that**, if appropriate, the Meeting may take place at the Clearing House’s offices in New York, within 14 days from the request for a Meeting.

The Disciplinary Committee and the relevant FCM Clearing Member are each entitled to bring to the Meeting any person relevant to the Disciplinary Proceedings which includes but is not limited to the following:

- (i) relevant experts;
- (ii) legal advisors; and
- (iii) accounting advisors.

The Clearing House and/or the FCM Clearing Member shall only be entitled to object to the attendance by any of the above if there is a substantiated conflict of interest.

The Disciplinary Committee shall, in addition, invite the Clearing House representative that led the investigation procedure to attend the Meeting.

The Disciplinary Committee shall, subject to the provisions of these Disciplinary Proceedings, decide upon its own procedure for conducting the Meeting and considering and determining the matters to be discussed in the course of the Meeting, on the basis of the Report, the FCM Clearing Member's response to the Report, and such other information and documentation as the Disciplinary Committee considers appropriate. A secretary will be appointed to keep minutes of the Meeting.

The Disciplinary Committee may reasonably request further or other documentation and information from the FCM Clearing Member, save that the FCM Clearing Member shall not be compelled to disclose any information which it is prohibited from disclosing by virtue of applicable law or regulation, as a result of agreements signed with third parties or as a result of legal professional privilege (in which case the FCM Clearing Member shall provide the Clearing House with proof of such prohibition).

The matters discussed at the Meeting are confidential. The Disciplinary Committee and the FCM Clearing Member must ensure that any persons attending the Meeting are subject to a confidentiality agreement.

To ensure the efficiency of the Meeting, neither the Disciplinary Committee nor the FCM Clearing Member shall bring more than six representatives, unless otherwise agreed.

(f) Determination

Having considered the Report, the FCM Clearing Member's response to the Report, any other information and documentation provided to the Disciplinary Committee in accordance with ~~Section 8.2(e) above and paragraph (e) of Section 8.2.1~~ Section 8.2.1 (Investigation procedure) and having conducted the Meeting, the Disciplinary Committee must determine whether, in its view, the Alleged Breach has been committed.

The Disciplinary Committee shall make its determination, in accordance with this Section ~~8.2(f)~~ 8.2.1(f) (Investigation procedure), by a majority of the attendees, **provided that** no determination shall be made without a quorum of three (3) Disciplinary Committee members being in attendance.

In the event of a tie, the Chairman shall have a casting vote.

For the avoidance of doubt, the Disciplinary Committee shall not be bound to comply with any rule of applicable law or ~~regulation or~~ court procedure in respect of the admissibility of evidence and may, in its discretion, accept, any finding of fact by:

(i) a relevant Regulatory Body;

(ii) a ~~Governmental Authority~~governmental authority; or

(iii) the courts of England and Wales, the State of New York or the United States, in connection with a ~~D~~dispute.

(g) *Recommendation*

Within 7 days of the later of:

(i) the FCM Clearing Member²'s response to the Report; and

(ii) the date of the Meeting, if applicable,

the Disciplinary Committee shall communicate its determination, made in accordance with Section ~~8.2(f) above~~, 8.2.1(f) (*Investigation procedure*), to the Clearing House (the "**Recommendation**").

The Disciplinary Committee shall set out in its Recommendation the grounds on which the Disciplinary Committee has determined that the Alleged Breach has or has not been committed and its proposal as to the sanctions, if any, that should be imposed by the Clearing House upon the FCM Clearing Member pursuant to Section ~~8.4 of these Disciplinary Procedures~~.0 (*Sanctions*).

This ~~Section 8.2~~paragraph (g) is without prejudice to the rights of the Disciplinary Committee to recommend that these Disciplinary Proceedings be discontinued and refer the matter to the Chief Executive Officer of the Clearing House to take action in accordance with the provisions of the ~~Rules~~FCM Rulebook if the Disciplinary Committee has determined that the Alleged Breach has been committed but the sanctions set out in ~~Paragraph 8.4 of these Disciplinary Procedures~~Section 0 (*Sanctions*) are, in the Disciplinary Committee²'s reasonable opinion, inadequate.

(h) *Decision Notice*

Following receipt of a Recommendation, pursuant to ~~Section 8.2~~paragraph (g) above, the Clearing House must decide whether or not to sanction the FCM Clearing Member in accordance with Section ~~8.4 of these Disciplinary Procedures~~0 (*Sanctions*) or otherwise in accordance with the provisions of the ~~Rules~~FCM Rulebook.

For the avoidance of doubt, the Clearing House shall not be bound by the terms of the Recommendation of the Disciplinary Committee.

A decision by the Clearing House in accordance with this Section ~~8.2~~8.2.1(h) (Investigation procedure) will be made by the Chief Executive Officer of the Clearing House or another suitably senior executive of the Clearing House.

Within 14 days of receiving a Recommendation, the Clearing House must notify the FCM Clearing Member of its decision by registered mail to the address notified to the Clearing House in its admission application (the “**Decision Notice**”).

A Decision Notice shall include details of the grounds on which the Clearing House has come to its decision and the sanction(s), if any, to be imposed against the FCM Clearing Member by the Clearing House pursuant to Section ~~8.40~~ (Sanctions) below or otherwise in accordance with the provisions of the ~~Rules~~FCM Rulebook.

(i) Action

Notwithstanding any decision by the Clearing House to convene a Disciplinary Committee and to proceed with Disciplinary Proceedings in accordance with Sections ~~8.2(e) to 8.2(i)~~8.2.1(c) to (h) (Investigation Procedure) above, the Clearing House may at any time choose to:

(i) discontinue the Disciplinary Proceedings;

(ii) determine that, in light of the relevant facts and circumstances, no sanction should be imposed upon the relevant FCM Clearing Member pursuant to Section ~~8.40~~ (Sanctions) below or otherwise in accordance with the provisions of the ~~Rules~~FCM Rulebook;

(iii) take alternative action in accordance with the provisions of the ~~Rules~~FCM Rulebook (including, without limitation, suspension or termination of the FCM Clearing Member’s membership of the Clearing House pursuant to the FCM Rulebook and/or the issuance of a Default Notice in respect of such FCM Clearing Member in respect of the FCM Clearing Member pursuant to the Default Rules), in which case the Clearing House shall be deemed to have instituted Disciplinary Proceedings in respect of the Alleged Breach; or

(iv) amend the scope of matters being considered by the Disciplinary Committee by amending the Report to add, delete or alter any detail of the Alleged Breach or to add detail of an additional Alleged Breach. For the avoidance of doubt, where the Report is amended in this way, the provisions of this Section ~~8.20~~ (Investigation procedure) will apply (and, unless otherwise agreed between the FCM Clearing Member and the Disciplinary Committee, any timing specified in this Section ~~8.20~~ (Investigation procedure) will restart) in respect of the amended Report.

IMMEDIATE MEASURE

8.3 Immediate measure

8.3.1 Where the Alleged Breach comprises of a breach of:

- (a) any of an FCM Clearing Member's obligations set out in the FCM Rulebook when such breach constitutes a threat to the integrity or safety of the Clearing House or increases the risk exposure of the Clearing House or other FCM Clearing Members;
- (b) an FCM Clearing Member's obligation to satisfy the relevant membership criteria pursuant to Section ~~4~~1 (FCM Clearing Member status) of these FCM Procedures;
- (c) an FCM Clearing Member's obligation to provide information and reporting to the Clearing House pursuant to Section ~~4~~1 (FCM Clearing Member status) of these FCM Procedures;
- (d) an FCM Clearing Member's obligations to submit its clearing activity to audits and inspections pursuant to Section ~~4~~1 (FCM Clearing Member status) of these FCM Procedures;
- (e) an FCM Clearing Member's obligations to satisfy its record keeping requirements pursuant to Section ~~4~~1 (FCM Clearing Member status) of these FCM Procedures;
- (f) an FCM Clearing Member's obligation to furnish the Clearing House with margin by the required time in accordance with FCM Regulation ~~9 and Section 3~~14 (Margin and Collateral) and Section ~~3~~ (Financial Transactions) of these FCM Procedures,

the Chief Executive Officer of the Clearing House or the Chief Compliance Officer of the Clearing House shall be entitled at their sole discretion to, (a) issue a letter to the relevant FCM Clearing Member, reminding such member of their obligations under the FCM Rulebook or (b) impose a fine on the FCM Clearing Member in accordance with Section ~~8.4.0~~ (Sanctions) without being required to follow the procedure set out in Section ~~8.20~~ (Investigation procedure) above. In such circumstances the Clearing House must notify the FCM Clearing Member of its decision and the sanction that is to be imposed by way of a Decision Notice.

SANCTIONS

8.4 Sanctions

8.4.1 The Clearing House shall be entitled, in its absolute discretion, to impose the following sanctions against an FCM Clearing Member, pursuant to ~~these Disciplinary Procedures~~ this Section, **provided that** any such sanction is proportionate and commensurate with the seriousness of the Alleged Breach:

- (a) to impose a fine or require the FCM Clearing Member to make any other form of payment in an amount which it considers appropriate;
- (b) public censure, by way of publishing all or part of the decision taken by the Clearing House pursuant to Disciplinary Proceedings on the ~~Website~~ website of the Clearing House;
- (c) suspension for a fixed period, as determined by ~~LCH.Clearnet Limited~~ the Clearing House in its sole discretion ~~from anyone of one~~ or all of the clearing services offered by the Clearing House;
- (d) issuance of a private warning or reprimand;
- (e) termination of the FCM Clearing Membership Agreement; and/or
- (f) any combination of the above.

DISPUTING A DECISION

8.5 Disputing a decision

Where an FCM Clearing Member wishes to dispute the Clearing House's²¹ decision to impose sanctions listed in Section ~~8.30~~ (Immediate measure) or ~~8.4.0~~ (Sanctions), an FCM Clearing Member may, within 28 days (or such longer period as the Chief Executive Officer of the Clearing House or the Chief Compliance Officer of the Clearing House may, at their discretion, direct) of receiving the Decision Notice in accordance with Section ~~8.2~~ (8.2.1(h) (Investigation procedure)) or ~~8.3.0~~ (Immediate measure), file an Appeal in accordance with Section ~~66~~ of these FCM Procedures. In the event that the FCM Clearing Member does not lodge an appeal within the relevant timeframe, the decision rendered by the Clearing House in connection with the Alleged Breach shall be final and binding. In the event that the FCM Clearing Member does lodge an appeal, the results of the appeal process shall be final and binding.

REPORTING AND PUBLICATION

8.6 Reporting and publication

8.6.1 The Clearing House shall:

- (a) report on its monitoring procedures in respect of the FCM Rulebook, compliance and breaches of the FCM Rulebook to its Regulatory Body

pursuant to applicable law and/or on the basis of any arrangements between the Clearing House and any Regulatory Body;

- (b) immediately notify the Regulatory Body of a decision to suspend or terminate an FCM Clearing Member's membership rights or ~~declare to issue a Default Notice in respect of~~ an FCM Clearing Member ~~to be subject to an Event of Default~~ (in each case in accordance with the FCM Rulebook); ~~and~~
- (c) prepare and publish a general report on the application of these Disciplinary Proceedings, from time to time but at least once a year, **provided however that** only the details of those FCM Clearing Members who have defaulted or whose membership rights have been suspended or terminated by the Clearing House shall be disclosed; ~~and~~

INFRINGEMENT OF APPLICABLE LAW

- (d) be entitled to publish (i) breaches by its FCM Clearing Members of the criteria for FCM Clearing Member status pursuant to the FCM Clearing Membership Agreement, as prescribed for in the FCM Rulebook; and (ii) breaches by its FCM Clearing Members for not disclosing the prices and fees of each of the FCM Clearing Services separately (including any applicable discounts and rebates and the conditions to benefit from them).

8.7 Infringement of applicable law

If the Clearing House finds, in the course of the investigation procedure, or otherwise, serious indications of a possible infringement of applicable law, it shall report the matter to the relevant Regulatory Body as soon as possible.

SCHEDULE 1
FCM SWAPCLEAR

PART A
FCM SWAPCLEAR CONTRACT TERMS

The terms of a registered FCM SwapClear Contract shall include these FCM SwapClear Contract Terms which shall comprise:

- ~~(4)~~ Interpretation; and
- ~~(1)~~ ~~(2)~~ Economic Terms; and
- ~~(2)~~ ~~(3)~~ Standard Terms.

In the event of any inconsistency between the Economic Terms and the Standard Terms, the Standard Terms will prevail.

Subject to the FCM Regulations and the FCM Procedures, the Clearing House will use the FCM SwapClear Contract Terms applicable to an FCM SwapClear Contract to calculate the amounts due under the FCM SwapClear Contract to, or from, the Clearing House in accordance with the FCM Procedures.

1. Interpretation

- 1.1 ~~“ISDA 2000 Definitions”~~ means the 2000 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. ~~“ISDA”~~, and the same are incorporated by reference herein and ~~“ISDA 2006 Definitions”~~ means the 2006 ISDA Definitions as published by ISDA, and the same are incorporated by reference herein.
- 1.2 Words and expressions used in these FCM SwapClear Contract Terms which are not defined in the FCM Regulations and the FCM Procedures but which are defined in the ~~“ISDA 2000 Definitions”~~ or the ~~“ISDA 2006 Definitions”~~ shall have the same meaning herein as in the ISDA 2000 Definitions or the ISDA 2006 Definitions as the case may be, unless expressly provided otherwise. For the avoidance of doubt where the FCM SwapClear Contract identifies the ISDA 2000 Definitions as being applicable to that FCM SwapClear Contract then those definitions will apply and where the FCM SwapClear Contract identifies the ISDA 2006 Definitions as being applicable to that FCM SwapClear Contract then those definitions will apply.
- 1.3 In the event of an inconsistency between the FCM Regulations and the FCM Procedures and either the ISDA 2000 Definitions or the ISDA 2006 Definitions, the FCM Regulations and FCM Procedures will prevail.
- 1.4 References in the ISDA 2000 Definitions and the ISDA 2006 Definitions to a ~~“Swap Transaction”~~ shall be deemed to be references to an ~~“FCM SwapClear Transaction”~~ for the purposes of SwapClear.

- 1.5 Except where expressly stated otherwise, all reference to ~~“Articles”~~ means Articles in the ISDA 2000 Definitions or the ISDA 2006 Definitions as the case may be as published by ISDA:
- (a) in relation to any amendments to either the ISDA 2000 Definitions and the ISDA 2006 Definitions, the Clearing House may from time to time, by notice delivered to the FCM Clearing Members and the SwapClear Clearing Members, give directions as to whether such amendment shall apply to FCM SwapClear Contracts with immediate effect or with such deferred effect as the Clearing House shall determine;
 - (b) any such notice may provide that the amendment to the ISDA 2000 Definitions and the ISDA 2006 Definitions may take effect so as to apply to FCM SwapClear Contracts registered in an FCM Clearing Member's name at the time such amendment comes into effect if the Clearing House so determines; and
 - (c) the accidental omission to give notice under this provision to, or the non-receipt of notice under this provision by, an FCM Clearing Member or a SwapClear Clearing Member shall not invalidate the amendment with which the notice is concerned.

~~2.~~ Economic Terms

~~2.1~~ ~~The Economic Terms of an FCM SwapClear Contract shall be derived from the information presented to the Clearing House by the parties to the corresponding FCM SwapClear Transaction in respect of the terms designated as Economic Terms in this Schedule.~~

~~3.2.~~ Economic Terms

~~2.1~~ The Economic Terms of an FCM SwapClear Contract shall be derived from the information presented to the Clearing House by the parties to the corresponding FCM SwapClear Transaction in respect of the terms designated as Economic Terms in this Schedule.

~~3.42.2~~ It is part of the eligibility criteria for registration as an FCM SwapClear Contract that the particulars of an FCM SwapClear Transaction presented to the Clearing House must include matched information in respect of such designated Economic Terms, except that in respect of vanilla interest rate swaps with constant notional principal and variable notional swaps, the information described in either 2.3(i)(viii) or 2.3(i)(ix) below (but not both) must be provided.

3.22.3 The Economic Terms for vanilla interest rate swaps with constant notional principal and variable notional swaps comprise:

- (a) Notional Amount (see Article 4.7) of the ISDA 2000 Definitions and Article 4.7 of the ISDA 2006 Definitions for definition) (for variable notional swaps, the Notional Amount can be set out in a Notional Amount Schedule^{+; 2};
- (b) Currency (see Article 1.7 of the ISDA 2000 Definitions and Article 1.7 of the ISDA 2006 Definitions for definition);
- (c) Trade Date (see Article 3.7 of the ISDA 2000 Definitions and Article 3.7 of the ISDA 2006 Definitions for definition);
- (d) Effective Date (see Article 3.2 of the ISDA 2000 Definitions and Article 3.2 of the ISDA 2006 Definitions for definition);
- (e) Termination Date (see Article 3.3 of the ISDA 2000 Definitions and Article 3.3 of the ISDA 2006 Definitions for definition);
- (f) Additional Payments/Fees:
 - (i) the Payer of the Additional Payments/Fees (if any);
 - (ii) the amount of the Additional Payments/Fees (specify zero if none).
- (g) Business Days (see Article 1.4 of the ISDA 2000 Definitions and Article 1.4 of the ISDA 2006 Definitions for definition);
- (h) Business Day Convention (see Article 4.12 of the ISDA 2000 Definitions and Article 4.12 of the ISDA 2006 Definitions for definition);
- (i) Where Fixed Rate – Floating Rate Swap:
 - (i) Fixed Rate Payer (see Article 2.1 of the ISDA 2000 Definitions and Article 2.1 of the ISDA 2006 Definitions for definition);
 - (ii) Fixed Rate Payer Payment Dates;

⁺ ~~SwapClear will accept IRS, Basis or zero coupon swaps with a Notional Amount which for each payment calculation period may remain unchanged, increase or decrease relative to its previous value. The changes in notional can only take place at the calculation period start dates and must be pre-determined at the point of registration. The notional schedule will be applied at the start of the corresponding calculation period, adjusted (or unadjusted) with the calculation period calendar specified in the trade. Notional schedules need not be identical for the two legs of the trade.~~

² SwapClear will accept IRS, Basis or zero coupon swaps with a Notional Amount which for each payment calculation period may remain unchanged, increase or decrease relative to its previous value. The changes in notional can only take place at the calculation period start dates and must be pre-determined at the point of registration. The notional schedule will be applied at the start of the corresponding calculation period, adjusted (or unadjusted) with the calculation period calendar specified in the trade. Notional schedules need not be identical for the two legs of the trade.

- (iii) Fixed Amount (see Article 4.4 of the ISDA 2000 Definitions and Article 4.4 of the ISDA 2006 Definitions for definition) [or Fixed Rate and Fixed Rate Day Count Fraction] [or Fixed Rate Payer Schedule]^{3,4,5};
- (iv) Floating Rate Payer (see Article 2.2 of the ISDA 2000 Definitions and Article 2.2 of the ISDA 2006 Definitions for definition);
- (v) Floating Rate Payer Payment Dates;
- (vi) Floating Rate Payer compounding dates (if applicable);
- (vii) Floating Amount (see Article 4.5 of the ISDA 2000 Definitions and Article 4.5 of the ISDA 2006 Definitions for definition);
- (viii) Floating Rate Option (see Article 6.2(i) of the ISDA 2000 Definitions and Article 6.2(h) of the ISDA 2006 Definitions for definition);

(Note: The details of each such option are as provided in the Procedures).
- (ix) Designated Maturity (see Article 7.3(b) and Article 7.3 (b) of the ISDA 2006 Definitions of the "Annex to the 2000 ISDA Definitions (June 2000 Version)"⁶ for definition);
- (x) Spread (see Article 6.2(f) of the ISDA 2000 Definitions and Article 6.2 (e) of the ISDA 2006 Definitions for definition)^{5,6};
- (xi) Reset Dates (see Article 6.2(b) of the ISDA 2000 Definitions and Article 6.2 (b) of the ISDA 2006 Definitions for definition);
- (xii) Floating Rate Day Count Fraction (see Article 6.2(g) of the ISDA 2000 Definitions and Article 6.2 (f) of the ISDA 2006 Definitions for definition).

³ ~~SwapClear will accept IRS, Basis or zero coupon variable notional swaps with a Fixed Rate on the fixed leg which for each calculation and/or compounding period may remain unchanged, increase or decrease relative to its previous value. The Fixed Rate must be greater than or equal to 0%.~~

⁴ ~~SwapClear will accept IRS, Basis or zero coupon variable notional swaps with a Fixed Rate on the fixed leg which for each calculation and/or compounding period may remain unchanged, increase or decrease relative to its previous value. The Fixed Rate must be greater than or equal to 0%.~~

⁵ ~~SwapClear will accept IRS, Basis or zero coupon variable notional swaps with a floating rate spread on the floating leg which for each calculation and/or compounding period may remain unchanged, increase or decrease relative to its previous value. The spread can be negative. Where such spread is variable it can be set out in a Spread schedule.~~

⁶ ~~SwapClear will accept IRS, Basis or zero coupon variable notional swaps with a floating rate spread on the floating leg which for each calculation and/or compounding period may remain unchanged, increase or decrease relative to its previous value. The spread can be negative. Where such spread is variable it can be set out in a Spread schedule.~~

- (j) Where Floating Rate – Floating Rate Swap (“~~“basis”~~ swap):
- (i) Floating Rate Payer 1 (see Article 2.2 of the ISDA 2000 Definitions and Article 2.2 of the ISDA 2006 Definitions for definition):
 - ~~(a)~~ (a) Floating Rate Payer Payment Dates;
 - ~~(b)~~ (b) Floating Rate Payer compounding dates (if applicable);
 - ~~(c)~~ (c) Floating Rate Option (see Article 6.2(i) of the ISDA 2000 Definitions and Article 6.2(h) ~~—~~of the ISDA 2006 Definitions for definition);

(Note: the details of each such option are as provided in the Procedures)
 - (ii) Designated Maturity (see Article 7.3(b) of the “~~“Annex to the 2000 ISDA Definitions (June 2000 version)”~~” and Article 7.3 (b) of the ISDA 2006 Definitions for definition);
 - (iii) Spread (see Article 6.2(f) of the ISDA 2000 Definitions and Article 6.2 (e) of the ISDA 2006 Definitions for definition)⁷~~;⁸~~;
 - (iv) Reset Dates (see Article 6.2(b) of the ISDA 2000 Definitions and Article 6.2 (b) of the ISDA 2006 Definitions for definition);
 - (v) Floating Rate Day Count Fraction (see Article 6.2(g) of the ISDA 2000 Definitions and Article 6.2 (f) of the ISDA 2006 Definitions for definition);
 - (vi) Floating Rate Payer 2 (see Article 2.2 of the ISDA 2000 Definitions and Article 2.2 of the ISDA 2006 Definitions for definition):
 - ~~(a)~~ (a) Floating Rate Payer Payment Dates;
 - ~~(b)~~ (b) Floating Rate Payer compounding dates (if applicable);
 - ~~(c)~~ (c) Floating Rate Option (see Article 6.2(i) of the ISDA 2000 Definitions and Article 6.2(h) ~~—~~of the ISDA 2006 Definitions for definition);

(Note: The details of each such option are as provided in the Procedures)

⁷ ~~SwapClear will accept IRS, Basis or zero coupon variable notional swaps with a floating rate spread on the floating leg which for each calculation and/or compounding period may remain unchanged, increase or decrease relative to its previous value. The spread can be negative. Where such spread is variable it can be set out in a Spread schedule.~~

⁸ SwapClear will accept IRS, Basis or zero coupon variable notional swaps with a floating rate spread on the floating leg which for each calculation and/or compounding period may remain unchanged, increase or decrease relative to its previous value. The spread can be negative. Where such spread is variable it can be set out in a Spread schedule.

- (vii) Designated Maturity (see Article 7.3(b) of the ~~"Annex to the 2000 ISDA Definitions (June 2000 version)"~~⁹ and Article 7.3 (b) of the ISDA 2006 Definitions for definition);
- (viii) Spread (see Article 6.2(f) of the ISDA 2000 Definitions and Article 6.2 (e) of the ISDA 2006 Definitions for definition)⁹; 10;
- (ix) Reset Dates (see Article 6.2(b) of the ISDA 2000 Definitions and Article 6.2 (b) of the ISDA 2006 Definitions for definition); and
- (x) Floating Rate Day Count Fraction (see Article 6.2(g) of the ISDA 2000 Definitions and Article 6.2 (f) of the ISDA 2006 Definitions for definition).

3.32.4 The Economic Terms for Forward Rate Agreements (using only the ISDA 2006 Definitions) comprise:

- (a) Notional Amount (see Article 4.7 for definition);
- (b) Currency (see Article 1.7 for definition);
- (c) Trade Date (see Article 3.7 for definition);
- (d) Effective Date (see Article 3.2 for definition);
- (e) Termination Date (see Article 3.3 for definition);
- (f) Additional Payments/Fees:
 - (i) the Payer of the Additional Payments/Fees (if any);
 - (ii) the amount of the Additional Payments/Fees (specify zero if none);
- (g) Business Days (see Article 1.4 for definition);
- (h) Business Day Convention (see Article 4.12 for definition);
- (i) Fixed Rate Payer (see Article 2.1 for definition);
- (j) Fixed Rate Payer Payment Dates;
- (k) Fixed Rate;
- (l) Floating Rate Payer (see Article 2.2 for definition);

⁹ ~~SwapClear will accept IRS, Basis or zero coupon variable notional swaps with a floating rate spread on the floating leg which for each calculation and/or compounding period may remain unchanged, increase or decrease relative to its previous value. The spread can be negative. Where such spread is variable it can be set out in a Spread schedule.~~

¹⁰ SwapClear will accept IRS, Basis or zero coupon variable notional swaps with a floating rate spread on the floating leg which for each calculation and/or compounding period may remain unchanged, increase or decrease relative to its previous value. The spread can be negative. Where such spread is variable it can be set out in a Spread schedule.

- (m) Floating Rate Payer Payment Dates;
- (n) Floating Rate Option (see Article 6.2(i) for definition);
- (o) Designated Maturity (see Article 7.3(b) for definition);
- (p) Spread (see Article 6.2(f) for definition);
- (q) Reset Dates (see Article 6.2(b) for definition);
- (r) Floating Rate Day Count Fraction (see Article 6.2(g) for definition);
- (s) FRA Discounting (see Article 8.4 (b) for definition);
- (t) Discount Rate (see Article 8.4. (c) for definition);
- (u) Discount Rate Day Count Fraction (see Article 8.4. (d) for definition); and
- (v) FRY Yield Discounting (see Article 8.4(e) for definition).

In respect of forward rate agreements either (s) or (v) but not both should be selected.

3.42.5 Financial Centers

Detail of the relevant financial center/s must be provided using the appropriate Markitwire/FpML code as set out below:

Financial Center	Markitwire/FpML
Sydney	AUSY
Brussels	BEBR
Montreal	CAMO
Toronto	CATO
Geneva	CHGE
Zurich	CHZU
Prague	CZPR
Frankfurt	DEFR
Copenhagen	DKCO
Madrid	ESMA

Stockholm	SEST
Chicago	USCH
Los Angeles	USLA
New York	USNY
Target/Euro	EUTA
Warsaw	PLWA
Singapore	SGSI
Johannesburg	ZAJ0

4.3. Standard Terms

The following terms are designated as Standard Terms of a registered FCM SwapClear Contract:

4.43.1 Business Days

In addition to the Business Days for the financial centers specified in the Economic Terms, (such Business Days to be determined in accordance with the SwapsMonitor Financial Calendar) the Business Days specified in the calendar published by the Clearing House, from time to time, will apply to an FCM SwapClear Contract.

4.23.2 Negative Interest Rates

The “Negative Interest Rate Method” as set out in Article 6.4(b) of the ISDA Definitions, will apply to an FCM SwapClear Contract.

4.33.3 Withholding Tax Provisions

All payments due under an FCM SwapClear Contract shall be made by the FCM Clearing Member free and clear and without deduction or withholding for or on account of any tax. Payments in respect of which such deduction or withholding is required to be made, by the FCM Clearing Member, shall be increased to the extent necessary to ensure that, after the making of the required deduction or withholding, the Clearing House receives and retains (free from any liability in respect of such deduction or withholding) a net sum equal to the sum which it would have received and so retained had no such deduction or withholding been made or required to be made.

The Clearing House shall make any payments due to an FCM Clearing Member net of any deduction or withholding for or on account of any tax it is required to make from such payments.

4.43.4 Payment of Stamp Tax

Each FCM Clearing Member will pay any stamp tax or duty levied or imposed upon it in respect of any FCM SwapClear Contract to which it is a party by a jurisdiction in which it is incorporated, organized, managed and controlled, or considered to have its seat, or in which a branch or office through which it is acting is located or by any other jurisdiction, and will indemnify the Clearing House against any stamp tax or duty levied or imposed upon the Clearing House by any such jurisdiction in respect of

any FCM SwapClear Contract registered by the Clearing House and to which that FCM Clearing Member is a party.

4.53.5 *Payments under an FCM SwapClear Contract*

Payments under, and in respect of, an FCM SwapClear Contract shall be calculated by the Clearing House and shall be made by, or to, the FCM Clearing Member in accordance with the provisions of the FCM Procedures.

4.63.6 *FCM Regulations*

An FCM SwapClear Contract shall be subject to the FCM Regulations and the FCM Procedures, which shall form a part of its terms. In the event of any inconsistency between these FCM SwapClear Contract Terms and the FCM Regulations and the FCM Procedures, the FCM Regulations and the FCM Procedures will prevail.

4.73.7 *Governing Law*

Each FCM SwapClear Contract shall be governed by and construed in accordance with the laws of the State of New York in the United States of America without regard to principles of conflicts of law and the parties hereby irrevocably agree for the benefit of the Clearing House that (i) the courts of the State of New York, Borough of Manhattan in the United States of America, (ii) the United States District Court for the Southern District of New York, or (iii) the courts of England and Wales shall have exclusive jurisdiction to hear and determine any action or dispute which may arise herefrom. The FCM Clearing Member party hereto irrevocably submits to such jurisdiction and agrees to waive any objection it might otherwise have to such jurisdiction, save that this submission to the exclusive jurisdiction of the courts of the State of New York, Borough of Manhattan in the United States of America, the United States District Court for the Southern District of New York or the courts of England and Wales shall not (and shall not be construed so as to) limit the right of the Clearing House to take proceedings in any other court of competent jurisdiction, nor shall the taking of action in one or more jurisdictions preclude the Clearing House from taking action in any other jurisdiction, whether concurrently or not.

4.83.8 *Third Party Rights*

A person who is not a party to this FCM SwapClear Contract shall have no rights under or in respect of it. Rights of third parties to enforce any terms of this FCM SwapClear Contract are expressly excluded.

PART B
PRODUCT ELIGIBILITY CRITERIA FOR REGISTRATION OF AN FCM SWAPCLEAR CONTRACT

1. FCM SwapClear Transaction

Without prejudice to the FCM Regulations and the FCM Procedures, the Clearing House will only register an FCM SwapClear Contract pursuant to receipt of particulars of a transaction where at the time of the particulars being presented:

- ~~(a)~~ **(a)** the transaction meets the FCM SwapClear Product Eligibility Criteria for registration as an FCM SwapClear Transaction; and
- ~~(b)~~ **(b)** each party to the transaction is an Executing Party;

and the requirements of (a) and (b) continue to be satisfied at Registration Time.

1.1 FCM SwapClear Product Eligibility Criteria for an FCM SwapClear Transaction

- (a) Vanilla interest rate swaps with constant notional principal having the characteristics set out in the table below;

Instrument	Acceptable Currencies	Acceptable Indices ¹¹	Types		Maximum Residual Term	Notional Amount (Min-Max of the relevant currency unit)
Vanilla interest rate swaps with constant notional principal	Sterling (GBP)	GBP-LIBOR-BBA	Fixed vs. Floating	Single currency	18,275 days	0.01-
		GBP-WMBA-SONIA-COMPOUND	Fixed vs. Floating	Single currency	10,970 days	
		GBP-WMBA-SONIA-COMPOUND	Fixed vs. Floating	Single currency	10,970 days	
		See Article 7.1w (vii) for definition	Floating vs. Floating			99,999,999,999.99

Forward Rate Agreement	USD	USD-LIBOR-BBA	Fixed v floating	Single currency	1105 days		1w, 2w, 1m, 2m, 3m, 4m, 5m, 6m, 7m, 8m, 9m, 10m, 11m, 1y	Min 3 Max 375
Forward Rate Agreement	ZAR	ZAR-JIBAR-SAFEX	Fixed v floating	Single currency	740 days		1m, 3m, 6m, 9m, 1y	Min 3 Max 375

2. [Intentionally Omitted]

3.2. Additional FCM SwapClear Product Eligibility Criteria

3.2.1 A contract must also meet the following additional criteria to be eligible as an FCM SwapClear Transaction:

(a) *Day Count Fractions*

(See Article 4.16 of the “Annex to 2000 ISDA Definitions (June 2000 Version)”²², and Article 4.16 of the ISDA 2006 Definitions for definition)

- (i) The Clearing House will only accept the following day count fractions for vanilla interest rate swaps with constant notional principal and variable notional swaps. Day Count Fractions are applied to each deal leg independently, as communicated via the affirmed MarkitWire trade detail:

Day Count Fractions using the ISDA 2000 Definitions

Day Count Fraction	MarkitWire/FpML Code
30/360 (or Bond Basis)	30/360
30E/360 (or Eurobond Basis)	30E/360
Actual/360	ACT/360
Actual/365 (Fixed)	ACT/365.FIXED
Actual/365 (or Actual/Actual)	ACT/365.ISDA
Actual/Actual (ISMA)	ACT/ACT.ISMA

Day Count Fractions using the ISDA 2006 Definitions:

Day Count Fraction	MarkitWire/FpML Code
30/360 (or Bond Basis)	30/360
30E/360 (or Eurobond Basis)	30E/360
Actual/360	ACT/360
Actual/365 (Fixed)	ACT/365.FIXED
Actual/Actual	ACT/ACT.ISDA
30E/360 (ISDA)	30E/360.ISDA
Actual/Actual (ICMA)	ACT/ACT.ICMA

The Clearing House will only accept the following Day Count Fractions for Forward Rate Agreements. Day Count Fractions are applied to each deal leg independently, as communicated via the affirmed MarkitWire trade detail:

Day Count Fractions using the ISDA 2006 Definitions:

Day Count Fraction	MarkitWire/FpML Code	Currency
Actual/365 (Fixed)	ACT/365.FIXED	CAD, AUD, NZD, PLN, ZAR, GBP
Actual/360	ACT/360	USD, EUR, CHF, DKK, JPY, NOK, SEK, CZK, HUF

Fraction	SWIFT Code
Actual/365, Actual/Actual (See Article 4.16(b) for definition)	-ACT/365
Actual/365 (Fixed) (See Article 4.16(c) for definition)	-AFI/365

Actual/360 (See Article 4.16(d) for definition)	-ACT/360
30/360,360/360, Bond Basis (See Article 4.16(e) for definition)	360/360
30E/360 (See Article 4.16(f) for definition)	30E/360

(b) ***Business Day Conventions***

The Business Day Convention specified in the Economic Terms must be one of the following:

Following (see Article 4.12 (i) of the ISDA 2000 Definitions and Article 4.12 (i) of the ISDA 2006 Definitions for definition)

Modified Following (see Article 4.12 (ii) of the ISDA 2000 Definitions and Article 4.12(ii) of the ISDA 2006 Definitions for definition)

Preceding (see Article 4.12 (iii) of the ISDA 2000 Definitions and Article 4.12 (iii) of the ISDA 2006 Definitions for definition)

For vanilla interest rate swaps with constant notional principal SwapClear does not support trades where a different business day convention is used for:

- (i) fixed period end dates and the termination date
- (ii) float period end dates and the termination date

(c) ***Minimum and Maximum Residual Term of the Trade (Termination date – Today)***

Trades in respect of vanilla interest rate swaps with constant notional principal and variable notional swaps are subject to a minimum and maximum Residual Term on the day they are received by SwapClear.

Minimum Residual Term of trade:

Termination date - Today \geq 1 + currency settlement lag

where currency settlement lag is:

1 day for EUR, USD, GBP and CAD denominated trades

2 days for JPY, CHF, AUD, DKK, HKD, NZD, SEK, NOK, PLN, ZAR, SAD, HUF & CZK denominated trades

Maximum Residual Term of trade:

Termination date - Today \leq 3,670 days for DKK, HKD, NZD, NOK, PLN, ZAR, SAD, HUF & CZK (10 years)

Termination date - Today \leq 10,970 days for AUD, CAD, CHF & SEK (30 years)

Termination date – Today \leq 14,620 days for JPY (40 years)

Termination date – Today \leq 18,275 days for GBP, EUR & USD (50 years)

Maximum Residual Term to Maturity for Forward Rate Agreements

The maximum residual term to maturity for forward rate agreements is as follows:

Currency	Maximum Residual Term to Maturity
EUR, JPY, USD, GBP	1105 days (3 years)
AUD, CAD, CHF, DKK, NOK, NZD, PLN, SEK, ZAR, CZK, HUF	740 days (2 years)

(d) ***Designated Maturity***

The Designated Maturity must be no less than one month and no more than twelve months. The Clearing House will, excepting stub periods, only accept a Designated Maturity that is a whole calendar month.

(e) ***Calculation Periods***

(See Article 4.13 of the ISDA 2000 Definitions and Article 4.13 of the ISDA 2006 Definitions for definition.)

The Clearing House will only accept non-standard Calculation Periods (~~“(“stub periods”)~~) at the start and/or the end of a contract.

For variable notional swaps the stub rate should be detailed either as a percentage (i.e., 5.5%), an interpolation (i.e., 1 month / 3 months) or as a designated maturity (i.e., 1 month). Stub Rates within the Final Stub are calculated via interpolation or as a designated maturity.

For interpolated coupons, payment dates must fall between the rolled dates, according to the Modified Following business day convention, of the specified designated maturities. Where this does not occur and extrapolation would be required, SwapClear will reject the trade.

The minimum stub period of a variable notional swap accepted by SwapClear is 1 + Currency Settlement Lag. The minimum stub rate tenor must be \geq 1 week for IRS and basis swap and \geq 1 month for zero coupon swaps.

SwapClear also calculates floating periods subject to ~~“IMM~~ settlement dates as per ISDA definitions.

(f) ***Up-Front Fees – Eligibility of FCM SwapClear Transactions***

Any up-front fees due under an FCM SwapClear Transaction will form part of the first Variation Margin payment made in connection with such FCM SwapClear Transaction.

FCM SwapClear Transactions with respect to which an FCM Client or an Affiliate is an Executing Party and which are denominated in a One-Day Currency where the up-front fee is due to settle on the day of registration are not eligible for clearing.

FCM SwapClear Transactions with respect to which an FCM Client or an Affiliate is an Executing Party and which are denominated in a Two-Day Currency where the up-front fee is due to settle on the day of registration, or the day following registration, are not eligible for clearing.

A Backloaded Trade will not be eligible for clearing and will be rejected upon presentation in the event that it is presented after a Backload Registration Cycle and as a result would not be 'parked' for registration until the following Business Day and as a result of being 'parked' it would no longer be eligible for clearing under these criteria.

For the purposes of this paragraph (f):

- “One-Day Currency” means GBP, USD, CAD or EUR; and
- “Two-Day Currency” means any other eligible currency.

**~~SCHEDULE B – FCM FOREX CLEAR CONTRACT TERMS AND PRODUCT ELIGIBILITY
CRITERIA~~**

SCHEDULE 2PART A
FCM ENCLEAR

PART A
FCM ~~FOREXEN~~CLEAR CONTRACT TERMS

Where an FCM EnClear Contract arises between the Clearing House and an FCM Clearing Member pursuant to the FCM Rulebook and the terms of any agreement between them, the terms of a registered FCM EnClear Contract shall include these FCM EnClear Contract Terms (these "**Contract Terms**") which shall comprise:

Interpretation and Definitions;

(3) Economic Terms;

(4) Specific Standard Terms*; and

(5) General Standard Terms

Section 1. **Interpretation and Definitions: General**

1.1 [This section has been removed.]

1.2 Words and expressions used in these FCM EnClear Contract Terms shall have the same meaning as in the "FCM Rulebook" of the Clearing House (as defined in the Clearing House's "FCM Regulations").

1.3 The accidental omission to give any notice which may be required under the FCM Rulebook for the amendment of these Contract Terms, or the non-receipt of any such notice by any FCM Clearing Member shall not invalidate the amendment with which such notice is concerned.

1.4 In the event of any inconsistency between the Economic Terms and the Standard Terms, the Standard Terms will prevail.

1.5 Subject to the FCM Regulations and the FCM Procedures, the Clearing House will use the relevant FCM EnClear Contract Terms applicable to an FCM EnClear Contract to calculate the amounts due under the FCM EnClear Contract to, or from, the Clearing House in accordance with the FCM Procedures.

1.6 Subject to the FCM Regulations and the FCM Procedures, the Clearing House will use the relevant FCM EnClear Contract Terms applicable to an FCM EnClear Contract to calculate the amounts due under the FCM EnClear Contract to, or from, the Clearing House in accordance with the FCM Procedures.

4.4 1.7 "**US Business Day**" means a day upon which banks in the United States of America are generally open to settle payments and for general business. "**UK Business Day**" means a day upon which banks in England and Wales are generally open to settle payments and for general business.

Section 2. Economic Terms

- 2.1 The Economic Terms of an FCM EnClear Contract shall be derived from the information presented to the Clearing House by the parties to the corresponding FCM EnClear Transaction in respect of the terms designated as Economic Terms in this Schedule.
- 2.2 It is part of the eligibility criteria for registration as an FCM EnClear Contract that the particulars of an FCM EnClear Transaction presented to the Clearing House must include matched information in respect of all such designated Economic Terms with the exception of 2.3(viii) which will be determined in accordance with the FCM Procedures.
- 2.3 The Economic Terms comprise:
- (a) Fixed Rate Payer or seller;
 - (b) Floating Rate Payer or buyer;
 - (c) Contract;
 - (d) Contract Series;
 - (e) Quantity;
 - (f) Delivery Period (where applicable);
 - (g) Fixed Price or Traded Price (as the case may be);
 - (h) Floating Price (where applicable).

PROVIDED, however, that, as set out in FCM Regulation 38 (*Registration of FCM EnClear Contracts*) where the FCM EnClear Transaction specifies an FCM Clearing Member as the party paying the Fixed Price or being the seller ("**the First EnClear Clearing Member**") with the other FCM Clearing Member (or LCH EnClear OTC Clearing Member, as the case may be) as the party paying the Floating Price or being the buyer ("**the Second EnClear Clearing Member**") the Clearing House, in respect of each FCM EnClear Contract it is party to pursuant to the corresponding FCM EnClear Transaction, shall be (i) the party paying the Floating Price or the buyer to the First EnClear Clearing Member under the FCM EnClear Contract; and (ii) the party paying the Fixed Price or seller to the Second EnClear Clearing Member under the FCM EnClear Contract.

Section 3. Specific Standard Terms For FCM EnClear Contracts

[Sections 3.1 and 3.2 no longer in force]

3.3 LCH EnClear OTC Services: Energy Division

[Section 3.3 not applicable to the FCM EnClear Service]

3.4 LCH EnClear OTC Services: Freight Division

Clause 3.4 of Part A of the Schedule to the LCH EnClear OTC Regulations in the UK General Regulations is incorporated herein by reference; **provided, that** for purposes of the FCM Regulations, (i) references therein to LCH EnClear OTC Contracts shall instead be to FCM EnClear Contracts and (ii) references therein to an Eligible OTC Trade shall instead be to an FCM EnClear Transaction.

3.5 LCH EnClear OTC Services: Precious Metals Division

[Section 3.5 not applicable to the FCM EnClear Service]

~~Section 3~~Section 4. General Standard Terms

4A. The following General Standard Terms apply to all FCM EnClear Contracts:

4A.1 Payment of Stamp Tax and Other Taxes

- (a) All payments due under an FCM EnClear Contract shall be made by the FCM Clearing Member free and clear and without deduction or withholding for or on account of any tax.
- (b) The Clearing House shall make any payments due to an FCM Clearing Member net of any deduction or withholding for or on account of any tax it is required to make from such payments.
- (c) The FCM Clearing Member shall indemnify the Clearing House against any Stamp Tax or other duty or tax levied or imposed upon the Clearing House in whatsoever jurisdiction in respect of the Clearing House's execution or performance of this FCM EnClear Contract.

4A.2 Payment of Stamp Tax

The FCM Clearing Member will pay any Stamp Tax or other similar duty levied or imposed upon it in respect of any FCM EnClear Contract to which it is a party by a jurisdiction in which it is incorporated, organized, managed and controlled, or considered to have its seat, or in which a branch or office through which it is acting is located or by any other jurisdiction.

The FCM Clearing Member shall indemnify the Clearing House against any stamp tax or other duty levied or imposed upon the Clearing House by any such jurisdiction in respect of any FCM EnClear Contract registered by the Clearing House and to which that FCM Clearing Member is a party.

4A.3 Payments under an FCM EnClear Contract

The Clearing House shall, unless specified otherwise in the FCM Procedures, effect daily settlement to market of open FCM EnClear Contracts in accordance with the FCM Regulations. Any Reference Price shall be determined in accordance with the FCM Regulations and the FCM Procedures.

Payments under, and in respect of, an FCM EnClear Contract shall be calculated by the Clearing House and shall be made by, or to, the FCM Clearing Member in accordance with the provisions of the FCM Regulations and the FCM Procedures.

4A.4 FCM Regulations

This FCM EnClear Contract shall be subject to the FCM Regulations and the FCM Procedures, which shall form a part of its terms. In the event of any inconsistency between these FCM EnClear Contract Terms and the FCM Regulations and/or the FCM Procedures, the FCM Regulations and the FCM Procedures will prevail.

4A.5 Governing Law

This FCM EnClear Contract shall be governed by and construed in accordance with the laws of the State of New York in the United States of America without regard to principles of conflicts of laws and the parties hereby irrevocably agree for the benefit of the Clearing House that (i) the courts of the State of New York, Borough of Manhattan in the United States of Americas, (ii) the United States District Court for the Southern District of New York, or (iii) the courts of England and Wales shall have exclusive jurisdiction to hear and determine any action or dispute which may arise herefrom. The FCM Clearing Member party to this FCM EnClear Contract irrevocably submits to such jurisdiction and to waive any objection it might otherwise have to such jurisdiction, save that this submission to the exclusive jurisdiction of the courts of the State of New York, Borough of Manhattan in the United States of Americas, the United states District Court for the Southern District of New York or the courts of England and Wales shall not (and shall not be construed so as to) limit the right of the Clearing House to take proceedings in any other court of competent jurisdiction, nor shall the taking of action in one or more jurisdictions preclude the Clearing House from taking action in any other jurisdiction, whether concurrently or not.

4A.6 Third Party Rights

A person who is not a party to this FCM EnClear Contract shall have no rights under or in respect of this FCM EnClear Contract. Rights of third parties to enforce any terms of this FCM EnClear Contract are expressly excluded.

4B. [Section 4B not applicable to the FCM EnClear Service]

4C. The following Standard Terms apply only in respect of FCM EnClear Contracts arising from FCM EnClear Transactions (Freight Division):

4C.1 Unavailability of any Reference Price

In the event that the Clearing House is unable, after exercising all reasonable commercial diligence, to obtain any relevant Reference Price on any day, the Clearing House may use a price as provided by a panel formed by the Forward Freight Agreement Brokers Association or other applicable provider designated by the Clearing House.

4C.2 Calculation Agent

The Calculation Agent is the Clearing House.

4C.3 Change in Route

In the event of a change in a route, the successor reference price as published by the Baltic Exchange or other applicable provider designated by the Clearing House shall be applicable.

PART B
PRODUCT ELIGIBILITY CRITERIA FOR REGISTRATION OF AN FCM
ENCLEAR CONTRACT

1. FCM EnClear Transactions

1.1 FCM EnClear Product Eligibility Criteria for FCM EnClear Transactions

1.2.1 [This section has been removed]

1.2.2 [This section has been removed]

1.2.3 Product Eligibility Criteria for FCM EnClear Transactions in the Freight Division

The parts of Clause 1.2.3 of Part B of the Schedule to the LCH EnClear OTC Regulations in the UK General Regulations relating to the Freight Division are incorporated herein by reference; **provided, that** for purposes of the FCM Regulations, (i) references therein to LCH EnClear OTC Contracts shall instead be to FCM EnClear Contracts and (ii) references therein to an Eligible OTC Trade shall instead be to an FCM EnClear Transaction.

SCHEDULE 3
FCM FOREXCLEAR

PART A
FCM FOREXCLEAR CONTRACT TERMS

The terms of a registered FCM ForexClear Contract shall include these FCM ForexClear Contract Terms which shall comprise:

- ~~(1)~~ Interpretation;
- ~~(1)~~ ~~(2)~~ Economic Terms; and
- ~~(2)~~ ~~(3)~~ Standard Terms, being both the:
 - A. Specific Standard Terms; and
 - B. General Standard Terms

In the event of any inconsistency between the Economic Terms and the Standard Terms, the Standard Terms will prevail.

Subject to the FCM Regulations and the FCM Procedures, the Clearing House will use the FCM ForexClear Contract Terms applicable to an FCM ForexClear Contract to calculate the amounts due under the FCM ForexClear Contract to, or from, the Clearing House in accordance with the FCM Procedures.

1. Interpretation (~~“Interpretation”~~)

- 1.1 ~~“ISDA Definitions”~~ means the 1998 FX and Currency Options Definitions (including Annex A thereto) as published by the International Swaps and Derivatives Association, Inc. (~~“ISDA”~~), the Emerging Markets Trade Association (~~“EMTA”~~) and The Foreign Exchange Committee (~~“FXC”~~) and the same are incorporated by reference herein.
- 1.2 Words and expressions used in these FCM ForexClear Contract Terms which are not defined in the FCM Regulations and the FCM Procedures but which are defined in the ISDA Definitions shall bear the same meaning herein as in the ISDA Definitions, unless expressly provided otherwise.
- 1.3 In the event of an inconsistency, the FCM Regulations and the FCM Procedures will prevail over the ISDA Definitions.
- 1.4 References in the ISDA Definitions to an ~~“FX Transaction”~~ shall be deemed to be references to an ~~“FCM ForexClear Transaction”~~ for the purposes of the FCM ForexClear Service.
- 1.5 Except where expressly stated otherwise, all reference to ~~“Sections”~~ means Sections in the ISDA Definitions.
- 1.6 In relation to any amendment to the ISDA Definitions published from time to time by ISDA, EMTA and FXC, the Clearing House may from time to time, by notice

delivered to the FCM ForexClear Clearing Members, give directions as to whether such amendment shall apply to FCM ForexClear Contracts with immediate effect or with such deferred effect as the Clearing House shall determine (**provided that** in any event any such amendment shall only apply in relation to FCM ForexClear Contracts that have a Trade Date that falls on or after the effective date of such amendment).

1.7 Any such notice may provide that despite the application of any such amendment to the ISDA Definitions to FCM ForexClear Contracts going forward, these FCM ForexClear Contracts shall continue, for the purpose of margining, valuation, set-off or otherwise, to be regarded as fully fungible with FCM ForexClear Contracts registered in an FCM ForexClear Clearing Member's name prior to the time such amendment comes into effect.

1.8 The accidental omission to give notice under this provision to, or the non-receipt of notice under 1.6 or 1.7 above by, any FCM ForexClear Clearing Member shall not invalidate the amendment with which the notice is concerned.

2. Economic Terms

2.1 The Economic Terms of an FCM ForexClear Contract shall be derived from the information presented to the Clearing House by the parties to the corresponding FCM ForexClear Transaction.

2.2 The particulars of an FCM ForexClear Transaction presented to the Clearing House must include matched information in respect of the following Economic Terms which are not predetermined in the EMTA Templates:

~~(4)~~ (1) Trade Date (Section 1.25)

~~(2)~~ (2) Forward Rate (Section 2.1(a))

~~(3)~~ (3) Reference Currency Notional Amount (Section 1.21) or Notional Amount (Section 1.17(b)) in USD

~~(4)~~ (4) Reference Currency Buyer (Section 1.20)

~~(5)~~ (5) Reference Currency Seller (Section 1.22)

~~(6)~~ (6) scheduled Settlement Date (Section 1.24) (without prejudice to the adjustments set out in the relevant EMTA Template)

~~(7)~~ (7) Scheduled Valuation Date (Section 1.16(f)) (without prejudice to the adjustments set out in the relevant EMTA Template).

2.3 However, as set out more particularly in FCM Regulation ~~4038~~, where the FCM ForexClear Transaction specifies an FCM ForexClear Clearing Member as the Reference Currency Seller, with the other FCM ForexClear Member as the Reference Currency Buyer, the Clearing House, in respect of each FCM ForexClear Contract to which it is party pursuant to the corresponding FCM ForexClear Transaction, shall be (i) the Reference Currency Buyer; and (ii) the Reference Currency Seller under such FCM ForexClear Contract, respectively.

3. **Specific Standard Terms (~~“(“Specific Standard Terms”)~~)**

The following terms are designated as Specific Standard Terms of a registered FCM ForexClear Contract:

3.1 The EMTA template for Non-Deliverable FX Transactions appropriate to the particular Currency Pair (in effect and as posted on the website of EMTA (~~www.emta.org~~www.emta.org or any successor website on the relevant Trade Date) (each an ~~“(EMTA Template”)~~), governs the terms of an FCM ForexClear Contract relating to such Currency Pair, other than the Economic Terms set out in ~~Part 2~~Clause 2 above and the Specific Standard Terms and the General Standard Terms set out in this ~~Part 3~~Clause 3. For the avoidance of doubt, each EMTA Template shall be deemed to exclude the EMTA Template Terms for Non-Deliverable Cross-Currency FX Transactions published by EMTA on 31 May 2011.

3.2 In the format ~~“(Reference Currency – Settlement Currency”)~~, the Currency Pairs are

~~(4)~~ (1) BRL-USD

~~(2)~~ (2) CLP-USD

~~(3)~~ (3) CNY-USD

~~(4)~~ (4) INR-USD

~~(5)~~ (5) KRW-USD

~~(6)~~ (6) RUB-USD

~~(7)~~ (7) COP-USD

~~(8)~~ (8) IDR-USD

~~(9)~~ (9) MYR-USD

~~(10)~~ (10) PHP-USD

~~(11)~~ (11) TWD-USD

3.3 Certain Specific Standard Terms of each FCM ForexClear Contract are not provided in the EMTA Templates, but the parties to the corresponding FCM ForexClear Transaction will be required to accept the Specific Standard Terms set out below in each FCM ForexClear Contract:

~~(4)~~ (1) Date of Annex A (Section 4.2):

Annex A to the ISDA Definitions is incorporated as amended as at the Trade Date.

~~(2)~~ (2) Reference Currency (Section 1.19):

To be determined by using the EMTA Template appropriate to the particular Currency Pair.

Calculation Agent (Section 1.3):

~~(3)~~ (3) The Clearing House is the Calculation Agent.

3.4 If the terms of an EMTA Template conflict with these FCM ForexClear Contract Terms, these FCM ForexClear Contract Terms shall prevail. If the terms of an EMTA Template conflict with the ISDA Definitions, the terms of the EMTA Template shall prevail.

4. **General Standard Terms** (~~“(“General Standard Terms”)~~)

The following terms are designated as General Standard Terms of a registered FCM ForexClear Contract:

4.1 ***Business Days***

For the purposes of determining the Settlement Date only, in addition to the Business Days for the Principal Financial Centers for the Currency Pair specified in the relevant Economic Terms, the Business Days specified in the SwapsMonitor Financial Calendar as published by Swaps Monitor Publications, Inc. (as further detailed in the FCM Procedures) from time to time, will apply to an FCM ForexClear Contract.

4.2 ***Withholding Tax Provisions***

~~4.2.1~~ 4.2.1 All payments due under an FCM ForexClear Contract shall be made by the FCM ForexClear Clearing Member free and clear and without deduction or withholding for or on account of any tax. Payments in respect of which such deduction or withholding is required to be made, by the FCM ForexClear Clearing Member, shall be increased to the extent necessary to ensure that, after the making of the required deduction or withholding, the Clearing House receives and retains (free from any liability in respect of such deduction or withholding) a net sum equal to the sum which it would have received and so retained had no such deduction or withholding been made or required to be made.

~~4.2.2~~ 4.2.2 All payments due under an FCM ForexClear Contract shall be made by the Clearing House free and clear and without deduction or withholding for or on account of any tax. Payments in respect of which such deduction or withholding is required to be made, by the Clearing House, shall be increased to the extent necessary to ensure that, after the making of the required deduction or withholding, the FCM ForexClear Clearing Member receives and retains (free from any liability in respect of such deduction or withholding) a net sum equal to the sum which it would have received and so retained had no such deduction or withholding been made or required to be made.

4.3 ***Payment of Stamp Tax***

Each FCM ForexClear Clearing Member will pay any Stamp Tax or duty levied or imposed upon it in respect of any FCM ForexClear Contract to which it is a party by a jurisdiction in which it is incorporated, organized, managed and controlled, or considered to have its seat, or in which a branch or office through which it is acting is

located or by any other jurisdiction, and will indemnify the Clearing House against any stamp tax or duty levied or imposed upon the Clearing House by any such jurisdiction in respect of any FCM ForexClear Contract registered by the Clearing House and to which that FCM ForexClear Clearing Member is a party.

4.4 Discontinuation of a Settlement Rate Option

(a) If:

(i) the administrator of a benchmark that is a Settlement Rate Option has publicly announced that it will discontinue publication of the benchmark ("**Discontinued Rate**"); and

(ii) ISDA has published a "Multilateral Amendment Agreement" to amend certain transactions to use an alternative benchmark ("**Substitute Rate**") in the lieu of the Discontinued Rate on and from a specified date ("**Effective Date**").

then, in respect of an FCM ForexClear Contract in respect of which a settlement rate has not been determined as at the Effective Date and which references the Discontinued Rate ("**Affected FCM ForexClear Contract**"), the Clearing House may, by written notice to all FCM ForexClear Clearing Members, amend the Settlement Rate Option of each Affected FCM ForexClear Contract to reference the Substitute Rate with effect on and from the Effective Date and specify such incidental amendments to the Affected FCM ForexClear Contract as may be required.

The terms "ISDA", "Settlement Rate Option" and "Valuation Date" have the meanings given to them by the FCM ForexClear Contract Terms.

(b) The accidental omission to give notice under this provision to, or the non-receipt of notice by, any FCM ForexClear Clearing Member shall not invalidate the amendment with which the notice is concerned.

4.44.5 Payments under an FCM ForexClear Contract

Payments under, and in respect of, an FCM ForexClear Contract shall be calculated by the Clearing House and shall be made by, or to, the FCM ForexClear Clearing Member in accordance with the provisions of the FCM Procedures.

4.54.6 FCM Regulations

An FCM ForexClear Contract shall be subject to the FCM Regulations and the FCM Procedures, which shall form a part of its terms. In the event of any inconsistency between these FCM ForexClear Contract Terms and the FCM Regulations and/or the FCM Procedures, the FCM Regulations and the FCM Procedures will prevail.

4.64.7 Governing Law

Each FCM ForexClear Contract, and any non-contractual obligations arising out of or in connection with it, shall be governed by and construed in accordance with the laws of the State of New York in the United States of America without regard to principles

of conflicts of laws and the parties hereby irrevocably agree for the benefit of the Clearing House that (i) the courts of the State of New York, Borough of Manhattan in the United States of Americas, (ii) the United States District Court for the Southern District of New York, or (iii) the courts of England and Wales shall have exclusive jurisdiction to hear and determine any action or dispute which may arise herefrom. The FCM ForexClear Clearing Member party hereto irrevocably submits to such jurisdiction and agrees to waive any objection it might otherwise have to such jurisdiction, save that this submission to the exclusive jurisdiction of the courts of the State of New York, Borough of Manhattan in the United States of Americas, the United states District Court for the Southern District of New York or the courts of England and Wales shall not (and shall not be construed so as to) limit the right of the Clearing House to take proceedings in any other court of competent jurisdiction, nor shall the taking of action in one or more jurisdictions preclude the Clearing House from taking action in any other jurisdiction, whether concurrently or not.

4.74.8 Third Party Rights

A person who is not a party to this FCM ForexClear Contract shall have no rights under or in respect of it. Rights of third parties to enforce any terms of this FCM ForexClear Contract are expressly excluded.

Part B

PART B
REGISTRATION OF AN FCM FOREXCLEAR CONTRACT - PRODUCT ELIGIBILITY CRITERIA

1. Registration of an FCM ForexClear Contract

Without prejudice to the FCM Regulations and the FCM Procedures, the Clearing House will only register an FCM ForexClear Contract pursuant to receipt of particulars of a transaction where at the time of the particulars being presented:

- (a) the transaction meets the Product Eligibility Criteria set out in paragraph 2 below for an FCM ForexClear Transaction;
- (b) each party to the transaction is an Executing Party; and
- (c) the FCM ForexClear Clearing Member in whose name the FCM ForexClear Contract is to be registered has not been declared a defaulter by the Clearing House.

and the requirements of Paragraph 1(a), (b) and (c) above continue to be satisfied at the Registration Time.

2. FCM ForexClear Product Eligibility Criteria for an FCM ForexClear Contract

Instrument	Non-Deliverable FX Transaction
Economic Terms	The transaction particulars submitted to the Clearing House specify all the Economic Terms.
Reference Currency	One of: <ul style="list-style-type: none"> 1.- ___ BRL – Brazilian Real, 2.- ___ RUB – Russian Rouble, 3.- ___ INR – Indian Rupee, 4.- ___ CLP – Chilean Peso, 5.- ___ CNY – Chinese Yuan, 6.- ___ KRW – South Korean Won, 7.- ___ COP – Colombian Peso, 8.- ___ IDR – Indonesian Rupiah, 9.- ___ MYR – Malaysian Ringgit, 10.- ___ PHP – Philippine Peso, or

11.— TWD – Taiwan Dollar.

Valuation Date	A valid Business Day for the Currency Pair to which the FCM ForexClear Transaction relates and determined as set out in the relevant EMTA Template for the Currency Pair.
Settlement Date	<p>A date falling:</p> <p>A.— <u> </u> not earlier than the date falling three business days immediately following the Submission Date; and</p> <p>B.— <u> </u> not later than the date falling two calendar years plus two business days immediately following the Submission Date, provided that in each case such date shall be, with respect to the Currency Pair to which the FCM ForexClear Transaction relates: (i) a valid Business Day, (ii) a date falling the Number of Business Days (as defined in the FCM Procedures) following the Valuation Date and (iii) determined as set out in the relevant EMTA Template</p>
Settlement Type	Non-Deliverable
Settlement Currency	USD
Calculation Agent	The Clearing House

SCHEDULE C — FCM ENCLEAR CONTRACT TERMS AND PRODUCT ELIGIBILITY CRITERIA**Part A****FCM EnClear Contract Terms**

~~Where an FCM EnClear Contract arises between the Clearing House and an FCM Clearing Member pursuant to the FCM Rulebook and the terms of any agreement between them, the terms of a registered FCM EnClear Contract shall include these FCM EnClear Contract Terms (these “Contract Terms”) which shall comprise:~~

- ~~(1) — Interpretation and Definitions;~~
- ~~(2) — Economic Terms;~~
- ~~(3) — Specific Standard Terms*²; and~~
- ~~(4) — General Standard Terms~~

~~Section 4 — Interpretation and Definitions: General~~

~~4.1 — [This section has been removed.]~~

~~4.2 — Words and expressions used in these FCM EnClear Contract Terms shall have the same meaning as in the “FCM Rulebook” of the Clearing House (as defined in the Clearing House’s “FCM Regulations”).~~

~~4.3 — The accidental omission to give any notice which may be required under the FCM Rulebook for the amendment of these Contract Terms, or the non receipt of any such notice by any FCM Clearing Member shall not invalidate the amendment with which such notice is concerned.~~

~~4.4 — In the event of any inconsistency between the Economic Terms and the Standard Terms, the Standard Terms will prevail.~~

~~4.5 — Subject to the FCM Regulations and the FCM Procedures, the Clearing House will use the relevant FCM EnClear Contract Terms applicable to an FCM EnClear Contract to calculate the amounts due under the FCM EnClear Contract to, or from, the Clearing House in accordance with the FCM Procedures.~~

~~4.6 — Subject to the FCM Regulations and the FCM Procedures, the Clearing House will use the relevant FCM EnClear Contract Terms applicable to an FCM EnClear Contract to calculate the amounts due under the FCM EnClear Contract to, or from, the Clearing House in accordance with the FCM Procedures.~~

~~4.7 — “US Business Day” means a day upon which banks in the United States of America are generally open to settle payments and for general business. “UK Business Day” means a day upon which banks in England and Wales are generally open to settle payments and for general business.~~

~~Section 5 — Economic Terms~~

~~5.1 — The Economic Terms of an FCM EnClear Contract shall be derived from the information presented to the Clearing House by the parties to the corresponding FCM EnClear Transaction in respect of the terms designated as Economic Terms in this Schedule.~~

~~5.2 — It is part of the eligibility criteria for registration as an FCM EnClear Contract that the particulars of an FCM EnClear Transaction presented to the Clearing House must include matched information in respect of all such designated Economic Terms with the exception of 2.3(viii) which will be determined in accordance with the FCM Procedures.~~

~~5.3 — The Economic Terms comprise:~~

~~(a) — Fixed Rate Payer or seller;~~

~~(b) — Floating Rate Payer or buyer;~~

~~(c) — Contract;~~

~~(d) — Contract Series;~~

~~(e) — Quantity;~~

~~(f) — Delivery Period (where applicable);~~

~~(g) — Fixed Price or Traded Price (as the case may be);~~

~~(h) — Floating Price (where applicable).~~

~~PROVIDED, however, that, as set out in FCM Regulation 50 where the FCM EnClear Transaction specifies an FCM Clearing Member as the party paying the Fixed Price or being the seller (“the First EnClear Clearing Member”) with the other FCM Clearing Member (or LCH EnClear OTC Clearing Member, as the case may be) as the party paying the Floating Price or being the buyer (“the Second EnClear Clearing Member”) the Clearing House, in respect of each FCM EnClear Contract it is party to pursuant to the corresponding FCM EnClear Transaction, shall be (i) the party paying the Floating Price or the buyer to the First EnClear Clearing Member under the FCM EnClear Contract; and (ii) the party paying the Fixed Price or seller to the Second EnClear Clearing Member under the FCM EnClear Contract.~~

~~Section 6 — Specific Standard Terms For FCM EnClear Contracts~~

~~{Sections 3.1 and 3.2 no longer in force}~~

~~3.3 — LCH EnClear OTC Services: Energy Division~~

~~{Section 3.3 not applicable to the FCM EnClear Service}~~

~~3.4 — LCH EnClear OTC Services: Freight Division~~

~~Section 3.4 of Part A of the Schedule to the LCH EnClear OTC Regulations in the UK General Regulations is incorporated herein by reference; provided, that for purposes of the~~

~~FCM Regulations, (i) references therein to LCH EnClear OTC Contracts shall instead be to FCM EnClear Contracts and (ii) references therein to an Eligible OTC Trade shall instead be to an FCM EnClear Transaction.~~

~~3.5~~ ~~LCH EnClear OTC Services: Precious Metals Division~~

~~[Section 3.5 not applicable to the FCM EnClear Service]~~

~~Section 7~~ Section 5. ~~General Standard Terms~~

~~4A.~~ The following General Standard Terms apply to all FCM EnClear Contracts:

~~4.A.1~~ ~~Payment of Stamp Tax and Other Taxes~~

- ~~(a)~~ All payments due under an FCM EnClear Contract shall be made by the FCM Clearing Member free and clear and without deduction or withholding for or on account of any tax.
- ~~(b)~~ The Clearing House shall make any payments due to an FCM Clearing Member net of any deduction or withholding for or on account of any tax it is required to make from such payments.
- ~~(c)~~ The FCM Clearing Member shall indemnify the Clearing House against any Stamp Tax or other duty or tax levied or imposed upon the Clearing House in whatsoever jurisdiction in respect of the Clearing House's execution or performance of this FCM EnClear Contract.

~~4.A.2~~ ~~Payment of Stamp Tax~~

~~The FCM Clearing Member will pay any Stamp Tax or other similar duty levied or imposed upon it in respect of any FCM EnClear Contract to which it is a party by a jurisdiction in which it is incorporated, organized, managed and controlled, or considered to have its seat, or in which a branch or office through which it is acting is located or by any other jurisdiction.~~

~~The FCM Clearing Member shall indemnify the Clearing House against any stamp tax or other duty levied or imposed upon the Clearing House by any such jurisdiction in respect of any FCM EnClear Contract registered by the Clearing House and to which that FCM Clearing Member is a party.~~

~~4.A.3~~ ~~Payments under an FCM EnClear Contract~~

~~The Clearing House shall, unless specified otherwise in the FCM Procedures, effect daily settlement to market of open FCM EnClear Contracts in accordance with the FCM Regulations. Any Reference Price shall be determined in accordance with the FCM Regulations and the FCM Procedures.~~

~~Payments under, and in respect of, an FCM EnClear Contract shall be calculated by the Clearing House and shall be made by, or to, the FCM Clearing Member in accordance with the provisions of the FCM Regulations and the FCM Procedures.~~

~~4.A.4 — FCM Regulations~~

~~This FCM EnClear Contract shall be subject to the FCM Regulations and the FCM Procedures, which shall form a part of its terms. In the event of any inconsistency between these FCM EnClear Contract Terms and the FCM Regulations and/or the FCM Procedures, the FCM Regulations and the FCM Procedures will prevail.~~

~~4.A.5 — Governing Law~~

~~This FCM EnClear Contract shall be governed by and construed in accordance with the laws of the State of New York in the United States of America without regard to principles of conflicts of laws and the parties hereby irrevocably agree for the benefit of the Clearing House that (i) the courts of the State of New York, Borough of Manhattan in the United States of Americas, (ii) the United States District Court for the Southern District of New York, or (iii) the courts of England and Wales shall have exclusive jurisdiction to hear and determine any action or dispute which may arise herefrom. The FCM Clearing Member party to this FCM EnClear Contract irrevocably submits to such jurisdiction and to waive any objection it might otherwise have to such jurisdiction, save that this submission to the exclusive jurisdiction of the courts of the State of New York, Borough of Manhattan in the United States of Americas, the United states District Court for the Southern District of New York or the courts of England and Wales shall not (and shall not be construed so as to) limit the right of the Clearing House to take proceedings in any other court of competent jurisdiction, nor shall the taking of action in one or more jurisdictions preclude the Clearing House from taking action in any other jurisdiction, whether concurrently or not.~~

~~4.A.6 — Third Party Rights~~

~~A person who is not a party to this FCM EnClear Contract shall have no rights under or in respect of this FCM EnClear Contract. Rights of third parties to enforce any terms of this FCM EnClear Contract are expressly excluded.~~

~~4B. [Section 4B not applicable to the FCM EnClear Service]~~

~~4C. The following Standard Terms apply only in respect of FCM EnClear Contracts arising from FCM EnClear Transactions (Freight Division):~~

~~4C.1 — Unavailability of any Reference Price~~

~~In the event that the Clearing House is unable, after exercising all reasonable commercial diligence, to obtain any relevant Reference Price on any day, the Clearing House may use a price as provided by a panel formed by the Forward Freight Agreement Brokers Association or other applicable provider designated by the Clearing House.~~

~~4.C.2 — Calculation Agent~~

~~The Calculation Agent is the Clearing House.~~

~~4.C.3 — Change in Route~~

~~In the event of a change in a route, the successor reference price as published by the Baltic Exchange or other applicable provider designated by the Clearing House shall be applicable.~~

Part B

Product Eligibility Criteria for Registration of an FCM EnClear Contract

~~1. FCM EnClear Transactions~~

~~(a)~~

~~1.2 FCM EnClear Product Eligibility Criteria for FCM EnClear Transactions~~

~~1.2.1 [This section has been removed]~~

~~1.2.2 [This section has been removed]~~

~~1.2.3 Product Eligibility Criteria for FCM EnClear Transactions in the Freight Division~~

~~The parts of Section 1.2.3 of Part B of the Schedule to the LCH EnClear OTC Regulations in the UK General Regulations relating to the Freight Division are incorporated herein by reference; provided, that for purposes of the FCM Regulations, (i) references therein to LCH EnClear OTC Contracts shall instead be to FCM EnClear Contracts and (ii) references therein to an Eligible OTC Trade shall instead be to an FCM EnClear Transaction.~~

Part A

FCM SwapClear Contract Terms

~~The terms of a registered FCM SwapClear Contract shall include these FCM SwapClear Contract Terms which shall comprise:~~

- ~~(1) Interpretation; and~~
- ~~(2) Economic Terms; and~~
- ~~(3) Standard Terms.~~

~~In the event of any inconsistency between the Economic Terms and the Standard Terms, the Standard Terms will prevail.~~

~~Subject to the FCM Regulations and the FCM Procedures, the Clearing House will use the FCM SwapClear Contract Terms applicable to an FCM SwapClear Contract to calculate the amounts due under the FCM SwapClear Contract to, or from, the Clearing House in accordance with the FCM Procedures.~~

~~3. Interpretation~~

- ~~3.1 "ISDA 2000 Definitions" means the 2000 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. ("ISDA"), and the same are incorporated by reference herein and "ISDA 2006 Definitions" means the 2006 ISDA Definitions as published by ISDA, and the same are incorporated by reference herein.~~
- ~~3.2 Words and expressions used in these FCM SwapClear Contract Terms which are not defined in the FCM Regulations and the FCM Procedures but which are defined in the "ISDA 2000 Definitions" or the "ISDA 2006 Definitions" shall have the same meaning herein as in the ISDA 2000 Definitions or the ISDA 2006 Definitions as the case may be, unless expressly provided otherwise. For the avoidance of doubt where the FCM SwapClear Contract identifies the ISDA 2000 Definitions as being applicable to that FCM SwapClear Contract then those definitions will apply and where the FCM SwapClear Contract identifies the ISDA 2006 Definitions as being applicable to that FCM SwapClear Contract then those definitions will apply.~~
- ~~3.3 In the event of an inconsistency between the FCM Regulations and the FCM Procedures and either the ISDA 2000 Definitions or the ISDA 2006 Definitions, the FCM Regulations and FCM Procedures will prevail.~~
- ~~3.4 References in the ISDA 2000 Definitions and the ISDA 2006 Definitions to a "Swap Transaction" shall be deemed to be references to an "FCM SwapClear Transaction" for the purposes of SwapClear.~~
- ~~3.5 Except where expressly stated otherwise, all reference to "Articles" means Articles in the ISDA 2000 Definitions or the ISDA 2006 Definitions as the case may be as published by ISDA:
 - ~~(a) in relation to any amendments to either the ISDA 2000 Definitions and the ISDA 2006 Definitions, the Clearing House may from time to time, by notice delivered to the FCM Clearing Members and the SwapClear Clearing Members, give directions as to whether such amendment shall apply to FCM SwapClear Contracts with immediate effect or with such deferred effect as the Clearing House shall determine;~~~~

- ~~(b) — any such notice may provide that the amendment to the ISDA 2000 Definitions and the ISDA 2006 Definitions may take effect so as to apply to FCM SwapClear Contracts registered in an FCM Clearing Member's name at the time such amendment comes into effect if the Clearing House so determines; and~~
- ~~(c) — the accidental omission to give notice under this provision to, or the non-receipt of notice under this provision by, an FCM Clearing Member or a SwapClear Clearing Member shall not invalidate the amendment with which the notice is concerned.~~

~~4.3. Economic Terms~~

~~4.1 — The Economic Terms of an FCM SwapClear Contract shall be derived from the information presented to the Clearing House by the parties to the corresponding FCM SwapClear Transaction in respect of the terms designated as Economic Terms in this Schedule.~~

~~4.2 — It is part of the eligibility criteria for registration as an FCM SwapClear Contract that the particulars of an FCM SwapClear Transaction presented to the Clearing House must include matched information in respect of such designated Economic Terms, except that in respect of vanilla interest rate swaps with constant notional principal and variable notional swaps, the information described in either 2.3(i)(viii) or 2.3(i)(ix) below (but not both) must be provided.~~

~~4.3 — The Economic Terms for vanilla interest rate swaps with constant notional principal and variable notional swaps comprise:~~

- ~~(a) — Notional Amount (see Article 4.7 of the ISDA 2000 Definitions and Article 4.7 of the ISDA 2006 Definitions for definition) (for variable notional swaps, the Notional Amount can be set out in a Notional Amount Schedule¹²;~~
- ~~(b) — Currency (see Article 1.7 of the ISDA 2000 Definitions and Article 1.7 of the ISDA 2006 Definitions for definition);~~
- ~~(c) — Trade Date (see Article 3.7 of the ISDA 2000 Definitions and Article 3.7 of the ISDA 2006 Definitions for definition);~~
- ~~(d) — Effective Date (see Article 3.2 of the ISDA 2000 Definitions and Article 3.2 of the ISDA 2006 Definitions for definition);~~
- ~~(e) — Termination Date (see Article 3.3 of the ISDA 2000 Definitions and Article 3.3 of the ISDA 2006 Definitions for definition);~~
- ~~(f) — Additional Payments/Fees:
 - ~~(i) — the Payer of the Additional Payments/Fees (if any);~~~~

¹²— SwapClear will accept IRS, Basis or zero coupon swaps with a Notional Amount which for each payment calculation period may remain unchanged, increase or decrease relative to its previous value. The changes in notional can only take place at the calculation period start dates and must be pre-determined at the point of registration. The notional schedule will be applied at the start of the corresponding calculation period, adjusted (or unadjusted) with the calculation period calendar specified in the trade. Notional schedules need not be identical for the two legs of the trade.

- ~~(ii) — the amount of the Additional Payments/Fees (specify zero if none).~~
- ~~(g) — Business Days (see Article 1.4 of the ISDA 2000 Definitions and Article 1.4 of the ISDA 2006 Definitions for definition);~~
- ~~(h) — Business Day Convention (see Article 4.12 of the ISDA 2000 Definitions and Article 4.12 of the ISDA 2006 Definitions for definition);~~
- ~~(i) — Where Fixed Rate — Floating Rate Swap:

 - ~~(i) — Fixed Rate Payer (see Article 2.1 of the ISDA 2000 Definitions and Article 2.1 of the ISDA 2006 Definitions for definition);~~
 - ~~(ii) — Fixed Rate Payer Payment Dates;~~
 - ~~(iii) — Fixed Amount (see Article 4.4 of the ISDA 2000 Definitions and Article 4.4 of the ISDA 2006 Definitions for definition) [or Fixed Rate and Fixed Rate Day Count Fraction] [or Fixed Rate Payer Schedule]¹³;~~
 - ~~(iv) — Floating Rate Payer (see Article 2.2 of the ISDA 2000 Definitions and Article 2.2 of the ISDA 2006 Definitions for definition);~~
 - ~~(v) — Floating Rate Payer Payment Dates;~~
 - ~~(vi) — Floating Rate Payer compounding dates (if applicable);~~
 - ~~(vii) — Floating Amount (see Article 4.5 of the ISDA 2000 Definitions and Article 4.5 of the ISDA 2006 Definitions for definition);~~
 - ~~(viii) — Floating Rate Option (see Article 6.2(i) of the ISDA 2000 Definitions and Article 6.2(h) of the ISDA 2006 Definitions for definition);~~

~~(Note: The details of each such option are as provided in the Procedures).~~
 - ~~(ix) — Designated Maturity (see Article 7.3(b) and Article 7.3 (b) of the ISDA 2006 Definitions of the “Annex to the 2000 ISDA Definitions (June 2000 Version)” for definition);~~
 - ~~(x) — Spread (see Article 6.2(f) of the ISDA 2000 Definitions and Article 6.2 (e) of the ISDA 2006 Definitions for definition)¹⁴;~~
 - ~~(xi) — Reset Dates (see Article 6.2(b) of the ISDA 2000 Definitions and Article 6.2 (b) of the ISDA 2006 Definitions for definition);~~
 - ~~(xii) — Floating Rate Day Count Fraction (see Article 6.2(g) of the ISDA 2000 Definitions and Article 6.2 (f) of the ISDA 2006 Definitions for definition).~~~~

¹³—~~SwapClear will accept IRS, Basis or zero coupon variable notional swaps with a Fixed Rate on the fixed leg which for each calculation and/or compounding period may remain unchanged, increase or decrease relative to its previous value. The Fixed Rate must be greater than or equal to 0%.~~

¹⁴—~~SwapClear will accept IRS, Basis or zero coupon variable notional swaps with a floating rate spread on the floating leg which for each calculation and/or compounding period may remain unchanged, increase or decrease relative to its previous value. The spread can be negative. Where such spread is variable it can be set out in a Spread schedule.~~

- ~~(j) — Where Floating Rate — Floating Rate Swap (“basis” swap):~~
- ~~(i) — Floating Rate Payer 1 (see Article 2.2 of the ISDA 2000 Definitions and Article 2.2 of the ISDA 2006 Definitions for definition):~~
 - ~~(a) — Floating Rate Payer Payment Dates;~~
 - ~~(b) — Floating Rate Payer compounding dates (if applicable);~~
 - ~~(c) — Floating Rate Option (see Article 6.2(i) of the ISDA 2000 Definitions and Article 6.2(h) of the ISDA 2006 Definitions for definition);~~

~~(Note: the details of each such option are as provided in the Procedures)~~
 - ~~(ii) — Designated Maturity (see Article 7.3(b) of the “Annex to the 2000 ISDA Definitions (June 2000 version)” and Article 7.3 (b) of the ISDA 2006 Definitions for definition);~~
 - ~~(iii) — Spread (see Article 6.2(f) of the ISDA 2000 Definitions and Article 6.2 (e) of the ISDA 2006 Definitions for definition)¹⁵;~~
 - ~~(iv) — Reset Dates (see Article 6.2(b) of the ISDA 2000 Definitions and Article 6.2 (b) of the ISDA 2006 Definitions for definition);~~
 - ~~(v) — Floating Rate Day Count Fraction (see Article 6.2(g) of the ISDA 2000 Definitions and Article 6.2 (f) of the ISDA 2006 Definitions for definition);~~
 - ~~(vi) — Floating Rate Payer 2 (see Article 2.2 of the ISDA 2000 Definitions and Article 2.2 of the ISDA 2006 Definitions for definition):~~
 - ~~(a) — Floating Rate Payer Payment Dates;~~
 - ~~(b) — Floating Rate Payer compounding dates (if applicable);~~
 - ~~(c) — Floating Rate Option (see Article 6.2(i) of the ISDA 2000 Definitions and Article 6.2(h) of the ISDA 2006 Definitions for definition);~~

~~(Note: The details of each such option are as provided in the Procedures)~~
 - ~~(vii) — Designated Maturity (see Article 7.3(b) of the “Annex to the 2000 ISDA Definitions (June 2000 version)” and Article 7.3 (b) of the ISDA 2006 Definitions for definition);~~
 - ~~(viii) — Spread (see Article 6.2(f) of the ISDA 2000 Definitions and Article 6.2 (e) of the ISDA 2006 Definitions for definition)¹⁶;~~

¹⁵ — SwapClear will accept IRS, Basis or zero coupon variable notional swaps with a floating rate spread on the floating leg which for each calculation and/or compounding period may remain unchanged, increase or decrease relative to its previous value. The spread can be negative. Where such spread is variable it can be set out in a Spread schedule.

- ~~(ix) — Reset Dates (see Article 6.2(b) of the ISDA 2000 Definitions and Article 6.2 (b) of the ISDA 2006 Definitions for definition); and~~
- ~~(x) — Floating Rate Day Count Fraction (see Article 6.2(g) of the ISDA 2000 Definitions and Article 6.2 (f) of the ISDA 2006 Definitions for definition).~~

~~4.4 — The Economic Terms for Forward Rate Agreements (using only the ISDA 2006 Definitions) comprise:~~

- ~~(a) — Notional Amount (see Article 4.7 for definition);~~
- ~~(b) — Currency (see Article 1.7 for definition);~~
- ~~(c) — Trade Date (see Article 3.7 for definition);~~
- ~~(d) — Effective Date (see Article 3.2 for definition);~~
- ~~(e) — Termination Date (see Article 3.3 for definition);~~
- ~~(f) — Additional Payments/Fees:
 - ~~(i) — the Payer of the Additional Payments/Fees (if any);~~
 - ~~(ii) — the amount of the Additional Payments/Fees (specify zero if none);~~~~
- ~~(g) — Business Days (see Article 1.4 for definition);~~
- ~~(h) — Business Day Convention (see Article 4.12 for definition);~~
- ~~(i) — Fixed Rate Payer (see Article 2.1 for definition);~~
- ~~(j) — Fixed Rate Payer Payment Dates;~~
- ~~(k) — Fixed Rate;~~
- ~~(l) — Floating Rate Payer (see Article 2.2 for definition);~~
- ~~(m) — Floating Rate Payer Payment Dates;~~
- ~~(n) — Floating Rate Option (see Article 6.2(i) for definition);~~
- ~~(o) — Designated Maturity (see Article 7.3(b) for definition);~~
- ~~(p) — Spread (see Article 6.2(f) for definition);~~
- ~~(q) — Reset Dates (see Article 6.2(b) for definition);~~
- ~~(r) — Floating Rate Day Count Fraction (see Article 6.2(g) for definition);~~
- ~~(s) — FRA Discounting (see Article 8.4 (b) for definition);~~

¹⁶ — ~~SwapClear will accept IRS, Basis or zero coupon variable notional swaps with a floating rate spread on the floating leg which for each calculation and/or compounding period may remain unchanged, increase or decrease relative to its previous value. The spread can be negative. Where such spread is variable it can be set out in a Spread schedule.~~

~~(t) — Discount Rate (see Article 8.4. (c) for definition);~~

~~(u) — Discount Rate Day Count Fraction (see Article 8.4. (d) for definition); and~~

~~(v) — FRY Yield Discounting (see Article 8.4(e) for definition).~~

~~In respect of forward rate agreements either (s) or (v) but not both should be selected.~~

~~4.5 — Financial Centers~~

~~Detail of the relevant financial center/s must be provided using the appropriate Markitwire/EpML code as set out below:~~

Financial Center	Markitwire/EpML
Sydney	AUSY
Brussels	BEBR
Montreal	CAMO
Toronto	CATO
Geneva	CHGE
Zurich	CHZU
Prague	CZPR
Frankfurt	DEFR
Copenhagen	DKCO
Madrid	ESMA
Helsinki	FIHE
Paris	FRPA
London	GBLO
Hong Kong	HKHK
Budapest	HUBU
Milan	ITMI
Rome	ITRO
Tokyo	JPTO
Luxemburg	LULU

Financial Center	Markitwire/FpML
Amsterdam	NLAM
Oslo	NOOS
Auckland	NZAU
Wellington	NZWE
Stockholm	SEST
Chicago	USCH
Los Angeles	USLA
New York	USNY
Target/Euro	EUTA
Warsaw	PLWA
Singapore	SGSI
Johannesburg	ZAJO

~~5. Standard Terms~~

~~The following terms are designated as Standard Terms of a registered FCM SwapClear Contract:~~

~~5.1 Business Days~~

~~In addition to the Business Days for the financial centers specified in the Economic Terms, (such Business Days to be determined in accordance with the SwapsMonitor Financial Calendar) the Business Days specified in the calendar published by the Clearing House, from time to time, will apply to an FCM SwapClear Contract.~~

~~5.2 Negative Interest Rates~~

~~The “Negative Interest Rate Method” as set out in Article 6.4(b) of the ISDA Definitions, will apply to an FCM SwapClear Contract.~~

~~5.3 Withholding Tax Provisions~~

~~All payments due under an FCM SwapClear Contract shall be made by the FCM Clearing Member free and clear and without deduction or withholding for or on account of any tax. Payments in respect of which such deduction or withholding is required to be made, by the FCM Clearing Member, shall be increased to the extent necessary to ensure that, after the making of the required deduction or withholding, the Clearing House receives and retains (free from any liability in respect of such deduction or withholding) a net sum equal to the sum which it would have received and so retained had no such deduction or withholding been made or required to be made.~~

~~The Clearing House shall make any payments due to an FCM Clearing Member net of any deduction or withholding for or on account of any tax it is required to make from such payments.~~

~~5.4 — Payment of Stamp Tax~~

~~Each FCM Clearing Member will pay any stamp tax or duty levied or imposed upon it in respect of any FCM SwapClear Contract to which it is a party by a jurisdiction in which it is incorporated, organized, managed and controlled, or considered to have its seat, or in which a branch or office through which it is acting is located or by any other jurisdiction, and will indemnify the Clearing House against any stamp tax or duty levied or imposed upon the Clearing House by any such jurisdiction in respect of any FCM SwapClear Contract registered by the Clearing House and to which that FCM Clearing Member is a party.~~

~~5.5 — Payments under an FCM SwapClear Contract~~

~~Payments under, and in respect of, an FCM SwapClear Contract shall be calculated by the Clearing House and shall be made by, or to, the FCM Clearing Member in accordance with the provisions of the FCM Procedures.~~

~~5.6 — FCM Regulations~~

~~An FCM SwapClear Contract shall be subject to the FCM Regulations and the FCM Procedures, which shall form a part of its terms. In the event of any inconsistency between these FCM SwapClear Contract Terms and the FCM Regulations and the FCM Procedures, the FCM Regulations and the FCM Procedures will prevail.~~

~~5.7 — Governing Law~~

~~Each FCM SwapClear Contract shall be governed by and construed in accordance with the laws of the State of New York in the United States of America without regard to principles of conflicts of law and the parties hereby irrevocably agree for the benefit of the Clearing House that (i) the courts of the State of New York, Borough of Manhattan in the United States of America, (ii) the United States District Court for the Southern District of New York, or (iii) the courts of England and Wales shall have exclusive jurisdiction to hear and determine any action or dispute which may arise herefrom. The FCM Clearing Member party hereto irrevocably submits to such jurisdiction and agrees to waive any objection it might otherwise have to such jurisdiction, save that this submission to the exclusive jurisdiction of the courts of the State of New York, Borough of Manhattan in the United States of America, the United States District Court for the Southern District of New York or the courts of England and Wales shall not (and shall not be construed so as to) limit the right of the Clearing House to take proceedings in any other court of competent jurisdiction, nor shall the taking of action in one or more jurisdictions preclude the Clearing House from taking action in any other jurisdiction, whether concurrently or not.~~

~~5.8 — Third Party Rights~~

~~A person who is not a party to this FCM SwapClear Contract shall have no rights under or in respect of it. Rights of third parties to enforce any terms of this FCM SwapClear Contract are expressly excluded.~~

Part B

Product Eligibility Criteria for Registration of an FCM SwapClear Contract

6. FCM SwapClear Transaction

Without prejudice to the FCM Regulations and the FCM Procedures, the Clearing House will only register an FCM SwapClear Contract pursuant to receipt of particulars of a transaction where at the time of the particulars being presented:

- (a) the transaction meets the FCM SwapClear Product Eligibility Criteria for registration as an FCM SwapClear Transaction; and
- (b) each party to the transaction is an Executing Party;

and the requirements of (a) and (b) continue to be satisfied at Registration Time.

6.2 FCM SwapClear Product Eligibility Criteria for an FCM SwapClear Transaction

- (a) Vanilla interest rate swaps with constant notional principal having the characteristics set out in the table below;

Instrument	Acceptable Currencies	Acceptable Indices¹⁷	Types	Maximum Residual Term	Notional Amount (Min-Max of the relevant currency unit)	
Vanilla interest rate swaps with constant notional principal	Sterling (GBP)	GBP-LIBOR-BBA	Fixed vs. Floating	Single currency	18,275 days	0.01-
		GBP-WMBA-SONIA-COMPOUND	Fixed vs. Floating	Single currency	10,970 days	
		See Article 7.1w (vii) for definition	Floating vs. Floating			99,999,999.99
	US Dollar (USD)	USD-LIBOR-BBA	Fixed vs. Floating	Single currency	18,275 days	0.01-
See Article 7.1(ab) (xxii) for		Floating vs. Floating			99,999,999.99

~~7. [Intentionally Omitted]~~

~~8. Additional FCM SwapClear Product Eligibility Criteria~~

~~8.1 A contract must also meet the following additional criteria to be eligible as an FCM SwapClear Transaction:~~

~~(a) Day Count Fractions~~

~~(See Article 4.16 of the “Annex to 2000 ISDA Definitions (June 2000 Version)”, and Article 4.16 of the ISDA 2006 Definitions for definition)~~

- (i) ~~The Clearing House will only accept the following day count fractions for vanilla interest rate swaps with constant notional principal and variable notional swaps. Day Count Fractions are applied to each deal leg independently, as communicated via the affirmed MarkitWire trade detail:~~

Day Count Fractions using the ISDA 2000 Definitions

Day Count Fraction	MarkitWire/FpML Code
30/360 (or Bond Basis)	30/360
30E/360 (or Eurobond Basis)	30E/360
Actual/360	ACT/360
Actual/365 (Fixed)	ACT/365.FIXED
Actual/365 (or Actual/Actual)	ACT/365.ISDA
Actual/Actual (ISMA)	ACT/ACT.ISMA

Day Count Fractions using the ISDA 2006 Definitions:

Day Count Fraction	MarkitWire/FpML Code
30/360 (or Bond Basis)	30/360
30E/360 (or Eurobond Basis)	30E/360
Actual/360	ACT/360
Actual/365 (Fixed)	ACT/365.FIXED
Actual/Actual	ACT/ACT.ISDA
30E/360 (ISDA)	30E/360.ISDA
Actual/Actual (ICMA)	ACT/ACT.ICMA

~~The Clearing House will only accept the following Day Count Fractions for Forward Rate Agreements. Day Count Fractions are applied to each deal leg independently, as communicated via the affirmed MarkitWire trade detail:~~

Day Count Fractions using the ISDA 2006 Definitions:

Day Count Fraction	MarkitWire/FpML Code	Currency
Actual/365 (Fixed)	ACT/365.FIXED	CAD, AUD, NZD, PLN, ZAR, GBP
Actual/360	ACT/360	USD, EUR, CHF, DKK, JPY, NOK, SEK, CZK, HUF

Fraction	SWIFT Code
Actual/365, Actual/Actual	-ACT/365
(See Article 4.16(b) for definition)	

Fraction	SWIFT Code
Actual/365 (Fixed)	AFI/365
(See Article 4.16(c) for definition)	
Actual/360	ACT/360
(See Article 4.16(d) for definition)	
30/360, 360/360, Bond Basis	360/360
(See Article 4.16(e) for definition)	
30E/360	30E/360
(See Article 4.16(f) for definition)	

~~(b) — Business Day Conventions~~

~~The Business Day Convention specified in the Economic Terms must be one of the following:~~

~~Following (see Article 4.12 (i) of the ISDA 2000 Definitions and Article 4.12 (i) of the ISDA 2006 Definitions for definition)~~

~~Modified Following (see Article 4.12 (ii) of the ISDA 2000 Definitions and Article 4.12(ii) of the ISDA 2006 Definitions for definition)~~

~~Preceding (see Article 4.12 (iii) of the ISDA 2000 Definitions and Article 4.12 (iii) of the ISDA 2006 Definitions for definition)~~

~~For vanilla interest rate swaps with constant notional principal SwapClear does not support trades where a different business day convention is used for:~~

~~(i) — fixed period end dates and the termination date~~

~~(ii) — float period end dates and the termination date~~

~~(c) — Minimum and Maximum Residual Term of the Trade (Termination date — Today)~~

~~Trades in respect of vanilla interest rate swaps with constant notional principal and variable notional swaps are subject to a minimum and maximum Residual Term on the day they are received by SwapClear.~~

~~Minimum Residual Term of trade:~~

~~Termination date — Today \geq 1 + currency settlement lag~~

~~where currency settlement lag is:~~

~~1 day for EUR, USD, GBP and CAD denominated trades~~

~~2 days for JPY, CHF, AUD, DKK, HKD, NZD, SEK, NOK, PLN, ZAR, SAD, HUF & CZK denominated trades~~

~~Maximum Residual Term of trade:~~

~~Termination date—Today \leq 3,670 days for DKK, HKD, NZD, NOK, PLN, ZAR, SAD, HUF & CZK (10 years)~~

~~Termination date—Today \leq 10,970 days for AUD, CAD, CHF & SEK (30 years)~~

~~Termination date—Today \leq 14,620 days for JPY (40 years)~~

~~Termination date—Today \leq 18,275 days for GBP, EUR & USD (50 years)~~

~~Maximum Residual Term to Maturity for Forward Rate Agreements~~

~~The maximum residual term to maturity for forward rate agreements is as follows:~~

<u>Currency</u>	<u>Maximum Residual Term to Maturity</u>
EUR, JPY, USD, GBP	1105 days (3 years)
AUD, CAD, CHF, DKK, NOK, NZD, PLN, SEK, ZAR, CZK, HUF	740 days (2 years)

~~(d) — Designated Maturity~~

~~The Designated Maturity must be no less than one month and no more than twelve months. The Clearing House will, excepting stub periods, only accept a Designated Maturity that is a whole calendar month.~~

~~(e) — Calculation Periods~~

~~(See Article 4.13 of the ISDA 2000 Definitions and Article 4.13 of the ISDA 2006 Definitions for definition.)~~

~~The Clearing House will only accept non-standard Calculation Periods (“*stub periods*”) at the start and/or the end of a contract.~~

~~For variable notional swaps the stub rate should be detailed either as a percentage (*i.e.*, 5.5%), an interpolation (*i.e.*, 1 month / 3 months) or as a designated maturity (*i.e.*, 1 month). Stub Rates within the Final Stub are calculated via interpolation or as a designated maturity.~~

~~For interpolated coupons, payment dates must fall between the rolled dates, according to the Modified Following business day convention, of the specified designated maturities. Where this does not occur and extrapolation would be required, SwapClear will reject the trade.~~

~~The minimum stub period of a variable notional swap accepted by SwapClear is 1 + Currency Settlement Lag. The minimum stub rate tenor must be \geq 1 week for IRS and basis swap and \geq 1 month for zero coupon swaps.~~

~~SwapClear also calculates floating periods subject to ‘IMM’ settlement dates as per ISDA definitions.~~

~~(f) — Up-Front Fees — Eligibility of FCM SwapClear Transactions~~

~~Any up-front fees due under an FCM SwapClear Transaction will form part of the first Variation Margin payment made in connection with such FCM SwapClear Transaction.~~

~~FCM SwapClear Transactions with respect to which an FCM Client or an Affiliate is an Executing Party and which are denominated in a One Day Currency where the up front fee is due to settle on the day of registration are not eligible for clearing.~~

~~FCM SwapClear Transactions with respect to which an FCM Client or an Affiliate is an Executing Party and which are denominated in a Two Day Currency where the up front fee is due to settle on the day of registration, or the day following registration, are not eligible for clearing.~~

~~A Backloaded Trade will not be eligible for clearing and will be rejected upon presentation in the event that it is presented after a Backload Registration Cycle and as a result would be 'parked' for registration until the following Business Day and as a result of being 'parked' it would no longer be eligible for clearing under these criteria.~~

~~For the purposes of this paragraph (f):~~

~~"One Day Currency" means GBP, USD, CAD or EUR.~~

~~"Two Day Currency" means any other eligible currency.~~

~~SCHEDULE B — FCM FOREXCLEAR CONTRACT TERMS AND PRODUCT ELIGIBILITY CRITERIA~~**~~Part A~~****~~FCM ForexClear Contract Terms~~**

~~The terms of a registered FCM ForexClear Contract shall include these FCM ForexClear Contract Terms which shall comprise:~~

- ~~(1) Interpretation;~~
- ~~(2) Economic Terms; and~~
- ~~(3) Standard Terms, being both the:
 - ~~A. Specific Standard Terms; and~~
 - ~~B. General Standard Terms~~~~

~~In the event of any inconsistency between the Economic Terms and the Standard Terms, the Standard Terms will prevail.~~

~~Subject to the FCM Regulations and the FCM Procedures, the Clearing House will use the FCM ForexClear Contract Terms applicable to an FCM ForexClear Contract to calculate the amounts due under the FCM ForexClear Contract to, or from, the Clearing House in accordance with the FCM Procedures.~~

~~9. Interpretation (“Interpretation”)~~

- ~~9.1 “ISDA Definitions” means the 1998 FX and Currency Options Definitions (including Annex A thereto) as published by the International Swaps and Derivatives Association, Inc. (“ISDA”), the Emerging Markets Trade Association (“EMTA”) and The Foreign Exchange Committee (“FXC”) and the same are incorporated by reference herein.~~
- ~~9.2 Words and expressions used in these FCM ForexClear Contract Terms which are not defined in the FCM Regulations and the FCM Procedures but which are defined in the ISDA Definitions shall bear the same meaning herein as in the ISDA Definitions, unless expressly provided otherwise.~~
- ~~9.3 In the event of an inconsistency, the FCM Regulations and the FCM Procedures will prevail over the ISDA Definitions.~~
- ~~9.4 References in the ISDA Definitions to an “FX Transaction” shall be deemed to be references to an “FCM ForexClear Transaction” for the purposes of the FCM ForexClear Service.~~
- ~~9.5 Except where expressly stated otherwise, all reference to “Sections” means Sections in the ISDA Definitions.~~
- ~~9.6 In relation to any amendment to the ISDA Definitions published from time to time by ISDA, EMTA and FXC, the Clearing House may from time to time, by notice delivered to the FCM ForexClear Clearing Members, give directions as to whether~~

~~such amendment shall apply to FCM ForexClear Contracts with immediate effect or with such deferred effect as the Clearing House shall determine (provided that in any event any such amendment shall only apply in relation to FCM ForexClear Contracts that have a Trade Date that falls on or after the effective date of such amendment).~~

~~9.7 Any such notice may provide that despite the application of any such amendment to the ISDA Definitions to FCM ForexClear Contracts going forward, these FCM ForexClear Contracts shall continue, for the purpose of margining, valuation, set-off or otherwise, to be regarded as fully fungible with FCM ForexClear Contracts registered in an FCM ForexClear Clearing Member's name prior to the time such amendment comes into effect.~~

~~9.8 The accidental omission to give notice under this provision to, or the non-receipt of notice under 1.6 or 1.7 above by, any FCM ForexClear Clearing Member shall not invalidate the amendment with which the notice is concerned.~~

~~10. Economic Terms~~

~~10.1 The Economic Terms of an FCM ForexClear Contract shall be derived from the information presented to the Clearing House by the parties to the corresponding FCM ForexClear Transaction.~~

~~10.2 The particulars of an FCM ForexClear Transaction presented to the Clearing House must include matched information in respect of the following Economic Terms which are not predetermined in the EMTA Templates:~~

~~(4) Trade Date (Section 1.25)~~

~~(5) Forward Rate (Section 2.1(a))~~

~~(6) Reference Currency Notional Amount (Section 1.21) or Notional Amount (Section 1.17(b)) in USD~~

~~(7) Reference Currency Buyer (Section 1.20)~~

~~(8) Reference Currency Seller (Section 1.22)~~

~~(9) scheduled Settlement Date (Section 1.24) (without prejudice to the adjustments set out in the relevant EMTA Template)~~

~~(10) Scheduled Valuation Date (Section 1.16(f)) (without prejudice to the adjustments set out in the relevant EMTA Template).~~

~~10.3 However, as set out more particularly in FCM Regulation 40, where the FCM ForexClear Transaction specifies an FCM ForexClear Clearing Member as the Reference Currency Seller, with the other FCM ForexClear Member as the Reference Currency Buyer, the Clearing House, in respect of each FCM ForexClear Contract to which it is party pursuant to the corresponding FCM ForexClear Transaction, shall be (i) the Reference Currency Buyer; and (ii) the Reference Currency Seller under such FCM ForexClear Contract, respectively.~~

~~11. Specific Standard Terms ("Specific Standard Terms")~~

~~The following terms are designated as Specific Standard Terms of a registered FCM ForexClear Contract:~~

~~11.1 The EMTA template for Non-Deliverable FX Transactions appropriate to the particular Currency Pair (in effect and as posted on the website of EMTA (www.emta.org or any successor website on the relevant Trade Date) (each an "EMTA Template")), governs the terms of an FCM ForexClear Contract relating to such Currency Pair, other than the Economic Terms set out in Part 2 above and the Specific Standard Terms and the General Standard Terms set out in this Part 3. For the avoidance of doubt, each EMTA Template shall be deemed to exclude the EMTA Template Terms for Non-Deliverable Cross-Currency FX Transactions published by EMTA on 31 May 2011.~~

~~11.2 In the format "Reference Currency—Settlement Currency", the Currency Pairs are~~

~~(1) BRL-USD~~

~~(2) CLP-USD~~

~~(3) CNY-USD~~

~~(4) INR-USD~~

~~(5) KRW-USD~~

~~(6) RUB-USD~~

~~(7) COP-USD~~

~~(8) IDR-USD~~

~~(9) MYR-USD~~

~~(10) PHP-USD~~

~~(11) TWD-USD~~

~~11.3 Certain Specific Standard Terms of each FCM ForexClear Contract are not provided in the EMTA Templates, but the parties to the corresponding FCM ForexClear Transaction will be required to accept the Specific Standard Terms set out below in each FCM ForexClear Contract:~~

~~(12) Date of Annex A (Section 4.2):~~

~~Annex A to the ISDA Definitions is incorporated as amended as at the Trade Date.~~

~~(13) Reference Currency (Section 1.19):~~

~~To be determined by using the EMTA Template appropriate to the particular Currency Pair.~~

~~Calculation Agent (Section 1.3):~~

~~(14) The Clearing House is the Calculation Agent.~~

~~11.4 If the terms of an EMTA Template conflict with these FCM ForexClear Contract Terms, these FCM ForexClear Contract Terms shall prevail. If the terms of an EMTA~~

~~Template conflict with the ISDA Definitions, the terms of the EMTA Template shall prevail.~~

~~12. General Standard Terms (“General Standard Terms”)~~

~~The following terms are designated as General Standard Terms of a registered FCM ForexClear Contract:~~

~~12.1 Business Days~~

~~For the purposes of determining the Settlement Date only, in addition to the Business Days for the Principal Financial Centers for the Currency Pair specified in the relevant Economic Terms, the Business Days specified in the SwapsMonitor Financial Calendar as published by Swaps Monitor Publications, Inc. (as further detailed in the FCM Procedures) from time to time, will apply to an FCM ForexClear Contract.~~

~~12.2 Withholding Tax Provisions~~

~~12.2.1 All payments due under an FCM ForexClear Contract shall be made by the FCM ForexClear Clearing Member free and clear and without deduction or withholding for or on account of any tax. Payments in respect of which such deduction or withholding is required to be made, by the FCM ForexClear Clearing Member, shall be increased to the extent necessary to ensure that, after the making of the required deduction or withholding, the Clearing House receives and retains (free from any liability in respect of such deduction or withholding) a net sum equal to the sum which it would have received and so retained had no such deduction or withholding been made or required to be made.~~

~~12.2.2 All payments due under an FCM ForexClear Contract shall be made by the Clearing House free and clear and without deduction or withholding for or on account of any tax. Payments in respect of which such deduction or withholding is required to be made, by the Clearing House, shall be increased to the extent necessary to ensure that, after the making of the required deduction or withholding, the FCM ForexClear Clearing Member receives and retains (free from any liability in respect of such deduction or withholding) a net sum equal to the sum which it would have received and so retained had no such deduction or withholding been made or required to be made.~~

~~12.3 Payment of Stamp Tax~~

~~Each FCM ForexClear Clearing Member will pay any Stamp Tax or duty levied or imposed upon it in respect of any FCM ForexClear Contract to which it is a party by a jurisdiction in which it is incorporated, organized, managed and controlled, or considered to have its seat, or in which a branch or office through which it is acting is located or by any other jurisdiction, and will indemnify the Clearing House against any stamp tax or duty levied or imposed upon the Clearing House by any such jurisdiction in respect of any FCM ForexClear Contract registered by the Clearing House and to which that FCM ForexClear Clearing Member is a party.~~

~~12.4 Payments under an FCM ForexClear Contract~~

~~Payments under, and in respect of, an FCM ForexClear Contract shall be calculated by the Clearing House and shall be made by, or to, the FCM ForexClear Clearing Member in accordance with the provisions of the FCM Procedures.~~

~~12.5—FCM Regulations~~

~~An FCM ForexClear Contract shall be subject to the FCM Regulations and the FCM Procedures, which shall form a part of its terms. In the event of any inconsistency between these FCM ForexClear Contract Terms and the FCM Regulations and/or the FCM Procedures, the FCM Regulations and the FCM Procedures will prevail.~~

~~12.6—Governing Law~~

~~Each FCM ForexClear Contract, and any non-contractual obligations arising out of or in connection with it, shall be governed by and construed in accordance with the laws of the State of New York in the United States of America without regard to principles of conflicts of laws and the parties hereby irrevocably agree for the benefit of the Clearing House that (i) the courts of the State of New York, Borough of Manhattan in the United States of Americas, (ii) the United States District Court for the Southern District of New York, or (iii) the courts of England and Wales shall have exclusive jurisdiction to hear and determine any action or dispute which may arise herefrom. The FCM ForexClear Clearing Member party hereto irrevocably submits to such jurisdiction and agrees to waive any objection it might otherwise have to such jurisdiction, save that this submission to the exclusive jurisdiction of the courts of the State of New York, Borough of Manhattan in the United States of Americas, the United states District Court for the Southern District of New York or the courts of England and Wales shall not (and shall not be construed so as to) limit the right of the Clearing House to take proceedings in any other court of competent jurisdiction, nor shall the taking of action in one or more jurisdictions preclude the Clearing House from taking action in any other jurisdiction, whether concurrently or not.~~

~~12.7—Third Party Rights~~

~~A person who is not a party to this FCM ForexClear Contract shall have no rights under or in respect of it. Rights of third parties to enforce any terms of this FCM ForexClear Contract are expressly excluded.~~

Part B~~Registration of an FCM ForexClear Contract—Product Eligibility Criteria~~**13. Registration of an FCM ForexClear Contract**

~~Without prejudice to the FCM Regulations and the FCM Procedures, the Clearing House will only register an FCM ForexClear Contract pursuant to receipt of particulars of a transaction where at the time of the particulars being presented:~~

- ~~(a) the transaction meets the Product Eligibility Criteria set out in paragraph 2 below for an FCM ForexClear Transaction;~~
- ~~(b) each party to the transaction is an Executing Party; and~~
- ~~(c) the FCM ForexClear Clearing Member in whose name the FCM ForexClear Contract is to be registered has not been declared a defaulter by the Clearing House.~~

~~and the requirements of Paragraph 1(a), (b) and (c) above continue to be satisfied at the Registration Time.~~

14. FCM ForexClear Product Eligibility Criteria for an FCM ForexClear Contract

Instrument	Non-Deliverable FX Transaction
Economic Terms	The transaction particulars submitted to the Clearing House specify all the Economic Terms.
Reference Currency	One of
	-1. BRL—Brazilian Real,
	-2. RUB—Russian Rouble,
	-3. INR—Indian Rupee,
	-4. CLP—Chilean Peso,
	-5. CNY—Chinese Yuan,
	-6. KRW—South Korean Won,
	-7. COP—Colombian Peso,
	-8. IDR—Indonesian Rupiah,
	-9. MYR—Malaysian Ringgit,
	-10. PHP—Philippine Peso, or
	-11. TWD—Taiwan Dollar.
Valuation Date	A valid Business Day for the Currency Pair to which the FCM ForexClear Transaction relates and determined as set out in the relevant EMTA Template for the Currency Pair.

Settlement Date	A date falling:
	A. not earlier than the date falling three business days immediately following the Submission Date; and
	B. not later than the date falling two calendar years plus two business days immediately following the Submission Date, provided that in each case such date shall be, with respect to the Currency Pair to which the FCM ForexClear Transaction relates: (i) a valid Business Day, (ii) a date falling the Number of Business Days (as defined in the FCM Procedures) following the Valuation Date and (iii) determined as set out in the relevant EMTA Template
Settlement Type	Non-Deliverable
Settlement Currency	USD
Calculation Agent	The Clearing House

SCHEDULE C – FCM ENCLEAR CONTRACT TERMS AND PRODUCT ELIGIBILITY CRITERIA**Part A****FCM EnClear Contract Terms**

~~Where an FCM EnClear Contract arises between the Clearing House and an FCM Clearing Member pursuant to the FCM Rulebook and the terms of any agreement between them, the terms of a registered FCM EnClear Contract shall include these FCM EnClear Contract Terms (these “Contract Terms”) which shall comprise:~~

~~(5) Interpretation and Definitions;~~

~~(6) Economic Terms;~~

~~(7) Specific Standard Terms*²; and~~

~~(8) General Standard Terms~~

~~Section 8 – Interpretation and Definitions: General~~

~~8.1 [This section has been removed.]~~

~~8.2 Words and expressions used in these FCM EnClear Contract Terms shall have the same meaning as in the “FCM Rulebook” of the Clearing House (as defined in the Clearing House’s “FCM Regulations”).~~

~~8.3 The accidental omission to give any notice which may be required under the FCM Rulebook for the amendment of these Contract Terms, or the non receipt of any such notice by any FCM Clearing Member shall not invalidate the amendment with which such notice is concerned.~~

~~8.4 In the event of any inconsistency between the Economic Terms and the Standard Terms, the Standard Terms will prevail.~~

~~8.5 Subject to the FCM Regulations and the FCM Procedures, the Clearing House will use the relevant FCM EnClear Contract Terms applicable to an FCM EnClear Contract to calculate the amounts due under the FCM EnClear Contract to, or from, the Clearing House in accordance with the FCM Procedures.~~

~~8.6 Subject to the FCM Regulations and the FCM Procedures, the Clearing House will use the relevant FCM EnClear Contract Terms applicable to an FCM EnClear Contract to calculate the amounts due under the FCM EnClear Contract to, or from, the Clearing House in accordance with the FCM Procedures.~~

~~8.7 “US Business Day” means a day upon which banks in the United States of America are generally open to settle payments and for general business. “UK Business Day” means a day upon which banks in England and Wales are generally open to settle payments and for general business.~~

~~Section 9~~Section 6. Economic Terms

~~9.16.1 The Economic Terms of an FCM EnClear Contract shall be derived from the information presented to the Clearing House by the parties to the corresponding FCM EnClear Transaction in respect of the terms designated as Economic Terms in this Schedule.~~

~~9.26.2 It is part of the eligibility criteria for registration as an FCM EnClear Contract that the particulars of an FCM EnClear Transaction presented to the Clearing House must include matched information in respect of all such designated Economic Terms with the exception of 2.3(viii) which will be determined in accordance with the FCM Procedures.~~

~~9.36.3 The Economic Terms comprise:~~

- ~~(a) Fixed Rate Payer or seller;~~
- ~~(b) Floating Rate Payer or buyer;~~
- ~~(c) Contract;~~
- ~~(d) Contract Series;~~
- ~~(e) Quantity;~~
- ~~(f) Delivery Period (where applicable);~~
- ~~(g) Fixed Price or Traded Price (as the case may be);~~
- ~~(h) Floating Price (where applicable).~~

~~PROVIDED, however, that, as set out in FCM Regulation 50 where the FCM EnClear Transaction specifies an FCM Clearing Member as the party paying the Fixed Price or being the seller (“the First EnClear Clearing Member”) with the other FCM Clearing Member (or LCH EnClear OTC Clearing Member, as the case may be) as the party paying the Floating Price or being the buyer (“the Second EnClear Clearing Member”) the Clearing House, in respect of each FCM EnClear Contract it is party to pursuant to the corresponding FCM EnClear Transaction, shall be (i) the party paying the Floating Price or the buyer to the First EnClear Clearing Member under the FCM EnClear Contract; and (ii) the party paying the Fixed Price or seller to the Second EnClear Clearing Member under the FCM EnClear Contract.~~

~~Section 10 Specific Standard Terms For FCM EnClear Contracts~~

~~{Sections 3.1 and 3.2 no longer in force}~~

~~3.5 LCH EnClear OTC Services: Energy Division~~

~~{Section 3.3 not applicable to the FCM EnClear Service}~~

~~3.6 LCH EnClear OTC Services: Freight Division~~

~~Section 3.4 of Part A of the Schedule to the LCH EnClear OTC Regulations in the UK General Regulations is incorporated herein by reference; provided, that for purposes of the~~

~~FCM Regulations, (i) references therein to LCH EnClear OTC Contracts shall instead be to FCM EnClear Contracts and (ii) references therein to an Eligible OTC Trade shall instead be to an FCM EnClear Transaction.~~

~~3.5 — LCH EnClear OTC Services: Precious Metals Division~~

~~{Section 3.5 not applicable to the FCM EnClear Service}~~

~~Section 11 — General Standard Terms~~

~~4A. — The following General Standard Terms apply to all FCM EnClear Contracts:~~

~~4.A.1 — Payment of Stamp Tax and Other Taxes~~

- ~~(d) — All payments due under an FCM EnClear Contract shall be made by the FCM Clearing Member free and clear and without deduction or withholding for or on account of any tax.~~
- ~~(e) — The Clearing House shall make any payments due to an FCM Clearing Member net of any deduction or withholding for or on account of any tax it is required to make from such payments.~~
- ~~(f) — The FCM Clearing Member shall indemnify the Clearing House against any Stamp Tax or other duty or tax levied or imposed upon the Clearing House in whatsoever jurisdiction in respect of the Clearing House's execution or performance of this FCM EnClear Contract.~~

~~4.A.2 — Payment of Stamp Tax~~

- ~~— The FCM Clearing Member will pay any Stamp Tax or other similar duty levied or imposed upon it in respect of any FCM EnClear Contract to which it is a party by a jurisdiction in which it is incorporated, organized, managed and controlled, or considered to have its seat, or in which a branch or office through which it is acting is located or by any other jurisdiction.~~
- ~~— The FCM Clearing Member shall indemnify the Clearing House against any stamp tax or other duty levied or imposed upon the Clearing House by any such jurisdiction in respect of any FCM EnClear Contract registered by the Clearing House and to which that FCM Clearing Member is a party.~~

~~4.A.3 — Payments under an FCM EnClear Contract~~

- ~~— The Clearing House shall, unless specified otherwise in the FCM Procedures, effect daily settlement to market of open FCM EnClear Contracts in accordance with the FCM Regulations. Any Reference Price shall be determined in accordance with the FCM Regulations and the FCM Procedures.~~
- ~~— Payments under, and in respect of, an FCM EnClear Contract shall be calculated by the Clearing House and shall be made by, or to, the FCM Clearing Member in accordance with the provisions of the FCM Regulations and the FCM Procedures.~~

4.A.4 — FCM Regulations

~~This FCM EnClear Contract shall be subject to the FCM Regulations and the FCM Procedures, which shall form a part of its terms. In the event of any inconsistency between these FCM EnClear Contract Terms and the FCM Regulations and/or the FCM Procedures, the FCM Regulations and the FCM Procedures will prevail.~~

4.A.5 — Governing Law

~~This FCM EnClear Contract shall be governed by and construed in accordance with the laws of the State of New York in the United States of America without regard to principles of conflicts of laws and the parties hereby irrevocably agree for the benefit of the Clearing House that (i) the courts of the State of New York, Borough of Manhattan in the United States of Americas, (ii) the United States District Court for the Southern District of New York, or (iii) the courts of England and Wales shall have exclusive jurisdiction to hear and determine any action or dispute which may arise herefrom. The FCM Clearing Member party to this FCM EnClear Contract irrevocably submits to such jurisdiction and to waive any objection it might otherwise have to such jurisdiction, save that this submission to the exclusive jurisdiction of the courts of the State of New York, Borough of Manhattan in the United States of Americas, the United states District Court for the Southern District of New York or the courts of England and Wales shall not (and shall not be construed so as to) limit the right of the Clearing House to take proceedings in any other court of competent jurisdiction, nor shall the taking of action in one or more jurisdictions preclude the Clearing House from taking action in any other jurisdiction, whether concurrently or not.~~

4.A.6 — Third Party Rights

~~A person who is not a party to this FCM EnClear Contract shall have no rights under or in respect of this FCM EnClear Contract. Rights of third parties to enforce any terms of this FCM EnClear Contract are expressly excluded.~~

~~4B. [Section 4B not applicable to the FCM EnClear Service]~~

~~4C. The following Standard Terms apply only in respect of FCM EnClear Contracts arising from FCM EnClear Transactions (Freight Division):~~

4C.1 — Unavailability of any Reference Price

~~In the event that the Clearing House is unable, after exercising all reasonable commercial diligence, to obtain any relevant Reference Price on any day, the Clearing House may use a price as provided by a panel formed by the Forward Freight Agreement Brokers Association or other applicable provider designated by the Clearing House.~~

4.C.2 — Calculation Agent

~~The Calculation Agent is the Clearing House.~~

4.C.3 — Change in Route

~~In the event of a change in a route, the successor reference price as published by the Baltic Exchange or other applicable provider designated by the Clearing House shall be applicable.~~

Part B

Product Eligibility Criteria for Registration of an FCM EnClear Contract

2. FCM EnClear Transactions

(a)

2.2 FCM EnClear Product Eligibility Criteria for FCM EnClear Transactions

2.2.1 [This section has been removed]

2.2.2 [This section has been removed]

2.2.3 Product Eligibility Criteria for FCM EnClear Transactions in the Freight Division

The parts of Section 1.2.3 of Part B of the Schedule to the LCH EnClear OTC Regulations in the UK General Regulations relating to the Freight Division are incorporated herein by reference; provided, that for purposes of the FCM Regulations, (i) references therein to LCH EnClear OTC Contracts shall instead be to FCM EnClear Contracts and (ii) references therein to an Eligible OTC Trade shall instead be to an FCM EnClear Transaction.

The Clearing House has prepared a statement explaining: (i) how a transfer under the Client Clearing DMP will work, and (ii) the main legal implications of such a transfer, including information on the applicable insolvency law in the relevant jurisdictions. This statement is available on the Clearing House's website at [\[insert link\]](#).

LCH.CLEARNET LIMITED

The Financial Services and Markets Act 2000 (Recognition Requirements for Investment Exchanges and Clearing Houses) Regulations 2001, Part IV

DEFAULT RULES

1. Save where expressly stated to the contrary these Default Rules ("Rules") have effect with regard to the provision of clearing services for all markets cleared by the Clearing House. These Rules (including each Supplement) form part of the Clearing House's Rulebook but do not apply in relation to a Co-operating Clearing House.

~~(a)~~ The Rules comprise:

- these general Default Rules (Rules 1 to 27 inclusive);
- Supplements specific to the following Services: the Commodities Service, the Equities Service, the ForexClear Service, the Listed Interest Rate Derivatives Service, the RepoClear Service and the SwapClear Service.

Each Supplement establishes a separate default fund specific to the Service to which the Supplement relates. The Supplements establish the size of each default fund, the basis for calculating Contributions to each default fund, and include supplementary provisions addressing cases where the relevant default fund has been utilised. The general Default Rules establish the mechanisms, which apply severally to each default fund, for utilisation of the default funds, and for other matters common to all default funds.

The allocation by the Risk Committee of the Clearing House of a Contract to a particular Service to which a Supplement applies shall be done in accordance with the definitions set out in the Supplements, and each decision of the Risk Committee in this respect is conclusive.

2.

2.(a) Words and expressions defined in the Clearing House's Rulebook shall have the same meanings in these Rules, save that in relation to the provision of clearing services by an FCM Clearing Member, words and expressions defined in the Clearing House's FCM Regulations shall have the same meanings in these Rules and such meanings shall prevail over any other meaning given to the relevant word or expression in the Clearing House's Rulebook;

(b) ~~A~~a reference to a numbered Regulation in these Rules is a reference to the Regulation so numbered in the Regulations ~~s~~Section of the Rulebook and a reference to a numbered FCM Regulation is a reference to the FCM Regulation so numbered in the FCM Regulations. A reference to a numbered Rule is a reference to the Rule so numbered in these Rules;

(c) ~~The~~the expression "relevant office-holder" in these Rules has the meaning given to it ~~by~~in section 189 of the Companies Act 1989 and a reference to the ~~d~~Defaulter shall include (where the context permits) a reference to the relevant office-holder; and

(d) ~~A~~a reference to an agreement in these Rules is a reference to that agreement as amended, modified or varied from time to time.

3. ~~In the event of a Clearing Member appearing to the Clearing House to be unable, or to be likely to become unable, to meet its obligations in respect of one or more Contracts, the Clearing House may (or upon the occurrence of an Automatic Early Termination Event, in which case such eContracts will automatically terminate, the Clearing House will) take such~~the steps listed in Rule ~~6~~as 6, it deems appropriate in the circumstances ~~appear to it best calculated:~~

(a) ~~to discharge all the Clearing Member's rights and liabilities under or in respect of all Contracts to which it is party or upon which it is or may be liable;~~ and

(b) ~~to complete the process set out in Rule 8.8.~~

Before taking any such step the Clearing House shall (i) have regard to the interests of the members of any market that the Clearing Member may belong to ~~and shall~~(ii) where ~~in the circumstances~~ it is reasonably practicable to do so and without prejudice to those interests if applicable or to the interests of the Clearing House, consult any relevant ~~Exchange to whose Exchange Rules open contracts registered in the name of the Clearing Member are subject;~~ and (iii) inform the Bank of England of the proposed step(s) to be taken. As soon as practicable after the Clearing House has elected to take any such step in relation to a Clearing Member (or in the case of an Automatic Early Termination Event (as described in Rule ~~5~~5 below) as soon as practicable after the occurrence of such an event) the Clearing House shall send to ~~such~~the relevant Clearing Member: (a) a notice of such step being taken or a notice of the occurrence of an Automatic Early Termination Event (a "Default Notice"); and shall publish a copy of the Default Notice; and (b) in relation to a ~~d~~Defaulter who is a ~~SwapClear~~ Clearing Member, copies of any written notices received from the Individual Segregated Account Clearing Client(s) and/or any of the Affiliated Omnibus Net-Segregated Clearing Client(s) Clients or Identified Omnibus Segregated Clearing Clients of that ~~d~~Defaulter confirming their instructions for the Clearing House to arrange for a transfer or termination, close-out and re-establishment of their open ~~SwapClear~~ Contracts to/with the relevant Back-up ~~SwapClear~~ Clearing Member(s), ~~provided; however; that~~ the Clearing House shall have no liability for any failure to deliver such notices.

4. A Clearing Member (i) in respect of whom the Clearing House has issued a Default Notice under Rule ~~3.3~~; or (ii) in respect of whom an Automatic Early Termination Event has occurred, is in these Rules called a "~~d~~"**Defaulter**".
5. Without prejudice to the generality of Rule ~~3.3~~, the Clearing House may take any or all of the events under paragraphs ~~5(a)5(a)~~ to ~~(q)(q)~~ below to show that a Clearing Member is or is likely to become unable to meet its obligations in respect of one or more Contracts. Also, the Clearing House may from time to time by publication in a circular to Clearing Members specify criteria (including but not limited to the jurisdiction of incorporation of a Clearing Member) according to which an event under ~~sub~~-paragraphs ~~5(i)(i)~~ to ~~(p)(p)~~ below will constitute an "**Automatic Early Termination Event**".
- (a) the Clearing Member fails duly to perform its obligations under or is otherwise in breach of, the Regulations, the FCM Regulations, the Procedures, or any of the terms of any agreement, understanding or arrangement with the Clearing House or the right of the Clearing Member to receive a transfer or termination, close-out and re-establishment of ~~e~~Contracts pursuant to a Link has been suspended under ~~Participating Exchange Rules, or a Co-operating Clearing Member is a Defaulter (as defined in a Member Link Agreement to which the Clearing Member is a party);~~ House Rules;
- (b) the Clearing Member is in breach of the terms of membership of, or is declared to be in default by, or is suspended or expelled from membership of, an Exchange, a ~~Participating Exchange~~Co-operating Clearing House or any other recognised, designated or overseas investment exchange or clearing house;
- (c) the Clearing Member is in breach of any Exchange Rules, ~~Participating Exchange~~Co-operating Clearing House Rules or the rules of any recognised, designated or overseas investment exchange or clearing house;
- (d) the Clearing Member is in breach of the terms of membership of, or is refused an application for or is suspended or expelled from membership of, a Regulatory Body or is in breach of the rules of a Regulatory Body to which it is subject or its authorisation by a Regulatory Body is suspended or withdrawn;
- (e) a Regulatory Body takes or threatens to take action against or in respect of the Clearing Member under any statutory provision or process of law;
- (f) the Clearing Member is in default in the payment of any sum whatsoever due and payable to the Clearing House;
- (g) the Clearing Member is in default in making or accepting a tender (or Delivery Notice) pursuant to Regulation ~~19~~28 (Obligation to Make and Accept Tender under Cleared Exchange Contracts) or FCM Regulation 20 (Obligation to Make and Accept Delivery Notice Under FCM Exchange Contracts) or in performing an open contract subject to tender (or an FCM Exchange Contract Subject to Delivery Notice) or a delivery contract (or a Physically-Settled FCM Exchange Contract);

- (h) the Clearing Member fails to pay any sum due and payable, or is otherwise in default under the terms of any agreement or threatens to suspend payment or to default under the terms of any agreement;
- (i) in respect of the Clearing Member, a bankruptcy petition is presented or a bankruptcy order is made or a voluntary arrangement is approved;
- (j) in respect of the Clearing Member, a receiver, manager or administrative receiver is appointed or a composition or scheme of arrangement is approved by the court;
- (k) an assignment or composition is made by the Clearing Member for the benefit of creditors or any of them;
- (l) a petition is presented for the winding up of the Clearing Member;
- (m) an order is made for the winding up of the Clearing Member, or a resolution is passed for the winding up of the Clearing Member (save for the purpose of its amalgamation or reconstruction);
- (n) in respect of the Clearing Member, a petition is presented or an order made for the appointment of an administrator;
- (o) the Clearing Member, being a partnership, is dissolved, or being a registered company, is dissolved or suffers its name to be struck off the register of companies;
- (p) any step analogous to those mentioned in paragraphs ~~(i) to (o)~~ (i) and (o) is taken in respect of the Clearing Member in any jurisdiction; or
- (q) any distress, execution or other process is levied or enforced or served upon or against any property of the Clearing Member.
6. The steps which may be taken by the Clearing House under Rule 33 in respect of the ~~d~~Defaulter or otherwise are:
- (a) to register an original contract or an FCM Transaction (as the case may be) in the name of the ~~d~~Defaulter or to decline to register an original contract or an FCM Transaction (as the case may be) in the name of the ~~d~~Defaulter or otherwise to exercise the Clearing House's² discretion with regard to the ~~d~~Defaulter under Regulation 916(c) (Registration) or, in the case of an FCM Clearing Member, FCM Regulations ~~30(i);45(h) and 40(h);48(g) or other applicable provision in the FCM Rulebook;~~
- (b) to effect a closing-out in respect of an open contract of the ~~d~~Defaulter (whether by the entering into of a closing-out contract or otherwise) and at the option of the Clearing House to settle such contracts or to effect the transfer or termination, close-out and cash-settlement of an open contract of the ~~d~~Defaulter by applying a price determined by the Clearing House in its discretion;

- (c) to settle any open contract of which settlement might have been requested by the ~~defaulter pursuant to Regulation 15(e) or 16;~~ Defaulter pursuant to Regulation 23(e) (Daily Settlement or Marking to Market), or 25 (Other Modes of Settlement and Revaluation) or, in the case of an FCM Clearing Member, FCM Regulation 16 (Official Quotations and Reference Price; Settlement and Revaluation);
- (d) to invoice a Contract, other than a SwapClear Contract, an FCM SwapClear Contract, a ForexClear Contract, an FCM ForexClear Contract ~~,- a RepoClear Contract or a RepoClear GC Contract (a RepoClear Contract or RepoClear GC Contract being a "Fixed Income Contract");~~ of the ~~d~~Defaulter back by way of compulsory settlement in accordance with Regulation ~~28~~39 (Invoicing Back) at a price or premium determined under paragraph (d) of that Regulation~~;~~, or in the case of an FCM Clearing Member, FCM Regulation 31 (Invoicing Back);
- (e) to sell any security ~~transferred-deposited~~ by the ~~defaulter to the Clearing House~~ Defaulter pursuant to Regulation ~~12~~20 (Margin and Collateral) or, in the case of a ~~d~~Defaulter who is an FCM Clearing Member, FCM Regulation ~~9~~14 (Margin and Collateral), or any agreement made between the ~~d~~Defaulter and the Clearing House by public or private sale for the account of the ~~d~~Defaulter without being obliged to obtain the ~~d~~Defaulter's consent or any order of a court of law, and to appoint any person to execute any document for such purpose in the name and on behalf of the ~~d~~Defaulter;
- (f) subject to the Procedures or the FCM Procedures~~,- (as applicable);~~ to exercise an option of the ~~d~~Defaulter on its behalf notwithstanding that such exercise may take place on a day which is not a day prescribed for such exercise by any relevant Exchange Rules;
- (g) (i) to transfer an open contract, position or asset of the ~~d~~Defaulter to the account of another Clearing Member~~-or;~~ (ii) to transfer an open contract from the account of another Clearing Member to the account of the Defaulter for the purposes of closing out an open contract registered in an account of the Defaulter or for any other reason which the Clearing House considers appropriate in the circumstances without requiring the consent of any relevant Exchange; or (iii) to close-out and terminate such an open contract and re-establish it with another Clearing Member, being a Clearing Member entitled and willing to have such open contract registered in its name-or to transfer an open contract from the account of another Clearing Member to the account of the defaulter for the purposes of closing out an open contract registered in an account of the defaulter or for any other reason which the Clearing House considers appropriate in the circumstances without requiring the consent of any relevant Exchange;
- (h) to take such steps as may be desirable, including (i) crediting or debiting of accounts (including margin accounts)~~;~~; (ii) entry into new contracts~~;~~; (iii) transfer of existing contracts~~;~~; (iv) reversal of contracts~~,-or;~~ (v) termination, close-out and re-establishment of contracts~~;~~; or (vi) any other step, to preserve as far as possible the position of any client of the Clearing Member. Where an open contract is transferred or closed-out, terminated, and re-established under

~~paragraph (g)~~, Rule 6(g) above, without requiring the consent of the relevant Exchange, to transfer (whether by way of transfer or by way of termination, close-out and re-establishment of positions) to the Clearing Member to whom the open contract is transferred (or with whom the replacement open contract is re-established) such Collateral ~~held by the Clearing House in respect of the defaulter's margin obligations on~~ connection with that account as the Clearing House may deem appropriate;

- (i) to tender (or submit a Delivery Notice) or to receive a tender (or a Delivery Notice) in the ~~d~~DDefaulter's name;
- (j) to perform on an open contract subject to tender (or an FCM Exchange Contract Subject to Delivery Notice) or a delivery contract (or Physically-Settled FCM Exchange Contract) by either delivery of or by accepting delivery of the commodity which is the subject of such contract to or from, as the case may be, the ~~d~~DDefaulter, its agent or a third party in any manner permitted by the terms of the Contract and the Exchange Rules (if any);
- (k) where the ~~d~~DDefaulter is party to an open contract subject to tender (or an FCM Exchange Contract Subject to Delivery Notice), to declare the ~~d~~DDefaulter's rights and liabilities in respect of performance thereof discharged, whereupon the provisions of Rule ~~77~~ shall apply to the ~~d~~DDefaulter in respect of the open contract;
- (l) to make or to procure the making of one or more contracts, including (without limitation) original contracts for the purpose of hedging market risk to which the ~~d~~DDefaulter is exposed, and to register the same in the ~~d~~DDefaulter's name under the Regulations or the FCM Regulations (as the case may be);
- (m) to make or to procure the making of one or more contracts, whether or not in the terms of exchange contracts (or FCM Exchange Transactions), for the sale, purchase or other disposition of a commodity, and to register the same in the ~~d~~DDefaulter's name under the Regulations;
- (n) to designate a currency as a currency of account; and at the ~~d~~DDefaulter's expense to convert any sum payable by or to the ~~d~~DDefaulter in another currency into the currency of account;
- (o) to take any step which in the circumstances is open to the Clearing House under any applicable Exchange Rules including, without limitation, to transfer (whether by way of transfer or by way of termination, close-out and re-establishment) an open contract of the ~~d~~DDefaulter to a ~~Participating Exchange~~ Co-operating Clearing House to be registered at the ~~Participating Exchange~~ Co-operating Clearing House in accordance with its rules;
- (p) without prejudice to any other right of the Clearing House under the Regulations, to take such action as the Clearing House may deem necessary for its protection in the name and at the expense of the ~~d~~DDefaulter with regard to any open contract standing in its name;

- (q) in respect of Contracts standing in the ~~Defaulters'~~ name, to charge to its account the amount (or, if the amount is not finally known, the estimated amount) of any expenses incurred by the Clearing House with regard to or in consequence of the circumstances mentioned in Rule ~~33~~ or the steps which are or may be taken under this Rule, the Regulations or the FCM Regulations (as the case may be) and any expenses incurred with regard thereto under Rule ~~11~~ ~~and the amount of any losses, costs or expenses incurred or suffered by the Clearing House referred to in paragraph (g) of Regulation 42 and any other amounts referred to in such paragraph;~~ 13;
- (r) to take any other step calculated by the Clearing House to complete the process set out in Rule ~~8;8~~; and
- (s) to obtain such advice or assistance, whether legal ~~advice~~ or otherwise, as the Clearing House may deem necessary and at the expense of the ~~Defaulters~~ for any matter arising out of or in connection with the default,

~~PROVIDED~~ provided that:

in the case of ~~SwapClear Contracts related to SwapClear~~ all Client Clearing Client Business Contracts, the Clearing House—: (A) shall act in accordance with the provisions of ~~Regulation 52B~~ the Client Clearing Annex (which deals, amongst other things, with certain specific arrangements, procedures and steps for the transfer, termination, close-out and re-establishment or the close-out and/or settlement of such ~~SwapClear Client Clearing~~ Contracts pursuant to this Rule ~~6;6~~); and (B) may also take any of the other steps set out in this Rule ~~66~~ to the extent that they do not conflict with the steps set out in ~~Regulation 52B~~;

~~(ii)~~ (i) ~~in the case of FCM SwapClear Contracts related to FCM SwapClear Client Business, (A) the SwapClear DMP shall be conducted in accordance with the provisions of FCM Regulation 8(f);~~ the Client Clearing Annex and (B), provided that, in no circumstances will the Clearing House may take sell any of the other steps set out security deposited as Collateral in a Client Account and forming part of the Clearing Member Current Collateral Balance in respect of such Client Account pursuant to (without limitation) paragraphs (e), (h), (p) or (r) of this Rule 6, the Client Clearing Annex to these Default Rules or otherwise for the extent that they do not conflict with duration of the provisions of FCM Regulation 8(f); Porting Window applicable to the relevant Clearing Client, other than (1) with the consent, to the selling of such securities, of the relevant Clearing Client (in the case of an Individual Segregated Account) or all of the Clearing Clients grouped together in and comprising the relevant Omnibus Segregated Account (in the case of an Omnibus Segregated Account); or (2) where a Clearing Client (in the case of an Individual Segregated Account) or each of the Clearing Clients grouped together in and comprising the relevant Omnibus Segregated Account (in the case of an Omnibus Segregated Account) has appointed a Backup Clearing Member who is

unable to accept or otherwise rejects a transfer of the relevant securities as part of the transfer of an Account Balance in accordance with the provisions of the Client Clearing Annex to these Default Rules;

~~(iii)~~(ii) in the case of SwapClear Contracts, related to SwapClear Clearing House Business, ~~FCM SwapClear Contracts related to FCM SwapClear House Business~~ and SwapClear Contracts which are Relevant Auction Contracts, the Clearing House: (A) shall act in accordance with the provisions of the SwapClear DMP Annex to these Default Rules (which deals, amongst other things, with certain specific arrangements, procedures and steps for the close-out and/or settlement of such SwapClear Contracts pursuant to this Rule ~~6);6);~~ and (B) may also take any of the other steps set out in this Rule ~~66~~ to the extent that they do not conflict with the steps set out in the SwapClear DMP Annex to these Default Rules;

in the case of ForexClear Contracts, ~~certain steps which shall be taken by the related to ForexClear~~ Clearing House ~~shall be set out in Business and ForexClear Contracts which are Relevant Auction Contracts, the Clearing House:~~ (A) shall act in accordance with the provisions of the ForexClear DMP Annex to these Default Rules; ~~and~~

~~(v)~~(iii) ~~in the case of Fixed Income Contracts, the~~ (which deals, amongst other things, with certain specific arrangements, procedures and steps for the close-out and/or settlement of such ForexClear Contracts pursuant to this Rule 6); and (B) may also take any of the other steps ~~which shall be taken by the Clearing House shall be~~ set out in this Rule 6 to the extent that they do not conflict with the steps set out in the ~~Rep~~ ForexClear DMP Annex to these Default Rules; ~~and~~

~~(iv)~~ ~~(a)~~ (a) in the case of Fixed Income Contracts related to RepoClear Clearing House Business and Fixed Income Contracts which are Relevant Auction Contracts, the Clearing House: (A) shall act in accordance with the provisions of the RepoClear DMP Annex to these Default Rules (which deals, amongst other things, with certain specific arrangements, procedures and steps for the close-out and/or settlement of such Fixed Income Contracts pursuant to this Rule 6); and (B) may also take any of the other steps set out in this Rule 6 to the extent that they do not conflict with the steps set out in the RepoClear DMP Annex to these Default Rules.

7.

7.(a) Where the Clearing House declares the ~~d~~Defaulter²'s rights and liabilities under an open contract subject to tender (or an FCM Exchange ~~Contracts~~ subject Contract Subject to Delivery Notice) discharged under Rule ~~6(k);6(k):~~

(i) those rights and liabilities and the rights and liabilities of the Clearing House under the open contract shall be discharged; ~~and;~~

- (ii) there shall arise between the ~~e~~Defaulter and the Clearing House in respect of the open contract an obligation to account, as directed by the Clearing House, for a settlement amount determined by the relevant Board under this Rule.
- (b) The settlement amount referred to in ~~paragraph (a)~~ Rule 7(a) shall be an amount which, at the request of the Clearing House, the relevant Board determines to represent adequate compensation (in the circumstances known to the Board) for the discharge of the mutual rights and liabilities of the ~~e~~Defaulter and the Clearing House under the open contract. The ~~Board's~~ determination of the Board shall be conclusive. The Clearing House shall direct how the settlement amount is to be accounted for between the ~~e~~Defaulter and itself.
- (c) Neither the Clearing House nor any relevant Board or Exchange shall have any liability whatsoever for anything done or omitted in the determination of a settlement amount under this Rule.
8. Upon the determination ~~of~~ the outstanding ~~rights and liabilities~~ of the ~~e~~Defaulter under or in respect of all Contracts to which it is party or upon which it is or may be liable (in accordance with Rule ~~6,6~~ and the SwapClear DMP Annex, the ForexClear DMP Annex, the RepoClear DMP Annex and ~~Regulation 52B~~ the Client Clearing Annex (as applicable)), the following process shall be completed by the Clearing House in order to determine any net amounts which remain payable between the ~~e~~Defaulter and the Clearing House in respect of each "**kind of account**-" as described in Rule ~~10(b)~~ 11(b):
- (a) there shall be brought into account all sums payable:
- (i) by or to a ~~e~~Defaulter in respect of Contracts (other than FCM Contracts); any other sum due under the Regulations; any sum due in respect of any breach of the Regulations; (except, if the Clearing House so determines at its discretion, any sum payable under a Contract as the price for the commodity which is the subject of such Contract delivered or to be delivered to the Clearing House by or on behalf of the ~~e~~Defaulter); and/or any amount due from the ~~e~~Defaulter to the Clearing House in respect of any Treasury Contract;
- (ii) by or to a ~~e~~Defaulter in respect of FCM Contracts (and in accordance with paragraph ~~(e)~~ (e) below); any other sum due under the FCM Regulations; and/or any sum due in respect of any breach of the FCM Regulations;
- (b) the sums so payable shall be aggregated or set off so as to produce a net sum or as many net sums as required by Rule ~~10;~~ 11;
- (c) any cash Collateral forming part of the Clearing House Current Collateral Balance in respect of the relevant kind of account ~~shall be set off against any cash Collateral forming part of the~~ ~~e~~Defaulter's Clearing Member Current Collateral Balance in respect of the relevant kind of ~~account~~, and the resulting amount shall be aggregated with or set off against (as the case may

be) any net sum payable under Rule 8(b) above, so as to produce a further net sum;

~~or set off against (as the case may be) any net sum payable under Rule 8(b) above, so as to produce a further net sum;~~

(d) where an amount is payable by the Clearing House to the ~~d~~Defaulter in respect of a balance on its Proprietary Account(s), and there are amounts due to the Clearing House in respect of any ~~client account~~Client Account with ~~LCH~~the Clearing House, including any FCM Omnibus Client Account with LCH (and any FCM Client ~~Segregated~~ Sub-Accounts therein) operated by it, the balance on the Proprietary Account(s) may be applied to meet the shortfall on the ~~client account~~Client Account(s) with ~~LCH~~the Clearing House, including any FCM Omnibus Client Account with LCH (and any FCM Client ~~Segregated~~ Sub-Accounts therein) in any way in which the Clearing House may determine;

(e) ~~notwithstanding anything to the contrary in the foregoing,~~ in the case where the ~~d~~Defaulter is an FCM Clearing Member,

(i) with respect to an FCM Omnibus Swaps Client Account with LCH, a net sum shall be calculated in respect of each applicable FCM Client ~~Segregated~~ Sub-Account ~~therein~~, and with regards to any amount due to the Clearing House from the ~~d~~Defaulter in respect of net sums attributable to FCM Client ~~Segregated~~ Sub-Accounts where there is inadequate Collateral (on a sub-account by sub-account basis) to fully set off such amount payable, the Clearing House shall have sole discretion with respect to the allocation of any available FCM Buffer or the reallocation of any ~~Applied~~Encumbered FCM Buffer in setting off any such amounts payable to the Clearing House; and

(ii) with respect to an FCM Omnibus Futures Client Account with LCH, a net sum shall be calculated in respect of the FCM Omnibus Futures Client Account with LCH;

(f) in the event that the Clearing House elects to close out and to liquidate FCM SwapClear Contracts attributable to FCM Clients of the ~~d~~Defaulter (in accordance with the SwapClear DMP Annex), the Clearing House shall allocate any costs associated with such closing out and liquidation process (including hedging costs (including the gains and losses associated with hedging transactions) and liquidation/auction costs and losses) among the FCM Clients whose positions were liquidated, by allocation to such FCM Clients²; FCM Client ~~Segregated~~ Sub-Accounts that are held in the ~~d~~Defaulter²'s FCM Omnibus SwapClear Client Account with LCH, in the manner set out in Section 2A.15.6 of the FCM Procedures and in accordance with Parts 22 and ~~Part~~ 190 of the CFTC Regulations and any other applicable law;

(g) in the event that the Clearing House elects to close out and to liquidate FCM ForexClear Contracts attributable to FCM Clients of the ~~d~~Defaulter (in accordance with the ForexClear DMP Annex), the Clearing House shall allocate any costs associated with such closing out and liquidation process

(including hedging costs (including the gains and losses associated with hedging transactions) and liquidation/auction costs and losses) among the FCM Clients whose positions were liquidated, by allocation to such FCM Clients' FCM Client ~~Segregated~~ Sub-Accounts that are held in the ~~d~~Defaulter's FCM Omnibus ForexClear Client Account with LCH, in the manner set out in Section 2B.23.6 of the FCM Procedures and in accordance with Parts 22 and ~~Part~~ 190 of the CFTC Regulations and any other applicable law; and

(h) in the event that the Clearing House elects to close out and to liquidate FCM EnClear Contracts attributable to FCM Clients of the ~~d~~Defaulter, the Clearing House shall allocate any costs associated with such closing out and liquidation process (including hedging costs (including the gains and losses associated with hedging transactions) and liquidation/auction costs and losses) among the FCM Clients whose positions were liquidated, by allocation to such FCM Clients' FCM Client ~~Segregated~~ Sub-Accounts that are held in the ~~d~~Defaulter's FCM Omnibus EnClear Client Account with LCH, in the manner set out in Section 2C.1.20 of the FCM Procedures and in accordance with Parts 22 and ~~Part~~ 190 of the CFTC Regulations and any other applicable law.

For the purposes of ~~paragraph (a) of this Rule~~ Rule 8(a) above the Clearing House may assess the sum payable by or to the ~~d~~Defaulter in respect of any breach of the Regulations or the FCM Regulations (as the case may be) in such reasonable manner as it thinks fit; **provided, that** in the case of breaches of the FCM Regulations, the assessment by the Clearing House shall not be in violation of the CFTC Regulations (including Part 22 thereof).

With respect to any Unallocated Excess ~~deposited~~ maintained in the Unallocated Excess Sub-Account of the ~~d~~Defaulter, the Clearing House shall not be permitted to apply any such Unallocated Excess to the obligations of the ~~d~~Defaulter to the Clearing House (on behalf of the ~~d~~Defaulter's FCM Clients or otherwise) or take any such Unallocated Excess into account for purposes of determining net sums under this Rule ~~8,8~~, except to the extent required or permitted by applicable law or directed by the applicable bankruptcy trustee or Regulatory Body in accordance with applicable law.

9. The sum, or each sum, finally payable by the ~~d~~Defaulter to the Clearing House or by the Clearing House to the ~~d~~Defaulter (including any sums payable to the ~~d~~Defaulter for the benefit of one or more of its FCM Clients), or the fact that no sum is finally payable by either such party to the other, as the case may be upon completion of the process set out in Rule ~~8,8~~, shall be forthwith certified by the Clearing House ~~for the purposes of section 163 of the Companies Act 1989~~. The certificate of the Clearing House under this Rule shall be conclusive as to the discharge of the ~~d~~Defaulter's rights and liabilities in respect of the Contracts to which it relates. The Clearing House shall, as soon as practicable after issuing a Default Notice in respect of a Clearing Member, appoint a day on which any net sums certified under this Rule to be due to the ~~d~~Defaulter are to be paid by the Clearing House. The day so appointed may fall before or after the effective date of termination of the ~~d~~Defaulter's Clearing Membership Agreement but shall not fall on a day before the process specified in Rule ~~88~~ can be completed.

10. ~~9A~~—Following a Default by an FCM Clearing Member, ~~with respect to an FCM Client~~, the Clearing House will to the extent permitted by applicable law (including Part 190 of the CFTC Regulations and applicable bankruptcy law), credit Variation Margin on a gross basis to each individual FCM Client Sub-Account.

11.

~~10.(a)~~ (a)—Where the ~~d~~Defaulter has more than one account with the Clearing House, the ~~d~~Defaulter's accounts shall be combined for the purpose of Rules ~~88~~ and ~~99~~ as follows:

(i) no account which is an FCM Client ~~Segregated~~ Sub-Account of an FCM Client may be combined with any other account, including any FCM Client ~~Segregated~~ Sub-Account of another FCM Client, any FCM Omnibus Client Account with LCH or any Proprietary Account; **provided, that** in the event that an FCM Client were to have two FCM Client ~~Segregated~~ Sub-Accounts with the same ~~d~~Defaulter, and both such accounts cleared the same Product, then such FCM Client ~~Segregated~~ Sub-Accounts may be combined;

(ii) no account which is an FCM Omnibus Client Account with LCH of the ~~d~~Defaulter may be combined with any other account, including any other FCM Omnibus Client Account with LCH or any Proprietary Account, ~~except as provided in paragraph (iii) below~~;

(iii) an account which is a Proprietary Account of the ~~d~~Defaulter may be combined with any other Proprietary Accounts of the ~~d~~Defaulter and (if the Clearing House so elects) Treasury Accounts of the ~~d~~Defaulter (subject to Rule ~~8(d) and 10(d)~~ 11(d) of the Default Rules); and

(iv) an account which is a Treasury Account of the ~~d~~Defaulter may only be combined with other Treasury Accounts and (if the Clearing House so elects) Proprietary Accounts of the ~~d~~Defaulter.

Notwithstanding the foregoing, in no circumstances may an account which is an Individual Segregated Account of the ~~d~~Defaulter or an Omnibus ~~Net~~ Segregated Account of the ~~d~~Defaulter be combined with any other account of the ~~d~~Defaulter.

(b) For the purposes of this Rule ~~10,11~~, each Individual Segregated Account of the ~~d~~Defaulter, each Omnibus ~~Net~~ Segregated Account of the ~~d~~Defaulter, each FCM Client ~~Segregated~~ Sub-Account(s) of a particular FCM Client within a particular FCM Omnibus Swaps Client Account with LCH of the ~~d~~Defaulter, and each FCM Omnibus Futures Client Account with LCH shall constitute a separate **“kind of account”**. Where the ~~d~~Defaulter has more than one kind of account with the Clearing House, the process set out in Rule ~~88~~ shall be separately completed in respect of each kind of account. In the case of each kind of account of the ~~d~~Defaulter which is ~~not an Omnibus Net~~ Individual Segregated Account, the sum finally payable in respect of that kind of account following completion of the process set out in Rule ~~8 shall be separately certified under Rule 9. In the case of each kind of account of the defaulter which is an~~ 8 shall be separately certified under Rule 9. In the case of each

kind of account of the Defaulter which is an Omnibus Segregated Account (other than a Non-Identified Client Omnibus Net Segregated Account), the sum finally payable in respect of that kind of account following completion of the process set out in Rule 8 will be allocated by the Clearing House (pro rata as it sees fit in its sole discretion) between the Clearing Clients in that Omnibus Segregated Account. Each sum so allocated to a Clearing Client shall be separately certified under Rule 9. In the case of each kind of account of the Defaulter which is a Non-Identified Client Omnibus Net Segregated Account, the sum finally payable in respect of that kind of account following completion of the process set out in Rule 8 will be allocated by the Clearing House (pro rata as it sees fit in its sole discretion) between the Omnibus Net Segregated Clearing Clients sharing in that Omnibus Net Segregated Account. Each sum so allocated to an Omnibus Net Segregated Clearing Client shall be separately certified under Rule 9 will represent the aggregate entitlements of all Clearing Clients comprising that Client Account.

(c) In Rule ~~8(e)~~8 any reference to the “~~defaulter’s~~ relevant "kind of account"” means:

~~(ii)~~(i) with regard to a net sum produced by reference to Contracts registered in an Individual Segregated Account of the ~~d~~dDefaulter, that Individual Segregated Account;

(ii) with regard to a net sum produced by reference to Contracts registered in an Omnibus ~~Net~~ Segregated Account of the ~~d~~dDefaulter, that Omnibus ~~Net~~ Segregated Account;

(iii) with regard to a net sum produced by reference to FCM SwapClear Contracts registered in one or more FCM Client ~~Segregated~~ Sub-Accounts of the ~~d~~dDefaulter held in the name of one particular FCM Client, that FCM Client ~~Segregated~~ Sub-Account, or (if there is more than one) all such FCM Client ~~Segregated~~ Sub-Accounts (containing FCM SwapClear Contracts) of ~~a~~such particular FCM Client combined;

(iv) with regard to a net sum produced by reference to FCM ForexClear Contracts registered in one or more FCM Client ~~Segregated~~ Sub-Accounts of the ~~d~~dDefaulter held in the name of one particular FCM Client, that FCM Client ~~Segregated~~ Sub-Account, or (if there is more than one) all such FCM Client ~~Segregated~~ Sub-Accounts (containing FCM ForexClear Contracts) of ~~a~~such particular FCM Client combined;

(v) with regard to a net sum produced by reference to FCM EnClear Contracts registered in one or more FCM Client ~~Segregated~~ Sub-Accounts of the ~~d~~dDefaulter held in the name of one particular FCM Client, that FCM Client ~~Segregated~~ Sub-Account, or (if there is more than one) all such FCM Client ~~Segregated~~ Sub-Accounts (containing FCM EnClear Contracts) of ~~a~~such particular FCM Client combined;

(vi) with regard to a net sum produced by reference to FCM Contracts registered in an FCM Omnibus Futures Client Account with LCH of the ~~d~~dDefaulter, that FCM Omnibus Futures Client Account with LCH,

or (if there is more than one) all such FCM Omnibus Futures Client Accounts with LCH of the ~~d~~Defaulter combined;

(vii) with regard to a net sum produced by reference to Contracts registered in one or more Proprietary Accounts of the ~~d~~Defaulter, that Proprietary Account or those Proprietary Accounts combined and (if the Clearing House has elected in accordance with Rule ~~10(a)~~11(a)) any Treasury Accounts of the ~~d~~Defaulter; and

(viii) with regard to a net sum produced by reference to one or more Treasury Accounts of the ~~d~~Defaulter, that Treasury Account or those Treasury Accounts combined, and (if the Clearing House has elected in accordance with Rule ~~10(a)~~11(a)) any Proprietary Accounts.

(d) Notwithstanding any provision of the Rulebook to the contrary, any loss which relates to a Treasury Account may not be treated as a Default Loss ~~(as defined in Rule 23(b))~~, whether or not Collateral has been applied in respect of such loss. Nothing in this Rule ~~10(d)~~11(d) requires the Clearing House to apply Collateral in respect of any such loss ~~instead of any other amount referred to in Rule 8(a)~~, except that the Clearing House may not apply Collateral in respect of any such loss to the extent that doing so would give rise to an Excess Loss ~~(as defined in Rule 15)~~.

~~41.12.~~ Without further authorisation, permission or cooperation from the ~~d~~Defaulter, the Clearing House may appoint any person to take or assist it in taking any step under these Rules or to complete or assist it in completing the process set out in Rule ~~8.8.~~

~~42.13.~~ The Clearing House may co-operate, by the sharing of information and otherwise, with any Regulatory Body or relevant Exchange, any relevant office-holder acting in relation to the ~~d~~Defaulter or its estate and any other authority or body having responsibility for, or any Clearing Member having an interest in, any matter arising out of or connected with the circumstances mentioned in Rule ~~3.3.~~

~~43.14.~~ In addition to such copy report as it supplies under section 162(3) of the Companies Act 1989, the Clearing House shall report to the ~~d~~Defaulter, or any relevant office-holder acting in relation to the ~~d~~Defaulter or its estate, on steps taken in relation to the ~~d~~Defaulter under Rule ~~6.6.~~

SCHEDULE 1
CLIENT CLEARING ANNEX

1. The Client Clearing DMP in respect of any contract which is a Contract entered into in respect of Client Clearing Business other than FCM Contracts (each a "**Relevant Contract**") shall involve the stages set out in this Annex. For the avoidance of doubt, in the case of a Defaulter who engages in more than one Relevant Client Clearing Business, the stages set out in this Annex will be implemented separately in relation to the Relevant Contracts entered into by such Defaulter in respect of each such Relevant Client Clearing Business. The Clearing House will not combine Relevant Contracts relating to different Relevant Client Clearing Businesses in a single Client Clearing DMP. The terms "**Account Balance**", "**Clearing Client**", "**Relevant Contract**", "**Relevant Auction Contract**", "**Individual Segregated Account**", "**Individual Segregated Account Clearing Client**", "**Individual Segregated Account Balance**", "**Omnibus Segregated Account**", "**Non-Identified Client Omnibus Net Segregated Account**", "**Identified Client Omnibus Net Segregated Account**", "**Affiliated Client Omnibus Net Segregated Account**", "**Omnibus Gross Segregated Account**", "**Non-Identified Omnibus Segregated Clearing Client**", "**Identified Omnibus Segregated Clearing Client**", "**Affiliated Omnibus Segregated Clearing Client**", "**Omnibus Gross Segregated Clearing Client**", "**Omnibus Segregated Account Balance**", "**Indirect Client**", "**Client Clearing Entitlement**", "**Aggregate Omnibus Client Clearing Entitlement**" and "**Clearing Agreement**" where used in paragraphs 2 to 18 of this Annex shall be interpreted accordingly.
2. For the purposes of this Annex, a Relevant Contract relating to ForexClear Clearing Client Business or SwapClear Client Clearing Business of a Clearing Member and a Relevant Contract relating to RepoClear Client Clearing Business of a Clearing Member which is a Fixed Income Contract (each a "**Relevant Auction Contract**") will be included in a Portfolio (as such term is defined in, respectively, the ForexClear DMP Annex to the Default Rules, the SwapClear DMP Annex to the Default Rules and the RepoClear DMP Annex to the Default Rules) from such time as the Clearing House determines that such Relevant Auction Contract will not be ported. For the avoidance of doubt, any such Portfolio will only contain Relevant Auction Contracts entered into by a Clearing Member on behalf of its Clearing Clients. The Clearing House shall not be entitled to combine client and house positions in a single Portfolio.
3. In the case of a Relevant Contract other than a Relevant Auction Contract which cannot be ported in accordance with the terms of this Annex, the Clearing House may take any one or more of those other steps which are set out in Rule 6 of the Default Rules (and which are applicable to open contracts of the relevant type) in respect of such Relevant Contract, from such time as the Clearing House determines that porting will not occur.
4. If a Clearing Member becomes a Defaulter, the Clearing House shall:

 - 4.1 determine one or more Porting Windows in respect of the relevant Default where "**Porting Window**" means the period of time, commencing on the day of the relevant Default and being at least 24 hours (other than in the case of a Porting Window

Reduction (as defined below)), during which the Clearing House will seek to transfer Relevant Contacts entered into by the Defaulter and the Account Balances held in any Client Accounts opened by the Defaulter with the Clearing House to one or more Backup Clearing Members in accordance with the provisions of this Client Clearing Annex. Each such Porting Window will:

- (a) be determined by the Clearing House in its sole discretion separately in respect of each type of Client Account within each separate Relevant Client Clearing Business of the relevant Defaulter (where Individual Segregated Accounts, Omnibus Gross Segregated Accounts, Identified Client Omnibus Net Segregated Accounts and Affiliated Client Omnibus Net Segregated Accounts are each a different "type of Client Account") and published on its website; and
- (b) reflect, where applicable, any subsequent extension of the relevant period of time or, for a particular Client Account, a reduction of such period of time (a "Porting Window Reduction") applied by the Clearing House in its sole discretion and notified by means of a further publication on its website, provided, however, that (i) a Porting Window Reduction may be applied by the Clearing House to a particular Client Account solely where the Required Margin Amount in respect of such Client Account following the relevant Default becomes equal to 50% or more of the value of the Clearing Member Current Collateral Balance of such Client Account at the time of such Default; and (ii) in no circumstances will the total duration of the Porting Window following a Porting Window Reduction be less than 12 hours;

4.2 determine the Account Balances;

4.3 in the case of any Non-Identified Client Omnibus Net Segregated Account of a Defaulter who is an Exempt Client Clearing Member, seek to determine, in accordance with its default management procedures, the identities, and entitlements in respect of Contracts entered into by the relevant Exempt Client Clearing Member, in respect of each of the Clearing Clients grouped together in and comprising the relevant Non-Identified Client Omnibus Net Segregated Account. Where the Clearing House so determines the identities and entitlements of all of the relevant Clearing Clients to its satisfaction and in its sole and absolute discretion, those Clearing Clients shall cease to be designated as Non-Identified Omnibus Net Segregated Clearing Clients and shall instead become Determined Omnibus Net Segregated Clients (and the term "**Determined Omnibus Net Segregated Clients**" is defined accordingly);

4.4 ascertain to its satisfaction whether each Clearing Client of the Defaulter from whom porting instructions are received has appointed a Backup Clearing Member; and

4.5 where applicable, send details of the open Relevant Contracts and the Account Balances to the nominated Backup Clearing Member for each relevant Individual Segregated Account, each relevant Omnibus Gross Segregated Clearing Client, each relevant group of Combined Omnibus Gross Segregated Clearing Clients and each relevant Omnibus Segregated Account of the Defaulter.

5. Following the occurrence of a Default, the Clearing House will specify (and publish on its website) the deadline in respect of that particular Default by which time a consent to porting must be received from a client for the purposes of paragraphs 6.1 and 6.2, 7 or 8.1 and 8.2 (as applicable) in order for the Clearing House to seek to port that client's Relevant Contracts. Any such consent may be provided in writing (including by facsimile and email) and, once received by the Clearing House, may not be withdrawn.
6. Subject to paragraph 14 below, in circumstances where (a) an Individual Segregated Account Clearing Client or an individual Omnibus Gross Segregated Clearing Client (other than a Combined Omnibus Gross Segregated Clearing Client) has appointed a Backup Clearing Member; and (b) within such period as the Clearing House may determine of the service of a Default Notice on the relevant Clearing Member pursuant to Rule 3 of the Default Rules or the Clearing House becoming aware of the occurrence of an Automatic Early Termination Event in respect of that Clearing Member (as the case may be) and the Clearing House has received confirmation in writing from the Backup Clearing Member of its agreement to act as Backup Clearing Member in relation to the arrangements described in paragraph 6.1 below and from the relevant client:
- 6.1 the Clearing House shall (a) transfer all of the open Relevant Contracts entered into by the Defaulter in respect of the relevant Clearing Client to the appointed Backup Clearing Member; or (b) terminate and close out such contracts at their market value (as determined by the Clearing House in its discretion) and enter into new contracts on equivalent terms to such contracts with the appointed Backup Clearing Member in respect of the relevant Clearing Client;
- 6.2 where the relevant Clearing Client (in an exercise of its rights under the relevant Security Deed or, in the case of such a client of a Defaulter who is an Exempt Client Clearing Member, following acceleration of the obligations of the Defaulter under its Undertaking to Pay or Deliver, so that such obligations become immediately due and payable, and satisfaction of such obligations by the Clearing House enforcing the security granted in its favour by the Defaulter under the relevant Deed of Charge) instructs a transfer of the Account Balance attributable to it to the appointed Backup Clearing Member, the Clearing House shall give effect to such instruction;
- 6.3
- (a) upon the Clearing House taking the actions specified in paragraph 6.1(a) above: (i) that portion (if any) of the Clearing House Current Collateral Balance in respect of the Defaulter which is attributable to the Relevant Contracts referred to in that paragraph (the "**Relevant Portion**") shall be reduced to zero; and (ii) the Clearing House Current Collateral Balance in respect of the Backup Clearing Member shall be increased by an amount equal to the value of the Relevant Portion immediately prior to the reduction referred to in (i) immediately above; and
- (b) upon the Clearing House taking the actions specified in paragraph 6.1(b) above, the Clearing House Current Collateral Balance in respect of the Backup Clearing Member shall be increased by an amount equal to the value of that portion of the Clearing House Current Collateral Balance in respect of the

Defaulter which was attributable to the Relevant Contracts referred to in that paragraph immediately prior to the termination and close-out of such Relevant Contracts in accordance with that paragraph; and

6.4 the amount of Collateral due to be returned to the Defaulter in respect of the relevant Client Account or the monetary value representing such amount of Collateral shall be reduced by an amount: (a) equivalent to the amount of Collateral comprising the Account Balance attributable to the relevant Clearing Client; or (b) equalling the monetary value representing such Account Balance (as applicable), transferred to the Backup Clearing Member, as referred to in paragraph 6.2 above.

7. Subject to paragraph 14 below, in circumstances where (a) an Individual Segregated Account Clearing Client of a Defaulter has appointed a Backup Clearing Member and is acting on behalf of Indirect Clearing Clients; and (b) within such period as the Clearing House may determine of the service of a Default Notice on the relevant Clearing Member pursuant to Rule 3 of the Default Rules or the Clearing House becoming aware of the occurrence of an Automatic Early Termination Event in respect of that Clearing Member (as the case may be), the Clearing House has received confirmation (i) in writing from the Backup Clearing Member of its agreement to act as Backup Clearing Member in relation to the arrangements described in paragraph 6.1; (ii) from the relevant client; and (iii) from each of the relevant Indirect Clearing Clients, the arrangements described in paragraphs 6.1, 6.2, 6.2 and 6.4 above will apply to (i) the Relevant Contracts entered into by the Defaulter in respect of the relevant Individual Segregated Account Clearing Client acting on behalf of its Indirect Clearing Clients; (ii) the Clearing House Collateral Balance in respect of the Defaulter and the Backup Clearing Member which is attributable to the Relevant Contracts specified in (i) immediately above; and (iii) the Individual Segregated Account Balance credited to the Individual Segregated Account opened within the Clearing House by the Defaulter in respect of the relevant Individual Segregated Account Clearing Client acting on behalf of its Indirect Clearing Clients.

8. Subject to paragraph 14 below, in circumstances where (a) all of the Identified Omnibus Net Segregated Clearing Clients of a Defaulter identified by the Clearing House as comprising a single Identified Client Omnibus Net Segregated Account or all of the Affiliated Omnibus Net Segregated Clearing Clients of a Defaulter identified by the Clearing House as comprising a single Affiliated Client Omnibus Net Segregated Account or each of the Omnibus Gross Segregated Clearing Clients comprising a group of Combined Omnibus Gross Segregated Clearing Clients, have appointed a single Backup Clearing Member; and (b) within such period as the Clearing House may determine following the service of a Default Notice on the relevant Clearing Member pursuant to Rule 3 of the Default Rules or the Clearing House becoming aware of the occurrence of an Automatic Early Termination Event in respect of that Defaulter (as the case may be), the Clearing House has received confirmation in writing from the Backup Clearing Member of its agreement to act as Backup Clearing Member in relation to the arrangements described in paragraph 8.1 below and from the relevant clients (in such form as the Clearing House may require at the relevant time):

8.1 the Clearing House shall (a) transfer all of the open Relevant Contracts entered into by the Defaulter in respect of the relevant clients to the appointed Backup Clearing

Member; or (b) terminate and close out such contracts at their market value (as determined by the Clearing House in its discretion) and enter into new contracts on equivalent terms to such contracts with the appointed Backup Clearing Member in respect of the relevant clients;

8.2 where all of the relevant clients (in an exercise of their respective rights under the relevant Security Deed or, in the case of such clients of a Defaulter who is an Exempt Client Clearing Member, following acceleration of the obligations of the Defaulter under its Undertaking to Pay or Deliver, so that such obligations become immediately due and payable, and satisfaction of such obligations by the Clearing House enforcing the security granted in its favour by the Defaulter under the relevant Deed of Charge) instruct a transfer of the Omnibus Segregated Account Balances attributable to them to the appointed Backup Clearing Member, the Clearing House shall give effect to such instructions;

8.3

(a) upon the Clearing House taking the actions specified in paragraph 8.1(a) above: (i) that portion (if any) of the Clearing House Current Collateral Balance in respect of the Defaulter which is attributable to the Relevant Contracts referred to in that paragraph (the "**Relevant Portion**") shall be reduced to zero; and (ii) the Clearing House Current Collateral Balance in respect of the Backup Clearing Member shall be increased by an amount equal to the value of the Relevant Portion immediately prior to the reduction referred to in (i) immediately above; and

(b) upon the Clearing House taking the actions specified in paragraph 8.1(b) above, the Clearing House Current Collateral Balance in respect of the Backup Clearing Member shall be increased by an amount equal to the value of that portion of the Clearing House Current Collateral Balance in respect of the Defaulter which was attributable to the Relevant Contracts referred to in that paragraph immediately prior to the termination and close-out of such Relevant Contracts in accordance with that paragraph; and

8.4 the amount of Collateral due to be returned to the Defaulter in respect of the Omnibus Segregated Account in which the relevant Omnibus Segregated Clearing Clients have an interest or the monetary value representing such amount of Collateral shall be reduced by an amount: (a) equivalent to the aggregate amount of Collateral comprising the Omnibus Segregated Account Balances attributable to the relevant Omnibus Segregated Clearing Clients or (b) equalling the aggregate monetary values representing such Omnibus Segregated Account Balances (as applicable) transferred to the Backup Clearing Member, as referred to in paragraph 8.2 above.

9. The Clearing House will seek to port Relevant Contracts and Account Balances under paragraphs 6.1 and 6.2, 7 or 8.1 and 8.2 above within the relevant Porting Window. In relation to those Clearing Clients of the Defaulter (including any such Clearing Clients who are acting on behalf of Indirect Clearing Clients) whose open Relevant Contracts are not dealt with pursuant to paragraphs 6.1 and 6.2, 7 or 8.1 and 8.2 above, the processes described in paragraphs 9.1 to 9.3 below shall occur.

9.1 In the case of those Clearing Clients who are Individual Segregated Account Clearing Clients, Identified Omnibus Segregated Clearing Clients or Affiliated Omnibus Segregated Clearing Clients, the Clearing House shall calculate the entitlement to Collateral and amounts in respect of the close-out of Relevant Contracts (the "Client Clearing Entitlement") of the Defaulter in respect of each such Clearing Client reflecting (a) the addition of any sums due from the Clearing House in respect of the close-out of the Relevant Contracts entered into by the Defaulter in respect of the relevant Clearing Client and (b) the deduction of (i) the costs of any hedging undertaken; (ii) amounts required to discharge all obligations owed to the Clearing House relating to Relevant Contracts entered into by the Defaulter in respect of the relevant Clearing Client (in the case of Relevant Auction Contracts, such amounts, together with the amounts referred to in (a) and the costs referred to in (b)(i) of this paragraph 9.1, being determined by the Clearing House under the processes provided for by the SwapClear DMP Annex, the ForexClear DMP Annex or the RepoClear DMP Annex (as applicable)); (iii) any amounts to be deducted to reflect the operation of any set-off provision contained in a Clearing Agreement entered into between the Defaulter and the relevant Clearing Client and confirmed in writing to the Clearing House by or on behalf of both such parties; (iv) in respect of Clearing Clients who are identified by the Clearing House as comprising an Omnibus Segregated Account which is not an Omnibus Gross Segregated Account, amounts required to discharge all obligations owed to the Clearing House relating to Relevant Contracts entered into by the Defaulter in respect of other Omnibus Segregated Clearing Clients identified by the Clearing House as comprising the relevant Omnibus Segregated Account in question, in each case allocated *pro rata* as the Clearing House sees fit, in its sole discretion and (v) in respect any Omnibus Gross Segregated Clearing Client forming part of a group of Combined Omnibus Gross Segregated Clearing Clients, amounts required to discharge all obligations owed to the Clearing House relating to Relevant Contracts entered into by the Defaulter in respect of other Omnibus Gross Segregated Clearing Clients forming part of the same group of Combined Omnibus Gross Segregated Clearing Clients, in each case allocated *pro rata* as the Clearing House sees fit, in its sole discretion.

Save in the case of any amount paid to a Clearing Client in accordance with paragraph 9.2 below, the Clearing House will (upon, where applicable, instruction from the relevant Clearing Client in an exercise of its rights under the relevant Security Deed or, in the case of such a client of a Defaulter who is an Exempt Client Clearing Member, following acceleration of the obligations of the Defaulter under its Undertaking to Pay or Deliver, so that such obligations become immediately due and payable, and satisfaction of such obligations by the Clearing House enforcing the security granted in its favour by the Defaulter under the relevant Deed of Charge) pay the amounts of the Client Clearing Entitlements calculated by it under this paragraph 9.1 to the Defaulter for the account of the relevant clients.

9.2 Where the relevant Individual Segregated Account Clearing Client, Identified Omnibus Segregated Clearing Client or Affiliated Omnibus Segregated Clearing Client (in an exercise of its rights under the relevant Security Deed or, in the case of such a client of a Defaulter who is an Exempt Client Clearing Member, following acceleration of the obligations of the Defaulter under its Undertaking to Pay or Deliver, so that such obligations become immediately due and payable, and satisfaction of such obligations by the Clearing House enforcing the security granted

in its favour by the Defaulter under the relevant Deed of Charge) instructs the Clearing House to pay an amount to it equal to the Client Clearing Entitlement due to be returned in respect of it to the Defaulter, the Clearing House shall seek to give effect to such instructions, subject to:

- (a) the delivery by the relevant Clearing Client and/or, where applicable, execution by the relevant Clearing Client, of appropriate documentation as specified on the Clearing House's website from time to time (which may, without limitation, include an indemnity (secured or otherwise));
- (b) in the case of any deduction made pursuant to (iii) in paragraph 9.1 of this Annex, the provision of appropriate documentation by or on behalf of the Defaulter;
- (c) in the case of an Affiliated Omnibus Net Segregated Clearing Client or an Identified Omnibus Net Segregated Clearing Client (for the purposes of this paragraph 9.2, the "**relevant Omnibus Net Segregated Clearing Client**") the delivery to the Clearing House by the relevant Omnibus Net Segregated Clearing Client of notification, setting out (to the satisfaction of the Clearing House, at its sole and absolute discretion and without the need for independent verification): (i) the identity of the relevant Omnibus Net Segregated Clearing Client; (ii) the relevant Omnibus Net Segregated Clearing Client's pro rata entitlement to the Collateral and amounts in respect of the close-out of Relevant Contracts held in the relevant Omnibus Segregated Account; and (iii) confirmation that the pro rata share referred to in (ii) has been agreed between the relevant Omnibus Net Segregated Clearing Client and all of the other Clearing Clients identified by the Clearing House as comprising the same single Omnibus Segregated Account as the relevant Omnibus Net Segregated Clearing Client (for the purposes of this paragraph 9.2, each such other Clearing Client being a "**relevant other Omnibus Net Segregated Clearing Client**"); and
- (d) in the case of a relevant Omnibus Net Segregated Clearing Client, the delivery to the Clearing House by each of the relevant other Omnibus Net Segregated Clearing Clients in respect of that relevant Omnibus Net Segregated Clearing Client, of notification setting out the equivalent information in respect of the relevant other Omnibus Net Segregated Clearing Client as is required to be provided to the Clearing House in the notification described in paragraph (c) above in respect of a relevant Omnibus Net Segregated Clearing Client.

The Clearing House will determine in its sole and absolute discretion, in accordance with its default management procedures applicable to the Relevant Client Clearing Business and its risk management obligations, the period of time (the "**Return Window**") during which it will seek to give effect to instructions received from Clearing Clients in accordance with this paragraph 9.2. The Clearing House may determine a different Return Window in respect of each different type of Client Account opened by the Defaulter with the Clearing House (where Individual Segregated Accounts, Omnibus Gross Segregated Accounts, Identified Client Omnibus Net Segregated Accounts and Affiliated Client Omnibus Net Segregated Accounts are each a different "type of Client Account") and will publish each such Return Window on its website. Any Client Clearing Entitlement which has not been

paid by the Clearing House to the relevant Clearing Client in accordance with this paragraph 9.2 by the time of the expiry of the relevant Return Window shall instead be paid to the Defaulter for the account of the relevant Clearing Client in accordance with paragraph 9.1 above.

9.3 In the case of the Non-Identified Omnibus Segregated Clearing Clients of a Defaulter, the Clearing House shall calculate the aggregate entitlement to Collateral and amounts in respect of the close-out of Relevant Contracts (the "**Aggregate Omnibus Client Clearing Entitlement**") of the Defaulter in respect of all such clients collectively reflecting (a) the addition of any sums due from the Clearing House in respect of the close-out of the Relevant Contracts entered into by the Defaulter in respect of the relevant clients and (b) the deduction of (i) the costs of any hedging undertaken; (ii) amounts required to discharge all obligations owed to the Clearing House relating to Relevant Contracts entered into by the Defaulter in respect of the relevant client (in the case of Relevant Auction Contracts, such amounts, together with the amounts referred to in (a) and the costs referred to in (b)(i) of this paragraph 9.3, being determined by the Clearing House under the processes provided for by the SwapClear DMP Annex, the ForexClear DMP Annex or the RepoClear DMP Annex (as applicable)); (iii) any amounts to be deducted to reflect the operation of any set-off provision contained in a Clearing Agreement entered into between the Defaulter and any such relevant client and confirmed in writing to the Clearing House by or on behalf of both such parties; and (iv) amounts required to discharge all obligations owed to the Clearing House relating to Relevant Contracts entered into by the Defaulter in respect of the other Non-Identified Omnibus Segregated Clearing Clients of the Defaulter, in each case allocated *pro rata* as the Clearing House sees fit in its sole discretion. All amounts calculated in respect of Aggregate Omnibus Client Clearing Entitlements under this paragraph 9.3 shall be paid by the Clearing House to the Defaulter for the account of the relevant clients.

10. Risk Neutralisation and the auction process relating to the Relevant Auction Contracts which are SwapClear Contracts shall be conducted in accordance with the provisions of the SwapClear DMP Annex, save that no hedging shall be undertaken in respect of any Relevant Contract relating to SwapClear Client Clearing Business until such time as the Clearing House has determined that the Relevant Contract in question will not be ported, from which time such contract shall be a Relevant Auction Contract and included in a Portfolio in accordance with the terms of paragraph 2 of this Client Clearing Annex and the terms of such SwapClear DMP Annex.

11. Risk Neutralisation and the auction process relating to the Relevant Auction Contracts which are ForexClear Contracts shall be conducted in accordance with the provisions of the ForexClear DMP Annex, save that no hedging shall be undertaken in respect of any Relevant Contract relating to ForexClear Clearing Client Business until such time as the Clearing House has determined that the Relevant Contract in question will not be ported, from which time such contract shall be a Relevant Auction Contract and included in a Portfolio in accordance with the terms of paragraph 2 of this Client Clearing Annex and the terms of such ForexClear DMP Annex.

12. Risk Mitigation and the auction process relating to the Relevant Auction Contracts which are Fixed Income Contracts shall be conducted in accordance with the provisions of the RepoClear DMP Annex, save that no hedging shall be undertaken in respect of any Fixed Income Contract which is a Relevant Contract relating to

RepoClear Client Clearing Business until such time as the Clearing House has determined that the Relevant Contract in question will not be ported, from which time such contract shall be a Relevant Auction Contract and included in a Portfolio in accordance with the terms of paragraph 2 of this Client Clearing Annex and the terms of such RepoClear DMP Annex.

13. Determination of the Account Balances, the Client Clearing Entitlements and the Aggregate Omnibus Client Clearing Entitlements will be undertaken by the Clearing House in accordance with its own records based on information provided to it by the Defaulter. The Clearing House shall be under no obligation to verify or to conduct any independent enquiry in respect of any such information and shall be entitled for all purposes to treat it as definitive. However, the Clearing House may, in its absolute discretion, adjust its records to reflect any matter which it believes should be taken into account in determining the Account Balances, the Client Clearing Entitlements and/or the Aggregate Omnibus Client Clearing Entitlements.
14. Nothing in this Client Clearing Annex shall give rise to a requirement for the Clearing House to take any action which would contravene the provisions of any applicable laws or of any United Nations, European Union or other sanctions or other similar measures implemented or effective with respect to a Clearing Client which is, or is controlled by or otherwise connected with, a person resident in, incorporated in or constituted under the laws of, or carrying on business in a country to which any such sanctions or other similar measures apply, or is otherwise the target of any such sanctions or other similar measures.
15. Subject to this paragraph and to paragraph 16 below, a person who is not a party to this Client Clearing Annex (the parties to this Client Clearing Annex for these purposes being the Clearing House and the Clearing Members) has no right under the Contracts (Rights of Third Parties) Act 1999 (the "**Third Parties Act**") to enforce any term of this Client Clearing Annex.
16. Clearing Clients of a Defaulter may enforce the terms of this Client Clearing Annex subject to and in accordance with Regulation 52 (*Exclusion of Liability*) and the provisions of the Third Parties Act.
17. Notwithstanding paragraph 16 above, the Clearing House will not require the consent of the Clearing Clients to rescind or to vary this Client Clearing Annex at any time.
18. A Clearing Client of a Defaulter may not assign or transfer or purport to assign or to transfer a right to enforce a term of this Client Clearing Annex under the Third Parties Act.

SCHEDULE 2
SWAPCLEAR DMP ANNEX

1. Scope and Interpretation

1.1 The Clearing House has established a SwapClear DMP which will apply to SwapClear Contracts following the issue of a Default Notice relating to a SwapClear Clearing Member and in respect of which, for the avoidance of doubt, the Clearing House will have no recourse to the process of invoicing-back. The fundamental principles of the SwapClear DMP are elaborated to the fullest extent possible in this Annex. Where exhaustive detail cannot be laid out in the provisions of this Annex, the SwapClear DMP will be undertaken on the basis of the principles contained herein.

1.2 The Clearing House has an obligation to ensure the on-going integrity of the SwapClear service and SwapClear Contracts in the interests of the Non-Defaulting SCMs. When a SwapClear Clearing Member defaults, Non-Defaulting SCMs are required to supply impartial expertise through the SwapClear DMG and to bid for the Auction Portfolios of a Defaulting SCM, as laid out in this Annex. In addition, most SCMs or their parent companies or subsidiaries or fellow subsidiaries, have direct interests in that integrity, notably as contributors to the various default funds of the Clearing House. Each SCM shall take all steps and execute all documents necessary or required by the Clearing House to comply with its obligations as a SCM arising out of this ~~SwapClear DMP~~ Annex.

1.3 The initial ~~margin requirements~~ margin process in respect of SwapClear Contracts will be such so as to ensure that the acceptance of bids for the Auction Portfolios of a Defaulting SCM will recognise risk premiums, and that equivalent premiums will be paid by the Clearing House in closing-out large positions in other Contracts traded on exchange or ATS-organised markets.

1.4 In this Annex:

~~“AIP”~~ has the meaning given in Rule ~~2.4~~2.4 of this Annex;

~~“Auction”~~ means the process of bidding by SwapClear Clearing Members for an Auction Portfolio prescribed by the Clearing House following consultation with the SwapClear DMG from time to time in accordance with Rule ~~2.3~~2.3 of this Annex;

~~“Auction Currency” means in relation to an Auction, the currency of an Auction Portfolio which is the subject of that Auction;~~

~~“Auction Losses”~~ has the meaning given in Rule ~~2.5~~2.5(b) of this Annex;

~~“Auction Portfolio”~~ means (i) a Portfolio; or (ii) a group of SwapClear Contracts resulting from the splitting of a Portfolio pursuant ~~Rule 2.1 to Rule 2.1~~ of this Annex including any connected hedging trades concluded by the Clearing House through Risk Neutralisation;

~~“Auction Portfolio Category” means in relation to an Auction Portfolio, the SwapClear Contract Category to which the SwapClear Contracts in the Auction Portfolio belong, provided that in the case of an Auction Portfolio containing both~~

IRS SwapClear Contracts and Inflation SwapClear Contracts, the relevant Auction Portfolio Category shall be deemed to be the Inflation SwapClear Contract Category;

"Auction Portfolio Currency" means in relation to an Auction Portfolio, the SwapClear currency in which the SwapClear Contracts in the Auction Portfolio are denominated;

"Bankruptcy Code" means the U.S. Bankruptcy Code, as amended;

"CEA" means the U.S. Commodity Exchange Act, as amended;

"CFTC" means the U.S. Commodity Futures Trading Commission;

~~"Currency Participant" means, in respect of a specific SwapClear currency, a Non-Defaulting SCM who at the time the Clearing House declares a Default has SwapClear Contracts for that SwapClear currency registered in its name;~~

"Derivatives Clearing Organization" means an organisation designated and registered as such by way of United States Code Title 7, Chapter 1, paragraph 7a-1;

"Equal Bid" has the meaning given in Rule ~~2.3.5~~2.3(e) of this Annex;

"Expected Auction Participant" means, in respect of an Auction Portfolio, any Non-Defaulting SCM who, at the time the Clearing House declares a Default, has at least one Resembling Contract registered in its name;

"FCM SwapClear Client Business" means the provision of FCM SwapClear Client Clearing Services by an FCM Clearing Member to its FCM Clients;

"FCM SwapClear House Business" means the FCM SwapClear Contracts entered into by an FCM Clearing Member for its own account or for the account of an Affiliate;

"Guidance" means guidance, in the form of one or more written notices, issued from time to time pursuant to Rule ~~1.21.2~~ of this Annex by or on behalf of the Clearing House to SwapClear Clearing Members, supplementing the detail or conduct of any aspect of the SwapClear DMP;

"Higher Bid" and "Higher Bidder" have the meanings given in Rule ~~2.5.3~~2.5(c) of this Annex;

"Inflation SwapClear Contract Category" means the category of SwapClear Contracts which comprises Inflation SwapClear Contracts registered with the Clearing House;

"Initial Resources" has the meaning given in Rule ~~2.5.2~~2.5(b) of this Annex;

"IRS SwapClear Contract Category" means the category of SwapClear Contracts which comprises IRS SwapClear Contracts registered with the Clearing House;

"Losing ~~Currency~~ AP Type" has the meaning given in Rule 2.5(d) of this Annex;

"Losing Original SCM" has the meaning given in Rule 2.5.4 of this Annex;

~~“Losing Currency Original SCM”~~ has the meaning given in Rule 2.5.4 of (d) of this Annex;

~~“Losing Currency Unfunded SCM”~~ has the meaning given in Rule 2.5.7 2.5(g) of this Annex;

~~“Margin Cover”~~ has the meaning given in Rule 16(1) 15(a) of the Default Fund Rules;

~~“Non-Defaulters’ Contributions”~~ means the SwapClear Contributions made by Non-Defaulting SCMs to the SwapClear Default Fund;

~~“Original Contributions”~~ has the meaning given in Rule 2.5.3 2.5(c) of this Annex;

~~“Portfolios”~~ means, in respect of each SwapClear currency, the SwapClear Contracts in such currency registered in the name of a Defaulting SCM; in respect of House Clearing Business or the SwapClear Contracts in such currency registered in the name of a Defaulting SCM in respect of Client Clearing Business and, in both such cases includes, where relevant, ~~includes~~ any ~~connected~~ hedging trades connected to the relevant SwapClear Contracts concluded by the Clearing House through Risk Neutralisation. For the avoidance of doubt, a Portfolio containing SwapClear Contracts relating to the Client Clearing Business of a Defaulting SCM will only contain SwapClear Contracts relating to Client Clearing Business. The Clearing House shall not be entitled to combine client and house positions in a single Portfolio;

~~“Potential Unfunded Contributions”~~ has the meaning given in Rule 2.4.2 2.4(b) of this Annex;

“Recognised Clearing House” mean an organisation which is declared to be a recognised clearing house by a recognition order (that is for the time being in force) made under section 290(1)(b) of the Financial Services and Markets Act 2000;

~~“Recognised Clearing House” mean an organisation which is declared to be a recognised clearing house by a recognition order (that is for the time being in force) made under section 290(1)(b) of the Financial Services and Markets Act 2000;~~

~~“Relevant Original Contributions”~~ has the meaning given to it in Rule 2.5.3 2.5(c) of this Annex;

~~“Relevant Unfunded Contributions”~~ has the meaning given to it in Rule 2.5.6 2.5(f) of this Annex;

~~“Remaining Original Short Bidder”~~ has the meaning given in Rule 2.5.3 2.5(c) of this Annex;

~~“Remaining Unfunded Short Bidder”~~ has the meaning given to it in Rule 2.5.6 2.5(f) of this Annex;

“Resembling Contract” means, in respect of the SwapClear Contracts in a specific Auction Portfolio, a SwapClear Contract registered in the name of a Non-Defaulting SCM that (i) is denominated in the same Portfolio Currency as such SwapClear

Contracts and (ii) belongs to the SwapClear Contract Category which corresponds to the Auction Portfolio Category of such Auction Portfolio;

"Risk Neutralisation" means the process of reducing the market risk associated with a Defaulting SCM's obligations to the Clearing House under SwapClear Contracts by hedging the exposure prior to the auction process as described in Rule ~~2.2.2~~ of this Annex;

"Short Bidder" has the meaning given in Rule ~~2.5.3~~2.5(c) of this Annex;

"SwapClear Contract Category" means a category of SwapClear Contracts, being either the Inflation SwapClear Contract Category or the IRS SwapClear Contract Category;

"SwapClear Default Management Process Completion Date" means the date when the SwapClear Default Management Process in relation to a Default has been completed as determined by the Clearing House in consultation with the SwapClear DMG and notified to all SCMs;

"SwapClear DMG" means the advisory Default Management Group established by the Clearing House pursuant to the terms of this Annex;

"SwapClear DMP or SwapClear Default Management Process" means the processes of the Clearing House outlined in this Annex, as the same may be supplemented and/or amended from time to time in accordance with this Annex; and

"Worst Case Loss" means, in respect of ~~an Auction Portfolio or all of (i)~~ the SwapClear Contracts in an Auction Portfolio or (ii) the Resembling Contracts of a particular Non-Defaulting SCM ~~denominated in a particular currency~~, the largest loss which could be incurred by the Clearing House in respect of the relevant group of SwapClear Contracts, as determined by the Clearing House using the SwapClear PAIRS margining algorithm based on ~~1250~~2,500 historical scenarios (~~5~~10 years history) and a holding period of 5 days.

Terms used in this Annex which are not defined herein shall have the meanings given to them in the Regulations and in the FCM Regulations.

2. **SwapClear Clearing House Business and FCM SwapClear House Business**

The SwapClear Default Management Process in respect of SwapClear Clearing House Business and FCM SwapClear House Business shall involve the stages described in this Rule ~~2.2~~.

2.1 **Portfolio Splitting**

The Clearing House, in consultation with and with the assistance of the SwapClear DMG, shall determine the composition of each Auction Portfolio and shall have the discretion to divide a Portfolio into two or more individual Auction Portfolios with the aim of facilitating the efficiency of, and reducing the risk associated with, the auction process provided for in Rule ~~2.3~~2.3 of this Annex. The overriding principle behind the portfolio splitting process is that the Clearing House will structure Auction Portfolios with the intention of ensuring a SwapClear DMP which best protects the

resources of the Clearing House, subject to compliance with applicable provisions of the CEA and the CFTC Regulations regarding segregation of client assets. Therefore, nothing in this Rule ~~2.12.1~~ shall be deemed to imply: (a) that the Clearing House is under any obligation to split a particular Portfolio of a Defaulting SCM (regardless of the number of SwapClear Contracts that such Portfolio contains); or (b) any particular requirements as to the composition of an individual Auction Portfolio, (including in terms of combining or separating (i) SwapClear Contracts belonging to different SwapClear Contract Categories or (ii) Inflation SwapClear Contracts having different underlying indices), except that, subject to overriding risk procedures, it is broadly anticipated that: (a) the parameters of any Auction Portfolio shall not be materially different to those set out in the Clearing House's fire drill and (b) an Auction Portfolio containing Inflation SwapClear Contracts will often also contain SwapClear Contracts which are not Inflation SwapClear Contracts, for the purposes of interest rate risk neutralisation.

2.2 **Risk Neutralisation**

The Clearing House will, in consultation with and with the assistance of the SwapClear DMG, reduce the market risk associated with a Defaulting SCM's obligations to the Clearing House so far as is reasonably practicable by hedging the Clearing House's exposure in open SwapClear Contracts to which the Defaulting SCM is party. All such hedging shall be undertaken by the Clearing House with SCMs, on the basis of separate agreements between the Clearing House and each such SCM. The aim of Risk Neutralisation is to reduce market exposure to within defined tolerance limits expressed as deltas or other measures of market risk and as established from time to time by the Clearing House in consultation with the SwapClear DMG or as may reasonably be determined by the Clearing House in consultation with the SwapClear DMG once a Default has been declared under the Default Rules. For the avoidance of doubt, Risk Neutralisation may happen prior to, concurrently with and/or subsequently to the splitting of a Portfolio pursuant to Rule ~~2.12.1~~ above.

2.3 **Auction**

~~2.3.1~~(a) Following the completion of Risk Neutralisation, the Clearing House shall auction each Auction Portfolio to Non-Defaulting SCMs in order to seek to re-establish the positions it had with the Defaulting SCM under the SwapClear Contracts in each Auction Portfolio with Non-Defaulting SCMs and to seek to determine the net value of those SwapClear Contracts for the purposes of determining the extent of any losses to the Clearing House which are to be reduced or borne in the manner provided by Rule ~~4.6.15~~ (*Reduction of Losses on Default*) of the Default ~~Fund~~ Rules or, as the case may be, the extent of any gains to the Clearing House which the Clearing House must pay to the Defaulting SCM. The Clearing House, in consultation with the SwapClear DMG, shall prescribe such procedures (in addition to those set out herein) for the conduct of the auction process as it considers reasonably appropriate from time to time.

~~2.3.2~~(b) The Clearing House shall notify each SCM of all details that may be reasonably required in relation to an Auction Portfolio prior to the relevant Auction.

2.3.3(c) The auction process may take place over a number of days and Auctions of different Auction Portfolios may take place at different times.

2.3.4(d) SCMs will submit bids to the Clearing House representatives on the SwapClear DMG, who will ensure that the identities of the bidders are not revealed to the SCM representatives on the SwapClear DMG. For the avoidance of doubt, an SCM shall be entitled to submit a bid on behalf of one or more affiliated SCMs. The SwapClear DMG will oversee the bidding process in a manner which it considers best protects the resources of the Clearing House and ensures an orderly process.

2.3.5(e) The Clearing House in consultation with the SwapClear DMG will have full discretion in deciding whether or not to accept a particular bid in an Auction and, in so deciding, will take into account the relevant factors that determine risk premiums, as well as the range of bids received relative to the amount of Collateral held ~~by the Clearing House~~ in respect of initial margin and, subject to their availability, the Clearing House resources as set out in Rule ~~16~~15 of the ~~Clearing House's~~ Default ~~Fund~~ Rules. In the event that more than one SCM submits a bid of the same value (each an ~~"Equal Bid"~~), the Clearing House will, subject to its discretion to reject all such Equal Bids, select the bid which was received first in time.

2.3.6(f) In the case of an Auction in which no bid is accepted or received (as the case may be), one or more further Auctions will be held in relation to the relevant Auction Portfolio. As soon as practicable following an Auction:

~~(a)(i)~~ in the event that a bid was accepted, the Clearing House will notify ~~those Currency Participants in the~~ relevant Expected Auction Currency Participants together with any other SCMs who participated in the Auction that a bid was accepted and shall notify the SCM who submitted the accepted bid that its bid was accepted;

~~(b)(ii)~~ in the event that no bid was accepted, the Clearing House will notify all SCMs of the details of any further Auction.

2.3.7(g) The SCM agrees to use all reasonable efforts to make a bid in an Auction for an Auction Portfolio in respect of which such SCM is a Currencyan Expected Auction Participant.

2.4 *Auction Incentive Pools*

2.4.1(a) Before commencing the auction process, the Clearing House will calculate an auction incentive pool (each an ~~"AIP"~~) for each individual Auction Portfolio for the purposes of providing an initial allocation of the resources potentially available to it to satisfy any loss incurred in the Auction of each such Auction Portfolio. Notwithstanding such initial allocation, any resources utilised by the Clearing House will be allocated in accordance with Rule ~~2.5~~2.5 below.

2.4.2(b) For each AIP, the resources shall be allocated as follows:

~~(a)(i)~~ the resources of the Defaulting SCM (in the form of: (i) that part of the Margin Cover for the SwapClear Contracts of the Defaulting SCM pursuant to Rule ~~16(a)15(a)~~ of the Default ~~Fund~~ Rules and (ii) the SwapClear Contribution made by the Defaulting SCM to the SwapClear Default Fund) available pursuant to Rule ~~16(b)15(b)~~ of the Default ~~Fund~~ Rules at the time of the auction process will be allocated to the AIPs based on the proportion that (a) the risk of the relevant Auction Portfolio bears to (b) the aggregate of the risks (on an absolute basis) for all Auction Portfolios; the portion of the Capped Amount applied to the SwapClear Business of the Defaulting SCM pursuant to Rule ~~16(e)15(c)~~ of the Default ~~Fund~~ Rules will be allocated to the AIPs based on the proportion that (a) the risk of the relevant Auction Portfolio bears to (b) the aggregate of the risks (on an absolute basis) for all Auction Portfolios; and

~~(b)(ii)~~ the Non-~~d~~Defaulters² Contribution of each SCM and the total value of the SwapClear Unfunded Contributions which would be callable but have not been called by the Clearing House from the relevant SCM in respect of the relevant Default in accordance with Rule S8 of the Default ~~Fund~~ Rules (the "Potential Unfunded Contributions") will, ~~subject to Rule 2.4.3 below,~~ be allocated between ~~the AIPs~~each AIP relating to ~~the an~~ Auction Portfolios in respect of which the relevant SCM ~~is a Currency Participant has Resembling Contracts~~ based on the proportion that: (a) the risk of the ~~SwapClear~~Resembling Contracts of such SCM ~~denominated in~~related to the relevant ~~currency~~Auction Portfolio bears to (b) the aggregate of the amounts calculated in (a) ~~in respect of each currency in which~~for all of the Resembling Contracts of such SCM; provided that where there is more than one Auction Portfolio that corresponds to the same Resembling Contracts, the Non-Defaulter's Contributions and Potential Unfunded Contributions allocated to the AIP related to those Resembling Contracts will be further divided for the purposes of allocation into AIPs relating to the relevant SCM is Auction Portfolios based on the proportion that (a) the risk of the SwapClear Contracts in each such Auction Portfolio bears to (b) the aggregate of the amounts calculated in (a-Currency Participant) for each of the Auction Portfolios corresponding to the relevant Resembling Contracts.

2.4.3(c) Where a Portfolio for a particular SwapeClear currency has been split into two or more Auction Portfolios, the Non-~~d~~Defaulters² Contributions and Potential Unfunded Contributions allocated to the AIP related to the relevant Portfolio will be further divided for the purposes of allocation into AIPs relating to the relevant Auction Portfolios based on the proportion that (a) the risk of the SwapClear Contracts in each such Auction Portfolio bears to (b) the aggregate of the amounts calculated in (a) for each of the Auction Portfolios in the relevant currency.

2.5 **Loss Attribution**

2.5.1(a) Following the completion of all Auctions of all Auction Portfolios of the Defaulting SCM, the Clearing House will determine whether losses incurred by it as a result of such Auctions are such that the Non-~~d~~Defaulters²' Contributions must be utilised. Where applicable, such losses will be allocated to Non-~~d~~Defaulters²' Contributions in accordance with the loss attribution process described in ~~Rules 2.5.2~~ Rule 2.5(b) to ~~2.5.8~~ 2.5(h) of this Annex.

2.5.2(b) For each Auction Portfolio, losses to the Clearing House will be met using the resources as set out in ~~Rule 16.15~~. In applying those resources, the Clearing House will allocate the losses in respect of each Auction Portfolio (the "Auction Losses") by reference to the resources allocated to the AIPs related to such Auction Portfolios in accordance with ~~Rule 2.4.2.4~~ of this Annex. Where there are no Auction Losses in respect of an Auction Portfolio or the Auction Losses in respect of an Auction Portfolio do not require the full amount of the resources referred to in sub-paragraphs ~~(a)(i)~~ and ~~(b)(ii)~~ of ~~Rule 2.4.2.4(b)~~ of this Annex allocated to the AIP related to the relevant Auction Portfolio (the "Initial Resources") to be fully utilised, the relevant surplus Initial Resources will be allocated *pro rata* between those AIPs relating to Auction Portfolios in respect of which there are Auction Losses requiring the utilisation of resources beyond the Initial Resources available in the relevant AIP in accordance with ~~Rule 16(1), 16(2)~~ Rules 15(a), 15(b) and ~~16(3)~~ 15(c) until such time as all Initial Resources have been fully utilised.

2.5.3(c) In the case of each Auction for which there are Auction Losses in respect of which the Non-~~d~~Defaulters²' Contributions must be utilised, those Non-~~d~~Defaulter²'s Contributions, not including, for these purposes, any part of such Non-~~d~~Defaulters²' Contributions that reflect any SwapClear Unfunded Contribution deposited with the Clearing House pursuant to the Default in respect of which the relevant Auction was held (the "Original Contributions") and which have been allocated to the AIP relating to the relevant Auction Portfolio (the "Relevant Original Contributions") will be used first in the following order:

~~(a)(i)~~ The Auction Losses will be attributed to the Relevant Original Contributions of those SCMs who are ~~Currency-Expected Auction~~ Participants in respect of the relevant Auction Currency Portfolio and who did not bid in the relevant Auction. Auction Losses will be attributed to the Relevant Original Contribution of an individual SCM pursuant to this sub-paragraph ~~(i)(i)~~ based upon the proportion that: (a) the value of the Relevant Original Contribution of such SCM bears to (b) the total value of the Relevant Original Contributions of all SCMs who are ~~Currency-Expected Auction~~ Participants in respect of the relevant Auction Currency Portfolio and who did not bid in the relevant Auction;

~~(b)(ii)~~ If and to the extent that there are Auction Losses outstanding after the attribution process referred to in sub-paragraph ~~(i)(i)~~ above, those Auction Losses will be attributed to the Relevant Original

Contributions of the Short Bidders. For the purposes of this sub-paragraph ~~(ii)(ii)~~ and sub-paragraph ~~(ii)(ii)(f)~~ of Rule ~~2.5.6~~2.5(f) of this Annex the term "Short Bidder" means any SCM who is ~~a Currency~~ an Expected Auction Participant ~~in the Auction Currency~~ and who submitted an unsuccessful bid in the relevant Auction save for any SCM who submitted a higher bid in an Auction than the bid accepted by the Clearing House in accordance with Rule ~~2.3.4~~2.3(d) of this Annex (each such SCM, a "Higher Bidder" and each such bid, a "Higher Bid").

Auction Losses will be attributed to an individual Short Bidder pursuant to this sub-paragraph ~~(ii)(ii)~~ based upon the proportion that (a) the variance of the bid of such Short Bidder from the winning bid (denominated in units of the relevant Auction Portfolio Currency) bears to (b) the sum of the variances of the bids of all Short Bidders from the winning bid (denominated in units of the relevant Auction Portfolio Currency);.

Where the value of the Auction Losses attributed to an individual Short Bidder pursuant to this sub-paragraph ~~(ii)(ii)~~ is greater than the value of the Relevant Original Contribution of such Short Bidder, the relevant excess Auction Losses will be attributed to each Short Bidder whose Relevant Original Contribution exceeds the value of the Auction Losses which have been attributed to it pursuant to this sub-paragraph ~~(ii)(ii)~~ (each a "Remaining Original Short Bidder") by (a) calculating the amount which is the bid of the relevant Remaining Original Short Bidder divided by the sum of the bids of all Remaining Original Short Bidders; and (b) multiplying such amount by the value of the relevant excess Auction Losses;.

The Clearing House will repeat the loss attribution process described in this sub-paragraph ~~(ii)(ii)~~ until the first to occur of (a) the Auction Losses being fully met; and (b) the Relevant Original Contributions of all Short Bidders being fully attributed; ~~and~~

~~(e)(iii)~~ If and to the extent that there are Auction Losses outstanding after the attribution process referred to in sub-paragraph ~~(ii)(ii)~~ above, those Auction Losses will be attributed to the Relevant Original Contribution of the SCM who submitted the winning bid, together with, where applicable, the Relevant Original Contribution of any SCM who submitted a bid which ~~is~~was an Equal Bid or a Higher Bid in relation to that winning bid. The outstanding Auction Losses will be attributed to the Relevant Original Contribution of an individual SCM pursuant to this sub-paragraph ~~(ii)(iii)~~ based upon the proportion that: (a) the value of the Relevant Original Contribution of such SCM bears to (b) the total value of the Relevant Original Contributions of (i) the SCM who submitted the winning bid; (ii) any SCMs who submitted an Equal Bid to such winning bid; and (iii) any SCMs who were Higher Bidders, in the relevant Auction; ~~and~~ and

(iv) ~~If~~ if, for an Auction Portfolio, there remain Auction Losses outstanding after the attribution process referenced to in sub-paragraph ~~(iii)~~(iii) above, and there are AIPs relating to other Auction Portfolios containing SwapClear Contracts denominated in the same Auction Portfolio Currency and belonging to the same Auction Portfolio Category as the relevant Auction Portfolio in which the Relevant Original Contributions have not been fully utilised, the Clearing House shall attribute the remaining Auctions Losses amongst such Remaining Original Contributions through the attribution process set out in sub-paragraphs ~~(i) to (iii)~~(i) to (iii) above.

2.5.4(d) ~~If and to the extent that there are Auction Losses outstanding following the attribution process referred to in Rule 2.5.32.5(c) above, those Auction Losses will be attributed to the Original Contributions of those SCMs who are Currency Participants (each a "Losing Original SCM") who have Resembling Contracts in respect of any other of the Auction Currency Portfolios in relation to which Auction Losses have arisen to the extent that Non-defaulters' Contributions must be utilised (each a "Losing Currency" AP Type) and whose Original Contributions have not yet been fully utilised (each a "Losing Currency Original SCM").~~ Such remaining Auction Losses will be attributed to any remaining Original Contribution of each such SCM pursuant to this Rule 2.5.4(d) based upon the proportion that: (a) the risk of all of the SwapClear Resembling Contracts of such SCM ~~denominated in each respect of the all such~~ Losing Currencies AP Types bears to (b) the aggregate of the amounts calculated in (a) for all Losing ~~Currency~~ Currency Original SCMs. The Clearing House will repeat the loss attribution process described in this Rule 2.5.4(d) until the first to occur of (a) the Auction Losses being fully met; and (b) the Original Contributions of all Losing ~~Currency~~ Currency Original SCMs being fully attributed.

2.5.5(e) ~~If and to the extent that there are Auction Losses outstanding following the attribution process referred to in Rule 2.5.42.5(d) above, those remaining Auction Losses will be allocated to the Original Contributions of each SCM who is not a Currency Participant Losing Original SCM in respect of any of the Losing Currencies AP Types based upon the proportion that (a) the value of each such Original Contribution bears to (b) the aggregate of the amounts calculated in (a) for each of such SCMs.~~

2.5.6(f) ~~If and to the extent that there are Auction Losses outstanding following the attribution process referred to in Rule 2.5.5(d) above, the SwapClear Unfunded Contributions which have been allocated to the AIP relating to the relevant Auction Portfolio (the "Relevant Unfunded Contributions") will be used first in the following order:~~

(a)(i) ~~The~~ the Auction Losses will be attributed to the Relevant Unfunded Contributions of those SCMs who are Currency Expected Auction Participants in respect of the relevant Auction Currency Portfolio and who did not bid in the relevant Auction. Auction Losses will be attributed to the Relevant Unfunded Contributions of an individual SCM pursuant to this sub-paragraph ~~(i)~~(i) based upon the proportion that: (a) the value of the Relevant Unfunded Contribution of such SCM

bears to (b) the total value of the Relevant Unfunded Contributions of all SCMs who are ~~Currency-Expected Auction~~ Participants in respect of the relevant Auction Currency Portfolio and who did not bid in the relevant Auction;

~~(b)(ii)~~ If and to the extent that there are Auction Losses outstanding after the attribution process referred to in sub-paragraph ~~(i)~~ above, those Auction Losses will be attributed to the Relevant Unfunded Contributions of the Short Bidders in the relevant Auction. Auction Losses will be attributed to an individual Short Bidder pursuant to this sub-paragraph ~~(ii)~~ based upon the proportion that (a) the variance of the bid of such Short Bidder from the winning bid (denominated in units of the relevant Auction Portfolio Currency) bears to (b) the sum of the variances of the bids of all Short Bidders from the winning bid (denominated in units of the relevant Auction Portfolio Currency);.

Where the value of the Auction Losses attributed to an individual Short Bidder pursuant to this sub-paragraph ~~(ii)~~ is greater than the value of the Relevant Unfunded Contribution of such Short Bidder, the relevant excess Auction Losses will be attributed to each Short Bidder whose Relevant Unfunded Contribution exceeds the value of the Auction Losses which have been attributed to it pursuant to this sub-paragraph ~~(ii)~~ (each a “Remaining Unfunded Short Bidder”) by (a) calculating the amount which is the bid of the relevant Remaining Unfunded Short Bidder divided by the sum of the bids of all Remaining Unfunded Short Bidders; and (b) multiplying such amount by the value of the relevant excess Auction Losses;.

The Clearing House will repeat the loss attribution process described in this sub-paragraph ~~(ii)~~ until the first to occur of (a) the Auction Losses being fully met; and (b) the Relevant Unfunded Contributions of all Short Bidders being fully attributed; ~~and~~

~~(e)(iii)~~ If and to the extent that there are Auction Losses outstanding after the attribution process referred to in sub-paragraph ~~(ii)~~ above, those Auction Losses will be attributed to the Relevant Unfunded Contribution of the SCM who submitted the winning bid, together with, where applicable, the Relevant Unfunded Contribution of any SCM who submitted a bid which is was an Equal Bid or a Higher Bid in relation to that winning bid. The outstanding Auction Losses will be attributed to the Relevant Unfunded Contribution of an individual SCM pursuant to this sub-paragraph ~~(iii)~~ based upon the proportion that: (a) the value of the Relevant Unfunded Contribution of such SCM bears to (b) the total value of the Relevant Unfunded Contributions of (i) the SCM who submitted the winning bid; (ii) any SCMs who submitted an Equal Bid to such winning bid; and (iii) any SCMs who were Higher Bidders, in the relevant Auction; ~~and~~

(iv) If, for an Auction Portfolio, there remain Auction Losses outstanding after the attribution process referenced to in sub-paragraph ~~(iii)~~ above, and there are AIPs relating to other Auction Portfolios

containing SwapClear Contracts denominated in the same Auction Portfolio Currency and belonging to the same Auction Portfolio Category as the relevant Auction Portfolio in which the Relevant Unfunded Contributions have not been fully utilised, the Clearing House shall attribute the remaining Auctions Losses amongst such Remaining Unfunded Contributions through the attribution process set out in sub-paragraphs ~~(i) to (iii)~~ (i) to (iii) above.

2.5.7(g) If and to the extent that there are Auction Losses outstanding following the attribution process referred to in Rule ~~2.5.6~~ 2.5(f) above, those Auction Losses will be attributed to the SwapClear Unfunded Contributions of those SCMs (each a "Losing Unfunded SCM") who ~~are Currency Participants~~ have Resembling Contracts in respect of any ~~other of the~~ Losing Currency AP Types and whose SwapClear Unfunded Contributions have not yet been fully utilised ~~(each a "Losing Currency Unfunded SCM")~~. Such remaining Auction Losses will be attributed to any remaining SwapClear Unfunded Contributions of each such SCM pursuant to this Rule ~~2.5.7~~ 2.5(g) based upon the proportion that: (a) the risk of all of the ~~SwapClear Resembling~~ Contracts of such SCM ~~denominated in each respect of the all such~~ Losing Currencies AP Types bears to (b) the aggregate of the amounts calculated in (a) for all Losing ~~Currency~~ Unfunded SCMs. The Clearing House will repeat the loss attribution process described in this Rule ~~2.5.7~~ 2.5(g) until the first to occur of (a) the Auction Losses being fully met; and (b) the SwapClear Unfunded Contributions of all Losing ~~Currency~~ Unfunded SCMs being fully attributed.

2.5.8(h) If and to the extent that there are Auction Losses outstanding following the attribution process referred to in Rule ~~2.5.7~~ 2.5(g) above, those remaining Auction Losses will be allocated to the SwapClear Unfunded Contributions of each SCM who is not a ~~Currency Participant~~ Losing Unfunded SCM in respect of any of the Losing ~~Currencies~~ AP Types based upon the proportion that (a) the value of each such SwapClear Unfunded Contribution bears to (b) the aggregate of the amounts calculated in (a) for each of such SCMs.

2.6 For the purposes of Rules 2.4 and 2.5 above, all references to the risk associated with ~~an Auction Portfolio or with all of (i)~~ the SwapClear Contracts in an Auction Portfolio or (ii) the Resembling Contracts of a Non-Defaulting SCM ~~denominated in a particular currency~~, shall be references to such risk as determined by the Clearing House in its sole discretion on the basis of Worst Case Loss.

3. **Default Management in respect of SwapClear Client Clearing ~~Client~~ Business and FCM SwapClear Client Business**

3.1 The SwapClear DMP in respect of any contract which is a SwapClear Contract in respect of SwapClear Client Clearing ~~Client~~ Business shall involve the stages described in ~~Regulation 52B~~ the Client Clearing Annex (which such stages, for the avoidance of doubt, will result in a SwapClear Contract in respect of SwapClear Client Clearing Business being dealt with in accordance with Rule 2 above in the event that it cannot be ported by the Clearing House).

3.2 The SwapClear DMP in respect of any contract which is an FCM SwapClear Contract in respect of FCM SwapClear Client Business shall be conducted in accordance with

FCM Regulation ~~8(f)~~13(e) (Transfer). The provisions of Default Rule ~~9A~~10 shall also apply.

4. **Transfer of Cash Flows and Registration of Positions**

4.1 Following the disposal of an Auction Portfolio by way of Auction (and notwithstanding that other Auction Portfolios of the Defaulting SCM may not yet have been auctioned) the Clearing House, will, with the co-operation of the SCMs, transfer to the SCM whose bid won that Auction Portfolio the rights and obligations, from the Defaulting SCM, arising out of the positions which that SCM has successfully bid for under the SwapClear Default Management Process. Such transfer may take place by way of registration of new positions with the Clearing House in the name of the relevant SCM, or novation of rights and obligations to the relevant SCM. All such registrations shall be made in a way that recognises the Collateral ~~transferred to or by the Clearing House~~paid or received in respect of variation margin in relation to the SwapClear Contracts of the Defaulting SCM representing such new positions.

4.2 In order to effect the transfer of positions, the Clearing House shall prescribe such procedures and timetable as it considers reasonably appropriate in the circumstances. SCMs will be required to exercise best endeavours to comply with such requirements as may be established by the Clearing House, after consultation with the SwapClear DMG, to effect the transfer of positions, including but not limited to the payment of any sums due as a result of the winning bid and the ~~transfer~~provision of Collateral in an amount required by the Clearing House ~~for~~in respect of initial margin and variation margin obligations in respect of positions which are to be registered in their names. The Clearing House agrees that in such procedures it shall make provision for set-off by the Clearing House of amounts owed by the Clearing House to the SCM as a result of the operation of the SwapClear DMP against sums owed by the SCM to the Clearing House in respect thereof.

4.3 Where, as a result of an Auction, the Clearing House is required to make a payment to a SCM in respect of a winning bid, the Clearing House shall not be permitted to register any position, whether as a new position or as a novation of existing rights and obligations, to any such SCM if the Clearing House does not simultaneously credit that SCM with the requisite amount. If any position is so registered without such payment, such registration shall be deemed void *ab initio* and unenforceable against the relevant SCM. For the avoidance of doubt, the Clearing House will utilise the resources available to it pursuant to Rule ~~16~~15 of the Default ~~Fund~~ Rules for the purposes of making such a payment notwithstanding that other Auction Portfolios of the Defaulting SCM may not yet have been auctioned and that the loss attribution process provided for by Rule ~~2.5~~2.5 of this Annex has not yet occurred.

5. **Information Regarding the SwapClear DMP**

5.1 Whenever the SwapClear DMP is implemented by the Clearing House in respect of a Defaulting SCM, the Clearing House will, with the assistance of the SwapClear DMG, provide such ongoing information to SCMs as the Clearing House deems reasonably appropriate in respect of the progress of the SwapClear DMP.

5.2 Nothing in this Rule ~~5~~5 shall require the Clearing House to disclose information in respect of the SwapClear DMP which, in the reasonable opinion of the Clearing

House, may be subject to obligations of confidentiality, may constitute market sensitive data or is, in the Clearing House's reasonable opinion, inappropriate for disclosure to SCMs.

6. **Bankruptcy Code and Related Issues**

Notwithstanding any other provision of this Annex in the event of a Default by an FCM Clearing Member, the completion of any and all actions, including but not limited to any transfers or transactions, permitted or required to be taken by the Clearing House hereunder shall be subject in all respects to the provisions of the Bankruptcy Code, Part 190 and Part 22 of the CFTC Regulations, the Dodd-Frank Wall Street Reform and Consumer Protection Act 2010, and the receipt of any approvals required under the Bankruptcy Code or such regulations.

7. **CEA Issues**

Notwithstanding any other provision of this Annex in the event of a Default by an FCM Clearing Member, the operation of this Annex shall in all respects be subject to applicable provisions of the CEA and CFTC Regulations (including Part 22 thereof) regarding the handling, custody, liquidation, transfer and disposition of client positions and assets, including but not limited to those provisions requiring segregation of client assets and prohibiting application of the assets of non-defaulting clients to amounts owed by defaulting clients.

8. **Miscellaneous**

8.1 Subject to Rules 2.42.4 and 2.5 of this Annex, the resources available to the Clearing House and their order of use are defined in Rule 1615 of the Default Fund Rules as modified and/or supplemented by the SwapClear Default Fund Supplement.

8.2 The Clearing House may from time to time supplement the details of any of the stages set out in Rule 22 of this Annex or any other aspects of the SwapClear DMP, in consultation with the SwapClear DMG, either by way of further Guidance or immediately on notice to SCMs on a case-by-case basis where the Clearing House deems it appropriate to do so in the circumstances of the Default, **provided that** the Clearing House may not take any such action that effects a material change to the terms of this Annex without the written consent of 50% per cent. of all SwapClear Clearing Members unless such change is invoked unilaterally against all SCMs and is necessary to manage the Clearing House's risk or otherwise to meet the Clearing House's continuing regulatory obligations including those applicable to it as a Recognised Clearing House and a Derivatives Clearing Organization. The Clearing House agrees that, in the ordinary course, it shall discuss any such Guidance with the SwapClear DMG prior to bringing the Guidance into effect except that it shall not be required to do so where (i) the Guidance is not material to the rights and obligations of the SCMs; or (ii) the Clearing House deems it inappropriate to do so in the circumstances of the Default and it is not possible to convene the SwapClear DMG in timely fashion.

8.3 The timetable for implementation of the stages of the SwapClear Default Management Process following issue of a Default Notice by the Clearing House shall be either (4) as prescribed by the Clearing House from time to time in consultation

with the SwapClear DMG and set out in the Guidance; or (2ii) imposed by the Clearing House without prior notice to the SCMs on a case-by-case basis where the Clearing House, in consultation with the SwapClear DMG, deems it appropriate to do so in the circumstances of the Default.

9. **Role and Constitution of SwapClear DMG**

9.1 The SwapClear DMG shall meet at regular intervals in order to:

9.1.1(a) keep under review the SwapClear DMP, together with any Guidance issued in respect thereof;

9.1.2(b) keep under review the terms of reference of the SwapClear DMG to ensure they remain appropriate;

9.1.3(c) consider appropriate supplements or amendments to the SwapClear DMP and/or Guidance in order to improve the procedures in place; and

9.1.4(d) consider any other business relevant to the SwapClear DMP which any member of the SwapClear DMG from time to time sees fit to raise at such meetings.

9.2 The members of the SwapClear DMG shall also meet within one hour, or as soon as reasonably practical, following notification by the Clearing House that a Default Notice has been served upon an SCM, and at sufficiently frequent intervals thereafter for so long as may be necessary to assist the Clearing House in the implementation of the SwapClear DMP as contemplated under this Agreement. Such implementation shall include, without limitation, the provision of general default management advice with regard to: (1 (i)) the ongoing obligations of the Clearing House to its non-defaulting members; (2ii) the neutralisation and closing-out of the individual obligations of the Defaulting SCM; and (3iii) the splitting of Portfolios and the disposal of Auction Portfolios in accordance with the SwapClear DMP. Where it is not possible or practicable for the SCM to provide its nominated representative within an appropriate timeframe, it shall provide an alternate of suitable experience and expertise to participate on the SwapClear DMG.

9.3 The SwapClear DMG shall be made up of the following individuals who, unless stated otherwise, shall be appointed by the Clearing House which shall ensure that the composition is such as to provide effective review of the SwapClear DMP and suitable expertise and representation of market-making capacity in the event of a Default:

9.3.1(a) in the event of the issuance of a Default Notice, the chief executive or deputy chief executive of the Clearing House, who shall act as chairman;

9.3.2(b) representatives of at least five SCMs, being senior executives with appropriate skills and expertise;

9.3.3(c) at least one director (staff member of director grade) of the Clearing House's Risk Management department; and

9.3.4(d) such other individuals as the SwapClear DMG considers appropriate from time to time in relation to individual meetings.

9.4 For the purpose of SwapClear DMG meetings convened to deal with a specific Defaulting SCM, the Clearing House may, after consultation with the SwapClear DMG, invite the Defaulting SCM to nominate one or more representatives to join the SwapClear DMG to assist it in carrying out its functions in the SwapClear DMP for that Defaulting SCM, and also to request representatives from any other SCMs. In the event of receiving such request, the SCM shall be obliged to provide its nominated representative, or an alternate with appropriate skills, experience and expertise, as if the SCM were a member of the SwapClear DMG.

9.5 In establishing the SwapClear DMG, the Clearing House agrees that in the normal course of events (not including the Clearing House's declaration of a Default and the invocation of the processes as outlined in Rules 2, 3, 2, 3 and 4 of this Annex) it will, as far as practicable, and in accordance with the terms of reference of the SwapClear DMG, rotate the membership of the SwapClear DMG on a regular basis and amongst all SCMs. The SCM agrees that, when requested to do so by the Clearing House, it will make available a representative to participate in the SwapClear DMG. The Clearing House shall agree with the SCM the identity of such representative and shall be able to request a substitute where it believes the SCM's nominated representative does not have the requisite skills or expertise.

9.6 Each SCM who makes available a representative to serve on the SwapClear DMG agrees, and shall procure that, to the extent applicable, its representative agrees:

9.6.1(a) to ensure that such representative will be fully available, at any time and for such periods of time as the Clearing House may require during the course of a Default, to perform ~~his~~their function as a member of the SwapClear DMG including attending meetings, considering and advising the Clearing House upon aspects of the SwapClear DMP. The SCM shall ensure that a representative's other work commitments do not affect ~~his~~their availability for this purpose;

9.6.2(b) to take all steps to respect the confidential capacity in which such a representative receives information through the SwapClear DMG and to establish adequate procedures to prevent the disclosure or use for any commercial purpose outside the scope of the SwapClear DMP of any such confidential information by the SCM or its representative. Such procedures shall normally include, without limitation, the establishment of Chinese walls within the SCM; and

9.6.3(c) to be bound by and to ensure that it and any of its executives or directors serving on the SwapClear DMG complies with the requirements contained in the Procedures or the FCM Procedures (as the case may be).

9.7 Each SCM shall accept that:

9.7.1(a) representatives of SCMs serving on the SwapClear DMG are doing so in order to assist the Clearing House in ensuring the on-going integrity of the SwapClear service in the interests of Non-Defaulting SCMs; and

9.7.2(b) representatives of SCMs serving on the SwapClear DMG and their employers shall have no liability for any disinterested advice or actions, mandated or otherwise, that are undertaken as part of the SwapClear Default Management Process, **provided, however, that** nothing in this Rule ~~8.7.2~~9.7(b) shall exclude the liability of such representatives and employers for any personal injury or death caused by their negligence or for any fraud or wilful default on the part of such representatives and employers.

9.8 The Clearing House agrees that, in exercising its rights and obligations in consulting with the SwapClear DMG pursuant to this Agreement, it will use all reasonable commercial endeavours to agree a common position with the SwapClear DMG, **provided that** nothing in this Rule shall prevent the Clearing House acting in a way which it reasonably determines necessary to manage its risk or otherwise meet its continuing regulatory obligations including those applicable to it as a Recognised Clearing House and a Derivatives Clearing Organization.

SCHEDULE 3 FOREXCLEAR
FOREXCLEAR DMP ANNEX ANNEX

1. **Scope and interpretation**

1.1 The Clearing House has established a ForexClear DMP which will apply to ForexClear Contracts following the issuing of a Default Notice relating to a ForexClear Clearing Member and in respect of which, for the avoidance of doubt, the Clearing House will have no recourse to the process of invoicing-back. The fundamental principles of the ForexClear DMP are elaborated to the fullest extent possible in this Annex. Where exhaustive detail cannot be laid out in the provisions of this Annex, the ForexClear DMP will be undertaken on the basis of the principles contained herein.

1.2 The Clearing House has an obligation to ensure the on-going integrity of the ForexClear ~~s~~Service and of the ForexClear Contracts in the interests of the Non-Defaulting FXCCMs. When a ForexClear Clearing Member defaults, Non-Defaulting FXCCMs are required to supply impartial expertise through the ForexClear DMG and to bid for the Auction Portfolios of a Defaulting FXCCM, as laid out in this Annex. In addition, most FXCCMs or their parent companies or subsidiaries or fellow subsidiaries, have direct interests in that integrity, notably as contributors to the various default funds of the Clearing House. Each FXCCM shall take all steps and execute all documents necessary or required by the Clearing House to comply with its obligations as a FXCCM arising out of this ForexClear DMP Annex.

1.3 The initial ~~margin requirements~~margining process in respect- of ForexClear Contracts will be such so as to ensure that the acceptance of bids for the Auction Portfolio of a Defaulting FXCCM will recognise risk premiums, and that equivalent premiums will be paid by the Clearing House in closing-out large positions in other Contracts traded on exchange or ATS-organised markets.

1.4 In this Annex:

"AIP" has the meaning given in Rule ~~2.42.4~~ of this Annex;

"Auction" means the process of bidding by FXCCMs for an Auction Portfolio, prescribed by the Clearing House, following consultation with the ForexClear DMG from time to time in accordance with Rule ~~2.3~~2.3 of this Annex;

"Auction Currency Pair" means in relation to an Auction, the Currency Pair of an Auction Portfolio which is the subject of that Auction;

"Auction Losses" has the meaning given in Rule ~~2.5.22.5(b)~~ of this Annex;

"Auction Portfolio" means (i) a Portfolio; or (ii) a group of ForexClear Contracts resulting from the splitting of a Portfolio pursuant to Rule ~~2.1~~2.1 of this Annex including any connected hedging trades concluded by the Clearing House through Risk Neutralisation;

"Bankruptcy Code" means the U.S. Bankruptcy Code, as amended;

"CEA" means the U.S. Commodity Exchange Act, as amended;

"CFTC" means the U.S. Commodity Futures Trading Commission;

"Currency Pair" ~~means~~ **has** the meaning set out at Part A of the Schedule to the ForexClear Regulations;

"Currency Pair Participant" means, in respect of a specific Currency Pair, a Non-Defaulting FXCCM who at the time the Clearing House declares a Default has ForexClear Contracts for that Currency Pair registered in its name;

"Derivatives Clearing Organization" means an organisation designated and registered as such by way of United States Code - Title 7, Chapter 1, paragraph 7a-1;

"Equal Bid" has the meaning given in Rule ~~2.3.5~~ 2.3(e) of this Annex;

"FCM ForexClear Client Business" means the provision of FCM ForexClear Client Clearing Services by an FCM Clearing Member to its FCM Clients;

"FCM ForexClear House Business" means the FCM ForexClear Contracts entered into by an FCM Clearing Member for its own account or for the account of an Affiliate;

"ForexClear Default Management Process" or **"ForexClear DMP"** means the processes of the Clearing House outlined in this Annex, as ~~the same~~ may be supplemented and/or amended from time to time in accordance with this Annex;

"ForexClear Default Management Process Completion Date" means the date when the ForexClear Default Management Process in relation to a Default has been completed as determined by the Clearing House in consultation with the ForexClear DMG and notified to all FXCCMs;

"ForexClear DMG" means the advisory ForexClear Default Management Group established by the Clearing House pursuant to the terms of this Annex;

"Guidance" means guidance, in the form of one or more written notices, issued from time to time pursuant to Rule ~~8.28.2~~ of this Annex by or on behalf of the Clearing House to FXCCMs, supplementing the detail or conduct of any aspect of the ForexClear DMP;

"Higher Bid" and **"Higher Bidder"** have the meanings given in Rule ~~2.5.3~~ 2.5(c) of this Annex;

"Initial Resources" has the meaning given in Rule ~~2.5.2~~ 2.5(b) of this Annex;

"Losing Currency" has the meaning given in Rule ~~2.5.4~~ 2.5(d) of this Annex;

"Losing Currency Original FXCCM" has the meaning given in Rule ~~2.5.4~~ 2.5(d) of this Annex;

"Losing Currency Unfunded FXCCM" has the meaning given in Rule ~~2.5.7~~ 2.5(g) of this Annex;

“Margin Cover” has the meaning given in Rule ~~16(a)~~15(a) of the Default Fund Rules;

“Non-Defaulters’ Contributions” means the ForexClear Contributions made by Non-Defaulting FXCCMs to the ForexClear Default Fund;

“Original Contributions” has the meaning given in Rule ~~2.5.3~~2.3(c) of this Annex;

“Portfolio” means, in respect of each Currency Pair, the ForexClear Contracts in such Currency Pair registered in the name of a Defaulting FXCCM; in respect of House Clearing Business or the ForexClear Contracts in such Currency Pair registered in the name of a Defaulting FXCCM in respect of Client Clearing Business and, in both such cases includes, where relevant, ~~includes~~ any ~~connected~~ hedging trades connected to the relevant ForexClear Contracts concluded by the Clearing House through Risk Neutralisation. For the avoidance of doubt, a Portfolio containing ForexClear Contracts relating to the Client Clearing Business of a Defaulting FXCCM will only contain ForexClear Contracts relating to Client Clearing Business. The Clearing House shall not be entitled to combine client and house positions in a single Portfolio;

“Potential Unfunded Contributions” has the meaning given in Rule ~~2.4.2~~2.4(b) of this Annex;

“Recognised Clearing House” mean an organisation which is declared to be a recognised clearing house by a recognition order (that is for the time ~~being~~ in force) made under section 290(1)(b) of the Financial Services and Markets Act 2000;

“Relevant Original Contributions” has the meaning given to it in Rule ~~2.5.3~~2.5(c) of this Annex;

“Relevant Unfunded Contributions” has the meaning given to it in Rule ~~2.5.6~~2.5(f) of this Annex;

“Remaining Original Short Bidder” has the meaning given to it in Rule ~~2.5.3~~2.5(c) of this Annex;

“Remaining Unfunded Short Bidder” has the meaning given to it in Rule ~~2.5.6~~2.5(f) of this Annex;

“Risk Neutralisation” means the process of reducing the market risk associated with a Defaulting FXCCM’s obligations to the Clearing House under ForexClear Contracts by hedging the exposure prior to the auction process as described in Rule ~~2.2.2~~ of this Annex; and

“Short Bidder” has the meaning given in Rule ~~2.5.3~~2.5(c) of this Annex.

1.5 Terms used in this Annex which are not defined herein shall have the meanings given to them in the ~~General~~ Regulations and in the FCM Regulations.

~~2. FOREXCLEAR CLEARING HOUSE BUSINESS AND FCM FOREXCLEAR HOUSE BUSINESS~~

2. ~~ForexClear Clearing House Business and FCM ForexClear House Business~~

The ForexClear Default Management Process in respect of ForexClear Clearing House Business and FCM ForexClear House Business shall involve the stages described in this Rule ~~2.2.~~

2.1 ~~Portfolio Splitting~~

The Clearing House, in consultation with and with the assistance of the ForexClear DMG, shall determine the composition of each Auction Portfolio and shall have the discretion to divide a Portfolio into two or more individual Auction Portfolios with the aim of facilitating the efficiency of, and reducing the risk associated with, the auction process provided for in Rule ~~2.3~~2.3 of this Annex. The overriding principle is that the Clearing House will structure Auction Portfolios with the intention of ensuring a ForexClear DMP which best protects the resources of the Clearing House, subject to compliance with applicable provisions of the CEA and the CFTC Regulations regarding segregation of client assets. Therefore, nothing in this Rule ~~2.1~~2.1 shall be deemed to imply: (a) that the Clearing House is under any obligation to split a particular Portfolio of a Defaulting FXCCM (regardless of the number of ForexClear Contracts that such Portfolio contains); or (b) any particular requirements as to the composition of an individual Auction Portfolio, except that, subject to overriding risk procedures it is broadly anticipated that the parameters of any Auction Portfolio shall not be materially different to those set out in the Clearing House's fire drill.

2.2 ~~Risk Neutralisation~~

The Clearing House will, in consultation with and with the assistance of the ForexClear DMG, reduce the market risk associated with a Defaulting FXCCM's obligations to the Clearing House so far as is reasonably practicable by hedging the Clearing House's exposure in open ForexClear Contracts to which the Defaulting FXCCM is party. Hedging may be undertaken in a number of sessions, but should be undertaken as quickly as is compatible with efficient execution. All such hedging shall be undertaken by the Clearing House with FXCCMs, on the basis of separate agreements between the Clearing House and each such FXCCM. The aim of Risk Neutralisation is to reduce market exposure to within defined tolerance limits expressed as deltas or other measures of market risk and as established from time to time by the Clearing House in consultation with the ForexClear DMG or as may reasonably be determined by the Clearing House in consultation with the ForexClear DMG once a Default has been declared under the Default Rules. For the avoidance of doubt, Risk Neutralisation may happen prior to, concurrently with and/or subsequently to the splitting of a Portfolio pursuant to Rule ~~2.1~~2.1 above.

2.3 ~~Auction~~

~~2.3.4(a)~~ Following the completion of Risk Neutralisation, the Clearing House shall calculate the AIP for each Auction Portfolio under Rule ~~2.4~~2.4 and ~~then~~ shall auction each Auction Portfolio to Non-Defaulting FXCCMs in order to

seek to re-establish the positions it had with the Defaulting FXCCM under the ForexClear Contracts in each Auction Portfolio with Non-Defaulting FXCCMs and to seek to determine the net value of those ForexClear Contracts for the purposes of determining the extent of any losses to the Clearing House which are to be reduced or borne in the manner provided by Rule ~~4615~~ (Reduction of Losses on Default) of the Default ~~Fund~~ Rules or, as the case may be, the extent of any gains to the Clearing House which the Clearing House must pay to the Defaulting FXCCM. The Clearing House, in consultation with the ForexClear DMG, shall prescribe such procedures (in addition to those set out herein) for the conduct of the auction process as it considers reasonably appropriate from time to time.

~~2.3.2~~(b) The Clearing House shall notify each FXCCM of all details that may be reasonably required in relation to an Auction Portfolio prior to the relevant Auction.

~~2.3.3~~(c) The auction process may take place over a number of days and Auctions of different Auction Portfolios may take place at different times.

~~2.3.4~~(d) FXCCMs will submit bids to the Clearing House representatives on the ForexClear DMG, who will ensure that the identities of the bidders are not revealed to the FXCCM representatives on the ForexClear DMG. For the avoidance of doubt, an FXCCM shall be entitled to submit a bid on behalf of one or more affiliated FXCCMs. The ForexClear DMG will oversee the bidding process in a manner which it considers best protects the resources of the Clearing House and ensures an orderly process.

~~2.3.5~~(e) The Clearing House in consultation with the ForexClear DMG will have full discretion in deciding whether or not to accept a particular bid in an Auction and, in so deciding, will take into account the relevant factors that determine risk premiums, as well as the range of bids received relative to the amount of Collateral held in respect of initial margin and, subject to their availability, the Clearing House resources as set out in Rule ~~4615~~ of the Clearing House's Default ~~Fund~~ Rules. In the event that more than one FXCCM submits a bid of the same value (each an "~~Equal Bid~~"), the Clearing House will, subject to its discretion to reject all such Equal Bids, select the bid which was received first in time.

~~2.3.6~~(f) In the case of an Auction in which no bid is accepted or received (as the case may be), one or more further Auctions will be held in relation to the relevant Auction Portfolio. As soon as practicable following an Auction:

(a)(i) in the event that a bid was accepted, the Clearing House will notify those Currency Pair Participants in the relevant Auction Currency Pair together with any other FXCCMs who participated in the Auction that a bid was accepted and shall notify the FXCCM who submitted the accepted bid that its bid was accepted; or

(b)(ii) in the event that no bid was accepted, the Clearing House will notify all FXCCMs of the details of any further Auction.

2.3.7(g) The FXCCM agrees to use all reasonable efforts to make a bid in an Auction for an Auction Portfolio in respect of which such FXCCM is a Currency Pair Participant.

2.4 *Auction Incentive Pools*

2.4.1(a) Before commencing the auction process, the Clearing House will calculate an auction incentive pool (each an "AIP") for each individual Auction Portfolio for the purposes of providing an initial allocation of the resources potentially available to it to satisfy any loss incurred in the Auction of each such Auction Portfolio. Notwithstanding such initial allocation, any resources utilised by the Clearing House will be allocated in accordance with Rule 2.52.5 below.

2.4.2(b) For each AIP, the resources shall be allocated as follows:

~~(a)~~(i) the resources of the Defaulting FXCCM (in the form of: (i) that part of the Margin Cover for the ForexClear Contracts of the Defaulting FXCCM pursuant to Rule ~~16(a)~~15 of the Default ~~Fund~~ Rules and (ii) the ForexClear Contribution made by the Defaulting FXCCM to the ForexClear Default Fund) available pursuant to Rule ~~16(b)~~15 of the Default ~~Fund~~ Rules at the time of the auction process will be allocated to the AIPs based on the proportion that (a) the risk of the relevant Auction Portfolio bears to (b) the aggregate of the risks (on an absolute basis) for all Auction Portfolios;

~~(b)~~(ii) the portion of the Capped Amount applied to the ForexClear Business of the Defaulting FXCCM pursuant to Rule ~~16(e)~~15 of the Default ~~Fund~~ Rules will be allocated to the AIPs based on the proportion that (a) the risk of the relevant Auction Portfolio bears to (b) the aggregate of the risks (on an absolute basis) for all Auction Portfolios; and

~~(c)~~(iii) the Non-~~d~~Defaulters² Contribution of each FXCCM and the total value of the ForexClear Unfunded Contributions which would be callable but have not been called by the Clearing House from the relevant FXCCM in respect of the relevant Default in accordance with Rule F8 of the Default ~~Fund~~ Rules (the "Potential Unfunded Contributions") will, subject to Rule 2.4.32.4(c) below, be allocated between the AIPs relating to the Auction Portfolios in which the relevant FXCCM is a Currency Pair Participant based on the proportion that: (a) the risk of the ForexClear Contracts of such FXCCM denominated in the Currency Pair bears to (b) the aggregate of the amounts calculated in (a) in respect of each Currency Pair in which the relevant FXCCM is a Currency Pair Participant.

2.4.3(c) Where a Portfolio for a particular Currency Pair has been split into two or more Auction Portfolios, the Non-~~d~~Defaulters² Contributions and Potential Unfunded Contributions allocated to the AIP related to the relevant Portfolio will be further divided for the purposes of allocation into AIPs relating to the relevant Auction Portfolios based on the proportion that (a) the risk of the ForexClear Contracts in each such Auction Portfolio bears to (b) the aggregate

of the amounts calculated in (a) for each of the Auction Portfolios in the relevant Currency Pair.

2.5 **Loss Attribution**

2.5.1(a) Following the completion of all Auctions of all Auction Portfolios of the Defaulting FXCCM, the Clearing House will determine whether losses incurred by it as a result of such Auctions are such that the Non-~~d~~Defaulters² Contributions must be utilised. Where applicable, such losses will be allocated to Non-~~d~~Defaulters² Contributions in accordance with the loss attribution process described in Rules ~~2.5.2~~2.5(b) to ~~2.5.8~~2.5(h) below.

2.5.2(b) For each Auction Portfolio, losses to the Clearing House will be met using the resources as set out in Rule ~~16~~15 of the Default ~~Fund~~ Rules. In applying those resources, the Clearing House will allocate the losses in respect of each Auction Portfolio (the **"Auction Losses"**) by reference to the resources allocated to the AIPs related to such Auction Portfolios in accordance with Rule ~~2.4.~~2.4. Where there are no Auction Losses in respect of an Auction Portfolio or the Auction Losses in respect of an Auction Portfolio do not require the full amount of the resources referred to in sub-paragraphs ~~(a)(i)~~ and ~~(b)(ii)~~ of Rule ~~2.4.2~~2.4(b) allocated to the AIP related to the relevant Auction Portfolio (the **"Initial Resources"**) to be fully utilised, the relevant surplus Initial Resources will be allocated *pro rata* between those AIPs relating to Auction Portfolios in respect of which there are Auction Losses requiring the utilisation of resources beyond the Initial Resources available in the relevant AIP in accordance with ~~Rule 16(a), 16(b)~~Rules 15(a), 15(b) and ~~16(e)~~15(c) of the Default ~~Fund~~ Rules until such time as all Initial Resources have been fully utilised.

2.5.3(c) In the case of each Auction for which there are Auction Losses in respect of which the Non-~~d~~Defaulters² Contributions must be utilised, those Non-~~d~~Defaulters² Contributions, not including, for these purposes, any part of such Non-~~d~~Defaulters² Contributions that reflect any ForexClear Unfunded Contribution deposited with the Clearing House pursuant to the Default in respect of which the relevant Auction was held (the **"Original Contributions"**) and which have been allocated to the AIP relating to the relevant Auction Portfolio (the **"Relevant Original Contributions"**) will be used first in the following order:

(a)(i) ~~The~~the Auction Losses will be attributed to the Relevant Original Contributions of those FXCCMs who are Currency Pair Participants in the Auction Currency Pair and who did not bid in the relevant Auction. Auction Losses will be attributed to the Relevant Original Contribution of an individual FXCCM pursuant to this sub-paragraph ~~(i)~~(i) based upon the proportion that: (a) the value of the Relevant Original Contribution of such FXCCM bears to (b) the total value of the Relevant Original Contributions of all FXCCMs who are Currency Pair Participants in the Auction Currency Pair and who did not bid in the relevant Auction;

~~(b)~~(ii) ~~If~~ and to the extent that there are Auction Losses outstanding after the attribution process referred to in sub-paragraph ~~(i)~~(ii) above, those Auction Losses will be attributed to the Relevant Original Contributions of the Short Bidders. For the purposes of this sub-paragraph ~~(ii)~~(ii) and sub-paragraph ~~(ii)~~(ii) of Rule ~~2.5-6, 2.5(f)~~, the term ~~"Short Bidder"~~ means any FXCCM who is a Currency Pair Participant in the Auction Currency Pair and who submitted an unsuccessful bid in the relevant Auction save for any FXCCM who submitted a higher bid in an Auction than the bid accepted by the Clearing House in accordance with Rule ~~2.3.4, 2.3(d)~~ (each such FXCCM, a ~~"Higher Bidder"~~ and each such bid, a ~~"Higher Bid"~~).

Auction Losses will be attributed to an individual Short Bidder pursuant to this sub-paragraph ~~(ii)~~(ii) based upon the proportion that (a) the variance of the bid of such Short Bidder from the winning bid in USD bears to (b) the sum of the variances of the bids of all Short Bidders from the winning bid in USD;

Where the value of the Auction Losses attributed to an individual Short Bidder pursuant to this sub-paragraph ~~(ii)~~(ii) is greater than the value of the Relevant Original Contribution of such Short Bidder, the relevant excess Auction Losses will be attributed to each Short Bidder whose Relevant Original Contribution exceeds the value of the Auction Losses which have been attributed to it pursuant to this sub-paragraph ~~(ii)~~(ii) (each a ~~"Remaining Original Short Bidder"~~) by (a) calculating the amount which is the bid of the relevant Remaining Original Short Bidder divided by the sum of the bids of all Remaining Original Short Bidders; and (b) multiplying such amount by the value of the relevant excess Auction Losses;

The Clearing House will repeat the loss attribution process described in this sub-paragraph ~~(ii)~~(ii) until the first to occur of (a) the Auction Losses being fully met; and (b) the Relevant Original Contributions of all Short Bidders being fully attributed; and

~~(c)~~(iii) ~~If~~ and to the extent that there are Auction Losses outstanding after the attribution process referred to in sub-paragraph ~~(ii)~~(ii) above, those Auction Losses will be attributed to the Relevant Original Contribution of the FXCCM who submitted the winning bid, together with, where applicable, the Relevant Original Contribution of any FXCCM who submitted a bid which is an Equal Bid or a Higher Bid in relation to that winning bid. The outstanding Auction Losses will be attributed to the Relevant Original Contribution of an individual FXCCM pursuant to this sub-paragraph ~~(iii)~~(iii) based upon the proportion that: (a) the value of the Relevant Original Contribution of such FXCCM bears to (b) the total value of the Relevant Original Contributions of (i) the FXCCM who submitted the winning bid; (ii) any FXCCMs who submitted an Equal Bid to such winning bid; and (iii) any FXCCMs who were Higher Bidders in the relevant Auction.

If, for an Auction Portfolio, there remain Auction Losses outstanding after the attribution process referenced to in sub-paragraph ~~(iii)~~(iii) above, and there are AIPs relating to other Auction Portfolios in the same Auction Currency Pair in which the Relevant Original Contributions have not been fully utilised, the Clearing House shall attribute the remaining Auction Losses amongst such Remaining Original Contributions through the attribution process set out in sub-paragraphs ~~(i) to (iii)~~(i) to (iii) above.

2.5.4(d) If and to the extent that there are Auction Losses outstanding following the attribution process referred to in Rule ~~2.5.3~~2.5(c) above, those Auction Losses will be attributed to the Original Contributions of those FXCCMs who are Currency Pair Participants in any other Auction Currency Pair in relation to which Auction Losses have arisen to the extent that Non-Defaulters' Contributions must be utilised (each a "Losing Currency Pair") and whose Original Contributions have not yet been fully utilised (each a "Losing Currency Pair Original FXCCM"). Such remaining Auction Losses will be attributed to any remaining Original Contribution of each such FXCCM pursuant to this Rule ~~2.5.4~~2.5(d) based upon the proportion that: (a) the risk of all of the ForexClear Contracts of such FXCCM denominated in any of the Losing Currency Pairs bears to (b) the aggregate risk of the amounts calculated in (a) for all Losing Currency Pair Original FXCCMs. The Clearing House will repeat the loss attribution process described in this Rule ~~2.5.4~~2.5(d) until the first to occur of (a) the Auction Losses being fully met; and (b) the Original Contributions of all Losing Currency Pair Original FXCCMs being fully attributed.

2.5.5(e) If and to the extent that there are Auction Losses outstanding following the attribution process referred to in Rule ~~2.5.4~~2.5(d) above, those remaining Auction Losses will be allocated to the Original Contributions of each FXCCM who is not a Currency Pair Participant in any of the Losing Currency Pairs based upon the proportion that (a) the value of each such Original Contribution bears to (b) the aggregate of the amounts calculated in (a) for each of such FXCCMs.

2.5.6(f) If and to the extent that there are Auction Losses outstanding following the attribution process referred to in Rule ~~2.5.5~~2.5(e) above, the ForexClear Unfunded Contributions which have been allocated to the AIP relating to the relevant Auction Portfolio (the "Relevant Unfunded Contributions") will be used first in the following order:

(a)(i) ~~The~~the Auction Losses will be attributed to the Relevant Unfunded Contributions of those FXCCMs who are Currency Pair Participants in the Auction Currency Pair and who did not bid in the relevant Auction. Auction Losses will be attributed to the Relevant Unfunded Contributions of an individual FXCCM pursuant to this sub-paragraph ~~(i)~~(i) based upon the proportion that: (a) the value of the Relevant Unfunded Contribution of such FXCCM bears to (b) the total value of the Relevant Unfunded Contributions of all FXCCMs who are Currency Pair Participants in the Auction Currency Pair and who did not bid in the relevant Auction;

~~(b)~~(ii) ~~If~~ and to the extent that there are Auction Losses outstanding after the attribution process referred to in sub-paragraph ~~(i)~~(ii) above, those Auction Losses will be attributed to the Relevant Unfunded Contributions of the Short Bidders in the relevant Auction. Auction Losses will be attributed to an individual Short Bidder pursuant to this sub-paragraph ~~(ii)~~(ii) based upon the proportion that (a) the variance of the bid of such Short Bidder from the winning bid in USD bears to (b) the sum of the variances of the bids of all Short Bidders from the winning bid in USD;

Where the value of the Auction Losses attributed to an individual Short Bidder pursuant to this sub-paragraph ~~(ii)~~(ii) is greater than the value of the Relevant Unfunded Contribution of such Short Bidder, the relevant excess Auction Losses will be attributed to each Short Bidder whose Relevant Unfunded Contribution exceeds the value of the Auction Losses which have been attributed to it pursuant to this sub-paragraph ~~(ii)~~(ii) (each a "**Remaining Unfunded Short Bidder**") by (a) calculating the amount which is the bid of the relevant Remaining Unfunded Short Bidder divided by the sum of the bids of all Remaining Unfunded Short Bidders; and (b) multiplying such amount by the value of the relevant excess Auction Losses;

The Clearing House will repeat the loss attribution process described in this sub-paragraph ~~(ii)~~(ii) until the first to occur of (a) the Auction Losses being fully met; and (b) the Relevant Unfunded Contributions of all Short Bidders being fully attributed; and

~~(c)~~(iii) ~~If~~ and to the extent that there are Auction Losses outstanding after the attribution process referred to in sub-paragraph ~~(ii)~~(ii) above, those Auction Losses will be attributed to the Relevant Unfunded Contribution of the FXCCM who submitted the winning bid, together with, where applicable, the Relevant Unfunded Contribution of any FXCCM who submitted a bid which is an Equal Bid or a Higher Bid in relation to that winning bid. The outstanding Auction Losses will be attributed to the Relevant Unfunded Contribution of an individual FXCCM pursuant to this sub-paragraph ~~(iii)~~(iii) based upon the proportion that: (a) the value of the Relevant Unfunded Contribution of such FXCCM bears to (b) the total value of the Relevant Unfunded Contributions of (i) the FXCCM who submitted the winning bid; (ii) any FXCCMs who submitted an Equal Bid to such winning bid; and (iii) any FXCCMs who were Higher Bidders, in the relevant Auction.

If, for an Auction Portfolio, there remain Auction Losses outstanding after the attribution process referenced to in sub-paragraph ~~(iii)~~(iii) above, and there are AIPs relating to other Auction Portfolios in the same Auction Currency Pair in which the Relevant Unfunded Contributions have not been fully utilised, the Clearing House shall attribute the remaining Auction Losses amongst such Remaining Unfunded Contributions through the attribution process set out in sub-paragraphs ~~(i) to (iii)~~(i) to (iii) above.

2.5.7(g) If and to the extent that there are Auction Losses outstanding following the attribution process referred to in Rule 2.5.62.5(f) above, those Auction Losses will be attributed to the ForexClear Unfunded Contributions of those FXCCMs who are Currency Pair Participants in any other Losing Currency Pair and whose ForexClear Unfunded Contributions have not yet been fully utilised (each a "Losing Currency Pair Unfunded FXCCM"). Such remaining Auction Losses will be attributed to any remaining ForexClear Unfunded Contributions of each such FXCCM pursuant to this Rule 2.5.72.5(g) based upon the proportion that: (a) the risk of all of the ForexClear Contracts of such FXCCM denominated in any of the Losing Currency Pairs bears to (b) the aggregate risk of the amounts calculated in (a) for all Losing Currency Pair Unfunded FXCCMs. The Clearing House will repeat the loss attribution process described in this Rule 2.5.72.5(g) until the first to occur of (a) the Auction Losses being fully met; and (b) the ForexClear Unfunded Contributions of all Losing Currency Pair Unfunded FXCCMs being fully attributed.

2.5.8(h) If and to the extent that there are Auction Losses outstanding following the attribution process referred to in Rule 2.5.72.5(g) above, those remaining Auction Losses will be allocated to the ForexClear Unfunded Contributions of each FXCCM who is not a Currency Pair Participant in any of the Losing Currency Pairs based upon the proportion that (a) the value of each such ForexClear Unfunded Contribution bears to (b) the aggregate of the amounts calculated in (a) for each of such FXCCMs.

2.6 For the purposes of Rules 2.42.4 and 2.52.5 above, all references to the risk associated with a ForexClear Contract shall be references to such risk as determined by the Clearing House in its sole discretion for the purpose of calculating initial margin ~~in~~ requirements in accordance with the Procedures.

~~3. DEFAULT MANAGEMENT IN RESPECT OF FCM FOREXCLEAR CLIENT BUSINESS~~

3. Default Management in respect of FCM ForexClear Client Business and ForexClear Clearing Client Business

3.1 The ForexClear DMP in respect of any eContract which is an FCM ForexClear Contract in respect of FCM ForexClear Client Business shall be conducted in accordance with FCM Regulation ~~8(f)13(e)~~ (Transfer). The provisions of Rule 9 of the Default Rule 9A Rules shall also apply.

~~4. TRANSFER OF CASH FLOWS / REGISTRATION OF POSITIONS~~

3.2 The ForexClear DMP in respect of any Contract which is a ForexClear Contract in respect of ForexClear Clearing Client Business shall be conducted in accordance with the Client Clearing Annex (which such stages, for the avoidance of doubt, will result in a ForexClear Contract in respect of ForexClear Clearing Client Business being dealt with in accordance with Rule 2 above in the event that it cannot be ported by the Clearing House).

4. Transfer of Cash Flows / Registration of Positions

4.1 Following the disposal of an Auction Portfolio by way of Auction (and notwithstanding that other Auction Portfolios of the Defaulting FXCCM may not yet have been auctioned) the Clearing House, will, with the co-operation of the FXCCMs, transfer to the FXCCM whose bid won that Auction Portfolio the rights and obligations, from the Defaulting FXCCM, arising out of the positions which that FXCCM has successfully bid for under the ForexClear Default Management Process. Such transfer may take place by way of registration of new positions with the Clearing House in the name of the relevant FXCCM, or novation of rights and obligations to the relevant FXCCM. All such registrations shall be made in a way that recognises the amounts of Collateral transferred to or byfrom the Clearing House in respect of ~~the~~ variation margin in relation to the ForexClear Contracts of the Defaulting FXCCM representing such new positions.

4.2 In order to effect the transfer of positions, the Clearing House shall prescribe such procedures and timetable as it considers reasonably appropriate in the circumstances. FXCCMs will be required to exercise best endeavours to comply with such requirements as may be established by the Clearing House, after consultation with the ForexClear DMG, to effect the transfer of positions, including but not limited to the payment of any sums due as a result of the winning bid and the transfer provision of Collateral ~~in~~ an amount required by the Clearing House ~~for~~ in respect of their initial margin and variation margin obligations in respect of positions which are to be registered in their names. The Clearing House agrees that in such procedures it shall make provision for set-off by the Clearing House of amounts owed by the Clearing House to the FXCCM as a result of the operation of the ForexClear DMP against sums owed by the FXCCM to the Clearing House in respect thereof.

4.3 Where, as a result of an Auction, the Clearing House is required to make a payment to an FXCCM in respect of a winning bid, the Clearing House shall not be permitted to register any position, whether as a new position or as a novation of existing rights and obligations, to any such FXCCM if the Clearing House does not simultaneously credit that FXCCM with the requisite amount. If any position is so registered without such payment, such registration shall be deemed void *ab initio* and unenforceable against the relevant FXCCM. For the avoidance of doubt, the Clearing House will utilise the resources available to it pursuant to Rule ~~1615~~ of the Default ~~Fund~~ Rules for the purposes of making such a payment notwithstanding that other Auction Portfolios of the Defaulting FXCCM may not yet have been auctioned and that the loss attribution process provided for by Rule ~~2.52.5~~ has not yet occurred.

~~5. INFORMATION REGARDING DEFAULT MANAGEMENT PROCESS~~

5. Information regarding Default Management Process

5.1 Whenever the ForexClear DMP is implemented by the Clearing House in respect of a Defaulting FXCCM, the Clearing House will, with the assistance of the ForexClear DMG, provide such ongoing information to FXCCMs as the Clearing House deems reasonably appropriate in respect of the progress of the ForexClear DMP.

5.2 Nothing in this Rule ~~55~~ shall require the Clearing House to disclose information in respect of the ForexClear DMP which, in the reasonable opinion of the Clearing

House, may be subject to obligations of confidentiality, may constitute market sensitive data or is, in the Clearing House's reasonable opinion, inappropriate for disclosure to FXCCMs.

~~6. BANKRUPTCY CODE AND RELATED ISSUES~~

6. Bankruptcy Code and Related Issues

Notwithstanding any other provision of this Annex in the event of a Default by an FXCCM, the completion of any and all actions, including but not limited to any transfers or transactions, permitted or required to be taken by the Clearing House hereunder shall be subject in all respects to the provisions of the Bankruptcy Code, Part 190 and Part 22 of the CFTC Regulations, the Dodd-Frank Wall Street Reform and Consumer Protection Act 2010, and the receipt of any approvals required under the Bankruptcy Code or such regulations.

7. CEA ISSUES

Notwithstanding any other provision of this Annex, in the event of a Default by an FXCCM, the operation of this Annex shall in all respects be subject to applicable provisions of the CEA and CFTC Regulations (including Part 22 thereof) regarding the handling, custody, liquidation, transfer and disposition of client positions and assets, including but not limited to those provisions requiring segregation of client assets and prohibiting application of the assets of non-defaulting clients to amounts owed by defaulting clients.

~~8. MISCELLANEOUS~~

8. Miscellaneous

8.1 Subject to Rules 2.42.4 and 2.52.5 of this Annex, the resources available to the Clearing House and their order of use are defined in Rule 1615 of the Default Fund Rules as modified and/or supplemented by the ForexClear Default Fund Supplement.

8.2 The Clearing House may from time to time supplement the details of any of the stages set out in Rule 22 of this Annex or any other aspects of the ForexClear DMP, in consultation with the ForexClear DMG, either by way of further Guidance or immediately on notice to FXCCMs on a case-by-case basis where the Clearing House deems it appropriate to do so in the circumstances of the Default, **provided that** the Clearing House may not take any such action that effects a material change to the terms of this Annex without the written consent of 50% per cent. of all ForexClear Clearing Members unless such change is invoked unilaterally against all FXCCMs and is necessary to manage the Clearing House's risk or otherwise to meet the Clearing House's continuing regulatory obligations including those applicable to it as a Recognised Clearing House and a Derivatives Clearing Organization. The Clearing House agrees that, in the ordinary course, it shall discuss any such Guidance with the ForexClear DMG prior to bringing the Guidance into effect except that it shall not be required to do so where (i) the Guidance is not material to the rights and obligations of the FXCCMs or (ii) the Clearing House deems it inappropriate to do so in the circumstances of the Default and it is not possible to convene the ForexClear DMG in timely fashion.

8.3 The timetable for implementation of the stages of the ForexClear Default Management Process following issue of a Default Notice by the Clearing House shall be either (1) as prescribed by the Clearing House from time to time in consultation with the ForexClear DMG and set out in Guidance; or (2) imposed by the Clearing House without prior notice to the FXCCMs on a case-by-case basis where the Clearing House, in consultation with the ForexClear DMG, deems it appropriate to do so in the circumstances of the Default.

~~9. ROLE AND CONSTITUTION OF FOREXCLEAR DMG~~

9. Role and constitution of ForexClear DMG

9.1 The ForexClear DMG shall meet at regular intervals in order to:

9.1.1(a) keep under review the ForexClear DMP, together with any Guidance issued in respect thereof;

9.1.2(b) keep under review the terms of reference of the ForexClear DMG to ensure they remain appropriate;

9.1.3(c) consider appropriate supplements or amendments to the ForexClear DMP and/or Guidance in order to improve the procedures in place; and

9.1.4(d) consider any other business relevant to the ForexClear DMP which any member of the ForexClear DMG from time to time sees fit to raise at such meetings.

9.2 The members of the ForexClear DMG shall also meet within one hour, or as soon as reasonably practical, following notification by the Clearing House that a Default Notice has been served upon an FXCCM, and at sufficiently frequent intervals thereafter for so long as may be necessary to assist the Clearing House in the implementation of the ForexClear DMP as contemplated under this Agreement. Such implementation shall include, without limitation, the provision of general default management advice with regard to: (1) the ongoing obligations of the Clearing House to its non-defaulting members; (2) the neutralisation and closing-out of the individual obligations of the Defaulting FXCCM; and (3) the splitting of Portfolios and the disposal of Auction Portfolios in accordance with the ForexClear DMP. Where it is not possible or practicable for the FXCCM to provide its nominated representative within an appropriate timeframe, it shall provide an alternate of suitable experience and expertise to participate on the ForexClear DMG.

9.3 The ForexClear DMG shall be made up of the following individuals who, unless stated otherwise, shall be appointed by the Clearing House which shall ensure that the composition is such as to provide effective review of the ForexClear DMP and suitable expertise and representation of market-making capacity in the event of a Default:

9.3.1(a) in the event of the issuance of a Default Notice, the chief executive or deputy chief executive of the Clearing House, who shall act as chairman;

9.3.2(b) at least six representatives of at least four FXCCMs, being senior executives with appropriate skills and expertise;

9.3.3(c) at least one director (staff member of director grade) of the Clearing House's Risk Management department; and

9.3.4(d) such other individuals as the ForexClear DMG considers appropriate from time to time in relation to individual meetings.

9.4 For the purpose of ForexClear DMG meetings convened to deal with a specific Defaulting FXCCM, the Clearing House may, after consultation with the ForexClear DMG, invite the Defaulting FXCCM to nominate one or more representatives to join the ForexClear DMG to assist it in carrying out its functions in the ForexClear Default Management Process for that Defaulting FXCCM, and also request representatives from any other FXCCMs. In the event of receiving such request, the FXCCM shall be obliged to provide its nominated representative, or an alternate with appropriate skills, experience and expertise, as if the FXCCM were a member of the ForexClear DMG.

9.5 In establishing the ForexClear DMG, the Clearing House agrees that in the normal course of events (not including the Clearing House's declaration of a Default and the invocation of the processes as outlined in Rules 2, 3, 2.3 and 44 of this Annex) it will, as far as practicable, and in accordance with the terms of reference of the ForexClear DMG, rotate the membership of the ForexClear DMG on a regular basis and amongst all FXCCMs. The FXCCM agrees that, when requested to do so by the Clearing House, it will make available a representative to participate in the ForexClear DMG. The Clearing House shall agree with the FXCCM the identity of such representative and shall be able to request a substitute where it believes the FXCCM's nominated representative does not have the requisite skills or expertise.

9.6 Each FXCCM who makes available a representative to serve on the ForexClear DMG agrees, and shall procure that, to the extent applicable, its representative agrees:

9.6.1(a) to ensure that such representative will be fully available, at any time and for such periods of time as the Clearing House may require during the course of a Default, to perform ~~his~~their function as a member of the ForexClear DMG including attending meetings, considering and advising the Clearing House upon aspects of the ForexClear DMP. The FXCCM shall ensure that a representative's other work commitments do not affect ~~his~~their availability for this purpose;

9.6.2(b) to take all steps to respect the confidential capacity in which such a representative receives information through the ForexClear DMG and to establish adequate procedures to prevent the disclosure or use for any commercial purpose outside the scope of the ForexClear DMP of any such confidential information by the FXCCM or its representative. Such procedures shall normally include, without limitation, the establishment of Chinese walls within the FXCCM; and

9.6.3(c) to be bound by and to ensure that it and any of its executives or directors serving on the ForexClear DMG complies with the requirements contained in the Procedures or the FCM Procedures (as the case may be).

9.7 Each FXCCM shall accept that:

9.7.1(a) representatives of FXCCMs serving on the ForexClear DMG are doing so in order to assist the Clearing House in ensuring the on-going integrity of the ForexClear Service in the interests of Non-Defaulting FXCCMs; and

9.7.2(b) representatives of FXCCMs serving on the ForexClear DMG and their employers shall have no liability for any disinterested advice or actions, mandated or otherwise, that are undertaken as part of the ForexClear Default Management Process, **provided, however, that** nothing in this Rule ~~9.7.2~~9.7(b) shall exclude the liability of such representatives and employers for any personal injury or death caused by their negligence or for any fraud or wilful default on the part of such representatives and employers.

9.8 The Clearing House agrees that, in exercising its rights and obligations in consulting with the ForexClear DMG pursuant to this Agreement, it will use all reasonable commercial endeavours to agree a common position with the ForexClear DMG, **provided that** nothing in this Rule shall prevent the Clearing House acting in a way which it reasonably determines necessary to manage its risk or otherwise meet its continuing regulatory obligations including those applicable to it as a Recognised Clearing House and a Derivatives Clearing Organization.

SCHEDULE 4 REPOCLEAR
REPOCLEAR DMP ANNEX ANNEX

4. SCOPE AND INTERPRETATION

1. Scope and Interpretation

1.1 The Clearing House has established a RepoClear DMP which will apply to Fixed Income Contracts following the issuing of a Default Notice relating to a RCM and in respect of which, for the avoidance of doubt, the Clearing House will have no recourse to the process of invoicing-back. The fundamental principles of the RepoClear DMP are elaborated to the fullest extent possible in this Annex. Where exhaustive detail cannot be laid out in the provisions of this Annex, the RepoClear DMP will be undertaken on the basis of the principles contained herein.

1.2 The Clearing House has an obligation to ensure the on-going integrity of the RepoClear service and the Fixed Income Contracts in the interests of the Non-Defaulting RCMs. When a RCM defaults, Non-Defaulting RCMs are required to supply impartial expertise through the Fixed Income DMG and may be invited to bid for the Auction Portfolios of a Defaulting RCM, as laid out in this Annex. In addition, most RCMs or their parent companies or subsidiaries or fellow subsidiaries, have direct interests in that integrity, notably as contributors to the various default funds of the Clearing House. Each RCM shall take all steps and execute all documents necessary or required by the Clearing House to comply with its obligations as a RCM arising out of this RepoClear DMP Annex.

1.3 In this Annex:

"**Auction**" means the process of bidding by RCMs for an Auction Portfolio prescribed by the Clearing House following consultation with the Fixed Income DMG from time to time in accordance with Rule ~~2.3~~2.3 of this Annex;

"**Auction Currency**" means in relation to an Auction, the currency of an Auction Portfolio which is the subject of that Auction as determined in accordance with Rule 2.3-~~2~~(b) of this Annex;

"**Auction Losses**" has the meaning given in Rule 2.5-~~2~~(b) of this Annex;

"**Auction Portfolio**" means (i) a Portfolio; or (ii) a group of Fixed Income Contracts resulting from the splitting of a Portfolio pursuant Rule 2.1 of this Annex including any connected hedging trades concluded by the Clearing House through Risk Mitigation;

"**Derivatives Clearing Organization**" means an organisation designated and registered as such by way of United States Code Title 7, Chapter 1, paragraph 7a-1;

"**Equal Bid**" has the meaning given in Rule 2.3-~~6~~(f) of this Annex;

"**Fixed Income DMG**" means the advisory Default Management Group established by the Clearing House pursuant to the terms of this Annex;

"**Guidance**" means guidance, in the form of one or more written notices, issued from time to time pursuant to Rule 1.2 of this Annex by or on behalf of the Clearing House to RCMs, supplementing the detail or conduct of any aspect of the RepoClear DMP;

"**Initial Resources**" has the meaning given [to it](#) in Rule 2.5.2(b) of this Annex;

"**Margin Cover**" has the meaning given [to it](#) in Rule ~~16(a)~~15(a) of the Default Fund Rules;

"**Market Participant**" means, in respect of a specific RepoClear market, a Non-Defaulting RCM who at the time the Clearing House declares a Default has been authorised by the Clearing House in respect of that RepoClear market;

"**Non-Defaulters' Contributions**" means the RepoClear Contributions made by Non-Defaulting RCMs to the RepoClear Default Fund;

"**Original Contributions**" has the meaning given [to it](#) in Rule ~~2.5.3~~2.3(c) of this Annex;

"**Portfolios**" means, in respect of each RepoClear market, the Fixed Income Contracts in such market registered in the name of a Defaulting RCM, ~~and, where relevant, includes any connected hedging trades concluded by the Clearing House through Risk Mitigation~~ [in respect of House Clearing Business and the Fixed Income Contracts in such market registered in the name of a Defaulting RCM in respect of Client Clearing Business and, in both such cases includes, where relevant, any hedging trades connected to the relevant Fixed Income Contracts concluded by the Clearing House through Risk Mitigation. For the avoidance of doubt, a Portfolio containing Fixed Income Contracts relating to the Client Clearing Business of a Defaulting RCM will only contain RepoClear Contracts relating to Client Clearing Business. The Clearing House shall not be entitled to combine client and house positions in a single Portfolio;](#)

["Recognised Clearing House" mean an organisation which is declared to be a recognised clearing house by a recognition order \(that is for the time being in force\) made under section 290\(1\)\(b\) of the Financial Services and Markets Act 2000;](#)

~~"Recognised Clearing House" mean an organisation which is declared to be a recognised clearing house by a recognition order (that is for the time being in force) made under section 290(1)(b) of the Financial Services and Markets Act 2000;~~

"**Risk Mitigation**" means the process of reducing the market risk associated with a Defaulting RCM's obligations to the Clearing House under Fixed Income Contracts by hedging the exposure prior to the auction process as described in Rule ~~2.22.2~~ of this Annex;

"**RepoClear Default Management Process Completion Date**" means the date when the RepoClear Default Management Process in relation to a Default has been completed as determined by the Clearing House in consultation with the Fixed Income DMG and notified to all RCMs; [and](#)

"RepoClear DMP or RepoClear Default Management Process" means the processes of the Clearing House outlined in this Annex, as the same may be supplemented and/or amended from time to time in accordance with this Annex; ~~and~~.

- 1.4 Terms used in this Annex which are not defined herein shall have the meanings given to them in the Regulations.

~~2. REPOCLEAR CLEARING HOUSE BUSINESS~~

2. RepoClear Clearing House Business

The RepoClear Default Management Process in respect of RepoClear Clearing House Business shall involve the stages described in this Rule ~~2.2~~.

2.1 *Portfolio Combination and Splitting*

The Clearing House, in consultation with and the assistance of the Fixed Income DMG, shall determine the composition of each Auction Portfolio and shall have the discretion to divide a Portfolio into two or more individual Auction Portfolios or to combine two or more Portfolios into a single Auction Portfolio with the aim of facilitating the efficiency of, and reducing the risk associated with, the auction process provided for in Rule 2.3 of this Annex. The overriding principle is that the Clearing House will structure Auction Portfolios with the intention of ensuring a RepoClear DMP which best protects the resources of the Clearing House. Therefore, nothing in this Rule 2.1 shall be deemed to imply that the Clearing House is under any obligation to split a particular Portfolio of a Defaulting RCM (regardless of the number of Fixed Income Contracts that such Portfolio contains).

2.2 *Risk Mitigation*

The Clearing House may, in consultation with and with the assistance of the Fixed Income DMG, reduce the market risk associated with a Defaulting RCM's obligations to the Clearing House by hedging the Clearing House's exposure in open Fixed Income Contracts to which the Defaulting RCM is party. In determining whether or not to engage in any hedging activities, the Clearing House shall take into account the associated costs of such hedging and the possibility that such hedging could result in the Clearing House's resources being put at risk. All such hedging shall be undertaken by the Clearing House with RCMs, on the basis of separate agreements between the Clearing House and each such RCM. For the avoidance of doubt, Risk Mitigation may happen prior to, concurrently with and/or subsequently to the splitting of a Portfolio pursuant to Rule 2.1 above. Any costs incurred from Risk Mitigation shall be considered costs of the relevant Auction and may therefore give rise to Auction Losses.

2.3 *Auction*

~~2.3.1~~ (a) The Clearing House shall, in its discretion, but after consultation with the Fixed Income DMG, identify up to 15 Non-Defaulting RCMs who will be invited to bid in each Auction (the "**Invited Bidders**") and shall invite such Invited Bidders to submit bids for such Auction Portfolio.

2.3.2(b) The Clearing House, in consultation with the Fixed Income DMG, shall prescribe such procedures (in addition to those set out herein) for the conduct of the auction process, including selection of Invited Bidders, as it considers reasonably appropriate from time to time. The Clearing House and the Fixed Income DMG shall determine the Auction Currency in respect of the relevant Auction.

2.3.3(c) The Clearing House shall notify each Invited Bidder of all details that may be reasonably required in relation to an Auction Portfolio prior to the relevant Auction.

2.3.4(d) The auction process may take place over a number of days and Auctions of different Auction Portfolios may take place at different times.

2.3.5(e) Invited Bidders who decide to participate in an Auction will submit bids to the Clearing House representatives on the Fixed Income DMG, who will ensure that the identities of the bidders are not revealed to the RCM representatives on the Fixed Income DMG. Bids may be submitted for the entire Auction Portfolio or for a percentage of the Auction Portfolio. Bids shall be submitted as a price at which the relevant Invited Bidder is willing to take on a specified percentage of the Auction Portfolio, and all bids will be ranked in accordance with the price per percentage represented by that bid. The Fixed Income DMG will oversee the bidding process in a manner which it considers best protects the resources of the Clearing House and ensures an orderly process. The Clearing House shall be entitled to round up or round down nominal amounts received by successful Invited Bidders in order to ensure that successful bids comply with the Clearing House's requirements on minimum transaction sizes and this may impact the price paid by successful Invited Bidders.

2.3.6(f) The Clearing House in consultation with the Fixed Income DMG will have full discretion in deciding whether or not to accept one or more bids in an Auction for part or all of the Auction Portfolio and, in so deciding, will take into account the range of bids received relative to the amount of Collateral ~~transferred to the Clearing House~~ held in respect of initial margin, variation margin and additional margin and the Default Fund Contribution of the Defaulting RCM and, subject to their availability, the Clearing House resources as set out in Rule ~~4615~~ of the ~~Clearing House's~~ Default ~~Fund~~ Rules. If the Clearing House does accept one or more bids, the price paid by the relevant winning bidders will be the same. Therefore, if the Clearing House decides to accept more than one bid, the price payable by all such winning bidders will be the price of the lowest bid which is accepted by the Clearing House. In the event that more than one Invited Bidder submits a bid of the same value (each an "Equal Bid"), the Clearing House may, subject to its discretion to reject one or more such Equal Bids, split the relevant Auction Portfolio between the relevant Invited Bidders who submitted Equal Bids on an individual trade-by-trade basis. The Clearing House, in consultation with the Fixed Income DMG, may choose to accept a bid in respect of a smaller proportion of an Auction Portfolio than that which an Invited Bidder specified in its bid.

2.3.7(g) In the case of an Auction in which no bid is accepted or received (as the case may be), or in which the bids accepted by the Clearing House are for less than the whole Auction Portfolio, subject to ~~Rule 2.3.9, paragraph (i) below~~, one or more further Auctions may, at the discretion of the Clearing House, be held in relation to the relevant Auction Portfolio or that part of the Auction Portfolio which remains.

As soon as practicable following an Auction:

~~(a)~~(i) in the event that one or more bids were accepted, the Clearing House will notify all the Invited Bidders who participated in the Auction that one or more bids were accepted and shall notify the Invited Bidders who submitted the accepted bids that their bids were accepted; and

~~(b)~~(ii) in the event that no bid was accepted, or the accepted bids were for less than the whole Auction Portfolio, the Clearing House will notify such RCMs as determined by the Clearing House in consultation with the Fixed Income DMG of the details of any further Auction.

2.3.8(h) All Invited Bidders agree to use all reasonable efforts to make a bid in an Auction for an Auction Portfolio in respect of which such RCM is a Market Participant.

2.3.9(i) The Clearing House may directly sell assets or Auction Portfolios outside of Auctions if an Auction fails or, in the opinion of the Clearing House in consultation with the Fixed Income DMG, is likely to fail or if the Clearing House determines (in consultation with the Fixed Income DMG) that it will not be possible to complete any relevant Auction in a timely and efficient manner and without putting the resources available to the Clearing House pursuant to ~~paragraphs (c) to (h) of Rule 4615~~ at risk.

2.4 *Auction Resources and Reserve Price*

2.4.1(a) Before commencing the auction process, the Clearing House will calculate a base price ("**Base Price**") for each individual Auction Portfolio based on an initial allocation of the resources potentially available to it from the Defaulting RCM to satisfy any loss incurred in the Auction of each such Auction Portfolio pursuant to paragraphs (a) to (c) of Rule ~~4615~~ and, consequently, taking into account market prices, a reserve price ("**Reserve Price**") for such Auction. Notwithstanding such initial allocation, any resources utilised by the Clearing House will be allocated in accordance with Rule ~~2.52.5~~ below.

2.4.2(b) For each Auction Portfolio, the resources shall be allocated as follows:

~~(a)~~(i) the resources of the Defaulting RCM (in the form of: (i) the Margin Cover of the Defaulting RCM pursuant to Rule ~~46(a)15(a)~~ of the Default ~~Fund~~ Rules and (ii) the Contributions made by the Defaulting RCM to the RepoClear Default Fund available pursuant to Rule ~~46(b)15(b)~~ of the Default ~~Fund~~ Rules at the time of the auction process) will be allocated to the Auction Portfolios based on the proportion that

(a) the risk of the relevant Auction Portfolio bears to (b) the aggregate of the risks (on an absolute basis) for all Auction Portfolios; and

~~(b)(ii)~~ the portion of the Capped Amount applied to the RepoClear Business of the Defaulting RCM pursuant to Rule ~~16(e)~~15(c) of the Default ~~Fund~~ Rules will be allocated to the Auction Portfolios based on the proportion that (a) the risk of the relevant Auction Portfolio bears to (b) the aggregate of the risks (on an absolute basis) for all Auction Portfolios.

2.5 *Loss Attribution*

~~2.5.1(a)~~ Following the completion of all Auctions of all Auction Portfolios of the Defaulting RCM, the Clearing House will determine whether losses incurred by it following such Auctions are such that the Non-Defaulters' Contributions must be utilised. Where applicable, such losses will be allocated to Non-~~d~~Defaulters' Contributions in accordance with the loss attribution process described in Rules ~~2.5.2 to 2.5.4(b) to 2.5(d)~~ of this Annex.

~~2.5.2(b)~~ For each Auction Portfolio, losses to the Clearing House will be met using the resources ~~as~~ set out in Rule ~~16.15~~. In applying those resources, the Clearing House will allocate the losses in respect of each Auction Portfolio (the "**Auction Losses**") by reference to the resources allocated to such Auction Portfolios in accordance with Rule 2.3.9(i) of this Annex. Where there are no Auction Losses in respect of an Auction Portfolio or the Auction Losses in respect of an Auction Portfolio do not require the full amount of the resources referred to in ~~sub-paragraphs (a) and (b) of~~ Rule 2.4.2(b) of this Annex allocated to the relevant Auction Portfolio (the "**Initial Resources**") to be fully utilised, the relevant surplus Initial Resources will be allocated *pro rata* between those Auction Portfolios in respect of which there are Auction Losses requiring the utilisation of resources beyond the Initial Resources available in the relevant Auction Portfolio in accordance with ~~Rule 16(a), 16(b) and 16(e)~~ Rules 15(a), 15(b) and 15(c) until such time as all Initial Resources have been fully utilised.

~~2.5.3(c)~~ In the case of each Auction for which there are Auction Losses, those Auction Losses will be allocated to ~~the~~ Non-~~d~~Defaulter's Contributions (the "**Original Contributions**") ~~based upon the proportion that (a) the value of each such Original Contribution bears to (b) the aggregate of the amounts calculated in (a) for each of such RCMs.~~

If, for an Auction Portfolio, there remain Auction Losses outstanding after the attribution process referred to ~~in sub-paragraph (c) above~~ in this Rule 2.5 of this Annex, and there are Auction ~~Portfolios~~ Losses relating to other Auction Portfolios in which the Original Contributions have not been fully utilised, the Clearing House shall attribute the remaining Auction Losses amongst such Original Contributions through the attribution process set out above.

~~2.5.4(d)~~ If and to the extent that there are Auction Losses outstanding following the attribution process referred to in Rule ~~2.5.3~~2.5(c) above, those Auction Losses will be allocated to the RepoClear Unfunded Contributions based upon

the proportion that (a) the value of each such RepoClear Unfunded Contribution bears to (b) the aggregate of the amounts calculated in (a) for each of such RCMs until the first to occur of (i) the Auction Losses being fully met; and (ii) the RepoClear Unfunded Contributions being fully attributed.

~~2.5.5(e)~~ If and to the extent that there are Auction Losses outstanding following the attribution process referred to in Rule 2.5-4(d) above, any Loss Distribution Charges payable by Non-Defaulting RCMs pursuant to Rule R9(b) of the Default ~~Fund~~ Rules shall be applied to reduce such Auction Losses.

~~3. TRANSFER OF CASH FLOWS AND REGISTRATION OF POSITIONS~~

3. Transfer of Cash Flows and Registration of Positions

- 3.1 Following the disposal of all or part ~~or all~~ of an Auction Portfolio by way of Auction (and notwithstanding that other Auction Portfolios of the Defaulting RCM may not yet have been auctioned) the Clearing House, will, with the co-operation of the RCMs, transfer to the RCMs whose bids were accepted in respect of that Auction Portfolio the positions for which that RCM has successfully bid under the RepoClear Default Management Process. Such transfer may take place by way of registration of new positions with the Clearing House in the name of the relevant RCM, or novation of rights and obligations to the relevant RCM.
- 3.2 In order to effect the transfer of positions, the Clearing House shall prescribe such procedures and timetable as it considers reasonably appropriate in the circumstances. RCMs will be required to exercise best endeavours to comply with such requirements as may be established by the Clearing House, after consultation with the Fixed Income DMG, to effect the transfer of positions, including but not limited to the payment of any sums due as a result of the winning bid and the ~~transfer~~ provision of Collateral in an amount required by the Clearing House in respect of their initial margin, variation margin and additional margin obligations in respect of positions which are to be registered in their names. The Clearing House agrees that in such procedures it shall make provision for set-off by the Clearing House of amounts owed by the Clearing House to the RCM as a result of the operation of the RepoClear DMP against sums owed by the RCM to the Clearing House in respect thereof.
- 3.3 Where, as a result of an Auction, the Clearing House is required to make a payment to a RCM in respect of a winning bid, the Clearing House shall not be permitted to register any position, whether as a new position or as a novation of existing rights and obligations, to any such RCM if the Clearing House does not simultaneously credit that RCM with the requisite amount. If any position is so registered without such payment, such registration shall be deemed void *ab initio* and unenforceable against the relevant RCM. For the avoidance of doubt, the Clearing House will utilise the resources available to it pursuant to Rule ~~1615~~ of the Default ~~Fund~~ Rules for the purposes of making such a payment notwithstanding that other Auction Portfolios of the Defaulting RCM may not yet have been auctioned and that the loss attribution process provided for by Rule ~~2.5.2.5~~ of this Annex has not yet occurred.

~~4.~~ ~~INFORMATION REGARDING THE~~ Default Management in respect of RepoClear Client Clearing Business

The RepoClear DMP in respect of any contract which is a Fixed Income Contract in respect of RepoClear Client Clearing Business shall be conducted in accordance with the Client Clearing Annex (which such stages, for the avoidance of doubt, will result in a Fixed Income Contract in respect of RepoClear Client Clearing Business being dealt with in accordance with Rules 2 and 3 above in the event that it cannot be ported by the Clearing House).

~~4.5.~~ ~~Information regarding the~~ RepoClear DMP

Whenever the RepoClear DMP is implemented by the Clearing House in respect of a Defaulting RCM, the Clearing House will, with the assistance of the Fixed Income DMG, provide such ongoing information to RCMs as the Clearing House deems reasonably appropriate in respect of the progress of the RepoClear DMP.

Nothing in this Rule ~~45~~ shall require the Clearing House to disclose information in respect of the RepoClear DMP which, in the reasonable opinion of the Clearing House, may be subject to obligations of confidentiality, may constitute market sensitive data or is, in the Clearing House's reasonable opinion, inappropriate for disclosure to RCMs.

~~5. MISCELLANEOUS~~

6. Miscellaneous

~~5.16.1~~ Subject to Rules ~~2.3.9 and 2.5(i) and 2.5~~ of this Annex, the resources available to the Clearing House and their order of use are defined in Rule ~~4615~~ of the Default ~~Fund~~ Rules as modified and/or supplemented by the RepoClear Default Fund Supplement.

~~5.26.2~~ The Clearing House may from time to time supplement the details of any of the stages set out in Rule 1 of this Annex or any other aspects of the RepoClear DMP, in consultation with the Fixed Income DMG, either by way of further Guidance or immediately on notice to RCMs on a case-by-case basis where the Clearing House deems it appropriate to do so in the circumstances of the Default, **provided that** the Clearing House may not take any such action that effects a material change to the terms of this Annex without the written consent of ~~50% per cent.~~ of all RCMs unless such change is invoked unilaterally against all RCMs and is necessary to manage the Clearing House's risk or otherwise to meet the Clearing House's continuing regulatory obligations including those applicable to it as a Recognised Clearing House. The Clearing House agrees that, in the ordinary course, it shall discuss any such Guidance with the Fixed Income DMG prior to bringing the Guidance into effect except that it shall not be required to do so where (i) the Guidance is not material to the rights and obligations of the RCMs or (ii) the Clearing House deems it inappropriate to do so in the circumstances of the Default and it is not possible to convene the Fixed Income DMG in timely fashion.

~~5.36.3~~ The timetable for implementation of the stages of the RepoClear Default Management Process following issue of a Default Notice by the Clearing House shall be either (1) as prescribed by the Clearing House from time to time in consultation with the Fixed

Income DMG and set out in Guidance; or (2) imposed by the Clearing House without prior notice to the RCMs on a case-by-case basis where the Clearing House, in consultation with the Fixed Income DMG, deems it appropriate to do so in the circumstances of the Default.

~~6.7.~~ ROLE AND CONSTITUTION OF Role and Constitution of Fixed Income DMG

~~6.4.7.1~~ The Fixed Income DMG shall meet at regular intervals in order to:

~~6.1.1~~(a) keep under review the RepoClear DMP, together with any Guidance issued in respect thereof;

~~6.1.2~~(b) keep under review the terms of reference of the Fixed Income DMG to ensure they remain appropriate;

~~6.1.3~~(c) consider appropriate supplements or amendments to the RepoClear DMP and/or Guidance in order to improve the procedures in place; and

~~6.1.4~~(d) consider any other business relevant to the RepoClear DMP which any member of the Fixed Income DMG from time to time sees fit to raise at such meetings.

~~6.2.7.2~~ The members of the Fixed Income DMG shall also meet within one hour, or as soon as reasonably practical, following notification by the Clearing House that a Default Notice has been served upon an RCM, and at sufficiently frequent intervals thereafter for so long as may be necessary to assist the Clearing House in the implementation of the RepoClear DMP as contemplated under this Agreement. Such implementation shall include, without limitation, the provision of general default management advice with regard to: (1) the ongoing obligations of the Clearing House to its non-defaulting members; (2) the hedging and closing-out of the individual obligations of the Defaulting RCM; and (3) the splitting of Portfolios and the disposal of Auction Portfolios in accordance with the RepoClear DMP. Where it is not possible or practicable for the RCM to provide its nominated representative within an appropriate timeframe, it shall provide an alternate of suitable experience and expertise to participate on the Fixed Income DMG.

~~6.3.7.3~~ The Fixed Income DMG shall be made up of the following individuals who, unless stated otherwise, shall be appointed by the Clearing House which shall ensure that the composition is such as to provide effective review of the RepoClear DMP and suitable expertise and representation of market-making capacity in the event of a Default:

~~6.3.1~~(a) the Head of Fixed Income at the Clearing House (or his or her deputy), who shall act as chairman;

~~6.3.2~~(b) representatives of at least four RCMs, being senior executives with appropriate skills and expertise, at least two of which shall be from organisations with membership of both LCH.Clearnet Ltd and LCH.Clearnet S.A.;

6.3.3(c) _____ the head of the Fixed Income Risk group at the Clearing House (or his or her deputy);

6.3.4(d) _____ a member of the Liquidity Management group at the Clearing House or other employee of the Clearing House authorised to represent the Liquidity Management group;

6.3.5(e) _____ in the event of the issuance of a Default Notice, a representative of the Defaulting RCM may be invited to join the Fixed Income DMG to assist its work; and

6.3.6(f) _____ such other individuals as the Fixed Income DMG considers appropriate from time to time in relation to individual meetings.

Where the Clearing House has appointed any representative of any RCM to be a member of the Fixed Income DMG, such RCM shall be obliged to make an appropriate representative of that RCM available for that purpose. It is expected that representation on the Fixed Income DMG will be preceded by participation in a DMP fire drill.

6.4.7.4 For the purpose of Fixed Income DMG meetings convened to deal with a specific Defaulting RCM, the Clearing House may, after consultation with the Fixed Income DMG, invite the Defaulting RCM to nominate one or more representatives to join the Fixed Income DMG to assist it in carrying out its functions in the RepoClear DMP for that Defaulting RCM, and also request representatives from any other RCMs. In the event of receiving such request, the RCM shall be obliged to provide its nominated representative, or an alternate with appropriate skills, experience and expertise, as if the RCM were a member of the Fixed Income DMG.

6.5.7.5 In establishing the Fixed Income DMG, the Clearing House agrees that in the normal course of events (not including the Clearing House's declaration of a Default and the invocation of the processes as outlined in Rules 1 and 3 of ~~this Annex~~ [the Default Rules](#)) it will, as far as practicable, and in accordance with the terms of reference of the Fixed Income DMG, rotate the membership of the Fixed Income DMG on a regular basis and amongst all RCMs. The RCM agrees that, when requested to do so by the Clearing House, it will make available a representative to participate in the Fixed Income DMG. The Clearing House shall agree with the RCM the identity of such representative and shall be able to request a substitute where it believes the RCM's nominated representative does not have the requisite skills or expertise.

6.6.7.6 Each RCM who makes available a representative to serve on the Fixed Income DMG agrees, and shall procure that, to the extent applicable, its representative agrees:

6.6.4(a) _____ to ensure that such representative will be fully available, at any time and for such periods of time as the Clearing House may require during the course of a Default, to perform his function as a member of the Fixed Income DMG including attending meetings, considering and advising the Clearing House upon aspects of the RepoClear DMP. The RCM shall ensure that a representative's other work commitments do not affect his availability for this purpose;

6.6.2(b) _____ to take all steps to respect the confidential capacity in which such a representative receives information through the Fixed Income DMG and to establish adequate procedures to prevent the disclosure or use for any commercial purpose outside the scope of the RepoClear DMP of any such confidential information by the RCM or its representative. Such procedures shall normally include, without limitation, the establishment of Chinese walls within the RCM; and

6.6.3(c) _____ to be bound by and to ensure that it and any of its executives or directors serving on the Fixed Income DMG complies with the requirements contained in the Procedures.

6.7.7 Each RCM shall accept that:

6.7.1(a) _____ representatives of RCMs serving on the Fixed Income DMG are doing so in order to assist the Clearing House in ensuring the on-going integrity of the RepoClear service in the interests of Non-Defaulting RCMs; and

6.7.2(b) _____ representatives of RCMs serving on the Fixed Income DMG and their employers shall have no liability for any disinterested advice or actions, mandated or otherwise, that are undertaken as part of the RepoClear Default Management Process, **provided, however, that** nothing in this Rule 6.7.27(b) shall exclude the liability of such representatives and employers for any personal injury or death caused by their negligence or for any fraud or wilful default on the part of such representatives and employers.

6.87.8 The Clearing House agrees that, in exercising its rights and obligations in consulting with the Fixed Income DMG pursuant to this Agreement, it will use all reasonable commercial endeavours to agree a common position with the Fixed Income DMG, **provided that** nothing in this Rule shall prevent the Clearing House acting in a way which it reasonably determines necessary to manage its risk or otherwise meet its continuing regulatory obligations including those applicable to it as a Recognised Clearing House.

6.97.9 The Clearing House may run RepoClear DMP "**fire-drills**" from time to time. RCMs will be required to actively participate in a DMP fire-drill when requested to do so by the Clearing House. Those required to participate in a fire-drill will be limited to the top 90% per cent. of RCMs based on total ~~Initial Margin of~~ initial margin requirements over the previous three months. The fire-drill list of potential participant RCMs will be refreshed on a semi-annual basis by the Clearing House.

Reduction of Losses on Default

~~16-15.~~ Subject to any contrary provision of the Rulebook, where a ~~d~~Defaulter fails to pay any sum payable to the Clearing House, the Clearing House shall reduce or bear its loss in the manner provided by this Rule~~:-~~:

(a) first, to the extent the Clearing House determines appropriate, in applying any Collateral ~~held-by~~transferred to the Clearing House ~~in-respect-of~~by the ~~d~~Defaulter and any other sum owed to the ~~d~~Defaulter other than any Contribution (together, "**Margin Cover**"), **provided that** (i) Margin Cover related to ~~each a particular~~ type of Business ~~of the defaulter~~ is to be applied first to any loss attributable to that ~~type-of~~ Business until such loss is absorbed; and (ii) save in the case where the relevant Client Accounts are two or more Individual Segregated Accounts opened by the Defaulter on behalf of the same Clearing Client (or, in the case of a Defaulter who is an FCM Clearing Member, two or more FCM Client Sub-Accounts held in the name of the same FCM Client or two or more FCM Omnibus Futures Client Accounts with LCH), in no circumstances will Margin Cover transferred by the Defaulter in respect of obligations arising on a Client Account be applied by the Clearing House pursuant to this stage (a) in respect of any loss attributable to any of the Defaulter's other accounts;

(b) second, by (i) recourse to the ~~d~~Defaulter's relevant Contribution in respect of the type of Business to which the loss relates, followed by (ii) recourse to any other Contribution made by the ~~d~~Defaulter to the extent not utilised under (i) above. The Clearing House will exercise its rights of recourse under this ~~Rule 16(b)~~stage (b) by set-off against the Clearing House's obligation to repay the relevant Contributions to the ~~d~~Defaulter;

(c) third, by payment from the Clearing House's own account of an amount ~~up to a maximum~~(the "**Capped Amount**") (i) determined by the Clearing House from time to time in accordance with the requirements relating to the calculation and the setting aside of £20,000,000 (dedicated own resources under the Own Resources Provision; or ~~such greater~~(ii) in the case of a subsequent Default occurring before the Clearing House has reinstated the dedicated resources required in accordance with the Own Resources Provision, representing the residual amount ~~(if of such dedicated own resources.~~

Where there are amounts due from the Defaulter at this stage in respect of more than one type of Business (each a "**Relevant Business**" in respect of the Defaulter), a separate Capped Amount determined in accordance with Rule 15(c)(i)-(ii) will be paid from the Clearing House's own account under this stage (c) in respect of such Relevant Business.

(d) fourth, to the extent that any insurance or analogous arrangement is not available to the Clearing House, by recourse to the indemnities given under Rule 21 by Clearing Members other than the Defaulter (which shall be satisfied by set-off against the Clearing House's obligation to repay the relevant Contributions of such Clearing Members). If the criteria specified in a relevant Supplement for calling any Unfunded Contributions have been

satisfied, then references to the Contributions of Clearing Members other than the Defaulter in this Rule 15(d) shall include such Unfunded Contributions;

- ~~(e) fifth, by recourse to any insurance cover or analogous arrangement;~~
- (f) sixth, by recourse to the indemnities given under Rule 21 by Clearing Members other than the Defaulter (which shall be satisfied by set-off against the Clearing House's obligation to repay the relevant Contributions of such Clearing Members). If the criteria specified in a relevant Supplement for calling any Unfunded Contributions have been satisfied, then the references to the Contributions of Clearing Members other than the Defaulter in this Rule 15(f) shall include such Unfunded Contributions;
- (g) seventh, by recourse to any other indemnities, guarantees, undertakings or monies provided by Clearing Members;
- (h) eighth, in respect of RepoClear Business only, by recourse to the Service Closure Payments set out in Rule R11; or
- ~~(e)(i) ninth, and in respect of RepoClear Excess Loss only, as may be determined from time to time a loss borne by the Board of the Clearing House) (the "Capped Amount"); for its own account. For the avoidance of doubt, amounts will only be paid under this stage (e)(i) if and to the extent that to do so would not result in the Clearing House being unable to meet all its other liabilities (taking into account for these purposes the obligation of the Clearing House to return cash Collateral transferred to it by the Clearing Members House in respect of their initial Clearing Members' margin obligations and to repay the Contributions of all Clearing Members).~~

~~Where there are amount due from the defaulter at this stage in respect of more than one type of business, the Capped Amount shall be applied to these amounts pro rata.~~

~~fourth, to the extent that any insurance or analogous arrangement is not available to the Clearing House, by recourse to the indemnities given under Rule 28 by Clearing Members other than the defaulter (which shall be satisfied by set-off against the Clearing House's obligation to repay the relevant Contributions of such Clearing Members). If the criteria specified in a relevant Supplement for calling any Unfunded Contributions have been satisfied, then References to the Contributions of Clearing Members other than the defaulter in this Rule 16(d) shall include such Unfunded Contributions;~~

~~(a) fifth, by recourse to any insurance cover or analogous arrangement;~~

~~sixth, by recourse to the indemnities given under Rule 28 by Clearing Members other than the defaulter (which shall be satisfied by set-off against the Clearing House's obligation to repay the relevant Contributions of such Clearing Members). If the criteria specified in a relevant Supplement for calling any Unfunded Contributions have been satisfied, then References to the Contributions of Clearing Members other than the defaulter in this Rule 16(f) shall include such Unfunded Contributions;~~

~~seventh, by recourse to any other indemnities, guarantees, undertakings or monies provided by Clearing Members;~~

~~eighth, in respect of RepoClear Business only, by recourse to the Service Closure Payments set out in Rule R11; and~~

~~ninth, in respect of a RepoClear Excess Loss only, as a loss borne by the Clearing House for its own account. For the avoidance of doubt, amounts will only be paid under this stage (i) if and to the extent that to do so would not result in the Clearing House being unable to meet all its other liabilities (taking into account for these purposes the obligation of the Clearing House to return cash Collateral transferred to it by Clearing Members in respect of their initial margin obligations and to repay the Contributions of all Clearing Members).~~

~~This Rule has effect without prejudice to any rights of the Clearing House or any other person against the defaulter.~~ Any Excess Loss remaining in respect of a particular Business after application of the available resources under stages ~~(a) to (g)~~ under this Rule 16(a) to (g) under this Rule 15 shall be addressed as provided under the relevant Supplement, ~~and~~ without any recourse to Service Closure Payments (except with regard to RepoClear only) or other loss allocation provisions under any other Supplement or (except as provided in stage (i) with regard to RepoClear only) to the capital of the Clearing House.

Where a ~~d~~Defaulter is engaged in more than one type of ~~Relevant~~ Business, the completion of the default management processes in respect of such Relevant Businesses may occur at different times. The Clearing House may be required to make a determination in respect of one Relevant Business (including certification of a Default Loss under Rule ~~23(b), 16(b)~~, certification of a net sum payable under Rule ~~26(a)~~19(a) or the value of an Excess Loss) in order to manage the ~~d~~Default at a time when (a) the determination is contingent on an outcome of the default management process in respect of some other Relevant Business, and (b) that outcome has not yet been reached. In the interests of efficient resolution, the Clearing House may at such point make assumptions about that outcome, and proceed with the relevant process on that basis. Where any such assumptions have been made, the Clearing House shall, on the completion of the default management processes in respect of all Relevant Businesses, make such credits to the default funds relating to the Relevant Businesses and such distributions to former Clearing Members as may be necessary to put the default funds and those firms which had contributed to such ~~d~~Default funds at the time of the relevant default in the position that they would have been in if the correct outcomes had been ~~used~~reached and the relevant assumptions had not been made.

~~17. — 22. Rules no longer in force~~

~~This Rule has effect without prejudice to any rights of the Clearing House or any other person against the Defaulter.~~

Terms on which Contribution is held

16. ~~(a) Subject to Rules (b) and (c);~~

23.(a) Subject to Rules 16(b) and (c) below, the outstanding balance of a Clearing Member's Contribution (or, as appropriate, part thereof) shall be repayable to the Clearing Member on the earliest to occur of the following events:

(i) if the Clearing Member is not a ~~d~~Defaulter (or the Clearing Member is a ~~d~~Defaulter and has validly exercised its rights under Regulation ~~39A45~~39A45(e)), the effective date of termination of the Clearing Member's status as a Clearing Member (including a Termination Date under Regulation ~~39A45 (Netting)~~39A45 (Netting) or under FCM Regulation ~~24A~~24A;37 (Netting));

(ii) if the Clearing Member has become a ~~d~~Defaulter, the date or event appointed by the Clearing House for repayment of sums due to the Clearing Member under Rule ~~9~~9;

(iii) the amount of ~~the~~a relevant Contribution being reduced by virtue of the recalculation of its amount in accordance with the ~~provisions of~~arelevant Supplement (in which case the relevant Contribution shall be repayable only to the extent of such reduction);

(iv) the Clearing House making an Insufficient Resources Determination ~~in accordance with the provisions of the~~pursuant to a Supplement ~~to which the Contribution relates~~; and

(v) the expiry of a period of 50 years from the date on which the Contribution was paid to the Clearing House.

(b) If a Clearing Member becomes a ~~d~~Defaulter, the Clearing House shall as soon as practicable after any Margin Cover has been applied pursuant to Rule ~~16~~15, certify one or more net sums then payable by the ~~d~~Defaulter to the Clearing House in respect of each type of Business (each a "Default Loss"), disregarding for this purpose any of the ~~defaulting—Clearing Member's~~Defaulters Contributions. If the Clearing House certifies any Default Loss, all of the ~~d~~Defaulter's Contribution in respect of the ~~r~~Relevant Business shall immediately become due and repayable, but only in an amount not exceeding that Default Loss. Insofar as the Default Loss exceeds the ~~d~~Defaulter's Contribution in respect of the ~~r~~Relevant Business, the ~~d~~Defaulter's Contributions (if any) made in respect of other types of Business shall become due and repayable; in an amount in aggregate not exceeding the total Default Loss remaining after deducting the ~~d~~Defaulter's Contribution in respect of the Business to which the Default Loss relates.

(c) If an amount becomes payable by the Clearing Member under Rule ~~28~~21, the Clearing Member's relevant Contribution shall immediately become due and repayable, but only to the extent of such amount.

~~24.17.~~ Interest shall accrue on the amount of a Contribution at such rate and in such manner as provided in the relevant Supplement. Interest shall not be regarded as part of ~~the~~ Contribution.

~~25.18.~~ A Clearing Member's entitlement to repayment of any of its Contributions or any part of them shall not be capable of assignment by the Clearing Member, nor shall Contributions be capable of being charged or subject to any other form of security whether purporting to rank in priority over, *pari passu* with or subsequent to, the rights of the Clearing House. Any purported charge or assignment by a Clearing Member (whether by way of security or otherwise) of its Contributions shall be void. A Clearing Member shall not otherwise encumber (or seek to encumber) its Contributions.

Application of ~~the~~ Defaulter's Contribution, and Certification of Aggregate Excess Losses

~~26.19.~~ Without prejudice to any other right of set-off or application of funds to which the Clearing House may be entitled, in the event of a Default and the certification by the Clearing House of a Default Loss under Rule ~~23(b)16(b)~~ in respect thereof, the Clearing House shall without notice set off in or towards satisfaction of any sums payable to the Clearing House from the ~~the~~ Defaulter any amount of any Contribution of the ~~the~~ Defaulter which has become due and repayable in accordance with Rule ~~23(b)16(b)~~. If the Clearing House is to have recourse, in accordance with Rule ~~16,15~~, to the indemnities, guarantees, undertakings or monies provided by Clearing Members other than the ~~the~~ Defaulter, as soon as practicable the Clearing House shall certify ~~(by a "Rule 2619 Certificate"):-~~:

(a) ~~the~~ the amount of the ~~the~~ Defaulter's Contribution applied under this Rule and the net sum (if any), or each net sum (if more than one), ~~then~~ immediately payable by the ~~the~~ Defaulter to the Clearing House in respect of the types of Business undertaken by the ~~the~~ Defaulter, taking into account for this purpose the ~~defaulter's Contribution~~ Defaulter's relevant Contributions; and

(b) ~~the~~ the extent to which any sums so payable by the ~~the~~ Defaulter to the Clearing House (but ~~that remain~~ unpaid) may be claimed by the Clearing House under a policy of insurance or analogous instrument relating to losses arising upon a Default.

The Clearing House may issue more than one Rule ~~2619~~ Certificate in relation to losses arising upon any Default.

Where a Rule ~~2619~~ Certificate is to be issued, the Clearing House may assume that no recoveries will be made in respect of obligations of the ~~the~~ Defaulter ~~(beyond the value of its Contributions)~~.

~~27.20.~~ The Clearing House may, in the exercise of the right conferred by Rule ~~2619~~, set off the amount due (in accordance with Rule ~~23(b)16(b)~~) to a ~~the~~ Defaulter in respect of the ~~the~~ Defaulter's Contribution or any part thereof against sums owing on any account whether or not it is a ~~client account~~ Client Account, and the Clearing House shall have unfettered discretion in this regard.

Application of Fund and Indemnity

21. By virtue of ~~this Rule and its agreement with~~ the Clearing ~~House~~ Membership Agreement and this Rule, and subject to Rule ~~29, 22~~:

~~28.~~(a) each Clearing Member (for these purposes, a "Non-Defaulting Clearing Member") grants a separate limited-recourse indemnity to the Clearing House in respect of each type of Relevant Business in which it participates. In relation to each type of Relevant Business, the indemnity is granted in respect of each Excess Loss arising in respect of the Relevant Business upon the Default of another Clearing Member. The amount of an indemnity is limited to an aggregate amount not exceeding the amount of the Non-Defaulting Clearing Member's Contribution in respect of the Relevant Business as calculated at the Determination Date immediately before the relevant Default, together with ~~any~~the amount of any Unfunded Contribution ~~and any~~ Loss Distribution Charge and/or Supplementary Contribution in respect of the Relevant Business that the Clearing House has called or would be entitled to call from the Non-Defaulting Clearing Member in relation to that Default;

(b) The amount due by a Non-Defaulting Clearing Member in respect of an Excess Loss shall, save as otherwise provided under the ForexClear DMP Annex, the SwapClear DMP Annex or the RepoClear DMP Annex, be the Non-Defaulting Clearing Member's *pro rata* share of such loss arising upon the relevant Default calculated as the proportion of such Member's relevant Contribution relative to the aggregate relevant Contributions of all Clearing Members engaged in the ~~relevant~~ Relevant Business other than the relevant ~~Defaulting~~ Defaulter at the time of the relevant Default. ~~The amount so due shall become immediately payable automatically (without any obligation on the part of the Clearing House to make demand on the Clearing Member) upon the issue by the Clearing House of the, as applicable Rule 26 Certificate.~~ Without prejudice to any other right of set-off or application of funds to which the Clearing House may be entitled, the Clearing House shall forthwith without notice set off any amount due in accordance with Rule ~~23(e)~~16(c) to a Clearing Member in respect of the relevant Contribution of such Clearing Member in or towards satisfaction of the amount payable by such Clearing Member under this Rule ~~28.21~~.

~~29.22.~~ This Rule applies to a ~~Defaulting~~ Defaulter (the "**First ~~Defaulting~~ Defaulter**") where the Contribution of the First ~~Defaulting~~ Defaulter has not been repaid to the First ~~Defaulting~~ Defaulter or applied by the Clearing House under Rule ~~26, 19~~, and Aggregate Excess Losses arise upon the Defaults of other Clearing Members. Where this Rule applies, Rule ~~28.21~~ shall have effect with the following modifications:-:

(a) the balances (if any) of the First ~~Defaulting~~ Defaulter's relevant Contributions may be applied under Rule ~~28.21~~ in respect of such relevant Aggregate Excess Losses up to and including the date three months after the date of issue of the Default Notice in respect of the First ~~Defaulting~~ Defaulter's Default; and

(b) after ~~the date~~ three months after the date of issue of such Default Notice, the balances (if any) of the First ~~Defaulting~~ Defaulter's relevant Contributions may not be applied under Rule ~~28.21~~ in respect of such relevant Aggregate Excess Losses,

but they may be retained on account of losses arising upon the First ~~d~~Defaulter's own Default and, for the purposes of Rule ~~28,21~~, they shall be disregarded.

~~30.23.~~ The Clearing House shall give notice to each Clearing Member as soon as practicable after an amount has become due in accordance with Rule ~~2821~~ and of the manner in which it has been satisfied.

~~34.24.~~ If, in relation to a Default, the Clearing House has not yet certified in any Rule ~~2619~~ Certificates issued on or before the Determination Date occurring immediately after the Default all sums which may be or become due to the Clearing House from the ~~d~~Defaulter (because such sums will not or may not become liquidated or for any other reason payable until a later date), the Clearing House shall maintain a Contribution from each Clearing Member (other than the ~~d~~Defaulter) as cover for the performance by such Clearing Member of its obligation to indemnify the Clearing House in relation to any Aggregate Excess Loss not yet certified. In fulfilment of this requirement the Clearing House may take any step which appears to the Clearing House to be appropriate, and the steps so taken may include any (including a combination) of the following:

(a) postponement of the date for adjustment of Clearing Members' Contributions under Rules C5(a), E5(a), F5, L5(a), S5 or R5; as applicable in the case;

(b) reduction of the amounts payable to some or all Clearing Members under Rules C5(a)(i), E5(a)(i), F5(a), L5(a)(i), S5(a) or R5(a); as applicable in the case; and

(c) estimation of the amount of Aggregate Excess Losses which may become certified after the relevant Determination Date as appropriate, and application of Rule ~~2821~~ as if such estimated amount were already realised as an Aggregate Excess Loss.

The Clearing House shall notify Clearing Members of any steps taken under this Rule.

~~32. 32A. Rules no longer in force~~

Effect of cessation of Clearing Member status

~~25.~~ Subject to Rule ~~34,26~~, if a date for calculation of a Clearing Member's Contribution occurs: (i) after the giving of notice: ~~(i)~~ by or in respect of any Retiring Member; ~~(ii) by a Clearing Member, but prior to the Clearing House relevant Retirement Effective Date;~~ or (ii) after the giving of notice by or in respect of any Resigning Member for the purposes of resigning from a particular Service; ~~or (iii) but before the relevant Resignation Effective Date; or~~

(a) if a Supplementary Contribution is called by the Clearing House in relation to ~~a Clearing one or more Services;~~ (i) after the giving of notice by or in respect of any Retiring Member, but prior to the relevant Retirement Effective Date; or (ii) after the giving of notice by or in respect of any Resigning Member for the purposes of ~~requiring such Clearing Member to resign~~ resigning from a

particular Service (~~the "Relevant Service"~~) ~~(a Clearing Member~~ but prior to the relevant Resignation Effective Date,

the arrangements provided for in the purposes of (ii) and (iii) remainder of this paragraph, ~~a "Resigning Member"~~, ~~and before the termination of such Retiring Member's Clearing Member status or the Resigning Member's resignation from the Relevant Service (as the case may be):~~ Rule 25 shall apply:

- ~~(a)~~(b) if the Retiring Member or Resigning Member is not a ~~d~~Defaulter, the amount of such Retiring Member's Contribution (including any Supplementary Contribution) or such Resigning Member's Contribution (including any Supplementary Contribution) in respect of the ~~R~~relevant Service shall be determined by the Clearing House on the basis set out in the relevant Supplement without regard to the impending termination of such Retiring Member's Clearing Member status or Resigning Member's resignation (as the case may be), and, in the case of Contributions other than Supplementary Contributions the provisions of the relevant Supplement as to payment following adjustment ~~of amounts~~ of Contributions shall apply in respect of such Contribution accordingly;
- ~~(b)~~(c) if the Retiring Member or Resigning Member is a ~~d~~Defaulter, the balance of such Retiring Member's Contribution or such Resigning Member's Contribution in respect of the ~~R~~relevant Service (as the case may be) after any part of it has been applied under Rule ~~2619~~ or Rule ~~2821~~ shall not be subject to adjustment under the relevant Supplement, and the provisions of the relevant Supplement as to payment following adjustment of ~~amounts of~~ Contributions shall not apply to such Retiring Member or Resigning Member in respect of the ~~R~~relevant Service.

Notwithstanding the foregoing, in such circumstances, when the amounts of the respective Contributions of all Clearing Members other than any Retiring Member or any Resigning Member in respect of the ~~R~~relevant Service are determined in accordance with the relevant Supplement, the Clearing House shall disregard any Clearing Member which is a Retiring Member or, in relation to a ~~R~~relevant Service, any Resigning Member in respect of that ~~R~~relevant Service, in particular ~~disregarding such, the~~ Clearing Member's House shall disregard the daily margin ~~requirement obligations~~ and ~~such Clearing Member's~~ daily number of Contracts of such Retiring Member or daily margin obligations and treating daily number of Contracts in the relevant Services of such Resigning Member (as applicable); and shall treat any such Retiring Member as no longer being a Clearing Member ~~or and~~ any such Resigning Member as no longer being a Clearing Member in respect of the ~~R~~relevant Service.

- ~~34.26.~~ This Rule applies at any date for calculation of a Clearing Member's Contribution ~~or~~ falling after a Retiring Member has given notice of the termination of its Clearing Member status, or a Resigning Member has given notice of the termination of its Clearing Member status in respect of a relevant Service, and where another Clearing Member (the "**Continuing Member**") has arranged to undertake clearing on behalf of the Retiring Member, or clearing in respect of the relevant Service on behalf of the Resigning Member. If, in the opinion of the Clearing House, the Contribution of the

Continuing Member determined under the relevant Supplement does not fairly reflect the Continuing Member's share of clearing activity, the Clearing House may determine the Contribution of the Continuing Member as if the ~~R~~Relevant Business carried on by the Retiring Member or Resigning Member in respect of the relevant Service were part of the ~~R~~Relevant Business carried on by the Continuing Member. ~~If the Clearing House determines the amount of a Continuing Member's Contribution under this Rule, the~~ The Clearing House shall give notice of any Contribution determined under this Rule to the relevant Continuing Member, and the provisions of Rule ~~33~~25 shall not apply.

~~35.27.~~ A Retiring Member ~~and/or~~ a Resigning Member ~~in respect of a Relevant Service~~ shall, ~~until the completion of the process set out in Rule 8 in relation to any Default,~~ continue to be liable under its Rule ~~28~~21 indemnity in respect of Aggregate Excess Losses ~~arising upon such Default, notwithstanding that the Clearing Member status of the Retiring Member has terminated or that the Resigning Member has resigned in respect of the Relevant Service before that time.~~ relating to any Default which arises prior to the Retirement Effective Date or prior to the relevant Resignation Effective Date, respectively. While a Retiring Member or Resigning Member continues to be so liable, it shall ~~transfer~~provide such ~~Collateral~~Cover as the Clearing House shall require in respect of its liability in relation to any Aggregate Excess Losses not yet certified, subject to such ~~e~~Cover not exceeding the Retiring Member's Contribution at the ~~time of the termination of its clearing membership,~~ Retirement Effective Date or the Resigning Member's Contribution to the ~~R~~relevant Service at the ~~time of its resignation~~relevant Resignation Effective Date. In fulfilment of this requirement, the Clearing House may take any step which appears to the Clearing House to be appropriate, including the postponement of the date for repayment of ~~part~~all or ~~all~~part of the ~~R~~relevant Service (as the case may be), notwithstanding that the Retirement Effective Date or the relevant Resignation Effective Date may occur before the completion of the default management process relating to the relevant Default. The Clearing House shall notify the Retiring Member or the Resigning Member of any steps taken under this Rule.

Recoveries from defaulters

~~36.28.~~ If all or part of the Contributions of any Clearing Member ~~shall~~ have been applied in accordance with Rule ~~28,21,~~ the Clearing House shall ~~(except as otherwise provided in a Supplement)~~ account to each such Clearing Member (whether or not it remains at the relevant time a Clearing Member of the Clearing House) in respect of any Net Recovery, *pro rata* to the respective amounts applied in accordance with Rule ~~28~~21 in relation to the relevant Default and in an amount not exceeding, in relation to each such Clearing Member, the amount of its Contributions so applied.

Rules no longer in force

~~ForexClear Default Fund Supplement~~

~~In accordance with and subject to Rule F2,~~

SCHEDULE 5
FOREXCLEAR DEFAULT FUND SUPPLEMENT

F1. In accordance with and subject to Rule F2, the amount of each ForexClear Clearing Member's ForexClear Contributions shall be determined by the Clearing House as soon as practicable after each ForexClear Determination Date as appropriate on the basis of information available as at close of business on such ForexClear Determination Date and notified to such FXCCM as soon as practicable after such determination in accordance with the Procedures.

F2. Each FXCCM's ForexClear Contribution (other than ~~any~~ ForexClear Unfunded Contribution or any Supplementary Contribution) shall be determined by the Clearing House in accordance with the following provisions:

(a) determinations will be made by the Clearing House on the date that an FXCCM joins the ForexClear Service, and at the close of business on the first business day of each subsequent month, and otherwise in accordance with paragraph ~~(g) below;~~ (g) below (each a "**ForexClear Determination Date**") **provided, however, that** following a Default, any such determinations and any such ForexClear Determination Date which might otherwise have occurred under this Rule ~~F2~~ F2 shall be suspended for the duration of the period (the "**ForexClear Default Period**") commencing on the date of such Default and terminating on the last to occur of the following dates:

(i) the date which is the close of business on the day falling 30 calendar days after the ForexClear Default Management Process Completion Date in relation to such Default (or, if such day is not a business day, the next succeeding business day); and

(ii) where, prior to the ~~to the~~ end of the period referred to in ~~(i)~~ (i) above (or such period as has already been extended pursuant to this ~~sub-~~ paragraph ~~(ii)~~ (i)), one or more subsequent Defaults (each a "**Relevant Default**") occur, the date which is the close of business on the day falling 30 calendar days after the ForexClear Default Management Process Completion Date in relation to a Relevant Default which falls latest in time (or, if such day is not a business day, the next succeeding business day);

(b) On each business day, the Clearing House will determine a "**Combined Loss Value**" in respect of each of the 30 preceding business days. The Combined Loss Value in respect of a particular day will be the sum of the largest and the second largest stress-testing loss incurred on that day in relation to ForexClear Business (for a given scenario);

(c) the "**ForexClear Fund Amount**" shall be calculated in United States ~~D~~ dollars ("**USD**") and, for a given ForexClear Determination Date, shall be the largest of the 30 Combined Loss Values determined under ~~Rule (b) plus 10%~~ paragraph (b) above plus 10 per cent. The ForexClear Fund Amount shall not be less than USD 70 million (the "**ForexClear Fund Floor**");

- (d) the FXCCM's "ForexClear Margin Weight" shall be calculated by dividing the average daily initial margin ~~requirement~~obligation (as calculated under the Procedures or other arrangements applicable) which has applied to the FXCCM during the reference period in ~~Rule F2(b), paragraph (b)~~ above, in respect of all ForexClear Contracts to which the FXCCM is a party by the total of such average daily ~~requirements~~obligations applied to all Non-Defaulting FXCCMs;
- (e) the FXCCM's "Preliminary ForexClear Contribution" shall be calculated by multiplying the ForexClear Fund Amount by the FXCCM's ForexClear Margin Weight;
- (f) if the FXCCM's Preliminary ForexClear Contribution is below the Minimum ForexClear Contribution for the time being, the FXCCM's ForexClear Contribution shall be the Minimum ForexClear Contribution; and
- (g) subject to a suspension pursuant to ~~Rule F2(a), paragraph (a)~~ above, the Clearing House may recalculate the ForexClear Fund Amount on any business day if the Combined Loss Value differs by more than 25% per cent. from the figure on which the previous ForexClear Contribution determination was based.

F3. For the purposes of the calculations under Rule ~~F2~~F2:

- (a) references to "ForexClear Clearing Members" or "FXCCMs" do not include references to Defaulting FXCCMs (apart from any Defaulting FXCCM in respect of which the Clearing House permits the application of Rule ~~F2~~F2) or persons which were formerly FXCCMs but are not FXCCMs at the ForexClear Determination Date at which the relevant determination is made;
- (b) ~~C~~contributions shall be rounded upwards, if not already such a multiple, to the next integral multiple of one thousand US dollars; ~~and~~
- (c) no account shall be taken, in calculating ~~the~~ initial margin ~~requirement~~ or ForexClear Margin Weight under Rule ~~F2~~F2 of any offsets applied in ~~the~~calculating initial margin ~~required for obligations imposed on an FXCCM in respect of~~ ForexClear Contracts ~~from an FXCCM~~, which may otherwise be permissible under the Procedures or other arrangements applicable;
- (d) ~~P~~**provided that** the FXCCM is not a ~~d~~Defaulter, the amount of its ForexClear Contribution shall be calculated in accordance with and subject to Rule ~~F2~~F2. The provisions of Rule ~~F1~~F1, Rule ~~F2~~F2, this Rule ~~F3~~F3 and Rule ~~F5~~F5 do not apply to a Defaulting FXCCM, unless the Clearing House so permits in any particular case; ~~and~~
- (e) notwithstanding Rule 25 of the Default Rules, if an FXCCM notifies the Clearing House on the ForexClear Default Management Process Completion Date that it wishes to resign from the ForexClear Service, such FXCCM, assuming all other requirements for termination of membership have been satisfied by the next following ForexClear Determination Date, shall cease to be an FXCCM for the purpose of Rule F2 on and from the date upon which its

ForexClear Contribution is repaid to it by the Clearing House and such payment will be made by the Clearing House following the subsequent ForexClear Determination Date in accordance with the Procedures.

F4. Without prejudice to any other requirements which the Clearing House may impose, the amount of the ForexClear Contribution of a New Member shall be the sum of (a) the Minimum ForexClear Contribution and (b) any supplementary sum determined by the Clearing House in its discretion and notified to the New Member. The Clearing House shall determine the amount of such supplementary sum by reference to the actual or expected level of clearing activity of the New Member.

F5. Upon determination of the amount of a ForexClear Contribution in accordance with Rule ~~F2~~F2:

(a) if the amount of the ForexClear Contribution of an FXCCM immediately before close of business on the relevant ForexClear Determination Date exceeds the amount of the FXCCM's ForexClear Contribution ~~as~~ determined under Rule ~~F2~~F2 as at close of business on that day, the excess shall be paid by the Clearing House to such FXCCM in USD in accordance with the Procedures;

(b) if the amount of the ForexClear Contribution of an FXCCM immediately before close of business on the relevant ForexClear Determination Date is the same as the amount of the FXCCM's ForexClear Contribution as so determined under Rule ~~F2~~F2 as at close of business on that day, no sum shall then be payable by or to such FXCCM in respect of its Contribution; and

(c) if the amount of the ForexClear Contribution of an FXCCM immediately before close of business on the relevant ForexClear Determination Date is less than the amount of the FXCCM's ForexClear Contribution as so determined under Rule ~~F2~~F2 as at close of business on that day, the shortfall shall be paid by such FXCCM to the Clearing House in USD in accordance with the Procedures.

The provisions of this Rule do not apply to a Defaulting FXCCM, unless the Clearing House so permits in any particular case.

F6. On any day, interest shall accrue on the amount of each ForexClear Contribution ~~then~~ held by the Clearing House, to the extent that it has not been applied under Rule ~~26~~19 or Rule ~~28~~21 of the Default Rules, at such rate and in such manner as provided by the Procedures, **provided that** the rate of interest for any particular day shall not be less than the Fed Funds Rate published on that day (or, in relation to any day for which the Fed Funds Rate is not available, the Fed Funds Rate most recently published before such day). Interest shall be payable in arrears and shall be paid on the date or dates specified by the Procedures. In these Default ~~Fund~~-Rules, any interest which has accrued under this Rule shall not be regarded as being part of the ForexClear Contribution.

F7.

(a) After a Default, unless and until the Clearing House has repaid a Defaulter's ForexClear Contribution (or the remaining part thereof, as applicable), the ForexClear Fund Amount shall be treated as having been reduced by the amount of the Defaulter's ForexClear Contribution (if any), regardless of whether the Clearing House has applied part or all of that ForexClear Contribution under Rule 28 of the Default Rules.

(b) Where, after a Default, the Clearing House has applied part or all of ~~the~~ ForexClear ~~Contribution~~Contributions of the Non-Defaulting FXCCMs under Rule ~~26 or Rule 28~~21 of the Default Rules, the ForexClear Fund Amount shall be reduced forthwith by the deduction of (i) the amount of the Defaulter's ForexClear Contribution (if any) in accordance with paragraph (a) of this Rule F7; and (ii) the aggregate amount of the ForexClear Contributions or parts of ForexClear Contributions of the Non-Defaulting FXCCMs so applied, and the amount of the ForexClear Contribution that each Non-Defaulting FXCCM must maintain with the Clearing House shall be reduced by the amount of its ForexClear Contribution which has been ~~so applied pursuant, subject to Rule 28, in~~(where applicable) the requirement under paragraph (c) of this Rule S7.

(c) Following the completion of a ForexClear Default Management Process, the Clearing House will deliver a notice to the FXCCMs confirming that the relevant ForexClear Default Management Process Completion Date has occurred. If, following the issuance of such notice, the value of the ForexClear Fund Amount determined in accordance with paragraph (b) of this Rule F7 is less than the ForexClear Fund Floor, the Clearing House may notify each ~~ease~~ ~~until the next~~Non-Defaulting FXCCM that it is required to make a Supplementary Contribution, based on the proportion that the value of its ForexClear Contribution as at the last ForexClear Determination Date: ~~Unless and until prior to the Clearing House has repaid a defaulter's date when the relevant Default occurred bears to the value of the aggregate~~ ForexClear Contribution (or remaining part thereof,Contributions of all Non-Defaulting FXCCMs as applicable),at such date, so as to reinstate the ForexClear Fund Amount ~~shall be treated as having been reduced by the amount of the defaulter's~~to a value which is no less than the ForexClear Contribution (if any), ~~regardless of whether the Clearing House has applied part or all of that ForexClear Contribution under Rule 26~~Fund Floor. Supplementary Contributions required hereunder shall be paid within two business days after notification and in accordance with the Procedures.

F8. Where, after a Default, the Clearing House determines that (i) by reason of a reduction in accordance with Rule ~~F7,F7~~, the value of the ForexClear Fund Amount has been reduced by at least 25%~~; per cent.~~; or (ii) by the time of the ForexClear Default Management Process Completion Date in relation to the relevant Default, the value of the ForexClear Fund Amount will be reduced by at least 25%~~, per cent.~~, the Clearing House may, by notice in writing (the "ForexClear Unfunded Contribution Notice"), require each Non-Defaulting FXCCM to deposit and maintain an amount (each a "ForexClear Unfunded Contribution") in accordance with the following provisions:

(a) ForexClear Unfunded Contributions will only be payable in circumstances where the relevant ForexClear Unfunded Contribution Notice is delivered by

the Clearing House to FXCCMs prior to the ForexClear Default Management Process Completion Date in relation to the relevant Default;

- (b) the value of the ForexClear Unfunded Contribution payable by each individual FXCCM shall be the product of (i) the percentage by which the value of the ForexClear Fund Amount has been reduced and (ii) the value of the ForexClear Contribution of such FXCCM as determined by the Clearing House at the last ForexClear Determination Date prior to the date when the relevant Default occurred;
- (c) the Clearing House may, by the delivery of one or more further ForexClear Unfunded Contribution Notices, require each Non-Defaulting FXCCM to pay one or more further ForexClear Unfunded Contributions in respect of the same Default, **provided that** the total value of the ForexClear Unfunded Contributions payable by an individual FXCCM in respect of a particular Default (determined in accordance with paragraph ~~(b)~~(b) above) may not exceed the value of the ForexClear Contribution of such FXCCM as at the last ForexClear Determination Date prior to the date when the relevant Default occurred; and
- (d) following a Default in respect of which ForexClear Unfunded Contributions were paid (the "**First Default**"), the Clearing House may require the payment of further ForexClear Unfunded Contributions in respect of subsequent Defaults (which, for the avoidance of doubt, can never be a First Default), **provided that** ForexClear Unfunded Contributions will not be payable in respect of any more than three Defaults in any six month period (commencing on the date of delivery of the first ForexClear Unfunded Contribution Notice in respect of the First Default).

FXCCMs will be required to deposit the full amount of their ForexClear Unfunded Contributions (without exercising any rights of set-off or counterclaim) with the Clearing House on the business day following the receipt of a ForexClear Unfunded Contribution Notice.

For the avoidance of doubt, references to "FXCCMs" for the purposes of this Rule F8 include any FXCCM (other than a Defaulting FXCCM) who is: (i) a Retiring Member but whose status as a Clearing Member has not yet been terminated; and (ii) a Resigning Member whose resignation from the ForexClear Service is not yet effective.

F9. **ForexClear Loss Distribution Process**

Where, after a Default, the Clearing House determines that the ForexClear Excess Loss resulting from the Default will exceed the amounts to be applied to it under ~~Rule 16(a) to (g)~~, Rules 15(a) to 15(g) of the Default Rules, the Clearing House may implement the process (the "**ForexClear Loss Distribution Process**") described in this Rule ~~F9~~F9.

(a) For the purposes of this Rule ~~F9~~F9 and ~~for~~ Rule ~~F11~~F11, the following definitions will apply:

"Actual Base Currency Gains, Losses and Realised Cash Flows by Cash Payment" means, in respect of each Cash Payment and any business day, the sum of the Pre Haircut Base Currency Gains, Losses and Realised Cash Flows by Cash Payment and any Cash Gainer Base Currency Adjustment to Cash Payment or Cash Loser Base Currency Adjustment to Cash Payment.

"Auction Portfolio" has the meaning assigned to it in the ForexClear DMP Annex.

"Available Resources" means, in respect of any Loss Distribution Period, the amounts available to the Clearing House for application in meeting any loss suffered or incurred by the Clearing House in accordance with ~~Rule 16(a) to (g)~~Rules 15(a) to 15(g) of the Default Rules as at the relevant Last Call Prior to Default.

"Cash Gain" means, in respect of any Cash Gainer and any Loss Distribution Day, the amount of positive Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows in respect of such Cash Gainer in respect of such Loss Distribution Day.

"Cash Gainer" means, in respect of any Loss Distribution Day, each Margin Account in respect of which the value of the Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows on such Loss Distribution Day is greater than zero.

"Cash Gainer Payment Currency Adjustment to Cash Payment" has the meaning set out in paragraph ~~(b)(i)~~(b)(i) of this Rule ~~F9~~F9.

"Cash Loser" means, in respect of any Loss Distribution Day, each Margin Account in respect of which the value of the Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows on such Loss Distribution Day is equal to or less than zero.

"Cash Loser Base Currency Adjustment to Cash Payment" has the meaning set out in paragraph ~~(b)(ii) of this Rule F9~~(b)(ii) of this Rule F9.

"Cash Loser Payment Currency Adjustment to Cash Payment" has the meaning set out in paragraph ~~(b)(ii)~~(b)(ii) of this Rule ~~F9~~F9.

"Cash Payment" means, in respect of any business day, the aggregated amount which would be paid by the Clearing House to a Non-Defaulting FXCCM (expressed as a positive number) or by such FXCCM to the Clearing House (expressed as a negative number) in respect of a Cash Payment Type in a Cash Payment Currency on such business day.

"Cash Payment Currency" means each of the currencies in which payments made between the Clearing House and an FXCCM may be denominated.

"**Cash Payment Type**" means each of the Price Alignment Interest (as defined in the ForexClear Procedures), consideration (fee) payments and cash Collateral in respect of a Clearing Member's variation margin obligations ~~transferrable~~-payable in respect of a Margin Account of a Non-Defaulting FXCCM.

"**Cumulative Actual Base Currency Gains, Losses and Realised Cash Flows**" means in respect of each Margin Account of each Non-Defaulting FXCCM and any business day, the sum of the Cumulative Actual Base Currency Gains, Losses and Realised Cash Flows by Cash Payments payable on such Margin Account.

"**Cumulative Actual Base Currency Gains, Losses and Realised Cash Flows by Cash Payment**" means, in respect of each Cash Payment and any business day, the aggregate amount, if any, paid by the Clearing House to a Non-Defaulting FXCCM (expressed as a positive number) or by such FXCCM to the Clearing House (expressed as a negative number) in respect of Actual Base Currency Gains, Losses and Realised Cash Flows by Cash Payment from but excluding the relevant Last Call Prior to Default to and including such business day.

"**Cumulative LCH Transfer Cost**" means, on any business day during any Loss Distribution Period, the sum of any LCH Transfer Cost for each day from but excluding the relevant Last Call Prior to Default to and including such business day.

"**Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows**" means, in respect of each Margin Account of each Non-Defaulting FXCCM and any business day, the sum of the Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows by Cash Payments payable on such Margin Account.

"**Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows by Cash Payment**" means, in respect of each Cash Payment and any business day, the sum of the Pre Haircut Base Currency Gains, Losses and Realised Cash Flows by Cash Payment for such Cash Payment for each day from but excluding the relevant Last Call Prior to Default to and including such business day.

"**Distribution Haircut**" or "**DH**" means, on each Loss Distribution Day, the fraction determined by the Clearing House in accordance with the following formula:

$$\text{DH}(t) = \frac{\text{LUL}(t)}{\text{TCG}(t)}$$

where:

"LUL(t)" means the LCH Uncovered Loss; and

"TCG(t)" means the Total Cash Gains.

~~where:~~

~~"LUL" means the LCH Uncovered Loss; and~~

~~"TCG" means the Total Cash Gains.~~

"**FXCCM Adjustment Amount**" means in respect of the Margin Account(s) of any Non-Defaulting FXCCM and any Loss Distribution Day, an amount equal to the sum of the Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows in respect of such Margin Account(s) of such FXCCM less the sum of the Cumulative Actual Base Currency Gains, Losses and Realised Cash Flows in respect of such Margin Account(s) of such Clearing Member, in each case in respect of the Loss Distribution Period in which such Loss Distribution Day falls.

"**Last Call Prior to Default**" means the most recent business day on which ~~the margin obligations transfers~~ of ~~the Collateral required to be made by~~ FXCCMs ~~to the Clearing House~~ were ~~discharged~~made in full.

"**LCH Transfer Cost**" means the cost (converted, where applicable, into USD at a rate of exchange determined by the Clearing House in its sole discretion) to the Clearing House of transferring the rights and obligations arising out of the Auction Portfolios of a Defaulting FXCCM to those FXCCMs who have successfully bid for such Auction Portfolios in Auctions.

"**LCH Uncovered Loss**" means, in respect of the Clearing House on any business day in any Loss Distribution Period, the amount calculated in accordance with the following formula:

$$\text{LCH Uncovered Loss}(t) = \text{Max}(0, (\text{TCPH}(t) + \text{CLC}(t) - \text{TAR}))$$

$$\underline{\text{LCH Uncovered Loss}(t) = \text{Max}(0, (\text{TCPH}(t) + \text{CLC}(t) - \text{TAR}))}$$

where:

"**TCPH**" means the Total Cumulative Pre Haircut Base Currency Gains losses and Realised Cash Flows;

"**CLC**" means the Cumulative LCH Transfer Cost;

"**TAR**" means the Total Available Resources; and

the LCH Uncovered Loss as at the Last Call Prior to Default shall be zero.

"**Loss Distribution Cap Amount**" means, in respect of each Non-Defaulting FXCCM and any Loss Distribution Period, an amount equal to the higher of (i) USD 100,000,000; (ii) the product of (a) 100 per cent. and (b) the ForexClear Contribution of such Non-Defaulting FXCCM as at the last ForexClear Determination Date prior to the date when the Default occurred at the beginning of that Loss Distribution Period; and (iii) any adjusted cap as may be agreed pursuant to paragraph ~~(d)~~(d) of this Rule ~~F9.F9~~.

"**Loss Distribution Day**" means any business day in a Loss Distribution Period on which the Clearing House, in consultation with the ForexClear DMG, prior to calling for: ~~(i) Collateral in respect of margin obligations in accordance with the provisions of the Procedures; and (ii) Required Collateral,~~ on such business day, determines that the LCH Uncovered Loss for that business day is greater than zero.

"**Loss Distribution Period**" means the period from, but excluding, the day on which a Default occurs with respect to an FXCCM to (but excluding) the earlier of: (i) the business day on which (a) the rights and obligations arising out of the Auction Portfolios of the Defaulting FXCCM are transferred to those FXCCMs which have successfully bid for such Auction Portfolios in Auctions, or, if any Default occurs with respect to any other FXCCM prior to the end of a Loss Distribution Period, the rights and obligations arising out of the Auction Portfolios of any subsequent Defaulting FXCCM are transferred to those FXCCMs who have successfully bid for such Auction Portfolios in Auctions and (b) all payments required to be made by such FXCCMs and/or the Clearing House in respect of such Auction(s) have been made in full; or (ii) any Loss Distribution Day in respect of which the Clearing House determines that the FXCCM Adjustment Amount for any FXCCM would be equal to or greater than the Loss Distribution Cap Amount for such Loss Distribution Day.

"**Margin Account**" means each Proprietary Account, Individual Segregated Account, Omnibus Segregated Account and ~~each~~-FCM Client ~~Segregated~~-Sub-Account related to the ForexClear Service of an FXCCM.

"**Payment Currency Adjustment to Cash Payment**" means one or more Cash Gainer Payment Currency Adjustment to Cash Payment(s) and/or one or more Cash Loser Payment Currency Adjustment to Cash Payment(s).

"**Pre Haircut Base Currency Gains, Losses and Realised Cash Flows by Cash Payment**" means, in respect of each Cash Payment and any business day, the amount (converted, where applicable, into USD at the Rate of Exchange) which would be paid by the Clearing House to a Non-Defaulting FXCCM (expressed as a positive number) or by such FXCCM to the Clearing House (expressed as a negative number) on such business day in the absence of the application of the Distribution Haircut.

"**Rate of Exchange**" means, for any day, the applicable rate of exchange for converting one currency into another as determined by the Clearing House by reference to Reuters;

"**t**" means, in respect of any determination made in relation to a business day, such business day.

~~"t-1" means, in respect of any determination made in relation to a business day, the business day immediately prior to such business day.~~

"t-1" means, in respect of any determination made in relation to a business day, the business day immediately prior to such business day.

"Total Available Resources²" means, on any business day during a Loss Distribution Period the sum of (i) the Available Resources and (ii) any Unfunded Contributions deposited with the Clearing House since the relevant Last Call Prior to Default.

"Total Cash Gains" means, in respect of any business day, the sum of the Cash Gain in respect of all Cash Gainers on such business day.

"Total Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows" means, in respect of any business day the sum of all Total Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows by Cash Payments.

"Total Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows by Cash Payment" means, in respect of any business day, the sum of the Total Pre Haircut Base Currency Gains Losses and Realised Cash Flows by Cash Payment for each business day from but excluding the relevant Last Call Prior to Default to and including such business day.

"Total Pre Haircut Base Currency Gains Losses and Realised Cash Flows by Cash Payment" means, in respect of any business day, the sum of the Pre Haircut Base Currency Gains Losses and Realised Cash Flows by Cash Payment in respect of all Margin Accounts of all Non-Defaulting SCMs on such business day.

"Underlying Cash Payment" means, in respect of a Cash Gainer Base Currency Adjustment to Cash Payment or a Cash Loser Base Currency Adjustment to Cash Payment, the Cash Payment in respect of which such Cash Gainer Base Currency Adjustment to Cash Payment or Cash Loser Base Currency Adjustment to Cash Payment is calculated.

(b) **Adjustment of Underlying Cash Payments**(i) **Cash Gainer**

On each Loss Distribution Day for each Margin Account of each Non-Defaulting FXCCM which is deemed to be a Cash Gainer, the relevant FXCCM shall be required to pay the Clearing House an amount equal to each positive amount determined as follows or, as applicable, the Clearing House shall be required to pay the relevant FXCCM the absolute value of each negative amount determined as follows (in each case, such amount the "**Cash Gainer Payment Currency Adjustment to Cash Payment**"): ~~The~~the Cash Gainer Payment Currency Adjustment to Cash Payment is the value of the amount determined in accordance with the formula below (the "**Cash Gainer Base Currency Adjustment to Cash Payment**") converted at the Rate of Exchange into the Cash Payment Currency in which the relevant Underlying Cash Payment is denominated:

where:

$$\text{Cash Gainer Base Currency Adjustment to Cash Payment (t)} = \text{PHG(t)} - (\text{CHG(t)} * \text{Max}(0, 1 - \text{DH(t)}) - \text{CAG}(t-1))$$

$$\text{Cash Gainer Base Currency Adjustment to Cash Payment (t)} = \frac{\text{PHG(t)} - (\text{CHG(t)} * \text{Max}(0, 1 - \text{DH(t)}) - \text{CAG}(t-1))}{1}$$

"**PHG**" means the Pre Haircut Base Currency Gains Losses and Realised Cash Flows by Cash Payment;

"**CHG**" means the Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows by Cash Payment;

"**DH**" means the Distribution Haircut; and

"**CAG**" means the Cumulative Actual Base Currency Gains, Losses and Realised Cash Flows by Cash Payment and where "CAG" as at the Last Call Prior to Default shall be zero.

(ii) *Cash Loser*

On each Loss Distribution Day for each Margin Account of each Non-Defaulting FXCCM which is deemed to be a Cash Loser, the Clearing House shall be required to pay the absolute value of each amount (the "**Cash Loser Payment Currency Adjustment to Cash Payment**") determined as follows: ~~The~~ the Cash Loser Payment Currency Adjustment to Cash Payment is the value of the amount determined in accordance with the formula below (the "**Cash Loser Base Currency Adjustment to Cash Payment**") converted at the Rate of Exchange into the Cash Payment Currency in which the relevant Underlying Cash Payment is denominated:

where

$$\text{Cash Loser Base Currency Adjustment to Cash Payment}(t) = \text{PHG}(t) - (\text{CHG}(t) - \text{CAG}(t-1))$$

$$\begin{aligned} &\text{Cash Loser Base Currency Adjustment to Cash Payment}(t) \\ &= \text{PHG}(t) - (\text{CHG}(t) - \text{CAG}(t-1)) \end{aligned}$$

"**PHG**" Pre Haircut Base Currency Gains Losses and Realised Cash Flows by Cash Payment;

"**CHG**" means the Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows by Cash Payment; and

"**CAG**" means the Cumulative Actual Base Currency Gains, Losses and Realised Cash Flows by Cash Payment and where "CAG" as at the Last Call Prior to Default shall be zero.

(iii) *Application of Payment Currency Adjustment to Cash Payment*

On each Loss Distribution Day, the Clearing House shall apply the payment or receipt of any Payment Currency Adjustment to Cash Payment as an offset against any payments denominated in the same Cash Payment Currency as the relevant Payment Currency Adjustment to Cash Payment due from or receivable by the relevant FXCCM.

(c) *Application of Cash Gainer Payment Currency Adjustment to Cash Payment*

The Clearing House shall apply all payments it receives in respect of Cash Gainer Payment Currency Adjustment to Cash Payments solely for the purposes of meeting any loss incurred by the Clearing House following, and in relation to, each Default, as contemplated in accordance with ~~Rule 16(a)~~ Rules 15(a) to (g) ~~15(g)~~ of the Default Rules.

(d) *Adjustment to Loss Distribution Cap Amount*

If, during a Loss Distribution Period, the Clearing House considers that the Cash Gainer Payment Currency Adjustment to Cash Payments applied to a

particular Margin Account of an FXCCM are, or are about to be equal to or greater than the Loss Distribution Cap Amount, the Clearing House may propose an adjustment to such Loss Distribution Cap Amount. If agreed by all Non-Defaulting FXCCMs, the Loss Distribution Cap Amount as adjusted pursuant to this paragraph ~~(d)~~(d) shall be applicable for the remainder of the relevant Loss Distribution Period.

(e) ***No Rebate***

The payment to the Clearing House by any FXCCM of any Cash Gainer Payment Currency Adjustment to Cash Payment shall be final and shall not give rise to any obligation of the Clearing House to repay any such amount or to pay any interest thereon.

(f) ***Application of any Recoveries***

If the ForexClear Loss Distribution Process has been invoked by the Clearing House in accordance with this Rule ~~F9, F9~~, the Clearing House shall reimburse the FXCCMs (irrespective of whether they remain FXCCMs at the time of the recovery) and the Clearing House on a *pro rata* basis by reference to the resources which have been applied pursuant to ~~Rule 16(a) to (g)~~Rules 15(a) to 15(g) of the Default Rules and including the net amount of any one or more FXCCM Adjustment Amounts paid by the relevant FXCCMs for:

(i) any amounts received from the Defaulting FXCCM as a result of the Clearing House being a creditor of the Defaulting FXCCM in respect of the ForexClear Business of such Defaulting FXCCM in the context of the occurrence of any of the events under ~~Rule 5(i)~~Rules 5(i) to 5(p) of the Default Rules in respect of the Defaulting FXCCM or otherwise, other than in respect of sums due to the Clearing House for its own account; or

(ii) any other amounts howsoever obtained or recovered in the course of the Clearing House's operation of the ForexClear Default Management Process or which are otherwise referable to the Defaulting FXCCM,

in each case net of any related expenses incurred by the Clearing House or other sums owing to the Clearing House by the Defaulting FXCCM in connection with the ForexClear Service. For the avoidance of doubt, nothing in this paragraph ~~(f)~~(f) shall oblige the Clearing House to pursue any litigation or other action in order to recover the amounts contemplated above and if another default fund of the Clearing House has also been applied as a result of the FXCCM's Default, any amounts recovered shall be applied *pari passu* as between the relevant default funds.

F10. Where, after the Default of one or more FXCCMs, the Clearing House determines that, notwithstanding the availability of any resources remaining under ~~Rule 16(a)~~Rules 15(a) to 15(g) of the Default Rules and the availability of the ForexClear Loss Distribution Process in accordance with the terms of Rule ~~F9, F9~~, it is clear that the Clearing House does not have sufficient resources to meet its obligations and liabilities arising in respect of those ForexClear Contracts to which it is party with

Non-Defaulting FXCCMs, the Clearing House will by notice in writing (a ~~“ForexClear Voluntary Payment Notice”~~): (i) inform all Non-Defaulting FXCCMs that it has insufficient resources and that it is likely to invoke Rule ~~F11~~; and (ii) invite each Non-Defaulting FXCCM to make a payment of funds (a ~~“ForexClear Voluntary Payment”~~), in accordance with Rule ~~16(g)~~, 15(g) of the Default Rules, to make up for the relevant shortfall.

ForexClear Voluntary Payments will be made on the following terms:

- (a) no FXCCM shall be obliged to make a ForexClear Voluntary Payment;
- (b) any ForexClear Voluntary Payment will be made by an FXCCM by the close of business on the business day after receipt of the relevant ForexClear Voluntary Payment Notice;
- (c) no ForexClear Voluntary Payment may be withdrawn once made; and
- (d) the Clearing House shall have full discretion whether or not to accept a particular ForexClear Voluntary Payment.

Any failure by the Clearing House to deliver a ForexClear Voluntary Payment Notice pursuant to this Rule ~~F10~~F10 will not invalidate any action taken by the Clearing House pursuant to Rule ~~F11~~F11 nor give rise to any liability whatsoever on the part of the Clearing House.

Any ForexClear Voluntary Payments remaining unused at the time of the expiry of the relevant ForexClear Default Period will be accounted for rateably by the Clearing House as if they were amounts paid in respect of the ForexClear Contributions by those FXCCMs from whom ForexClear Voluntary Payments were accepted.

F11. Where, following the process for inviting ForexClear Voluntary Payments in accordance with Rule ~~F10~~F10, the Clearing House makes a determination (an ~~“Insufficient Resources Determination”~~) that it is clear that the Clearing House does not have sufficient resources to meet its obligations and liabilities arising in respect of those ForexClear Contracts to which it is party with Non-Defaulting FXCCMs, the following provisions shall have effect:

- (a) All outstanding ForexClear Contracts shall be closed out as of the clearing day following the date the Insufficient Resources Determination was made and any further obligations to make any payments under or in respect of such ForexClear Contracts shall cease. The closing prices used shall be mid prices calculated by the Clearing House in accordance with the methodology used by it to carry out end of day margin runs in respect of the outstanding ForexClear Contracts. Where such data is not available to the Clearing House, the closing price shall be the last price used by the Clearing House to calculate the variation margin requirement for the position to be closed out.
- (b) On the basis of the close out values established for each outstanding ForexClear Contract, an account shall be taken (as at the time of close out) of what is due in respect of each FXCCM, from that FXCCM to the Clearing House and from the Clearing House to that FXCCM, as well as all other

amounts owing under or in respect of ForexClear Contracts and any other amounts that may be due in respect of the ForexClear Service (including for these purposes, a proportionate share of any amounts owed generally to or from the Clearing House), and the sums due from the FXCCM shall be set off against the sums due from the Clearing House and only the balance of the account shall be payable. For the avoidance of doubt, amounts in respect of ForexClear Contracts shall include, but shall not be limited to, returns of cash Collateral ~~held by the Clearing House~~provided in respect of ~~the FXCCM's~~ variation margin ~~obligations~~associated therewith and the repayment of any Net Cash Gainer Payment Currency Adjustment to Cash Payments made in the ForexClear Default Period to which the Insufficient Resources Determination relates (and in respect of which ~~F9(e)~~paragraph 5(e) of Rule F9 shall be specifically disappplied), but shall exclude the repayment of any cash Collateral ~~held by~~provided to the Clearing House in respect of ~~the FXCCM's~~ initial margin ~~obligations~~ or any outstanding ForexClear Contributions.

To the extent that the aggregate of all of the amounts owed to the Clearing House by FXCCMs plus all of those other resources applicable to the ForexClear ~~Clearing Service under Rule 16(a) to (g)~~Business under Rules 15(a) to 15(g) of the Default Rules that have not been applied towards a ForexClear Excess Loss is less than the aggregate of the amounts owed to FXCCMs by the Clearing House, each amount owed to FXCCMs by the Clearing House shall be reduced *pro rata* the shortfall.

(c) The Clearing House shall determine any amounts due to each FXCCM in respect of the repayment of cash Collateral ~~held by the Clearing House~~provided in respect of ~~the~~ initial margin obligations ~~of the FXCCM~~ and outstanding ForexClear Contributions to be repaid. The claim of each such FXCCM in respect ~~of~~to the foregoing shall be reduced in proportion to an amount by which (i) the value of the assets available to the Clearing House to meet the return obligations referred to in ~~(ii)~~(b) above bears to (ii) the value of what would be due from the Clearing House to ~~the each~~ Clearing Members in aggregate in respect of the return of cash Collateral ~~held by the~~received from each such Clearing ~~House~~Member in respect of ~~the Clearing Members' its~~ initial margin obligations and ~~in respect of~~ outstanding Contributions.

(d) For each FXCCM, the amount due to it or due from it as determined pursuant to ~~(b)~~(b) above shall be aggregated with its claim determined pursuant to ~~(e)~~(c) above and only the net sum shall be payable. Where the result of such calculations is that an FXCCM owes an amount to the Clearing House, that FXCCM shall pay that amount to the Clearing House immediately. Where the result of such calculations is that an FXCCM is owed an amount by the Clearing House, the Clearing House shall pay that amount to the FXCCM immediately, subject to ~~(f)~~(f) below.

(e) The payment of such amount to an FXCCM, pursuant to ~~(d)~~(d) above subject to any re-calculations performed pursuant to ~~(f) below,~~(f) shall constitute the full and final payment in respect of the ForexClear Service and such FXCCM shall not be permitted to make any further claims on the Clearing House in respect of amounts relating to the ForexClear Service, nor shall it be permitted to notify the Clearing House of a Termination Date pursuant to Regulation

~~39A.45 (Netting)~~ for a failure to pay any amounts in relation to the ForexClear Service.

(f) The Clearing House may make the payments due under ~~(d)(c)~~ above in one or more instalments to the FXCCMs in proportion to the value of their claims on the Clearing House under ~~(b)(b)~~ above if some but not all of the amounts due under ~~(d) or Rule 16(a) to 16(g)(c)~~ above or Rules 15(a) to 15(g) of the Default Rules have not yet been received. The Clearing House shall take reasonable steps to recover such amounts and may deduct therefrom reasonable administration costs for such recovery. To the extent that the Clearing House determines that any such amounts will not in fact be recoverable, it shall re-determine the amounts due to FXCCMs in accordance with this Rule ~~F11~~F11.

(g) This Rule ~~F11~~F11 shall not be applied in the event that a Termination Date has been specified in relation to the Clearing House in accordance with Regulation ~~39A.45 (Netting)~~.

(h) Nothing in the foregoing shall override the obligation of the Clearing House to return non-cash Collateral transferred to ~~it~~the Clearing House by a FXCCM in respect of its initial margin obligations pursuant to the Regulations and Procedures.

~~Ballot Arrangements~~

~~Notwithstanding anything to the contrary in clauses 9.4 and 9.5 of the Clearing Membership Agreement, no proposal for any of the amendments set out in paragraphs (i), (ii) and (iii) below (each a “ForexClear Amendment”) shall be capable of coming into effect unless first approved in a ballot of FXCCMs:~~

~~any amendment to the value of the ForexClear Fund Floor as provided for in paragraph (c) of Rule F2 or as subsequently approved in a ballot under this Rule F12;~~

~~any amendment providing for a change in the nature of the liabilities for which an FXCCM’s indemnity is given by virtue of paragraph (b) of Rule 28; and~~

~~any amendment which, in the opinion of the Board of Directors of the Clearing House would represent a significant change in the commitments of the FXCCMs but not in the commitments of any other Clearing Members;~~

~~For the purposes of a ballot conducted pursuant to this Rule F12, the provisions of clauses 9.4, 9.6 and 9.7 of the Clearing Membership Agreement shall apply with the following amendments:~~

~~the words “major amendment to the Default Fund Rules” in the first line of clause 9.4 of the Clearing Membership Agreement shall be replaced with the words “ForexClear Amendment”;~~

~~all references to "Clearing Members" shall be replaced with references to "FXCCMs";~~

~~in paragraph (c) of clause 9.4 of the Clearing Membership Agreement, the reference to "Contributions" shall be replaced with a reference to "ForexClear Contributions" and the reference to "Quarter Day" shall be replaced with a reference to "ForexClear Determination Date";~~

~~references to "Fund Amount" in clauses 9.6 and 9.7 of the Clearing Membership Agreement shall be replaced with references to "ForexClear Fund Amount";~~

~~the reference to "clause 9.4" in clause 9.6 of the Clearing Membership Agreement shall be replaced with a reference to "Rule F12 of the ForexClear Default Fund Supplement to the Default Fund Rules"; and~~

~~the references to "Contribution" in clauses 9.6 and 9.7 of the Clearing Membership Agreement shall be replaced with references to "ForexClear Contribution".~~

~~Only General Clearing Members shall be entitled to vote in a ballot conducted under clauses 9.4 and 9.5 of the Clearing Membership Agreement in relation to an amendment which affects exclusively any one or combination of: (i) the EquityClear Fund Amount; (ii) the Exchange Fund Amount; (iii) the nature of the liabilities for which a General Clearing Member's indemnity is given by virtue of paragraph (b) of Rule 28; or (iv) any amendment which, in the opinion of the Board of Directors of the Clearing House would represent a significant change in the commitments of the General Clearing Members but not in the commitments of any other Clearing Members. As a result, for the purposes of a ballot conducted under clauses 9.4 and 9.5 of the Clearing Membership Agreement other than a Cross Service Ballot, references to "Clearing Members" shall not include FXCCMs who are not also General Clearing Members and ForexClear Contributions shall not count as "Contributions".~~

~~For the purposes of this paragraph (c) of this Rule F12, a "Cross Service Ballot" shall mean: (i) a ballot in relation to an amendment which represents a significant change in the commitments of all of the Clearing Members of the Clearing House or of a significant section of such Clearing Members of the Clearing House who are so categorised together, irrespective of and independently from, the Services which they clear; and, as such (ii) a ballot which falls within paragraph (c) of clause 9.5 of the Clearing Membership Agreement (because, in the opinion of the Board of Directors of the Clearing House, it is an amendment which "would represent a significant change in the commitments of... a significant section of the Clearing Members") but does not fall within paragraph (a)(iii) of this Rule F12, paragraph (a)(iii) of Rule S12 and/or paragraph (a)(ii) of Rule R12 (because the relevant section of the Clearing Members is not restricted to Clearing Members acting in the capacity of Clearing Members in ForexClear, SwapClear and/or RepoClear).~~

~~SwapClear Default Fund Supplement~~

SCHEDULE 6
SWAPCLEAR DEFAULT FUND SUPPLEMENT

- S1.** S1. On each business day, the Clearing House will determine a "**Combined Loss Value**" in respect of each of the 60 preceding business days. The Combined Loss Value in respect of a particular day will be the sum of the largest and the second largest stress-testing loss incurred on that day in relation to SwapClear Business (for a given scenario).
- S2.** S2. Each SCM's SwapClear Contribution (other than ~~a~~any SwapClear Unfunded Contribution or any Supplementary Contribution) shall be determined by the Clearing House in accordance with the following provisions:
- (a) determinations will be made by the Clearing House at the close of business on the first business day of each month, and otherwise in accordance with paragraph ~~(p)~~(p) below (each a "**SwapClear Determination Date**"). In addition, the amount payable in respect of the SwapClear Contribution of an SCM which is a New Member will be determined on the date that the relevant New Member joins the SwapClear Service. Notwithstanding the foregoing, following a Default, any determinations on a SwapClear Determination Date and any such SwapClear Determination Date which might otherwise have occurred under this Rule ~~S2~~S2 shall be suspended for the duration of the period (the "**SwapClear Default Period**") commencing on the date of such Default and terminating on the last to occur of the following dates:
- (i) the date which is the close of business on the day falling 30 calendar days after the SwapClear Default Management Process Completion Date in relation to such Default (or, if such day is not a business day, the next succeeding business day); and
- (ii) where, prior to the end of the period referred to in ~~(i)~~sub-paragraph (i) above (or such period as has already been extended pursuant to this sub-paragraph ~~(ii)~~(ii)) one or more subsequent Defaults (each a "**Relevant Default**") occur, the date which is the close of business on the day falling 30 calendar days after the SwapClear Default Management Process Completion Date in relation to a Relevant Default which falls latest in time (or, if such day is not a business day, the next succeeding business day);
- (b) the "**SwapClear Segregated Fund Amount**" shall be denominated in pounds sterling, and, for a given SwapClear Determination Date, shall be the largest of the 60 Combined Loss Values determined under Rule ~~S1~~S1 plus 10% ~~per cent.~~ The SwapClear Segregated Fund Amount shall not be less than £1 billion pounds (the "**SwapClear Fund Floor**") and shall not be more than £5 billion pounds (the "**SwapClear Fund Cap**");
- (c) the "**SwapClear Tolerance Amount**" shall be the value of that portion of the SwapClear Segregated Fund Amount which relates to those SwapClear default fund resources which have been determined by the Clearing House as being required in relation to SwapClear Tolerance;

- (d) the "**SwapClear Tolerance Weight**" of an SCM (other than an SCM which is a New Member) shall be calculated by dividing (i) the average SwapClear Tolerance Utilisation of the relevant SCM during the 20 business day period preceding the relevant SwapClear Determination Date in respect of all SwapClear Contracts to which such SCM is a party, which average shall be calculated by adding together the peak SwapClear Tolerance Utilisation of such SCM for each relevant business day and then dividing such sum by 20, provided that: ~~(x)~~ for SCMs where the peak SwapClear Tolerance Utilisation does not yet exist or is otherwise unavailable in respect of a business day; the Clearing House shall estimate the relevant peak SwapClear Tolerance Utilisation by reference to the actual or expected level of clearing activity of the relevant SCM in relation to SwapClear Contracts; by (ii) the total of such average SwapClear Tolerance Utilisations of all Non-Defaulting SCMs other than SCMs which are New Members;
- (e) the value of the "**SwapClear Tolerance Contribution Amount**" of: (x) an SCM (other than an SCM which is a New Member) shall be calculated by multiplying the SwapClear Tolerance Amount by the SCM's SwapClear Tolerance Weight, provided that (i) where that calculation results in a value which is less than or equal to £3 million pounds, or in the case of a New Member, the value of the relevant SCM's SwapClear Tolerance Contribution Amount shall be £3 million pounds; and (ii) where that calculation results in a value which is greater than or equal to £30 million pounds, the value of the relevant SCM's SwapClear Tolerance Contribution Amount shall be £30 million pounds; and (y) a New Member shall be £3 million pounds PROVIDED FURTHER that where, as a result of the adjustments in individual SCM SwapClear Tolerance Contribution Amounts as described in this paragraph, the aggregate of the SwapClear Tolerance Contribution Amounts is greater or less than the SwapClear Tolerance Amount the Clearing House will adjust SCMs individual SwapClear Tolerance Contribution Amounts such that the aggregate of the SwapClear Tolerance Contributions equals the SwapClear Tolerance Amount;
- (f) the "**SwapClear Non-Tolerance Amount**" shall be the value of that portion of the SwapClear Segregated Fund Amount which relates to SwapClear default fund resources other than those which have been determined by the Clearing House as being required in relation to SwapClear Tolerance;
- (g) the "**SwapClear Non-Tolerance Weight**" of an SCM (other than an SCM which is a New Member) shall be calculated by dividing (i) the average daily [requirement for](#) initial margin ~~requirement~~ (as calculated under the Procedures or other arrangements applicable) which has applied to the SCM during the 20 business day period preceding the relevant SwapClear Determination Date in respect of all SwapClear Contracts to which such SCM is a party by (ii) the total of such average daily requirements applied to all Non-Defaulting SCMs other than SCMs which are New Members;
- (h) the- "**SwapClear Non-Tolerance Contribution Amount**-" of an SCM other than an SCM which is a New Member shall be calculated by multiplying that SCM's SwapClear Non-Tolerance Weight by the SwapClear Non-Tolerance Amount;

- (i) the "**SwapClear Contribution**" of: (x) an SCM (other than an SCM which is a New Member) shall be the sum of (i) that SCM's SwapClear Non-Tolerance Contribution Amount adjusted, where applicable, in accordance with paragraph ~~(j)~~ ~~or (o)~~ (j) or (o) below; and (ii) that SCM's Tolerance Contribution Amount; and (y) an SCM which is a New Member shall be calculated in accordance with S4-;
- (j) if an SCM's SwapClear Non-Tolerance Contribution Amount (calculated in accordance with paragraph ~~(h)~~ (h) above) is below the Minimum Non-Tolerance SwapClear Contribution for the time being, the SCM's SwapClear Non-Tolerance Contribution Amount shall be adjusted so as to equal the Minimum Non-Tolerance SwapClear Contribution-; **Provided that** where, as a result of the adjustments in individual SCM SwapClear Non-Tolerance Contributions Amounts as described in this paragraph, the aggregate of the SwapClear Non-Tolerance Contribution Amounts is greater than the SwapClear Non-Tolerance Amount, the Clearing House will adjust individual SwapClear Non-Tolerance Contribution Amounts such that the aggregate of the SwapClear Non-Tolerance Contributions equals the SwapClear Non-Tolerance Amount;
- (k) the "**SwapClear Actual Total**" shall be calculated by adding together (i) the amount which is the product of the Minimum Non-Tolerance SwapClear Contribution and the number of Minimum SwapClear Contribution Members; and (ii) the aggregate SwapClear Non-Tolerance Contribution Amounts (calculated in accordance with paragraph ~~(h)~~ (h) above) of those SCMs which are not Minimum SwapClear Contribution Members; (iii) the aggregate SwapClear Tolerance Contribution Amounts of all SCMs other than SCMs which are New Members; and (iv) the aggregate SwapClear Contributions of all SCMs which are New Members;
- (l) where the SwapClear Actual Total is greater than the SwapClear Fund Cap, the "**SwapClear Excess**" shall be the arithmetical difference between the SwapClear Actual Total and the SwapClear Fund Cap;
- (m) where the SwapClear Actual Total is less than the SwapClear Fund Floor, the "**SwapClear Shortfall**" shall be the arithmetical difference between the SwapClear Fund Floor and the SwapClear Actual Total;
- (n) for each SCM other than a Minimum SwapClear Contribution Member or a New Member: (i) the SCM's "**SwapClear Discount**" (if any) shall be such SCM's *pro rata* share of the SwapClear Excess calculated as the proportion of such SCM's SwapClear Non-Tolerance Contribution Amount relative to the aggregate SwapClear Non-Tolerance Contribution Amounts of all SCMs other than Minimum SwapClear Contribution Members and New Members; and (ii) the SCM's "**SwapClear Increase**" (if any) shall be such SCM's *pro rata* share of the SwapClear Shortfall calculated as the proportion of such SCM's SwapClear Non-Tolerance Contribution Amount relative to the aggregate SwapClear Non-Tolerance Contribution Amounts of all SCMs other than Minimum SwapClear Contribution Members and New Members;

- (o) for each SCM other than a Minimum SwapClear Contribution Member or a New Member, the SCM's SwapClear Non-Tolerance Contribution Amount shall be adjusted by (i) the subtraction of any SwapClear Discount applicable to the SCM; or (ii) plus the addition of any SwapClear Increase applicable to the SCM; **provided that** if the application of any SwapClear Discount would result in a SwapClear Non-Tolerance Contribution Amount of an SCM that is less than the Minimum Non-Tolerance SwapClear Contribution, such SCM shall pay the Minimum Non-Tolerance SwapClear Contribution in respect of the SwapClear Non-Tolerance Contribution Amount applicable to it, notwithstanding that the arithmetical sum of SwapClear Contributions paid by all SCMs may thereby exceed the SwapClear Fund Cap; and
- (p) the Clearing House may recalculate the SwapClear Segregated Fund Amount and the SwapClear Contributions due from each SCM on any business day if the largest of the 60 Combined Loss Values determined under Rule ~~S1S1~~ on that day differs by more than 25% per cent. from the Combined Loss Value on which the previous SwapClear Contribution determination was based and, on such business day, the Clearing House shall be entitled to require those SCMs whose portfolios have caused the increase in the Combined Loss Value to pay an additional amount in respect of their SwapClear Contributions.

~~S3.~~ S3. For the purposes of the calculations under Rule ~~S2S2~~:

- (a) references to "SwapClear Clearing Members" or to "SCMs" do not include references to Defaulting SCMs (apart from any Defaulting SCM in respect of which the Clearing House permits the application of Rule ~~S2S2~~) or persons which were formerly SCMs but are not SCMs at the SwapClear Determination Date at which the relevant determination is made;
- (b) ~~C~~ contributions shall be rounded upwards, if not already such a multiple, to the next integral multiple of one thousand pounds, notwithstanding that the arithmetical sum of SwapClear Contributions paid by all SCMs may thereby exceed the SwapClear Fund Cap; ~~and~~
- (c) no account shall be taken, in calculating ~~the~~ initial margin ~~requirement~~ or SwapClear Non-Tolerance Weight under Rule ~~S2S2~~ of any offsets applied in ~~the~~ calculating initial margin ~~required for obligations imposed on an SCM in respect of~~ SwapClear Contracts ~~from an SCM~~, which may otherwise be permissible under the Procedures or other arrangements applicable;
- (d) **Provided that** the SCM is not a ~~d~~ Defaulter, the amount of its SwapClear Contribution shall be calculated in accordance with and subject to Rule ~~S2S2~~. The provisions of Rule ~~S2S2~~ and this Rule do not apply to a Defaulting SCM, unless the Clearing House so permits in any particular case; and
- (e) notwithstanding Rule 25 of the Default Rules, if an SCM notifies the Clearing House on the SwapClear Default Management Process Completion Date that it wishes to resign from the SwapClear Service, such SCM, assuming all other requirements for termination of membership have been satisfied by the next following SwapClear Determination Date, shall cease to be an SCM for the purpose of Rule S2 on and from the date upon which its SwapClear

Contribution is repaid to it by the Clearing House and such payment will be made by the Clearing House following the subsequent SwapClear Determination Date in accordance with the Procedures.

~~S4.~~ S4. Without prejudice to any other requirements which the Clearing House may impose, the amount of the SwapClear Contribution of a New Member shall be the sum of (a) the Minimum Non-Tolerance SwapClear Contribution; (b) the SwapClear Tolerance Contribution Amount; ~~and~~ (c) any supplementary sum determined by the Clearing House in its discretion and notified to the New Member. The Clearing House shall determine the amount of such supplementary sum by reference to the actual or expected level of clearing activity of the New Member.

~~S5.~~ S5. Upon determination of the amount of a SwapClear Contribution in accordance with Rule ~~S2:~~S2:

(a) if the amount of the SwapClear Contribution of an SCM immediately before close of business on the relevant SwapClear Determination Date exceeds the amount of the SCM's SwapClear Contribution as determined under Rule S2 as at close of business on that day, the excess shall be paid by the Clearing House to such SCM in accordance with the Procedures;

~~(a)~~(b) if the amount of the SwapClear Contribution of an SCM immediately before close of business on the relevant SwapClear Determination Date ~~exceeds~~is the ~~same as the~~ amount of the SCM's SwapClear Contribution as so determined ~~under Rule S2 as at close of business on that day, the excess, no sum~~ shall ~~then~~ be ~~paid~~payable by ~~the Clearing House~~or to such SCM in ~~accordance with the Procedures;~~respect of its Contribution; and

~~(b)~~(c) if the amount of the SwapClear Contribution of an SCM immediately before close of business on the relevant SwapClear Determination Date is ~~the same as~~less than the amount of the SCM's SwapClear Contribution as so determined, ~~no sum~~the shortfall shall ~~then~~ be ~~payable~~paid by ~~or to~~ such SCM to the Clearing House in ~~respect of its Contribution; and~~accordance with the Procedures.

~~(c)~~ — if the amount of the SwapClear Contribution of an SCM immediately before close of business on the relevant SwapClear Determination Date is less than the amount of the SCM's SwapClear Contribution as so determined, the shortfall shall be paid by such SCM to the Clearing House in accordance with the Procedures.

The provisions of this Rule do not apply to a Defaulting SCM, unless the Clearing House so permits in any particular case.

~~S6.~~ S6. On any day interest shall accrue on the amount of each SwapClear Contribution ~~then~~ held by the Clearing House, to the extent that it has not been applied under ~~Rule 26~~Rules 19 or ~~Rule 28~~21 of the Default Rules, in such manner as provided by the Procedures and at a SONIA-linked rate determined, in light of market conditions at such time, by the Clearing House from time to time and notified by the Clearing House to SwapClear Clearing Members. Interest shall be payable in arrear and shall be paid on the date or dates specified by the Procedures. In these Default ~~Fund~~ Rules any interest which has accrued under this Rule shall not be regarded as

part of the SwapClear Contribution. For the avoidance of doubt, if the rate of interest payable on SwapClear Contributions is negative, interest shall be payable by SwapClear Clearing Members to the Clearing House.

S7.

(a) After a Default, unless and until the Clearing House has repaid a Defaulter's SwapClear Contribution (or the remaining part thereof, as applicable), the SwapClear Segregated Fund Amount shall be treated as having been reduced by the amount of the Defaulter's SwapClear Contribution (if any), regardless of whether the Clearing House has applied part or all of that SwapClear Contribution under Rule 28 of the Default Rules.

(b) Where, after a Default, the Clearing House has applied part or all of ~~the~~ SwapClear ~~Contribution~~Contributions of the Non-Defaulting SCMs under Rule ~~26 or Rule 28~~21 of the Default Rules, the SwapClear Segregated Fund Amount shall be reduced forthwith by the deduction of (i) the amount of the Defaulter's SwapClear Contribution (if any) in accordance with paragraph (a) of this Rule S7; and (ii) the aggregate amount of the SwapClear Contributions or parts of SwapClear Contributions of the Non-Defaulting SCMs so applied, and the amount of the SwapClear Contribution that each Non-Defaulting SCM must maintain with the Clearing House shall be reduced by the amount of its SwapClear Contribution which has been so applied ~~pursuant, subject to Rule 28, in~~(where applicable) the requirement under paragraph (c) of this Rule S7.

(c) Following the completion of a SwapClear Default Management Process, the Clearing House will deliver a notice to the SCMs confirming that the relevant SwapClear Default Management Process Completion Date has occurred. If, following the issuance of such notice, the value of the SwapClear Segregated Fund Amount determined in accordance with paragraph (b) of this Rule S7 is less than the SwapClear Fund Floor, the Clearing House may notify each ~~ease~~ ~~until the next~~Non-Defaulting SCM that it is required to make a Supplementary Contribution, based on the proportion that the value of its SwapClear Contribution as at the last SwapClear Determination Date. ~~Unless and until prior to the Clearing House has repaid a defaulter's~~date when the relevant Default occurred bears to the value of the aggregate SwapClear ~~Contribution (or remaining part thereof,~~Contributions of all Non-Defaulting SCMs as applicable); at such date, so as to reinstate the SwapClear Segregated Fund Amount ~~shall be treated as having been reduced by the amount of the defaulter's~~to a value which is no less than the SwapClear Fund Floor. Supplementary Contributions required hereunder shall be paid within two business days after notification and in accordance with the Procedures.

~~S7. Contribution (if any), regardless of whether the Clearing House has applied part or all of that SwapClear Contribution under Rule 26.~~

~~S8.~~ S8. Where, after a Default, the Clearing House determines that (i) by reason of a reduction in accordance with Rule ~~S7,S7~~, the value of the SwapClear Segregated Fund Amount has been reduced by at least 25% ~~;~~ per cent.; or (ii) by the time of the SwapClear Default Management Process Completion Date in relation to the relevant Default the value of the SwapClear Segregated Fund Amount will be reduced by at

least 25% ~~, per cent.~~, the Clearing House may, by notice in writing (the "SwapClear Unfunded Contribution Notice"), require each Non-Defaulting SCM to deposit and maintain an amount (each a "SwapClear Unfunded Contribution") in accordance with the following provisions:

- (a) SwapClear Unfunded Contributions will only be payable in circumstances where the relevant SwapClear Unfunded Contribution Notice is delivered by the Clearing House to SCMs prior to the SwapClear Default Management Process Completion Date in relation to the relevant Default;
- (b) the value of the SwapClear Unfunded Contribution payable by each individual SCM shall be the product of (i) the percentage by which the value of the SwapClear Segregated Fund Amount has been reduced and (ii) the value of the SwapClear Contribution of such SCM as at the last SwapClear Determination Date prior to the date when the relevant Default occurred;
- (c) the Clearing House may, by the delivery of one or more further SwapClear Unfunded Contribution Notices, require each Non-Defaulting SCM to pay one or more further SwapClear Unfunded Contributions in respect of the same Default, **provided that** the total value of the SwapClear Unfunded Contributions payable by an individual SCM in respect of a particular Default (determined in accordance with paragraph ~~(b)~~(b) above) may not exceed the value of the SwapClear Contribution of such SCM as at the last SwapClear Determination Date prior to the date when the relevant Default occurred; and
- (d) following a Default in respect of which SwapClear Unfunded Contributions were paid (the "First Default"), the Clearing House may require the payment of further SwapClear Unfunded Contributions in respect of subsequent Defaults, (which, for the avoidance of doubt, can never be a First Default), **provided that** SwapClear Unfunded Contributions will not be payable in respect of any more than three Defaults in any six month period (commencing on the date of delivery of the first SwapClear Unfunded Contribution Notice in respect of the First Default).

SCMs will be required to deposit the full amount of their SwapClear Unfunded Contributions (without exercising any rights of set-off or counterclaim) with the Clearing House on the business day following the receipt of a SwapClear Unfunded Contribution Notice.

For the avoidance of doubt, references to "SCMs" for the purposes of this Rule ~~S8~~ include any SCM (other than a Defaulting SCM) who is: (i) a Retiring Member but whose status as a Clearing Member has not yet been terminated; and (ii) a Resigning Member whose resignation from the SwapClear Service is not yet effective.

~~S9.~~ S9. SwapClear Loss Distribution Process

Where, after a Default, the Clearing House determines that the SwapClear Excess Loss resulting from the Default will exceed the amounts to be applied to it under ~~Rule 16(a) to (g)~~, Rules 15(a) to 15(g) of the Default Rules, the Clearing House may implement the process (the "SwapClear Loss Distribution Process") described in this Rule ~~S9.~~ S9.

- (a) For the purposes of this Rule ~~S9~~S9 and for Rule ~~S11~~S11, the following definitions will apply:

"Actual Base Currency Gains, Losses and Realised Cash Flows by Cash Payment" means, in respect of each Cash Payment and any business day, the sum of the Pre Haircut Base Currency Gains, Losses and Realised Cash Flows by Cash Payment and any Cash Gainer Base Currency Adjustment to Cash Payment or Cash Loser Base Currency Adjustment to Cash Payment.

"Auction Portfolio" has the meaning assigned to it in the SwapClear DMP Annex.

"Available Resources" means, in respect of any Loss Distribution Period, the amounts available to the Clearing House for application in meeting any loss suffered or incurred by the Clearing House in accordance with ~~Rule 16(a)~~Rules 15(a) to ~~(g)~~15(g) of the Default Rules as at the relevant Last Call Prior to Default.

"Cash Gain" means, in respect of any Cash Gainer and any Loss Distribution Day, the amount of positive Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows in respect of such Cash Gainer in respect of such Loss Distribution Day.

"Cash Gainer" means, in respect of any Loss Distribution Day, each Margin Account in respect of which the value of the Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows on such Loss Distribution Day is greater than zero.

"Cash Gainer Base Currency Adjustment to Cash Payment" has the meaning set out in paragraph ~~(b)(i)~~(b)(i) of this Rule ~~S9~~S9.

"Cash Gainer Payment Currency Adjustment to Cash Payment" has the meaning set out in paragraph ~~(b)(i)~~(b)(i) of this Rule ~~S9~~S9.

"Cash Loser" means, in respect of any Loss Distribution Day, each Margin Account in respect of which the value of the Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows on such Loss Distribution Day is equal to or less than zero.

"Cash Loser Base Currency Adjustment to Cash Payment" has the meaning set out in paragraph ~~(b)(ii)~~(b)(iii) of this Rule ~~S9~~S9.

"Cash Loser Payment Currency Adjustment to Cash Payment" has the meaning set out in paragraph ~~(b)(ii)~~(b)(ii) of this Rule ~~S9~~S9.

"Cash Payment" means, in respect of any business day, the aggregated amount which would be paid by the Clearing House to a Non-Defaulting SCM (expressed as a positive number) or by such SCM to the Clearing House (expressed as a negative number) in respect of a Cash Payment Type in a Cash Payment Currency on such business day.

"**Cash Payment Currency**" means each of the 17 currencies in which payments made between the Clearing House and an SCM may be denominated.

"**Cash Payment Type**" means each of the Price Alignment Interest, coupon payments, consideration (fee) payments and cash Collateral ~~transferable~~ in respect of [a Clearing Member's](#) variation margin obligations [payable](#) in respect of a Margin Account of a Non-Defaulting SCM.

"**Cumulative Actual Base Currency Gains, Losses and Realised Cash Flows**" means in respect of each Margin Account of each Non-Defaulting SCM and any business day, the sum of the Cumulative Actual Base Currency Gains, Losses and Realised Cash Flows by Cash Payments payable on such Margin Account.

"**Cumulative Actual Base Currency Gains, Losses and Realised Cash Flows by Cash Payment**" means, in respect of each Cash Payment and any business day, the aggregate amount, if any, paid by the Clearing House to a Non-Defaulting SCM (expressed as a positive number) or by such SCM to the Clearing House (expressed as a negative number) in respect of Actual Base Currency Gains, Losses and Realised Cash Flows by Cash Payment from but excluding the relevant Last Call Prior to Default to and including such business day.

"**Cumulative LCH Transfer Cost**" means, on any business day during any Loss Distribution Period, the sum of any LCH Transfer Cost for each day from but excluding the relevant Last Call Prior to Default to and including such business day.

"**Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows**" means, in respect of each Margin Account of each Non-Defaulting SCM and any business day, the sum of the Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows by Cash Payments payable on such Margin Account.

"**Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows by Cash Payment**" means, in respect of each Cash Payment and any business day, the sum of the Pre Haircut Base Currency Gains, Losses and Realised Cash Flows by Cash Payment for such Cash Payment for each day from but excluding the relevant Last Call Prior to Default to and including such business day.

"**Distribution Haircut**" or "**DH**" means, on each Loss Distribution Day, the fraction determined by the Clearing House in accordance with the following formula:

$$DH(t) = LUL(t) / TCG(t)$$

where:

"**LUL**" means the LCH Uncovered Loss; and

~~"TCG" means the Total Cash Gains.~~

$$\underline{DH(t) = LUL(t) / TCG(t)}$$

where:

"LUL" means the LCH Uncovered Loss; and

"TCG" means the Total Cash Gains.

"Last Call Prior to Default" means the most recent business day on which ~~the margin obligations transfers~~ of ~~the~~ Collateral required to be made by SCMs to the Clearing House were ~~discharged~~ made in full.

"LCH Transfer Cost" means the cost (converted, where applicable, into pounds sterling at a rate of exchange determined by the Clearing House in its sole discretion) to the Clearing House of transferring the rights and obligations arising out of the Auction Portfolios of a Defaulting SCM to those SCMs who have successfully bid for such Auction Portfolios in Auctions.

"LCH Uncovered Loss" means, in respect of the Clearing House on any business day in any Loss Distribution Period, the amount calculated in accordance with the following formula:

$$LCH \text{ Uncovered Loss}(t) = \text{Max} (0, (TCPH (t) + CLC(t) - TAR))$$

where:

"TCPH" means the Total Cumulative Pre Haircut Base Currency Gains losses and Realised Cash Flows;

"CLC" means the Cumulative LCH Transfer Cost;

"TAR" means the Total Available Resources; and

~~"TAR" means the Total Available Resources; and~~

the LCH Uncovered Loss as at the Last Call Prior to Default shall be zero.

"Loss Distribution Cap Amount" means, in respect of each Non-Defaulting SCM and any Loss Distribution Period, an amount equal to the higher of (i) £100,000,000; (ii) the product of (a) 100 per cent. and (b) the SwapClear Contribution of such Non-Defaulting SCM as at the last SwapClear Determination Date prior to the date when the Default occurred at the beginning of that Loss Distribution Period; and (iii) any adjusted cap as may be agreed pursuant to paragraph ~~(d)~~(d) of this Rule ~~S9-S9~~.

"Loss Distribution Day" means any business day in a Loss Distribution Period on which the Clearing House, in consultation with the SwapClear DMG, prior to calling for: ~~(i) Collateral in respect of margin obligations in accordance with the provisions of the Procedures; and (ii) Required Collateral;~~

on such business day, determines that the LCH Uncovered Loss for that business day is greater than zero.

"Loss Distribution Period" means the period from, but excluding, the day on which a Default occurs with respect to an SCM to but excluding the earlier of: (i) the business day on which (a) the rights and obligations arising out of the [Default Rules](#). Auction Portfolios of the Defaulting SCM are transferred to those SCMs which have successfully bid for such Auction Portfolios in Auctions, or, if any Default occurs with respect to any other SCM prior to the end of a Loss Distribution Period, the rights and obligations arising out of the Auction Portfolios of any subsequent Defaulting SCM are transferred to those SCMs who have successfully bid for such Auction Portfolios in Auctions and (b) all payments required to be made by such SCMs and/or the Clearing House in respect of such Auction(s) have been made in full; or (ii) any Loss Distribution Day in respect of which the Clearing House determines that the SCM Adjustment Amount for any SCM would be equal to or greater than the Loss Distribution Cap Amount for such Loss Distribution Day.

"Margin Account" means each Proprietary Account, Individual Segregated Account, Omnibus ~~Net~~-Segregated Account and each FCM Client ~~Segregated~~ Sub-Account related to the SwapClear Service of an SCM.

"Payment Currency Adjustment to Cash Payment" means one or more Cash Gainer Payment Currency Adjustment to Cash Payment(s) and/or one or more Cash Loser Payment Currency Adjustment to Cash Payment(s).

"Pre Haircut Base Currency Gains, Losses and Realised Cash Flows by Cash Payment" means, in respect of each Cash Payment and any business day, the amount (converted, where applicable, into pounds sterling at the Rate of Exchange) which would be paid by the Clearing House to a Non-Defaulting SCM (expressed as a positive number) or by such SCM to the Clearing House (expressed as a negative number) on such business day in the absence of the application of the Distribution Haircut.

"Rate of Exchange" means, for any day, the applicable rate of exchange for converting one currency into another as determined by the Clearing House by reference to Reuters;

"SCM Adjustment Amount" means in respect of the Margin Account(s) of any Non-Defaulting SCM and any Loss Distribution Day, an amount equal to the sum of the Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows in respect of such Margin Account(s) of such SCM less the sum of the Cumulative Actual Base Currency Gains, Losses and Realised Cash Flows in respect of such Margin Account(s) of such Clearing Member, in each case in respect of the Loss Distribution Period in which such Loss Distribution Day falls.

"t" means, in respect of any determination made in relation to a business day, such business day.

"t-1" means, in respect of any determination made in relation to a business day, the business day immediately prior to such business day. ~~"t-1" means, in respect of any determination made in relation to a business day, the business day immediately prior to such business day.~~

“

"Total Available Resources²²" means, on any business day during a Loss Distribution Period the sum of (i) the Available Resources and (ii) any Unfunded Contributions deposited with the Clearing House since the relevant Last Call Prior to Default.

"Total Cash Gains" means, in respect of any business day, the sum of the Cash Gain in respect of all Cash Gainers on such business day.

"Total Cumulative Pre Haircut Base Currency Gains losses and Realised Cash Flows" means, in respect of any business day the sum of all Total Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows by Cash Payments.

"Total Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows by Cash Payment" means, in respect of any business day, the sum of the Total Pre Haircut Base Currency Gains Losses and Realised Cash Flows by Cash Payment for each business day from but excluding the relevant Last Call Prior to Default to and including such business day.

"Total Pre Haircut Base Currency Gains Losses and Realised Cash Flows by Cash Payment" means, in respect of any business day, the sum of the Pre Haircut Base Currency Gains Losses and Realised Cash Flows by Cash Payment in respect of all Margin Accounts of all Non-Defaulting SCMs on such business day.

"Underlying Cash Payment" means, in respect of a Cash Gainer Base Currency Adjustment to Cash Payment or a Cash Loser Base Currency Adjustment to Cash Payment, the Cash Payment in respect of which such Cash Gainer Base Currency Adjustment to Cash Payment or Cash Loser Base Currency Adjustment to Cash Payment is calculated.

(b) *Adjustment of Underlying Cash Payments*

(i) *Cash Gainer*

On each Loss Distribution Day for each Margin Account of each Non-Defaulting SCM which is deemed to be a Cash Gainer, the relevant SCM shall be required to pay the Clearing House an amount equal to each positive amount determined as follows or, as applicable, the Clearing House shall be required to pay the relevant SCM the absolute value of each negative amount determined as follows (in each case, such amount the **"Cash Gainer Payment Currency Adjustment to Cash Payment"**):

~~The~~the Cash Gainer Payment Currency Adjustment to Cash Payment is the value of the amount determined in accordance with the formula below (the "**Cash Gainer Base Currency Adjustment to Cash Payment**") converted at the Rate of Exchange into the Cash Payment Currency in which the relevant Underlying Cash Payment is denominated-.

where:

$$\text{Cash Gainer Base Currency Adjustment to Cash Payment (t)} = \text{PHG(t)} - (\text{CHG(t)} * \text{Max}(0, 1 - \text{DH(t)}) - \text{CAG(t-1)})$$

$$\text{Cash Gainer Base Currency Adjustment to Cash Payment (t)} = \frac{\text{PHG(t)} - (\text{CHG(t)} * \text{Max}(0, 1 - \text{DH(t)}) - \text{CAG(t-1)})}{1}$$

"**PHG**" means the Pre Haircut Base Currency Gains Losses and Realised Cash Flows by Cash Payment;

"**CHG**" means the Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows by Cash Payment;

"**DH**" means the Distribution Haircut; and

"**CAG**" means the Cumulative Actual Base Currency Gains, Losses and Realised Cash Flows by Cash Payment and where "CAG" as at the Last Call Prior to Default shall be zero.

ii *Cash Loser*

On each Loss Distribution Day for each Margin Account of each Non-Defaulting SCM which is deemed to be a Cash Loser, the Clearing House shall be required to pay the absolute value of each amount (the "**Cash Loser Payment Currency Adjustment to Cash Payment**") determined as follows:

~~The~~the Cash Loser Payment Currency Adjustment to Cash Payment is the value of the amount determined in accordance with the formula below (the "**Cash Loser Base Currency Adjustment to Cash Payment**") converted at the Rate of Exchange into the Cash Payment Currency in which the relevant Underlying Cash Payment is denominated-.

~~Where~~

$$\text{Cash Loser Base Currency Adjustment to Cash Payment(t)} = \text{PHG(t)} - (\text{CHG(t)} - \text{CAG(t-1)})$$

where:

$$\text{Cash Loser Base Currency Adjustment to Cash Payment}(t) \\ = \text{PHG}(t) - (\text{CHG}(t) - \text{CAG}(t-1))$$

"**PHG**" Pre Haircut Base Currency Gains Losses and Realised Cash Flows by Cash Payment;

"**CHG**" means the Cumulative Pre Haircut Base Currency Gains Losses and Realised Cash Flows by Cash Payment; and

"**CAG**" means the Cumulative Actual Base Currency Gains, Losses and Realised Cash Flows by Cash Payment and where "CAG" as at the Last Call Prior to Default shall be zero.

~~iii~~ (iii) *Application of Payment Currency Adjustment to Cash Payment*

On each Loss Distribution Day, the Clearing House shall apply the payment or receipt of any Payment Currency Adjustment to Cash Payment as an offset against any payments denominated in the same Cash Payment Currency as the relevant Payment Currency Adjustment to Cash Payment due from or receivable by the relevant SCM.

~~iv~~ (iv) *Adjustment for exchange of Notional Amounts on maturity*

~~an~~ An exchange of Notional Amounts is applicable to any SwapClear Contract on any business day during a Loss Distribution Period, the Clearing House may, following consultation with its risk committee or the SwapClear DMG, as appropriate, make such adjustments as are necessary to the calculation of a Payment Currency Adjustment to Cash Payment to reflect the payment flows arising from such exchange of Notional Amounts, keeping in mind the principle that the calculation of a Payment Currency Adjustment to Cash Payment is designed to capture all profits and/or losses on positions during the relevant Loss Distribution Period.

(c) *Application of Cash Gainer Payment Currency Adjustment to Cash Payment*

The Clearing House shall apply all payments it receives in respect of Cash Gainer Payment Currency Adjustment to Cash Payments solely for the purposes of meeting any loss incurred by the Clearing House following, and in relation to, each Default, as contemplated in accordance with ~~Rule 16(a)~~ Rules 15(a) to (g) ~~15(g)~~ of the Default Rules.

(d) *Adjustment to Loss Distribution Cap Amount*

If, during a Loss Distribution Period, the Clearing House considers that the Cash Gainer Payment Currency Adjustment to Cash Payments applied to a particular Margin Account of an SCM are, or are about to be equal to or greater than the Loss Distribution Cap Amount, the Clearing House may propose an adjustment to such Loss Distribution Cap Amount. If agreed by all

Non-Defaulting SCMs, the Loss Distribution Cap Amount as adjusted pursuant to this paragraph ~~(d)~~(d) shall be applicable for the remainder of the relevant Loss Distribution Period.

(e) ***No Rebate***

The payment to the Clearing House by any SCM of any Cash Gainer Payment Currency Adjustment to Cash Payment shall be final and shall not give rise to any obligation of the Clearing House to repay any such amount or to pay any interest thereon.

(f) ***Application of any Recoveries***

If the SwapClear Loss Distribution Process has been invoked by the Clearing House in accordance with this Rule ~~S9,S9~~, the Clearing House shall reimburse the SCMs (irrespective of whether they remain SCMs at the time of the recovery) and the Clearing House on a *pro rata* basis by reference to the resources which have been applied pursuant to ~~Rule 16(a) to (g)~~Rules 15(a) to 15(g) of the Default Rules and including the net amount of any one or more paid by the relevant SCMs:

~~i~~(i) any amounts received from the Defaulting SCM as a result of the Clearing House being a creditor of the Defaulting SCM in respect of the SwapClear Business of such Defaulting SCM in the context of the occurrence of any of the events under ~~Rule 5(i) to (p)~~Rules 5(i) to 5(p) of the Default Rules in respect of the Defaulting SCM or otherwise, other than in respect of sums due to the Clearing House for its own account; or

~~ii~~(ii) any other amounts howsoever obtained or recovered in the course of the Clearing House's operation of the SwapClear Default Management Process or which are otherwise referable to the Defaulting SCM,

in each case net of any related expenses incurred by the Clearing House or other sums owing to the Clearing House by the Defaulting SCM in connection with the SwapClear client clearing service. For the avoidance of doubt, nothing in this paragraph ~~(f)~~(f) shall oblige the Clearing House to pursue any litigation or other action in order to recover the amounts contemplated above and if another default fund of the Clearing House has also been applied as a result of the SCM's Default, any amounts recovered shall be applied *pari passu* as between the relevant default funds.

~~S10.~~ S10. Where, after the Default of one or more SCMs, the Clearing House determines that, notwithstanding the availability of any resources remaining under ~~Rule 16(a)~~Rules 15(a) to ~~(g)~~15(g) of the Default Rules and the availability of the SwapClear Loss Distribution Process in accordance with the terms of Rule ~~S9,S9~~, it is clear that the Clearing House does not have sufficient resources to meet its obligations and liabilities arising in respect of those SwapClear Contracts to which it is party with Non-Defaulting SCMs, the Clearing House will by notice in writing (a ~~"SwapClear Voluntary Payment Notice"~~"); (i) inform all Non-Defaulting SCMs that it has insufficient resources and that it is likely to invoke Rule ~~S11,S11~~; and (ii) invite each

Non-Defaulting SCM to make a payment of funds (a **“SwapClear Voluntary Payment”**), in accordance with Rule ~~16(g)~~, 15(g) of the Default Rules, to make up for the relevant shortfall.

- ~~(a)~~ SwapClear Voluntary Payments will be made on the following terms:
 - ~~(b)~~(a) no SCM shall be obliged to make a SwapClear Voluntary Payment;
 - ~~(c)~~(b) any SwapClear Voluntary Payment will be made by an SCM by the close of business on the business day after receipt of the relevant SwapClear Voluntary Payment Notice;
 - ~~(d)~~(c) no SwapClear Voluntary Payment may be withdrawn once made; and
 - ~~(e)~~(d) the Clearing House shall full discretion whether or not to accept a particular SwapClear Voluntary Payment.

Any failure by the Clearing House to deliver a SwapClear Voluntary Payment Notice pursuant to this Rule ~~S10~~S10 will not invalidate any action taken by the Clearing House pursuant to Rule ~~S11~~S11 nor give rise to any liability whatsoever on the part of the Clearing House.

Any SwapClear Voluntary Payments remaining unused at the time of the expiry of the relevant SwapClear Default Period will be accounted for rateably by the Clearing House as if they were amounts paid in respect of the SwapClear Contributions of those SCMs from ~~whom~~which SwapClear Voluntary Payments were accepted.

~~S11.~~ S11. Where, following the process for inviting SwapClear Voluntary Payments in accordance with Rule ~~S10~~,S10, the Clearing House makes a determination (an **“Insufficient Resources Determination”**) that it is clear that the Clearing House does not have sufficient resources to meet its obligations and liabilities arising in respect of those SwapClear Contracts to which it is party with Non-Defaulting SCMs, the following provisions shall have effect:

- (a) All outstanding SwapClear Contracts shall be closed out as of the clearing day following the date the Insufficient Resources Determination was made and any further obligations to make any payments under or in respect of such SwapClear Contracts shall cease. The closing prices used shall be mid prices calculated by the Clearing House in accordance with the methodology used by it to carry out end of day margin runs in respect of the outstanding SwapClear Contracts. Where such data is not available to the Clearing House, the closing price shall be the last price used by the Clearing House to calculate the variation margin requirement for the position to be closed out.
- (b) On the basis of the close out values established for each outstanding SwapClear Contract, an account shall be taken (as at the time of close out) of what is due in respect of each SCM, from that SCM to the Clearing House and from the Clearing House to that SCM, as well as all other amounts owing under or in respect of SwapClear Contracts and any other amounts that may be due in respect of the SwapClear Service (including for these purposes, a proportionate share of any amounts owed generally to or from the Clearing

House), and the sums due from the SCM shall be set off against the sums due from the Clearing House and only the balance of the account shall be payable. For the avoidance of doubt, amounts in respect of SwapClear Contracts shall include, but not be limited to, returns of cash Collateral ~~held by the Clearing House~~provided in respect of ~~the SCM's variation margin obligations~~associated therewith and the repayment of any Net Cash Gainer Payment Currency Adjustment to Cash Payments made in the SwapClear Default Period to which the Insufficient Resources Determination relates (and in respect of which ~~S9~~Rule S9(e) shall be specifically disapplied), but shall exclude the repayment of any cash Collateral ~~transferred~~provided to the Clearing House in respect of ~~the SCM's initial margin obligations~~ or any outstanding SwapClear Contributions.

To the extent that the aggregate of all of the amounts owed to the Clearing House by SCMs plus all of those other resources applicable to the SwapClear Business under ~~Rule 16(a) to (g)~~Rules 15(a) to 15(g) of the Default Rules that have not been applied towards a SwapClear Excess Loss is less than the aggregate of the amounts owed to SCMs by the Clearing House, each amount owed to SCMs by the Clearing House shall be reduced *pro rata* the shortfall.

- (c) The Clearing House shall determine any amounts due to each SCM in respect of ~~the repayment of any~~ cash Collateral ~~held by the Clearing House~~provided in respect of ~~the SCM's initial margin obligations~~ and outstanding SwapClear Contributions to be repaid. The claim of each such SCM in respect ~~of~~to the foregoing shall be reduced in proportion to an amount by which (i) the value of the assets available to the Clearing House to meet the return obligations referred to in ~~(b)~~ bears to (ii) the value of what would be due from the Clearing House to ~~the each~~ Clearing Members in aggregate in respect of the return of cash Collateral ~~held by the~~received from each such Clearing House ~~Member~~ in respect of ~~the Clearing Members' its~~ initial margin obligations and ~~in respect of~~ outstanding Contributions.
- (d) For each SCM, the amount due to it or due from it as determined pursuant to ~~(b)~~paragraph (b) shall be aggregated with its claim determined pursuant to ~~(c)~~paragraph (c) above and only the net sum shall be payable. Where the result of such calculations is that an SCM owes an amount to the Clearing House, that SCM shall pay that amount to the Clearing House immediately. Where the result of such calculations is that an SCM is owed an amount by the Clearing House, the Clearing House shall pay that amount to the SCM immediately, subject to ~~(f)~~paragraph (f) below.
- (e) The payment of such amount to an SCM, pursuant to ~~(d)~~paragraph (d) above subject to any re-calculations performed pursuant to ~~(f)~~paragraph (f) below, shall constitute the full and final payment in respect of the SwapClear Service and such SCM shall not be permitted to make any further claims on the Clearing House in respect of amounts relating to the SwapClear Service nor shall it be permitted to notify the Clearing House of a Termination Date pursuant to Regulation ~~39A~~45 (Netting) for a failure to pay any amounts in relation to the SwapClear Service.

- (f) The Clearing House may make the payments due under ~~(d) paragraph (d)~~ above in one or more instalments to the SCMs in proportion to the value of their claims on the Clearing House under ~~(b) paragraph (b)~~ above if some but not all of the amounts due under ~~(d) or Rule 16(a) to 16(g) paragraph (d)~~ above or Rules 15(a) to 15(g) of the Default Rules have not yet been received. The Clearing House shall take reasonable steps to recover such amounts and may deduct therefrom reasonable administration costs for such recovery. To the extent that the Clearing House determines that any such amounts will not in fact be recoverable, it shall re-determine the amounts due to SCMs in accordance with this Rule ~~S11~~S11.
- (g) This Rule ~~S11~~S11 shall not be applied in the event that a Termination Date has been specified in relation to the Clearing House in accordance with Regulation ~~39A.45 (Netting)~~.
- (h) Nothing in the foregoing shall override the obligation of the Clearing House to return non-cash Collateral ~~transferred to it~~provided by a SCM in respect of its initial margin obligations pursuant to the Regulations and Procedures.

~~S12.—Ballot Arrangements~~

~~Notwithstanding anything to the contrary in clauses 9.4 and 9.5 of the Clearing Membership Agreement, no proposal for any of the amendments set out in paragraphs (i), (ii) and (iii) below (each a "SwapClear Amendment") shall be capable of coming into effect unless first approved in a ballot of SCMs:~~

- ~~i — any amendment to the value of the SwapClear Fund Floor and/or the value of the SwapClear Fund Cap, in each case as provided for in paragraph (b) of Rule S2 or as subsequently approved in a ballot under this Rule S12;~~
- ~~ii — any amendment providing for a change in the nature of the liabilities for which an SCM's indemnity is given by virtue of paragraph (c) of Rule 28; and~~
- ~~iii — any amendment which, in the opinion of the Board of Directors of the Clearing House would represent a significant change in the commitments of the SCMs but not in the commitments of any other Clearing Members,~~
- ~~(a) — For the purposes of a ballot conducted pursuant to this Rule S12, the provisions of clauses 9.4, 9.6 and 9.7 of the Clearing Membership Agreement shall apply with the following amendments:~~
- ~~i — the words "major amendment to the Default Fund Rules" in the first line of clause 9.4 of the Clearing Membership Agreement shall be replaced with the words "SwapClear Amendment";~~
- ~~ii — all references to "Clearing Members" shall be replaced with references to "SCMs";~~

- ~~iii — in paragraph (c) of clause 9.4 of the Clearing Membership Agreement, the reference to "Contributions" shall be replaced with a reference to "SwapClear Contributions" and the reference to "Quarter Day" shall be replaced with a reference to "SwapClear Determination Date";~~
 - ~~iv — references to "Fund Amount" in clauses 9.6 and 9.7 of the Clearing Membership Agreement shall be replaced with references to "SwapClear Fund Amount";~~
 - ~~v — the reference to "clause 9.4" in clause 9.6 of the Clearing Membership Agreement shall be replaced with a reference to "Rule S12 of the SwapClear Default Fund Supplement to the Default Fund Rules"; and~~
 - ~~vi — the references to "Contribution" in clauses 9.6 and 9.7 of the Clearing Membership Agreement shall be replaced with references to "SwapClear Contribution".~~
- ~~(b) — Only General Clearing Members shall be entitled to vote in a ballot conducted under clauses 9.4 and 9.5 of the Clearing Membership Agreement in relation to an amendment which affects exclusively any one or combination of: (i) the EquityClear Fund Amount; (ii) the Exchange Fund Amount; (iii) the nature of the liabilities for which a General Clearing Member's indemnity is given by virtue of paragraph (b) of Rule 28; or (iv) any amendment which, in the opinion of the Board of Directors of the Clearing House would represent a significant change in the commitments of the General Clearing Members but not in the commitments of any other Clearing Members. As a result, for the purposes of a ballot conducted under clauses 9.4 and 9.5 of the Clearing Membership Agreement other than a Cross-Service Ballot, references to "Clearing Members" shall not include SCMs who are not also General Clearing Members and SwapClear Contributions shall not count as "Contributions".~~

~~For the purposes of this paragraph (c) of this Rule S12, a "Cross-Service Ballot" shall mean: (i) a ballot in relation to an amendment which represents a significant change in the commitments of all of the Clearing Members of the Clearing House or of a significant section of such Clearing Members of the Clearing House who are so categorised together, irrespective of and independently from, the Services which they clear; and, as such (ii) a ballot which falls within paragraph (c) of clause 9.5 of the Clearing Membership Agreement (because, in the opinion of the Board of Directors of the Clearing House, it is an amendment which "would represent a significant change in the commitments of... a significant section of the Clearing Members") but does not fall within paragraph (a)(iii) of Rule F12, paragraph (a)(iii) of this Rule S12 and/or paragraph (a)(ii) of Rule R12 (because the relevant section of the Clearing Members is not restricted to Clearing Members acting in the capacity of Clearing Members in ForexClear, SwapClear and/or RepoClear).~~

~~RepoClear Default Fund Supplement~~

SCHEDULE 7
REPOCLEAR DEFAULT FUND SUPPLEMENT

R1 On each business day, the Clearing House will determine the "**Combined Loss Value**" in respect of each of the 20 preceding business days. The Combined Loss Value in respect of a particular day will be the sum of the STLIEOMs for the RCMs which have the largest and the second largest STLIEOM on that day. For this purpose, the "**STLIEOM**" means, in respect of each RCM and any day, the stress-tested loss in excess of the value amount of ~~the~~ Collateral ~~transferred by that RCM~~ provided in respect of ~~its~~ initial margin ~~requirement~~ (determined for a given scenario determined by the Clearing House) which could be incurred by the Clearing House in respect of that RCM's RepoClear Business if that RCM became a Defaulting RCM on that day (but taking into account any additional Collateral ~~in respect of additional margin~~ called pursuant to ~~R2(k)~~ Rule R2(k) in respect of such RCM).

R2 Each RCM's RepoClear Contribution (other than ~~any~~ RepoClear Unfunded Contribution or any Supplementary Contribution) shall be determined by the Clearing House in accordance with the following provisions:

(a) determinations will be made by the Clearing House initially on a date determined by the Clearing House and thereafter on the date that an RCM joins the RepoClear Service, and at close of business on the first business day of each subsequent month (each a "**RepoClear Determination Date**") **provided, however, that**, following a Default, any such determinations and any such RepoClear Determination Date which might otherwise have occurred under this Rule ~~R-2~~ R2 shall be suspended for the duration of the period (the "**RepoClear Default Period**") commencing on the date of such Default and terminating on the last to occur of the following dates:

~~i~~ (i) the date which is the close of business on the day falling 30 calendar days after the RepoClear Default Management Process Completion Date in relation to such Default (or, if such day is not a business day, the next succeeding business day); and

~~ii~~ (ii) where, prior to the ~~to the~~ end of the period referred to in ~~(i)~~ sub-paragraph (i) above (or such period as has already been extended pursuant to this sub-paragraph ~~(ii)~~ (ii)) one or more subsequent Defaults (each a "**Relevant Default**") occur, the date which is the close of business on the day falling 30 calendar days after the RepoClear Default Management Process Completion Date in relation to a Relevant Default which falls latest in time (or, if such day is not a business day, the next succeeding business day);

(b) the "**RepoClear Segregated Fund Amount**" shall be denominated in euro, and, for a given RepoClear Determination Date, shall be the value of which the largest of the 20 Combined Loss Values determined under Rule ~~R-1~~ R1 ~~plus 10%~~ represents 90 per cent. The RepoClear Segregated Fund Amount shall not be less than EUR 500 million or such greater amount as shall be determined by the LCH Risk Committee (the "**RepoClear Fund Floor**") and shall not be more than EUR 620 million or such greater amount as shall be determined by the LCH Risk Committee from time to time on the basis of the

stress tests applied to current positions of RCMs (the "**RepoClear Fund Current Maximum Amount**") ~~except that the LCH Risk Committee may not increase the RepoClear Segregated Fund Amount above EUR 1,500 million (the "**RepoClear Fund Cap**") without a ballot of RCMs pursuant to Rule R12;Cap~~);

- (c) the RCM's "**RepoClear Margin Weight**" shall be calculated by dividing the average daily initial margin ~~requirement~~obligation (as calculated under the Procedures or other arrangements applicable) which has applied to the RCM during the 20 business day period preceding the relevant RepoClear Determination Date in respect of all Fixed Income Contracts to which such RCM is a party by the total of such average daily ~~requirements~~obligations applied to all Non-Defaulting RCMs;
- (d) the RCM's "**Preliminary RepoClear Contribution**" shall be calculated by multiplying the RepoClear Segregated Fund Amount by the RCM's RepoClear Margin Weight;
- (e) if the Clearing Member's Preliminary RepoClear Contribution is below the Minimum RepoClear Contribution for the time being, the Clearing Member's RepoClear Contribution shall be the Minimum RepoClear Contribution;
- (f) the "**RepoClear Actual Total**" shall be calculated by adding together (i) the amount which is the product of the Minimum RepoClear Contribution and the number of Minimum RepoClear Contribution Members; and (ii) the aggregate Preliminary RepoClear Contributions of those RCMs which are not Minimum RepoClear Contribution Members;
- (g) where the RepoClear Actual Total is greater than the RepoClear Fund ~~Current Maximum Amount~~Cap, the "**RepoClear Excess**" shall be the arithmetical difference between the RepoClear Actual Total and the RepoClear Fund ~~Current Maximum Amount~~Cap;
- (h) where the RepoClear Actual Total is less than the RepoClear Fund Floor, the "**RepoClear Shortfall**" shall be the arithmetical difference between the RepoClear Fund Floor and the RepoClear Actual Total;
- (i) for each RCM other than a Minimum RepoClear Contribution Member: (i) the RCM's "**RepoClear Discount**" (if any) shall be such RCM's *pro rata* share of the RepoClear Excess calculated as the proportion of such ~~RCM's~~RCM's Preliminary RepoClear Contribution relative to the aggregate Preliminary RepoClear Contributions of all RCMs other than Minimum RepoClear Contribution Members; and (ii) the RCM's "**RepoClear Increase**" (if any) shall be such RCM's *pro rata* share of the RepoClear Shortfall calculated as the proportion of such RCM's Preliminary RepoClear Contribution relative to the aggregate Preliminary RepoClear Contributions of all RCMs other than Minimum RepoClear Contribution Members; ~~and (ii) the RCM's "**RepoClear Increase**" (if any) shall be such RCM's *pro rata* share of the RepoClear Shortfall calculated as the proportion of such RCM's Preliminary RepoClear Contribution relative to the aggregate Preliminary~~

~~RepoClear Contributions of all RCMs other than Minimum RepoClear Contribution Members;~~

- (i) for each RCM other than a Minimum RepoClear Contribution Member, the RCM's RepoClear Contribution shall be the Preliminary RepoClear Contribution (i) less any RepoClear Discount applicable to the RCM or (ii) plus any RepoClear Increase applicable to the RCM; **provided that** if the application of any RepoClear Discount would result in a RepoClear Contribution less than the Minimum RepoClear Contribution, such RCM shall pay the Minimum RepoClear Contribution notwithstanding that the arithmetical sum of RepoClear Contributions paid by all RCMs may thereby exceed the RepoClear Fund ~~Current Maximum Amount~~Cap; and
- (k) notwithstanding paragraphs ~~(a)~~(a) to ~~(j)~~(j) above, if any RCM has a STLIEOM which is equal to or greater than 45% per cent. of the RepoClear Segregated Fund Amount, the Clearing House may require such RCM to transfer to the Clearing House an amount of additional Collateral ~~in respect of additional margin~~ sufficient to reduce the STLIEOM for that RCM to less than 45% per cent. of the RepoClear Segregated Fund Amount and where such RCMs STLIEOM would be less than 45% per cent. excluding any such additional Collateral ~~in respect of additional margin~~ that has been called, then such additional Collateral shall be returned.

R3 For the purposes of the calculations under Rules ~~R-1~~R1 and ~~R-2~~Rule R2:

- (a) references to "RepoClear Clearing Members" or "RCMs" do not include references to Defaulting RCMs (apart from any Defaulting RCM in respect of which the Clearing House permits the application of Rule ~~R-2~~R2) or persons which were formerly RCMs but are not RCMs at the RepoClear Determination Date at which the relevant determination is made;
- (b) no account shall be taken, in calculating ~~the~~ initial margin ~~requirement~~ or RepoClear Margin Weight under Rule ~~R-2~~R2 of any offsets applied in ~~the~~calculating initial margin ~~required for obligations imposed on an RCM in respect of~~ Fixed Income Contracts ~~from an RCM~~, which may otherwise be permissible under the Procedures or other arrangements applicable;
- (c) **provided that** the RCM is not a Defaulting RCM, the amount of its RepoClear Contribution shall be calculated in accordance with and subject to Rule ~~R-2~~R2. The provisions of Rule ~~R-2~~R2 and this Rule do not apply to a Defaulting RCM, unless the Clearing House so permits in any particular case; and
- (d) notwithstanding Rule ~~3325 of the Default Rules~~, if a RCM notifies the Clearing House on the RepoClear Default Management Process Completion Date that it wishes to resign from the RepoClear Service, such RCM, assuming all other requirements for termination of membership have been satisfied by the next following RepoClear Determination Date, shall cease to be a RCM for the purpose of Rule ~~R2~~R2 on and from the date upon which its RepoClear Contribution is repaid to it by the Clearing House and such

payment will be made by the Clearing House following the subsequent RepoClear Determination Date in accordance with the Procedures.

R4 Without prejudice to any other requirements which the Clearing House may impose, the amount of the RepoClear Contribution of a New Member on becoming a New Member shall be the sum of (a) the Minimum RepoClear Contribution and (b) any supplementary sum determined by the Clearing House in its discretion and notified to the New Member. The Clearing House shall determine the amount of such supplementary sum by reference to the actual or expected level of clearing activity of the New Member.

R5 Upon determination of the amount of a RepoClear Contribution in accordance with Rule ~~R.2~~R2:

(a) ~~if the amount of the RepoClear Contribution of an RCM immediately before close of business on the relevant RepoClear Determination Date exceeds the amount of the RCM's RepoClear Contribution as determined under Rule R2 as at close of business on that day, the excess shall be paid by the Clearing House to such RCM in accordance with the Procedures;~~

~~(a)~~(b) if the amount of the RepoClear Contribution of an RCM immediately before close of business on the relevant RepoClear Determination Date ~~exceeds~~is the ~~same as the~~ amount of the RCM's RepoClear Contribution as ~~so~~ determined ~~under Rule R.2 as at close of business on that day, the excess, no sum~~ shall ~~then~~ be ~~paid~~payable by ~~the Clearing House~~or to such RCM in ~~accordance with the Procedures;~~respect of its Contribution; and

~~(b)~~(c) if the amount of the RepoClear Contribution of an RCM immediately before close of business on the relevant RepoClear Determination Date is ~~the same as~~less than the amount of the RCM's RepoClear Contribution as so determined, ~~no sum~~the shortfall shall ~~then~~ be ~~payable~~paid by ~~or to~~ such RCM ~~to the Clearing House in respect of its Contribution; and~~ in accordance with the Procedures.

~~if the amount of the RepoClear Contribution of an RCM immediately before close of business on the relevant RepoClear Determination Date is less than the amount of the RCM's RepoClear Contribution as so determined, the shortfall shall be paid by such RCM to the Clearing House in accordance with the Procedures.~~

RepoClear Contributions shall at all times be denominated in EUR. However, a RCM may pay its RepoClear Contribution in either EUR or GBP in accordance with the Procedures.

The provisions of this Rule do not apply to a Defaulting RCM, unless the Clearing House so permits in any particular case.

R6 On any day interest shall accrue on the amount of each RepoClear Contribution ~~then~~ held by the Clearing House, to the extent that it has not been applied under ~~Rule 26~~Rules 19 or ~~Rule 28~~21 of the Default Rules, at such rate and in such manner as provided by the Procedures, **provided that** the rate of interest for any particular day shall be based on a market recognised benchmark rate plus or minus a spread and

published on the website of the Clearing House. Interest shall be payable in arrears and shall be paid on the date or dates specified by the Procedures. In these Default Fund Rules any interest which has accrued under this Rule shall not be regarded as part of the RepoClear Contribution.

R7

(a) After a Default, unless and until the Clearing House has repaid a Defaulter's RepoClear Contribution (or the remaining part thereof, as applicable), the RepoClear Segregated Fund Amount shall be treated as having been reduced by the amount of the Defaulter's RepoClear Contribution (if any), regardless of whether the Clearing House has applied part or all of that RepoClear Contribution under Rule 28 of the Default Rules.

(b) Where, after a Default, the Clearing House has applied part or all of the RepoClear Contribution Contributions of the Non-Defaulting RCMs under Rule 26 or Rule 2821 of the Default Rules, the RepoClear Segregated Fund Amount shall be reduced forthwith by the deduction of (i) the amount of the Defaulter's RepoClear Contribution (if any) in accordance with paragraph (a) of this Rule R7; and (ii) the aggregate amount of the RepoClear Contributions or parts of RepoClear Contributions of the Non-Defaulting RCMs so applied, and the amount of the RepoClear Contribution that each Non-Defaulting RCM must maintain with the Clearing House shall be reduced by the amount of its RepoClear Contribution which has been so applied pursuant, subject to Rule 28, in (where applicable) the requirement under paragraph (c) of this Rule R7.

(c) Following the completion of a RepoClear Default Management Process, the Clearing House will deliver a notice to the RCMs confirming that the relevant RepoClear Default Management Process Completion Date has occurred. If, following the issuance of such notice, the value of the RepoClear Segregated Fund Amount determined in accordance with paragraph (b) of this Rule R7 is less than the RepoClear Fund Floor, the Clearing House may notify each ~~ease until the next RepoClear~~ Non-Defaulting RCM that it is required to make a Supplementary Contribution, based on the proportion that the value of its RepoClear Contribution as at the last RepoClear Determination Date. ~~Unless and until~~ prior to the ~~Clearing House has repaid a defaulter's~~ date when the relevant Default occurred bears to the value of the aggregate RepoClear Contribution (or remaining part thereof, Contributions of all Non-Defaulting RCMs as applicable); at such date, so as to reinstate the RepoClear Segregated Fund Amount ~~shall be treated as having been reduced by the amount of the defaulter's~~ to a value which is no less than the RepoClear Contribution (if any), regardless of whether the Clearing House has applied part or all of that ~~RepoClear Contribution under Rule 26.~~ Fund Floor. Supplementary Contributions required hereunder shall be paid within two business days after notification and in accordance with the Procedures.

R8 Where, after a Default, the Clearing House determines that (i) by reason of a reduction in accordance with Rule ~~R.7~~R7, the value of the RepoClear Segregated Fund Amount has been reduced by at least 25% ~~; per cent.~~; or (ii) by the time of the RepoClear Default Management Process Completion Date in relation to the relevant

Default the value of the RepoClear Segregated Fund Amount will be reduced by at least 25%~~, per cent.~~, the Clearing House may, by notice in writing (the "**RepoClear Unfunded Contribution Notice**"), require each Non-Defaulting RCM to deposit and maintain an amount (each a "**RepoClear Unfunded Contribution**") in accordance with the following provisions:

- (a) RepoClear Unfunded Contributions will only be payable in circumstances where the relevant RepoClear Unfunded Contribution Notice is delivered by the Clearing House to RCMs prior to the RepoClear Default Management Process Completion Date in relation to the relevant Default;
- (b) the value of the RepoClear Unfunded Contribution payable by each individual RCM shall be the product of (i) the percentage by which the value of the RepoClear Segregated Fund Amount has been reduced and (ii) the value of the RepoClear Contribution of such RCM as at the last RepoClear Determination Date prior to the date when the relevant Default occurred;
- (c) following the payment of a RepoClear Unfunded Contribution in accordance with paragraphs ~~R8(a)~~(a) and ~~(b)~~(b) above, the Clearing House may, by the delivery of one or more further RepoClear Unfunded Contribution Notices, require each Non-Defaulting RCM to pay one or more further RepoClear Unfunded Contributions in respect of the same Default, **provided that** the total value of the RepoClear Unfunded Contributions payable by an individual RCM in respect of a particular Default (determined in accordance with paragraph ~~(b)~~(b) above) may not exceed the value of the RepoClear Contribution of such RCM as at the last RepoClear Determination Date prior to the date when the relevant Default occurred; and
- (d) following a Default in respect of which RepoClear Unfunded Contributions were paid (the "**First Default**"), the Clearing House may require the payment of further RepoClear Unfunded Contributions in respect of subsequent Defaults, (which, for the avoidance of doubt, can never be a First Default), **provided that** RepoClear Unfunded Contributions will not be payable in respect of any more than three Defaults in any six month period (commencing on the date of delivery of the first RepoClear Unfunded Contribution Notice in respect of the First Default).

RCMs will be required to deposit the full amount of their RepoClear Unfunded Contributions (without exercising any rights of set-off or counterclaim) with the Clearing House on the business day following the receipt of a RepoClear Unfunded Contribution Notice.

For the avoidance of doubt, references to "RCMs" for the purposes of this Rule ~~R.8~~R8 include any RCM (other than a Defaulting RCM) who is: (i) a Retiring Member but whose status as a Clearing Member has not yet been terminated; and (ii) a Resigning Member whose resignation from the RepoClear Service is not yet effective.

R9 RepoClear Loss Distribution Process

Where, after a Default, the Clearing House determines that the RepoClear Excess Loss resulting from the Default will exceed the amounts to be applied to it under **Rule**

~~16(a) to (g)~~, [Rules 15\(a\) to 15\(g\) of the Default Rules](#), the Clearing House may implement the process (the "**RepoClear Loss Distribution Process**") described in this Rule ~~R.9R9~~.

(a) For the purposes of this RepoClear Default Fund Supplement, the following definitions will apply:

~~“Additional Margin” means any Collateral other than Initial Margin, Variation Margin and Delivery Margin which is called in order to mitigate default risk across the life of a Contract.~~

"**Available Resources**" means, in respect of any Loss Distribution Period or Service Closure Period, the aggregated amount which is available to be paid by the Clearing House for application in meeting any loss suffered or incurred by the Clearing House in accordance with ~~Rule 16(a) to (g)~~ [Rules 15\(a\) to 15\(g\) of the Default Rules](#) as at and including the relevant Last Call Prior to Default.

"**Cash Payment**" means, in respect of any business day, the aggregated amount which would be paid by the Clearing House to a Non-Defaulting RCM (expressed as a positive number) or by such RCM to the Clearing House (expressed as a negative number) in a Cash Payment Currency on such business day.

"**Cash Payment Currency**" means, in respect of each RCM, the Currency in which it paid its RepoClear Contribution.

"**Cumulative LCH Transfer Cost**" means, as determined on any business day during any Loss Distribution Period or Service Closure Period, the sum of any LCH Transfer Cost for each day from but excluding the relevant Last Call Prior to Default to and including such business day.

~~“Final Determination Date”~~ means the business day subsequent to an Insufficient Resources Determination Date when a Shortfall Allocation (as defined in ~~R11(e)(i)~~ [Rule 11\(c\)\(i\) of the Default Rules](#) is to be determined.

~~“Insufficient Resources Determination Date”~~ means the day on which an Insufficient Resources Determination (as defined in ~~R11~~ [Rule R11](#)) is made by the Clearing House.

"**Last Call Prior to Default**" means the most recent business day on which ~~the margin obligations~~ [transfers](#) of ~~the Collateral required to be made by~~ RCMs [to the Clearing House](#) were ~~discharged~~ [made](#) in full.

"**LCH Transfer Cost**" means any cost (converted, where applicable, into EUR at a Rate of Exchange determined by the Clearing House in its sole discretion) to the Clearing House arising out of transferring the rights and obligations arising out of the Fixed Income Contracts of a Defaulting RCM to any other RCM or third parties.

~~“LCH Final Uncovered Loss”~~ means the aggregate of LCH Uncovered Losses arising on each day in a Service Closure Period.

"**LCH Uncovered Loss**" means, in respect of the Clearing House, as determined on any business day in any Loss Distribution Period or Service Closure Period, the amount greater than zero calculated in accordance with the following formula:

$$\text{TRCMCP} + \text{CLC} - (\text{TAR} + \text{TLD})$$

$$\frac{\text{TRCMCP} + \text{CLC} - (\text{TAR} + \text{TLD})}{\text{TRCMCP} + \text{CLC} - (\text{TAR} + \text{TLD})}$$

where:

"**TRCMCP**" means the TRCM Cash Payment;

"**CLC**" means the Cumulative LCH Transfer Cost;

"**TAR**" means the Total Available Resources; and

~~"**CLC**" means the Cumulative LCH Transfer Cost;~~

~~"**TAR**" means the Total Available Resources; and~~

"**TLD**" means Total Loss Distribution; and

the LCH Uncovered Loss as at the Last Call Prior to Default shall be zero.

"**Loss Distribution Cap Amount**" means, in respect of each Non-Defaulting RCM and any Loss Distribution Period, an amount equal to the product of (i) 100 per cent. and (ii) the RepoClear Contribution of such Non-Defaulting RCM as at the last RepoClear Determination Date prior to the date when the Default occurred at the beginning of that Loss Distribution Period_;

"**Loss Distribution Day**" means any business day in a Loss Distribution Period on which the Clearing House, prior to calling for: ~~(i) Collateral in respect of margin obligations in accordance with the provisions of the Procedures; and (ii) Required Collateral,~~ on such business day, determines that the LCH Uncovered Loss for that business day is greater than zero.

"**Loss Distribution Period**" means the period from, but excluding, the day on which a Default occurs with respect to an RCM to the business day on which all Loss Distribution Charges in respect of such Default have been paid in full.

"**Rate of Exchange**" means, for any day, the applicable rate of exchange for converting one currency into another as determined by the Clearing House by reference to Reuters_;

"**RCM Cash Payment**" means, in respect of any Cash Payment (converted, where applicable into EUR at a Rate of Exchange determined by the Clearing House in its sole discretion) and any business day (a) the amount of any such Cash Payment which would be paid by the Clearing House to a Non-Defaulting RCM in respect of the Fixed Income Contracts of a Defaulting RCM on such business day (expressed as a positive number) excluding any cash payments made by the Clearing House to such Non-Defaulting RCM in

respect ~~of (i)-of~~ delivery versus payment transfers and (ii) all transfers of cash Collateral other than in respect ~~Variation-Margin~~ of variation margin; and (b) the amount of any Cash Payments made by the relevant Non-Defaulting RCM to the Clearing House in respect of the Fixed Income Contracts of a Defaulting RCM on such business day (expressed as a negative number) excluding any cash payments made by the relevant Non-Defaulting RCM to the Clearing House in respect ~~of (i)-of~~ delivery versus payment transfers and (ii) ~~transfer all~~ transfers of cash Collateral ~~-other than in respect of Variation-Margin-~~ variation margin.

"Service Closure Period" means the period from and including an Insufficient Resources Determination Date to, but including, a Final Determination Date.

"Total Available Resources" means, during a Loss Distribution Period or Service Closure Period the sum of (i) the Available Resources and (ii) any Unfunded Contributions.

"Total Loss Distribution" means, as determined on the day an LCH Uncovered Loss is being determined, the sum of any Loss Distribution Charges paid by Non-Defaulting RCMs from but excluding relevant Last Call Prior to Default to and excluding such day.

"TRCM Cash Payment" means the total of all cumulative RCM Cash Payments for each business day from but excluding the relevant Last Call Prior to Default up to and including the business day upon which LCH Uncovered Losses are being determined.

(b) *Loss Distribution Charges*

On each Loss Distribution Day, each Non-Defaulting RCM shall be required to pay to the Clearing House a "**Loss Distribution Charge**" which is equal to the product of (x) the LCH Uncovered Loss in respect of that Loss Distribution Day and (y) the proportion which that Non-Defaulting RCM's RepoClear Contribution bears to the aggregate of the RepoClear Contributions of all Non-Defaulting RCMs, **provided that**, the aggregate of all such Loss Distribution Charges shall not be greater than the Loss Distribution Cap Amount in respect of that Non-Defaulting RCM.

Any Loss Distribution Charge shall be paid by the RCM to the Clearing House in accordance with the Procedures.

(c) *Application of Loss Distribution Charges to Cash Payment*

The Clearing House shall apply all payments it receives in respect of Loss Distribution Charges to Cash Payments solely for the purposes of meeting any loss incurred by the Clearing House following, and in relation to, each Default, as contemplated in accordance with ~~Rule 16(a) to (g)~~ Rules 15(a) to 15(g) of the Default Rules.

(d) ***No Rebate***

The payment to the Clearing House by any RCM of any Loss Distribution Charge shall be final and shall not give rise to any obligation of the Clearing House to repay any such amount or to pay any interest thereon.

(e) ***Application of any Recoveries***

If the RepoClear Loss Distribution Process has been invoked by the Clearing House in accordance with this Rule ~~R-9R9~~, the Clearing House shall reimburse the RCMs (irrespective of whether they remain RCMs at the time of the recovery) and the Clearing House on a *pro rata* basis by reference to the resources which have been applied pursuant to ~~Rule 16(a)~~Rules 15(a) to (g)15(g) of the Default Rules (including any RepoClear Unfunded Contributions) and including the net amount of any one or more paid by the relevant RCMs:

i(i) any amounts received from the Defaulting RCM as a result of the Clearing House being a creditor of the Defaulting RCM in respect of the RepoClear Business of such Defaulting RCM in the context of the occurrence of any of the events under ~~Rule 5(i) to (p)~~Rules 5(i) to 5(p) of the Default Rules in respect of the Defaulting RCM or otherwise, other than in respect of sums due to the Clearing House for its own account; or

ii(ii) any other amounts howsoever obtained or recovered in the course of the Clearing House's operation of the RepoClear Default Management Process or which are otherwise referable to the Defaulting RCM,

in each case net of any related expenses incurred by the Clearing House or other sums owing to the Clearing House by the Defaulting RCM in connection with the RepoClear client clearing service. For the avoidance of doubt, nothing in this paragraph ~~(f)(e)~~ shall oblige the Clearing House to pursue any litigation or other action in order to recover the amounts contemplated above and if another default fund of the Clearing House has also been applied as a result of the RCM's Default, any amounts recovered shall be applied *pari passu* as between the relevant default funds.

R10 Where, after the Default of one or more RCMs, the Clearing House determines that, notwithstanding the availability of any resources remaining under ~~Rule 16(a)~~Rules 15(a) to (g)15(g) of the Default Rules and the availability of the RepoClear Loss Distribution Process in accordance with the terms of Rule ~~R-9R9~~, it is clear that the Clearing House does not have sufficient resources to meet its obligations and liabilities arising in respect of those Fixed Income Contracts to which it is party with Non-Defaulting RCMs, the Clearing House shall conduct a ballot of Non-Defaulting RCMs to determine whether or not to repeat the RepoClear Loss Distribution Process in Rule ~~R-9R9~~. The quorum for such a ballot shall be 95% per cent. of all Non-Defaulting RCMs, and any such ballot shall only be carried if it all those RCMs who vote have voted in favour of repeating the procedures in Rule ~~R-9R9~~. For the avoidance of doubt, where the Loss Distribution Process in Rule ~~R-9R9~~ is repeated following a vote in favour of such under this Rule ~~R-10~~R10, no Loss Distribution

Charges paid by Non-Defaulting RCMs under previous applications of the Loss Distribution Process shall be included in determining whether the Loss Distribution Cap Amount for such current application of the RepoClear Loss Distribution Process has been reached.

R11 Where, following the conclusion of the Loss Distribution Process (including any repeat of the RepoClear Loss Distribution Process following a ballot pursuant to Rule ~~R10~~, R10), the Clearing House makes a determination (an “Insufficient Resources Determination”) that the Clearing House would not in future have sufficient resources to meet its contractual obligations arising in respect of those Fixed Income Contracts to which it is party with Non-Defaulting RCMs were this Rule ~~R11~~ R11 not to apply, the following provisions shall have effect:

(a) All outstanding Fixed Income Contracts shall be closed out as of the clearing day following the date the Insufficient Resources Determination was made.

(b) On the basis of the close out values established for each outstanding Fixed Income Contract by the Clearing House acting in a commercially reasonable manner, an account shall be taken (as at the time of close out) of what is due in respect of each RCM, from that RCM to the Clearing House and from the Clearing House to that RCM in respect of Fixed Income Contracts and any other amounts that may be due in respect of the RepoClear Service (including for these purposes, a proportionate share of any amounts owed generally to or from the Clearing House), and the sums due from the RCM shall be set off against the sums due from the Clearing House and, subject to paragraph ~~(e)~~, (c), below, only the balance of the account shall be payable. For the avoidance of doubt, amounts in respect of Fixed Income Contracts shall include, but not be limited to, returns of ~~cash~~ Collateral ~~held by the Clearing House~~ provided in respect of ~~the RCM's~~ variation margin ~~obligations~~ (but shall exclude the ~~repayment~~ return of any ~~cash~~ Collateral ~~held by the Clearing House~~ provided in respect of ~~the RCM's~~ initial ~~margin obligations~~ or additional margin) and amounts due in respect of the RepoClear Service shall include, but not be limited to, any Loss Distribution Charges payable by that RCM pursuant to Rule ~~R.9~~ R9 (but shall exclude the repayment of any outstanding RepoClear Contributions).

(c) To the extent that (x) the aggregate of all of the net amounts owed to the Clearing House by RCMs pursuant to paragraph ~~(b)~~, (b), above, plus all of those other resources applicable to the RepoClear Client Clearing Service under ~~Rule 16(a)~~ Rules 15(a) to ~~(g)~~ 15(g) of the Default Rules (excluding for these purposes ~~assets representing~~ Collateral ~~held by the Clearing House~~ in respect of ~~RCMs' initial margin obligations and or~~ additional margin) that have not been applied towards a RepoClear Excess Loss (the “RepoClear Final Resources”) are less than (y) the LCH Final Uncovered Losses, the amount by which (y) exceeds (x) shall be the “LCH Closure Shortfall”:

(i) the LCH Closure Shortfall ~~(as defined above)~~ shall be allocated between the RCMs based upon the proportion that (i) the value of each RCM's RepoClear Additional Payments Cap bears to (ii) the aggregate of the RepoClear Additional Payments Caps of all RCMs (the amount allocated to each such RCM being the **"Shortfall Allocation"** in

respect of that RCM); and each RCM shall (subject to sub-~~paragraph (ii) and (iii)~~paragraphs (ii) and (iii) below) make a new cash payment to the Clearing House in respect of its Shortfall Allocation, which shall be the lower of its Shortfall Allocation and the RepoClear Additional Payments Cap in respect of such RCM (a "Service Closure Payment");

ii(ii) the Service Closure Payment owed by an RCM in sub-paragraph ~~(e)(i)~~(i) above shall be set off against the sums owed by the Clearing House in ~~sub-paragraph (b)~~(b) above to that RCM and only the balance (subject to sub-paragraph ~~(iii)~~(iii) below) shall be payable in cash by either the RCM or the Clearing House, as applicable (the "Final Net Payment"); and

iii(ii) the Clearing House shall determine any amounts due to each RCM in respect of ~~the repayment~~repayments of any cash Collateral ~~held by transferred to~~ the Clearing House in respect of the RCM's initial ~~margin obligations~~ and additional margin-obligations. The Clearing House and the RCMs hereby agree that cash Collateral held by the Clearing House in respect of ~~an~~the RCM's initial ~~margin obligations~~ and ~~in respect of~~ additional margin ~~transferred by that RCM~~obligations shall operationally net in the PPS against the cash payment of the Final Net Payment in accordance with the processes of the PPS.

(d) Where an RCM owes an amount to the Clearing House under ~~Rule R11(b)~~(b) or if there is an LCH Closure Shortfall under ~~Rule R11(e)(iii)~~,sub-paragraph (c)(iii), that RCM shall pay that amount to the Clearing House immediately. Where an RCM is owed an amount by the Clearing House under ~~Rule R11(b)~~paragraph (b) or if there is an LCH Closure Shortfall under ~~Rule R11(e)(ii)~~paragraph (c)(ii) and/or ~~(iii)~~(c)(iii), the Clearing House shall pay that amount to the RCM immediately, subject to ~~(e)~~paragraph (e) below.

(e) The Clearing House may make the payments due under paragraph ~~(d)~~(d) above in one or more instalments to the RCMs in proportion to the value of their claims on the Clearing House under paragraphs ~~(b)~~(b) or ~~(e)~~(c) above if some but not all of the amounts due under paragraph ~~(d) or Rule 16(a) to 16(h)~~(d) above or Rules 15(a) to 15(h) of the Default Rules have not yet been received. No interest will be payable by the Clearing House on any instalments. The Clearing House may take reasonable steps to recover such amounts and may deduct therefrom reasonable administration costs for such recovery. To the extent that the Clearing House determines that any such amounts will not in fact be recoverable, it shall re-determine the amounts due to RCMs in accordance with this Rule ~~R11~~R11. To the extent that the Clearing House ultimately recovers amounts in excess of the LCH Closure Shortfall it shall return such amounts to the relevant RCMs (other than a Defaulting RCM) and to the extent that such amounts have been received as Service Closure Payments, it shall return such amounts to the RCMs (other than a Defaulting RCM) in proportion to their Shortfall Allocations.

(f) This Rule ~~R11~~R11 shall not be applied in the event that a Termination Date has been specified in relation to the Clearing House in accordance with Regulation ~~39A.45~~ 45 (Netting).

(g) Nothing in the foregoing shall override the obligation of the Clearing House to return non-cash Collateral ~~transferred to it~~provided by a RCM in respect of its initial margin obligations pursuant to the Regulations and Procedures.

Ballot Arrangements

~~Notwithstanding anything to the contrary in clauses 9.4 and 9.5 of the Clearing Membership Agreement, no proposal for any of the amendments set out in paragraphs (i) or (ii) below (each a "RepoClear Amendment") shall be capable of coming into effect unless first approved in a ballot of RCMs:~~

~~any amendment providing for a change in the nature of the liabilities for which an RCM's indemnity is given by virtue of paragraph (d) of Rule 28;~~

~~any amendment which, in the opinion of the Board of Directors of the Clearing House would represent a significant change in the commitments of the RCMs but not in the commitments of any other Clearing Members; and~~

~~iii. any increase in the RepoClear Fund Cap~~

~~For the purposes of a ballot conducted pursuant to this Rule R12, the provisions of clauses 9.4, 9.6 and 9.7 of the Clearing Membership Agreement shall apply with the following amendments:~~

~~the words "major amendment to the Default Fund Rules" in the first line of clause 9.4 of the Clearing Membership Agreement shall be replaced with the words "RepoClear Amendment";~~

~~all references to "Clearing Members" shall be replaced with references to "RCMs";~~

~~in paragraph (c) of clause 9.4 of the Clearing Membership Agreement, the reference to "Contributions" shall be replaced with a reference to "RepoClear Contributions" and the reference to "Quarter Day" shall be replaced with a reference to "RepoClear Determination Date";~~

~~references to "Fund Amount" in clauses 9.6 and 9.7 of the Clearing Membership Agreement shall be replaced with references to "RepoClear Fund Amount";~~

~~the reference to "clause 9.4" in clause 9.6 of the Clearing Membership Agreement shall be replaced with a reference to "Rule R12 of the RepoClear Default Fund Supplement to the Default Fund Rules"; and~~

~~the references to "Contribution" in clauses 9.6 and 9.7 of the Clearing Membership Agreement shall be replaced with references to "RepoClear Contribution".~~

~~Only General Clearing Members shall be entitled to vote in a ballot conducted under clauses 9.4 and 9.5 of the Clearing Membership Agreement in relation to an~~

~~amendment which affects exclusively any one or combination of: (i) the EquityClear Fund Amount; (ii) the Exchange Fund Amount; (iii) the nature of the liabilities for which a General Clearing Member's indemnity is given by virtue of paragraph (b) of Rule 28; or (iv) any amendment which, in the opinion of the Board of Directors of the Clearing House would represent a significant change in the commitments of the General Clearing Members but not in the commitments of any other Clearing Members. As a result, for the purposes of a ballot conducted under clauses 9.4 and 9.5 of the Clearing Membership Agreement other than a Cross-Service Ballot, references to "Clearing Members" shall not include RCMs who are not also General Clearing Members and RepoClear Contributions shall not count as "Contributions".~~

~~For the purposes of this paragraph (c) of this Rule R12, a "Cross-Service Ballot" shall mean: (i) a ballot in relation to an amendment which represents a significant change in the commitments of all of the Clearing Members of the Clearing House or of a significant section of such Clearing Members of the Clearing House who are so categorised together, irrespective of and independently from, the Services which they clear; and, as such (ii) a ballot which falls within paragraph (c) of clause 9.5 of the Clearing Membership Agreement (because, in the opinion of the Board of Directors of the Clearing House, it is an amendment which "would represent a significant change in the commitments of... a significant section of the Clearing Members") but does not fall within paragraph (a)(iii) of Rule F12, paragraph (a)(iii) of Rule S12 and/or paragraph (a)(ii) of this Rule R12 (because the relevant section of the Clearing Members is not restricted to Clearing Members acting in the capacity of Clearing Members in ForexClear, SwapClear and/or RepoClear).~~

~~Commodities Default Fund Supplement~~

SCHEDULE 8
EQUITIES DEFAULT FUND SUPPLEMENT

E1. In this Supplement, subject to any contrary indication or where the context otherwise requires, references to:

the "Business" means the Equities Business of a Member

a "Contract" means an EquityClear Contract, an Equities Contract, a contract cleared pursuant to a Service and such other cash equity or equity derivative contract as the Clearing House may from time to time specify by notice to the Members

a "Contribution" means an Equities Contribution

the "Default Fund" means the fund established by this Equities Default Fund Supplement

a "Determination Date" means an Equities Determination Date

the "Excess Loss" means the Equities Excess Loss

the "Fund Amount" means the Equities Fund Amount

a "Member" means an Equities Clearing Member and a Clearing Member approved to clear a Specified Market and except where stated otherwise, includes a Co-operating Clearing House

a "Minimum Contribution" means GBP 500,000

a "Non-Defaulting Clearing Member" means a Member that is not a Defaulter under Rule 4 of the Default Rules

"Service" means equities and equities-related services provided by the Clearing House pursuant to its rules governing the clearing of the Specified Markets and includes the Equities Service

"Specified Markets" means an EquityClear ATP, the TGHL market and any other markets from time to time specified by the Clearing House

and calculations of "Combined Loss Value", "End of Day Margin Weight", "Peak Intra-Day Margin Weight", "STLIEOM" and "Weight Factor" are carried out in accordance with this Supplement only.

Capitalised terms not otherwise defined in this Supplement shall have the meanings assigned to them in the General Regulations or the Default Rules, as applicable.

E2. Fund Amount

(a) The Default Fund is denominated in pounds sterling ("GBP"), and all amounts referable to it shall be denominated, calculated, called and payable in GBP.

- (b) On each business day, the Clearing House will determine the "Combined Loss Value" in respect of each of the three preceding calendar months. The Combined Loss Value in respect of a particular day will be the sum of the STLIEOMs for the Members which have the largest and the second largest STLIEOM on that day. For this purpose, the "STLIEOM" means, in respect of each Member and in respect of any day, the stress-tested loss in excess of initial margin (determined for a given scenario determined by the Clearing House) which could be incurred by the Clearing House in respect of that Member's Business if that Member became a Defaulter on that day. References in this Rule E2 to Member include a Co-operating Clearing House and the STLIEOM of a Co-operating Clearing House is included in the calculations under this Rule E2.
- (c) The Fund Amount shall be determined by the Clearing House on the first business day of each calendar month (the "Determination Date") in accordance with this Rule.
- (i) The Fund Amount is, for a given Determination Date, the largest of the Combined Loss Values as determined during the three calendar month period under paragraph (b) above, plus 10 per cent., subject to the following provisions of this Rule.
- (ii) On any Determination Date, if the Fund Amount as determined under paragraph (c)(i) above would be lower than three times the Minimum Contribution, the Fund Amount will be deemed to be three times the Minimum Contribution (the "Fund Floor").
- (iii) On any Determination Date, if the Fund Amount as determined would exceed GBP 150,000,000, the Fund Amount will be deemed to be GBP 150,000,000 unless the Risk Committee of the Clearing House has resolved that an increase in the Fund Amount is warranted, in which case the Fund Amount shall be as determined by the Risk Committee.
- (iv) In the case of a Default in relation to which the Clearing House does not apply Contributions under Rule 19 or Rule 21 of the Default Rules, determinations of the Fund Amount under the methodology of this Rule are suspended from the date of the occurrence of a Default until the completion of the management of such Default. Where other such Defaults have commenced during the period of suspension, the suspension will end at the completion of the management of the last of such Defaults.

In the case of any Default in relation to which the Clearing House applies Contributions under Rule 19 or Rule 21 of the Default Rules, determinations of the Fund Amount under the methodology of this Rule are suspended from the date of the occurrence of a Default until the expiry of the Cooling Off Period under Rule E7. Where other such Defaults have commenced during the period of suspension, the suspension will end at the expiry of the Cooling Off Period following the Default Management Completion Notice in respect of the last of those Defaults.

E3. Contributions to Fund

(a) The amount of each Member's Contribution shall be determined by the Clearing House on each Determination Date on the basis of information available as at close of business on the immediately preceding business day and notified to such Member as soon as practicable after such determination in accordance with the Procedures. However, determinations of Contributions under the methodology of this Rule are suspended after the occurrence of a Default in accordance with paragraph (c)(iv) of Rule E2.

(b) A Member's Contribution shall be determined with reference to business conducted by it on the Specified Markets in Contracts as follows:

(i) the Member's "End of Day Margin Weight" shall be calculated by dividing the average daily initial margin obligation at the end of each day (as calculated under the Procedures or other arrangements applicable) which has applied to the Member during the Reference Period in respect of all Contracts by the total of such average daily obligations applied to all Members other than Defaulters;

(ii) the Member's "Peak Intra-Day Margin Weight" shall be calculated by dividing the average maximum intra-day initial margin obligation arising at any point during each day during the Reference Period (as calculated under the Procedures or other arrangements applicable) which has applied to the Member in respect of all Contracts by the total of such average maximum intra-day obligations applied to all Members other than Defaulters;

(iii) the Member's "Weight Factor" shall be calculated by adding one-half of its End of Day Margin Weight to one-half of its Peak Intra-Day Margin Weight.

and the Member's Contribution shall be the amount arrived at by multiplying the Fund Amount by the Member's Weight Factor, provided that (x) if the amount calculated for a particular Member pursuant to the foregoing would, when aggregated with the Contributions of all other Members, produce a Fund Amount that is in excess of that permitted under paragraph (c)(iii) of Rule E2, then such excess amount, as calculated by the Clearing House, shall be iteratively notionally allocated to such Member *pro rata* to its Contribution as originally calculated and such proportionate excess shall be deducted from the amount originally calculated and the Member's Contribution shall be adjusted accordingly; and provided further that (y) in no case shall a Member's Contribution be less than the Minimum Contribution (notwithstanding that the Fund Amount may, taking into account all Contributions as adjusted in accordance with the provisos to this paragraph, exceed the level specified in paragraph (c)(iii) of Rule E2).

For the purposes of these calculations:

(iv) "Reference Period" means the period of three calendar months immediately before the Determination Date;

- (v) references to "Members" do not include references to Defaulters (apart from any Defaulter in respect of which the Clearing House permits the application of this Rule) or persons which were formerly Members but are not Members on the date on which the relevant calculation is made;
- (vi) Contributions shall be rounded upwards, if not already such a multiple, to the next integral multiple of one thousand pounds; and
- (vii) no account shall be taken, in calculating initial margin or Margin Weight under this paragraph (b) of any offsets applied in calculating the initial margin obligation imposed on Members in respect of Contracts, which may otherwise be permissible under the Procedures or other arrangements applicable.
- (c) Without prejudice to any other requirements which the Clearing House may impose, the amount of the Contribution of a New Member shall be the sum of:

 - (i) the Minimum Contribution; and
 - (ii) any supplementary sum determined by the Clearing House in its discretion and notified to the New Member. The Clearing House shall determine the amount of such supplementary sum by reference to the actual or expected level of clearing activity of the New Member.
- (d) Except to the extent that the cap specified in paragraph (c)(iii) of Rule E2 would be exceeded, the Clearing House may recalculate the Contributions due from certain Members on any business day other than one falling between the application of a Contribution and the end of the Cooling Off Period, as set out at Rule E7, in the following circumstances:

 - (i) if the Combined Loss Value determined under paragraph (b) of Rule E2 on that day deviates by more than 25 per cent. upwards or downwards from the Combined Loss Value on which the previous Contribution determination was based, on such business day, the Clearing House shall be entitled to make an adjustment upwards or downwards to the Fund Amount commensurate with the deviation;
 - (ii) where the Risk Committee considers (for any reason) that a recalculation is warranted between Determination Dates.
- (e) A Co-operating Clearing House is not required to contribute to the Default Fund and references in this Rule E3 to a Member do not include a Co-operating Clearing House.

E4. Interest on Contributions

On each day interest shall accrue on the amount of each Contribution held by the Clearing House, to the extent that it has not been applied under Rule 19 or Rule 21 of the Default Rules, at such rate and in such manner as provided by the Procedures, provided that the rate of interest for any particular day shall be based on a market-recognised benchmark rate plus or minus a spread. Such rate and such spread shall be determined, in light of market conditions at such time, by the Clearing House from

time to time and notified by the Clearing House to Members. Interest on Contributions shall be payable in arrears and shall be paid on the date or dates specified by the Procedures. Any interest which has accrued under this Rule shall not be regarded as part of a Contribution. References in this Rule E4 to a Member do not include a Co-operating Clearing House.

E5. Payment of Contributions

- (a) Upon determination of the amount of a Contribution on a Determination Date:
- (i) if the amount of the Contribution of a Member at close of business on the business day immediately before the Determination Date exceeds the amount of the Member's Contribution as determined on the Determination Date, the excess shall be paid by the Clearing House to the Member in accordance with the Procedures;
 - (ii) if the amount of the Contribution of a Member at close of business on the business day immediately before the Determination Date is the same as the amount of the Member's Contribution as determined on the Determination Date, no sum shall then be payable by or to the Member in respect of its Contribution; and
 - (iii) if the amount of the Contribution of a Member at close of business on the business day immediately before the Determination Date is less than the amount of the Member's Contribution as determined on the Determination Date, the shortfall shall be paid by the Member to the Clearing House in accordance with the Procedures.
- (b) The provisions of this Rule do not apply to a Member which is a Defaulter, unless the Clearing House so requires in any particular case.
- (c) References in this Rule E5 to a Member do not include a Co-operating Clearing House.

E6. Unfunded Contributions

- (a) On any business day after the occurrence of a Default, if the Clearing House determines that by reason of reduction in accordance with Rule E7, (i) the Fund Amount (minus any Contribution of the Defaulter) has been reduced by at least 25 per cent., or (ii) by the time of issue of a Default Management Completion Notice in relation to that Default the Fund Amount will have been so reduced, the Clearing House may, by notice in writing (each an "**Unfunded Contribution Notice**"), require each Non-Defaulting Clearing Member to deposit and maintain an amount (each an "**Unfunded Contribution**") in accordance with this Rule.
- (b) Unfunded Contributions will only be payable in circumstances where the relevant Unfunded Contribution Notice is delivered by the Clearing House to Members before a Default Management Completion Notice in relation to the relevant Default.

- (c) The amount of an Unfunded Contribution payable by a Member in respect of a Default shall be payable *pro rata* by reference to the proportion which that Member's Contribution bears to the aggregate of Contributions of all Non-Defaulting Clearing Members, and shall not exceed the value of the Contribution of that Member as calculated on the last Determination Date prior to the date when the relevant Default occurred.
- (d) Following the payment of an Unfunded Contribution in accordance with paragraphs (a), (b) and (c) of Rule E6, the Clearing House may, by the delivery of one or more further Unfunded Contribution Notices, require each Non-Defaulting Clearing Member to pay one or more further Unfunded Contributions in respect of the same Default, provided that the total value of the Unfunded Contributions payable by any Member in respect of a particular Default may not exceed the value of the Contribution of such Member as calculated on the last Determination Date prior to the date when the relevant Default occurred.
- (e) Following a Default in respect of which Unfunded Contributions were paid (the "**First Default**"), the Clearing House may require the payment of further Unfunded Contributions in respect of subsequent Defaults, (which, for the avoidance of doubt, can never be a First Default), provided that Unfunded Contributions will not be payable in respect of any more than three Defaults in any six month period (commencing on the date of delivery of the first Unfunded Contribution Notice in respect of the First Default).
- (f) Members shall deposit the full amount of each Unfunded Contribution (without exercising any rights of set-off or counterclaim) with the Clearing House on the business day following the receipt of an Unfunded Contribution Notice.

For the avoidance of doubt, references to "Members" for the purposes of this Rule: (i) include any Member (other than a Defaulter) who is a Retiring Member but whose status as a Member has not yet been terminated; (ii) include any Member (other than a Defaulter) who is a Resigning Member whose resignation from the Service is not yet effective; and (iii) do not include a Co-operating Clearing House.

E7. Cooling Off and Replenishment of Fund

- (a) This Rule applies where, after a Default, the Clearing House has applied part or all of a Contribution under Rule 19 or Rule 21 of the Default Rules. Upon such application the Fund Amount shall be reduced forthwith by the aggregate amount of the Contributions or parts of Contributions so applied, and (subject to the following provisions of this Rule) the amount of the Contribution that each Member must maintain with the Clearing House shall be reduced by the amount of its Contribution which has been applied pursuant to Rule 21 of the Default Rules, in each case until the next Determination Date. Unless and until the Clearing House has repaid a Defaulter's Contribution, the Fund Amount shall be treated as having been reduced by the amount of the Defaulter's Contribution (if any) regardless of whether the Clearing House has applied part or all of that Contribution under Rule 19 of the Default Rules.

- (b) If following the issuance of a notice to the effect that it has completed the management of a Default (a "Default Management Completion Notice") the aggregate amount of Fund Amount determined in accordance with paragraph (a) of this Rule E7 is less than the Fund Floor, the Clearing House may notify each Non-Defaulting Clearing Member that it is required to make a Supplementary Contribution until the next Determination Date, based on the proportion that the value of its Contribution as at the last Determination Date prior to the date when the relevant Default occurred bears to the value of the aggregate Contributions of all Non-Defaulting Clearing Members as at such date, so as to maintain the Fund Amount at no less than the Fund Floor. Supplementary Contributions required hereunder shall be paid within two business days after notification and in accordance with the Procedures.
- (c) For a further period (a "Cooling Off Period") of 30 calendar days from (and including) any day on which the Clearing House has issued a Default Management Completion Notice after an application pursuant to Rule 19 or Rule 21 of the Default Rules, calculation of the Fund Amount and the Contributions of Members in accordance with Rule E3 shall be suspended.
- (d) Each Member's Contribution during a Cooling Off Period shall be no less than the Minimum Contribution.
- (e) Notwithstanding Rule 25 of the Default Rules, if a Member which is not a Defaulter notifies the Clearing House within two business days after the issue of a Default Management Completion Notice that it wishes to resign from the Service: assuming all other requirements for termination of its membership have been satisfied by the end of the Cooling Off Period, such Member shall cease to be treated as a Member for the purpose of Rule E3 on the next Determination Date, and its Contribution shall (unless utilised in the interim in accordance with Rule 21 of the Default Rules) be repaid by the Clearing House following that Determination Date in accordance with the Procedures. A Member which has notified its wish to resign remains liable under Rule E8 until the effective date of its resignation.
- (f) The first business day after a Cooling Off Period shall exceptionally be a Determination Date; and the Fund Amount determined on such exceptional Determination Date shall remain in effect until the first business day of the next calendar month.
- (g) There may not be more than three exceptional Determination Dates of the type described in (f) above in any period of six months.
- (h) References in this Rule E7 to a Member do not include a Co-operating Clearing House.

E8. Loss Allocation

- (a) At any time after a Default, the Clearing House may determine that the Excess Loss resulting from the Default will exceed the resources available to be applied to it under Rules 15(a) to (g) of the Default Rules. If the Clearing House makes such a determination then the Clearing House may implement

the process (the "**Loss Distribution Process**") described in this Rule E8 in order to mitigate the LCH Uncovered Loss. For these purposes, the difference between the Excess Loss as determined by the Clearing House on that day and such resources remaining available on that day shall be the "**LCH Uncovered Loss**".

(b) Definitions and interpretation

In this Rule E8, references to a Member do not include a Co-operating Clearing House and the following definitions apply:

"**Loss Distribution Day**" means any business day in a Loss Distribution Period on which the Clearing House, prior to calling for Collateral in respect of margin on such business day, determines that the LCH Uncovered Loss for that business day is greater than zero.

"**Loss Distribution Period**" means the period from, but excluding, the day on which a Default occurs with respect to a Member to the business day on which all Loss Distribution Charges in respect of such Default have been paid in full.

(c) Loss Distribution Charges

(i) On each Loss Distribution Day, each Non-Defaulting Clearing Member shall pay to the Clearing House a "**Loss Distribution Charge**" which is equal to the product of (x) the LCH Uncovered Loss in respect of that Loss Distribution Day and (y) the proportion which that Member's Contribution bears to the aggregate of the Contributions of all Non-Defaulting Clearing Members, provided that the cumulative total of all such Loss Distribution Charges that a Non-Defaulting Clearing Member is required to pay in respect of all Loss Distribution Days relating to that Default shall not be greater than the Loss Distribution Cap Amount in respect of that Non-Defaulting Clearing Member, and provided such Loss Distribution Charge shall also include any liquidity amounts. For this purpose, "**Loss Distribution Cap Amount**" means an amount equal to the Contribution of such Member as calculated at the last Determination Date (disregarding any Determination Date arising after the Default occurred). For the purposes of this Rule E8, "**liquidity amounts**" means the gross amount paid or payable for borrowed or purchased assets solely to enable the physical settlement of Contracts.

(ii) Any Loss Distribution Charge shall be paid by the Member to the Clearing House in accordance with the Procedures.

(d) Application of Loss Distribution Charges

Apart from liquidity amounts used to effect physical settlement in accordance with paragraph (c)(i) of Rule E8, the Clearing House shall apply all other payments it receives in respect of Loss Distribution Charges solely for the purposes of meeting any loss incurred by the Clearing House in relation to the Defaulter's Contracts.

(e) No Rebate

- (i) Subject to paragraph (e)(ii) of Rule E8, Rule E9 and paragraph (c) of Rule E10, the payment to the Clearing House by any Member of any Loss Distribution Charge shall be final and shall not give rise to any obligation of the Clearing House to repay any such amount or to pay any interest thereon.
- (ii) Following the issuance of a Default Management Completion Notice, surplus amounts of Loss Distribution Charges comprising liquidity amounts for physical settlement shall, in the case of a Retiring Member or a Resigning Member, be returned to such Member, and, in the case of other Members, be set off against a Member's Contribution (provided any surplus liquidity amounts in excess of the Contribution shall be returned to such Member), in both cases, *pro rata* by reference to the proportion which the Loss Distribution Charge paid by the relevant Member bears to the aggregate of Loss Distribution Charges paid by all Non-Defaulting Clearing Members.

(f) Ballot

If on a Loss Distribution Day, the LCH Uncovered Loss exceeds the aggregate amount of Loss Distribution Charges which the Clearing House may be entitled to receive under paragraph (c), the Clearing House may seek approval of Non-Defaulting Clearing Members for a proposal to increase the Loss Distribution Cap Amount for the purposes of the relevant Default to an amount beyond that specified in paragraph (c). Approval shall only be treated as given if, in a ballot: (i) at least 95 per cent. by number (rounding fractions upwards to the next 5 per cent.) of Members eligible to vote have voted, and no Member which has voted has voted against the proposal; or (ii) in the event that there are more than two but fewer than 20 Members, no more than one Member eligible to vote has voted against the proposal.

E9. Application of Recoveries

- (a) The Clearing House will apply any recovery, first to the reimbursement of payers of Loss Distribution Charges, and then to reimburse any Members or other persons to whom recourse has been made under Rules 15(d) to (g) of the Default Rules, but in reverse order to that in which they appear in Rule 15. In relation to payers of Loss Distribution Charges, any partial recovery will be distributed *pro rata* to the aggregate payments made by those payers. For the purposes of this Rule, a recovery comprises:
- (i) any amounts received from the Defaulter as a result of the Clearing House being a creditor of the Defaulter in respect of the Business of such Defaulter in the context of the occurrence of any of the events under Rules 5(i) to (p) of the Default Rules in respect of the Defaulter or otherwise, other than in respect of sums due to the Clearing House for its own account; or

(ii) any other amounts howsoever obtained or recovered in the course of the management of the Default or which are otherwise referable to the Default or the Defaulter,

in each case net of any related expenses incurred by the Clearing House or other sums owing to the Clearing House by the Defaulter in connection with the Service.

(b) Nothing in this Rule E9 shall oblige the Clearing House to pursue any litigation or take other action in order to recover the amounts contemplated hereby.

(c) If a Contribution made by a Defaulter to another default fund of the Clearing House has been applied to losses in respect of Contracts registered to an account of the Defaulter, any amounts recovered shall be applied pari passu as between the relevant default funds.

(d) References in this Rule E9 to a Member do not include a Co-operating Clearing House.

E10. Service Closure

(a) Where, after the Default of one or more Members, the Clearing House determines that, notwithstanding the availability of any resources remaining under Rules 15(a) to (g) of the Default Rules and the availability of the Loss Distribution Process under Rule E8, the Clearing House does not have sufficient resources to meet its obligations and liabilities arising in respect of Contracts to which it is party with Non-Defaulting Clearing Members, the Clearing House shall make a further determination (an "**Insufficient Resources Determination**") that the Clearing House does not have sufficient available resources under Rules 15(a) to (g) of the Default Rules and via the Loss Distribution Process under Rule E8 to meet its obligations and liabilities arising in respect of those Contracts to which it is party with Non-Defaulting Clearing Members, and the provisions of this Rule shall have effect.

(b) All outstanding Contracts shall be closed out as of the business day following the date of the Insufficient Resources Determination and any further obligations to make any payments under or in respect of such Contracts shall cease. The closing prices used shall be prices calculated by the Clearing House in accordance with the methodology used by it to carry out end of day margin runs in respect of the outstanding Contracts. Where such data is not available to the Clearing House, the closing price shall be the last price used by the Clearing House to calculate the variation margin obligation for the position to be closed out.

(c) On the basis of the close out values established for each outstanding Contract, an account shall be taken (as at the time of close out) of what is due, in respect of each Member, from that Member to the Clearing House and from the Clearing House to that Member, as well as all other amounts owing under or in respect of such Contracts and any other amounts that may be due in respect of the Service (including for these purposes, a proportionate share of any

amounts owed generally to or from the Clearing House), and the sums due from the Member shall be set off against the sums due from the Clearing House and only the balance of the account shall be payable. Amounts due in respect of such Contracts shall include, but shall not be limited to, returns of cash Collateral provided in respect of variation margin associated therewith and returns of Loss Distribution Charges, but shall exclude the repayment of any cash Collateral provided to the Clearing House in respect of initial margin or any Contributions.

To the extent that the aggregate of all of the amounts owed to the Clearing House by Members (including Co-operating Clearing Houses) plus all of those other resources applicable to the Service under Rules 15(a) to (g) of the Default Rules that have not been applied towards an Excess Loss is less than the aggregate of the amounts owed to Members (including Co-operating Clearing Houses) by the Clearing House, each amount owed to Members by the Clearing House shall be reduced *pro rata* the shortfall. For the avoidance of doubt, no amount owed by the Clearing House to a Co-operating Clearing House is to be reduced pursuant to this paragraph (c).

- (d) The Clearing House shall determine any amounts due to each Member in respect of the repayment of cash Collateral provided in respect of initial margin obligations and outstanding Contributions to be repaid. The claim of each such Member in respect of the foregoing shall be limited to a *pro rata* share of the assets available to the Clearing House to satisfy those amounts.
- (e) For each Member, the amount due to it or due from it as determined pursuant to (c) above shall be aggregated with its claim determined pursuant to (d) above and only the net sum shall be payable. Where the result of such calculations is that a Member owes an amount to the Clearing House, that Member shall pay that amount to the Clearing House immediately. Where the result of such calculations is that a Member is owed an amount by the Clearing House, the Clearing House shall pay that amount to the Member immediately, subject to (g) below.
- (f) The payment of such amount to a Member pursuant to (e) above, subject to any re-calculations performed pursuant to (g) below, shall constitute the full and final payment in respect of the Service and such Member shall not be permitted to make any further claims on the Clearing House in respect of amounts relating to the Service nor shall it be permitted to notify the Clearing House of a Termination Date pursuant to Regulation 45 (*Netting*) for a failure to pay any amounts in relation to the Service.
- (g) The Clearing House may make the payments due under (e) above in one or more instalments to the Members in proportion to the value of their claims on the Clearing House under (c) above if some but not all of the amounts due under (e) above or Rules 15(a) to (g) of the Default Rules have not yet been received. The Clearing House shall take reasonable steps to recover such amounts and may deduct therefrom reasonable administration costs for such recovery. To the extent that the Clearing House determines that any such amounts will not in fact be recoverable, it shall re-determine the amounts due to Members in accordance with this Rule.

- (h) This Rule shall not be applied in the event that a Termination Date has been specified in relation to the Clearing House in accordance with Regulation 45 (Netting).
- (i) Nothing in the foregoing shall override the obligation of the Clearing House to return non-cash Collateral provided by a Member in respect of its initial margin obligations pursuant to the Regulations and Procedures.
- (j) Except for references to Non Defaulting Clearing Members in paragraph (a) above, and except where otherwise stated, references in this Rule E10 to a Member do not include a Co-operating Clearing House.

SCHEDULE 9
COMMODITIES DEFAULT FUND SUPPLEMENT

C1. In this Supplement, subject to any contrary indication or where the context otherwise requires, references to:

the "**Business**" means the Commodities Business of a Member

a "**Contract**" means a Commodities Contract, a contract cleared pursuant to a Service and such other commodities or commodity-related contract as the Clearing House may from time to time specify by notice to the Members

a "**Contribution**" means a Commodities Contribution

the "**Default Fund**" means the fund established by this Commodities Default Fund Supplement

a "**Determination Date**" means a Commodities Determination Date

the "**Excess Loss**" means the Commodities Excess Loss

the "**Fund Amount**" means the Commodities Fund Amount

a "**Member**" means a Commodities Clearing Member and a Clearing Member approved to clear a Specified Market

a "**Minimum Contribution**" means USD 750,000

a "**Non-Defaulting Clearing Member**" means a Member that is not a ~~e~~Defaulter under Rule ~~4~~4 of the Default Rules

"**Service**" means the commodities and commodity-related services provided by the Clearing House pursuant to its rules governing the clearing of the Specified Markets and includes the Commodities Service

"**Specified Markets**" means Nodal, LME and any other markets from time to time specified by the Clearing House, and includes the market in Contracts registered with the Clearing House pursuant to the LCH EnClear OTC service

and calculations of "**Combined Loss Value**", "**End of Day Margin Weight**", "**Peak Intra-Day Margin Weight**", "**STLIEOM**" and "**Weight Factor**" are carried out in accordance with this Supplement only.

Capitalised terms not otherwise defined in this Supplement shall have the meanings assigned to them in the General Regulations, ~~Rule 15 of or~~ the Default ~~Fund Rules or~~ ~~Rule 15A of the Default Fund~~ Rules, as applicable.

C2. Fund Amount

(a) The Default Fund is denominated in United States dollars ("USD;"), and all amounts referable to it shall be denominated, calculated, called and payable in USD.

- (b) On each business day, the Clearing House will determine the "**Combined Loss Value**" in respect of each of the three preceding calendar months. The Combined Loss Value in respect of a particular day will be the sum of the STLIEOMs for the Members which have the largest and the second largest STLIEOM on that day. ~~On each business day, the Clearing House will determine the "Combined Loss Value" in respect of each of the three preceding calendar months. The Combined Loss Value in respect of a particular day will be the sum of the STLIEOMs for the Members which have the largest and the second largest STLIEOM on that day.~~ For this purpose, the "STLIEOM" means, in respect of each Member and in respect of any day, the stress-tested loss in excess of initial margin (determined for a given scenario determined by the Clearing House) which could be incurred by the Clearing House in respect of that Member's Business if that Member became a ~~d~~Defaulter on that day.
- (c) ~~The Fund Amount shall be determined by the Clearing House on the first business day of each calendar month (the "Determination Date") in accordance with this Rule. The Fund Amount shall be determined by the Clearing House on the first business day of each calendar month (the "Determination Date") in accordance with this Rule.~~
- i(i) The Fund Amount is, for a given Determination Date, the largest of the Combined Loss Values as determined during the three calendar month period under ~~Rule C2(b)~~, paragraph (b) of Rule C2, plus 10%, per cent., subject to the following provisions of this Rule.
- ii(ii) On any Determination Date, if the Fund Amount as determined under ~~Rule C2(e)(i)~~ paragraph (c)(i) of Rule C2 would be lower than three times the Minimum Contribution, the Fund Amount will be deemed to be three times the Minimum Contribution (the "**Fund Floor**").
- iii(iii) On any Determination Date: ~~(a)~~, if the Fund Amount as determined would exceed USD 1,500,000,000, the Fund Amount will be deemed to be USD 1,500,000,000 unless the Risk Committee of the Clearing House has resolved that an increase in the Fund Amount is warranted, in which case the Fund Amount shall be as determined by the Risk Committee; ~~(b) if the Fund Amount as determined would exceed USD 2,500,000,000, the Fund Amount will be deemed to be USD 2,500,000,000, notwithstanding any determination by the Risk Committee, unless an increase has been approved by ballot in accordance with Rule C11.~~
- (iv) In the case of a Default in relation to which the Clearing House does not apply Contributions under Rule ~~26~~19 or Rule ~~28~~21 of the Default Rules, determinations of the Fund Amount under the methodology of this Rule are suspended from the date of the occurrence of a Default until the completion of the management of such Default. Where other such Defaults have commenced during the period of suspension, the suspension will end at the completion of the management of the last of such Defaults.

~~iv(i) Where other such Defaults have commenced during the period of suspension, the suspension will end at the completion of the management of the last of such Defaults.~~

In the case of any Default in relation to which the Clearing House applies Contributions under Rule ~~26~~19 or Rule ~~28~~21 of the Default Rules, determinations of the Fund Amount under the methodology of this Rule are suspended from the date of the occurrence of a Default until the expiry of the Cooling Off Period under Rule C7. ~~Where other such Defaults have commenced during the period of suspension, the suspension will end at the expiry of the Cooling Off Period following the Default Management Completion Notice in respect of the last of those Defaults.~~

~~C7. Where other such Defaults have commenced during the period of suspension, the suspension will end at the expiry of the Cooling Off Period following the Default Management Completion Notice in respect of the last of those Defaults.~~

C3. Contributions to Fund

(a) The amount of each Member's Contribution shall be determined by the Clearing House on each Determination Date on the basis of information available as at close of business on the immediately preceding business day and notified to such Member as soon as practicable after such determination in accordance with the Procedures. However, determinations of Contributions under the methodology of this Rule are suspended after the occurrence of a Default in accordance with ~~Rule C2(e)(iv)~~paragraph (c)(iv) of Rule C2.

(b) A Member's Contribution shall be determined with reference to business conducted by it on the Specified Markets in Contracts as follows:

i(i) the Member's "**End of Day Margin Weight**" shall be calculated by dividing the average daily initial margin ~~requirement~~obligation at the end of each day (as calculated under the Procedures or other arrangements applicable) which has applied to the Member during the Reference Period in respect of all Contracts by the total of such average daily ~~requirements~~obligations applied to all Members other than ~~d~~DDefaulters;

ii(ii) the Member's "**Peak Intra-Day Margin Weight**" shall be calculated by dividing the average maximum intra-day initial margin ~~requirement~~obligation arising at any point during each day during the Reference Period (as calculated under the Procedures or other arrangements applicable) which has applied to the Member in respect of all Contracts by the total of such average maximum intra-day ~~requirements~~obligations applied to all Members other than ~~d~~DDefaulters;

iii(iii) the Member's "**Weight Factor**" shall be calculated by adding one-half of its End of Day Margin Weight to one-half of its Peak Intra-Day Margin Weight,

and the Member's Contribution shall be the amount arrived at by multiplying the Fund Amount by the Member's Weight Factor, provided that (x) if the amount calculated for a particular Member pursuant to the foregoing would, when aggregated with the Contributions of all other Members, produce a Fund Amount that is in excess of that permitted under ~~Rule C2(e)(iii), paragraph (c)(iii) of Rule C2,~~ then such excess amount, as calculated by the Clearing House, shall be iteratively notionally allocated to such Member *pro rata* to its Contribution as originally calculated and such proportionate excess shall be deducted from the amount originally calculated and the Member's Contribution shall be adjusted accordingly; and provided further that (y) in no case shall a Member's Contribution be less than the Minimum Contribution (notwithstanding that the Fund Amount may, taking into account all Contributions as adjusted in accordance with the provisos to this paragraph, exceed the level specified in ~~Rule C2(e)(iii), paragraph (c)(iii) of Rule C2.~~

~~For the purposes of these calculations:~~

~~iv(i) "Reference Period" means the period of three calendar months immediately before the Determination Date;~~

For the purposes of these calculations:

(iv) "Reference Period" means the period of three calendar months immediately before the Determination Date;

~~v(v)~~ v(v) references to "Members" do not include references to ~~dDefaulters~~ dDefaulters (apart from any ~~dDefaulter~~ dDefaulter in respect of which the Clearing House permits the application of this Rule) or persons which were formerly Members but are not Members on the date on which the relevant calculation is made;

~~vi(vi)~~ vi(vi) Contributions shall be rounded upwards, if not already such a multiple, to the next integral multiple of one thousand dollars; and

~~vii(vii)~~ vii(vii) no account shall be taken, in calculating ~~the~~ initial margin or Margin ~~requirement~~ Weight under this ~~Rule C3(b) paragraph (b)~~ Rule C3(b) paragraph (b) of any offsets applied in calculating the initial margin required obligation for Members in respect of Contracts ~~from a Member,~~ which may otherwise be permissible under the Procedures or other arrangements applicable.

(c) Without prejudice to any other requirements which the Clearing House may impose, the amount of the Contribution of a New Member shall be the sum of:

i(i) the Minimum Contribution; and

ii(ii) any supplementary sum determined by the Clearing House in its discretion and notified to the New Member. The Clearing House shall determine the amount of such supplementary sum by reference to the actual or expected level of clearing activity of the New Member.

(d) Except to the extent that ~~one or other of~~ the caps specified in ~~Rule C2(e)(iii)~~ paragraph (c)(iii) of Rule C2 would be exceeded, the Clearing House may recalculate the Contributions due from certain Members on any business day other than one falling between the application of a Contribution and the end of the Cooling Off Period, as set out at ~~Rule C7~~ C7, in the following circumstances:

i(i) if the Combined Loss Value determined under ~~Rule C2(b)~~ paragraph (b) of Rule C2 on that day deviates by more than 25% per cent. upwards or downwards from the Combined Loss Value on which the previous Contribution determination was based, on such business day, the Clearing House shall be entitled to make an adjustment upwards or downwards to the Fund Amount commensurate with the deviation;

~~ii(ii) where the Risk Committee considers (for any reason) that a recalculation is warranted between Determination Dates, where the Risk Committee considers (for any reason) that a recalculation is warranted between Determination Dates.~~

C4. Interest on Contributions

On each day interest shall accrue on the amount of each Contribution ~~then~~ held by the Clearing House, to the extent that it has not been applied under ~~Rule 26 or Rule 2819~~ or Rule 21 of the Default Rules, at such rate and in such manner as provided by the Procedures, provided that the rate of interest for any particular day shall be based on a market-recognised benchmark rate plus or minus a spread. Such rate and such spread shall be determined, in light of market conditions at such time, by the Clearing House from time to time and notified by the Clearing House to Members. Interest on Contributions shall be payable in arrear and shall be paid on the date or dates specified by the Procedures. Any interest which has accrued under this Rule shall not be regarded as part of a Contribution.

C5. Payment of Contributions

(a) Upon determination of the amount of a Contribution on a Determination Date:

i(i) if the amount of the Contribution of a Member at close of business on the business day immediately before the Determination Date exceeds the amount of the Member's Contribution as determined on the Determination Date, the excess shall be paid by the Clearing House to the Member in accordance with the Procedures;

ii(ii) if the amount of the Contribution of a Member at close of business on the business day immediately before the Determination Date is the same as the amount of the Member's Contribution as determined on the Determination Date, no sum shall then be payable by or to the Member in respect of its Contribution; and

iii(iii) if the amount of the Contribution of a Member at close of business on the business day immediately before the Determination Date is less than the amount of the Member's Contribution as determined on the

Determination Date, the shortfall shall be paid by the Member to the Clearing House in accordance with the Procedures.

- (b) The provisions of this Rule do not apply to a Member which is a ~~d~~Defaulter, unless the Clearing House so requires in any particular case.

C6. **Unfunded Contributions**

- (a) On any business day after the occurrence of a Default, if the Clearing House determines that by reason of reduction in accordance with Rule ~~C7,C7~~, (i) the Fund Amount (minus any Contribution of the ~~d~~Defaulter) has been reduced by at least 25%~~, per cent.~~, or (ii) by the time of issue of a Default Management Completion Notice in relation to that Default the Fund Amount will have been so reduced, the Clearing House may, by notice in writing (each an "**Unfunded Contribution Notice**"), require each Non-Defaulting Clearing Member to deposit and maintain an amount (each an "**Unfunded Contribution**") in accordance with this Rule.
- (b) Unfunded Contributions will only be payable in circumstances where the relevant Unfunded Contribution Notice is delivered by the Clearing House to Members before a Default Management Completion Notice in relation to the relevant Default.
- (c) The amount of an Unfunded Contribution payable by a Member in respect of a Default shall be payable *pro rata* by reference to the proportion which that Member's Contribution bears to the aggregate of Contributions of all Non-Defaulting Clearing Members, and shall not exceed the value of the Contribution of that Member as calculated on the last Determination Date prior to the date when the relevant Default occurred.
- (d) Following the payment of an Unfunded Contribution in accordance with ~~Rule C6(a), (b)~~ paragraphs (a), (b) and ~~(e), (c)~~ of Rule C6, the Clearing House may, by the delivery of one or more further Unfunded Contribution Notices, require each Non-Defaulting Clearing Member to pay one or more further Unfunded Contributions in respect of the same Default, provided that the total value of the Unfunded Contributions payable by any Member in respect of a particular Default may not exceed the value of the Contribution of such Member as calculated on the last Determination Date prior to the date when the relevant Default occurred.
- (e) Following a Default in respect of which Unfunded Contributions were paid (the "**First Default**"), the Clearing House may require the payment of further Unfunded Contributions in respect of subsequent Defaults, (which, for the avoidance of doubt, can never be a First Default), provided that Unfunded Contributions will not be payable in respect of any more than three Defaults in any six month period (commencing on the date of delivery of the first Unfunded Contribution Notice in respect of the First Default).
- (f) Members shall deposit the full amount of each Unfunded Contribution (without exercising any rights of set-off or counterclaim) with the Clearing

House on the business day following the receipt of an Unfunded Contribution Notice.

For the avoidance of doubt, references to "Members" for the purposes of this Rule include any Member (other than a ~~e~~Defaulter) who is: (i) a Retiring Member but whose status as a Member has not yet been terminated; and (ii) a Resigning Member whose resignation from the Service is not yet effective.

C7. **Cooling Off and Replenishment of Fund**

(a) This Rule applies where, after a Default, the Clearing House has applied part or all of a Contribution under Rule ~~2619~~ or Rule ~~28.21 of the Default Rules~~. Upon such application the Fund Amount shall be reduced forthwith by the aggregate amount of the Contributions or parts of Contributions so applied, and (subject to the following provisions of this Rule) the amount of the Contribution that each Member must maintain with the Clearing House shall be reduced by the amount of its Contribution which has been applied pursuant to Rule ~~2821 of the Default Rules~~, in each case until the next Determination Date. Unless and until the Clearing House has repaid a ~~e~~Defaulter's Contribution, the Fund Amount shall be treated as having been reduced by the amount of the ~~e~~Defaulter's Contribution (if any) regardless of whether the Clearing House has applied part or all of that Contribution under Rule ~~2619 of the Default Rules~~.

(b) If following the issuance of a notice to the effect that it has completed the management of a Default (a "**Default Management Completion Notice**") the aggregate amount of Fund Amount determined in accordance with paragraph (a) of this Rule ~~E7E7~~ is less than the Fund Floor, the Clearing House may notify each Non Defaulting Clearing Member that it is required to make a ~~s~~Supplementary Contribution until the next Determination Date, based on the proportion that the value of its Contribution as at the last Determination Date prior to the date when the relevant Default occurred bears to the value of the aggregate Contributions of all Non-Defaulting Clearing Members as at such date, so as to maintain the Fund Amount at no less than the Fund Floor. Supplementary Contributions required hereunder shall be paid within two business days after notification and in accordance with the Procedures.

(c) For a further period (a "**Cooling Off Period**") of 30 calendar days from (and including) any day on which the Clearing House has issued a Default Management Completion Notice after an application pursuant to Rule ~~2619~~ or Rule ~~2821 of the Default Rules~~, calculation of the Fund Amount and the Contributions of Members in accordance with Rule ~~C3C3~~ shall be suspended.

(d) Each Member's Contribution during a Cooling Off Period shall be no less than the Minimum Contribution.

~~(a) Each Member's Contribution during a Cooling Off Period shall be no less than the Minimum Contribution.~~

(e) Notwithstanding Rule ~~3325 of the Default Rules~~, if a Member which is not a ~~e~~Defaulter notifies the Clearing House within two business days after the issue

of a Default Management Completion Notice that it wishes to resign from the Service: assuming all other requirements for termination of its membership have been satisfied by the end of the Cooling Off Period, such Member shall cease to be treated as a Member for the purpose of Rule ~~C3~~C3 on the next Determination Date, and its Contribution shall (unless utilised in the interim in accordance with Rule ~~2821 of the Default Rules~~) be repaid by the Clearing House following that Determination Date in accordance with the Procedures. A Member which has notified its wish to resign remains liable under Rule ~~C8~~C8 until the effective date of its resignation.

- (f) The first business day after a Cooling Off Period shall exceptionally be a Determination Date; and the Fund Amount determined on such exceptional Determination Date shall remain in effect until the first business day of the next calendar month.
- (g) There may not be more than three exceptional Determination Dates of the type described in (f) above in any period of six months.

C8. Loss Allocation

- (a) At any time after a Default, the Clearing House may determine that the Excess Loss resulting from the Default will exceed the resources available to be applied to it under ~~Rule 16~~(Rules 15(a) to (g)) of the Default Rules. If the Clearing House makes such a determination then the Clearing House may implement the process (the "**Loss Distribution Process**") described in this Rule ~~C8~~C8 in order to mitigate the LCH Uncovered Loss. For these purposes, the difference between the Excess Loss as determined by the Clearing House on that day and such resources remaining available on that day shall be the "LCH Uncovered Loss".

(b) Definitions

In this Rule ~~C8~~C8, the following definitions apply:

"**Loss Distribution Day**" means any business day in a Loss Distribution Period on which the Clearing House, prior to calling for Collateral in respect of margin ~~obligations in accordance with the provisions of the Procedures~~ on such business day, determines that the LCH Uncovered Loss for that business day is greater than zero.

"**Loss Distribution Period**" means the period from, but excluding, the day on which a Default occurs with respect to a Member to the business day on which all Loss Distribution Charges in respect of such Default have been paid in full.

(c) Loss Distribution Charges

- (i) On each Loss Distribution Day, each Non-Defaulting Clearing Member shall pay to the Clearing House a "**Loss Distribution Charge**" which is equal to the product of (x) the LCH Uncovered Loss in respect of that Loss Distribution Day and (y) the proportion which that Member's Contribution bears to the aggregate of the Contributions

of all Non-Defaulting Clearing Members, provided that the cumulative total of all such Loss Distribution Charges that a Non-Defaulting Clearing Member is required to pay in respect of all Loss Distribution Days relating to that Default shall not be greater than the Loss Distribution Cap Amount in respect of that Non-Defaulting Clearing Member. For this purpose, "**Loss Distribution Cap Amount**" means an amount equal to the Contribution of such Member as calculated at the last Determination Date (disregarding any Determination Date arising after the Default occurred).

(ii) Any Loss Distribution Charge shall be paid by the Member to the Clearing House in accordance with the Procedures.

Application of Loss Distribution Charges ~~Any Loss Distribution Charge shall be paid by the Member to the Clearing House in accordance with the Procedures.~~

~~Application of Loss Distribution Charges~~

(d)

The Clearing House shall apply all payments it receives in respect of Loss Distribution Charges solely for the purposes of meeting any loss incurred by the Clearing House in relation to the ~~d~~Defaulter's Contracts.

~~(a) No Rebate~~

(e) No Rebate

Subject to Rule ~~C9~~C9 and paragraph (c) of Rule C10 ~~(e)C10~~ the payment to the Clearing House by any Member of any Loss Distribution Charge shall be final and shall not give rise to any obligation of the Clearing House to repay any such amount or to pay any interest thereon.

(f) Ballot

If on a Loss Distribution Day, the LCH Uncovered Loss exceeds the aggregate amount of Loss Distribution Charges which the Clearing House may be entitled to receive under paragraph (c), the Clearing House may seek approval of Non-Defaulting Clearing Members for a proposal to increase the Loss Distribution Cap Amount for the purposes of the relevant Default to an amount beyond that specified in paragraph (c). Approval shall only be treated as given if, in a ballot: (i) at least 95% per cent. by number (rounding fractions upwards to the next 5% per cent.) of Members eligible to vote have voted, and no Member which has voted has voted against the proposal; or (ii) in the event that there are more than two but fewer than 20 Members, no more than one Member eligible to vote has voted against the proposal.

C9. Application of Recoveries

(a) The Clearing House will apply any recovery, first to the reimbursement of payers of Loss Distribution Charges, and then to reimburse any Members or

other persons to whom recourse has been made under ~~Rule 16(d)~~ Rules 15(d) to (g), of the Default Rules, but in reverse order to that in which they appear in ~~Rule 16.15~~. In relation to payers of Loss Distribution Charges, any partial recovery will be distributed *pro rata* to the aggregate payments made by those payers. For the purposes of this Rule, a recovery comprises:

- (i) any amounts received from the ~~d~~Defaulter as a result of the Clearing House being a creditor of the ~~d~~Defaulter in respect of the Business of such ~~d~~Defaulter in the context of the occurrence of any of the events under ~~Rule 5~~ Rules 5(i) to (p) of the Default Rules in respect of the ~~d~~Defaulter or otherwise, other than in respect of sums due to the Clearing House for its own account; or
- (ii) any other amounts howsoever obtained or recovered in the course of the management of the Default or which are otherwise referable to the Default or the ~~d~~Defaulter,

in each case net of any related expenses incurred by the Clearing House or other sums owing to the Clearing House by the ~~d~~Defaulter in connection with the Service.

- (b) Nothing in this Rule ~~C9~~ shall oblige the Clearing House to pursue any litigation or take other action in order to recover the amounts contemplated hereby.
- (c) If a Contribution made by a ~~d~~Defaulter to another default fund of the Clearing House has been applied to losses in respect of Contracts registered to an account of the ~~d~~Defaulter, any amounts recovered shall be applied *pari passu* as between the relevant default funds.

C10. Service Closure

- (a) Where, after the Default of one or more Members, the Clearing House determines that, notwithstanding the availability of any resources remaining under ~~Rule 16(a) to (g)~~ Rules 15(a) to (g) of the Default Rules and the availability of the Loss Distribution Process under ~~Rule C8~~, the Clearing House does not have sufficient resources to meet its obligations and liabilities arising in respect of Contracts to which it is party with Non-Defaulting Clearing Members, the Clearing House shall make a further determination (an "**Insufficient Resources Determination**") that the Clearing House does not have sufficient available resources under ~~Rule 16~~ Rules 15(a) to (g) of the Default Rules and via the Loss Distribution Process under ~~Rule C8~~ to meet its obligations and liabilities arising in respect of those Contracts to which it is party with Non-Defaulting Clearing Members, and the provisions of this Rule shall have effect.
- (b) ~~All outstanding Contracts shall be closed out as of the business day following the date of the Insufficient Resources Determination and any further obligations to make any payments under or in respect of such Contracts shall cease. The closing prices used shall be prices calculated by the Clearing House in accordance with the methodology used by it to carry out end of day margin~~

~~runs in respect of the outstanding Contracts. All outstanding Contracts shall be closed out as of the business day following the date of the Insufficient Resources Determination and any further obligations to make any payments under or in respect of such Contracts shall cease. The closing prices used shall be prices calculated by the Clearing House in accordance with the methodology used by it to carry out end of day margin runs in respect of the outstanding Contracts.~~ Where such data is not available to the Clearing House, the closing price shall be the last price used by the Clearing House to calculate the variation margin ~~requirement~~obligation for the position to be closed out.

- (c) On the basis of the close out values established for each outstanding Contract, an account shall be taken (as at the time of close out) of what is due, in respect of each Member, from that Member to the Clearing House and from the Clearing House to that Member, as well as all other amounts owing under or in respect of such Contracts and any other amounts that may be due in respect of the Service (including for these purposes, a proportionate share of any amounts owed generally to or from the Clearing House), and the sums due from the Member shall be set off against the sums due from the Clearing House and only the balance of the account shall be payable. Amounts due in respect of such Contracts shall include, but shall not be limited to, returns of cash Collateral ~~held by the Clearing House~~provided in respect of ~~the Member's~~ variation margin ~~obligations~~associated therewith and returns of Loss Distribution Charges, but shall exclude the repayment of any cash Collateral ~~held by~~provided to the Clearing House in respect of ~~the Member's~~ initial margin ~~obligations~~ or any Contributions.

To the extent that the aggregate of all of the amounts owed to the Clearing House by Members plus all of those other resources applicable to the Service under ~~Rule 16(a)~~Rules 15(a) to (g) that have not been applied towards an Excess Loss is less than the aggregate of the amounts owed to Members by the Clearing House, each amount owed to Members by the Clearing House shall be reduced *pro rata* the shortfall.

- ~~(e)~~(d) The Clearing House shall determine any amounts due to each Member in respect of the repayment of cash Collateral ~~held by the Clearing House~~provided in respect of ~~the~~ initial margin obligations ~~of the Member~~ and outstanding Contributions to be repaid. The claim of each such Member in respect of the foregoing shall be limited to a *pro rata* share of the assets available to the Clearing House to satisfy those amounts.

- ~~(f)~~(e) For each Member, the amount due to it or due from it as determined pursuant to (c) above shall be aggregated with its claim determined pursuant to (d) above and only the net sum shall be payable. Where the result of such calculations is that a Member owes an amount to the Clearing House, that Member shall pay that amount to the Clearing House immediately. Where the result of such calculations is that a Member is owed an amount by the Clearing House, the Clearing House shall pay that amount to the Member immediately, subject to (g) below.

- ~~(g)~~(f) The payment of such amount to a Member pursuant to (e) above, subject to any re-calculations performed pursuant to (g) below, shall constitute the full and final payment in respect of the Service and such Member shall not be

permitted to make any further claims on the Clearing House in respect of amounts relating to the Service nor shall it be permitted to notify the Clearing House of a Termination Date pursuant to Regulation ~~39A.45~~ (Netting) for a failure to pay any amounts in relation to the Service.

~~(h)~~(g) The Clearing House may make the payments due under (e) above in one or more instalments to the Members in proportion to the value of their claims on the Clearing House under (c) above if some but not all of the amounts due under (e) above or ~~Rule 16(a) to 16~~Rules 15(a) to (g) of the Default Rules have not yet been received. The Clearing House shall take reasonable steps to recover such amounts and may deduct therefrom reasonable administration costs for such recovery. To the extent that the Clearing House determines that any such amounts will not in fact be recoverable, it shall re-determine the amounts due to Members in accordance with this Rule.

~~(i)~~(h) This Rule shall not be applied in the event that a Termination Date has been specified in relation to the Clearing House in accordance with Regulation ~~39A.45~~ (Netting).

~~(j)~~(i) Nothing in the foregoing shall override the obligation of the Clearing House to return non-cash Collateral ~~transferred~~provided by to ~~it~~a Member in respect of its initial margin obligations pursuant to the Regulations and Procedures.

Ballot Arrangements

~~No proposal for any of the amendments set out in paragraphs (i), (ii), (iii), or (iv) below (each a "Commodities Default Fund Amendment") shall be capable of coming into effect unless first approved in a ballot of Members:~~

~~any amendment providing for a change in the nature of the liabilities for which a Member's indemnity is given in respect of Commodities Business by virtue of Rule 28;~~

~~any amendment which, in the opinion of the Board of Directors of the Clearing House would represent a significant change in the commitments of the Commodities Clearing Members but not in the commitments of any other Members;~~

~~any increase in the maximum size of the Fund Amount for the purposes of Rule C2 beyond USD 2,500,000,000 (or such other level as has been approved in a ballot); and~~

~~any amendment to the amount of the Minimum Contribution or the definition of the Fund Floor.~~

~~For the purposes of a ballot conducted pursuant to this Rule, the provisions of clauses 9.4, 9.6 and 9.7 of the Clearing Membership Agreement shall apply with the following amendments:~~

~~the words "major amendment to the Default Fund Rules" in the first line of clause 9.4 of the Clearing Membership Agreement shall be read as "Commodities Default Fund Amendment";~~

~~all references to "Clearing Members" shall be read as references to "Commodities Clearing Members";~~

~~in paragraph (c) of clause 9.4 of the Clearing Membership Agreement, the reference to "Quarter Day" shall be replaced with a reference to Determination Date, as such term is used in the Commodities Default Fund Supplement to the Default Fund Rules;~~

~~references to "Contributions" and "Fund Amount" shall be read in accordance with the Commodities Default Fund Supplement to the Default Fund Rules; and~~

~~the reference to "clause 9.4" in clause 9.6 of the Clearing Membership Agreement shall be construed accordingly.~~

~~Equities Default Fund Supplement~~

SCHEDULE 10
LISTED INTEREST RATE DEFAULT FUND SUPPLEMENT

L1. In this Supplement, subject to any contrary indication or where the context otherwise requires, references to:

the "**Business**" means the ~~Equities~~Listed Interest Rate Business of a Member

a "**Contract**" means ~~an Equity Clear Contract, an Equities~~ a Listed Interest Rate Contract, a contract cleared pursuant to a Service and such other ~~cash equity or equity~~listed interest rate derivative contract as the Clearing House may from time to time specify by notice to the Members

a "**Contribution**" means ~~an Equities~~ a Listed Interest Rate Contribution

the "**Default Fund**" means the fund established by this ~~Equities~~Listed Interest Rate Default Fund Supplement

a "**Determination Date**" means ~~an Equities~~ a Listed Interest Rate Determination Date

the "**Excess Loss**" means the ~~Equities~~Listed Interest Rate Excess Loss

the "**Fund Amount**" means the ~~Equities~~Listed Interest Rate Fund Amount

a "**Member**" means ~~an Equities~~ a Listed Interest Rate Clearing Member and a Clearing Member approved to clear a Specified Market ~~and except where stated otherwise, includes a Co-operating Clearing House~~

~~a "**Minimum Contribution**" means GBP 500,000~~

a "**Minimum Contribution**" means GBP 500,000

a "**Non-Defaulting Clearing Member**" means a Member that is not a ~~d~~Defaulter under Rule ~~44~~ of the Default Rules

~~"Service" means equities and equities-related services provided by the Clearing House pursuant to its rules governing the clearing of the Specified Markets and includes the Equities Service~~

~~"Specified Markets" means an Equity Clear ATP, the TGHL market and any other markets from time to time specified by the Clearing House~~

~~and calculations of "**Combined Loss Value**", "**End of Day Margin Weight**", "**Peak Intra Day Margin Weight**", "**STLIEOM**" and "**Weight Factor**" are carried out in accordance with this Supplement only.~~ "Service" means the listed interest rate derivatives and listed interest rate derivatives-related services provided by the Clearing House pursuant to its rules governing the clearing of the Specified Markets and includes the Listed Interest Rate Service

"Specified Markets" means NLX and any other markets from time to time specified by the Clearing House

and calculations of "Combined Loss Value", "End of Day Margin Weight", "Peak Intra-Day Margin Weight", "STLIEOM" and "Weight Factor" are carried out in accordance with this Supplement only.

Capitalised terms not otherwise defined in this Supplement shall have the meanings assigned to them in the General Regulations, ~~Rule 15 of or~~ the Default ~~Fund Rules or Rule 15A of the Default Fund~~ Rules, as applicable.

L2. Fund Amount

(a) The Default Fund is denominated in GBP, and all amounts referable to it shall be denominated, calculated, called and payable in GBP.

(b) ~~On each business day, the Clearing House will determine the "Combined Loss Value" in respect of each of the three preceding calendar months. The Combined Loss Value in respect of a particular day will be the sum of the STLIEOMs for the Members which have the largest and the second largest STLIEOM on that day. On each business day, the Clearing House will determine the "Combined Loss Value" in respect of each of the three preceding calendar months. The Combined Loss Value in respect of a particular day will be the sum of the STLIEOMs for the Members which have the largest and the second largest STLIEOM on that day.~~ On each business day, the Clearing House will determine the "Combined Loss Value" in respect of each of the three preceding calendar months. The Combined Loss Value in respect of a particular day will be the sum of the STLIEOMs for the Members which have the largest and the second largest STLIEOM on that day. For this purpose, the "STLIEOM" means, in respect of each Member and in respect of any day, the stress-tested loss in excess of initial margin (determined for a given scenario determined by the Clearing House) which could be incurred by the Clearing House in respect of that Member's Business if that Member became a ~~d~~Defaulter on that day. ~~References in this Rule E2 to Member include a Co-operating Clearing House and the STLIEOM of a Co-operating Clearing House is included in the calculations under this Rule E2.~~

~~The Fund Amount shall be determined by the Clearing House on the first business day of each calendar month (the "Determination Date") in accordance with this Rule.~~

(c) The Fund Amount shall be determined by the Clearing House on the first business day of each calendar month (the "Determination Date") in accordance with this Rule.

i(i) The Fund Amount is, for a given Determination Date, the largest of the Combined Loss Values as determined during the three calendar month period under ~~Rule E2(b);~~ paragraph (b) of Rule L2, plus 10% ~~, per cent.,~~ subject to the following provisions of this Rule.

ii(i) On any Determination Date, if the Fund Amount as determined under ~~Rule E2(e)(i);~~ paragraph (c)(i) of Rule L2 would be lower than three times the Minimum Contribution, the Fund Amount will be deemed to be three times the Minimum Contribution (the "**Fund Floor**").

~~iii~~(iii) On any Determination Date: ~~(a)~~, if the Fund Amount as determined would exceed GBP ~~150,500,000,000~~, the Fund Amount will be deemed to be GBP ~~150,500,000,000~~ unless the Risk Committee of the Clearing House has resolved that an increase in the Fund Amount is warranted, in which case the Fund Amount shall be as determined by the Risk Committee; ~~(b) if the Fund Amount as determined would exceed GBP 500,000,000, the Fund Amount will be deemed to be GBP 500,000,000, notwithstanding any determination by the Risk Committee, unless an increase has been approved by ballot in accordance with Rule E11.~~

~~iv~~(i) In the case of a Default in relation to which the Clearing House does not apply Contributions under Rule ~~26 or Rule 2819 or Rule 21 of the Default Rules~~, determinations of the Fund Amount under the methodology of this Rule are suspended from the date of the occurrence of a Default until the completion of the management of such Default. ~~Where other such Defaults have commenced during the period of suspension, the suspension will end at the completion of the management of the last of such Defaults.~~

(iv) Where other such Defaults have commenced during the period of suspension, the suspension will end at the completion of the management of the last of such Defaults.

In the case of any Default in relation to which the Clearing House applies Contributions under Rule ~~26 or Rule 2819 or Rule 21 of the Default Rules~~, determinations of the Fund Amount under the methodology of this Rule are suspended from the date of the occurrence of a Default until the expiry of the Cooling Off Period under Rule ~~E7~~. ~~Where other such Defaults have commenced during the period of suspension, the suspension will end at the expiry of the Cooling Off Period following the Default Management Completion Notice in respect of the last of those Defaults.~~

(v) L7. Where other such Defaults have commenced during the period of suspension, the suspension will end at the expiry of the Cooling Off Period following the Default Management Completion Notice in respect of the last of those Defaults.

L3. Contributions to Fund

(a) The amount of each Member's Contribution shall be determined by the Clearing House on each Determination Date on the basis of information available as at close of business on the immediately preceding business day and notified to such Member as soon as practicable after such determination in accordance with the Procedures. However, determinations of Contributions under the methodology of this Rule are suspended after the occurrence of a Default in accordance with ~~Rule E2(e)(iv)~~ paragraph (c)(v) of Rule L2.

~~(a) A Member's Contribution shall be determined with reference to business conducted by it on the Specified Markets in Contracts as follows:~~

(b) A Member's Contribution shall be determined with reference to business conducted by it on the Specified Markets in Contracts as follows:

(i) the Member's "**End of Day Margin Weight**" shall be calculated by dividing the average daily initial margin ~~requirement~~obligation at the end of each day (as calculated under the Procedures or other arrangements applicable) which has applied to the Member during the Reference Period in respect of all Contracts by the total of such average daily ~~requirements~~obligations applied to all Members other than ~~d~~DDefaulters;

ii(ii) the Member's "**Peak Intra-Day Margin Weight**" shall be calculated by dividing the average maximum intra-day initial margin ~~requirement~~obligation arising at any point during each day during the Reference Period (as calculated under the Procedures or other arrangements applicable) which has applied to the Member in respect of all Contracts by the total of such average maximum intra-day ~~requirements~~obligations applied to all Members other than ~~d~~DDefaulters;

~~iii(i) the Member's "**Weight Factor**" shall be calculated by adding one-half of its End of Day Margin Weight to one-half of its Peak Intra-Day Margin Weight,~~

(iii) the Member's "**Weight Factor**" shall be calculated by adding one-half of its End of Day Margin Weight to one-half of its Peak Intra-Day Margin Weight,

and the Member's Contribution shall be the amount arrived at by multiplying the Fund Amount by the Member's Weight Factor, provided that (x) if the amount calculated for a particular Member pursuant to the foregoing would, when aggregated with the Contributions of all other Members, produce a Fund Amount that is in excess of that permitted under paragraph (c)(iii) of Rule E2(e)(iii)-L2, then such excess amount, as calculated by the Clearing House, shall be iteratively notionally allocated to such Member *pro rata* to its Contribution as originally calculated and such proportionate excess shall be deducted from the amount originally calculated and the Member's Contribution shall be adjusted accordingly; and provided further that (y) in no case shall a Member's Contribution be less than the Minimum Contribution (notwithstanding that the Fund Amount may, taking into account all Contributions as adjusted in accordance with the provisos to this paragraph, exceed the level specified in paragraph (c)(iii) of Rule E2(e)(iii)-L2).

For the purposes of these calculations:

~~iv(iv)~~ "Reference Period" means the period of three calendar months immediately before the Determination Date;

~~v(v)~~ references to "Members" do not include references to ~~d~~DDefaulters (apart from any ~~d~~DDefaulter in respect of which the Clearing House permits the application of this Rule) or persons which were formerly

Members but are not Members on the date on which the relevant calculation is made;

~~vi~~(vi) Contributions shall be rounded upwards, if not already such a multiple, to the next integral multiple of one thousand pounds; and

~~vii~~(vii) no account shall be taken, in calculating ~~the~~ initial margin ~~requirement~~ or Margin Weight under this ~~Rule E3(b) paragraph (b)~~ of any offsets ~~applied~~ in ~~calculating~~ the initial margin ~~required for obligations imposed on Members in respect of~~ Contracts ~~from a Member~~, which may otherwise be permissible under the Procedures or other arrangements applicable.

~~(a) Without prejudice to any other requirements which the Clearing House may impose, the amount of the Contribution of a New Member shall be the sum of:~~

~~i~~(i) ~~the Minimum Contribution; and~~

~~ii~~(i) ~~any supplementary sum determined by the Clearing House in its discretion and notified to the New Member. The Clearing House shall determine the amount of such supplementary sum by reference to the actual or expected level of clearing activity of the New Member.~~

~~(c) Without prejudice to any other requirements which the Clearing House may impose, the amount of the Contribution of a New Member shall be the sum of:~~

~~(i) the Minimum Contribution; and~~

~~(ii) any supplementary sum determined by the Clearing House in its discretion and notified to the New Member. The Clearing House shall determine the amount of such supplementary sum by reference to the actual or expected level of clearing activity of the New Member.~~

~~(d) Except to the extent that one or other of the caps specified in Rule E2(e)(iii) paragraph (c)(iii) of Rule L2 would be exceeded, the Clearing House may recalculate the Contributions due from certain Members on any business day other than one falling between the application of a Contribution and the end of the Cooling Off Period, as set out at Rule E7,L7, in the following circumstances:~~

~~i~~(i) if the Combined Loss Value determined under ~~Rule E2(b) paragraph (b) of Rule L2~~ on that day deviates by more than 25% ~~per cent.~~ upwards or downwards from the Combined Loss Value on which the previous Contribution determination was based, on such business day, the Clearing House shall be entitled to make an adjustment upwards or downwards to the Fund Amount commensurate with the deviation;

~~(ii) where the Risk Committee considers (for any reason) that a recalculation is warranted between Determination Dates, where the Risk Committee considers (for any reason) that a recalculation is warranted between Determination Dates.~~

~~A Co-operating Clearing House is not required to contribute to the Default Fund and references in this Rule E3 to a Member do not include a Co-operating Clearing House.~~

L4. Interest on Contributions

On each day interest shall accrue on the amount of each Contribution ~~then~~ held by the Clearing House, to the extent that it has not been applied under Rule ~~26 or Rule 28~~26 or Rule 28 of the Default Rules, at such rate and in such manner as provided by the Procedures, provided that the rate of interest for any particular day shall be based on a market-recognised benchmark rate plus or minus a spread. ~~Such rate and such spread shall be determined, in light of market conditions at such time, by the Clearing House from time to time and notified by the Clearing House to Members. Interest on Contributions shall be payable in arrears and shall be paid on the date or dates specified by the Procedures. Any interest which has accrued under this Rule shall not be regarded as part of a Contribution.~~ Such rate and such spread shall be determined, in light of market conditions at such time, by the Clearing House from time to time and notified by the Clearing House to Members. Interest on Contributions shall be payable in arrears and shall be paid on the date or dates specified by the Procedures. Any interest which has accrued under this Rule shall not be regarded as part of a Contribution. ~~References in this Rule E4 to a Member do not include a Co-operating Clearing House.~~

L5. Payment of Contributions

(a) Upon determination of the amount of a Contribution on a Determination Date:

- i(i) if the amount of the Contribution of a Member at close of business on the business day immediately before the Determination Date exceeds the amount of the Member's Contribution as determined on the Determination Date, the excess shall be paid by the Clearing House to the Member in accordance with the Procedures;
- ii(ii) if the amount of the Contribution of a Member at close of business on the business day immediately before the Determination Date is the same as the amount of the Member's Contribution as determined on the Determination Date, no sum shall then be payable by or to the Member in respect of its Contribution; and
- iii(iii) if the amount of the Contribution of a Member at close of business on the business day immediately before the Determination Date is less than the amount of the Member's Contribution as determined on the Determination Date, the shortfall shall be paid by the Member to the Clearing House in accordance with the Procedures.

(b) The provisions of this Rule do not apply to a Member which is a ~~d~~Defaulter, unless the Clearing House so requires in any particular case.

~~References in this Rule E5 to a Member do not include a Co-operating Clearing House.~~

L6. **Unfunded Contributions**

- (a) On any business day after the occurrence of a Default, if the Clearing House determines that by reason of reduction in accordance with Rule ~~E7~~L7, (i) the Fund Amount (minus any Contribution of the ~~d~~DDefaulter) has been reduced by at least 25%~~, per cent.~~, or (ii) by the time of issue of a Default Management Completion Notice in relation to that Default the Fund Amount will have been so reduced, the Clearing House may, by notice in writing (each an "**Unfunded Contribution Notice**"), require each Non-Defaulting Clearing Member to deposit and maintain an amount (each an "**Unfunded Contribution**") in accordance with this Rule.
- (b) Unfunded Contributions will only be payable in circumstances where the relevant Unfunded Contribution Notice is delivered by the Clearing House to Members before a Default Management Completion Notice in relation to the relevant Default.
- (c) The amount of an Unfunded Contribution payable by a Member in respect of a Default shall be payable *pro rata* by reference to the proportion which that Member's Contribution bears to the aggregate of Contributions of all Non-Defaulting Clearing Members, and shall not exceed the value of the Contribution of that Member as calculated on the last Determination Date prior to the date when the relevant Default occurred.
- (d) Following the payment of an Unfunded Contribution in accordance with ~~Rule E6(a), (b) and (c)~~paragraphs (a), (b) and (c) of Rule L6, the Clearing House may, by the delivery of one or more further Unfunded Contribution Notices, require each Non-Defaulting Clearing Member to pay one or more further Unfunded Contributions in respect of the same Default, provided that the total value of the Unfunded Contributions payable by any Member in respect of a particular Default may not exceed the value of the Contribution of such Member as calculated on the last Determination Date prior to the date when the relevant Default occurred.
- (e) Following a Default in respect of which Unfunded Contributions were paid (the "**First Default**"), the Clearing House may require the payment of further Unfunded Contributions in respect of subsequent Defaults, (which, for the avoidance of doubt, can never be a First Default), provided that Unfunded Contributions will not be payable in respect of any more than three Defaults in any six month period (commencing on the date of delivery of the first Unfunded Contribution Notice in respect of the First Default).
- (f) Members shall deposit the full amount of each Unfunded Contribution (without exercising any rights of set-off or counterclaim) with the Clearing House on the business day following the receipt of an Unfunded Contribution Notice.

For the avoidance of doubt, references to "Members" for the purposes of this Rule: ~~(i)~~ include any Member (other than a ~~d~~Defaulter) who is: (i) a Retiring Member but whose status as a Member has not yet been terminated; ~~(ii) include any Member (other than a defaulter) who is~~ and (ii) a Resigning Member whose resignation from the Service is not yet effective; ~~and (iii) do not include a Co-operating Clearing House.~~

L7. **Cooling Off and Replenishment of Fund**

(a) This Rule applies where, after a Default, the Clearing House has applied part or all of a Contribution under Rule ~~26 or Rule 28.19~~ or Rule 21 of the Default Rules. Upon such application the Fund Amount shall be reduced forthwith by the aggregate amount of the Contributions or parts of Contributions so applied, and (subject to the following provisions of this Rule) the amount of the Contribution that each Member must maintain with the Clearing House shall be reduced by the amount of its Contribution which has been applied pursuant to Rule ~~28~~ 21 of the Default Rules, in each case until the next Determination Date. Unless and until the Clearing House has repaid a ~~d~~Defaulter's Contribution, the Fund Amount shall be treated as having been reduced by the amount of the ~~d~~Defaulter's Contribution (if any) regardless of whether the Clearing House has applied part or all of that Contribution under Rule ~~26~~ 19 of the Default Rules.

If following the issuance of a notice to the effect that it has completed the management of a Default (a "**Default Management Completion Notice**") the aggregate amount of Fund Amount determined in accordance with paragraph (a) of this Rule ~~E7~~ L7 is less than the Fund Floor, the Clearing House may notify each Non-Defaulting Clearing Member that it is required to make a ~~s~~Supplementary Contribution until the next Determination Date, based on the proportion that the value of its Contribution as at the last Determination Date prior to the date when the relevant Default occurred bears to the value of the aggregate Contributions of all Non-Defaulting Clearing Members as at such date, so as to maintain the Fund Amount at no less than the Fund Floor. ~~Supplementary Contributions required hereunder shall be paid within two business days after notification and in accordance with the Procedures.~~

(b) Supplementary Contributions required hereunder shall be paid within two business days after notification and in accordance with the Procedures.

(c) For a further period (a "**Cooling Off Period**") of 30 calendar days from (and including) any day on which the Clearing House has issued a Default Management Completion Notice after an application pursuant to Rule ~~26 or Rule 28.19~~ or Rule 21 of the Default Rules, calculation of the Fund Amount and the Contributions of Members in accordance with Rule ~~E3~~ L3 shall be suspended.

~~(a) Each Member's Contribution during a Cooling Off Period shall be no less than the Minimum Contribution.~~

(d) Each Member's Contribution during a Cooling Off Period shall be no less than the Minimum Contribution.

(e) Notwithstanding Rule ~~33~~25 of the Default Rules, if a Member which is not a ~~d~~Defaulter notifies the Clearing House within two business days after the issue of a Default Management Completion Notice that it wishes to resign from the Service: assuming all other requirements for termination of its membership have been satisfied by the end of the Cooling Off Period, such Member shall cease to be treated as a Member for the purpose of Rule ~~E3~~L3 on the next Determination Date, and its Contribution shall (unless utilised in the interim in accordance with Rule ~~28~~21 of the Default Rules) be repaid by the Clearing House following that Determination Date in accordance with the Procedures. A Member which has notified its wish to resign remains liable under Rule ~~E8~~L8 until the effective date of its resignation.

~~(a) The first business day after a Cooling Off Period shall exceptionally be a Determination Date; and the Fund Amount determined on such exceptional Determination Date shall remain in effect until the first business day of the next calendar month.~~

~~(a) There may not be more than three exceptional Determination Dates of the type described in (f) above in any period of six months.~~

~~(f) The first business day after a Cooling Off Period shall exceptionally be a Determination Date; and the Fund Amount determined on such exceptional Determination Date shall remain in effect until the first business day of the next calendar month.~~

~~(g) There may not be more than three exceptional Determination Dates of the type described in (f) above in any period of six months.~~

~~References in this Rule E7 to a Member do not include a Co-operating Clearing House.~~

L8. Loss Allocation

(a) At any time after a Default, the Clearing House may determine that the Excess Loss resulting from the Default will exceed the resources available to be applied to it under ~~Rule 16~~(Rules 15(a) to (g)) of the Default Rules. If the Clearing House makes such a determination then the Clearing House may implement the process (the "**Loss Distribution Process**") described in this Rule ~~E8~~L8 in order to mitigate the LCH Uncovered Loss. For these purposes, the difference between the Excess Loss as determined by the Clearing House on that day and such resources remaining available on that day shall be the "**LCH Uncovered Loss**".

(b) ~~Definitions and interpretation~~

In this Rule ~~E8~~, ~~references to a Member do not include a Co-operating Clearing House and~~L8, the following definitions apply:

"**Loss Distribution Day**" means any business day in a Loss Distribution Period on which the Clearing House, prior to calling for Collateral in respect of margin ~~obligations in accordance with the provisions of the Procedures on~~

such business day, determines that the LCH Uncovered Loss for that business day is greater than zero.

"**Loss Distribution Period**" means the period from, but excluding, the day on which a Default occurs with respect to a Member to the business day on which all Loss Distribution Charges in respect of such Default have been paid in full.

(c) *Loss Distribution Charges*

On each Loss Distribution Day, each Non-Defaulting Clearing Member shall pay to the Clearing House a "**Loss Distribution Charge**" which is equal to the product of (x) the LCH Uncovered Loss in respect of that Loss Distribution Day and (y) the proportion which that Member's Contribution bears to the aggregate of the Contributions of all Non-Defaulting Clearing Members, provided that the cumulative total of all such Loss Distribution Charges that a Non-Defaulting Clearing Member is required to pay in respect of all Loss Distribution Days relating to that Default shall not be greater than the Loss Distribution Cap Amount in respect of that Non-Defaulting Clearing Member, and provided such Loss Distribution Charge shall also include any liquidity amounts. For this purpose, "**Loss Distribution Cap Amount**" means an amount equal to the Contribution of such Member as calculated at the last Determination Date (disregarding any Determination Date arising after the Default occurred). For the purposes of this Rule ~~E8~~, "~~liquidity amounts~~" means the gross amount paid or payable for borrowed or purchased assets solely to enable the physical settlement of Contracts.

~~Any Loss Distribution Charge shall be paid by the Member to the Clearing House in accordance with the Procedures.~~

L8 *Application of Loss Distribution Charges*

~~Apart from liquidity amounts used to effect physical settlement in accordance with Rule E8(c)(i), the Clearing House shall apply all other payments it receives in respect of Loss Distribution Charges solely for the purposes of meeting any loss incurred by the Clearing House in relation to the defaulter's Contracts.~~

(a) *No Rebate*

~~Subject to Rule E8(e)(ii), Rule E9 and Rule E10(c), the payment to the Clearing House by any Member of any Loss Distribution Charge shall be final and shall not give rise to any obligation of the Clearing House to repay any such amount or to pay any interest thereon.~~

~~Following the issuance of a Default Management Completion Notice, surplus amounts of Loss Distribution Charges comprising liquidity amounts for physical settlement shall, in the case of a Retiring Member or a Resigning Member, be returned to such Member, and, in the case of other Members, be set off against a Member's Contribution (provided any surplus liquidity amounts in excess of the Contribution shall be~~

~~returned to such Member), in both cases, *pro rata* by reference to the proportion which the Loss Distribution Charge paid by the relevant Member bears to the aggregate of Loss Distribution Charges paid by all Non-Defaulting Clearing Members.~~

~~(a) *Ballot*~~

~~If on a Loss Distribution Day, the LCH Uncovered Loss exceeds the aggregate amount of Loss Distribution Charges which the Clearing House may be entitled to receive under paragraph (c), the Clearing House may seek approval of Non-Defaulting Clearing Members for a proposal to increase the Loss Distribution Cap Amount for the purposes of the relevant Default to an amount beyond that specified in paragraph (c). Approval shall only be treated as given if, in a ballot: (i) at least 95% by number (rounding fractions upwards to the next 5%) of Members eligible to vote have voted, and no Member which has voted has voted against the proposal; or (ii) in the event that there are more than two but fewer than 20 Members, no more than one Member eligible to vote has voted against the proposal.~~

Application of Recoveries

~~(a) The Clearing House will apply any recovery, first to the reimbursement of payers of Loss Distribution Charges, and then to reimburse any Members or other persons to whom recourse has been made under Rule 16(d) to (g), but in reverse order to that in which they appear in Rule 16. In relation to payers of Loss Distribution Charges, any partial recovery will be distributed *pro rata* to the aggregate payments made by those payers. For the purposes of this Rule, a recovery comprises:~~

~~any amounts received from the defaulter as a result of the Clearing House being a creditor of the defaulter in respect of the Business of such defaulter in the context of the occurrence of any of the events under Rule 5(i) to (p) in respect of the defaulter or otherwise, other than in respect of sums due to the Clearing House for its own account; or~~

~~any other amounts howsoever obtained or recovered in the course of the management of the Default or which are otherwise referable to the Default or the defaulter,~~

~~in each case net of any related expenses incurred by the Clearing House or other sums owing to the Clearing House by the defaulter in connection with the Service.~~

~~Nothing in this Rule E9 shall oblige the Clearing House to pursue any litigation or take other action in order to recover the amounts contemplated hereby.~~

~~If a Contribution made by a defaulter to another default fund of the Clearing House has been applied to losses in respect of Contracts registered to an account of the defaulter, any amounts recovered shall be applied *pari passu* as between the relevant default funds.~~

~~References in this Rule E9 to a Member do not include a Co-operating Clearing House.~~

~~Service Closure~~

~~Where, after the Default of one or more Members, the Clearing House determines that, notwithstanding the availability of any resources remaining under Rule 16(a) to (g) and the availability of the Loss Distribution Process under Rule E8, the Clearing House does not have sufficient resources to meet its obligations and liabilities arising in respect of Contracts to which it is party with Non-Defaulting Clearing Members, the Clearing House shall make a further determination (an "*Insufficient Resources Determination*") that the Clearing House does not have sufficient available resources under Rule 16(a) to (g) and via the Loss Distribution Process under Rule E8 to meet its obligations and liabilities arising in respect of those Contracts to which it is party with Non-Defaulting Clearing Members, and the provisions of this Rule shall have effect.~~

~~All outstanding Contracts shall be closed out as of the business day following the date of the *Insufficient Resources Determination* and any further obligations to make any payments under or in respect of such Contracts shall cease. The closing prices used shall be prices calculated by the Clearing House in accordance with the methodology used by it to carry out end-of-day margin runs in respect of the outstanding Contracts. Where such data is not available to the Clearing House, the closing price shall be the last price used by the Clearing House to calculate the variation margin requirement for the position to be closed out.~~

~~On the basis of the close out values established for each outstanding Contract, an account shall be taken (as at the time of close out) of what is due, in respect of each Member, from that Member to the Clearing House and from the Clearing House to that Member, as well as all other amounts owing under or in respect of such Contracts and any other amounts that may be due in respect of the Service (including for these purposes, a proportionate share of any amounts owed generally to or from the Clearing House), and the sums due from the Member shall be set off against the sums due from the Clearing House and only the balance of the account shall be payable. Amounts due in respect of such Contracts shall include, but not be limited to, returns of cash Collateral held by the Clearing House in respect of the Member's variation margin obligations and returns of Loss Distribution Charges, but shall exclude the repayment of any cash Collateral held by the Clearing House in respect of the Member's initial margin obligations or any Contributions.~~

~~To the extent that the aggregate of all of the amounts owed to the Clearing House by Members (including Co-operating Clearing Houses) plus all of those other resources applicable to the Service under Rule 16(a) to (g) that have not been applied towards an Excess Loss is less than the aggregate of the amounts owed to Members (including Co-operating Clearing Houses) by the Clearing House, each amount owed to Members by the Clearing House shall be reduced pro rata the shortfall. For the avoidance of doubt, no amount~~

~~owed by the Clearing House to a Co-operating Clearing House is to be reduced pursuant to this Rule 10(c).~~

~~(a) The Clearing House shall determine any amounts due to each Member in respect of the repayment of any cash Collateral held by the Clearing House in respect of the initial margin obligations of the Member and outstanding Contributions to be repaid. The claim of each such Member in respect of the foregoing shall be limited to a *pro rata* share of the assets available to the Clearing House to satisfy those amounts.~~

~~For each Member, the amount due to it or due from it as determined pursuant to (e) above shall be aggregated with its claim determined pursuant to (d) above and only the net sum shall be payable. Where the result of such calculations is that a Member owes an amount to the Clearing House, that Member shall pay that amount to the Clearing House immediately. Where the result of such calculations is that a Member is owed an amount by the Clearing House, the Clearing House shall pay that amount to the Member immediately, subject to (g) below.~~

~~The payment of such amount to a Member pursuant to (e) above, subject to any re-calculations performed pursuant to (g) below, shall constitute the full and final payment in respect of the Service and such Member shall not be permitted to make any further claims on the Clearing House in respect of amounts relating to the Service nor shall it be permitted to notify the Clearing House of a Termination Date pursuant to Regulation 39A for a failure to pay any amounts in relation to the Service.~~

~~The Clearing House may make the payments due under (e) above in one or more instalments to the Members in proportion to the value of their claims on the Clearing House under (e) above if some but not all of the amounts due under (e) above or Rule 16(a) to 16(g) have not yet been received. The Clearing House shall take reasonable steps to recover such amounts and may deduct therefrom reasonable administration costs for such recovery. To the extent that the Clearing House determines that any such amounts will not in fact be recoverable, it shall re-determine the amounts due to Members in accordance with this Rule.~~

~~This Rule shall not be applied in the event that a Termination Date has been specified in relation to the Clearing House in accordance with Regulation 39A.~~

~~Nothing in the foregoing shall override the obligation of the Clearing House to return non-cash Collateral transferred to it in respect of initial margin pursuant to the Regulations and Procedures.~~

~~Except for references to Non-Defaulting Clearing Members in Rule 10(a), and except where otherwise stated, references in this Rule E10 to a Member do not include a Co-operating Clearing House.~~

Ballot Arrangements

~~No proposal for any of the amendments set out in paragraphs (i), (ii), (iii) or (iv) below (each an "Equities Default Fund Amendment") shall be capable of coming into effect unless first approved in a ballot of Members:~~

~~any amendment providing for a change in the nature of the liabilities for which a Member's indemnity is given in respect of Equities Business by virtue of Rule 28;~~

~~any amendment which, in the opinion of the Board of Directors of the Clearing House would represent a significant change in the commitments of the Equities Clearing Members but not in the commitments of any other Members;~~

~~any increase in the maximum size of the Fund Amount for the purposes of Rule E2 beyond GBP 500,000,000 (or such other level as has been approved in a ballot); and~~

~~any amendment to the amount of the Minimum Contribution or the definition of the Fund Floor.~~

~~For the purposes of a ballot conducted pursuant to this Rule, the provisions of clauses 9.4, 9.6 and 9.7 of the Clearing Membership Agreement shall apply with the following amendments:~~

~~the words "major amendment to the Default Fund Rules" in the first line of clause 9.4 of the Clearing Membership Agreement shall be read as "Equities Default Fund Amendment";~~

~~all references to "Clearing Members" shall be read as references to "Equities Clearing Members";~~

~~in paragraph (c) of clause 9.4 of the Clearing Membership Agreement, the reference to "Quarter Day" shall be replaced with a reference to Determination Date, as such term is used in the Equities Default Fund Supplement to the Default Fund Rules;~~

~~references to "Contributions" and "Fund Amount" shall be read in accordance with the Equities Default Fund Supplement to the Default Fund Rules; and~~

~~the reference to "clause 9.4" in clause 9.6 of the Clearing Membership Agreement shall be construed accordingly.~~

~~References in this Rule E11 to a Member do not include a Co-operating Clearing House.~~

Listed Interest Rate Default Fund Supplement

In this Supplement, subject to any contrary indication or where the context otherwise requires, references to:

the "**Business**" means the Listed Interest Rate Business of a Member

a "**Contract**" means a Listed Interest Rate Contract, a contract cleared pursuant to a Service and such other listed interest rate derivative contract as the Clearing House may from time to time specify by notice to the Members

a "**Contribution**" means a Listed Interest Rate Contribution

the "**Default Fund**" means the fund established by this Listed Interest Rate Default Fund Supplement

a "**Determination Date**" means a Listed Interest Rate Determination Date

the "**Excess Loss**" means the Listed Interest Rate Excess Loss

the "**Fund Amount**" means the Listed Interest Rate Fund Amount

a "**Member**" means a Listed Interest Rate Clearing Member and a Clearing Member approved to clear a Specified Market

a "**Minimum Contribution**" means GBP 500,000

a "**Non-Defaulting Clearing Member**" means a Member that is not a defaulter under Rule 4 of the Default Rules

~~"Service" means the listed interest rate derivatives and listed interest rate derivatives related services provided by the Clearing House pursuant to its rules governing the clearing of the Specified Markets and includes the Listed Interest Rate Service~~

~~"Specified Markets" means NLX and any other markets from time to time specified by the Clearing House~~

~~and calculations of "**Combined Loss Value**", "**End of Day Margin Weight**", "**Peak Intra-Day Margin Weight**", "**STLEOM**" and "**Weight Factor**" are carried out in accordance with this Supplement only.~~

Capitalised terms not otherwise defined in this Supplement shall have the meanings assigned to them in the General Regulations, Rule 15 of the Default Fund Rules or Rule 15A of the Default Fund Rules, as applicable.

Fund Amount

~~The Default Fund is denominated in GBP, and all amounts referable to it shall be denominated, calculated, called and payable in GBP.~~

~~On each business day, the Clearing House will determine the "**Combined Loss Value**" in respect of each of the three preceding calendar months. The~~

~~Combined Loss Value in respect of a particular day will be the sum of the STLIEOMs for the Members which have the largest and the second largest STLIEOM on that day. For this purpose, the "STLIEOM" means, in respect of each Member and in respect of any day, the stress tested loss in excess of initial margin (determined for a given scenario determined by the Clearing House) which could be incurred by the Clearing House in respect of that Member's Business if that Member became a defaulter on that day.~~

~~The Fund Amount shall be determined by the Clearing House on the first business day of each calendar month (the "**Determination Date**") in accordance with this Rule.~~

~~The Fund Amount is, for a given Determination Date, the largest of the Combined Loss Values as determined during the three calendar month period under Rule L2(b), plus 10%, subject to the following provisions of this Rule.~~

~~On any Determination Date, if the Fund Amount as determined under Rule L2(c)(i) would be lower than three times the Minimum Contribution, the Fund Amount will be deemed to be three times the Minimum Contribution (the "**Fund Floor**").~~

~~On any Determination Date: (a) if the Fund Amount as determined would exceed GBP 500,000,000, the Fund Amount will be deemed to be GBP 500,000,000 unless the Risk Committee of the Clearing House has resolved that an increase in the Fund Amount is warranted, in which case the Fund Amount shall be as determined by the Risk Committee; (b) if the Fund Amount as determined would exceed GBP 1,500,000,000, the Fund Amount will be deemed to be GBP 1,500,000,000, notwithstanding any determination by the Risk Committee, unless an increase has been approved by ballot in accordance with Rule L11.~~

~~In the case of a Default in relation to which the Clearing House does not apply Contributions under Rule 26 or Rule 28, determinations of the Fund Amount under the methodology of this Rule are suspended from the date of the occurrence of a Default until the completion of the management of such Default. Where other such Defaults have commenced during the period of suspension, the suspension will end at the completion of the management of the last of such Defaults.~~

~~(i) In the case of any Default in relation to which the Clearing House applies Contributions under Rule 26 or Rule 28, determinations of the Fund Amount under the methodology of this Rule are suspended from the date of the occurrence of a Default until the expiry of the Cooling Off Period under Rule L7. Where other such Defaults have commenced during the period of suspension, the suspension will end at the expiry of the Cooling Off Period following the Default Management Completion Notice in respect of the last of those Defaults.~~

Contributions to Fund

~~The amount of each Member's Contribution shall be determined by the Clearing House on each Determination Date on the basis of information available as at close of business on the immediately preceding business day and notified to such Member as soon as practicable after such determination in accordance with the Procedures. However, determinations of Contributions under the methodology of this Rule are suspended after the occurrence of a Default in accordance with Rule L2(c)(v).~~

~~(a) A Member's Contribution shall be determined with reference to business conducted by it on the Specified Markets in Contracts as follows:~~

~~the Member's "*End of Day Margin Weight*" shall be calculated by dividing the average daily initial margin requirement at the end of each day (as calculated under the Procedures or other arrangements applicable) which has applied to the Member during the Reference Period in respect of all Contracts by the total of such average daily requirements applied to all Members other than defaulters;~~

~~the Member's "*Peak Intra-Day Margin Weight*" shall be calculated by dividing the average maximum intra day initial margin requirement arising at any point during each day during the Reference Period (as calculated under the Procedures or other arrangements applicable) which has applied to the Member in respect of all Contracts by the total of such average maximum intra day requirements applied to all Members other than defaulters;~~

~~iii(i) the Member's "*Weight Factor*" shall be calculated by adding one half of its End of Day Margin Weight to one half of its Peak Intra-Day Margin Weight;~~

~~and the Member's Contribution shall be the amount arrived at by multiplying the Fund Amount by the Member's Weight Factor, provided that (x) if the amount calculated for a particular Member pursuant to the foregoing would, when aggregated with the Contributions of all other Members, produce a Fund Amount that is in excess of that permitted under Rule L2(c)(iii), then such excess amount, as calculated by the Clearing House, shall be iteratively notionally allocated to such Member pro rata to its Contribution as originally calculated and such proportionate excess shall be deducted from the amount originally calculated and the Member's Contribution shall be adjusted accordingly; and provided further that (y) in no case shall a Member's Contribution be less than the Minimum Contribution (notwithstanding that the Fund Amount may, taking into account all Contributions as adjusted in accordance with the provisos to this paragraph, exceed the level specified in Rule L2(c)(iii)).~~

~~For the purposes of these calculations:~~

~~iv(i) "*Reference Period*" means the period of three calendar months immediately before the Determination Date;~~

~~references to "*Members*" do not include references to defaulters (apart from any defaulter in respect of which the Clearing House permits the~~

~~application of this Rule) or persons which were formerly Members but are not Members on the date on which the relevant calculation is made;~~

~~vi(i) Contributions shall be rounded upwards, if not already such a multiple, to the next integral multiple of one thousand pounds; and~~

~~no account shall be taken, in calculating the initial margin requirement or Margin Weight under this Rule L3(b) of any offsets in the initial margin required for Contracts from a Member which may otherwise be permissible under the Procedures or other arrangements applicable.~~

~~(a) Without prejudice to any other requirements which the Clearing House may impose, the amount of the Contribution of a New Member shall be the sum of:~~

~~i(i) the Minimum Contribution; and~~

~~ii(i) any supplementary sum determined by the Clearing House in its discretion and notified to the New Member. The Clearing House shall determine the amount of such supplementary sum by reference to the actual or expected level of clearing activity of the New Member.~~

~~Except to the extent that one or other of the caps specified in Rule L2(c)(iii) would be exceeded, the Clearing House may recalculate the Contributions due from certain Members on any business day other than one falling between the application of a Contribution and the end of the Cooling Off Period, as set out at Rule L7, in the following circumstances:~~

~~if the Combined Loss Value determined under Rule L2(b) on that day deviates by more than 25% upwards or downwards from the Combined Loss Value on which the previous Contribution determination was based, on such business day, the Clearing House shall be entitled to make an adjustment upwards or downwards to the Fund Amount commensurate with the deviation;~~

~~ii(i) where the Risk Committee considers (for any reason) that a recalculation is warranted between Determination Dates.~~

Interest on Contributions

~~On each day interest shall accrue on the amount of each Contribution then held by the Clearing House, to the extent that it has not been applied under Rule 26 or Rule 28, at such rate and in such manner as provided by the Procedures, provided that the rate of interest for any particular day shall be based on a market recognised benchmark rate plus or minus a spread. Such rate and such spread shall be determined, in light of market conditions at such time, by the Clearing House from time to time and notified by the Clearing House to Members. Interest on Contributions shall be payable in arrears and shall be paid on the date or dates specified by the Procedures. Any interest which has accrued under this Rule shall not be regarded as part of a Contribution.~~

Payment of Contributions

~~Upon determination of the amount of a Contribution on a Determination Date:~~

~~if the amount of the Contribution of a Member at close of business on the business day immediately before the Determination Date exceeds the amount of the Member's Contribution as determined on the Determination Date, the excess shall be paid by the Clearing House to the Member in accordance with the Procedures;~~

~~ii(i) if the amount of the Contribution of a Member at close of business on the business day immediately before the Determination Date is the same as the amount of the Member's Contribution as determined on the Determination Date, no sum shall then be payable by or to the Member in respect of its Contribution; and~~

~~iii(i) if the amount of the Contribution of a Member at close of business on the business day immediately before the Determination Date is less than the amount of the Member's Contribution as determined on the Determination Date, the shortfall shall be paid by the Member to the Clearing House in accordance with the Procedures.~~

~~The provisions of this Rule do not apply to a Member which is a defaulter, unless the Clearing House so requires in any particular case.~~

Unfunded Contributions

~~(a) On any business day after the occurrence of a Default, if the Clearing House determines that by reason of reduction in accordance with Rule L7, (i) the Fund Amount (minus any Contribution of the defaulter) has been reduced by at least 25%, or (ii) by the time of issue of a Default Management Completion Notice in relation to that Default the Fund Amount will have been so reduced, the Clearing House may, by notice in writing (each an "Unfunded Contribution Notice"), require each Non-Defaulting Clearing Member to deposit and maintain an amount (each an "Unfunded Contribution") in accordance with this Rule.~~

~~(a) Unfunded Contributions will only be payable in circumstances where the relevant Unfunded Contribution Notice is delivered by the Clearing House to Members before a Default Management Completion Notice in relation to the relevant Default.~~

~~(a) The amount of an Unfunded Contribution payable by a Member in respect of a Default shall be payable *pro rata* by reference to the proportion which that Member's Contribution bears to the aggregate of Contributions of all Non-Defaulting Clearing Members, and shall not exceed the value of the Contribution of that Member as calculated on the last Determination Date prior to the date when the relevant Default occurred.~~

~~Following the payment of an Unfunded Contribution in accordance with Rule L6(a), (b) and (c), the Clearing House may, by the delivery of one or more further Unfunded Contribution Notices, require each Non-Defaulting Clearing Member to pay one or more further Unfunded Contributions in respect of the same Default, provided that the total value of the Unfunded Contributions payable by any Member in respect of a particular Default may not exceed the~~

~~value of the Contribution of such Member as calculated on the last Determination Date prior to the date when the relevant Default occurred.~~

~~Following a Default in respect of which Unfunded Contributions were paid (the "First Default"), the Clearing House may require the payment of further Unfunded Contributions in respect of subsequent Defaults, (which, for the avoidance of doubt, can never be a First Default), provided that Unfunded Contributions will not be payable in respect of any more than three Defaults in any six month period (commencing on the date of delivery of the first Unfunded Contribution Notice in respect of the First Default).~~

~~Members shall deposit the full amount of each Unfunded Contribution (without exercising any rights of set off or counterclaim) with the Clearing House on the business day following receipt of an Unfunded Contribution Notice.~~

~~For the avoidance of doubt, references to "Members" for the purposes of this Rule include any Member (other than a defaulter) who is: (i) a Retiring Member but whose status as a Member has not yet been terminated; and (ii) a Resigning Member whose resignation from the Service is not yet effective.~~

Cooling Off and Replenishment of Fund

~~This Rule applies where, after a Default, the Clearing House has applied part or all of a Contribution under Rule 26 or Rule 28. Upon such application the Fund Amount shall be reduced forthwith by the aggregate amount of the Contributions or parts of Contributions so applied, and (subject to the following provisions of this Rule) the amount of the Contribution that each Member must maintain with the Clearing House shall be reduced by the amount of its Contribution which has been applied pursuant to Rule 28, in each case until the next Determination Date. Unless and until the Clearing House has repaid a defaulter's Contribution, the Fund Amount shall be treated as having been reduced by the amount of the defaulter's Contribution (if any) regardless of whether the Clearing House has applied part or all of that Contribution under Rule 26.~~

~~If following the issuance of a notice to the effect that it has completed the management of a Default (a "**Default Management Completion Notice**") the aggregate amount of Fund Amount determined in accordance with paragraph (a) of this Rule L7 is less than the Fund Floor, the Clearing House may notify each Non-Defaulting Clearing Member that it is required to make a supplementary Contribution until the next Determination Date, based on the proportion that the value of its Contribution as at the last Determination Date prior to the date when the relevant Default occurred bears to the value of the aggregate Contributions of all Non-Defaulting Clearing Members as at such date, so as to maintain the Fund Amount at no less than the Fund Floor. Supplementary Contributions required hereunder shall be paid within two business days after notification and in accordance with the Procedures.~~

~~For a further period (a "**Cooling Off Period**") of 30 calendar days from (and including) any day on which the Clearing House has issued a Default Management Completion Notice after an application pursuant to Rule 26 or~~

~~Rule 28, calculation of the Fund Amount and the Contributions of Members in accordance with Rule L3 shall be suspended.~~

~~(a) Each Member's Contribution during a Cooling Off Period shall be no less than the Minimum Contribution.~~

~~Notwithstanding Rule 33, if a Member which is not a defaulter notifies the Clearing House within two business days after the issue of a Default Management Completion Notice that it wishes to resign from the Service: assuming all other requirements for termination of its membership have been satisfied by the end of the Cooling Off Period, such Member shall cease to be treated as a Member for the purpose of Rule L3 on the next Determination Date, and its Contribution shall (unless utilised in the interim in accordance with Rule 28) be repaid by the Clearing House following that Determination Date in accordance with the Procedures. A Member which has notified its wish to resign remains liable under Rule L8 until the effective date of its resignation.~~

~~(a) The first business day after a Cooling Off Period shall exceptionally be a Determination Date; and the Fund Amount determined on such exceptional Determination Date shall remain in effect until the first business day of the next calendar month.~~

~~(a) There may not be more than three exceptional Determination Dates of the type described in (f) above in any period of six months.~~

Loss Allocation

~~(a) At any time after a Default, the Clearing House may determine that the Excess Loss resulting from the Default will exceed the resources available to be applied to it under Rule 16(a) to (g). If the Clearing House makes such a determination then the Clearing House may implement the process (the "**Loss Distribution Process**") described in this Rule L8 in order to mitigate the LCH Uncovered Loss. For these purposes, the difference between the Excess Loss as determined by the Clearing House on that day and such resources remaining available on that day shall be the "**LCH Uncovered Loss**".~~

Definitions

In this Rule L8, the following definitions apply:

~~"**Loss Distribution Day**" means any business day in a Loss Distribution Period on which the Clearing House, prior to calling for Collateral in respect of margin obligations in accordance with the provisions of the Procedures on such business day, determines that the LCH Uncovered Loss for that business day is greater than zero.~~

~~"**Loss Distribution Period**" means the period from, but excluding, the day on which a Default occurs with respect to a Member to the business day on which all Loss Distribution Charges in respect of such Default have been paid in full.~~

~~(a) **Loss Distribution Charges**~~

~~i(i) On each Loss Distribution Day, each Non-Defaulting Clearing Member shall pay to the Clearing House a "Loss Distribution Charge" which is equal to the product of (x) the LCH Uncovered Loss in respect of that Loss Distribution Day and (y) the proportion which that Member's Contribution bears to the aggregate of the Contributions of all Non-Defaulting Clearing Members, provided that the cumulative total of all such Loss Distribution Charges that a Non-Defaulting Clearing Member is required to pay in respect of all Loss Distribution Days relating to that Default shall not be greater than the Loss Distribution Cap Amount in respect of that Non-Defaulting Clearing Member, and provided such Loss Distribution Charge shall also include any liquidity amounts. For this purpose, "Loss Distribution Cap Amount" means an amount equal to the Contribution of such Member as calculated at the last Determination Date (disregarding any Determination Date arising after the Default occurred). For the purposes of this Rule L8, "liquidity amounts" means the gross amount paid or payable for borrowed or purchased assets solely to enable the physical settlement of Contracts.~~

(ii) Any Loss Distribution Charge shall be paid by the Member to the Clearing House in accordance with the Procedures.

(d) Application of Loss Distribution Charges

~~ii(i) Any Loss Distribution Charge shall be paid by the Member to the Clearing House in accordance with the Procedures.~~

~~Application of Loss Distribution Charges~~

Apart from liquidity amounts used to effect physical settlement in accordance with ~~Rule L8(e)(i), paragraph (c)(i) of Rule L8,~~ the Clearing House shall apply all other payments it receives in respect of Loss Distribution Charges solely for the purposes of meeting any loss incurred by the Clearing House in relation to the ~~d~~Defaulter's Contracts.

(e) No Rebate

i(i) Subject to paragraph (e)(ii) of Rule L8(e)(ii), L8, Rule ~~L9L9~~ and paragraph (c) of Rule L10(e), L10, the payment to the Clearing House by any Member of any Loss Distribution Charge shall be final and shall not give rise to any obligation of the Clearing House to repay any such amount or to pay any interest thereon.

ii(ii) Following the issuance of a Default Management Completion Notice, surplus amounts of Loss Distribution Charges comprising liquidity amounts for physical settlement shall, in the case of a Retiring Member or a Resigning Member, be returned to such Member, and, in the case of other Members, be set off against a Member's Contribution (provided any surplus liquidity amounts in excess of the Contribution shall be returned to such Member), in both cases, pro rata by reference to the proportion which the Loss Distribution Charge paid by the

relevant Member bears to the aggregate of Loss Distribution Charges paid by all Non-Defaulting Clearing Members.

(f) *Ballot*

If on a Loss Distribution Day, the LCH Uncovered Loss exceeds the aggregate amount of Loss Distribution Charges which the Clearing House may be entitled to receive under paragraph (c), the Clearing House may seek approval of Non-Defaulting Clearing Members for a proposal to increase the Loss Distribution Cap Amount for the purposes of the relevant Default to an amount beyond that specified in paragraph (c). Approval shall only be treated as given if, in a ballot: (i) at least 95% per cent. by number (rounding fractions upwards to the next 5% per cent.) of Members eligible to vote have voted, and no Member which has voted has voted against the proposal; or (ii) in the event that there are more than two but fewer than 20 Members, no more than one Member eligible to vote has voted against the proposal.

L9. **Application of Recoveries**

(a) The Clearing House will apply any recovery, first to the reimbursement of payers of Loss Distribution Charges, and then to reimburse any Members or other persons to whom recourse has been made under ~~Rule 16~~Rules 15(d) to (g) of the Default Rules, but in reverse order to that in which they appear in ~~Rule 15~~of the Default Rules. In relation to payers of Loss Distribution Charges, any partial recovery will be distributed *pro rata* to the aggregate payments made by those payers. For the purposes of this Rule, a recovery comprises:

i(i) any amounts received from the ~~d~~Defaulter as a result of the Clearing House being a creditor of the ~~d~~Defaulter in respect of the Business of such ~~d~~Defaulter in the context of the occurrence of any of the events under ~~Rule 5~~Rules 5(i) to (p) of the Default Rules in respect of the ~~d~~Defaulter or otherwise, other than in respect of sums due to the Clearing House for its own account; or

ii(ii) any other amounts howsoever obtained or recovered in the course of the management of the Default or which are otherwise referable to the Default or the ~~d~~Defaulter,

in each case net of any related expenses incurred by the Clearing House or other sums owing to the Clearing House by the ~~d~~Defaulter in connection with the Service.

(b) Nothing in this Rule ~~L9~~L9 shall oblige the Clearing House to pursue any litigation or take other action in order to recover the amounts contemplated hereby.

(c) If a Contribution made by a ~~d~~Defaulter to another default fund of the Clearing House has been applied to losses in respect of Contracts registered to an account of the ~~d~~Defaulter, any amounts recovered shall be applied *pari passu* as between the relevant default funds.

L10. Service Closure

- (a) Where, after the Default of one or more Members, the Clearing House determines that, notwithstanding the availability of any resources remaining under ~~Rule 16~~ Rules 15(a) to (g) of the Default Rules and the availability of the Loss Distribution Process under Rule ~~L8, L8~~, the Clearing House does not have sufficient resources to meet its obligations and liabilities arising in respect of Contracts to which it is party with Non-Defaulting Clearing Members, the Clearing House shall make a further determination (an "**Insufficient Resources Determination**") that the Clearing House does not have sufficient available resources under ~~Rule 16(a)~~ Rules 15(a) to (g) of the Default Rules and via the Loss Distribution Process under Rule ~~L8~~ L8 to meet its obligations and liabilities arising in respect of those Contracts to which it is party with Non-Defaulting Clearing Members, and the provisions of this Rule shall have effect.
- (b) All outstanding Contracts shall be closed out as of the business day following the date of the Insufficient Resources Determination and any further obligations to make any payments under or in respect of such Contracts shall cease. The closing prices used shall be prices calculated by the Clearing House in accordance with the methodology used by it to carry out end of day margin runs in respect of the outstanding Contracts. Where such data is not available to the Clearing House, the closing price shall be the last price used by the Clearing House to calculate the variation margin ~~requirement~~ obligation for the position to be closed out.
- (c) On the basis of the close out values established for each outstanding Contract, an account shall be taken (as at the time of close out) of what is due, in respect of each Member, from that Member to the Clearing House and from the Clearing House to that Member, as well as all other amounts owing under or in respect of such Contracts and any other amounts that may be due in respect of the Service (including for these purposes, a proportionate share of any amounts owed generally to or from the Clearing House), and the sums due from the Member shall be set off against the sums due from the Clearing House and only the balance of the account shall be payable. Amounts due in respect of such Contracts shall include, but shall not be limited to, returns of cash Collateral ~~held by the Clearing House~~ provided in respect of ~~the Member's~~ variation margin ~~obligations~~ associated therewith and returns of Loss Distribution Charges, but shall exclude the repayment of any cash Collateral ~~held by~~ provided to the Clearing House in respect of ~~the Member's~~ initial margin ~~obligations~~ or any Contributions.

To the extent that the aggregate of all of the amounts owed to the Clearing House by Members plus all of those other resources applicable to the Service under ~~Rule 16(a) to (g)~~ Rules 15(a) to (g) of the Default Rules that have not been applied towards an Excess Loss is less than the aggregate of the amounts owed to Members by the Clearing House, each amount owed to Members by the Clearing House shall be reduced *pro rata* the shortfall.

- (d) The Clearing House shall determine any amounts due to each Member in respect of the repayment of cash Collateral ~~held by the Clearing~~

~~House~~provided in respect of ~~the~~ initial margin obligations ~~of the Member~~ and outstanding Contributions to be repaid. The claim of each such Member in respect ~~of~~to the foregoing shall be limited to a *pro rata* share of the assets available to the Clearing House to satisfy those amounts.

(e) For each Member, the amount due to it or due from it as determined pursuant to (c) above shall be aggregated with its claim determined pursuant to (d) above and only the net sum shall be payable. Where the result of such calculations is that a Member owes an amount to the Clearing House, that Member shall pay that amount to the Clearing House immediately. Where the result of such calculations is that a Member is owed an amount by the Clearing House, the Clearing House shall pay that amount to the Member immediately, subject to (g) below.

(f) The payment of such amount to a Member pursuant to (e) above, subject to any re-calculations performed pursuant to (g) below, shall constitute the full and final payment in respect of the Service and such Member shall not be permitted to make any further claims on the Clearing House in respect of amounts relating to the Service nor shall it be permitted to notify the Clearing House of a Termination Date pursuant to Regulation ~~39A.45~~ (Netting) for a failure to pay any amounts in relation to the Service.

(g) The Clearing House may make the payments due under (e) above in one or more instalments to the Members in proportion to the value of their claims on the Clearing House under (c) above if some but not all of the amounts due under (e) above or ~~Rule 16(a)~~Rules 15(a) to 16(g) of the Default Rules have not yet been received. The Clearing House shall take reasonable steps to recover such amounts and may deduct therefrom reasonable administration costs for such recovery. To the extent that the Clearing House determines that any such amounts will not in fact be recoverable, it shall re-determine the amounts due to Members in accordance with this Rule.

(h) This Rule shall not be applied in the event that a Termination Date has been specified in relation to the Clearing House in accordance with Regulation ~~39A.45~~ (Netting).

Nothing in the foregoing shall override the obligation of the Clearing House to return non-cash Collateral ~~transferred to it~~provided by a Member in respect of its initial margin obligations pursuant to the Regulations and Procedures.

Ballot Arrangements

~~No proposal for any of the amendments set out in paragraphs (i), (ii), (iii) or (iv) below (each a "*Listed Interest Rate Default Fund Amendment*") shall be capable of coming into effect unless first approved in a ballot of Members:~~

~~any amendment providing for a change in the nature of the liabilities for which a Member's indemnity is given in respect of Listed Interest Rate Business by virtue of Rule 28;~~

~~any amendment which, in the opinion of the Board of Directors of the Clearing House would represent a significant change in the commitments of the Listed Interest Rate Clearing Members but not in the commitments of any other Members;~~

~~any increase in the maximum size of the Fund Amount for the purposes of Rule L2 beyond GBP 1,500,000,000 (or such other level as has been approved in a ballot); and~~

~~any amendment to the amount of the Minimum Contribution or the definition of the Fund Floor~~

~~For the purposes of a ballot conducted pursuant to this Rule, the provisions of clauses 9.4, 9.6 and 9.7 of the Clearing Membership Agreement shall apply with the following amendments:~~

~~the words "major amendment to the Default Fund Rules" in the first line of clause 9.4 of the Clearing Membership Agreement shall be read as "Listed Interest Rate Default Fund Amendment";~~

~~all references to "Clearing Members" shall be read as references to "Listed Interest Rate Clearing Members";~~

~~in paragraph (c) of clause 9.4 of the Clearing Membership Agreement, the reference to "Quarter Day" shall be replaced with a reference to Determination Date, as such term is used in the Listed Interest Rate Default Fund Supplement to the Default Fund Rules;~~

~~references to "Contributions" and "Fund Amount" shall be read in accordance with the Listed Interest Rate Default Fund Supplement to the Default Fund Rules; and~~

~~the reference to "clause 9.4" in clause 9.6 of the Clearing Membership Agreement shall be construed accordingly.~~

~~LCH.CLEARNET LIMITED~~
~~GENERAL REGULATIONS OF THE CLEARING HOUSE~~

Scope

Save where expressly stated to the contrary in these Regulations or the Procedures, these Regulations govern clearing services provided by LCH.Clearnet Limited. They do not cover clearing services provided by LCH.Clearnet SA which are governed by a separate set of rules.

For the purposes of these Regulations, LCH.Clearnet Limited is referred to as “the "the Clearing House””. The terms “"Member”” or “"Clearing Member”” are used to refer to an undertaking which is entitled to receive clearing services from LCH.Clearnet Limited (see “"Definitions””). They do not mean “"shareholder”” of LCH.Clearnet Limited or of any other undertaking in the LCH.Clearnet Group.

Any Regulation or group of Regulations expressly stated not to apply to a category, or categories, of Contract shall not apply to such category, or categories, of Contract.

~~The Link Regulations set out in Regulations 40 to 44 apply only to Contracts on the terms of a Linked Exchange Contract as further provided in Regulation 40.~~

~~The SwapClear Regulations set out in Regulations 46 to 52~~Regulation 53 applies only to LME Contracts. Save as provided in Regulation 53, the provisions of Regulation 2 to Regulation 52 (inclusive) shall not apply to LME Contracts.

~~Regulation 54 to Regulation 60 (inclusive) apply only to SwapClear Contracts. Save as provided in Regulation 46, the provisions of Regulations 1 to 39A~~Regulation 54, the provisions of Regulation 2 to Regulation 52 (inclusive) shall not apply to SwapClear Contracts.

~~The RepoClear Regulations set out in Regulations 53 to 60~~Regulation 61 to Regulation 66 (inclusive) apply only to RepoClear Contracts. Save as provided in Regulation 53, the provisions of Regulations 1 to 39ARegulation 61, the provisions of Regulation 2 to Regulation 52 (inclusive) shall not apply to RepoClear Contracts.

~~The EquityClear Regulations set out in Regulations 61 to 67~~Regulation 67 to Regulation 72 (inclusive) apply only to EquityClear Contracts. Save as provided in Regulation 61, the provisions of Regulation 1 to 39ARegulation 67, the provisions of Regulation 2 to Regulation 52 (inclusive) shall not apply to EquityClear Contracts.

~~LCH EnClear OTC Regulations set out in Regulation 68 and Regulations 73A to 73D respectively~~Regulation 73 to Regulation 75 (inclusive) apply only to LCH EnClear OTC Contracts. Save as provided in Regulation 68, the provisions of Regulation 1 to 39ARegulation 73, the provisions of Regulation 2 to Regulation 52 (inclusive) shall not apply to LCH EnClear OTC Contracts.

~~The Turquoise Derivatives Regulations set out in Regulations 74 to 87~~Regulation 76 to Regulation 87 (inclusive) apply only to Turquoise Derivatives Cleared Exchange Contracts which are eligible for clearing pursuant to these Regulations and the Turquoise Derivatives Rules. Save as provided in Regulation 76, the provisions of Regulation 2 to Regulation 52 (inclusive) shall not apply to Turquoise Derivatives Cleared Exchange Contracts.

~~The HKMEx Regulations set out in Regulations 88 to 91 apply only to HKMEx Contracts.~~

~~The Nodal Regulations set out in Regulations 92 to 95 apply only to Nodal Contracts.~~

~~The ForexClear Regulations set out in Regulations 103 to 109~~[Regulation 88 applies only to HKMEx Contracts. Save as provided in Regulation 88, the provisions of Regulation 2 to Regulation 52 (inclusive) shall not apply to HKMEx Contracts.]

Regulation 91 applies only to Nodal Contracts. Save as provided in Regulation 89, the provisions of Regulation 2 to Regulation 52 (inclusive) shall not apply to Nodal Contracts.

Regulation 90 to Regulation 93 (inclusive) apply only to ForexClear Contracts. Save as provided in~~Regulation 103,~~Regulation 90, the provisions of ~~Regulations 1~~Regulation 2 to ~~39A~~Regulation 52 (inclusive) shall not apply to ForexClear Contracts.

~~The NLX Regulations set out in Regulations 110 to 113 apply only to NLX Contracts.~~

Regulation 94 applies only to NLX Contracts. Save as provided in Regulation 94, the provisions of Regulation 2 to Regulation 52 (inclusive) shall not apply to NLX Contracts.

Regulation 95 applies only to FEX Contracts. Save as provided in Regulation 95, the provisions of Regulation 2 to Regulation 52 (inclusive) shall not apply to FEX Contracts.

REGULATION 1 DEFINITIONS

~~Terms not otherwise defined have the meaning given to them in the General Regulations of the Clearing House.~~

For the purpose of a ballot under clause 9.4(c) of the Clearing Membership Agreement, "Quarter Day" shall be construed as referring to a Determination Date.

Any reference in these Regulations or the Procedures to statutes or statutory instruments or provisions thereof shall be to such statutes or statutory instruments or provisions thereof as amended, modified or replaced from time to time.

Reference to writing contained in these Regulations or the Procedures shall include typing, printing, lithography, photography or any other mode of representing or reproducing words in a visible form.

Words importing the singular shall, where the context permits, include the plural and vice-versa.

Any reference to time contained in these Regulations or the Procedures shall, unless otherwise stated, be to London time. Times are shown using the twenty four hour clock.

Any reference in these Regulations to a person or a party (howsoever described) shall include its successors.

Headings are used herein for ease of reference only.

CHAPTER I – SCOPE

Regulation 4REGULATION 2 OBLIGATIONS OF THE CLEARING HOUSE TO EACH MEMBER

- (a) The Clearing House shall perform the obligations referred to in paragraph ~~(b) below~~(b) below so as to ensure the performance of all open contracts in accordance with these Regulations.
- (b) The obligations of the Clearing House to each Member shall be, as a counterparty to an open contract registered in the name of a Member in accordance with these Regulations and the Procedures, to perform its obligations under the terms of such open contract as principal to such Member in accordance with the provisions of these Regulations and the Procedures, but subject to the restrictions on the Clearing House's obligations and liabilities contained in these Regulations.
- (c) The performance by the Clearing House of its obligations referred to in this ~~Regulation~~ Regulation 2 shall always be subject to the provisions of these Regulations. The benefit of the performance by the Clearing House of such obligations is conferred upon Members as principals and upon no other persons whatsoever. It is not the intention of the Clearing House or its members to confer any benefit on or give any right to enforce any provisions of this Regulation or any of the other Regulations to any person who is not a member. Rights of third parties to enforce any provision of any of these Regulations pursuant to the Contract (Rights of Third Parties) Act 1999 are expressly excluded.

~~Regulation 2~~REGULATION 3 PERFORMANCE BY THE CLEARING HOUSE OF ITS OBLIGATIONS UNDER THE TERMS OF AN OPEN CONTRACT

The Clearing House's obligations under the terms of an open contract shall be performed (a) in the manner and form and by such day and time as may be prescribed in Exchange Rules (where applicable), these Regulations or the Procedures, and (b) in the case of an open contract to which the Clearing House is party with a Member which is a ~~Participating Exchange~~Co-operating Clearing House, in accordance with the terms of any agreement made with such Member, save that (i) where Exchange Rules specify a time by which the seller or the buyer shall perform its obligations under the terms of an exchange contract, the Clearing House shall be deemed to have complied with Exchange Rules if it performs its obligations under the terms of an open contract, as seller or buyer, as the case may be, promptly after such time, unless Exchange Rules expressly provide that performance must be made by the Clearing House by such time; -and (ii) where the Economic Terms of an OTC Contract, or the EquityClear Contract Terms, or the LCH EnClear OTC Contract Terms specify a time by which a party thereto shall perform its obligations, the Clearing House shall be deemed to have complied with the Economic Terms, or the EquityClear Contract Terms or the LCH EnClear OTC Contract Terms, as applicable, if it performs its obligations promptly after such time.

CHAPTER II – STATUS

REGULATION 4 CLEARING MEMBER STATUS OF THE CLEARING HOUSE

- (a) Application for clearing member status of the Clearing House shall be made in accordance with the Procedures. A Member's clearing member status of the Clearing House shall be governed by these Regulations, the Procedures and any Clearing Membership Agreement to which he is for the time being party. Clearing member status does not provide or entitle a Member to any shareholding membership of LCH.Clearnet Limited or any shareholding or other membership of any other member of the LCH.Clearnet Group or any entitlement to membership of or participation in LCH.Clearnet SA, which has separate and distinct membership requirements.
- (b) The Clearing House shall determine which categories of Contract a Member is eligible to have registered in its name from time to time. If, in its absolute discretion, the Clearing House determines that a Member no longer meets the relevant eligibility criteria for a particular category, or categories, of Contract the Clearing House may rescind that Member's eligibility to have Contracts of such category or categories registered in his name, but without prejudice to his right to have registered in his name, subject to the Regulations, the categories of Contracts in respect of which the Member does meet the eligibility criteria. The Clearing House may from time to time publish a list of Members identifying the category or categories of Contracts which each Member is eligible to have registered in its name.
- (c) A Member shall be a principal to and not an agent in respect of any Contract registered in his name with the Clearing House. In performing its obligations and exercising its rights under these Regulations, the Clearing House shall take no account of any right or interest which any person other than the Member may have in any Collateral transferred by such Member to the Clearing House.

REGULATION 5 RESIGNING AND RETIRING MEMBERS

- (a) A Clearing Member may resign from a particular Service by exercising its rights under Rules C7(e), E7(e), F3(e), L7(e), R3(d) or S3(e) of the Default Rules (each an "Accelerated Termination Provision"), or by giving no less than three months' written notice to the Clearing House by completing a Resignation Letter, a copy of which can be obtained from the Clearing House Membership Department. Resignation takes effect on the Resignation Effective Date, which is:
- (i) where the Clearing Member is exercising its rights under, and has complied with the requirements of, the Accelerated Termination Provision for the relevant Service, the date determined in accordance with that Accelerated Termination Provision; or
 - (ii) otherwise, the later of: (A) the resignation date specified in the written notice to the Clearing House in relation to the relevant Service; and (B) the date on which all Contracts registered in the Resigning Member's name on the relevant Service have been closed out or transferred so as to ensure that there are no remaining open Contracts in respect of the relevant Service to which the Resigning Member is a party.
- (b) Upon the Clearing House being satisfied that the Resigning Member is not a Defaulter and that all obligations of the Resigning Member to which the relevant Collateral is capable of being applied in accordance with the Rulebook have been irrevocably paid or discharged in full and that no such obligations are capable of arising:
- (i) the Clearing House shall: (A) in the case of cash Collateral transferred to the Clearing House for the purpose of collateralising the Resigning Member's obligations in respect of the relevant Service (other than any constituting Clearing Member Returned Collateral or Clearing Member Applied Collateral), transfer an amount of cash to the Resigning Member equal to such cash; and (B) in the case of non-cash Collateral transferred to the Clearing House for the purpose of collateralising the Resigning Member's obligations in respect of the relevant Service (other than any constituting Clearing Member Returned Collateral or Clearing Member Applied Collateral), transfer that same Collateral (or equivalent Collateral) to the Resigning Member; and
 - (ii) the Resigning Member shall, in the case of cash Collateral transferred to the Resigning Member for the purpose of collateralising the Clearing House's obligations in respect of the relevant Service (other than any constituting Clearing House Returned Collateral or Clearing House Applied Collateral), transfer an amount of cash to the Clearing House equal to such cash.
- (c) A Resigning Member other than a Defaulter who is resigning from a particular Service shall be liable in respect of Aggregate Excess Losses relating to any Default which arises in the relevant Service prior to the relevant Resignation Effective Date. In such circumstances, and as further provided in the Default Rules, the Resigning Member may be required to maintain some or all of its Contribution in connection with that Service until after the completion of the default management process related to the relevant Default, notwithstanding that the relevant Resignation Effective Date might occur prior to such time.

- (d) A Clearing Member must at all times be a Clearing Member in respect of at least one Service, and a Clearing Member may not utilise the resignation process set out in paragraphs (a) to (c) above so as to resign from all (or all remaining) Services in respect of which he is a Clearing Member. Where a Clearing Member wishes to stop being a Clearing Member in respect of all (or all remaining) Services, the retirement process set out in paragraphs (e) to (g) below should be used.
- (e) A Clearing Member may, in accordance with clause 8 of the Clearing Membership Agreement and as further described in the Procedures, retire from Clearing Member status altogether by giving no less than three months' written notice to the Clearing House. Retirement takes effect on the Retirement Effective Date, which is the later of: (i) the retirement date specified in the notice of retirement; and (ii) the date on which all Contracts registered in the Retiring Member's name have been closed out or transferred so as to ensure that there are no remaining open Contracts to which the Retiring Member is a party. A Clearing Member may also retire from Clearing Member status by exercising its rights under the Accelerated Termination Provision(s) applying to all Services in which it participates; in this case, the Retirement Effective Date is the date on which the Retiring Member's resignation from the last remaining Service becomes effective in accordance with the relevant Accelerated Termination Provision.
- (f) Upon the Clearing House being satisfied that the Retiring Member is not a Defaulter and that all obligations of the Retiring Member to which the relevant Collateral is capable of being applied in accordance with the Rulebook have been irrevocably paid or discharged in full and that no such obligations are capable of arising:
- (i) the Clearing House shall: (A) in the case of cash Collateral transferred to the Clearing House for the purpose of collateralising the Retiring Member's obligations (other than any constituting Clearing Member Returned Collateral or Clearing Member Applied Collateral), transfer an amount of cash to the Retiring Member equal to such cash; and (B) in the case of non-cash Collateral transferred to the Clearing House for the purpose of collateralising the Retiring Member's obligations (other than any constituting Clearing Member Returned Collateral or Clearing Member Applied Collateral), transfer that same Collateral (or equivalent Collateral) to the Retiring Member; and
- (ii) the Retiring Member shall, in the case of cash Collateral transferred to the Retiring Member for the purpose of collateralising the Clearing House's obligations (other than any constituting Clearing House Returned Collateral or Clearing House Applied Collateral), transfer an amount of cash to the Clearing House equal to such cash.
- (g) A Retiring Member other than a Defaulter shall be liable in respect of Aggregate Excess Losses relating to any Default which arises prior to the relevant Retirement Effective Date. In such circumstances, and as further provided in the Default Rules, the Retiring Member may be required to maintain some or all of its Contribution until after the completion of the default management process related to the relevant Default, notwithstanding that the Retirement Effective Date might occur prior to such time.
- (h) Clearing Members should contact the Clearing House Membership Department (+44 (0)20 7426 7949; membership@lchclearnet.com) for further details on how to retire from Clearing Member status or how to resign from a particular Service.

- (i) The Clearing House may also, by giving no less than three months' written notice, require a Clearing Member to retire from Clearing Member status or to resign from one or more specific Services. Following the service of such a notice, the relevant Clearing Member will become a Retiring Member or a Resigning Member (as the case may be) and will be required to close out or transfer all Contracts registered in its name or all Contracts registered in its name in connection with the specified Service or Services, respectively, by the date specified in the relevant notice.
- (j) The arrangements for a Clearing Member who is a Defaulter to resign from a particular Service or retire from Clearing Member status and for the repayment of the Collateral and the Contributions provided by such Defaulter to the Clearing House are as set out in the Default Rules.

REGULATION 6 CO-OPERATING CLEARING HOUSE STATUS

- (a) A Co-operating Clearing House is a [(i) a Co-operating Exchange or Associated Clearing House party to a Link Agreement with the Clearing House; or (ii)]¹ a clearing house party to an agreement with the Clearing House in respect of the co-clearing of an Exchange pursuant to which such organisation co-clears specific types of Contract.
- (b) Regulation 4(a) above, shall not apply to a Co-operating Clearing House. Admission of a Co-operating Clearing House shall be governed by the policies of the Clearing House. A Co-operating Clearing House is a Special Member.
- (c) A list of Co-operating Clearing Houses currently admitted and information regarding the Link Agreements is available on the Clearing House's website.

¹ To delete if Oslo Interoperability Agreement is not approved.

REGULATION 7 NON-MEMBER MARKET PARTICIPANT STATUS

- (a) In accordance with this Regulation 7 and the Procedures, an NCP may submit instructions and present Exchange Transactions or EquityClear trades to the Clearing House on behalf of a Clearing Member.
- (b) A Clearing Member must, in accordance with the Procedures, notify the Clearing House of the appointment of an NCP as the Clearing Member's agent.
- (c) The Clearing House shall be entitled to rely on information and instructions received from an NCP. The Clearing Member remains fully responsible for meeting all obligations to the Clearing House in respect of all Contracts arising from such instructions delivered by or on behalf of an NCP.
- (d) The termination by the Clearing Member of its arrangement with an NCP shall be without prejudice to the Clearing Member's obligations arising from or in relation to any Exchange Transaction, EquityClear trades or Contracts arising prior to such termination.

REGULATION 8 DEALER STATUS

- (a) Application for admission to one or more Dealer Registers shall be made in accordance with these Regulations and the Procedures. An applicant for admission to a Dealer Register must satisfy the criteria prescribed by the Clearing House from time to time in order to be admitted to the relevant Dealer Register(s). A Dealer shall be subject to, and governed by, these Regulations, the Procedures and the Dealer Clearing Agreement(s) to which it is for the time being party.
- (b) A person admitted to a Dealer Register shall at all times satisfy the criteria prescribed from time to time by the Clearing House for admission to that Dealer Register and any rules prescribed from time to time by the Clearing House for Dealers in the relevant Service.
- (c) The Clearing House may suspend or remove a Dealer from one or more Dealer Registers in accordance with these Regulations, the Procedures and, if applicable, the Dealer Clearing Agreement(s) to which it is for the time being party. Any person who has been suspended from a Dealer Register for a period of more than three months shall be removed from that Dealer Register and must make a new application if it wishes to be re-admitted to that Dealer Register.
- (d) A Dealer may request, by giving three months' written notice to the Clearing House, that its name be removed from one or more Dealer Registers. At the end of such notice period, the Clearing House shall remove the Dealer from the relevant Dealer Register(s).
- (e) A SwapClear Dealer's suspension or removal from a Dealer Register under Regulation 8(c), shall not, where it is a Member, affect its membership of the Clearing House, nor, subject to any contrary determination by the Clearing House under Regulation 4, shall it affect the categories of Contract which such a person is eligible to have registered in its name.
- (f) Where a Clearing Member is also a Dealer it shall, automatically on the Clearing House serving a default notice in accordance with these Regulations, be removed from each relevant Dealer Register.
- (g) Without prejudice to paragraph (f) of this Regulation, the Clearing House shall suspend from each Dealer Register any Member whose Clearing Membership Agreement has been terminated or who is no longer eligible to have Contracts in the relevant Service registered in its name, and who is not, from the date of such termination or such ineligibility, party to a Dealer Clearing Agreement with another Clearing Member in the relevant Service, for such period as the Clearing House may determine.
- (h) The Clearing House may, for the purposes of this Regulation 8, prescribe different criteria to be satisfied by RepoClear Dealers in respect of Repo Trades, Bond Trades, RepoClear Transactions, RepoClear GC Transactions or GC Trades.

REGULATION 9 SERVICE WITHDRAWAL

- (a) If at any time the Clearing House decides to withdraw part or the whole of a Service it shall give not less than six months' notice in accordance with the Clearing Membership Agreement, the relevant Dealer Clearing Agreement and/or the Procedures (as applicable) to all Dealers and Clearing Members participating in that Service (for the purposes of this Regulation 9, the "affected Participants") of the date on which the service will be withdrawn (the "**Relevant Withdrawal Date**"). The accidental omission by the Clearing House to give notice under this Regulation to, or the non-receipt of notice under this Regulation by, one or more affected Participants shall not invalidate the Relevant Withdrawal Date. Where only a part of a Service is being withdrawn, notice need only be given to those Dealers and Clearing Members authorised or approved to participate in that part of the relevant Service. If the Clearing House becomes aware that it has omitted to give notice under this Regulation to any affected Participant prior to the Relevant Withdrawal Date it will immediately notify the affected Participant of the Relevant Withdrawal Date in accordance with the applicable notice provisions.
- (b) Without prejudice to its rights under the Default Rules, any notice given under paragraph (a) shall specify the nature of the service which the Clearing House will provide until the Relevant Withdrawal Date. Unless otherwise specified in the notice, and without prejudice to its rights under the Default Rules, the Clearing House will not, other than pursuant to action under the Default Rules, register a Contract in respect of the relevant Service, other than a closing-out contract, after notice to withdraw the service has been given under Regulation 9(a).
- (c) If at the Relevant Withdrawal Date (or, in respect of the ForexClear Service, the date falling five Business Days before the Relevant Withdrawal Date) a Clearing Member who is an affected Participant has not closed out all open Contracts in respect of the relevant Service registered in its name, the Clearing House shall (in the case of a Relevant Withdrawal Date in respect of the ForexClear Service, with five Business Days' notice to the affected ForexClear Clearing Member) at its sole discretion, be entitled to:
- (i) liquidate any or all of such Contracts and require such contracts to be cash settled at a price determined by the Clearing House; and/or
 - (ii) postpone the Relevant Withdrawal Date until such time as the Clearing House determines.
- (d) Business Days for the purpose of this Regulation 9 means a day (other than a Saturday or Sunday) on which banks are open for general business in London.

CHAPTER III – ACCOUNTS AND CLIENT CLEARING

REGULATION 10 ACCOUNTS

- (a) Accounts (including, where requested, Client Accounts) shall be opened between each Member and the Clearing House in accordance with the Procedures. The Clearing House shall offer segregated accounts (i) by maintaining separate records enabling it to distinguish in accounts the positions and assets held for the account of one Clearing Member from the positions and assets held for the account of any other Clearing Member; (ii) by allowing Clearing Members to provide Client Clearing Services to Clearing Clients on an Omnibus Segregated Account basis, by offering to keep separate records enabling each Clearing Member to distinguish in accounts with the Clearing House its own proprietary positions and assets from those held for the account of its Clearing Clients; (iii) by allowing Clearing Members to provide Client Clearing Services to Clearing Clients on an Individual Segregated Account basis, by offering to keep separate records enabling each Clearing Member to distinguish in accounts with the Clearing House positions and assets (including, for the avoidance of doubt, Client Excess) for the account of an individual Clearing Client from those held for the accounts of other Clearing Clients and those held by the Clearing Member; and (iv) by allowing Clearing Members to provide Client Clearing Services to Indirect Clearing Clients, by maintaining separate records and accounts enabling each Individual Segregated Account Clearing Client acting on behalf of Indirect Clearing Clients to distinguish in accounts held with the Clearing House the assets and positions of the Individual Segregated Account Clearing Client from those held for the accounts of the relevant Indirect Clearing Clients. Regulation 11(g) below provides information in respect of the different types of Client Accounts. For the avoidance of doubt, a Member shall be responsible for all obligations owed to the Clearing House in respect of every account opened in respect of such Member.
- (b) This paragraph applies to a Member's Proprietary Accounts. In the event that more than one Proprietary Account is opened in respect of a Member, the Clearing House shall have the right to combine or consolidate the balances on any or all of the Member's Proprietary Accounts, and to set off any amount or amounts standing from time to time to the credit of any one or more of such accounts in or towards payment or satisfaction of all or any of the Member's liabilities to the Clearing House on any one or more of such accounts. Further detail in respect of the composition and operation of Proprietary Accounts is set out in the Procedures Section 3 (*Financial Transactions*), paragraph 1.1 (*Accounts and Ledgers*).
- (c) This paragraph applies to a Member's Client Accounts. Save in the case of a Cross-ISA Client Excess Deduction, the Clearing House shall not combine or consolidate the balances on or positions recorded in a Member's Client Accounts or set off any amount or amounts standing to the credit of any such Client Account in or towards payment or satisfaction of the Member's liabilities to the Clearing House on any other such Client Account or on any Proprietary Account. Further detail in respect of the composition and operation of Client Accounts is set out in the Procedures Section 3 (*Financial Transactions*), paragraph 1.1 (*Accounts and Ledgers*).
- (d) Amounts standing to the credit of a Member's Proprietary Accounts may be applied by the Clearing House towards the payment of any sum whatsoever due by the Member to the Clearing House whether or not arising under these Regulations, save that, subject to Rule 8(d) of the Default Rules, no amounts standing to the credit of such accounts (other than House Excess) shall be applied in or towards payment or satisfaction of all or any of the

Member's liabilities to the Clearing House on any one or more of the Member's Client Accounts. Amounts standing to the credit of a Member's account relating to Contributions made under the Default Rules may be applied as provided for in the Default Rules.

- (e) Any rights of set-off, combination of accounts or appropriation which the Clearing House may have under these Regulations or otherwise shall apply whether or not accounts are denominated in the same currency.
- (f) Interest calculated on a basis determined from time to time by the Clearing House in accordance with the Procedures may at the Clearing House's discretion (but subject to the provisions of the Default Rules and to Regulation 66(d)) be paid, or, in the case of negative interest rates, be charged, on amounts standing to the credit of any of the Member's Proprietary Accounts and/or Client Accounts.
- (g) Debit balances due to the Clearing House on any account opened in respect of a Member are payable by such Member on demand and interest may at the Clearing House's discretion be charged on debit balances remaining unpaid (whether or not demand for payment is made) on a basis and at a rate determined from time to time by the Clearing House in accordance with the Procedures.
- (h) Subject to the provisions of the Default Rules, the Clearing House may at its absolute discretion alter the basis of calculating interest rates and such alteration shall be effective in respect of all current and future business on the date notified to Exchanges and to Members in accordance with the Procedures.
- (i) If a Member specifies a Termination Date under Regulation 45, the Member shall be entitled to set off any or all amounts (whether present or future, liquidated or unliquidated, actual or contingent; but excluding any claims in respect of the outstanding balance of a Clearing Member's Contribution under Default Rule 16(a)(i)) due as between the Clearing House and the Member, **provided, however, that** a Termination Amount or other sum payable in respect of an amount recorded in or referable to a kind of account may not be combined or set-off against any other amount unless such other amount is recorded in or referable to the same kind of account. For the purposes of this Regulation 10(i), each Client Account of the Member shall constitute a separate "kind of account" but the Proprietary Accounts of the Member shall together constitute a single "kind of account".
- (j) Where a payment has been made to the Clearing House by a Member through the PPS, that payment will only be credited to the account of the Member with the Clearing House if it (i) is paid into an account of the Clearing House with an institution which is solvent, (ii) that institution has performed its concentration function (being the transfer of net funds from the institution to a central account in the name of the Clearing House) and (iii) the institution has made the relevant payments to other Members on the date when the payment was due to be received by the Clearing House.

REGULATION 11 CLIENT CLEARING BUSINESS

- (a) The Services are provided by the Clearing House to Clearing Members. Any Clearing Member who wishes to offer Client Clearing Services in respect of a Service to its clients shall apply to the Clearing House and obtain the approval of the Clearing House before first offering such Client Clearing Services in respect of such Service. Any Client Clearing Services related services which are offered by a Clearing Member prior to obtaining the approval of the Clearing House shall not be treated as Client Clearing Services and the clients of the Clearing Member receiving such services shall not be treated as Clearing Clients. In accordance with the requirement under Article 39(7) of EMIR the Clearing House has published the Account Information Documents which together contain information regarding the levels of protection and account segregation which the Clearing House provides and the costs associated with such levels of segregation. The Account Information Documents are available on the Clearing House's website and are also made available to Clearing Members and Clearing Clients upon request.
- (b) Following the receipt of an application from a Clearing Member pursuant to paragraph (a) above, the Clearing House will confirm to a Clearing Member whether or not it is an Exempt Client Clearing Member.
- (c) Each Clearing Member which is designated by the Clearing House as an Exempt Client Clearing Member undertakes and agrees with the Clearing House on the following terms:
- (i) such Exempt Client Clearing Member shall pay or deliver (as applicable) to or to the order of the Clearing House each of the Account Balances relating to those of its Clearing Clients whose Relevant Contracts are transferred to a Backup Clearing Member in accordance with the Client Clearing Annex (each such obligation of the Exempt Client Clearing Member being accelerated so as to become immediately due and payable at the time of the relevant transfer);
- (ii) such Exempt Client Clearing Member shall pay or deliver (as applicable) to or to the order of the Clearing House each of the Client Clearing Entitlements relating to those of its Individual Segregated Account Clearing Clients, Affiliated Omnibus Segregated Clearing Clients and Identified Omnibus Segregated Clearing Clients whose Relevant Contracts are closed out and liquidated in accordance with the Client Clearing Annex (each such obligation of the Exempt Client Clearing Member being accelerated so as to become immediately due and payable at the time of the relevant close out and liquidation); and
- (iii) the obligations set out in sub-paragraphs (i) and (ii) of this paragraph (c) (the "**Undertaking to Pay and Deliver**") shall, for the avoidance of doubt, constitute Secured Obligations as defined in and provided for by the Deed of Charge between such Exempt Client Clearing Member and the Clearing House.
- (d) The approval of the offering and the provision of Client Clearing Services on an Individual Segregated Account basis, Affiliated Client Omnibus Segregated Account basis or Identified Client Omnibus Segregated Account basis by any Clearing Member which is not such an Exempt Client Clearing Member will be conditional upon (i) the entering into by such Clearing Member of a Security Deed in respect of each of its Clearing Clients in relation to amounts due to it from the Clearing House; (ii) delivery to the Clearing House of evidence of the Clearing Member having entered into such Security Deed, such evidence to be in a

form satisfactory to the Clearing House (in the Clearing House's sole discretion) and (iii) the making of any amendments to each such Security Deed as may be prescribed by the Clearing House from time to time.

- (e) In determining whether or not to grant approval to a Clearing Member in respect of the offering of Client Clearing Services, the Clearing House will consider factors including but not limited to the relevant concentration of risks relating to the provision (by the Clearing Member and or any other Clearing Member) of Client Clearing Services to Clients. The Clearing House shall be entitled to require the delivery of information from a Clearing Member about the criteria and arrangements it adopts for the provision of Client Clearing Services to Clients, both at the time of the process for the approval of the offering by the relevant Clearing Member of Client Clearing Services and as deemed necessary by the Clearing House on an ongoing basis.
- (f) Subject to the provisions of these Regulations, Client Clearing Services may be provided by the relevant Clearing Member to its Clearing Clients on whatever terms the Clearing Member decides should apply **provided, however, that:**
- (i) each Clearing Member shall, before providing the relevant Client Clearing Services to any client, ensure that it has entered into a Clearing Agreement with that client which gives the Clearing House enforceable rights against that client in the terms of the Clearing House Prescribed Language;
 - (ii) Contracts entered into by the Clearing Member in respect of Client Clearing Business and Collateral transferred to the Clearing House in respect of Client Clearing Business shall always be separately identified by the Clearing Member to the Clearing House and, subject to the provisions of Rule 8(d) of the Default Rules, shall never be combined with House Clearing Business or Collateral transferred to the Clearing House in respect of House Clearing Business;
 - (iii) in no circumstances will the client money protections provided for by the Client Assets sourcebook of the Handbook published by the Financial Conduct Authority be available in relation to accounts opened with the Clearing House in respect of Client Clearing Business;
 - (iv) each Clearing Member shall, before providing Client Clearing Services to any Clearing Client ensure that the Clearing Client has been provided with or has been directed to a copy of the Client Clearing End-User Notice; and
 - (v) each Clearing Member shall, before providing Client Clearing Services to any Individual Segregated Account Clearing Client, Affiliated Omnibus Segregated Clearing Client or Identified Omnibus Segregated Clearing Client, deliver to the Clearing House information regarding the identify of such Clearing Client in accordance with the Clearing House's client identification requirements as published from time to time on the Clearing House's website.

- (g) Client Clearing Services in respect of a Service may, in accordance with the Procedures and subject to paragraph (i) below, be provided by a Clearing Member to its Clearing Clients, and Contracts may be entered into by a Clearing Member with the Clearing House in respect of such Clearing Clients, on:
- (i) an Individual Segregated Account basis; or
 - (ii) an Omnibus Segregated Account basis with segregation, by the opening of:
 - (A) one or more Non-Identified Client Omnibus Net Segregated Accounts;
 - (B) one or more Identified Client Omnibus Net Segregated Accounts; and/or
 - (C) one or more Affiliated Client Omnibus Net Segregated Accounts; and/or
 - (D) one or more Omnibus Gross Segregated Accounts.
- (h) A Clearing Member may operate one or more Individual Segregated Accounts on behalf of an Individual Segregated Account Clearing Client in respect of one or more Service(s).
- (i) A Clearing Member may operate one or more Omnibus Segregated Accounts on behalf of its Clearing Clients in respect of one or more Service(s).
- (j) Client Clearing Services may be provided by a Clearing Member to an Individual Segregated Clearing Client who is, in turn, providing indirect clearing services to its Indirect Clearing Clients. In such circumstances, the following will apply:
- (i) the Clearing Member will open a single Indirect Omnibus Segregated Account in respect of all Indirect Clearing Clients of an Individual Segregated Clearing Client who are receiving indirect clearing services in respect of a particular Service;
 - (ii) the Clearing Member shall, before providing the relevant Client Clearing Services to the relevant Individual Segregated Clearing Client, ensure that such client has entered into an agreement with each of its Indirect Clearing Clients which gives the Clearing House enforceable rights against those Indirect Clearing Clients in the terms of the Clearing House Prescribed Language and any such other provisions as shall be agreed from time to time between the Clearing House and Clearing Members;
 - (iii) the Clearing Member shall, before providing the relevant Client Clearing Services to the relevant Individual Segregated Clearing Client, ensure that each relevant Indirect Clearing Client has been provided with or has been directed to a copy of the Client Clearing End-User Notice; and
 - (iv) the term "**Individual Segregated Account Clearing Client**" shall be construed to mean an Individual Segregated Account Clearing Client providing indirect clearing services in respect of a Service on behalf of its Indirect Clearing Clients; the term "**Individual Segregated Account**" shall be construed to mean such an account comprising a sub-account in the form of an Indirect Omnibus Segregated Account opened by a Clearing Member in respect of such an Individual Segregated Account Clearing Client; and the term "**Individual Segregated Account Balance**" shall be construed accordingly.

- (k) The fees and charges applied by the Clearing House to Clearing Members in respect of the provision, maintenance and administration of Individual Segregated Accounts and each type of Omnibus Segregated Account shall be as set out in the Clearing House's Account Information Documents.
- (l) The Total Required Margin Amount relating to each Client Account of a Clearing Member will be calculated by the Clearing House and the obligation to provide Collateral in respect of such margin obligations will be discharged by:
- (i) if and to the extent that there is Collateral available in the relevant Client Account, deduction by the Clearing House of amounts from such Collateral; and
 - (ii) otherwise, transfer by the Clearing Member to the Clearing House of Collateral with a value which is at least sufficient to discharge the relevant requirement.
- (m) Where a Clearing Member transfers Collateral to the Clearing House for the credit of a Client Account the Clearing House will record the Collateral in the relevant Client Account (as instructed by the Clearing Member or any agent or representative acting on behalf of such Clearing Member) **provided that** the Clearing Member has informed the Clearing House of the Client Account to which such Collateral is to be credited.
- (n) The Clearing House shall be entitled to rely on information received from a Clearing Member or any agent or representative acting on behalf of such Clearing Member in relation to the clearing business undertaken by it (including such information regarding the proper segregation of positions and assets in such Clearing Member's Accounts). No Clearing Member shall transfer to the Clearing House any monies or securities other than amounts provided for the purposes of, or in connection with, the provision of clearing services by the Clearing House.
- (o) Without prejudice to paragraph (n) above, a Clearing Member shall, as soon as reasonably practicable following a request from the Clearing House, provide the Clearing House with any information which the Clearing House may reasonably require in relation to each Relevant Client Clearing Business of that Clearing Member.
- (p) In addition to and without prejudice to any other provision in the Rulebook, in circumstances where an investment manager or similar third party agent acts on behalf of a client on behalf of whom a Clearing Member is providing Client Clearing Services, the Clearing House shall be entitled to treat instructions received from the investment manager or similar third party as if they were instructions received from the relevant underlying client.
- (q) Where any formalities or registration requirements apply in respect of the Security Deed (and any other document which the Clearing House may from time to time determine), a Clearing Member is required to comply with such obligations or to procure by agreement that such requirements are to be complied with. The Clearing House agrees to exercise its default powers in a manner consistent with the provisions of the Security Deed and related documentation, including by accepting instructions from the relevant Clearing Clients of a Clearing Member following the occurrence of a Default in respect of such Clearing Member.

(r) Any reference in a deed of assignment between a SwapClear Clearing Member and the Clearing House to the "Default Management Process Agreement Amendment Agreement" or to the "SwapClear Default Management Process Agreement" shall be construed as a reference to the Client Clearing Annex.

CHAPTER IV – CONTRACT FORMATION, REGISTRATION AND TRANSFER

Regulation 3 REGULATION 12 **NOVATION**

- (a) ~~This paragraph (a) shall not apply to contracts registered under Regulation 9(f).~~ Upon registration of an original contract by the Clearing House, such contract shall be replaced by novation (without prejudice to the Clearing House's rights to effect further novation under paragraph (b) ~~below~~) below by two open contracts, one between the seller and the Clearing House as buyer, as principals to such contract, and one between the buyer and the Clearing House as seller, as principals to such contract. Each open contract shall be subject to the Regulations including the restrictions on the Clearing House's obligations and liabilities set out in the Regulations (including, without limit, ~~Regulation 22 and Regulation 39~~) Regulation 32 and Regulation 52 and otherwise on the same terms as the original contract replaced by such open contracts.
- (b) Upon the transfer of an open contract (including, for the avoidance of doubt, Relevant Contracts transferred to a Backup Clearing Member pursuant to the Client Clearing Annex) pursuant to these Regulations ~~except pursuant to Regulation 41~~, such open contract shall be discharged and replaced by novation by an open contract between the Member into whose name the contract was transferred and the Clearing House, as principals to such open contract. Such open contract shall be subject to the Regulations and otherwise on the same terms as the open contract which it replaced.
- (c) Upon the exercise of an option by or on behalf of a Member or, as the case may be, by the Clearing House or upon the deemed exercise of such option pursuant to these Regulations, the option contract shall be replaced by novation by an open contract on the terms specified in the option contract at the strike price or at some other price in accordance with the terms of such option contract.

REGULATION 1 — CLEARING MEMBER STATUS OF THE CLEARING HOUSE

~~(a) Application for clearing member status of the Clearing House shall be made in accordance with the Procedures. A Member's clearing member status of the Clearing House shall be governed by these Regulations, the Procedures and any Clearing Membership Agreement to which he is for the time being party. Clearing member status does not provide or entitle a Member to any shareholding membership of LCH.Clearnet Limited or any shareholding or other membership of any other member of the LCH.Clearnet Group or any entitlement to membership of or participation in LCH.Clearnet SA, which has separate and distinct membership requirements.~~

~~(a) The Clearing House shall determine which categories of Contract a Member is eligible to have registered in its name from time to time. If, in its absolute discretion, the Clearing House determines that a Member no longer meets the relevant eligibility criteria for a particular category, or categories, of Contract the Clearing House may rescind that Member's eligibility to have Contracts of such category or categories registered in its name, but without prejudice to his right to have registered in his name, subject to the Regulations, the categories of Contracts in respect of which the Member does meet the eligibility criteria. The Clearing House may from time to time publish a list of Members identifying the category or categories of Contracts which each Member is eligible to have registered in its name.~~

~~(a) A Member shall be a principal to and not an agent in respect of any Contract registered in his name with the Clearing House. In performing its obligations and exercising its rights under these Regulations, the Clearing House shall take no account of any right or interest which any person other than the Member may have in any Collateral transferred by such Member to the Clearing House.~~

~~Any Regulation or group of Regulations expressly stated not to apply to a Participating Exchange, and paragraph (a) above, shall not apply to a Participating Exchange, being an Exchange which is party to a trading and/or clearing agreement with an Exchange to whom the Clearing House provides clearing services and who has agreed to become a Member. The Clearing House shall enter into one or more agreements with such Participating Exchange which shall govern dealings between them and which may apply, disapply or modify, as the case may require, some or all of these Regulations with respect to such Participating Exchange.~~

Accounts

~~Accounts (including, where requested, client accounts) shall be opened between each Member and the Clearing House in accordance with the Procedures. A Member shall be responsible for all obligations owed to the Clearing House in respect of every account opened in respect of such Member.~~

~~This paragraph applies to a Member's Proprietary Accounts. In the event that more than one Proprietary Account is opened in respect of a Member, the Clearing House shall have the right to combine or consolidate the balances on any or all of the Member's Proprietary Accounts, and to set off any amount or amounts standing from time to time to the credit of any one or more of such accounts in or towards payment or satisfaction of all or any of the Member's liabilities to the Clearing House on any one or more of such accounts.~~

~~This paragraph applies to a Member's client accounts. Unless the Rules of the Clearing House provide otherwise, in the event that more than one client account is opened in respect of a Member, the Clearing House shall have the right to combine or consolidate the balances on any or all of such client accounts of a Member, and to set off any amount or amounts standing to the credit of any one or more of such client accounts of a Member in or towards payment or satisfaction of all or any of the Member's liabilities to the Clearing House on any one or more of such client accounts.~~

~~Amounts standing to the credit of a Member's accounts, other than, subject to paragraphs (c) above, his client accounts, may be applied by the Clearing House towards the payment of any sum whatsoever due by the Member to the Clearing House whether or not arising under these Regulations, save that, subject to Rule 8(d) of the Default Rules, no amounts standing to the credit of such Member's accounts shall be applied in or towards payment or satisfaction of all or any of the Member's liabilities to the Clearing House on any one or more of the Member's client accounts. Amounts standing to the credit of a Member's account relating to Contributions made under the Default Fund Rules may be applied as provided for in the Default Fund Rules.~~

~~(a) Any rights of set off, combination of accounts or appropriation which the Clearing House may have under these Regulations or otherwise shall apply whether or not accounts are denominated in the same currency.~~

~~Interest calculated on a basis determined from time to time by the Clearing House in accordance with the Procedures may at the Clearing House's discretion (but subject to the provisions of the Default Fund Rules and to Regulation 58(d)) be paid, or, in the case of negative interest rates, be charged, on amounts standing to the credit of any of the Member's accounts.~~

~~(a) Debit balances due to the Clearing House on any account opened in respect of a Member are payable by such Member on demand and interest may at the Clearing House's discretion be charged on debit balances remaining unpaid (whether or not demand for payment is made) on a basis and at a rate determined from time to time by the Clearing House in accordance with the Procedures.~~

~~Subject to the provisions of the Default Fund Rules, the Clearing House may at its absolute discretion alter the basis of calculating interest rates and such alteration shall be effective~~

~~in respect of all current and future business on the date notified to Exchanges and to Members in accordance with the Procedures.~~

~~If a Member specifies a Termination Date under Regulation 39A, the Member shall be entitled to set off any or all amounts (whether present or future, liquidated or unliquidated, actual or contingent; but excluding any claims in respect of the outstanding balance of a Clearing Member's Contribution under Default Fund Rule 23(a)(i)) due as between the Clearing House and the Member, provided, however, that a Termination Amount or other sum payable in respect of an amount recorded in or referable to a kind of account may not be combined or set off against any other amount unless such other amount is recorded in or the same to another kind of account. For the purposes of this Regulation 5(i):~~

~~each client account of the defaulter which is an Individual Segregated Account or an Omnibus Net Segregated Account shall constitute a separate "kind of account";~~

~~all client accounts of the defaulter (other than Individual Segregated Accounts and Omnibus Net Segregated Accounts) shall together constitute a single "kind of account"; and~~

~~the Proprietary Accounts of the defaulter shall together constitute a single "kind of account".~~

~~Where a payment has been made to the Clearing House by a Member through the PPS, that payment will only be credited to the account of the Member with the Clearing House if it (i) is paid into an account of the Clearing House with an institution which is solvent, (ii) that institution has performed its concentration function (being the transfer of net funds from the institution to a central account in the name of the Clearing House) and (iii) the institution has made the relevant payments to other Members on the date when the payment was due to be received by the Clearing House.~~

~~Regulation 6~~**REGULATION 13** **PRESENTATION OF PARTICULARS OF ORIGINAL EXCHANGE CONTRACTS AND CONFIRMATION OF ORIGINAL EXCHANGE CONTRACTS**

- ~~(a)~~ (a) ~~None of the paragraphs of this Regulation 6 shall apply to a contract on the terms of an exchange contract which arises pursuant to Regulation 41A(b) upon the transfer of a contract on the terms of a Participating Exchange Contract under a Link. Subject to paragraph (h) particulars of every original~~ Particulars of every original exchange contract which is to be registered by the Clearing House in the name of a Member shall be presented to the Clearing House (i) by or on behalf of the Member who made the original exchange contract on the market or otherwise under Exchange Rules, (ii) in the case of a party to the original exchange contract who is not a Member, by or on behalf of the Member who acts as his clearing member or on whose instructions the original exchange contract was made or, (iii) if made on the instructions of a member of the market who is not a Member, by or on behalf of the Member who acts as the latter's clearing member. Presentation of particulars shall be made in such form and manner and by such times as are prescribed by the Procedures or, where the Clearing House has so agreed with an Exchange, as prescribed in Exchange Rules.
- (b) The obligation contained in paragraph ~~(a) above~~ above to present particulars of original exchange contracts shall be in addition to and without prejudice to any obligation on any Member to present particulars of an original exchange contract pursuant to Regulation ~~19(h)~~28(h) or ~~19(i)~~28(i).
- (c) ~~Subject to paragraph (d) below, every original~~ Every original exchange contract presented for registration in the name of a Member in accordance with paragraph ~~(a) above~~ above shall be confirmed by or on behalf of such Member, in such manner and form and by such times as are prescribed by the Procedures or, where the Clearing House has so agreed with an Exchange, as prescribed in Exchange Rules.
- (d) Notwithstanding paragraph ~~(c) above~~, above, an original exchange contract may subject to Exchange Rules and the Procedures be allocated by or on behalf of a Member to another Member or to a member of an Exchange who is not a Member and shall thus be confirmed pursuant to ~~Regulation 7(a)~~Regulation 14(a) instead of paragraph ~~(c) above~~; above.
- (e) If an original exchange contract is not confirmed by or on behalf of a Member pursuant to paragraph ~~(c) above~~; above, or is not allocated by or on behalf of such Member within the prescribed time pursuant to ~~Regulation 7~~,Regulation 14, the Clearing House may in accordance with the Procedures deem such contract as having been confirmed pursuant to paragraph ~~(c) above~~; above.
- (f) Any changes to the prescribed methods, forms and times set out in the Procedures in respect of presentation of particulars of original exchange contracts and confirmation of such contracts shall be made by the Clearing House only after consultation with the relevant Exchange or Exchanges, save that the Clearing House may at its absolute discretion make such changes without such consultation where it deems it necessary in the circumstances then prevailing.
- (g) Confirmation of an original exchange contract by or on behalf of a Member pursuant to this ~~Regulation 6~~Regulation 13 or ~~Regulation 7~~Regulation 14 and the Procedures shall be effective immediately (unless otherwise specified in the Procedures) and shall constitute the

consent of the Member to such contract being registered in his name in accordance with these Regulations.

~~An original contract which is to be registered in the name of a Member which is a Participating Exchange, of which details have been provided to the Clearing House by the Exchange with whom the Participating Exchange has entered into an agreement, shall be so registered under Regulation 9. The Clearing House shall treat such contract as having been confirmed by the Participating Exchange under this Regulation 6.~~

~~Regulation 7~~ **REGULATION 14** ALLOCATION OF ORIGINAL EXCHANGE CONTRACTS

- (a) Any Member proposing to allocate an original contract to another Member or to a member of an Exchange who is not a Member shall do so in such manner and form and by such time as may be prescribed by the Procedures. Allocation of an original contract by or on behalf of a Member pursuant to the Procedures shall constitute confirmation of the original contract by such Member.
- (b) Unless it is intended that an original contract be allocated ~~on~~ in accordance with the Procedures to another Member or to a member of an Exchange who is not a Member, any contract allocated to a Member or to a member of an Exchange who is not a Member shall be confirmed or, where the Procedures so prescribe, shall be deemed to have been confirmed to the Clearing House by or on behalf of such Member or, as the case may be, the Member who acts as the clearing member for such member of the Exchange, in such manner and form and by such time as may be prescribed by the Procedures. If such contract is allocated on by or on behalf of such Member to another Member or to a member of an Exchange who is not a Member, such act of allocation shall constitute confirmation of the contract by such Member.
- (c) Where an original contract is allocated to a Member or to a member of an Exchange who is not a Member pursuant to paragraph ~~(a) or (b) above~~ (a) or (b) above and the Clearing House does not receive confirmation of such contract from that Member or the Member acting as clearing member for such member, as the case may be, within the relevant time prescribed by the Procedures, the Clearing House shall, subject to ~~Regulation 9,~~ Regulation 16, register such contract in the name of the Member who sought to allocate the contract.
- (d) Notwithstanding paragraph ~~(e) above,~~ (c) above, a Member may from time to time agree in writing with the Clearing House that he shall accept for registration in his name any original contract allocated to him in accordance with paragraphs ~~(a) or (b) above~~ (a) or (b) above and such Member shall be deemed to have confirmed such contract in accordance with the Procedures.
- (e) No original contract on the terms of an exchange contract may be allocated under this ~~Regulation 7~~ Regulation 14 to any Member who is not authorised under Exchange Rules to have original contracts on the terms of that exchange contract registered in his name.
- (f) Notwithstanding the provisions of the Procedures, the Clearing House may, without assigning any reason, make any allocation of an original contract subject to any conditions stipulated by it.

Regulation 8 REGULATION 15 **DESIGNATION**

A Member shall designate the account of the Member in which a ~~e~~CContract shall be registered in the manner and form and by the time prescribed by Exchange Rules or the Procedures. If the Member fails to so designate an account, the Clearing House may, at its discretion and in accordance with the Procedures, (and where it satisfied that it has appropriate information to make the relevant determination), determine in which account of the Member the ~~contract shall~~Contract should be entered.

~~Regulation 9~~ REGULATION 16 REGISTRATION

~~Paragraphs (b), (d) and (f) only of this Regulation shall apply to a contract on the terms of an exchange contract arising under Regulation 41A(b) upon the transfer of a contract on the terms of a Participating Exchange Contract under a Link. The Clearing House shall not register an original exchange contract or an Event Protection Contract.~~ The Clearing House shall not register an original exchange contract in the name of a Member unless such contract has been confirmed or deemed confirmed pursuant to Regulation ~~6, 7 or 18~~ 12, 14 or 27 by or on behalf of a Member as a buyer and a Member as a seller who thereby have consented to such contract being registered in his name. For the avoidance of doubt, the same Member may act in a capacity of seller and buyer in respect of such registration of a contract. The Clearing House shall register a contract in the name of a Member which is a ~~Participating Exchange~~ Co-operating Clearing House in accordance with the terms of any agreement made with the ~~Participating Exchange~~ Co-operating Clearing House and none of the following paragraphs shall apply in respect of a Member which is a ~~Participating Exchange~~.

(a) Co-operating Clearing House.

(b) Where the Procedures so provide the Clearing House may require the Members in whose names one or more contracts are to be registered to transfer Collateral to the Clearing House in respect of their initial and variation margin obligations as a condition of registration of such contract or contracts, and such Collateral shall be transferred to the Clearing House in accordance with ~~Regulation 12~~ Regulation 20 and, if applicable, the SwapClear Regulations, the RepoClear Regulations, the EquityClear Regulations, the LCH EnClear Regulations, the ~~LCH EnClear OTC~~ ForexClear Regulations, and the Turquoise Derivatives Regulations, ~~the HKMEX Regulations, the Nodal Regulations, the ForexClear Regulations, or the NLX Regulations.~~

(c) The Clearing House may decline to register ~~an original~~ a contract in the name of a Member where it considers such action advisable for its own protection or the protection of the relevant market. The Clearing House may, without assigning any reason, make the registration of any contract subject to any conditions stipulated by the Clearing House including, without limitation, the transfer of sufficient Collateral ~~by both Members in whose name any such contract is to be registered.~~

(d) ~~This paragraph does not apply to a Member which is a Participating Exchange.~~ No original exchange contract for a commodity shall be registered in the name of a Member who is not entitled under Exchange Rules to have original exchange contracts for such commodity registered in his name.

(e) The Clearing House shall be deemed to register in the name of a Member an original ~~exchange contract, or RepoClear Transaction~~ at the ~~time prescribed in the Procedures~~ Registration Time in respect of ~~such exchange contract or the relevant type of Contract, provided that,~~ in the case of ~~an original exchange contract~~ a Contract registered by the Clearing House pursuant to ~~Rule 6(a) of the Default Rules,~~ at the Registration Time shall be deemed to be the time chosen by the Clearing House whereupon ~~Regulation 3(a)~~ this Regulation 16 shall take effect.

~~A contract on the terms of an exchange contract arising under Regulation 41A(b) upon the transfer of a contract on the terms of a Participating Exchange Contract under a Link shall be~~

~~registered in the name of the Member referred to in Regulation 41A(b) and shall be deemed to be registered in the name of such Member upon the arising of such Contract.~~

- (f) Without prejudice to the Clearing House's rights under paragraph (g) of this Regulation, a Clearing Member shall be bound by a Contract registered in its name pursuant to the presentation of particulars of an Exchange Transaction, an OTC Transaction, an Eligible OTC Trade or an EquityClear Novation Transaction, as the case may be, by him or on his behalf, including: (i) in the case of a RepoClear Transaction or RepoClear GC Transaction, where such particulars are presented by a RepoClear Dealer with whom it is party to a RepoClear Dealer Clearing Agreement; (ii) in the case of a ForexClear Transaction, where such particulars are presented by a ForexClear Dealer with whom it is party to a FDC Agreement; (iii) in the case of an Eligible OTC Trade, where such particulars are presented by an Approved Broker or otherwise on the Clearing Member's behalf; and (iv) in the case of an EquityClear Novation Transaction, where such particulars are submitted by an NCP.
- (g) For the avoidance of doubt, any transaction of which details have been submitted by or on behalf of a Clearing Member for registration as a Contract which is not so registered shall remain in effect between the original parties to that transaction or be terminated, as the case may be, according to any terms agreed between the parties thereto (directly or by virtue of the application of the relevant ATP Market Rules or of their common participation or membership of the relevant Trading System through or on which the transaction was executed or by which it was registered) but subject to the relevant Exchange Rules and the Clearing House (and each other member of the LCH.Clearnet Group and their respective officers, employees and agents) shall have no obligations or liability in relation thereto.
- (h) Without prejudice to the Clearing House's rights under Regulation 16(i), an original exchange contract, Eligible OTC Trade or OTC Transaction submitted for registration must, in order that it be registered as the relevant type of Contract, meet the eligibility criteria and other requirements as prescribed on the Clearing House's website for the relevant type of Contract, at the time when the details (as prescribed from time to time by the Clearing House) of the original exchange contract, Eligible OTC Trade or OTC Transaction are presented to the Clearing House and at all times thereafter up to and including the Registration Time. A Clearing Member may not revoke, cancel or transfer an Exchange Transaction, Eligible OTC Trade or OTC Transaction that has been submitted for registration unless permitted (as applicable) by the relevant Exchange Rules and by the relevant Regulations or the relevant Procedures or with the consent of the Clearing House. A Clearing Member shall not allow the submission for registration of a transaction which is not a relevant Exchange Transaction, Eligible OTC Trade or OTC Transaction.
- (i) If at any time after registration of a Contract the Clearing House determines that the corresponding transaction of which details were submitted for registration did not, at the Registration Time, meet the eligibility criteria for registration as a Contract, the Clearing House shall, as soon as practicable thereafter, set aside each such Contract. Upon the purported Contract being set aside under this Regulation 16, the particulars of the transaction in question shall be deemed never to have been submitted to the Clearing House (and such transaction shall remain in effect between the original parties thereto or be terminated, as the case may be, in accordance with any terms agreed between them, whether directly or (where applicable) by virtue of the application of the relevant ATP Market Rules or Trading System rules). Any payment made under, or in respect of, a Contract set aside under this paragraph shall be repayable to the person who made the payment and any securities delivered under such Contract shall be re-delivered to the person who made the delivery of such securities. Without prejudice to Regulation 52 and its obligations under this Regulation 16, the Clearing House (and each other member of the LCH.Clearnet Group

and their respective officers, employees and agents) shall have no liability whatsoever to any person arising out of or in respect of the registration by it in error or otherwise of a contract as a Contract in respect of a transaction which did not meet the eligibility criteria at the Registration Time to enable it to be registered as the relevant type of Contract.

(j) An Exchange Transaction, EquityClear Novation Transaction, Eligible OTC Trade or OTC Transaction presented for registration to, and accepted by, the Clearing House shall be registered by the Clearing House as two Contracts, one between the First Clearing Member as the seller, Reference Currency Seller or party paying a Fixed Price (as the case may be) and the Clearing House as the buyer, Reference Currency Buyer or party paying a Floating Price (as the case may be) as principals to such contract, and the other between the Clearing House as the seller, Reference Currency Seller or party paying a Fixed Price (as the case may be) and the Second Clearing Member as the buyer, Reference Currency Buyer or party paying a Floating Price (as the case may be) as principals to such contract. For the purposes of this Regulation 16:

(i) "First Clearing Member" is a Clearing Member who:

(A) was, before registration of the Contract party to the corresponding Exchange Transaction, Eligible OTC Trade or OTC Transaction as the seller or the party paying a Fixed Price (as the case may be), or, if appropriate, who has Accepted such Eligible OTC Trade in accordance with the relevant Procedures;

(B) in the case of a Repo Transaction, has a subsisting RepoClear Dealer Clearing Arrangement with a RepoClear Dealer who was party to the corresponding Repo Transaction as the seller;

(C) in the case of a ForexClear Transaction, was, before registration of the ForexClear Contract, party to the corresponding ForexClear Transaction as the Reference Currency Seller, or who has a subsisting FDC Agreement with the ForexClear Dealer who was party to the corresponding ForexClear Transaction as the Reference Currency Seller; or

(D) was, before registration of the EquityClear Contract identified in the particulars of the corresponding EquityClear Novation Transaction as, or as acting as clearing member for, the seller; and

(ii) "Second Clearing Member" is a Clearing Member (who may be the same as the First Clearing Member) who:

(A) was, before registration of the Contract, party to the corresponding Exchange Transaction, Eligible OTC Trade or OTC Transaction as the buyer or the party paying a Floating Price (as the case may be), or, if appropriate, who has Accepted such Eligible OTC Trade in accordance with the relevant Procedures;

(B) in the case of a Repo Transaction, has a subsisting RepoClear Dealer Clearing Arrangement with a RepoClear Dealer who was party to the corresponding Repo Transaction as the buyer;

- (C) in the case of a ForexClear Transaction, was, before registration of the ForexClear Contract, party to the corresponding ForexClear Transaction as the Reference Currency Buyer, or who has a subsisting FDC Agreement with the ForexClear Dealer who was party to the corresponding ForexClear Transaction as the Reference Currency Buyer; or
- (D) was, before registration of the EquityClear Contract identified in the particulars of the corresponding EquityClear Novation Transaction as, or as acting as clearing member for, the buyer.
- (iii) In the case of an EquityClear Novation Transaction which is an EquityClear Mixed Member Match, Regulation 69(c) applies.
- (iv) For the purposes of this Regulation 16(j), "Accepted" shall mean that the relevant LCH EnClear OTC Clearing Member has agreed, by such means as may be prescribed from time to time by the Procedures, to become counterparty with the Clearing House to such LCH EnClear OTC Contract.
- (k) With effect from registration of an Exchange Transaction, EquityClear Novation Transaction, Eligible OTC Trade or OTC Transaction as two Contracts under paragraph (i) of this Regulation 16:
- (i) the parties to the corresponding Eligible OTC Trade (to the extent that they are bound by these Regulations), Exchange Transaction, EquityClear Novation Transaction or OTC Transaction shall be released and discharged from all rights and obligations thereunder which fall due for performance on or after the Registration Time; where the parties to the corresponding Eligible OTC Trade are not bound by these Regulations, such trade shall be dealt with according to the terms agreed by the parties to that trade;
- (ii) each Contract registered under paragraph (j) of this Regulation 16 shall be governed by the relevant Contract Terms applicable to that Contract and the General Regulations and Procedures;
- (iii) subject always to sub-paragraph (ii) above, the First Clearing Member shall have the same rights against, and owe the same obligations to, the Clearing House under the respective Contract to which it is a party as the seller, Reference Currency Seller or party paying a Fixed Price (or the person identified as acting as clearing member for that person) had and owed in respect of its counterparty under the corresponding Exchange Transaction, Eligible OTC Trade, EquityClear Novation Transaction or OTC Transaction; and
- (iv) subject always to sub-paragraph (ii) above, the Second Clearing Member shall have the same rights against, and owe the same obligations to, the Clearing House under the respective Contract to which it is a party as the buyer, Reference Currency Buyer or party paying a Floating Price (or the person identified as acting as clearing member for that person) had and owed in respect of its counterparty under the corresponding Exchange Transaction, Eligible OTC Trade, EquityClear Novation Transaction or OTC Transaction.

In sub-paragraphs (iii) and (iv) above, a reference to the "same" rights or obligations is a reference to rights or obligations, falling due for exercise or performance after the Registration Time, and which are the same in nature and character as the rights or obligations arising from the corresponding Exchange Transaction or the Economic Terms of the corresponding OTC Transaction, Eligible OTC Trade or EquityClear Novation Transaction (it being assumed, for this purpose, that such Exchange Transaction, EquityClear Novation Transaction, Eligible OTC Trade or OTC Transaction was a legal, valid, binding and enforceable obligation of the parties thereto and, in the case of an EquityClear Novation Transaction, Eligible OTC Trade or an OTC Transaction, that the Economic Terms thereof were as presented to the Clearing House for registration), notwithstanding the change in the person entitled to them or obliged to perform them and subject to any changes thereto as a result of the operation of the Standard Terms or of the EquityClear Contract Terms, as applicable.

- (l) If an Exchange Transaction, Eligible OTC Trade, EquityClear Novation Transaction or OTC Transaction is revoked, avoided or otherwise declared invalid for any reason after particulars of it have been accepted by the Clearing House for registration that revocation, avoidance or invalidity shall not affect any Contract unless otherwise determined by the Clearing House.
- (m) In the case of a Repo Transaction, the Clearing House may, with the agreement of RepoClear Clearing Members party to corresponding RepoClear Contracts or RepoClear GC Contracts, set aside or take such other steps with respect to such Contracts on such terms as may be agreed if either or both RepoClear Clearing Members consider that they have entered into a Contract in error or have agreed to certain terms of the Contract in error.

~~Regulation 10~~ REGULATION 17 **TRADING INFORMATION**

The Clearing House shall make available to a Member in the manner and by the time prescribed by the Procedures, such details of original contracts presented for registration in the name of that Member, open contracts registered in that Member's name, and Collateral transferred to the Clearing House -by that Member as may be prescribed in the Procedures.

~~Regulation 14~~ REGULATION 18 TRANSFER

~~A Member may not allocate or transfer a confirmed contract, or an open contract registered in his name except as provided in paragraph (d) below or in Regulation 41 or in Regulation 52C.~~

~~(b)~~(a) If a Member wishes to transfer an open contract from his name to be registered in the name of another Member, the Clearing House may, with the agreement of both Members and subject to such conditions as it may stipulate, at its absolute discretion and, without prejudice to any power of the Clearing House under the Default Rules, and where relevant with the consent of the Exchange whose Exchange Rules form part of the terms of such open contract, transfer the registration of such open contract into the name of the Member agreeing to have such contract registered in his name, whereupon ~~Regulation 3(b)~~Regulation 12(b) (Novation) shall take effect.

~~(e)~~(b) No open contract on the terms of an exchange contract may be transferred pursuant to paragraph ~~(b) above~~(a) above to any Member who is not entitled under Exchange Rules to have open contracts on the terms of that exchange contract registered in his name. ~~No open contract, being a SwapClear Contract, may be transferred pursuant to paragraph (b) above to any Member who is not a SwapClear Clearing Member, and no open contract, being a RepoClear Contract, may be transferred pursuant to paragraph (b) above to any Member who is not a RepoClear Clearing Member. No open EquityClear Contract may be transferred pursuant to paragraph (b) above to any Member who is not an EquityClear Clearing Member. No open LCH EnClear OTC Contract may be transferred pursuant to paragraph (b) above to any Member who is not an LCH EnClear OTC Clearing Member. No open ForexClear Contract may be transferred pursuant to paragraph (b) above to any Member who is not a ForexClear Clearing Member.~~ No open contract may be transferred pursuant to paragraph (a) above to any Member who is not a Member in respect of the relevant Service.

~~(d)~~(c) Rights under an open contract shall not be capable of assignment by a Member. Any such purported assignment by a Member, or any purported transfer that is not in compliance with this Regulation, shall be void.

REGULATION 19 TRANSACTIONS ENTERED INTO THROUGH AN AUTOMATED TRADING SYSTEM OR PLATFORM

- (a) This Regulation 19 applies in respect of: (i) RepoClear Contracts or RepoClear GC Contracts entered into by the Clearing House under Regulation 63(d); and (ii) EquityClear Contracts entered into by the Clearing House under Regulation 68(e).
- (b) Any Contract to which this Regulation applies which is entered into by the Clearing House with Clearing Members shall be registered in the name of each relevant Clearing Member following receipt of the details required by the Clearing House of such Contracts from the operator of the relevant ATS, the operator of the relevant ATP, or the relevant approved agent (in accordance with the arrangements made between the Clearing House and such ATS, ATP or approved agent from time to time), as applicable.
- (c) If the details required by the Clearing House in respect of a Contract to which this Regulation 19 applies are not provided to the Clearing House by the operator of the relevant ATS, the operator of the relevant ATP or the relevant approved agent, as applicable, in accordance with the Clearing House's requirements, by the time prescribed by the Clearing House from time to time, or the Clearing House is not able to access such details, the Clearing House may decree that neither the Clearing House nor the Clearing Member party thereto shall be obliged to perform their respective obligations under the Contracts in question. If the Clearing House so decrees, such Contracts shall be performed in accordance with any directions given by the Clearing House which may, without limitation, impose a change to the terms of an affected Contract. Any directions given by the Clearing House under this paragraph (c) shall be binding on all affected Clearing Members or Dealers.
- (d) Without prejudice to Regulation 52, the Clearing House (and each other member of the LCH.Clearnet Group and their respective officers, employees and agents) shall not be liable to any Clearing Member or anyone else for any loss, cost, damage or expense of whatsoever nature suffered or incurred by it or them in respect of any Contract to which this Regulation 19 applies if the Clearing House does not receive the relevant details referred to in paragraph (c) by the time referred to in such paragraph (c) in respect of such Contract.
- (e) If the Clearing House or, where relevant, its approved agent receives details:
- (i) of a trade from an ATS specified by an ATS Participant by notice given under Regulation 63(b) and which notice has not been withdrawn and the details of the trade purportedly meet the relevant RepoClear Open Offer Eligibility Criteria set out in Regulation 63(c); or
 - (ii) of an EquityClear (Equities) ATP Match or of an EquityClear (ccCFD) ATP Match in respect of an EquityClear Clearing Member from an ATP specified by the EquityClear Clearing Member by notice given under Regulation 68(b) and which has not been withdrawn in respect of that ATP, and the details of the EquityClear (Equities) ATP Match or EquityClear (ccCFD) ATP Match purportedly meet the relevant Eligibility Criteria set out in Regulation 68(c),

the ATS Participant, the RepoClear Clearing Member of the relevant ATS Participant, or the EquityClear Clearing Member (as the case may be) shall be bound by any RepoClear Contract, RepoClear GC Contract, EquityClear (Equities) Contract or EquityClear (ccCFD) Contract registered in his name in respect of such trade or match and the terms of such

registered Contract shall be as set out in Regulation 63(b) or Regulation 68(b), as the case may be.

- (f) Without prejudice to paragraph (e), the Clearing House may with the agreement of the Clearing Members party to corresponding RepoClear Contracts, RepoClear GC Contracts, EquityClear (Equities) Contracts or EquityClear (ccCFD) Contract set aside or take such other steps with respect to such contracts on such terms as may be agreed if either or both Clearing Members consider that they have entered into a contract in error or that certain terms of the contract have been agreed by them or their respective ATS Participants in error.

CHAPTER V – COLLATERAL AND VALUATIONS

~~Regulation 12~~ REGULATION 20 MARGIN AND COLLATERAL

- (a) The Clearing House may in accordance with the Procedures require a Member to transfer Collateral to the Clearing House, and to maintain a Clearing Member Current Collateral Balance, -in an amount or of a value determined by the Clearing House, as security for the performance by such Member of its obligations to the Clearing House in respect of all contracts from time to time to be registered in his name as open contracts pursuant to these Regulations. The obligation upon a Member to transfer Collateral -to the Clearing House pursuant to this paragraph shall be in addition to any other obligation of the Member to transfer Collateral- to the Clearing House pursuant to these Regulations.
- (b) The Clearing House may in accordance with the Procedures require a Member to transfer Collateral to the Clearing House- in respect of initial or variation margin in circumstances prescribed by the Regulations and the Procedures in respect of any open contract registered in the Member's name, such Collateral to be transferred by the Member in such form and manner and by such time or times as may be prescribed by the Procedures.
- (c) If insufficient Collateral is standing to the credit of a Member's account, or if any assets or monies transferred -by a Member to the Clearing House as Collateral are- determined by the Clearing House in accordance with the Procedures to be insufficient, such Collateral -as the Member is required to transfer to the Clearing House pursuant to paragraph ~~(b)~~ above ~~(b) above~~ or ~~Regulation 9~~ Regulation 16 or the SwapClear Regulations, the RepoClear Regulations, the EquityClear Regulations, the LCH EnClear OTC Regulations, or LCH EnClear OTC Regulations, the Turquoise Derivatives Regulations, ~~the HKMEX Regulations, the Nodal Regulations, the~~ or the ForexClear Regulations ~~or the NLX Regulations~~, as applicable, shall be transferred to the Clearing House- by the Member in such form and manner and by such time or times as may be prescribed by the Procedures.
- (d) ~~(i)~~
~~(d)~~ (i) The Clearing House shall be entitled to assume that all securities and other assets transferred- by a Member to the Clearing House as Collateral pursuant to these Regulations or under the terms of any agreement made with the Member are the sole legal and beneficial property of the Member or are transferred for the purposes of these Regulations with the legal and beneficial owner's unconditional consent and free of such owner's interest. A Member may not transfer securities or other assets to the Clearing House as Collateral otherwise than in conformity to this paragraph. It shall be accepted by every person dealing on the terms of these Regulations that a Member has such person's unconditional consent to transfer to the Clearing House as Collateral for the purposes of these Regulations any securities or other assets of such person in the Member's possession, free of such person's interest.
- (ii) Each Member represents and warrants to the Clearing House as at each date on which such Member transfers securities or other assets to the Clearing House as Collateral pursuant to these Regulations (a) that such Member is the sole legal and beneficial owner of those securities or other assets or, as the case may be, those securities or other assets are so transferred with the legal and beneficial owner's unconditional consent and free of such owner's interest and (b) that the provision to the Clearing House of such securities or other assets pursuant to these Regulations

will not constitute or result in a breach of any trust, agreement or undertaking whatsoever.

(ii) The Clearing House may, in its absolute discretion and at any time require a Member to transfer other securities or assets to the Clearing House in substitution of any securities or assets transferred to the Clearing House pursuant to this ~~Regulation~~ 12.Regulation 20.

(e) The rate of initial margin in respect of each exchange contract shall be determined from time to time by the Clearing House after consultation with the relevant Exchange and such rate shall be published from time to time by the Clearing House. Subject to paragraph ~~(g)~~ below,(g) below. any alteration of the rate so determined shall take effect on the expiry of such period of notice to Members as shall from time to time be agreed with the relevant Exchange. Any such notice shall be given to Members in accordance with the Procedures.

(f) The rate of initial margin in respect of each category of OTC Contract shall be determined from time to time by the Clearing House, and such rate shall be published from time to time by the Clearing House. The rate of initial margin in respect of EquityClear Contracts and LCH EnClear OTC Contracts respectively shall be determined from time to time by the Clearing House and such rate shall be published from time to time by the Clearing House.

(g) Notwithstanding paragraph ~~(e)~~(e) or paragraph (f) above, the Clearing House shall be entitled at its absolute discretion, without assigning any reason and without prior notice to a Member or, where applicable, to an Exchange, to modify the rate of initial margin applicable to an exchange contract, to an OTC Contract or to EquityClear Contracts or to LCH EnClear OTC Contracts, or to demand larger or additional amounts of Collateral in respect of the initial margin obligations of a Member, either before registration of a contract or at any time after registration. Any ~~collateral demand~~Collateral demanded by the Clearing House pursuant to this paragraph shall be transferred by the Member to the Clearing House on demand and in such form as the Clearing House may require.

(h) The Clearing House shall be entitled at any time to demand from a Member the immediate transfer of Collateral in respect of that Member's margin obligations in an amount deemed necessary by the Clearing House without reference to official quotations or Reference Prices in respect of any open contract in the Member's name, if, in the opinion of the Clearing House, the transfer to the Clearing House ~~of such Collateral by the Member is necessary in the circumstances then prevailing which may be affecting or may in the Clearing House's opinion be likely to affect market conditions or the Member's performance of its obligations under the terms of such contracts or under the terms of any original or confirmed contract to which the m~~Member is party.

~~A Member shall transfer to the Clearing House in the manner and form and by the time or times prescribed in the Procedures Collateral in respect of the premium in respect of option contracts or Collateral in respect of the initial payment amount or fixed payment amounts in respect of LIFFE Credit Default Swap Index Contracts on the terms of such contracts as specified in the Procedures.~~

(i) The Clearing House shall be entitled to make an accommodation charge at a rate determined by the Clearing House and ~~specified in~~published on the ~~Procedures~~Clearing House's website, in respect of any non-cash Collateral (other than Clearing Member Returned Collateral or Clearing Member Applied Collateral) transferred to the Clearing House. Any

alteration in the basis of calculating the rates of accommodation charge shall become effective in respect of all current and future business by the time ~~specified in the Procedures~~ as published on the Clearing House's website.

- (j) Without prejudice to the requirements of paragraph ~~(e)~~(e) or (f) above, the Clearing House may at its absolute discretion accept Collateral to an agreed amount in a form other than those specified in the Procedures, subject always to the Clearing House's prior assessment as to the appropriateness of such form of Collateral in accordance with its standard risk management procedures and to any special arrangements which the Clearing House may prescribe in each case (including as to valuation and haircut). The Clearing House may at its discretion make an accommodation charge at a special rate.
- (k) If, in the opinion of the Clearing House, any asset which has been transferred to it by a Member as Collateral pursuant to these Regulations is no longer either of sufficient value or otherwise acceptable to the Clearing House, the Clearing House shall be entitled to demand further Collateral from such Member. Such Collateral shall be transferred by such Member to the Clearing House on demand in a form prescribed by the Procedures, **provided that** at any time the Clearing House shall be entitled to require the Member to transfer Collateral to the Clearing House in a specified form and to demand that the Member replace the whole or part of any asset transferred to the Clearing House by that Member pursuant to these Regulations with Collateral in the form of cash.
- (l) Any request by a Clearing Member (including, for the avoidance of doubt, a Resigning Member or a Retiring Member) for the release or return of excess Collateral shall be dealt with in accordance with the Procedures.
- (m) If the Clearing House takes any step or steps under the Default Rules in relation to a Member, any sum (including without limitation the price due to be paid by the Clearing House in respect of the delivery of any property or currency by or on behalf of the Member) standing to the credit of any of the Member's accounts shall be treated as Collateral.
- (n) Unless the Clearing House otherwise agrees in ~~writing~~writing or as expressly contemplated by the Rulebook, no Member may assign or otherwise transfer its right to the return of any ~~cash~~ Collateral or Contributions transferred to the Clearing House in the form of cash. Any such purported assignment or transfer by a Member (whether by way of security or otherwise) shall be void. A Member shall not otherwise encumber (or seek to encumber) its right to the return of any cash Collateral or Contributions transferred ~~to~~ the Clearing House.
- (o) Where the Clearing House is party to a Link Agreement with a ~~Participating Exchange Co-~~operating Clearing House:
- (i) the Clearing House may request collateral from ~~Collateral~~ that ~~Participating Exchange Co-~~operating Clearing House in whatever form may be stipulated in the terms of that Link Agreement; and
- (ii) if collateral is transferred to the Clearing House by such ~~Participating Exchange Co-~~operating Clearing House pursuant to such Link Agreement, that collateral shall be deemed to be Collateral for the purposes of these Regulations and the Default Rules.

(p) Any references in the Rulebook to (i) Collateral deposited or held by or with the Clearing House or a Clearing Member or in an account maintained by the Clearing House or a Clearing Member; (ii) balances of Collateral with the Clearing House or a Clearing Member or in an account maintained by the Clearing House or a Clearing Member; and (iii) Collateral credited to an account maintained by the Clearing House or a Clearing Member (and any phrases describing similar concepts), shall be construed as including all Collateral transferred to the Clearing House by that Clearing Member or to that Clearing Member by the Clearing House (as applicable) and any Applied Collateral Excess Proceeds credited to that Clearing Member's account by the Clearing House, but as excluding any relevant Clearing Member Returned Collateral, Clearing Member Applied Collateral, Clearing House Returned Collateral and/or Clearing House Applied Collateral (as applicable).

(q) Expressions in the Rulebook such as “furnish”, “provide”, “deposit” and “post” (and similar expressions) are used to describe the act of transferring Collateral to or, as the case may be, from, the Clearing House and, when used in conjunction with such expressions, expressions in the Rulebook such as “margin”, “cover for margin” and “collateral” (and similar expressions) are used to describe the collateral which is transferred to or, as the case may be, from, the Clearing House. Where the context so permits, references to Collateral being held, ~~or being transferred by a Clearing Member to the Clearing House to be held,~~ in an account means that the Collateral is recorded in the books and records of the Clearing House as being attributable to a particular Clearing Member or Clearing Client. Where the Rulebook so provides, references to Collateral being "transferred" from the Clearing House to the Clearing Member may include the Clearing House recording in its books and records such Collateral as being attributable to the Clearing Member and held in an account of that Clearing Member with the Clearing House ~~or, where the Clearing House no longer enjoys the benefit of Collateral in a form other than cash or securities, making appropriate book entries to reflect the fact that the relevant Collateral no longer forms part of the relevant Clearing Member Collateral Balance.~~

(r) The Rulebook shall be construed such that:

(i) save as stated in sub-paragraph (ii), all transfers of Collateral to or, as the case may be, from, the Clearing House are effected on an outright title-transfer basis (with there being no intention to create any form of *in rem* security interest in such collateral, and despite any references to such collateral being held by the Clearing House or a Clearing Member or in an account maintained by the Clearing House or a Clearing Member or to such collateral being credited to an account maintained by the Clearing House or a Clearing Member (or to similar concepts));

(ii) wherever non-cash Collateral is transferred to the Clearing House, it is held by the Clearing House as custodian for the Clearing Member which transferred it, on and subject to the terms of the Deed of Charge between the Clearing House and that Clearing Member;

(iii) wherever the Clearing House is required to return cash Collateral or Applied Collateral Excess Proceeds to a Clearing Member or a Clearing Member is required to return cash Collateral to the Clearing House, that requirement is to pay an amount of cash equal to the amount expressed to be so required to be returned; and

(iv) wherever the Clearing House is required to return non-cash Collateral to a Clearing Member, that requirement is to return (unless otherwise provided in the Procedures)

the same non-cash Collateral (or equivalent non-cash Collateral) as was transferred to the Clearing House by that Clearing Member and to release the same from the security created by the relevant Deed of Charge.

(s) In determining the amount of Collateral which the Clearing House requires to be transferred to or from the Clearing House pursuant to the Rulebook, the Clearing House shall take into account the amount of any Collateral which has previously been determined as being required to be transferred to or from the Clearing House but which, at the time of that determination, has not been so transferred.

(t) Upon the Clearing House being satisfied (acting in good faith) that all obligations of a Clearing Member pursuant to the Rulebook have been irrevocably paid or discharged in full and that no such obligations are capable of arising:

(i) the Clearing House shall (A) in the case of cash Collateral transferred to the Clearing House for the purpose of collateralising that Clearing ~~Member's~~ Member's obligations (other than any constituting Clearing Member Returned Collateral or Clearing Member Applied Collateral), pay an amount of cash to that Clearing Member equal to such cash; and (B) in the case of non-cash Collateral transferred to the Clearing House for the purpose of collateralising that Clearing ~~Member's~~ Member's obligations (other than any constituting Clearing Member Returned Collateral or Clearing Member Applied Collateral), transfer that same Collateral (or equivalent Collateral) to that Clearing Member; and

(ii) the Clearing Member shall, in the case of cash Collateral transferred to the Clearing Member for the purpose of collateralising the Clearing House's obligations (other than any constituting Clearing House Returned Collateral or Clearing House Applied Collateral), transfer an amount of cash to the Clearing House equal to such cash.

(u) Wherever the Rulebook contemplates an obligation of a Clearing Member being discharged by the Clearing House using, or otherwise applying, cash Collateral transferred to the Clearing House for the purpose of collateralising that Clearing ~~Member's~~ Member's obligations to the Clearing House (including any Applied Collateral Excess Proceeds), the manner in which such discharge shall occur is by the acceleration of the Clearing ~~House's~~ House's obligation to return that cash Collateral or Applied Collateral Excess Proceeds to that Clearing Member (but only in an amount which does not exceed the obligation of that Clearing Member which is to be so discharged) and the set-off of that transfer obligation against that Clearing ~~Member's~~ Member's obligation which is to be so discharged.

(v) Wherever the Rulebook contemplates an obligation of the Clearing House being discharged by a Clearing Member using, or otherwise applying, cash Collateral transferred to that Clearing Member for the purpose of collateralising the Clearing House's obligations to that Clearing Member, the manner in which such discharge shall occur is by the acceleration of that Clearing Member's obligation to return that cash Collateral to the Clearing House (but only in an amount which does not exceed ~~the obligation~~ the obligation of the Clearing House which is to be so discharged) and the set-off of that transfer obligation against the Clearing House's obligation which is to be so discharged.

~~Regulation 13~~ **REGULATION 21** PREMIUM UNDER OPTION CONTRACTS ~~—AND PAYMENTS UNDER LIFFE CREDIT DEFAULT SWAP INDEX CONTRACTS~~

(a) The premium payable by a buyer under the terms of an option contract shall be paid by the buyer to the Clearing House in the form and manner prescribed in the Procedures and by the time specified in Exchange Rules or the Procedures with respect to the relevant exchange contract.

(b) The Clearing House shall pay to a seller under the terms of an option contract his premium in accordance with the Procedures and by the time specified in Exchange Rules or the Procedures with respect to the relevant exchange contract.

~~Any payment payable by a Member to the Clearing House or by the Clearing House to a Member under the terms of a LIFFE Credit Default Swap Index Contract, being either:~~

~~the initial payment amount payable by a seller; or~~

~~the fixed payment amounts payable by a buyer;~~

~~shall be paid by the Member to the Clearing House or by the Clearing House to the Member (as applicable) in the form and manner prescribed in the Procedures and by the time specified in LIFFE Rules or the Procedures.~~

Regulation 14 **REGULATION 22** **OFFICIAL QUOTATIONS AND REFERENCE PRICE**

- (a) The Clearing House may determine official quotations and Reference Prices for the purposes of these Regulations and the Procedures in such manner and at such times as may be prescribed in the Procedures. Except as prescribed in the Procedures, an official quotation or Reference Price is binding on a Clearing Member and may in no circumstances be called in question.
- (b) If the official quotations and/or Reference Prices prescribed in the Procedures are unavailable, the Clearing House may determine, in its sole discretion, a substitute official quotation or Reference Price. In such circumstances, the substitute official quotation or Reference Price determined by the Clearing House is binding on a Clearing Member and may in no circumstances be called in question.
- ~~(b)~~(c) For the avoidance of doubt, the Clearing House is not responsible for and does not warrant the accuracy of any settlement price determined by a third party or any index which is the subject of an exchange contract or any Reference Price.

~~Regulation 15~~ REGULATION 23 DAILY SETTLEMENT OR MARKING TO MARKET

- (a) Where Exchange Rules or the Procedures so prescribe in respect of exchange contracts, the Clearing House may effect the daily settlement to market or daily marking to market of all open contracts (in each case, as opposed to requiring the collateralisation of such open contracts) on the terms of such exchange contracts in accordance with the Procedures and Exchange Rules, save where the Procedures otherwise provide. Daily settlement to market shall not apply to ~~such~~ open contracts which are for the account of a ~~Member's client accounts.~~ Member's Client Accounts.
- (b) The Clearing House shall, in accordance with the Procedures, in respect of each open contract in a Member's name which is subject to daily settlement to market or daily marking to market, (as opposed to a collateralisation requirement), effect and register a settlement contract, being a contract on the same terms (except as to price or premium), including the strike price where applicable, as the open contract, save that where the Member is a buyer under the terms of the open contract the Member shall be a seller under the terms of the settlement contract and vice-versa, such settlement contract to be effected in accordance with the Procedures (or Exchange Rules if applicable) at the relevant official quotation or Reference Price for that day. The Clearing House shall thereupon settle each open contract against the respective settlement contract in accordance with the Procedures.
- (c) The Clearing House shall, upon completion of the ~~procedures~~ process set out in paragraph ~~(b) above,~~ (b) above, calculate the daily settlement amounts in accordance with the Procedures and shall thereafter ~~make up~~ debit or credit (as the case may be) the Member's account and upon the Clearing House so doing, the Member and the Clearing House shall (unless otherwise agreed) settle any daily settlement amounts arising as follows:
- (i) any profit arising to a Member shall: (A) be credited to the applicable account; (B) to the extent that that account is a collateral account, become part of the Clearing Member Current Collateral Balance; and (C) ~~subject to the Clearing House's right to retain such profit pursuant to these Regulations and in respect of a Cross Margining Participant to the terms of any relevant Cross Margining Agreement, such profit shall,~~ be paid to the Member on the Member's request; and
- (ii) any loss arising to a Member shall be debited from the applicable account of the Member to the extent that there is an available balance in such account and, in accordance with ~~these Regulations,~~ the Member shall pay the amount of any shortfall in respect of such loss to the Clearing House forthwith on demand.
- (d) The Clearing House shall, upon completion of the calculation of daily settlement amounts pursuant to paragraph ~~(e) above,~~ (c) above, in the manner prescribed by the Procedures:
- (i) in respect of those open contracts in a Member's name which have been settled pursuant to paragraph ~~(b) above,~~ (b) above and which are subject to daily settlement to market, register at the official quotation or Reference Price referred to in paragraph ~~(b) above,~~ (b) above, contracts in the Member's name as open contracts on the same terms (except as to price or premium), including the strike price where applicable, as the settled open contracts, save that no contract for the purchase and no contract for the sale of the same commodity, for the same delivery month, or expiry month and strike price, where applicable, shall be registered in the Member's name;

(ii) in respect of those open contracts in a Member's name which have been settled pursuant to paragraph ~~(b) above~~ (b) above and which are subject to daily marking to market as prescribed by the Procedures, register at the official quotation referred to in paragraph ~~(b) above~~ (b) above contracts in the Member's name as open contracts on the same terms (except as to price or premium) including the strike price, where applicable, as the settled open contracts.

(e) A Member may, in respect of all open contracts in his name which are subject to daily marking to market, request the Clearing House within the time and in the manner prescribed by the Procedures, to settle such contracts being the same number of contracts for the purchase and sale of the same commodity for the same delivery month or, where applicable, for the same expiry month and strike price. Such a request, once made, shall be irrevocable unless the Clearing House otherwise consents. Where such a request is made, the Clearing House shall as soon as practicable after the close of trading on that market day (but not necessarily on that day, and provided documentation has been supplied by the Member in accordance with the Procedures) ~~make up~~ debit or credit (as the case may be) the Member's account.

(f) In respect of those open contracts of which settlement might have been requested by a Member under paragraph ~~(e) above~~, (e) above, the Clearing House may, if no request for settlement has been received by the cessation of trading for the delivery month applicable to those contracts, at any time thereafter proceed as if settlement had been requested and ~~make up and render~~ debit or credit (as the case may be) the Member's accounts accordingly.

~~Regulation 15A~~ REGULATION 24 SETTLEMENT AND REVALUATION: CLEARING PROCESSING SYSTEM

- (a) Where Exchange Rules or the Procedures so prescribe in respect of exchange contracts, the Clearing House may effect the settlement or revaluation of open contracts on the terms of such exchange contracts in accordance with a clearing processing system adopted by the Exchange.
- (b) The settlement of open contracts under this Regulation may be effected daily or less frequently, as required by the clearing processing system. The clearing processing system may expressly or by implication require the contract value of open contracts to be altered daily or less frequently by reference to official quotations or otherwise and, if so, open contracts subject to the system shall be revalued accordingly. The Clearing House shall have no obligation to notify a Member of the revaluation of an open contract to which ~~he~~it is party, save as provided by the clearing processing system.

~~Regulation 16~~ REGULATION 25 OTHER MODES OF SETTLEMENT AND REVALUATION

Settlement, revaluation and collateralisation procedures (other than those contained in ~~Regulations 15 and 15A~~ Regulation 23 and Regulation 24) may be prescribed, in respect of open contracts on the terms of certain exchange contracts and in respect of open contracts which are OTC Contracts, EquityClear Contracts or LCH EnClear OTC Contracts in the Procedures or where agreed with, an Exchange, in Exchange Rules. The relevant settlement, revaluation and collateralisation procedures (as applicable) may be effected by the Clearing House in accordance with such provisions.

CHAPTER VI – OPTIONS, OPEN CONTRACTS SUBJECT TO TENDER AND DELIVERY CONTRACTS

~~Regulation 17~~ REGULATION 26 EXERCISE OF OPTIONS

- (a) An option may, subject to paragraph ~~(d) below~~, (d) below, be exercised, or deemed to be exercised, or abandoned in accordance with paragraph ~~(b)~~ (b) or ~~(e) below~~ (c) below on the day and by the time prescribed by Exchange Rules, or if there is no such prescribed day or time, by the day and time specified in the Procedures. If any prescribed day is not a business day, an option may be exercised, deemed to be exercised, or abandoned on such day as may be prescribed by the relevant Exchange Rules, or if no such day is so prescribed, on the next business day.
- (b) Subject to Exchange Rules an option may be exercised by notice in writing or in such other form as may be prescribed by Exchange Rules or the Procedures and in the manner prescribed by the Procedures, and if not so exercised by the day and time referred to in paragraph ~~(a) above~~, (a) above, the option shall either expire or, if Exchange Rules so provide, be deemed to have been exercised in accordance with Exchange Rules or, where relevant, the Procedures.
- (c) Subject to Exchange Rules, an option may be abandoned by notice in writing or in such other form as may be prescribed by Exchange Rules or the Procedures and in the manner prescribed by the Procedures and if not so abandoned by the day and time referred to in paragraph ~~(a) above~~, (a) above, the option shall be deemed to have been exercised in accordance with the Exchange Rules or, where relevant, the Procedures.
- (d) If permitted under Exchange Rules or, where relevant, the Procedures, an option may be exercised or abandoned by or on behalf of a Member prior to the day and time referred to in paragraph ~~(a) above~~ (a) above in accordance with Exchange Rules or, where relevant, the Procedures.
- (e) The Clearing House shall be entitled to rely and act upon any form of exercise or abandonment made in accordance with paragraphs ~~(b), (e) or (d) above~~ (b), (c) or (d) above without making any enquiry, investigation or check as to whether it complies with the Exchange Rules -or as to the authority of any person purporting to exercise or abandon an option on behalf of a Member save that the Clearing House may reject any notice of exercise or abandonment (or exercise or abandonment made in such other prescribed form, as the case may be) if it does not appear to comply with Exchange Rules or the Procedures notwithstanding that it may as buyer have passed on such notice or other prescribed form of exercise or abandonment to a seller.
- (f) Subject to paragraph ~~(e) above~~, (e) above, no notice (or other form) of exercise or abandonment once received by the Clearing House may be cancelled or withdrawn.
- (g) Where the Clearing House is a buyer under the terms of an option contract, the Clearing House may exercise or abandon an option in accordance with Exchange Rules or the Procedures and in accordance with ~~Regulation 2~~ Regulation 3.
- (h) Upon the exercise or deemed exercise of an option pursuant to this ~~Regulation 17~~, ~~Regulation 3~~ (e) Regulation 12(c) and Regulation 26 shall come into effect.

~~Regulation 18~~ **REGULATION 27 DELIVERY CONTRACT ARISING UPON THE EXERCISE OF AN OPTION AND EVENT PROTECTION CONTRACTS**

- (a) Subject to these Regulations open contracts which are delivery contracts shall be fulfilled in accordance with Exchange Rules. No delivery contract shall be for a unit or quantity smaller than one lot and the amount or quantity to be delivered shall be one lot or such other amount or quantity as may be specified for the commodity in Exchange Rules from time to time after agreement with the Clearing House.
- (b) Where an open contract which is a delivery contract arises by novation pursuant to ~~Regulation 3(e)~~ Regulation 12(c) upon the exercise or deemed exercise of an option, the buyer under the terms of the delivery contract shall give to the Clearing House such information as may be prescribed by Exchange Rules or, where relevant, the Procedures by the time and in the manner specified in Exchange Rules or the Procedures. The Clearing House as buyer under the terms of a delivery contract shall, in accordance with ~~Regulation 2, Regulation 3,~~ give to the seller under the terms of such contract, such information as may be prescribed by Exchange Rules or the Procedures.
- (c) The seller under the terms of a delivery contract shall deliver the commodity to the Clearing House as buyer in such manner and at such time as may be prescribed in Exchange Rules or, where relevant, the Procedures, and the Clearing House as seller under the terms of a delivery contract shall, in accordance with ~~Regulation 2, Regulation 3,~~ deliver the commodity the subject of such contract to a Member as buyer under the terms of such contract.
- (d) The buyer shall pay the price and such other amounts to the Clearing House as may be required by Exchange Rules or, where relevant, the Procedures in the form and manner and by the time prescribed in Exchange Rules or the Procedures, and the Clearing House shall, in accordance with ~~Regulation 2, Regulation 3,~~ pay the seller his price and such other amounts as may be required by Exchange Rules or, where relevant, the Procedures.
- (e) Notwithstanding paragraphs ~~(e)(c)~~ and ~~(d) above, (d) above,~~ the Clearing House may in its absolute discretion in accordance with the Procedures:
- (i) direct a Member who is a seller under a delivery contract to deliver the commodity the subject matter of such contract to such other Member, being a buyer under a delivery contract, as the Clearing House may appoint; and
- (ii) direct a Member who is a buyer under a delivery contract to pay the price and any other amounts payable pursuant to such contract to such other Member, being a seller under a delivery contract, as the Clearing House may appoint;

and delivery or payment in accordance with such direction shall constitute the due performance of such obligations of such buyer or seller as the case may be towards the Clearing House. Each Member agrees that it will accept delivery of a commodity, or as the case may be, payment of the price, from a Member directed in accordance with ~~(i) or (ii) above, (i) or (ii) above,~~ in satisfaction of the obligations owed to it by the Clearing House to deliver the commodity or make payment of the price and such other amounts under the terms of a delivery contract.

(f) If an invoice is not ready when payment becomes due pursuant to this Regulation, payment shall be made and received on account.

~~In relation to a LIFFE Credit Default Swap Index Contract between a Member and the Clearing House, in the circumstances prescribed under the LIFFE Rules an Event Protection Contract shall automatically arise between the Clearing House and that Member where the seller under the LIFFE Credit Default Swap Index Contract shall be the seller under the Event Protection Contract and the buyer under the LIFFE Credit Default Swap Index Contract Terms shall be the buyer under the Event Protection Contract. The Clearing House shall immediately register such Event Protection Contract in the name of the Member. The Member shall, by its confirmation of an original contract on the LIFFE Credit Default Swap Index Contract Terms, be deemed to have consented to the subsequent registration in its name of any Event Protection Contracts arising in connection with such LIFFE Credit Default Swap Index Contract in accordance with these Regulations.~~

~~Subject to these Regulations, open contracts which are Event Protection Contracts shall be fulfilled in accordance with LIFFE Rules. Each Event Protection Contract shall be subject to the Regulations including the restrictions on the Clearing House's obligations and liabilities set out in the Regulations (including, without limitation, Regulation 39) and otherwise on the terms prescribed by LIFFE Rules and the Procedures.~~

~~Regulation 19~~ REGULATION 28 OBLIGATION TO MAKE AND ACCEPT TENDER UNDER CLEARED EXCHANGE CONTRACTS

- (a) Subject to these Regulations open contracts which are Cleared Exchange Contracts or Turquoise Derivatives Cleared Exchange Contracts shall be fulfilled in accordance with Exchange Rules or the Procedures. No Cleared Exchange Contract shall be for a unit or quantity smaller than one lot and the amount or quantity tendered shall be for one lot or such other amount or quantity as may be specified for the commodity in Exchange Rules from time to time after agreement with the Clearing House. Where the terms of a Cleared Exchange Contract or Turquoise Derivatives Cleared Exchange Contract so permit, the Clearing House may give directions to one or more Members concerning the performance of such contract and in such case each such Member shall be bound by and shall comply with any such direction.
- (b) Paragraphs ~~(e)(c)~~ to ~~(f) below~~ (l) below and ~~Regulations 20~~ Regulation 30 and ~~24~~ Regulation 31 shall not apply to Cleared Exchange Contracts and Turquoise Derivatives Cleared Exchange Contracts which are contracts for differences or such option contracts as the Procedures may prescribe. Members shall fulfil their obligations to the Clearing House under the terms of such contracts in the manner and by the time prescribed by Exchange Rules, these Regulations and the Procedures. The Clearing House shall fulfil its obligations as seller or buyer, as the case may be, under the terms of such contracts in accordance with ~~Regulation 2.~~ ~~Regulation 19A~~ Regulation 3. Regulation 29 shall apply and paragraphs ~~(e)(c)~~ to ~~(f) below~~ (l) below shall not apply to delivery contracts.
- (c) A Member, as seller in respect of a Cleared Exchange Contract in his name which is not to be settled pursuant to ~~Regulation 15 or 16~~ Regulation 23 or Regulation 25 and the Procedures, shall give a tender to the Clearing House as buyer, together with such other documents as may be required by Exchange Rules or the Procedures by the time specified in Exchange Rules or the Procedures in respect of a Cleared Exchange Contract for a particular delivery month or prompt date, and in the form and manner prescribed by Exchange Rules or the Procedures. The Clearing House, as seller in respect of a Cleared Exchange Contract which is not to be settled pursuant to ~~Regulation 15~~ Regulation 23 or ~~16~~ Regulation 25 and the Procedures, shall in accordance with ~~Regulation 2~~ Regulation 3 give a tender to the buyer under the terms of such contract, together with such other documents as may be required by Exchange Rules or the Procedures.
- (d) A seller or buyer shall give to the Clearing House such additional documents or information required by Exchange Rules to be given in respect of an open contract subject to tender by the time prescribed by Exchange Rules and in the form and manner specified therein or in the Procedures. The Clearing House as seller (or buyer) under the terms of an open contract subject to tender shall in accordance with ~~Regulation 2~~ Regulation 3 give such additional documents or information to the buyer (or seller) under the terms of such contract.
- (e) The Clearing House shall be under no obligation to check a tender or documents received from a Member pursuant to paragraph ~~(e) or (d) above.~~ (c) or (d) above. The passing on by the Clearing House of such tender or such documents received from a seller (or buyer as the case may be) pursuant to the terms of an open contract subject to tender, to a buyer (or seller as the case may be) pursuant to the terms of an open contract subject to tender, shall not constitute acceptance by the Clearing House of such tender or such documents, and if the Member to whom it passed on such tender or such documents rejects the same where

permitted by Exchange Rules, the Clearing House shall be entitled to reject the same as against the Member from whom it received such tender or such documents.

- (f) Every buyer (not being the Clearing House) who has a Cleared Exchange Contract in his name for the current delivery period or prompt date shall be bound to accept in fulfilment of the Clearing House's obligations as seller under paragraph ~~(e)~~(c) any tender or documents complying with Exchange Rules which is given to him by the Clearing House in accordance with ~~Regulation 2~~Regulation 3.
- (g) Subject to paragraph ~~(e)~~(e), no tender may be withdrawn or substituted by the seller once such tender is received by the buyer except with the consent of such buyer or otherwise in accordance with Exchange Rules.
- (h) Where permitted by Exchange Rules, a tender together with such other documents as may be required by Exchange Rules or the Procedures may be given to the Clearing House by or on behalf of a seller in respect of an original exchange contract to which the seller is party, such tender to be given to the Clearing House together with such particulars of the contract as may be required by the Clearing House, including if required the name of the buyer in respect of such contract, by the time specified in Exchange Rules or the Procedures. Registration of such contract in the name of the seller shall be effected as prescribed by the Procedures.
- (i) The Clearing House may give a tender, together with such other documents as may be required by Exchanges Rules or the Procedures, to a buyer in respect of an original exchange contract to which the buyer is party. Such particulars of the contract as the Clearing House may require shall be furnished by or on behalf of the buyer to the Clearing House in accordance with Exchange Rules or the Procedures. Registration of such contract in the name of the buyer shall be effected as prescribed by the Procedures.
- (j) The Clearing House may give a tender and documents received from a seller pursuant to paragraph ~~(h) above~~(h) above to a buyer in respect of an original exchange contract to which the buyer is party, and shall do so as agent for the seller. The furnishing of particulars and the registration of such contract in the name of a buyer shall be effected as provided in paragraph ~~(i) above~~(i) above. Upon registration of an original exchange contract pursuant to paragraph ~~(h)~~(h), the giving of the tender and documents by the Clearing House to the buyer pursuant to this paragraph shall be deemed to have been given and accepted by such parties in fulfilment of their obligations under paragraph ~~(e) and (f) above~~(c) and (f) above.
- (k) In implementing this Regulation, the Clearing House may effect and register such contracts in a Member's name as may be prescribed in the Procedures at a price determined by the Clearing House in accordance with the Procedures.
- (l) If Exchange Rules require a buyer to give a tender and a seller to receive a tender in respect of a Cleared Exchange Contract, a reference in this Regulation and in ~~Regulation 20~~Regulation 30 to a seller giving a tender shall be construed as being a reference to a buyer giving a tender and a reference to a buyer receiving a tender shall be construed as being a reference to a seller receiving a tender.

~~Regulation 19B~~ **REGULATION 29 DELIVERY CONTRACTS**

- (a) The obligations of Members under delivery contracts shall be performed in accordance with the terms of such delivery contracts and in the manner and by the time prescribed by Exchange Rules, these Regulations and the Procedures. The Clearing House shall fulfil its obligations as seller or buyer, as the case may be, under the terms of a delivery contract in accordance with ~~Regulation 2~~ Regulation 3 and the Procedures.
- (b) Where the terms of an open contract so permit, the Clearing House may give directions to one or more Members concerning the performance of such open contract and in such case each such Members shall be bound by and shall comply with any such direction.

~~Regulation 20~~ REGULATION 30 OPEN CONTRACTS SUBJECT TO TENDER

(a) Without prejudice to the provisions of ~~Regulation 21(a)~~, Regulation 31(a), under an open contract subject to tender or a delivery contract:

(i) the buyer shall be obliged to pay his buying price to the Clearing House as seller in the manner and by the time prescribed by Exchange Rules or the Procedures;

(ii) the Clearing House as buyer shall be obliged to pay the seller his selling price in the manner and by the time prescribed by ~~Regulation 2~~; Regulation 3;

(iii) subject to Exchange Rules any compensation, adjusting payment, or other allowance payable by or to either the buyer or seller under the terms of the open contract shall be paid to or by the Clearing House;

~~Every tender and accompanying documents (except documents which, in accordance with Exchange Rules a buyer is obliged to take up and pay for) given by the Clearing House as seller to a buyer pursuant to Regulation 19(e) shall for the purposes of these Regulations be deemed to comply with Exchange Rules unless the buyer notifies the Clearing House, by 10.00 hours on the business day following the day on which the tender and accompanying documents were given to him by the Clearing House in accordance with Exchange Rules or the Procedures, that the tender and accompanying documents do not so comply, and the Clearing House shall be entitled after receiving such notice, promptly thereafter and notwithstanding that it may do so after 10.00 hours on such business day, to notify the seller to it under the terms of an open contract from whom it received such tender and accompanying documents that such tender and accompanying documents do not so comply.~~

~~(e)~~ (b) Notwithstanding that open contracts may have been settled under ~~Regulation 15, or (in the case of HKMEX Contracts) Regulation 91 or (in the case of Nodal Contracts) Regulation 95 or (in the case of NLX Contracts) Regulation 113,~~ Regulation 23 a seller may, with the agreement of the Clearing House and by the time specified in the Procedures, give the Clearing House a tender in respect of any such contract so settled. Upon receipt of such tender, the Clearing House shall (unless the Procedures otherwise allow) effect on the Member's behalf re-opening contracts (that is a sale by the Member to the Clearing House and a purchase by the Member from the Clearing House of one lot, each on the same terms (including delivery) as the settled contract except as to price) and register such contracts as open contracts in the Member's name, the re-opening contracts to be effected at a price determined by the Clearing House or the Exchange as prescribed by the Procedures. The submission of a tender in accordance with the Procedures shall constitute confirmation of any such re-opening contracts and the seller's tender (or buyer's as the case may be) shall be deemed to have been made pursuant to his sale (or purchase) under the respective re-opening contract.

~~(e)~~ (c) Notwithstanding that an open contract may have been settled under ~~Regulation 15, or (in the case of HKMEX Contracts) Regulation 91, or (in the case of Nodal Contracts) Regulation 95, or (in the case of NLX Contracts) Regulation 113,~~ Regulation 23, the Clearing House may in accordance with the Procedures give a tender to a buyer under ~~Regulation 19~~ Regulation 28 as if the contract were still open and on so doing the Clearing House shall effect on the Member's behalf re-opening contracts (defined as in paragraph ~~(e) above~~ (b) above) and to be effected as there described) and register such contracts as open

contracts in the Member's name. The receipt by the Buyer of such tender shall constitute confirmation of the re-opening contract and shall be deemed to occur pursuant to the Member's purchase under the respective re-opening contract.

~~(e)~~(d) In implementing this Regulation, the Clearing House may effect and register such contracts in a Member's name as it may deem necessary for the purposes hereof or as may be prescribed in the Procedures and at a price determined by the Clearing House in accordance with the Procedures.

Regulation 24 **REGULATION 31** **ARRANGEMENTS FOR DELIVERY AND PAYMENT OF PRICE**

(a) In respect of its obligations under the terms of any open contract as seller to deliver a commodity to the buyer or as buyer to pay the price and any other payments required to be made under the terms of such contract to the seller, the Clearing House may in its absolute discretion in accordance with the Procedures:

(i) direct a Member who is a seller under an open contract to deliver the commodity the subject matter of such contract to such other Member, being a buyer under an open contract as the Clearing House may appoint; and

(ii) direct a Member who is a buyer under an open contract to pay the price and any other amounts payable pursuant to such contract to such other Member, being a seller under an open contract as the Clearing House may appoint;

and delivery or payment in accordance with such direction shall constitute the due performance of such obligations of such buyer or seller as the case may be towards the Clearing House. Each Member agrees that it will accept delivery of a commodity or, as the case may be, payment of the price, and such other amounts from another Member in accordance with such direction in satisfaction of the obligations owed to it by the Clearing House to make payment of the price or such other amounts or to deliver the commodity under the terms of an open contract.

(b) If an invoice is not ready when payment becomes due, payment shall be made and received on account.

(c) A Member may from time to time agree in writing with the Clearing House in respect of such exchange contracts as are prescribed in the Procedures that he shall pay to and receive from the Clearing House in accordance with the Procedures a net amount in respect of his obligations to make or take delivery (as the case may be) of a commodity where such commodity is a currency and to make or receive payment (as the case may be) of the buying or selling price.

(d) If a buyer where permitted by Exchange Rules, rejects the commodity delivered to it pursuant to the Clearing House's obligations to make delivery of the commodity under the terms of an open contract subject to tender, the Clearing House shall be entitled to reject the same as against the seller from whom it took delivery of the same under the terms of an open contract subject to tender, and the Clearing House shall not be deemed to have accepted a commodity delivered to it by a seller which it delivers on to a buyer until such buyer has accepted the commodity.

Regulation 22 REGULATION 32 RESTRICTIONS ON CLEARING HOUSE'S OBLIGATIONS AND LIABILITY

(a) This Regulation shall apply to open contracts subject to tender and delivery contracts and shall not apply to contracts for differences or option contracts.

(b) The Clearing House (or any other member of the LCH.Clearnet Group) shall not be liable in respect of a claim made against it in respect of an open contract subject to tender or a delivery contract by a Member concerning:

(i) a tender given by the Clearing House; or

(ii) any documents accompanying a tender as required by Exchange Rules or Procedures; or

(iii) the performance by the Clearing House of its obligations under an open contract to make delivery of a commodity or to pay the price; or

(iv) any other dispute or matter arising under the terms of such contract;

unless the conditions set out in paragraphs ~~(e), (d) and (e) below~~ (c), (d) and (e) below are satisfied.

(c) The Member shall (without prejudice to his taking any other steps which may be required of or open to him under the relevant Exchange Rules or the Procedures) give written notice and particulars of his claim to the Clearing House not later than 17:00 hours (such time to be of the essence) on the seventh business day following the day on which, in accordance with the relevant Exchange Rules or the Procedures, documents must be taken up and paid for by the buyer (whether or not a buyer fulfils such obligation), or if there are no such documents, not later than 17.00 hours (such time to be of the essence) on the seventh business day following the last day on which the buyer, in accordance with the relevant Exchange Rules or the Procedures, must take delivery of the commodity (whether or not the buyer fulfils such obligation).

(d) Where the relevant Exchange Rules provide for arbitration, the Member shall refer all disputes referred to in paragraph ~~(b) above~~ (b) above in respect of the contract to arbitration under the relevant Exchange Rules, shall give to the Clearing House notice of such referral pursuant to Exchange Rules and details of any award made.

(e) The Member shall promptly provide the Clearing House with such further particulars of his claim, as the Clearing House may from time to time require in writing.

CHAPTER VII – DISPUTE RESOLUTION

~~Regulation 23~~ REGULATION 33 ARBITRATION: CLEARED EXCHANGE CONTRACTS, TURQUOISE DERIVATIVES CLEARED EXCHANGE CONTRACTS, EQUITYCLEAR CONTRACTS OR LCH ENCLEAR OTC CONTRACTS (FOR PHYSICAL DELIVERY)

(a) In this ~~Regulation 23~~, "Regulation 33, "Relevant Rules"" means relevant Exchange Rules or relevant ATP Market Rules.

Subject to ~~Regulation 62A(n)~~, Regulation 70(a), paragraph (e) below; 1, and to the terms of a ~~Member~~-Link Agreement to which the Clearing House and a ~~Member~~Co-operating Clearing House are party; 2 a dispute arising from or in relation to any Cleared Exchange Contract, any EquityClear Contract, or any LCH EnClear OTC Contract for physical delivery (~~("Physical LCH EnClear Contract")~~) or in relation to these Regulations relating to the clearing of Cleared Exchange Contracts, EquityClear Contracts or Physical LCH EnClear Contracts shall, unless resolved between the Clearing House and the Member, be referred to arbitration under the Relevant Rules and arbitration shall be conducted in accordance with such Relevant Rules. The Clearing House shall be entitled to call upon a Member who is a buyer and a Member who is a seller, under the terms of Cleared Exchange Contracts, EquityClear Contracts or Physical LCH EnClear Contracts as applicable, which have been matched by the Clearing House and in respect of which reference to arbitration has been made under the same Relevant Rules, to conduct the arbitration between them under such Relevant Rules as applicable.

(b) In the event that the Clearing House elects to call upon a seller and a buyer to arbitrate between them pursuant to ~~Regulation 23(a)~~Regulation 33(a) above and the Relevant Rules, the following procedures shall apply:

(i) the Clearing House shall give notice of such election to the buyer, the seller and the relevant Exchange; or the relevant ATP ~~or relevant AETS~~, as applicable, in accordance with such Relevant Rules;

(ii) the seller shall at its own expense have the conduct of the Clearing House's case against the buyer, and the buyer shall at its own expense have the conduct of the Clearing House's case against the seller, in either case, subject to the provisions of this Regulation;

(iii) copies of all pleadings, correspondence and documents shall be given to the Clearing House and the Clearing House shall be entitled to submit any additional arguments to the arbitrators in support of its own case, in which case it shall supply copies of such submissions to the seller and the buyer;

(iv) the arbitrators shall have the power to call upon the Clearing House to disclose documents relating to the arbitration which are in its custody, power or possession to the same extent as if it were a direct party to the arbitration; and

² To delete if Oslo Clearing Agreement is not EMIR Compliant.

(v) the arbitrators shall issue two awards, one between the seller and the Clearing House and one between the buyer and the Clearing House which shall determine the rights of each of the seller and the buyer against the Clearing House and vice versa.

(c) If the Clearing House is found liable to one of the parties to the arbitration ("the first party") in respect of a breach of a Cleared Exchange Contract or an EquityClear Contract and the other party to the arbitration ("the second party") is found liable to the Clearing House in respect of such breach of a Cleared Exchange Contract, or EquityClear Contract as applicable, which has been matched by the Clearing House as referred to in paragraph ~~(a) above,~~ (a) above, the liability of the Clearing House to the first party shall be deemed to be a foreseeable consequence of the breach by the second party and the Clearing House shall be entitled to be indemnified in respect of such liability by the second party.

(d) [Subject to the terms of Link Agreement to which the Clearing House and a **Participating Exchange Co-operating Clearing House** are party,³ a dispute arising from or in relation to any Turquoise Derivatives Cleared Exchange Contract (including a dispute concerning Member compliance with the Exchange Rules) or in relation to these Regulations relating to the clearing of a Turquoise Derivatives Cleared Exchange Contracts shall, unless resolved between the Clearing House and the Member, be finally resolved by arbitration under the LCIA Rules, which rules are deemed to be incorporated by reference into this clause, by three arbitrators, the seat of the arbitration to be England, with any hearings to be held in London in the English language.- The Clearing House shall be entitled, at its option, to call upon a Member who is a buyer and a Member who is a seller, under the terms of the Turquoise Derivatives Cleared Exchange Contracts to conduct the arbitration accordingly.

(e) In the event that the Clearing House elects pursuant to Regulation ~~2333(d) above,~~ above, to call upon a seller and a buyer to arbitrate between them, the following procedure⁴ shall apply:

(i) the Clearing House shall give notice of such election to the buyer, the seller and to TGHL [and any relevant **Participating Exchange Co-operating Clearing House**]⁴;

~~(i) the seller shall at its own expense have the conduct of the Clearing House's case against the buyer, and the buyer shall at its own expense have the conduct of the Clearing House's case against the seller, in either case, subject to the provisions of this Regulation;~~

~~(i) copies of all pleadings, correspondence and documents shall be given to the Clearing House and the Clearing House shall be entitled to submit any additional arguments to the arbitrators in support of its own case, in which case it shall supply copies of such submissions to the seller and the buyer;~~

~~(i) the arbitrators shall have the power to call upon the Clearing House to disclose documents relating to the arbitration which are in its custody, power or possession to the same extent as if it were a direct party to the arbitration; and~~

³ To delete if Oslo Clearing Agreement is not EMIR Compliant.

⁴ To delete if Oslo Clearing Agreement is not EMIR Compliant.

- ~~(i) the arbitrators shall issue two awards, one between the seller and the Clearing House and one between the buyer and the Clearing House which shall determine the rights of each of the seller and the buyer against the Clearing House and vice versa.~~
- (ii) the seller shall at its own expense have the conduct of the Clearing House's case against the buyer, and the buyer shall at its own expense have the conduct of the Clearing House's case against the seller, in either case, subject to the provisions of this Regulation;
- (iii) copies of all pleadings, correspondence and documents shall be given to the Clearing House and the Clearing House shall be entitled to submit any additional arguments to the arbitrators in support of its own case, in which case it shall supply copies of such submissions to the seller and the buyer;
- (iv) the arbitrators shall have the power to call upon the Clearing House to disclose documents relating to the arbitration which are in its custody, power or possession to the same extent as if it were a direct party to the arbitration; and
- (v) the arbitrators shall issue two awards, one between the seller and the Clearing House and one between the buyer and the Clearing House which shall determine the rights of each of the seller and the buyer against the Clearing House and vice versa.

(f) If the Clearing House is found liable to one of the parties to the arbitration (~~“(the first party)”~~) in respect of a breach of a Turquoise Derivatives Cleared Exchange Contract and the other party to the arbitration (~~“(the second party)”~~) is found liable to the Clearing House in respect of such breach of a Turquoise Derivatives Cleared Exchange Contract, the liability of the Clearing House to the first party shall be deemed to be a foreseeable consequence of the breach by the second party and the Clearing House shall be entitled to be indemnified in respect of such liability by the second party.

(g) Where any dispute arises from or in relation to any LCH EnClear OTC Contract or in relation to these Regulations relating to the clearing of an LCH EnClear OTC Contract and there are at the time such dispute arises no provisions in the Relevant Rules for arbitration of such dispute or no Relevant Rules, then the dispute shall, unless resolved between the Clearing House and the Member, be finally resolved by the LCIA Rules, which rules are deemed to be incorporated by reference into this clause, by three arbitrators, the seat of the arbitration to be England, with any hearings to be held in London in the English language. The Clearing House shall be entitled, at its option, to call upon a Member who is a buyer and a Member who is a seller, under the terms of the LCH EnClear OTC Contract to conduct the arbitration accordingly.

(h) In the event that the Clearing House elects pursuant to Regulation ~~2333(g) above~~, above, to call upon a seller and a buyer to arbitrate between them, the following ~~procedures~~ shall apply:

- (i) the Clearing House shall give notice of such election to the buyer, ~~and~~ the seller ~~and to any relevant AETS~~, as applicable;
- ~~(i) the seller shall at its own expense have the conduct of the Clearing House's case against the buyer, and the buyer shall at its own expense have the conduct of the~~

~~Clearing House's case against the seller, in either case, subject to the provisions of this Regulation;~~

~~(i) copies of all pleadings, correspondence and documents shall be given to the Clearing House and the Clearing House shall be entitled to submit any additional arguments to the arbitrators in support of its own case, in which case it shall supply copies of such submissions to the seller and the buyer;~~

~~(i) the arbitrators shall have the power to call upon the Clearing House to disclose documents relating to the arbitration which are in its custody, power or possession to the same extent as if it were a direct party to the arbitration; and~~

~~(i) the arbitrators shall issue two awards, one between the seller and the Clearing House and one between the buyer and the Clearing House which shall determine the rights of each of the seller and the buyer against the Clearing House and vice versa.~~

(ii) the seller shall at its own expense have the conduct of the Clearing House's case against the buyer, and the buyer shall at its own expense have the conduct of the Clearing House's case against the seller, in either case, subject to the provisions of this Regulation;

(iii) copies of all pleadings, correspondence and documents shall be given to the Clearing House and the Clearing House shall be entitled to submit any additional arguments to the arbitrators in support of its own case, in which case it shall supply copies of such submissions to the seller and the buyer;

(iv) the arbitrators shall have the power to call upon the Clearing House to disclose documents relating to the arbitration which are in its custody, power or possession to the same extent as if it were a direct party to the arbitration; and

(v) the arbitrators shall issue two awards, one between the seller and the Clearing House and one between the buyer and the Clearing House which shall determine the rights of each of the seller and the buyer against the Clearing House and vice versa.

(i) If the Clearing House is found liable to one of the parties to the arbitration (~~“(“the first party”)~~) in respect of a breach of an LCH EnClear OTC Contract and the other party to the arbitration (~~“(“the second party”)~~) is found liable to the Clearing House in respect of such breach of an LCH EnClear OTC Contract, the liability of the Clearing House to the first party shall be deemed to be a foreseeable consequence of the breach by the second party and the Clearing House shall be entitled to be indemnified in respect of such liability by the second party.

(j) The Clearing House shall be bound by an arbitration award made against it in pursuance of an, arbitration whether it participates directly in the arbitration or not.

(k) No person may refer to arbitration under Exchange Rules any dispute arising from or in connection with the Default Rules or any step taken or proposed to be taken under the Default Rules.

Regulation-24REGULATION 34 COLLATERAL IN EVENT OF A CLAIM

If notice of claim and notice of intention to refer a dispute to arbitration is given to the Clearing House pursuant to Exchange Rules, ~~Regulation-22~~Regulation 34 or ~~Regulation-62A~~Regulation 70 in respect of an open contract, ~~an Equity Clear Contract~~, any or all Collateral (including any Applied Collateral Excess Proceeds) ~~standing to the credit of the account of a Member who~~in which the relevant contract is ~~party to one or more contracts under dispute~~registered (whether such Collateral is held with respect to ~~a~~the contract under dispute or otherwise) may be retained by the Clearing House. The Clearing House may at any time and from time to time demand transfer by such Member of additional Collateral, in such amount as it may deem appropriate in respect of such contract or contracts, to be held by the Clearing House under these Regulations until the claim is finally disposed of. The amount of such Collateral to be transferred by the Member to the Clearing House shall be assessed by reference to such circumstances as the Clearing House in its discretion deems relevant.

**CHAPTER VIII ~~DEFAULT OF A MEMBER~~ – DEFAULT, DISORDER, IMPOSSIBILITY
AND FORCE MAJEURE**

REGULATION 35 DELIVERY (OR OTHER) FAILURES

- (a) Without prejudice to the Default Rules and the Procedures, if a RepoClear Clearing Member, an EquityClear Clearing Member or a Clearing Member acting in respect of a Turquoise Derivatives Cleared Exchange Contract as seller fails to deliver securities to the Clearing House under a RepoClear Contract, RepoClear GC Contract, EquityClear Contract or Turquoise Derivatives Cleared Exchange Contract by the due time therefor, the Clearing House may issue directions, in accordance with the Procedures, to the seller and to a Clearing Member as buyer under a corresponding Contract regarding the performance of such Contracts and such directions shall be binding on such Clearing Members.
- (b) The Clearing House shall be entitled to demand Collateral in respect of a Member's margin obligations in such amounts and in such form as it may require in accordance with the Procedures:
- (i) from a Clearing Member who has failed to deliver securities under a RepoClear Contract, RepoClear GC Contract or EquityClear Contract by the due time therefor and from the buying Clearing Member under the corresponding Contract; and
- (ii) from a Clearing Member where it has failed to deliver securities or other instruments or pay the Price under a Turquoise Derivatives Cleared Exchange Contract by the due time therefor.
- (c) A Clearing Member who has failed to deliver securities or other instruments to the Clearing House under a RepoClear Contract, RepoClear GC Contract, EquityClear Contract or Turquoise Derivatives Cleared Exchange Contract, or to pay the Price shall indemnify the Clearing House in respect of all losses, costs, taxes and expenses suffered or incurred by the Clearing House in taking any steps under this Regulation 35.
- (d) Without prejudice to the Default Rules, if a selling Clearing Member acts in such a manner (which could, without limit, include persistent failure to deliver securities to the Clearing House under RepoClear Contracts, RepoClear GC Contracts, EquityClear Contracts or Turquoise Derivatives Cleared Exchange Contracts (other than in circumstances where Regulation 37 and/or Regulation 38 apply)), and the Clearing House in its reasonable opinion (and, in the case of the Turquoise Derivatives Service, after consultation with TGHL) determines that the reputation of the relevant Service is being, or has been, undermined, the Clearing House shall be entitled to terminate, on written notice, either summarily or at the expiry of the period specified in the notice, the Clearing Member's ability to have RepoClear Contracts, RepoClear GC Contracts, EquityClear Contracts and/or Turquoise Derivatives Cleared Exchange Contracts (as the case may be) registered in his name and to require him to liquidate or transfer under Regulation 18 open contracts, being RepoClear Contracts, RepoClear GC Contracts, EquityClear Contracts and/or Turquoise Derivatives Cleared Exchange Contracts (as the case may be) registered in his name.

~~Regulation 25~~REGULATION 36 DEFAULT OF A MEMBER: SUBSTITUTED OBLIGATION

Where a Member defaults in performance of an open contract subject to tender, and by the operation of Default Rules the Member's rights and liabilities in respect of such performance are discharged and there arises in their place an obligation to account as between the Member and the Clearing House for a settlement amount, then the Clearing House shall be entitled to substitute an obligation to account for such settlement amount, or proportions thereof *pro rata*, for its rights and liabilities in respect of performance of open contracts subject to tender with one or more other Members (such open contracts and such other Members to be selected by the Clearing House in its absolute discretion) for the same commodity and delivery month or prompt date. No Member shall question the settlement amount or any determination made by the Clearing House under this Regulation.

~~Regulation 26~~REGULATION 37 MARKET DISORDERS, IMPOSSIBILITY OF PERFORMANCE, TRADE EMERGENCY

(a) Paragraph ~~(e)~~(c) of this ~~Regulation 26~~Regulation 37 shall not apply to open contracts which are option contracts.

(b) In relation to Cleared Exchange Contracts and Turquoise Derivatives Cleared Exchange Contracts, if a Board, after consultation with the Clearing House, or the Clearing House, if it deems it impracticable to consult with the Board with respect to sub-paragraph ~~(i)~~ below (i) below only, or if the Clearing House, in relation to OTC Contracts or EquityClear Contracts, or LCH EnClear OTC Contracts determines that one of the following conditions is satisfied, namely:

(i) a state of war exists or is imminent or threatened or civil unrest or terrorist or other criminal action has occurred or is imminent or threatened, and is likely to affect or has affected the normal course of business, including, but not limited to, performance under a Contract; or

(ii) the government of any nation, state or territory or any institution or agency thereof has proclaimed or given notice of its intention to exercise, vary or revoke controls which appear likely to affect the normal course of business, including, but not limited to, performance under a Contract; or

(iii) the EU or any international organisation, or any institution or agency thereof, has introduced, varied, terminated or allowed to lapse any provision so as to be likely to affect the normal course of business, including, but not limited to, performance under a Contract; or has given notice of its intention to do so or appears to be about to do so;

then:

(iv) in respect of such open contracts which are OTC Contracts or EquityClear Contracts or LCH EnClear OTC Contracts as specified by the Clearing House, and notified to the affected Members, the Clearing House shall be entitled to invoice back such contracts in accordance with ~~Regulation 28~~Regulation 39 and the Procedures at a price determined by the Clearing House or to require such Members to comply with any directions issued by the Clearing House regarding the performance of, or any other direction in respect of, such contracts; and

(v) such open contracts which are Cleared Exchange Contracts for such delivery months, prompt dates or other delivery periods as the Board in consultation with the Clearing House or (where the Clearing House so determines without consultation with the Board) as the Clearing House shall specify (which may include open contracts under which tender or a notice or some other prescribed form of exercise has been given) shall, (unless the relevant Exchange Rules otherwise provide) upon the Board's (or the Clearing House's, as the case may be) formal announcement that such condition is satisfied, be invoiced back in accordance with ~~Regulation 28~~Regulation 39 and the Procedures at a price determined by the Board (or the Clearing House as the case may be). In the event that a price falls to be determined by the Clearing House it shall, adopt the settlement price which in the opinion of the Clearing House was last determined or announced by the Board pursuant to Exchange Rules.

Accounts shall be made up by the Clearing House in accordance with the Procedures for each Member who is a party to open contracts invoiced back pursuant to this paragraph. Settlement of such accounts shall be due immediately and settlement thereof shall be made forthwith in discharge of such contracts invoiced back notwithstanding any further change of circumstances.

(c) If, in the opinion of the Clearing House after consultation with the relevant Board, a seller's complete performance of an open contract becomes impossible for any reason whatsoever (except in such circumstances as are set out in paragraph ~~(b) above~~; (b) above), the affected contract may at the Clearing House's option thereupon be closed by invoicing back at a price determined by the Board, and such price shall be binding on all affected parties. Accounts shall be made up by the Clearing House in accordance with the Procedures.

(d) If an Exchange determines in accordance with its Exchange Rules that an excessive position or unwarranted speculation or any other undesirable situation or practice is developing or has developed which is affecting or capable of affecting a market in a commodity, the Clearing House may take such action as is requested of it by such Exchange in respect of one or more open contracts for such commodity in a Member's name as may be provided by Exchange Rules, or as may be agreed between the Exchange and the Clearing House.

Any formal announcement made under this Regulation shall be made by notice posted up on the floor of the market or as prescribed by the Procedures.

~~Regulation 27~~ REGULATION 38 FORCE MAJEURE

- (a) Neither the Clearing House (nor any other member of the LCH.Clearnet Group) nor a Member shall be liable for any failure, hindrance or delay in performance in whole or in part of its obligations under the terms of these Regulations or of any Contract if such failure, hindrance or delay arises out of events or circumstances beyond its control. Such events or circumstances may include, but are not limited to, acts of God or the public enemy, acts of a civil or military authority other than the acts referred in Regulation ~~26~~37(b)(i), (ii) or (iii) ~~above~~; above, terrorist or other criminal action, civil unrest, embargoes, fire, flood, labour dispute, unavailability or restriction of computer or data processing facilities, energy supplies, settlement systems or of bank transfer systems or wires, and any other causes beyond the parties reasonable control including, without prejudice to the foregoing, any causes specified in Exchange Rules.
- (b) On the happening of any one or more of the events or circumstances referred to in paragraph ~~(a) above~~, (a) above, which shall immediately be notified by the party prevented, hindered or delayed from performing any of the obligations referred to in paragraph ~~(a) above~~ (a) above to the other:
- (i) in respect of affected Cleared Exchange Contracts, and Turquoise Derivatives Cleared Exchange Contracts, the Clearing House shall be entitled at the time prescribed in the relevant Exchange Rules or if no such time is prescribed at any time after receipt of such notice, to invoice back in accordance with ~~Regulation 28~~, Chapter IX, some or all Contracts in the Member's name at a price determined by the relevant Exchange, or where Exchange Rules permit, to take such other action as it deems necessary or desirable in respect of some or all Contracts in the Member's name or require the Member to take such action as the Clearing House may direct in respect of the same; and
- (ii) in respect of affected OTC Contracts, affected EquityClear Contracts, and affected LCH EnClear OTC Contracts, the Clearing House shall be entitled to require any of the affected Contracts to be performed in accordance with directions issued by the Clearing House or invoiced back in accordance with ~~Regulation 28~~, Regulation 39, or shall be entitled to require the Member to take such action as the Clearing House may direct in respect of such Contracts.

CHAPTER IX – INVOICING BACK AND CURRENCY CONVERSION

Regulation-28 REGULATION 39 **INVOICING BACK**

- (a) Invoicing back of a Member's Contracts pursuant to Regulation ~~2637~~ or ~~2738~~ or the Default Rules or otherwise shall be carried out by the Clearing House effecting and registering pursuant to the Procedures opposite contracts between itself and the Member at the price referred to in the relevant Regulation or, where applicable, in paragraph ~~(d) below;~~ (d) below, and thereupon settling such Contracts against such opposite contracts.
- (b) The Clearing House shall, in addition to carrying out the procedure~~s~~ referred to in paragraph ~~(a) above;~~ (a) above, register opposite contracts between itself and such other Members as the Clearing House may select in its absolute discretion in proportion to the net position of open contracts in their names for the same commodity and delivery month or prompt date as the Contracts invoiced back under paragraph ~~(a) above;~~ (a) above to the nearest whole number of lots, or in the case of option contracts on the terms of the exchange contracts specified in the Procedures, for the same expiry month and strike price as the Contracts invoiced back under paragraph ~~(a) above;~~ (a) above, or in the case of OTC Contracts on the same OTC Contract Terms as the Contracts invoiced back under paragraph ~~(a) above;~~ (a) above, or, in the case of EquityClear Contracts on the same EquityClear Contract Terms as the Contracts invoiced back under paragraph ~~(a) above;~~ (a) above, or in the case of LCH EnClear OTC Contracts on the same LCH EnClear OTC Contract Terms (as the case may be) as the Contracts invoiced back under paragraph (a) above, and thereupon settling such open contracts against such opposite contracts.
- (c) Where open contracts are invoiced back pursuant to ~~Regulation 26(b)~~ Regulation 37(b) or ~~(e) Regulation 37(c)~~ the Clearing House shall ~~make up credit or debit (as the case may be) the Member's~~ accounts ~~of any Member~~ affected by such invoicing back in accordance with ~~Regulation 26(b) or (e);~~ Regulation 37(b) or Regulation 37(c), as applicable. Where a Contract is invoiced back under the Default Rules, the account of such other Member as may be affected under paragraph ~~(b) above;~~ (b) above shall be made up in accordance with that paragraph.
- (d) Opposite contracts effected and registered by the Clearing House pursuant to:
- (i) paragraph ~~(a)~~ (a) and ~~(b) above;~~ (b) above, other than where done pursuant to the Default Rules, shall, subject to ~~Regulation 26(b)~~ Regulation 37(b) or ~~(e);~~ Regulation 37(c), be at a price or, where applicable, a premium fixed or determined by the relevant Board or, in the case of OTC contracts or EquityClear Contracts or LCH EnClear OTC Contracts, at a price determined by the Clearing House, and, shall be binding as a final settlement upon the parties affected by invoicing back.
- (ii) paragraph (a) pur~~s~~uant to the Default Rules shall be at a price; or, where applicable, a premium fixed or determin~~e~~d by the Clearing House, and, shall be binding as a final settlement upon the parties affected by invoicing back except that this paragraph shall be without prejudice to any further liability of the defaulting Member to the Clearing House or to any additional rights which the Clearing House may have against the defaulting Member whether under these Regulations, at law or otherwise.

(e) In this Regulation:

(i) “net position” means: in respect of open contracts which are Cleared Exchange Contracts or Turquoise Derivatives Cleared Exchange Contracts, one or more of such Cleared Exchange Contracts or Turquoise Derivatives Cleared Exchange Contracts as the case may be, against which the Member in whose name they are registered has no matching Cleared Exchange Contracts or Turquoise Derivatives Cleared Exchange Contracts as the case may be for the same delivery month, expiry month or prompt date; in respect of open contracts which are SwapClear Contracts, means one or more of such SwapClear Contracts against which the Member in whose name they are registered has no matching SwapClear Contracts on the same Economic Terms; in respect of RepoClear Contracts, means one or more of such RepoClear Contracts against which the Member in whose name they are registered has no matching RepoClear Contracts on the same Economic Terms; in respect of EquityClear Contracts, means one or more of such EquityClear Contracts against which the Member in whose name they are registered has no matching EquityClear Contracts on the same EquityClear Contract Terms; in respect of LCH EnClear OTC Contracts, means one or more of such LCH EnClear OTC Contracts against which the Member in whose name they are registered has no matching LCH EnClear OTC Contracts on the same LCH EnClear OTC Contract Terms, as the case may be; in respect of open contracts which are ForexClear Contracts, means one or more of such ForexClear Contracts against which the Member in whose name they are registered has no matching ForexClear Contracts on the same Economic Terms;

(ii) “opposite contract” means a contract on the same terms (except as to price or premium), as the Contract to be invoiced back in accordance with this Regulation, but:

(A) where a Member is a seller, in respect of the Cleared Exchange Contract, the Turquoise Derivatives Cleared Exchange Contract, the RepoClear Contract, the EquityClear Contract or LCH EnClear OTC Contract to be invoiced back, such Member shall be a buyer in respect of the opposite contract and vice versa;

(B) where a SwapClear Clearing Member is a floating rate payer, in respect of a SwapClear Contract to be invoiced back, such SwapClear Clearing Member shall be a fixed rate payer in respect of the opposite contract and vice versa;

(C) where a ForexClear Clearing Member is a Reference Currency Buyer in respect of a ForexClear Contract to be invoiced back, such ForexClear Clearing Member shall be a Reference Currency Seller in respect of the opposite contract and vice versa.

~~Regulation 29~~ REGULATION 40 CURRENCY CONVERSION

~~For the purpose of exercising any rights under these Regulations, the~~ The Clearing House shall be entitled in its discretion to convert monies standing to the debit or credit of a Member's accounts (including ~~client accounts~~ Client Accounts) into such other currency or currencies as it thinks fit, such conversion to be effected at such reasonable rate or rates of exchange as the Clearing House may determine in accordance with the Procedures.

CHAPTER X – DISCLOSURE, FEES, RECORDS AND AMENDMENTS

Regulation 30 REGULATION 41 DISCLOSURE AND REPORTING

- (a) The Clearing House shall have authority to supply any information whatsoever concerning a Member and its trading to (a) an Exchange or an exchange with whom the Clearing House has entered into an agreement pursuant to which the parties have agreed to exchange information as required or contemplated by its Exchange Rules, (b) ~~to~~ any Regulatory Body which is entitled to receive or request any such details or information, (c) ~~to a Participating Exchange~~ a Co-operating Clearing House pursuant to an agreement entered into with the ~~Participating Exchange~~ Co-operating Clearing House, (d) any Approved Equity Clear Settlement Provider pursuant to an agreement entered into with that Approved Equity Clear Settlement Provider, (e) a member of the LCH.Clearnet Group Limited, (f) ~~LCH.Clearnet SA or~~ (g) ~~to~~ any other person or body to which the Clearing House is, in its reasonable opinion, legally required to disclose the same, (g) any other person or body to which the Clearing House has agreed to provide such information (including, without limitation, pursuant to Section 5 (Disciplinary Proceedings) of the Procedures), (h) a trade or data repository or similar body on an ongoing basis in the ordinary course of business, or (i) any securities depository or securities settlement system on an ongoing basis in the ordinary course of business.
- (b) The Clearing House shall also be entitled to supply any information whatsoever concerning a Member to any person who has provided or may be contemplating entering into arrangements to provide the Clearing House directly or indirectly with stand-by or other finance, insurance cover, guarantee or other financial backing, which the Clearing House has been requested or is legally required to disclose to assist such person in relation to the provision of, or continued provision of, such finance, insurance cover, guarantee or financial backing.
- (c) The Clearing House shall have authority (a) to obtain and make use of information from SWORD, securities depositories, warehouses and/or any other trade repositories relating to a Member; and (b) to disclose such information to any Regulatory Body or Exchange which is entitled to receive or request any such information.

~~The Clearing House shall have authority to supply to a Cross-Margining Exchange any information relative to a Cross-Margining Participant, as contemplated under the Cross-Margining Agreement between the Clearing House and the Cross-Margining Exchange.~~

~~Regulation 31~~ REGULATION 42 FEES AND OTHER CHARGES

- (a) The Clearing House shall be entitled to levy fees in respect of such matters and at such rates as may from time to time be prescribed. Such fees shall be payable by such Members, by such times, and in such manner as may be prescribed by the Procedures.
- (b) Accommodation charges made by the Clearing House pursuant to ~~Regulation 12(h) or~~ ~~(i)~~ Regulation 20(h) to (j) shall be payable to the Clearing House by such Members, in such manner and by such times as may be prescribed by the Procedures.
- (c) Any changes to be made to the fees and charges payable pursuant to paragraphs ~~(a) and (b)~~ ~~above~~ (a) and (b) above shall take effect, as prescribed by the Procedures.

Regulation ~~32~~ REGULATION 43 RECORDS

A Member shall not be entitled to the return of any particulars, notices or any other documentation presented to the Clearing House pursuant to Regulations ~~6 to 8 and 15 to 20~~ 12 to 15 and Regulation 23 to Regulation 30 inclusive.

Notwithstanding any provision in the Clearing Membership Agreement, Rulebook or any other agreement or contract to which the Clearing House may be a party, the Clearing House shall maintain all records and information on all contracts it has processed for a period of at least ten years.

REGULATION 44 ALTERATION OF REGULATIONS AND THE PROCEDURES

- (a) Unless the Clearing Membership Agreement or these Regulations otherwise specifically provide in relation to any proposed amendment or extension, the Rules Change Committee (acting in accordance with its terms of reference) may from time to time, by notice delivered by the Clearing House to the Exchanges and Members, alter, amend or extend these Regulations.
- (b) Any such alterations, amendments or extensions may be made with immediate effect or with such deferred effect as the Rules Change Committee shall determine. Any alterations, amendments or extensions to these Regulations may take effect so as to apply to Contracts registered in a Member's name at the time such alterations, amendments or extensions come into effect if the Rules Change Committee so determines.
- (c) Unless the Clearing Membership Agreement or these Regulations or the Procedures otherwise specifically provide in relation to any proposed alterations, amendments or extensions, the Rules Change Committee may from time to time alter, amend or extend the Procedures by notice delivered to such Exchanges and Members as may be affected.
- (d) The accidental omission to give notice under this Regulation to, or the non-receipt of notice under this Regulation by, any Exchange or Member shall not invalidate the amendment or extension with which the notice is concerned.

CHAPTER XI – NETTING AND DISTRIBUTION

REGULATION 45 NETTING

- (a) If at any time the Clearing House fails to make a payment or a delivery of an asset to a Member, other than a Defaulter, under a Contract for a period of 30 days from the date when the obligation to pay or deliver fell due then that Member may exercise its rights under paragraph (c) below.
- (b) If at any time the Clearing House commences a voluntary case or other procedure seeking or proposing liquidation, administration, receivership, voluntary arrangement or a scheme of arrangement, or other similar relief with respect to itself or to its debts under any bankruptcy, insolvency, regulatory, supervisory or similar law, or if any of the foregoing cases or procedures is commenced in relation to the Clearing House by any other person which results in liquidation or winding up of the Clearing House, or if the Clearing House takes corporate action to authorise any of the foregoing, in any such case other than for the purposes of corporate restructuring (including any consolidation, amalgamation or merger), then a Member, other than a Defaulter, may exercise the right given to it under paragraph (c) below.
- (c) A Member entitled to exercise rights under this paragraph may, at any time whilst any of the circumstances referred to in paragraph (a) or (b) giving rise to such rights continue, by notice in writing to the Clearing House, specify a Termination Date for the termination and liquidation of all Contracts to which it is a party in accordance with paragraph (d) below.
- (d) Upon the occurrence of a Termination Date:
- (i) neither the Clearing House nor the Member shall be obliged to make any further payments or deliveries under any Contract between them which would, but for this Regulation 45, have fallen due for performance on or after the Termination Date, and any obligations to make further such payments or deliveries which would otherwise have fallen due shall be satisfied by settlement (whether by payment, set-off or otherwise) of the Termination Amount;
- (ii) the Member shall (on, or as soon as reasonably practicable after, the Termination Date) determine (discounting if appropriate) in respect of each Contract its total loss or, as the case may be, gain, in each case expressed in the lawful currency of the United Kingdom (the "**Base Currency**"), (and, if appropriate, including any loss of bargain, cost of funding or, without duplication, loss or, as the case may be, gain as a result of the termination, liquidation, obtaining, performing or re-establishing of any hedge or related trading position), as a result of the termination, pursuant to this agreement, of each payment or delivery which would otherwise have been required to be made under such Contract (assuming satisfaction of each applicable condition precedent and having due regard to, if appropriate, such market quotations published on, or official settlement prices set by, a relevant exchange or clearing organisation, as may be available on, or immediately preceding, the date of calculation);
- (iii) any cash Collateral balance held by the Clearing House and/or the Member in respect of the other party's initial margin and/or variation margin obligations shall (to the extent not already due and payable) be accelerated so as to become immediately due and payable to the party who provided such cash Collateral, and the Member

shall (on, or as soon as reasonably practicable after, the Termination Date) determine the Base Currency Equivalent of such amount(s). For the purposes of this Regulation 45, the "Base Currency Equivalent" means, in respect of any amount denominated in the Base Currency, such Base Currency amount and, in respect of any amount denominated in a currency other than the Base Currency (the "Other Currency"), the amount in the Base Currency determined by the Member as being required to purchase such amount of such Other Currency as at the relevant Termination Date, with the Base Currency; and

(iv) the Member shall treat each loss to it determined under paragraph (d)(ii) above and the Base Currency Equivalent of any amount of cash Collateral due and payable to it as a positive amount and each gain by it determined under paragraph (d)(ii) above and the Base Currency Equivalent of any amount of cash Collateral due and payable by it as a negative amount and, subject to paragraph (v), shall aggregate all of such amounts to produce a single, net positive or negative amount, denominated in the Base Currency (the "Termination Amount").

(v) Where a Member has a Proprietary Account and one or more Client Accounts:

(A) the Member shall determine one or more net amounts under paragraph (d)(iv): a separate net amount in respect of gains and losses arising on Contracts registered in each of its Client Accounts and any corresponding cash Collateral balances held by that Member or the Clearing House; and a further separate net amount in respect of gains and losses arising on all Contracts registered in such Member's Proprietary Account (or Proprietary Accounts as combined) and any corresponding cash Collateral balances held by that Member or the Clearing House; and

(B) each of the net amounts determined under paragraph (v)(A) shall constitute Termination Amounts.

(vi) If a Termination Amount determined pursuant to paragraph (v) above is a positive amount, the Clearing House shall pay it to the Member and if any such Termination Amount is a negative amount, the Member shall pay it to the Clearing House, in either case in accordance with paragraph (vii). The Member shall notify the Clearing House of each such Termination Amount, and by which party it is payable, immediately after the calculation thereof.

(vii) A Termination Amount shall, subject to Regulation 46, be paid in the Base Currency by the close of business on the business day following notification pursuant to paragraph (vi) above (converted as required by applicable law into any other currency, any costs of such conversion to be borne by, and (if applicable) deducted from any payment to, the Clearing House). Any Termination Amount which is not paid on such day shall bear interest, at the average rate at which overnight deposits in the currency of such payment are offered by major banks in the London interbank market as of 11:00 hours (London time) (or, if no such rate is available, at such reasonable rate as the Member may select) plus 1 per cent. per annum, for each day for which any such sum remains unpaid.

(viii) For the purposes of any calculation required to be made under this Regulation, the Member may convert amounts denominated in any other currency into the Base

Currency at such rate prevailing at the time of the calculation as it shall reasonably select.

The Member's rights under this Regulation 45 shall be in addition to, and not in limitation or exclusion of, any other rights which the Member may have (whether by agreement, operation of law or otherwise, including its rights under Regulation 10(i)).

(e) If a Member is a Defaulter and either:

(i) no default management process has been commenced by the Clearing House in respect of such Member within [3]⁵ business days following a Default Notice being issued in respect of that Member; or

(ii) such default management process has been commenced within such period but that Member determines (acting reasonably) that the relevant default management process is unlikely to be completed.

then, provided that an event or circumstance as described in paragraph (a) (ignoring, for this purpose, the words "other than a defaulter" in that paragraph) or (b) above has also occurred, the relevant Member shall be entitled to exercise the rights provided under paragraph (c) above, notwithstanding that it is a Defaulter.

(f) Interpretation in Relation to FDICIA. The Clearing House and each Clearing Member intend that certain provisions of the General Regulations and the Procedures (including this Regulation 45) be interpreted in relation to certain terms that are defined in FDICIA, as follows:

(i) The Clearing House is a "clearing organization".

(ii) An obligation of a Clearing Member to make a payment to the Clearing House, or of the Clearing House to make a payment to a Clearing Member, subject to a netting contract, is a "covered clearing obligation" and a "covered contractual payment obligation".

(iii) An entitlement of a Clearing Member to receive a payment from the Clearing House, or of the Clearing House to receive a payment from a Clearing Member, subject to a netting contract, is a "covered contractual payment entitlement".

(iv) The Clearing House is a "member", and each Clearing Member is a "member".

(v) The amount by which the covered contractual payment entitlements of a Clearing Member or the Clearing House exceed the covered contractual payment obligations of such Clearing Member or the Clearing House after netting under a netting contract is its "net entitlement".

(vi) The amount by which the covered contractual payment obligations of a Clearing Member or the Clearing House exceed the covered contractual payment entitlements of such Clearing Member or the Clearing House after netting under a netting contract is its "net obligation".

⁵ LCH to confirm

- (vii) The General Regulations and the Procedures, including this Regulation 45 constitute a “netting contract”.
- (viii) The provisions of the Rulebook (including the Default Rules) and the Procedures providing for the use and liquidation of Collateral each constitute a “security agreement of arrangement or other credit enhancement related to one or more netting contracts between any 2 members of a clearing organization”.
- (ix) For purposes of this Regulation 45, the term “payment” means “a payment of United States dollars, another currency, or a composite currency, and a noncash delivery, including a payment or delivery to liquidate an unmatured obligation”.

REGULATION 46 DISTRIBUTION OF ASSETS

- (a) Where (after any netting and set-off provided for in Regulation 45 of these Regulations, Regulation 10(i) of these Regulations, Regulation 25 of the FCM Regulations, Regulation 7(i) of the FCM Regulations, or otherwise) the Clearing House has insufficient assets available to it to pay all claims of the Clearing Members (which shall include FCM Clearing Members for the purposes of this Regulation 46) in full (including, for the avoidance of doubt, any claims in respect of outstanding Contributions under Default Rule 16(a)(i)), such claims shall be met first in an amount equal to the sum of the outstanding Contributions of each such Clearing Member and, thereafter, *pro rata* to each Clearing Member's remaining claim, taking into account any amounts already received.
- (b) To the extent the Clearing House does not have sufficient assets available to it to pay each Clearing Member the amount equal to the sum of its outstanding Contributions, the Clearing House shall distribute the assets available to it to Clearing Members in respect of their claims relating to outstanding Contributions in priority to other Clearing Member claims, in each case in an amount equal to the proportion that the outstanding Contributions of the relevant Clearing Member bear to the aggregate of all outstanding Contributions of all Clearing Members.

REGULATION 46A SOLVENCY THREATENING TREASURY DEFAULT LOSS

(a) In this Regulation:

"Calculation Period" means, in respect of a type of Business, a period of the number of days specified in the "Combined Loss Value" calculation in relation to the Fund Amount of that type of Business and ending on the business day preceding the date on which the Clearing House determines that a Solvency Threatening Treasury Default Loss has occurred (and the terms "Business", "Combined Loss Value" and "Fund Amount" have the meanings set out in the Default Fund Rules);

"Margin Weight" means:

(i) the aggregate of a Clearing Member's total margin requirement (in respect of all of its Proprietary Accounts and all of its Client Accounts) for each type of Business undertaken by the Clearing Member averaged over the relevant Calculation Period preceding a determination of a Solvency Threatening Treasury Default Loss under Regulation 46A(b) below;

divided by

(ii) the total average margin requirement of all Clearing Members (including FCM Clearing Members) during the same period; and

"Treasury Default" means, in connection with the Clearing House's treasury management activities, the default of: (A) an issuer of a debt instrument underlying a treasury management contract; and/or (B) a counterparty to a treasury management contract (including a deposit-taking institution), as determined by the Clearing House in its sole discretion.

(b) In the event of a Treasury Default, the Clearing House may determine in its sole discretion that a loss has been caused by or arises out of a Treasury Default. If the Clearing House so determines, it must determine the quantum of that loss by ascertaining the gross amount of the loss and reducing it by EUR 15 million. The result is referred to as a "Solvency Threatening Treasury Default Loss".

(c) The Clearing House will, in respect of each Clearing Member, determine an amount of the Solvency Threatening Treasury Default Loss to be allocated to that Clearing Member based on that Clearing Member's Margin Weight (an "Allocated Loss"). The day on which the Clearing House determines that a Solvency Threatening Treasury Default Loss has taken place shall be the determination day for the purposes of establishing the Calculation Period.

(d) The maximum Allocated Loss that each Clearing Member can be allocated is equal to: (i) the total Clearing House treasury investment portfolio immediately prior to the Solvency Threatening Treasury Default Loss, reduced by EUR 15 million; multiplied by (ii) that Clearing Member's Margin Weight. For the purpose of the calculation of Margin Weight, the margin requirements for any Clearing Member who has become a defaulter at any point prior to the date of allocation, shall be disregarded.

(e) Each Clearing Member shall pay to the Clearing House within an hour of demand a cash amount equal to its Allocated Loss. The Clearing House shall be entitled to debit such cash amount from the PPS account associated with that Clearing Member's Proprietary Account.

(f) Any determination made by the Clearing House, and any action taken by the Clearing House, pursuant to this Regulation is binding on a Clearing Member and may in no circumstances be challenged or called into question.

(g) If, after exercising its rights under this Regulation, the Clearing House makes a recovery in respect of the Treasury Default, the Clearing House will (after replenishing its own losses and expenses) distribute the net proceeds of such recovery pro rata to the amount of the Allocated Loss paid by each Clearing Member and each FCM Clearing Member in respect of that Treasury Default by crediting the relevant Clearing Member's Proprietary Account. Nothing in this Regulation 46A(g) obliges the Clearing House to pursue any litigation or take other action in order to recover the amounts contemplated hereby.

CHAPTER XII – MISCELLANEOUS

~~Regulation 33~~ REGULATION 47 PROCEDURES

The Procedures shall take effect and shall be binding on Members as if they formed part of these Regulations save that, in the event of any conflict between the provisions of these Regulations and the Procedures, the provisions of these Regulations shall prevail.

~~Alteration of Regulations and the Procedures~~

~~Unless the Clearing Membership Agreement or these Regulations otherwise specifically provide in relation to any proposed amendment or extension, the Clearing House may from time to time, by notice delivered to the Exchanges and Members, amend or extend these Regulations and such amendment or extension may be made with immediate effect or with such deferred effect as the Clearing House shall determine. Any amendment or extension to these Regulations may take effect so as to apply to Contracts registered in a Member's name at the time such amendment or extension comes into effect if the Clearing House so determines.~~

~~Unless the Clearing Membership Agreement or these Regulations or the Procedures otherwise specifically provide in relation to any proposed amendment or extension, the Clearing House may from time to time amend or extend the Procedures by notice delivered to such Exchanges and Members as may be affected.~~

~~(c)(a) The accidental omission to give notice under this Regulation to, or the non receipt of notice under this Regulation by, any Exchange or Member shall not invalidate the amendment or extension with which the notice is concerned.~~

~~Regulation 35~~ **REGULATION 48** INTERPRETATION OF THESE REGULATIONS

- (a) In the event of inconsistency between the provisions of these Regulations and Exchange Rules, or between these Regulations and the rules or regulations or other contractual provisions of any trading platform or other undertaking, the provisions of these Regulations shall prevail.
- (b) The headings to these Regulations are for convenience only and shall not affect their interpretation.

~~Regulation 36~~ REGULATION 49 WAIVER

No failure by the Clearing House to exercise, nor any delay on its part in exercising, any of its rights (in whole or in part) under these Regulations shall operate as a waiver of the Clearing House's rights or remedies upon that or any subsequent occasion, nor shall any single or partial exercise of any right or remedy prevent any further exercise thereof or any other right or remedy.

Regulation 37 REGULATION 50 **VALIDITY OF REGULATIONS AND ACTION**

- (a) If at any time any provision of these Regulations becomes illegal, invalid or unenforceable in any respect under the law of any jurisdiction, neither the legality, validity or enforceability of the remaining provisions of these Regulations nor the legality, validity or enforceability of such provision under the law of any other jurisdiction shall in any way be affected or impaired thereby.
- (b) Action taken by the Clearing House pursuant to Exchange Rules may not be questioned on the ground that the Exchange Rules are to any extent invalid or ultra vires or that a determination or request made by the Exchange, or any agreement made by the Exchange, is ultra vires, incompatible with Exchange Rules or otherwise questionable.

~~Regulation 38~~ REGULATION 51 GOVERNING LAW AND JURISDICTION

- (a) These Regulations and the Procedures, an OTC Contract, a Turquoise Derivatives Cleared Exchange Contract, an EquityClear Contract, an LCH EnClear OTC Contract, [an HKMEx Contract,]⁶ a Nodal Contract, an FEX Contract and an NLX Contract and all non-contractual or other obligations arising out of or in connection with it shall be governed by and construed in accordance with English law.
- (b) ~~Subject to the terms of a Member Link Agreement to which the Clearing House and a Member are party any~~ Any dispute arising from or in relation to any Contract or in relation to these Regulations shall, unless resolved between the Clearing House and a Member, be referred to arbitration under the Relevant Rules in accordance with ~~Regulation 23. The obtaining of an arbitration award shall be a condition precedent to the~~ Regulation 33. Any right of the Clearing House or the Member to bring or maintain any action, suit or other legal procedures against the other, ~~except only~~ shall be conditional upon the obtaining of an arbitration award. Notwithstanding the foregoing, the Clearing ~~House's~~ House shall have an unconditional right to maintain proceedings to obtain security for a claim. This paragraph is subject to ~~Regulation 23(k)~~ Regulation 33(k) and shall not apply to any action, suit or other legal procedure concerning a dispute there referred to.
- (c) The Clearing House and every Member hereby irrevocably agree for the benefit of the Clearing House that the courts of England shall have exclusive jurisdiction to hear and determine any claim or matter arising from or in relation to any Contract or in relation to these Regulations which does not fall to be referred to arbitration under paragraph ~~(b), or to be dealt with in a different forum under the terms of a Member Link Agreement~~ (b), or to be dealt with under the ATS Rules (as defined in ~~Regulation 56A(a)~~ Regulation 63(a)) pursuant to the provisions of ~~Regulation 56(l)~~ Regulation 64 and each Member irrevocably submits to such jurisdiction and to waive any objection which it might otherwise have to such courts being a convenient and appropriate forum, save that this submission to the exclusive jurisdiction of the English courts shall not (and shall not be construed so as to) limit the right of the Clearing House to take proceedings in any other court of competent jurisdiction, nor shall the taking of action in one or more jurisdictions preclude the taking of action in any other jurisdiction, whether concurrently or not.
- (d) Each Member irrevocably waives, with respect to itself and its revenues and assets, all immunity on the grounds of sovereignty or other similar grounds from suit, jurisdiction of any court, relief by way of injunction, order for specific performance or for recovery of property, attachment of its assets (whether before or after judgement) and execution or enforcement of any judgement to which it or its revenues or assets might otherwise be entitled in any proceedings in the courts of any jurisdiction and irrevocably agrees that it will not claim any such immunity in any proceedings.
- (e) ~~Subject to paragraph (a) above and (i) below and (j) below~~ Subject to paragraph (a) above and Exchange Rules, a Cleared Exchange Contract shall, after registration in the name of a Member, continue to be governed by and construed in accordance with the law governing it prior to registration.

⁶ To be deleted upon termination of HKMEx Service (if service is terminated)

REGULATION 52 EXCLUSION OF LIABILITY

~~An OTC Contract and a Turquoise Derivatives Cleared Exchange Contract shall be governed by and construed in accordance with English law.~~

~~An EquityClear Contract shall be governed by and construed in accordance with English law.~~

~~An LCH EnClear OTC Contract shall be governed by and construed in accordance with English law.~~

~~A HKMEx Contract shall be governed by and construed in accordance with English law.~~

~~A Nodal Contract shall be governed by and construed in accordance with English law.~~

~~An NLX Contract shall be governed by and construed in accordance with English law.~~

Exclusion of Liability

- (a) Without prejudice to the provisions of Regulations ~~1 and 22 and 39(e)~~ or to the provisions of ~~a Member Link Agreement, 2 and 32 and 52(e)~~ neither the Clearing House, nor any other member of the LCH.Clearnet Group shall have any liability whatsoever to any Member or to any other person (including, without limitation, any ~~client~~ Clearing Client of a Member) in contract, tort (including, without limitation, negligence), trust, as a fiduciary or under any other cause of action in respect of any damage, loss, cost or expense of whatsoever nature suffered or incurred by a Member or any other person, as the case may be, as a result of: any suspension, restriction or closure of the market administered by an Exchange, an ATP or a ~~Participating Exchange~~ Co-operating Clearing House, whether for a temporary period or otherwise or as a result of a decision taken on the occurrence of a market emergency; any failure by the Clearing House or an Exchange or a ~~Participating Exchange~~ Co-operating Clearing House or an ATP or its operator or the relevant approved agent or the Approved EquityClear Settlement Provider to supply each other with data or information in accordance with arrangements from time to time established between any or all of such persons; the failure of any systems, communication facilities or technology supplied, operated or used by the Clearing House, an Exchange, or a ~~Participating Exchange for the purposes of a Link~~ Co-operating Clearing House; any event which is outside the control of the Clearing House; any act or omission of an Exchange, or a ~~Participating Exchange~~ Co-operating Clearing House in connection with a ~~Linked Exchange Contract or a Participating Exchange~~ Co-operating Clearing House Contract or any contracts made on such terms, including, without limitation, any error in the establishment of a settlement price made by an Exchange; any act or omission of the Clearing House, an Exchange, or a ~~Participating Exchange~~ Co-operating Clearing House (as the case may be) in connection with the operation of a Link or the arrangements for the transfer of Contracts under a Link; ~~or any act or omission of a Board or an Exchange or any determination made under Exchange Rules in connection with LIFFE Credit Default Swap Index Contracts or the terms thereof.~~
- (b) Neither the Clearing House nor any other member of the LCH.Clearnet Group shall have any liability to a Member or any other person (including without limitation a SwapClear Dealer, or a RepoClear Dealer or ~~an EquityClear NCM or a ForexClear Dealer~~) in respect of any dispute arising from or in relation to any OTC Transaction, Eligible OTC Trade, or an ATP Match including, but not limited to, any dispute as to the validity or otherwise of such OTC Transaction, Eligible OTC Trade, the terms of such OTC Transaction, Eligible OTC Trade, trade or ATP Match, or whether any alleged agreement or arrangement constitutes an OTC Transaction or Eligible OTC Trade.
- (c) Without prejudice to the provisions of ~~Regulation 1~~ Regulation 2 and ~~Regulation 39(e), Regulation 52(e)~~, neither the Clearing House nor any other member of the LCH.Clearnet Group shall have any liability whatsoever to any SwapClear Clearing Member, ~~a~~ RepoClear Clearing Member, EquityClear ~~Participant~~ Clearing Member, LCH EnClear OTC Clearing Member, ForexClear Participant or to any other person (including, without limitation, a SwapClear Dealer or a RepoClear Dealer) in contract, tort (including without limitation, negligence), trust, as a fiduciary or under any other cause of action in respect of any damage, loss, cost or expense of whatsoever nature suffered or incurred as a result of: any suspension of an OTC Service or the EquityClear Service or the LCH EnClear OTC Services (or any part thereof), whether for a temporary period or otherwise, a step taken by the Clearing House under ~~Regulations 26, 27, 47(f), 54(f) or 67~~ Regulation 16(i), Regulation 37, Regulation 38, Regulation 55(g), or Regulation 72 or any failure or

malfunction of any systems, communication lines or facilities, software or technology supplied, operated or used by the Clearing House or the relevant approved agent; the occurrence of any event which is outside the control of the Clearing House; or any exercise by the Clearing House of its discretion under the Regulations, or any decision by the Clearing House not to exercise any such discretion.

(d) Without prejudice to ~~Regulation 39(e)~~[Regulation 52\(c\)](#) and ~~39(e)~~[Regulation 52\(e\)](#), unless otherwise expressly provided in the Regulations or in any other agreement to which the Clearing House is party, neither the Clearing House nor any other member of the LCH.Clearnet Group shall have any liability under any circumstances (including, without limitation, as a result of any negligence by the Clearing House, or any other member of the LCH.Clearnet Group Limited, or their respective officers, employees, agents or representatives), ~~be liable~~ to any Member, or a SwapClear Dealer, a RepoClear Dealer, ~~an EquityClear NCM~~, or a ForexClear Dealer for any indirect or consequential loss or damage, or loss of anticipated profit (whether direct or indirect) or loss of bargain, suffered or incurred by any such Member, SwapClear Dealer, RepoClear Dealer, ~~an EquityClear NCM~~, or a ForexClear Dealer, and shall not in any circumstances be liable for any loss, cost, damage or expense suffered or incurred by any person as a result of any negligence on the part of the Clearing House, or any other member of the LCH.Clearnet Group Limited, or their respective officers, employees, agents or representatives.

(e) Nothing in this ~~Regulation 39~~[Regulation 52](#) shall be construed as an attempt by the Clearing House to exclude any liability for any fraud, fraudulent misrepresentation or wilful default on the part of the Clearing House. The Clearing House accepts liability for any personal injury or death caused by the negligence of the Clearing House and for any fraud or wilful default on the part of the Clearing House and for any actions that it may take on the basis of advice given to it by the SwapClear DMG, and for the accuracy of the information that it distributes to the SwapClear Clearing Members in connection with the SwapClear DMP pursuant to the SwapClear DMP Annex [in the Default Rules](#), and for any actions that it may take on the basis of advice given to it by the ForexClear DMG, and for the accuracy of the information that it distributes to the ForexClear Clearing Members in connection with the ForexClear DMP pursuant to the ForexClear DMP Annex [in the Default Rules](#).

(f) Without prejudice to the provisions of ~~Regulations 1~~[Regulation 2](#) and ~~22~~[Regulation 32](#) and ~~39(e)~~[Regulation 52\(e\)](#) neither the Clearing House, nor any other member of the LCH.Clearnet Group shall have any liability whatsoever to any Member or to any other person (including, without limitation, any ~~client~~[Clearing Client](#) of a Member or a member of a ~~Participating Exchange~~[Co-operating Clearing House](#) or any ~~client~~[Clearing Client](#) of such member) in contract, tort (including, without limitation, negligence), trust, as a fiduciary or under any other cause of action in respect of any damage, loss, cost or expense of whatsoever nature suffered or incurred by a Member or any other person, as the case may be, as a result of the failure of any systems, communication facilities or technology supplied, operated or used by TGHL or as a result of any negligence, wrongdoing, or other act, error, failure or omission on the part of TGHL, in supplying any services to the Clearing House with regard to the ~~Clearing House~~ Turquoise Derivatives Services or as a result of or in connection with any inconsistency or conflict between any provision contained in the Turquoise Derivatives Rules on the one hand and any provision of these Regulations, Default Rules and Procedures and any other Clearing House documentation on the other hand.

~~Without prejudice to the provisions of Regulations 22 and 39(e) neither the Clearing House, nor any other member of the LCH.Clearnet Group shall have any liability whatsoever to any Member or to any other person (including, without limitation, any client of a Member or a member of a Participating Exchange or any client of such member) in contract, tort (including, without limitation, negligence), trust, as a fiduciary or under any other cause of action in respect of any damage, loss, cost or expense of whatsoever nature suffered or incurred by a Member or any other person, as the case may be, as a result of the failure of any systems, communication facilities or technology supplied, operated or used by LIFFE, or as a result of any negligence, wrongdoing, or other act, error, failure or omission on the part of LIFFE in relation to the physical settlement of any Contracts or any failure in its administration of deliveries under any Contracts or as a result of or in connection with any inconsistency or conflict between any provision relating to such settlement contained in the LIFFE Rules on the one hand and any provision of these Regulations, Default Rules and Procedures and any other Clearing House documentation on the other hand.~~

~~(h)~~(g) For the purposes of the Contracts (Rights of Third Parties) Act 1999, save as is expressly set out herein, these Regulations, Default Rules and Procedures do not create any rights in any persons who is/are not a Member/s.

~~(i)~~(h) Without prejudice to ~~Regulation 1~~Regulation 2 and ~~Regulation 39(e)~~Regulation 52(e), neither the Clearing House, nor any other member of the LCH.Clearnet Group, shall have any liability whatsoever to any Member or to any other person (including, without limitation, any client of a Member) in contract, tort (including, without limitation, negligence), trust, as a fiduciary or under any other cause of action in respect of any damage, loss, cost or expense of whatsoever nature suffered or incurred by a Member or any other person as the case may be, as a result of any service failure, whether complete or partial, of any payment or securities services provider, including (without limitation) any Securities System Operator, custodian, settlement agent, securities depository, securities settlement system, settlement facility or central bank.

Netting

~~If at any time the Clearing House fails to make a payment or a delivery of an asset to a Member, other than a defaulter, under a Contract for a period of 30 days from the date when the obligation to pay or deliver fell due then that Member may exercise its rights under paragraph (c) below.~~

~~If at any time the Clearing House commences a voluntary case or other procedure seeking or proposing liquidation, administration, receivership, voluntary arrangement or a scheme of arrangement, or other similar relief with respect to itself or to its debts under any bankruptcy, insolvency, regulatory, supervisory or similar law, or if any of the foregoing cases or procedures is commenced in relation to the Clearing House by any other person which results in liquidation or winding up of the Clearing House, or if the Clearing House takes corporate action to authorise any of the foregoing, in any such case other than for the purposes of corporate restructuring (including any consolidation, amalgamation or merger), then a Member, other than a defaulter, may exercise the right given to it under paragraph (c) below.~~

~~A Member entitled to exercise rights under this paragraph may, at any time whilst any of the circumstances referred to in paragraph (a) or (b) giving rise to such rights continue, by notice in writing to the Clearing House, specify a Termination Date for the termination and liquidation of all Contracts to which it is a party in accordance with paragraph (d) below.~~

~~(a) Upon the occurrence of a Termination Date:~~

~~neither the Clearing House nor the Member shall be obliged to make any further payments or deliveries under any Contract between them which would, but for this Regulation 39A, have fallen due for performance on or after the Termination Date, and any obligations to make further such payments or deliveries which would otherwise have fallen due shall be satisfied by settlement (whether by payment, set-off or otherwise) of the Termination Amount;~~

~~(i) the Member shall (on, or as soon as reasonably practicable after, the Termination Date) determine (discounting if appropriate) in respect of each Contract its total loss or, as the case may be, gain, in each case expressed in the lawful currency of the United Kingdom (the "Base Currency"), (and, if appropriate, including any loss of bargain, cost of funding or, without duplication, loss or, as the case may be, gain as a result of the termination, liquidation, obtaining, performing or re-establishing of any hedge or related trading position), as a result of the termination, pursuant to this agreement, of each payment or delivery which would otherwise have been required to be made under such Contract (assuming satisfaction of each applicable condition precedent and having due regard to, if appropriate, such market quotations published on, or official settlement prices set by, a relevant exchange or clearing organisation, as may be available on, or immediately preceding, the date of calculation);~~

~~any cash Collateral balance held by the Clearing House and/or the Member in respect of the other party's initial margin and/or variation margin obligations shall (to the extent not already due and payable) be accelerated so as to become immediately due and payable to the party who provided such cash Collateral, and the Member shall (on, or as soon as reasonably practicable after, the Termination Date)~~

~~determine the Base Currency Equivalent of such amount(s). For the purposes of this Regulation 39A, the "Base Currency Equivalent" means, in respect of any amount denominated in the Base Currency, such Base Currency amount and, in respect of any amount denominated in a currency other than the Base Currency (the "Other Currency"), the amount in the Base Currency determined by the Member as being required to purchase such amount of such Other Currency as at the relevant Termination Date, with the Base Currency; and~~

~~the Member shall treat each loss to it determined under paragraph (d)(ii) above and the Base Currency Equivalent of any amount of cash Collateral due and payable to it as a positive amount and each gain by it, determined under paragraph (d)(ii) above and the Base Currency Equivalent of any amount of cash Collateral due and payable by it, as a negative amount and, subject to paragraph (v), shall aggregate all of such amounts to produce a single, net positive or negative amount, denominated in the Base Currency (the "Termination Amount").~~

~~Where a Member has a Proprietary Account and one or more client accounts:~~

~~the Member shall determine one or more net amounts under paragraph (d)(iv): (A) a separate net amount in respect of gains and losses arising on Contracts registered in each of its client accounts which are Individual Segregated Accounts or Omnibus Net Segregated Accounts and any corresponding cash Collateral balances held by that Member or the Clearing House; (B) a separate net amount in respect of gains and losses arising on all Contracts registered in all of its client accounts which are not Individual Segregated Accounts or Omnibus Net Segregated Accounts and any corresponding cash Collateral balances held by that Member or the Clearing House; and (C) a further separate net amount in respect of gains and losses arising on all Contracts registered in such Member's Proprietary Account (or Proprietary Accounts as combined) and any corresponding cash Collateral balances held by that Member or the Clearing House; ; and~~

~~each of the net amounts determined under paragraph (v)(1) shall constitute Termination Amounts.~~

~~(i) If a Termination Amount determined pursuant to paragraph (v) above is a positive amount, the Clearing House shall pay it to the Member and if any such Termination Amount is a negative amount, the Member shall pay it to the Clearing House, in either case in accordance with paragraph (vii). The Member shall notify the Clearing House of each such Termination Amount, and by which party it is payable, immediately after the calculation thereof.~~

~~(i) A Termination Amount shall, subject to Regulation 39B, be paid in the Base Currency by the close of business on the business day following notification pursuant to paragraph (vi) above (converted as required by applicable law into any other currency, any costs of such conversion to be borne by, and (if applicable) deducted from any payment to, the Clearing House). Any Termination Amount which is not paid on such day shall bear interest, at the average rate at which overnight deposits in the currency of such payment are offered by major banks in the London interbank market as of 11:00 hours (London time) (or, if no such rate is~~

~~available, at such reasonable rate as the Member may select) plus 1 per cent per annum, for each day for which any such sum remains unpaid.~~

~~(i) For the purposes of any calculation required to be made under this Regulation, the Member may convert amounts denominated in any other currency into the Base Currency at such rate prevailing at the time of the calculation as it shall reasonably select.~~

~~The Member's rights under this Regulation 39A shall be in addition to, and not in limitation or exclusion of, any other rights which the Member may have (whether by agreement, operation of law or otherwise, including its rights under Regulation 5(i)).~~

If a Member is a defaulter and either:

~~no default management process has been commenced by the Clearing House in respect of such Member within 3 business days following a default notice being issued in respect of that Member; or~~

~~such default management process has been commenced within such period but that Member determines (acting reasonably) that the relevant default management process is unlikely to be completed;~~

~~then, provided that an event or circumstance as described in paragraph (a) (ignoring, for this purpose, the words "other than a defaulter" in that paragraph) or (b) above has also occurred, the relevant Member shall be entitled to exercise the rights provided under paragraph (c) above, notwithstanding that it is a defaulter.~~

Distribution of Assets

~~Where (after any netting and set-off provided for in Regulation 39A of these Regulations, Regulation 5(i) of these Regulations, Regulation 25 of the FCM Regulations, Regulation 6(i) of the FCM Regulations, or otherwise) the Clearing House has insufficient assets available to it to pay all claims of the Clearing Members (which shall include FCM Clearing Members for the purposes of this Regulation 39B) in full (including, for the avoidance of doubt, any claims in respect of outstanding Contributions under Default Fund Rule 23(a)(i)), such claims shall be met first in an amount equal to the sum of the outstanding Contributions of each such Clearing Member and, thereafter, pro rata to each Clearing Member's remaining claim, taking into account any amounts already received.~~

~~To the extent the Clearing House does not have sufficient assets available to it to pay each Clearing Member the amount equal to the sum of its outstanding Contributions, the Clearing House shall distribute the assets available to it to Clearing Members in respect of their claims relating to outstanding Contributions in priority to other Clearing Member claims, in each case in an amount equal to the proportion that the outstanding Contributions of the relevant Clearing Member bear to the aggregate of all outstanding Contributions of all Clearing Members.~~

~~Solvency Threatening Treasury Default Loss~~

~~In this Regulation:~~

~~“**Calculation Period**” means, in respect of a type of Business, a period of the number of days specified in the “Combined Loss Value” calculation in relation to the Fund Amount of that type of Business and ending on the business day preceding the date on which the Clearing House determines that a Solvency Threatening Treasury Default Loss has occurred (and the terms “Business”, “Combined Loss Value” and “Fund Amount” have the meanings set out in the Default Fund Rules);~~

~~“**Margin Weight**” means:~~

~~the aggregate of a Clearing Member’s total margin requirement (in respect of all of its Proprietary Accounts and all of its Client Accounts) for each type of Business undertaken by the Clearing Member averaged over the relevant Calculation Period preceding a determination of a Solvency Threatening Treasury Default Loss under Regulation 39C(b) below;~~

~~divided by~~

~~the total average margin requirement of all Clearing Members (including FCM Clearing Members) during the same period; and~~

~~“**Treasury Default**” means, in connection with the Clearing House’s treasury management activities, the default of: (A) an issuer of a debt instrument underlying a treasury management contract; and/or (B) a counterparty to a treasury management contract (including a deposit-taking institution), as determined by the Clearing House in its sole discretion.~~

~~In the event of a Treasury Default, the Clearing House may determine in its sole discretion that a loss has been caused by or arises out of a Treasury Default. If the Clearing House so determines, it must determine the quantum of that loss by ascertaining the gross amount of the loss and reducing it by EUR 15 million. The result is referred to as a “**Solvency Threatening Treasury Default Loss**”.~~

~~(a) The Clearing House will, in respect of each Clearing Member, determine an amount of the Solvency Threatening Treasury Default Loss to be allocated to that Clearing Member based on that Clearing Member’s Margin Weight (an “**Allocated Loss**”). The day on which the Clearing House determines that a Solvency Threatening Treasury Default Loss has taken place shall be the determination day for the purposes of establishing the Calculation Period.~~

~~(a) The maximum Allocated Loss that each Clearing Member can be allocated is equal to: (i) the total Clearing House treasury investment portfolio immediately prior to the Solvency Threatening Treasury Default Loss, reduced by EUR 15 million; multiplied by (ii) that Clearing Member’s Margin Weight. For the purpose of the calculation of Margin Weight, the margin requirements for any Clearing Member who has become a defaulter at any point prior to the date of allocation, shall be disregarded.~~

~~(a) Each Clearing Member shall pay to the Clearing House within an hour of demand a cash amount equal to its Allocated Loss. The Clearing House shall be entitled to debit such cash amount from the PPS account associated with that Clearing Member’s Proprietary Account.~~

~~(a) Any determination made by the Clearing House, and any action taken by the Clearing House, pursuant to this Regulation is binding on a Clearing Member and may in no circumstances be challenged or called into question.~~

~~If, after exercising its rights under this Regulation, the Clearing House makes a recovery in respect of the Treasury Default, the Clearing House will (after replenishing its own losses and expenses) distribute the net proceeds of such recovery pro rata to the amount of the Allocated Loss paid by each Clearing Member and each FCM Clearing Member in respect of that Treasury Default by crediting the relevant Clearing Member's Proprietary Account. Nothing in this Regulation 39C(g) obliges the Clearing House to pursue any litigation or take other action in order to recover the amounts contemplated hereby.~~

CHAPTER XIII LINK- LME REGULATIONS

~~Regulation 40~~ REGULATION 53 ~~APPLICATION OF LINK REGULATIONS~~

~~These Link Regulations, which form a part of the General Regulations, apply in conjunction with all other provisions of the Regulations to Contracts which are on the terms of those Linked Exchange Contracts specified for the purpose of these Link Regulations in the Procedures and which are registered by the Clearing House in the name of a Member pursuant to Regulation 9. The references in these Link Regulations to “Contracts on the terms of a Linked Exchange Contract” shall be construed as referring to Contracts on the terms of a Linked Exchange Contract specified for the purpose of these Link Regulations in the Procedures. The references in these Link Regulations to “contracts on the terms of a Participating Exchange Contract” shall be construed as referring to contracts on the terms of a Participating Exchange Contract specified for the purposes of these Link Regulations in the Procedures.~~

~~In the event of any conflict between these Link Regulations and the General~~

- ~~(a) The Clearing House shall provide the LME Service subject to and in accordance with the terms of this Regulation and the Procedures.~~
- ~~(b) Clearing Members which are LME Service Clearing Members, and applicants to become LME Service Clearing Members, shall be bound by this Regulation and the other Regulations specified in this Regulation to apply to the LME Service. Other than as specified in this Regulation, the remainder of the Regulations shall not apply to the LME Service.~~
- ~~(c) Regulations 2 and 3 of the Regulations apply to the LME Service.~~

LME Service Clearing Membership

- ~~(d) A Clearing Member may apply to become a LME Service Clearing Member in accordance with the Procedures.~~
- ~~(e) Regulation 4 applies to LME Service Clearing Membership and applications therefor.~~
- ~~(f) Regulation 5 applies to a LME Service Clearing Member.~~
- ~~(g) In the event of any inconsistency between LME's Rules and the LME Regulations, the LME Regulations shall prevail.~~

Accounts

- ~~(h) Regulation 10 applies to the opening and operation of accounts with respect to a LME Service Clearing Member. Such accounts shall be designated in accordance with Regulation 15.~~

Client Clearing

- ~~(i) Regulation 11 applies to those LME Service Clearing Member who provide (or wish to provide Client Clearing Services).~~

Formation, registration and transfers of LME Contracts

- (j) LME's Rules govern the formation of a LME Transaction.
- (k) Regulation 13, Regulation 14 and Regulation 16 govern the registration and formation of a LME Contract.
- (l) Regulation 18 (and, insofar as relevant, Regulation 12(b)) apply to a LME Contract which is an open contract.

Margin and Collateral

- (m) Regulation 20 applies to a LME Service Clearing Member.

Daily settlement

- (n) Regulation 21, Regulation 22, Regulation 23, Regulation 24 and Regulation 25 apply to the daily settlement to market of open LME Contracts.

Options

- (o) Regulation 21, Regulation 26 and Regulation 27 apply to LME Contracts which are options.

Physical settlement

- (p) Regulation 28 to 32 (inclusive), Regulation 35 and Regulation 36 apply to LME Contracts.

Arbitration

- (q) Regulation 33 and Regulation 34 apply to LME Contracts.

Market disorders; force majeure; invoicing back; currency conversion; disclosure; fees and other charges; records; Procedures; alteration of Regulations and Procedures; interpretation; waiver; validity; governing law and jurisdiction; exclusion of liability; netting

- (r) Regulation 35 to Regulation 52 (inclusive) apply to LME Service Clearing Members and LME Contracts.

Default Rules, ~~the~~

- ~~(b)~~(s) The Default Rules shall prevail apply to LME Service Clearing Members and LME Contracts.

Clearing House Settlement Finality Regulations

~~Transfer of Contracts on the terms of a Linked Exchange Contract~~

~~Each Contract on the terms of a Linked Exchange Contract registered by the Clearing House in the name of a Member pursuant to Regulation 9 which forms part of a Member's Day Position Balances and all other Contracts on the terms of a Linked Exchange Contract which do not form part of such Day Position Balances shall, subject to Regulations 42(a), 42(b) and 44, be transferred in accordance with paragraph~~

~~(t) The Clearing House Settlement Finality Regulations apply in relation to LME Service Clearing Members and LME Contracts.~~

~~Summary table of Regulations which apply to the LME Service~~

~~The Regulations listed in this (e) below Regulation 53.~~

~~The Clearing House shall, in accordance with the Procedures, calculate each Member's Day Position Balances with respect to Contracts on the terms of a Linked Exchange Contract which are registered on a business day in each such Member's name and recorded in certain accounts referred to in the Procedures. Subject to Regulations 42(a), 42(b) and 44, the Clearing House shall transmit details of such Day Position Balances and all other Contracts on the terms of a Linked Exchange Contract registered on such business day in each such Member's name which do not form part of a Member's Day Position Balances to the relevant Participating Exchange in accordance with procedures from time to time agreed with, and by such time or times and on such day as agreed with, such Participating Exchange.~~

~~Upon the dispatch by the relevant Participating Exchange of a confirmation in such form as may be agreed from time to time with the Clearing House following receipt by such Participating Exchange of the details of Contracts transmitted pursuant to paragraph (b) aboveu, all such Contracts comprised in each Member's Day Position Balances and all other Contracts referred to in paragraph apply to the LME Service as described under (b) Regulation 53 shall be transferred under this paragraph (ea) and the terms of a Member Link Agreement to which each Member party to such Contracts is a party. The transfer of such Contracts shall, subject to Regulation 42(d), have effect so that:~~

~~the Clearing House and each Member party to each such Contract shall be released from their obligations to each other under each such Contract ("a discharged Contract") (except from their obligations under these Regulations including, without limitation, obligations with respect to any fees payable under the Regulations or to pay any daily settlement amounts in respect of one or more discharged Contracts or to transfer Collateral) and, without prejudice to the foregoing or to the claims of either the Clearing House or a Member arising out of or in relation to a discharged Contract;~~

~~the respective rights of the Clearing House and a Member against each other under a discharged Contract shall be cancelled and the discharged Contract shall be replaced simultaneously by a contract on the terms of the relevant Participating Exchange Contract between the persons specified in the relevant Member Link Agreement to which the Member party to a discharged Contract is a party and under which such discharged Contract was transferred.~~

(u) ~~Contracts other than option Contracts comprised in a Member's Day Position Balances shall be transferred at the settlement price for the delivery month of such Contracts established by the relevant Exchange. Such Contracts (other than option Contracts) shall be transferred at the official quotation for such delivery month if no such Settlement Price has been established. Contracts in the terms of a Linked Exchange Contract which do not form part of a Member's Day Position Balances shall, subject to paragraph to (e) below~~l~~.~~

~~, be transferred at the price at which they were entered into and, unless paragraph (e) applies, no daily settlement amounts shall be payable in respect of such Contracts under the Regulations. Option Contracts comprised in a Member's Day Position Balance shall be transferred with effect that no premium shall be payable under contracts on the terms of the relevant Participating Exchange Contract which arise pursuant to Regulation 41(c)(ii), but without prejudice to the obligation of the buyer to pay the premium due under each discharged Contract.~~

~~If Regulation 44(a) applies, all Contracts (other than option Contracts) which are subsequently transferred pursuant to paragraph (c) above after the business day on which they were registered by the Clearing House shall, subject to paragraph (f) below, be transferred at the settlement price referred to in paragraph (d) above, or if no such settlement price has been established, at the official quotation referred to in paragraph (d) above, for the business day immediately preceding the business day on which such transfer is made. Option Contracts which are subsequently transferred pursuant to paragraph (c) above after the business day on which they were registered by the Clearing House shall, subject to paragraph (f) below, be transferred with effect that no premium shall be payable under contracts on the terms of the relevant Participating Exchange Contract which arise pursuant to Regulation 41(c)(ii), but without prejudice to the obligation of the buyer to pay the premium due under each discharged Contract.~~

~~If Contracts to be transferred pursuant to Regulation 41(c) have been entered into pursuant to the trade correction procedures, such Contracts may be transferred at a different price to the price specified in paragraph (e) above.~~

~~Transfer to the Clearing House of Participating Exchange Contracts~~

~~Each contract on the terms of a Participating Exchange Contract registered by a Participating Exchange in the name of a member of a Participating Exchange forming part of the member of the Participating Exchange's Day Position Balances shall, subject to Regulations 42 and 44, be transferred at the time or times and in the manner referred to in either or both of the Participating Exchange Rules of the relevant Participating Exchange and the applicable Member Link Agreement to which such member of the Participating Exchange is party and in accordance with any other procedures from time to time agreed between the Clearing House and the Participating Exchange and any Exchange party to the relevant Link. Notwithstanding the preceding sentence, such contracts on the terms of a Participating Exchange Contract may be transferred after such time or times if the Clearing House, the Participating Exchange, and any Exchange party to the relevant Link so agrees.~~

~~Upon the transfer of a contract referred to in paragraph (a) which is on the terms of a Participating Exchange Contract pursuant to a Member Link Agreement, the parties to such contract shall be released from their obligations to each other under such contract (except from those obligations which the Member Link Agreement and the relevant Participating Exchange Rules expressly state shall survive) (a "discharged contract") and, without prejudice to the provisions of the Participating Exchange Rules, their respective rights against each other shall be cancelled and the discharged contract shall be replaced simultaneously by a contract on the terms of the relevant exchange contract between the Clearing House and the Member party to such Member Link Agreement for the same number of lots and the same delivery month or expiry month and exercise price (as applicable) as the discharged contract. Such contract shall, upon its arising, be subject to the relevant Exchange Rules and the Regulations and shall not be subject to any Participating Exchange Rules and shall, upon registration pursuant to Regulation 9(f), become an open contract.~~

Default Affecting Transfer

- ~~(i) If, prior to the transfer of Contracts on the terms of one or more Linked Exchange Contracts pursuant to Regulation 41(c), a Member becomes a defaulter or any other default related or other event specified in a relevant Member Link Agreement to which the Member is party occurs with respect to the Member (“the defaulting Member”), Contracts on the terms of one or more relevant Linked Exchange Contracts registered in the defaulting Member’s name with the Clearing House shall not be transferred pursuant to Regulation 41(c) if the terms of the relevant Member Link Agreement so provides.~~

~~Following the occurrence of any event referred to in sub paragraph (a)(i) above in respect of a Member, and if Contracts in the terms of the relevant Linked Exchange Contracts to which the defaulting Member is party cannot be transferred pursuant to Regulation 41(c), the Clearing House shall, without prejudice to the Default Rules or to paragraph (f) above, for the purposes of facilitating the transfer of Contracts under one or more Links pursuant to Regulation 41(c), either enter into Contracts (“Default Management Contracts”) as a principal with one or more Members (each “a Nominated Member”) who agrees to enter into such contracts which shall, in accordance with paragraph (c) of this Regulation 42, be in the terms of such Contracts on the terms of one or more relevant Linked Exchange Contracts which are or become registered in the defaulting Member’s name with the Clearing House or, if the terms of the relevant Link Agreement so requires, implement the provisions of Regulation 42(g).~~

- ~~(i) If, prior to the transfer of Contracts on the terms of one or more Linked Exchange Contracts pursuant to Regulation 41(c), the Clearing House becomes aware that a member of a Participating Exchange who is party to such Member Link Agreement with a Member (“affected Member”) has become a Defaulter (as defined in such Member Link Agreement) or any other default related or other event specified in such Member Link Agreement occurs with respect to the member of the Participating Exchange, Contracts on the terms of one or more relevant Linked Exchange Contracts registered in the name of an affected Member shall not be transferred under such Member Link Agreement or under any other relevant Member Link Agreement if the terms of any such agreement do not so permit and, pursuant to the terms of the relevant Link Agreement either the provisions of sub paragraph (ii) or Regulation 42(g) shall apply.~~

~~(ii) If, pursuant to sub paragraph (i) above, this sub paragraph (ii) applies, the Clearing House shall, for the purposes of facilitating the transfer of Contracts under a Link pursuant to Regulation 41(c), enter into Default Management Contracts with one or more Nominated Members who agree to enter into such Contracts, which shall in accordance with paragraph (c) of this Regulation 42 be on the terms of Contracts on the terms of one or more relevant Linked Exchange Contracts which are or become registered in the affected Member’s name.~~

~~Default Management Contracts entered into by the Clearing House pursuant to paragraph (a) or (b)(ii) above with one or more Nominated Members shall (in aggregate) be for the same number of lots as the number of lots of Contracts on the terms of one or more relevant Linked Exchange Contracts which remain open contracts after the Clearing House has taken steps (if any) pursuant to the Default Rules (or the relevant Exchange has taken steps (if any) under Exchange Rules) to achieve a discharge of the defaulter’s rights and liabilities under or in respect of such Contracts or, as the case may be, pursuant to~~

~~paragraph (f) below to achieve a discharge of the affected Member's Contracts and shall be assigned to such accounts of a Nominated Member as agreed between the Clearing House and the Nominated Member and, as applicable, shall be included in the Nominated Member's Day Position Balances or aggregated with the Contracts registered in the Nominated Member's accounts which do not form part of his Day Position Balances. Details of such Default Management Contracts shall be transmitted to the relevant Participating Exchange pursuant to Regulation 41(b).~~

~~Default Management Contracts entered into by the Clearing House pursuant to Regulation 42(a) or 42(b)(ii) with a Nominated Member shall be transferred pursuant to Regulation 41(e) and thereby discharged in accordance with the terms of any written agreement entered into between the Clearing House and the Nominated Member for the purposes of this Regulation 42 and upon such transfer, the Clearing House and the Nominated Member shall become party to new Contracts which shall be subject to the Regulations and in the same terms and for the same number of lots as the Default Management Contracts, as more particularly described in such agreement, save that the Clearing House, if a party to a Default Management Contract as a seller, shall be a buyer under a Contract to which the Clearing House becomes a party under this paragraph (d) and vice versa. Such new Contracts shall not be transferred pursuant to Regulation 41, but shall be performed in accordance with the Regulations and the terms of any written agreement to which the Clearing House and the Nominated Member is a party for the purposes of this Regulation 42.~~

~~Contracts on the terms of a Linked Exchange Contract to which a defaulter or an affected Member is a party and which cannot be transferred pursuant to Regulation 41(e) ("affected Contracts") shall remain subject to and shall be discharged in accordance with the Regulations.~~

~~Without prejudice to the Default Rules, the Clearing House shall have the right to take such action and by such means as the Clearing House in its absolute discretion determines to close-out, cash settle by invoicing back, transfer to another member pursuant to Regulation 11, or otherwise achieve a discharge of the affected Member's affected Contracts whether or not the affected Member is a defaulter.~~

~~If the terms of the applicable Link Agreement so require the Clearing House shall, following the occurrence of an event referred to in Regulation 42(a) in respect of a Member or in Regulation 42(b) in respect of a member of the relevant Participating Exchange, become party to one or more contracts (each a "Default Contract") with the Participating Exchange party to such Link Agreement which shall be on the same terms and for the same number of lots as the number of lots of the affected contracts which remain open contracts after the Clearing House has taken steps pursuant to the Default Rules or pursuant to paragraph (f) above with respect to such affected Contracts, except that each Default Contract shall be subject to the relevant Participating Exchange Rules and not subject to these Regulations or to the relevant Exchange Rules. The Clearing House shall have the right to take such action and by such means as the Clearing House in its absolute discretion determines to close-out, transfer or otherwise achieve the discharge of each Default Contract pursuant to the relevant Participating Exchange Rules or the terms of any agreement concluded between the Clearing House and such Participating Exchange and to close-out, transfer or otherwise achieve a discharge of the affected Contracts pursuant to the Default Rules or Regulation 42(f).~~

~~(i) If the terms of the relevant Link Agreement so require, following the occurrence of an event referred to in Regulation 42(a) in relation to a Member or in Regulation 42(b) in relation to a member of a Participating Exchange, contracts on the terms of one or more relevant Participating Exchange Contracts registered with the relevant Participating Exchange in the name of such member of the Participating Exchange or a member of the Participating Exchange party to a Member Link Agreement with the Member and which form part of such member of the Participating Exchange's day Position Balances shall not be transferred pursuant to Regulation 41A (b) and the Participating Exchange (as a Member of the Clearing House) shall become party to one or more open contracts (each a "Default Contract") with the Clearing House.~~

~~Each such Default contract shall be on the same terms and for the same number of lots as such contracts on the terms of each such Participating Exchange Contract, except that each Default Contract shall be subject to the Regulations and the relevant Exchange Rules and not subject to the relevant Participating Exchange Rules. The Participating Exchange shall have the right to take such action and by such means as the Participating Exchange in its absolute discretion determines to close out, transfer or otherwise achieve the discharge of each Default Contract pursuant to the Regulations or the terms of any agreement concluded between the Clearing House and the relevant Participating Exchange, provided that, without prejudice to the Default Rules, the Clearing House shall also have the right to take such action and by such means as the Clearing House in its absolute discretion determines to close out, transfer to another Member pursuant to Regulation 11, or (if they cannot be so transferred) otherwise achieve a discharge of each such Default Contract, and may take such action whether or not the Participating Exchange is a defaulter.~~

Collateral

~~Without prejudice to the provisions of Regulation 9(b) or Regulation 12, the Procedures or any agreement entered into between the Clearing House and a Member with respect to Collateral transferred or to be transferred by such Member to the Clearing House, the Clearing House shall be entitled to require a Member to transfer Collateral to the Clearing House in an amount determined by the Clearing House as a condition of the Clearing House agreeing to register original contracts on the terms of a Linked Exchange Contract in the name of the Member and to ensure that the Clearing House holds sufficient Collateral at all times, in an amount or amounts determined by the Clearing House, as security for the performance by such Member of his obligations to the Clearing House in respect of such original contracts to be registered or Contracts registered with the Clearing House. In addition, the Clearing House shall be entitled to demand Collateral in a form and in an amount determined by the Clearing House from a Member as a condition of the Clearing House agreeing to take any steps pursuant to any trade correction procedures.~~

Impossibility of Transfer

~~If it is not possible for any reason (other than for a reason referred to in Regulation 42) (including, without limitation, as a result of any action taken by an Exchange pursuant to Exchange Rules or, as a result of the act of a government or a Regulatory Body or any change in applicable law or as a result of the failure of any systems, communication facilities or other technology) for details of open contracts on the terms of a Linked Exchange Contract to be transmitted on a day pursuant to Regulation 41(b), or for the relevant Participating Exchange to receive such details or to despatch a confirmation as referred to in Regulation 41(c), so that such Contracts cannot be transferred pursuant to Regulation 41(c) on the business day on which such Contracts were registered by the Clearing House, such Contracts shall remain registered with the Clearing House and subject to the Regulations and Procedures. Details of such Contracts which remain as open contracts shall be transmitted to the relevant Participating Exchange pursuant to Regulation 41(b) on the next day on which such Contracts are permitted to be transferred under the Link entered into with the relevant Participating Exchange and on which it is possible for details of such Contracts to be transmitted.~~

~~If it is not possible for any reason other than for a reason referred to in Regulation 42 (including, without limitation, as a result of any action taken by an Exchange or a Participating Exchange pursuant to Exchange Rules or Participating Exchange Rules (as the case may be), or as a result of the act of a government or a Regulatory Body or any change in applicable law or a result of the failure of any systems, communication facilities or other technology) for contracts on the terms of a Participating Exchange Contract to be transferred pursuant to Regulation 41A on the day on which such contracts were registered by the Participating Exchange, such contracts shall remain registered with the Participating Exchange and subject to its Participating Exchange Rules. Such contracts shall be transferred to the Clearing House pursuant to Regulation 41A on the next day on which such contracts are permitted to be so transferred under the Link Agreement entered into with the relevant Participating Exchange and on which it is possible to do so.~~

~~If the Link entered into with a Participating Exchange is suspended for an indefinite period or terminated, Contracts which have not been transferred pursuant to Regulation 41(c) shall remain registered with the Clearing House and subject to the Regulations and shall be performed in accordance with their terms or may be closed out or otherwise discharged in accordance with the Regulations or the relevant Exchange Rules.~~

~~Cross-Margining Regulations~~

~~A Member who is a Cross-Margining Participant shall indemnify and hold harmless the Clearing House against all amounts which are or may become due and payable by the Clearing House to a Cross-Margining Exchange pursuant to a Cross-Margining Agreement entered into between the Clearing House and the Cross-Margining Exchange (amongst other parties, as the case may be) to which the Member is also a party or is bound by agreement with the Clearing House and the Cross-Margining Exchange.~~

~~A Member shall pay on demand any amount or amounts which the Clearing House claims from the Member pursuant to the indemnity contained in Regulation 45(a). Any amount or amounts so demanded shall be conclusive and binding on the Member.~~

~~In the event of any conflict between the terms of the indemnity contained in paragraph (a) above and the terms of any indemnity, reimbursement obligation or like obligation to which the Member is bound by the terms of a Cross-Margining Agreement, the terms of the indemnity in Regulation 45(a) shall prevail.~~

CHAPTER XIV – SWAPCLEAR REGULATIONS

Regulation 46 REGULATION 54 APPLICATION OF SWAPCLEAR REGULATIONS

(a) ~~These~~ The Clearing House shall provide the SwapClear Service subject to and in accordance with the terms of these SwapClear Regulations, ~~which form part of~~ and the Procedures.

SwapClear Clearing Members shall be bound by these SwapClear Regulations, ~~together with the Regulations referred to in paragraph.~~ Applications to become a SwapClear Clearing Member shall be made in accordance with ~~(b) Regulation 54 apply to SwapClear Contracts, SwapClear Clearing Members and, insofar as relevant, to SwapClear Dealers.~~

(b) ~~(d) and (e).~~ Other than as expressly specified in this Regulation 54, the remainder of the Regulations shall not apply to the SwapClear Service. A summary table of those Regulations which apply to the SwapClear Service as described in Regulation 54(a) to (p) is provided at Regulation 54(q).

(c) Regulation 2 and Regulation 3 of the Regulations apply to the SwapClear Service.

SwapClear Clearing Membership

(d) A Clearing Member may apply to become a SwapClear Clearing Member in accordance with the Procedures.

(e) Regulation 4 applies to membership of the SwapClear Service and applications for such membership.

(f) Regulation 5 applies to a SwapClear Clearing Member.

Accounts

(g) Regulation 10 applies to the opening and operation of accounts with respect to a SwapClear Clearing Member. Such accounts shall be designated in accordance with Regulation 15.

Client Clearing

(h) Regulation 11 applies to those SwapClear Clearing Members who provide (or wish to provide) Client Clearing Services.

Formation, registration and transfers of SwapClear Contracts

(i) Regulation 16(b), Regulation 16(c), Regulation 17 and Regulation 55 apply to the registration and formation of a SwapClear Contract.

(j) Regulation 60 (and, insofar as relevant, Regulation 12(b)) apply to a SwapClear Contract that is an open contract.

(k) Regulation 54 to Regulation 60 apply to the SwapClear Service.

Margin and Collateral

(l) Regulation 20 applies to a SwapClear Clearing Member.

Reference prices and Revaluation

(m) Regulation 22 applies to open SwapClear Contracts.

Other Applicable Regulations

(n) Regulation 37 to Regulation 46 inclusive apply to SwapClear Clearing Members and SwapClear Contracts.

Default Rules

~~(b)(o) The Default Rules (including the SwapClear DMP Annex), Default Fund Rules, the definitions and Regulations 1, 2, 3(b), 4, 5, 8, 9(b) and (c), 10, 11, 12, 14, 16, 26 to 39B inclusive (other than Regulation 35(a) and Regulation 37(b)) of the General Regulations apply to SwapClear Contracts,~~ apply to SwapClear Clearing Members and, ~~insofar as relevant, to~~ SwapClear ~~Dealers~~Contracts.

Clearing House Settlement Finality Regulations

(p) The Clearing House Settlement Finality Regulations apply in relation to SwapClear Clearing Members and SwapClear Contracts.

Summary table of Regulations which apply to the SwapClear Service

(q) The Regulations listed in this Regulation 54(q) apply to the SwapClear Service as described under Regulation 54(a) to (p).

<i>Regulation</i>	<i>Title</i>
Regulation 2	Obligation to the Clearing House to each Member
0	Performance by the Clearing House of its Obligations under the Terms of an Open Contract

Settlement Finality Regulations	Settlement Finality Regulations

~~Regulation 47~~ REGULATION 55 REGISTRATION OF SWAPCLEAR CONTRACTS

- (a) A SwapClear Transaction may be presented to the Clearing House for registration as two SwapClear Contracts or one SwapClear Contract, and one FCM SwapClear Contract (in accordance with the other provisions of the Rulebook).
- (b) Once a SwapClear Transaction has been presented to the Clearing House, the Clearing House shall (where applicable in accordance with paragraph (c) below and Section ~~2C3.21.3~~ (Registration) of Procedure 2C (the ~~Procedures~~ SwapClear Service) request the consent of each of the relevant SwapClear Clearing Members with whom a SwapClear Contract shall be registered as a result thereof to such registration. Upon each such SwapClear Clearing Member providing its consent, such SwapClear Transaction shall be deemed to have been submitted (as such term is defined in the Procedures) to the Clearing House for registration. Any such consent shall be provided in accordance with the Procedures.
- (c) A SwapClear Clearing Member which has been nominated to clear the SwapClear Contract arising from the registration of a SwapClear Transaction on behalf of a third party Executing Party other than a SwapClear Dealer will (only where such SwapClear Transaction is not a US Trading Venue Transaction) be notified by the Clearing House of the relevant SwapClear Transaction and shall choose whether to grant or refuse consent to the registration of such SwapClear Transaction and the SwapClear Contract(s) resulting from such SwapClear Transaction. In circumstances where (i) a SwapClear Clearing Member is an Executing Party in relation to a SwapClear Transaction and shall clear one of the SwapClear Contracts resulting from such SwapClear Transaction; or (ii) or a SwapClear Transaction is a US Trading Venue Transaction, the consent of that SwapClear Clearing Member to the registration of the relevant SwapClear Transaction will occur automatically and without the need for any further action by such SwapClear Clearing Member.
- (d) The Clearing House shall register or reject the registration of a SwapClear Contract in respect of a SwapClear Transaction presented for registration subject to, and in accordance with, these Regulations and ~~the~~ Procedures as quickly as would be technologically practicable if fully automated systems were used (the standard required in Part 39 of the CFTC Regulations), **provided that:**
- (i) both sides of the relevant SwapClear Transaction have been properly presented and submitted for clearing by (or on behalf of the) the Executing Parties;
 - (ii) the relevant SwapClear Transaction meets the eligibility criteria as prescribed ~~in~~ on the ~~Rulebook~~ Clearing House's website at the time the particulars of the SwapClear Transaction are presented to the Clearing House and continues to meet such criteria at the Registration Time;
 - (iii) such SwapClear Contract is consented to by the relevant SwapClear Clearing Member (to the extent such consent is required) in accordance with paragraph (c) above and Section 2C3.2 of the Procedures;
 - (iv) the applicable SwapClear Clearing Member has transferred, upon request of the Clearing House and in accordance with ~~Regulation 12~~ Regulation 20 and such other applicable provisions of the Rulebook, all required Collateral ~~required~~ in respect of such SwapClear Contract prior to registration (taking into account any available MER and/or SwapClear Tolerance, if any); provided that such Collateral need not be

transferred prior to registration as a condition to the registration of such SwapClear Contract unless such SwapClear Contract results from a SwapClear Transaction that is a Block IRS Trade;

(v) all the conditions applicable (under the terms of the Rulebook or the FCM Rulebook, as the case may be) for the registration of the other SwapClear Contract or the FCM SwapClear Contract (as the case may be) deriving ~~from~~ the relevant SwapClear Transaction have been satisfied.

~~(vi)~~(e) From the time of registration by the Clearing House of two SwapClear Contracts or one SwapClear Contract and one FCM SwapClear Contract (as the case may be) (the ~~“Registration Time”~~) in respect of a SwapClear Transaction in accordance with the Procedures:

~~(A)~~(i) where both of the Executing Parties in respect of such SwapClear Transaction are SwapClear Member(s) and/or SwapClear Dealer(s), those Executing Parties shall be released and discharged from all rights and obligations thereunder which fall due for performance on or after the Registration Time and, in all other cases, the rights and obligations of the Executing Parties to the SwapClear Transaction shall be governed by the applicable Execution Terms, or as otherwise agreed by such Executing Parties; and

~~(B)~~(ii) the relevant SwapClear Clearing Member(s) will be deemed to be and will be bound by the SwapClear Contract(s) with the Clearing House automatically and without any further action on its part, on terms that, without limitation, incorporate all applicable terms of the Rulebook ~~and the Schedule to these SwapClear Regulations~~ (including the SwapClear Contract Terms applicable to the relevant SwapClear Contract).

~~(e)~~(f) The Economic Terms shall be such that: (A) a SwapClear Clearing Member paying (or clearing on behalf of a person paying) Rate X and receiving (or clearing on behalf of a person receiving) Rate Y under a SwapClear Transaction shall have such rights against, and owe such obligations to, the Clearing House under the corresponding SwapClear Contract registered by it in respect of such SwapClear Transaction as further provided for in the final paragraph of this sub-paragraph ~~(e)~~(f) and (B) a SwapClear Clearing Member paying (or clearing on behalf of a person paying) Rate Y and receiving (or clearing on behalf of a person receiving) Rate X under a SwapClear Transaction shall have such rights against, and owe such obligations to, the Clearing House under the corresponding SwapClear Contract registered by it in respect of such SwapClear Transaction as further provided for in the final paragraph of this sub-paragraph ~~(e)~~(f).

In this sub-paragraph ~~(e)~~(f), a reference to the ~~“rights”~~ and ~~“obligations”~~ is a reference to rights and obligations, falling due for exercise or performance after the Registration Time, and which are the same in nature and character as the rights or obligations set out in the Economic Terms of the corresponding SwapClear Transaction (it being assumed, for this purpose, that such SwapClear Transaction was a legal, valid, binding and enforceable obligation of the parties thereto and that the Economic Terms thereof were as presented to the Clearing House for registration), notwithstanding the change in the person entitled to them or obliged to perform them, and subject to any change thereto as a result of the operation of the Standard Terms. In this sub-paragraph ~~(e)~~(f), a reference to ~~“paying”~~

means either paying under a SwapClear Transaction that is an existing swap transaction or “agreeing to pay” under a SwapClear Transaction that is contingent on clearing.

~~(f)~~(g) If at any time after registration of a SwapClear Contract, the Clearing House determines that the corresponding SwapClear Transaction of which details were presented for registration did not, at the Registration Time, meet the SwapClear ~~Product~~-Eligibility Criteria in existence at the Registration Time (an “Ineligible SwapClear Transaction”), the Clearing House shall, immediately set aside both SwapClear Contracts (or, in the case of a SwapClear Transaction that resulted in a SwapClear Contract and an FCM SwapClear Contract, such SwapClear Contract) arising from such Ineligible SwapClear Transaction. Upon a SwapClear Contract (an “Ineligible SwapClear Contract”) being set aside under this paragraph ~~(h)~~(g): (1) the Clearing House will notify the SwapClear Clearing Member party to such Ineligible SwapClear Contract via the Approved Trade Source System through which details of the relevant Ineligible SwapClear Transaction were originally presented to the Clearing House that such Ineligible SwapClear Contract has been set aside; and (2) such Ineligible SwapClear Contract shall immediately be deemed to be terminated and shall thereafter have no force or effect. Where an Ineligible SwapClear Contract is set aside pursuant to this paragraph ~~(h)~~(g), all payments (including, without limitation, variation margin) (if any) paid by the Clearing House or by a SwapClear Clearing Member in respect of such ~~Ineligible~~ SwapClear Contract up to and including the time when such Ineligible SwapClear Contract was set aside shall be retained by the receiving party upon termination as a termination payment. Any other payment obligations in respect of an Ineligible SwapClear Contract and/or the relevant Ineligible SwapClear Transaction shall be as agreed between the Executing Parties to such Ineligible SwapClear Transaction and shall not be paid by or to the Clearing House.

~~(g)~~(h) Notwithstanding anything to the contrary in this Rulebook, the Clearing House may decline to register a SwapClear Transaction as a SwapClear Contract or a SwapClear Contract and a FCM SwapClear Contract (as the case may be) where it considers such action advisable for its own protection or the protection of the relevant market; **provided that** the Clearing House may (subject to the provisions of the Rulebook) register any SwapClear Contract which reduces the risk exposure of the Clearing House and the applicable SwapClear Clearing Member, as determined in the discretion of the Clearing House. The Clearing House may, subject to sub-paragraph ~~(d)~~(d) above and without assigning any reason, make the registration of any SwapClear Transaction subject to any conditions stipulated by the Clearing House including, without limitation, the transfer to the Clearing House of additional Collateral by any SwapClear Clearing Member in whose name any such SwapClear Transaction is to be registered.

~~(h)~~(i) Any SwapClear Transaction of which details have been presented for registration and which are not so registered will be governed by the applicable Execution Terms among the relevant parties, and the Clearing House shall have no obligations or liability in relation thereto.

~~(i)~~(j) If a SwapClear Transaction is revoked, avoided or otherwise declared invalid for any reason after particulars of it have been accepted by the Clearing House for registration such revocation, avoidance or invalidity shall not affect any SwapClear Contract arising under this ~~Regulation 47, Regulation 3(b) or Regulation 11.~~Regulation 55, Regulation 12(b) or Regulation 18.

In the case of a SwapClear Contract registered by the Clearing House pursuant to ~~†~~[Rule 6\(a\)](#) of the Default Rules, the Registration Time shall be deemed to be the time chosen by the Clearing House whereupon this ~~Regulation 47~~[Regulation 55](#) shall take effect.

~~Regulation 48~~ REGULATION 56 COMPRESSION

(a) Notwithstanding any other provision of these Regulations if:

(i) one or more SwapClear Contracts registered by a SwapClear Clearing Member in accordance with the Rulebook has substantially the same Economic Terms as one or more other SwapClear Contracts registered for the account of such SwapClear Clearing Member, and

(ii) all such SwapClear Contracts are either (a) registered on the SwapClear Clearing Member's own behalf or (b) registered on behalf of the same SwapClear Clearing Client ~~(whether in an Omnibus Net Segregated Account or an Individual Segregated Account),~~²

then, to the extent permitted in the Procedures and this ~~Regulation 48~~, Regulation 56, the SwapClear Clearing Member may request that the Clearing House compress and combine all such SwapClear Contracts by terminating the relevant existing SwapClear Contracts and compressing them into one SwapClear Contract reflecting the aggregate economic terms, or the net economic terms, as the case may be, of such original SwapClear Contracts. ~~SwapClear Contracts registered on a SwapClear Clearing Member's own behalf can only be compressed pursuant to this Regulation 48 if they are derived from the registration of a SwapClear Transaction which relates to SwapClear Clearing Client Business.~~ For the avoidance of doubt, in no circumstances can a SwapClear Contract registered in the Proprietary Account of a SwapClear Clearing Member be compressed pursuant to this ~~Regulation 48~~ Regulation 56 with a SwapClear Contract registered in the ~~client account~~ Client Account of that SwapClear Clearing Member.

~~(e)~~ (b) For purposes of ~~this Regulation 48~~ paragraph (a) above, two or more SwapClear Contracts may be deemed by the Clearing House to have "substantially the same Economic Terms"²² if they are based on the same underlying currencies and the Clearing House considers them, in its sole discretion, to have substantially the same fundamental economic attributes which influence the amount, value date and direction of all coupon cash flows. Two or more SwapClear Contracts that are compressed under the terms of this ~~Regulation 48~~ paragraph and paragraph (a) above shall be aggregated if the position of the SwapClear Clearing Member is in the same direction on each such SwapClear Contract (i.e., obligations to make payment aggregated and rights to receive payment aggregated), such that the SwapClear Contract that replaces the compressed SwapClear Contracts shall have a notional amount equal to the total notional amount of the compressed SwapClear Contracts. Two or more SwapClear Contracts that are compressed under the terms of this ~~Regulation 48~~ paragraph and paragraph (a) above shall be netted if the position of the SwapClear Clearing Member is in the opposite direction on two or more of each such SwapClear Contracts (i.e., obligations to make payment netted against rights to receive payment), such that the SwapClear Contract (if any) that replaces the compressed SwapClear Contracts shall have a notional amount equal to the net notional amount of the compressed SwapClear Contracts and **provided that** in the event that the net notional amount is equal to zero such compression shall result in no replacement SwapClear Contracts. The Clearing House shall determine (in its sole discretion) whether SwapClear Contracts that are the subject of a request for compression from the SwapClear Clearing Member may be compressed and, if such SwapClear Contracts are compressed, the Clearing House shall determine the resulting notional amount of the SwapClear Contract(s) (if any) that replaces the compressed SwapClear Contracts, and such determination shall be binding on the SwapClear Clearing

Member, absent manifest error. It is a condition for compression of SwapClear Contracts that the amount of Collateral that the Clearing House requires in respect of the original SwapClear Contracts is equal to that which is required by the Clearing House in respect of the replacement SwapClear Contract(s).

[RESERVED]

~~Multilateral Compression~~

~~(a)~~(c) ~~The~~In addition, the Clearing House may, from time to time in its absolute discretion, make available in accordance with this ~~Regulation 48B~~,Regulation 56, Multilateral Compression on the basis of a Multilateral Compression Cycle which is either:

(i) an ACSP Compression Cycle, available to SwapClear Clearing Members; or

(ii) a Member Compression Cycle, where so requested by two or more SwapClear Clearing Members and agreed to by the Clearing House.

~~(b)~~(d) In participating in any Multilateral Compression Cycle, a SwapClear Clearing Member:

(i) must be party to relevant Compression Documentation with the Clearing House and/or any nominated ACSP at such time as is contemplated in the Compression Documentation and from such time up to and including the Compression Time for that Multilateral Compression Cycle and at all relevant times must be accepted by the Clearing House and/or any nominated ACSP as an entity eligible to participate in such Multilateral Compression Cycle;

(ii) in relation to an ACSP Compression Cycle, shall nominate those SwapClear Contracts which it wishes to make available for Multilateral Compression in accordance with the relevant Compression Documentation;

(iii) in relation to a Member Compression Cycle, shall together with the other requesting SwapClear Clearing Member(s) provide to the Clearing House details of the proposed Terminating SwapClear Contracts and Post-Multilateral Compression Contracts (in such form as the Clearing House may require from time to time) which shall, subject to the Clearing House's confirmation, constitute the Compression Proposal;

(iv) warrants and represents to the Clearing House that the terms of its participation in the proposed Multilateral Compression Cycle are in compliance with all applicable laws and regulation; and

(v) agrees and acknowledges that the Multilateral Compression Cycle will operate, and Multilateral Compression shall take place, in accordance with this ~~Regulation 48B~~,Regulation 56, the relevant Compression Proposal as accepted by such SwapClear Clearing Member, relevant Compression Documentation and such other processes and procedures as may be notified by the Clearing House from time to time.

~~(e)~~(e) Where the Clearing House intends to run an ACSP Compression Cycle, it shall nominate an ACSP to facilitate that ACSP Compression Cycle and produce the Compression Proposal. Such ACSP shall notify SwapClear Clearing Members meeting the criteria at ~~(b)~~(i)~~(d)~~(i) above of the timing and procedure for such ACSP Compression Cycle and invite such SwapClear Clearing Members to confirm their interest. The Compression Documentation for such Multilateral Compression Cycle shall include any documentation relevant to that ACSP. Additional information on the administrative procedures for any Multilateral Compression Cycle may be included in the Compression Documentation or other

procedures published by the Clearing House or a nominated ACSP from time to time or in connection with a particular Multilateral Compression Cycle.

~~(d)~~(f) In any Multilateral Compression Cycle, Multilateral Compression shall only take place in accordance with the terms of a Compression Proposal which has been established and accepted by all participating SwapClear Clearing Members in accordance with this ~~Regulation 48B~~Regulation 56. Notwithstanding the other provisions of this ~~Regulation 48B~~Regulation 56, the Clearing House shall determine (in its sole discretion) whether SwapClear Contracts proposed for inclusion in a Compression Proposal may be so included.

~~(e)~~(g) A Compression Proposal shall:

(i) in relation to an ACSP Compression Cycle, be generated by the nominated ACSP in accordance with the relevant Compression Documentation and details submitted to the ACSP by participating SwapClear Clearing Members, and be communicated by the ACSP to each participating SwapClear Clearing Member in the manner contemplated in the relevant Compression Documentation for acceptance;

(ii) in relation to a Member Compression Cycle, be constituted by the details submitted to the Clearing House by the requesting SwapClear Clearing Members (subject to the Clearing House's determination that such proposed details are eligible for Multilateral Compression), and shall form the basis for the subsequent acceptance by each requesting SwapClear Clearing Member; and

(iii) in all cases include only those SwapClear Contracts that are eligible for Multilateral Compression in the relevant Multilateral Compression Cycle and that are registered in a SwapClear Clearing Member's Proprietary Account.

~~(f)~~(h) Where it wishes to participate in a Multilateral Compression Cycle, each participating SwapClear Clearing Member shall confirm its acceptance of a Compression Proposal in the manner and by the time specified by the Clearing House or otherwise contemplated in the relevant Compression Documentation. In relation to an ACSP Compression Cycle, each participating SwapClear Clearing Member agrees and acknowledges that the ACSP's confirmation to the Clearing House that such SwapClear Clearing Member has confirmed its acceptance of the Compression Proposal to the ACSP shall constitute a binding acceptance by such SwapClear Clearing Member to the Clearing House for the purposes of this ~~Regulation 48B~~Regulation 56. Upon a SwapClear Clearing Member's acceptance of a Compression Proposal in accordance with this paragraph, such SwapClear Clearing Member shall be irrevocably bound to the terms of that Compression Proposal and the Multilateral Compression contemplated thereunder.

~~(g)~~(i) The Clearing House may require margin, subsequent to a SwapClear Clearing Member's acceptance of a Compression Proposal but prior to the Compression Time, in connection with the Multilateral Compression Cycle and the SwapClear Clearing Member's positions thereunder.

~~(h)~~(j) Each SwapClear Clearing Member that confirms its acceptance of a Compression Proposal in accordance with relevant Compression Documentation agrees and acknowledges for the benefit of the Clearing House that, by its acceptance, such SwapClear Clearing Member:

(i) shall be bound by and act in accordance with the terms of this ~~Regulation 48B~~, Regulation 56, the Compression Documentation and any notifications made by the Clearing House or any nominated ACSP pursuant thereto;

(ii) shall meet any margin calls from the Clearing House made prior to the Compression Time in connection with the Multilateral Compression Cycle. Any such margin will be called in accordance with the Procedures; and
