### LCH SA: Digitalisation on Settlement Performance: **RepoView** *Bringing you visibility and control*

16<sup>th</sup> December 2021

Dear RepoClear SA Members,

2021 has been a challenging year from a settlement performance perspective, as your partner, LCH SA is pleased to announce the upcoming launch of a new premium web-based integrated solution called **RepoView**.

RepoView brings together all settlement capabilities in real time and in one place. This new digital experience aims at improving settlement performance whilst bringing you tailored data & analytics.

RepoView has been designed to offer you the **right visibility** and **control** required to optimise your settlement deliveries and reduce direct and/or indirect related cost.

CSDR, expected next February, would also contribute to higher cost scrutiny and can be tempered by bringing digitalisation into operational workflows for better scalability and efficiency gains.

Built from our **Open Access approach**, RepoView offers centralised data across all RepoClear markets, from the full range of Trading Venues to the diverse set of ICSDs and CSDs connected to the service. The Open access nature of **RepoView brings you a 360-degree tower of control** to leverage on.

As you know and as flagged by ICMA, some of the settlement underperformance comes from **static data and reconciliation** issues, especially in the Eurozone with its complexity and cross-border challenges. We believe RepoView is a solution to many of those concerns.

RepoView\* will be released as from **early next year** for which further communications will be shared with you regarding detailed capabilities and implementation.

LCH continues to invest and partner with its members to offer a best in class experience when it comes to optimisation but also support the regulatory developments on the market. We will carry on with this, working with you to build evolutive new digital capabilities for the future.

If you have any questions in the meantime, please contact your dedicated RM:  
[repocleargroupsales@lch.com](mailto:repocleargroupsales@lch.com)

Kind regards,  
RepoClear SA
