Connectivity and clearing gateways

These technical solutions allow access to Cash, Listed Derivatives (incl. Commodities) and CDS markets.

LCH SA bills connectivity and clearing gateways fees monthly (collected on the 10th open business day of the following month); invoicing rules are described in the Access Agreement.

Connectivity

LCH SA brings to its Members a connectivity solution offering performance, security and resiliency. LCH SA Members clearing connectivity solution is provided by London Stock Exchange (LSEG), allowing users to access both LCH SA and LCH Ltd clearing services. They can be ordered through any of the CCPs.

The connectivity solution named CMC (Customer Managed Connectivity) is based on secure IP network between several points of access (“CMC City Pops”) and LCH Data Centres.

Members shall connect to these CMC City Pops using a dedicated connection called “Last Mile” that needs to be ordered from an ACP (Accredited Connectivity Partners).

Last mile connection through the ACP is responsibility of the Member therefore not included in the LCH SA Technical Fees.

The LCH SA costs, for the CMC connection, hereafter apply:

Tier	Bandwidth						
	2Mbps		One-off cost	4Mbps	6Mbps	8Mbps	10Mbps
Description	One-off cost	Monthly cost		Monthly cost			
Platinum: Four circuits from dual carriers to two member locations	€ 2,625.00	€ 1,900.50	€ 5,565.00	€ 2,535.75	€ 2,640.75	€ 2,745.75	€ 3,060.75
Gold: Three circuits, two circuits to the members primary location via two carriers and a single connection to another site	€ 2,299.50	€ 1,821.75	€ 4,872.00	€ 2,425.50	€ 2,478.00	€ 2,609.25	€ 2,887.50
Silver: Two circuits, dual carriers to one member location, or over split member sites	€1,181.25	€ 950.25	€ 2,940.00	€ 1,270.50	€ 1,323.00	€ 1,375.50	€ 1,533.00
Bronze: Single circuit, Single location (for sole test purpose)	€ 593.25	€ 871.50	€ 1,249.50	€ 1,160.25	€ 1,212.75	€ 1,239.00	€ 1,359.75

Please note that:

- Unless otherwise specified, all costs indicated in the table above apply to sites located in Europe (exceptions may apply); for connections to any other location, costs can be provided on demand;
- The 4Mbps connection is a minimum prerequisite bandwidth to access both LCH SA and Ltd Clearing services;
- The Platinum, Gold, Silver tiers can be used for both production and test purposes;
- The Bronze tier is for Users (Clearing members and Authorised Third Party Providers (i.e. ISVs)) who require dedicated access for sole testing purpose.
- These costs apply to set up and run new connectivity to LCH services on existing CMC connection. Changes on existing configurations (move, upgrade or downgrade of bandwidth, change of tier...) or for non connected site will be subject to specific quotations upon request to Account Managers.

Clearing Gateway (LCAP)

A LCAP is a clearing gateway allowing Users to receive files and real time messages for Cash, Derivatives or CDS markets. It is installed in LCH SA premises.

Tier	One-off cost	Monthly cost
Production	€ 500	€ 400
Test (EUA)	€ 500	€ 400

Please note that "Production" tier also relates to all back-up LCAP used for production access if any.

SFTP Implementation

The SFTP implementation cost will vary between weekdays and weekends, as indicated in the table below. This will be a one-off fee, with no additional running fees charged. All other connectivity costs will remain unchanged.

For more details, please refer to the SFTP Implementation bulletin sent to members on May 2019
