AtomX Lot 2: Portfolio Sample for Testing

Dear Clearing Members,

In order to simplify as much as possible the AtomX lot 2 tests for our members, LCH SA is pleased to provide Clearing Members with a set of trades to be processed and allow checking Information Systems behavior.

The proposed set of trades is a combination of COB and Flex contracts; it aims at ensuring members readiness. Members are strongly invited to use this portfolio for testing purpose, either by entering trades themselves or by asking LCH SA to liaise with Euronext for the trades to be recorded on their behalf.

Please keep the dedicated Delivery and Account management teams updated of your progress and liaise with them for testing support.

Best regards,

Delphine Feyrit | Head of Listed Derivatives LCH SA
