RISK NOTICE 2016-079

12th October 2016

NOTICE OF CHANGE IN MARGIN PARAMETERS

RepoClear SA has revised the margin parameters applied to transactions on Debt Securities executed on Trading and Matching Platforms. In summary:

- The margin on the following debt securities issued by the Italian government has been increased: 0.25-30 years, BTPi and CCT
- The margin on the following debt securities issued by the French government has been increased: 30-50 years
- Offset parameters have been updated

These changes shall come into effect from the close of business on **13th October 2016** and will be reflected in the margin calls on **14th October 2016**.

The margins in this Notice supersede margins in any previous ones, [click here for previous Notices](#)
